a. con le deliberazioni n. 452/2022, n. 130/2024 la Regione Campania ha istituito, specificandone i criteri, il parco progetti regionale di edilizia scolastica, denominato "Scuola Viva in cantiere", con l'obiettivo strategico di consentire, attraverso le diverse fonti di finanziamento disponibili – regionali, nazionali e comunitarie – una programmazione integrata, unitaria e complementare di settore;
b. Deliberazione di Giunta Regionale n° 148 del 23/04/2026, si è provveduto all'assestamento e alla razionalizzazione della programmazione degli interventi di Edilizia Scolastica a valere sul PR FESR Campania 21/27 di competenza dell'Ufficio Speciale Opere Pubbliche e Interventi Strategici;
c. tale assestamento tiene anche conto dei risultati delle attività di monitoraggio relativo allo stato di attuazione degli 81 interventi finanziati con i fondi FESR 21/27, nonché gli esiti delle 5 sessioni di aggiornamento degli elenchi delle proposte finanziabili e delle proposte ammissibili del Programma Scuola Viva in Cantiere;
d. in base a tali risultati si è constatata la necessità di procedere al rinnovamento del Parco Progetti istituito con la DGR n° 452/2022, al fine di un complessivo miglioramento della performance generale dello strumento attraverso l'introduzione di priorità e criteri di individuazione degli interventi da finanziare in grado di assicurare una più completa ed efficace azione di adeguamento del patrimonio scolastico regionale ed una piena coerenza e versatilità rispetto a tutte le fonti di finanziamento nazionali, regionali, nazionali e comunitarie;

Rilevato che

a. allo scopo del rinnovamento del Parco Progetti istituito con la DGR n° 452/2022 la Giunta regionale con deliberazione n° 198/2026 ha provveduto ad approvare le nuove priorità e criteri che tra l'altro prevedono:
    - la possibilità di finanziare anche progetti di costruzioni di nuovi edifici scolastici, non necessariamente legati a problematiche di adeguamento sismico;
    - l'apertura a tutte le fonti di finanziamento (comunitarie, nazionali e regionali) per la realizzazione degli interventi di edilizia scolastica;
    - per ragioni di semplificazione amministrativa, quale esito dell'istruttoria tecnico amministrativa, il solo elenco delle proposte finanziabili, non anche quello delle proposte ammissibili;
    - la possibilità di destinare le economie rinvenienti dalla programmazione unitaria sia regionale che ministeriale per garantire il completamento dei lavori già iniziati e non completati per mancanza/carenza di finanziamento, attraverso la valutazione del rapporto tra il costo dell'intervento di completamento e il costo degli interventi già sostenuti;
    - demolizione e ricostruzione, laddove necessario, anche fuori sito;
    - interventi di ampliamento di edifici esistenti;
    - interventi di riqualificazione degli edifici esistenti
b. l'inserimento di un progetto in "Scuola Viva in cantiere" II fase non vincola la Regione al suo finanziamento;
c. le "Proposte Finanziabili" di Scuola Viva in cantiere II fase saranno finanziate in base alle risorse messe a disposizione della Giunta regionale con apposita deliberazione di Giunta regionale che ne individua la fonte di finanziamento e ne stabilisce le priorità rispetto alle graduatorie in coerenza con i criteri di riparto stabiliti con la DGR n° 198/2026;

d. le “Proposte Finanziabili” di Scuola Viva in cantiere II fase potranno inoltre contribuire all’accelerazione della spesa del PO FESR Campania 21/27 o di altra fonte di finanziamento, nell’ambito di apposite misure allo scopo adottate dalla Giunta regionale, per il perseguimento degli obiettivi previsti dai rispettivi programmi ed in base a specifici criteri di riparto all’uopo individuati;
e. risulta pertanto necessario procedere all’approvazione e pubblicazione del nuovo Avviso al fine di dare attuazione alle previsioni della DGR n.198/2026.

Ritenuto

a. di dover approvare, in coerenza con la DGR n. 198/2026, l’Avviso Pubblico e relativi allegati, costituente la sessione 2026 di Scuola Viva in cantiere II fase per la presentazione di istanze finalizzate alla candidatura di interventi da inserire nel parco progetti regionale con termine di presentazione delle istanze fissato alle ore **12:00 del 15.09.2026**, allegato al presente provvedimento per formarne parte integrante e sostanziale;
b. di dover considerare superati e non più efficaci, a far data dalla approvazione dell’elenco delle nuove “proposte finanziabili” di cui all’Avviso oggetto del presente provvedimento, tutti gli elenchi sia delle proposte “finanziabili” che delle proposte “ammissibili” relativi al programma Scuola Viva in Cantiere approvati ai sensi dell’Avviso di cui alla DGR 452/2022 e s.m.i.;
c. di dover approvare la procedura telematica implementata attraverso il servizio digitale denominato “Domande di finanziamento per Scuola viva in cantiere” II fase, disponibile sul Catalogo dei servizi digitali di Regione Campania al link diretto https://servizi-digitali.regione.campania.it/Svic
d. di dover stabilire che il periodo di apertura della procedura telematica è fissato dalle ore **12.00** del **15.07.2026** e fino alle ore **12.00** del **15.09.2026**;
e. di dover precisare che in relazione agli “Interventi indifferibili e urgenti”, scaturenti da eventi sismici, vulcanici e/o idrogeologici, successivi alla data di avvio di “Scuola Viva in cantiere” II Fase, che determinino l’inagibilità totale dell’edificio – gli enti proprietari possono sempre presentare apposita istanza motivata all’indirizzo interventi.strategici@pec.regione.campania.it, corredata dalla coerente documentazione di cui dall’art. 8, comma 2 dell’avviso allegato al presente provvedimento;

Visti gli atti richiamati in premessa;

DECRETA

Per tutto quanto espresso in narrativa che qui si intende integralmente riportato

1. di approvare, in coerenza con la DGR n. 198/2026, l’Avviso Pubblico e relativi allegati, costituente la sessione 2026 di Scuola Viva in cantiere II fase per la presentazione di istanze finalizzate alla candidatura di interventi da inserire nel parco progetti regionale con termine di presentazione delle istanze fissato alle ore **12:00 del 15.09.2026**, allegato al presente provvedimento per formarne parte integrante e sostanziale;
2. di considerare superati e non più efficaci, a far data dalla approvazione dell’elenco delle nuove “proposte finanziabili” di cui all’Avviso oggetto del presente provvedimento, tutti gli elenchi sia delle proposte “finanziabili” che delle proposte “ammissibili” relativi al programma Scuola Viva in Cantiere approvati ai sensi dell’Avviso di cui alla DGR 452/2022 e s.m.i.;

3. di approvare la procedura telematica implementata attraverso il servizio digitale denominato “Domande di finanziamento per Scuola viva in cantiere” II fase, disponibile sul Catalogo dei servizi digitali di Regione Campania al link diretto https://servizi-digitali.regione.campania.it/Svic
4. di stabilire che il periodo di apertura della procedura telematica è fissato dalle ore **12.00** del **15.07.2026** e fino alle ore **12.00** del **15.09.2026**;
5. di precisare che in relazione agli “Interventi indifferibili e urgenti”, scaturenti da eventi sismici, vulcanici e/o idrogeologici, successivi alla data di avvio di “Scuola Viva in cantiere” II Fase, che determinino l’inagibilità totale dell’edificio – gli enti proprietari possono sempre presentare apposita istanza motivata all’indirizzo interventi.strategici@pec.regione.campania.it, corredata dalla coerente documentazione di cui dall’art. 8, comma 2 dell’avviso allegato al presente provvedimento;
6. di inviare il presente atto, per quanto di competenza, al Gabinetto del Presidente, all’Assessore alla Scuola, alla Segreteria di Giunta, a Casa di Vetro e all’Ufficio competente per la pubblicazione sul BURC.

AVVISO PUBBLICO

per la formazione del parco progetti regionale di edilizia scolastica denominato

"Scuola Viva in cantiere"

II FASE

Deliberazione di Giunta Regionale n. 198/2026

Sessione 2026

ART.1 – FINALITÀ E AMBITO DI APPLICAZIONE

1. "Scuola Viva in cantiere" rappresenta uno strumento agile per la programmazione di settore dell'edilizia scolastica, da utilizzarsi per il finanziamento di interventi a valere sulle risorse della programmazione unitaria regionale di fonte regionale/nazionale/comunitaria e, previa autorizzazione del Ministero/i competente, per l'utilizzo delle risorse provenienti dal Governo.

L'obiettivo principale di "Scuola Viva in cantiere" è la messa a norma degli edifici scolastici esistenti sul territorio regionale, prioritariamente mediante l'attuazione di interventi integrati riguardanti le componenti edilizie, strutturali ed impiantistiche, finalizzati all'incremento della performance degli edifici e all'ottenimento della loro agibilità con conseguente:

- mitigazione dei rischi connessi all'uso;
- riduzione dei consumi e di emissione di CO2.

Il programma è stato avviato nel 2022 con la Delibera della Giunta Regionale nr. 452 del 01/09/2022. A tutt'oggi, con le risorse del PR FESR 2021/2027 programmate con la D.G.R. 101/2024, la D.G.R. 60/2025 e la D.G.R. 667/2025 risultano finanziati nr. 81 interventi, ora in fase di realizzazione.

In base al monitoraggio dello stato di attuazione degli 81 interventi finanziati, nonché agli esiti delle 5 sessioni di aggiornamento degli elenchi delle proposte finanziabili e delle proposte ammissibili, si è constatata la necessità di procedere all'aggiornamento del programma, al fine di garantirne da un lato l'accelerazione della spesa delle risorse comunitarie utilizzate e dall'altro il miglioramento complessivo della sua performance generale attraverso l'introduzione di priorità e criteri di individuazione degli interventi da finanziare in grado di assicurare una più ampia azione di adeguamento del patrimonio scolastico regionale.

2. L'Avviso è redatto nel rispetto dei criteri stabiliti con la deliberazione della Giunta regionale *n. 198/2026 con cui è stato dato corso alla II Fase del programma "Scuola Viva in Cantiere".*

3. Della II Fase del programma il presente Avviso costituisce la Sessione 2026 per la presentazione di istanze finalizzate alla candidatura di proposte progettuali relative ad edifici pubblici, censiti nell'Anagrafe Regionale dell'Edilizia Scolastica (ARES) destinati a scuole dell'infanzia, poli per l'infanzia, scuole primarie, scuole secondarie di I grado, istituti comprensivi, scuole secondarie di II grado.

4. Ulteriori sessioni di aggiornamento saranno pubblicate negli anni a venire;

5. Si precisa che in considerazione della variazione dei criteri valutativi, **tutti gli elenchi** sia delle proposte **"finanziabili"** che delle proposte **"ammissibili"** di Scuola Viva in Cantiere, attualmente vigenti, **sono superati e non saranno più vigenti** con decorrenza dalla data di approvazione della nuova graduatoria. **Gli Enti già presenti negli elenchi e nelle graduatorie istruite ai sensi dei**

precedenti criteri sono pertanto invitati a riproporre la propria candidatura alla luce dei nuovi criteri di valutazione, apportando ai progetti le eventuali modifiche ritenute necessarie.

ART.2 – DOTAZIONE FINANZIARIA DELL'AVVISO

1. Il presente Avviso è rivolto a tutte le fonti di finanziamento regionali, nazionali e comunitarie che si renderanno disponibili per la programmazione integrata e unitaria degli interventi di edilizia scolastica.
2. La ripartizione delle risorse che si renderanno disponibili avverrà secondo gli indirizzi stabiliti con la deliberazione *n. 198/2026* attraverso due macro-graduatorie (distinte per scuole, poli dell'infanzia, palestre e mense), in base ai seguenti parametri:
    - **a)** la percentuale pari al 75% in favore dei Comuni (di seguito "**quota Comuni**") e la percentuale pari al 25% in favore della Città metropolitana di Napoli e delle Amministrazioni provinciali (di seguito "**quota Provincia**");
    - **b)** per ogni annualità di programmazione, il 25% della "**quota Comuni**" è riservata in via prioritaria agli interventi in graduatoria dei comuni capoluoghi di Provincia ed è suddivisa in maniera proporzionale alla popolazione scolastica del relativo territorio provinciale ed individuabili in base al rapporto quota finanziamento disponibile/costo intervento; eventuali economie derivanti da questa prima ripartizione potranno essere utilizzati, laddove sufficienti, per la copertura finanziaria di almeno un intervento per capoluogo di Provincia e dando priorità al predetto maggior rapporto *(quota finanziamento disponibile/costo intervento)*;
    - **c)** per ogni annualità di programmazione, la restante quota del 75% della "**quota Comuni**" unitamente alle eventuali economie di cui al punto precedente, è attribuita secondo l'ordine di graduatoria, con la limitazione di un solo progetto per i Comuni con popolazione fino a 50.000 abitanti e al massimo di due per quelli con più di 50.000; tale limitazione non riguarda i comuni capoluoghi di Provincia;

ART. 3 – SOGGETTI PROPONENTI

1. Possono partecipare alla presente selezione pubblica Comuni, Amministrazioni provinciali e Città Metropolitana di Napoli, proprietari di edifici pubblici adibiti a scuole, secondo quanto previsto dalla legge n. 23/1996.
2. Gli Enti locali che abbiano la competenza secondo quanto previsto dalla legge n. 23/1996, su edifici pubblici ad uso scolastico ma che non risultino proprietari, devono corredare la candidatura con la dichiarazione di assenso ad eseguire l'intervento dell'Ente proprietario.

ART.4 – CRITERI DI CANDIDABILITA' DEGLI INTERVENTI

1. Ai fini del presente Avviso si fa riferimento alle definizioni di edificio scolastico e di area scolastica riportate nel manuale dell'Anagrafe Regionale dell'Edilizia Scolastica (ARES) 2.0, versione del marzo 2021.
2. Il Soggetto proponente può presentare più candidature, ognuna delle quali, fatta eccezione per la fattispecie di intervento di accorpamento indicata in avanti, è riferita ad **un solo** edificio scolastico pubblico, censito con autonomo codice in ARES 2.0 e destinato a scuole dell'infanzia, poli per l'infanzia (zero-sei anni), scuole primarie, scuole secondarie di I grado, istituti comprensivi, scuole secondarie di II grado, mense, palestre.

   L'ammissibilità delle candidature ai fini dell'inserimento in "Scuola Viva in cantiere" II fase, avviene sulla scorta di:

   - scheda progetto (DIP e DOCFAP approvati), oppure uno dei livelli di progettazione (PFTE, PE) di cui al D. Lgs n. 36/2023 debitamente approvato, completo di tutti gli elaborati di cui all'allegato I.7 del D. Lgs. 36/2023 e pienamente rispondente all'attuale normativa in materia di appalti pubblici, che includa anche i contenuti di cui all'Allegato 2 del presente avviso;
   - costo dell'intervento desunto con l'utilizzo del prezzario regionale dei lavori pubblici vigente;
   - conformità urbanistica dell'intervento, nei termini di cui al presente avviso;
   - conformità al Decreto Ministeriale 18 dicembre 1975;
   - disponibilità dell'area nel caso di progetto per nuova costruzione e/o per delocalizzazione.

La candidatura ha ad oggetto una proposta progettuale che preveda:

a) Riqualificazione dell'edificio scolastico esistente mediante:

1. adeguamento sismico, efficientamento energetico e altri interventi di cui al successivo punto 3;
2. efficientamento energetico e altri interventi di cui al successivo punto 3 *(soltanto qualora l'edificio oggetto di intervento non necessiti di interventi di adeguamento sismico);*
3. altri interventi: adeguamento antincendio, messa a norma degli impianti tecnologici, eliminazione delle barriere architettoniche motorie e sensoriali, interventi di rimozione degli elementi in amianto e qualunque altro intervento necessario per la messa a norma e per l'agibilità dell'edificio scolastico *(soltanto qualora l'edificio oggetto di intervento non necessiti di interventi di adeguamento sismico);*

fonte: http://burc.regione.campania.it

b) Demolizione e ricostruzione:

1. in sito*;*
2. fuori sito*;*

c) Nuova costruzione;

d) Ampliamento (anche in sopraelevazione) di edifici scolastici, palestre e mense;

e) Accorpamento di più edifici (che non siano palestra o mensa, ma soltanto scuole), ognuno censito con proprio codice ARES, mediante la loro demolizione e/o dismissione e conseguente costruzione di un nuovo unico edificio, laddove necessario, anche fuori sito, oppure conseguente intervento di ampliamento e/o sopraelevazione e/o riqualificazione di uno degli edifici interessati dall'accorpamento stesso; si precisa che ai sensi del successivo art. 10 sarà attribuito il punteggio in base alla tipologia di intervento ricadente nelle precedenti lett. ***a) b) c) d);***

f) Intervento parziale (di riqualificazione o di demolizione e ricostruzione) che riguarda solo una parte dell'edificio scolastico, costituente corpo d'opera utilizzabile e fruibile in modo indipendente dalla rimanente parte dell'edificio; si precisa che ai sensi del successivo art. 10 sarà attribuito il punteggio in base alla tipologia di intervento ricadente nelle precedenti lett. ***a) b) c) d).***

3. L'edificio oggetto di riqualificazione di cui alla lettera ***a)*** del comma 2 precedente, a prescindere dalla specificità dell'intervento candidato, nello stato *post operam* deve garantire tutte le seguenti prestazioni:

- ✓ grado di adeguatezza a carichi verticali pari al 100% secondo NTC vigenti;
- ✓ grado di adeguatezza alle azioni sismiche non minore dell'80% e comunque pari a quello previsto dalle NTC vigenti per la specificità dell'intervento, a meno di situazioni relative a beni culturali per i quali la prestazione sismica è da garantire nel rispetto delle stesse NTC;
- ✓ classe energetica minima D, e comunque almeno la prestazione energetica minima richiesta dalle norme vigenti per il tipo di intervento candidato;
- ✓ conformità di tutti gli impianti tecnologici e di servizio alla regola dell'arte;
- ✓ conformità dell'attività scolastica alle norme di sicurezza antincendio;
- ✓ assenza di barriere architettoniche per disabilità motorie, uditive e visive.

Relativamente all'intervento di demolizione e ricostruzione fuori sito di cui alla lettera b) del comma 2 precedente, si precisa che è consentita la dismissione in luogo della demolizione dell'edificio esistente. Per i medesimi interventi nel caso di ricostruzione fuori sito bisognerà già essere in possesso della nuova area.

fonte: http://burc.regione.campania.it

Relativamente all'intervento di ampliamento, anche in sopraelevazione, di cui alla lettera ***d)*** del comma 2 precedente, si precisa che, fermi tutti gli obblighi di legge scaturenti dalla specifica fattispecie di intervento proposto, la parte esistente di edificio non oggetto di intervento, in ogni caso, deve garantire almeno le stesse prestazioni richieste per l'intervento di riqualificazione come suelencate.

Relativamente all'intervento parziale di cui alla lettera ***f)*** del comma 2 precedente, si precisa che esso è consentito a condizione che: ***(i)*** si disponga della valutazione della sicurezza dell'intero edificio, ***(ii)*** l'Ente dimostri, con dettagliata relazione da inserire al punto 5 della scheda tecnica di progetto che è estremamente complesso e gravoso l'intervento integrale riguardante l'intero edificio, ***(iii)*** la parte di edificio oggetto di intervento parziale dovrà presentare nello stato *post operam* le stesse prestazioni richieste dal presente Avviso per la analoga tipologia di intervento integrale.

Relativamente alle palestre si precisa che:

- per gli interventi di demolizione e ricostruzione e per quelli di nuova costruzione, deve essere garantita: *(i)* la classe d'uso strutturale IV secondo le NTC vigenti, *(ii)* la connessione diretta e protetta della stessa palestra con l'edificio scolastico esistente;
- il termine palestra deve essere interpretato quale "palestra scolastica", riconducibile alle fattispecie definite, per tipologia e dimensioni, dal DM 18 dicembre 1975.

Si precisa che l'intervento relativo ad un edificio scolastico esistente, con opportuna motivazione, può prevedere quale utenza di progetto anche parte dell'utenza di un altro edificio (non oggetto di candidatura), nella misura massima del 20% del totale degli alunni che ospita; in tal caso, la dichiarazione del Dirigente scolastico di cui all'art. 8, comma 2, lett. h) del presente Avviso, deve includere anche l'indicazione dell'utenza totale dell'edificio non candidato. Alternativamente, se l'utenza che si intende trasferire dall'edificio non candidato supera l'indicata percentuale del 20% è necessario includere lo stesso edificio tra quelli interessati dall'intervento.

4. Il soggetto proponente, in via eccezionale per la presente sessione, potrà inoltre presentare interventi inizialmente finanziati con il PNRR/PNC, per i quali sia stato approvato il PE ed espletata la gara per l'affidamento dei lavori e per il cui proseguimento il quadro economico necessita di una nuova copertura finanziaria in conseguenza di un provvedimento formale di decadenza del finanziamento inziale per motivi legati al termine di ultimazione delle opere.
Per detti interventi i soggetti proponenti possono presentare la relativa candidatura nei termini e nel

fonte: http://burc.regione.campania.it

rispetto di tutte le condizioni previste nel presente avviso.

Per tali interventi oltre alla documentazione prevista dall'Avviso, il soggetto proponente dovrà corredare la domanda, a pena di esclusione, della seguente ulteriore documentazione:

a. provvedimento di decadenza totale/parziale del finanziamento;
b. relazione sullo stato della procedura e di spesa (a firma del RUP, del Dirigente competente e del Legale Rappresentante) che dovrà dettagliare gli elementi salienti dell'intervento (con particolare riferimento alle procedure poste in atto relativamente ai servizi di ingegneria, ai pareri acquisiti, alla verifica della progettazione, alla validazione della progettazione, alle procedure poste in essere relativamente alla gara lavori, allo stato di avanzamento dei lavori, al costo sostenuto, al costo dei lavori residui, etc).

Le candidature saranno in ogni caso trattate al pari di tutte le altre, ma quelle inserite in graduatoria, potranno assumere carattere prioritario ai fini della programmazione, da parte della Giunta regionale, di misure di accelerazione della spesa del PO FESR 21/27 o di altre fonti finanziamento eventualmente in ritardo di spesa rispetto agli obiettivi dei rispettivi programmi.

5. Ulteriori cause di **esclusione** riguardano gli interventi:

a) relativi a edifici non censiti in ARES 2.0; per le nuove costruzioni il codice Ares può non essere indicato all'atto della candidatura;

b) relativi a più edifici, a cui corrispondono distinti codici ARES, fatta eccezione l'ipotesi di un intervento che prevede un accorpamento di più edifici scolastici;

c) relativi a edifici privi di valutazione della sicurezza redatta nel rispetto delle NTC 2008 o NTC 2018 e debitamente approvata dall'Ente, ad eccezione di: ***(i)*** edifici progettati in origine con le NTC 2008/2018, regolarmente collaudati e per i quali non ricorre nessuna delle situazioni previste dalle stesse NTC che rendono obbligatoria la valutazione della sicurezza; ***(ii)*** edifici assoggettati ad intervento di adeguamento sismico di cui alle NTC 2008/2018 regolarmente eseguito e collaudato e per i quali non ricorre nessuna delle situazioni previste dalle stesse NTC che rendono obbligatoria la valutazione della sicurezza;

d) relativi a edifici di non completa ed esclusiva proprietà pubblica;

e) che non consentono il raggiungimento dell'agibilità dell'edificio di cui all'art. 24 del DPR 380/2001, fatta eccezione per la fattispecie di intervento parziale di cui al comma 2 del presente articolo, per la quale la detta agibilità è richiesta relativamente al solo corpo d'opera oggetto di intervento;

fonte: http://burc.regione.campania.it

f) che comportano un costo dell'intervento desumibile da quadro economico maggiore della somma del finanziamento massimo concedibile e dell'eventuale cofinanziamento;

g) che non rispettano il principio di non arrecare un danno significativo agli obiettivi ambientali, ai sensi dell'art. 17 del regolamento (UE) 2020/852, cd. principio DNSH "*Do No Significant Harm*";

h) di demolizione e ricostruzione di edifici adibiti ad uso scolastico aventi più di settanta anni, non sottoposti a verifica di interesse culturale con esito negativo;

i) di demolizione e ricostruzione di edifici, o di singole unità strutturali, che presentino un indice di adeguatezza sismica uguale o maggiore del 60% (0,60), fatte salve situazioni particolari che rendono assolutamente non conveniente l'intervento di adeguamento da dimostrare con specifica relazione tecnica chiara ed esaustiva a firma del verificatore; nonché gli interventi che prevedono la dismissione di un edificio scolastico con adeguatezza sismica uguale o maggiore dell'80% (0,80);

j) relativi a edifici ubicati in zona a rischio idrogeologico molto elevato (R4) ed elevato (R3) diversi dalla sostituzione edilizia fuori sito, fatta eccezione dei casi in cui l'Ente, con delibera dell'organo politico, dia atto dell'impossibilità a delocalizzare; in tali casi sono consentiti gli interventi conformi alle norme tecniche di attuazione del piano di bacino vigente;

k) non conformi allo strumento urbanistico, ad eccezione dei casi in cui l'Ente abbia ritualmente provveduto almeno all'adozione della relativa variante, nelle forme della vigente legislazione, ovvero abbia almeno proceduto ad avviare con delibera di Giunta/Consiglio l'iter di adozione/approvazione della variante *(in quest'ultimo caso la candidatura sarà inserita in graduatoria, fermo restando i restanti requisiti, con riserva fino alla comunicazione dell'intervenuta adozione)*;

l) di cui all'art. 4, comma 2, lettere ***b), c), d), e)*** del presente Avviso, per i quali l'ampiezza dell'area disponibile risulti minore di quella prescritta dal DM 18 dicembre 1975, salvo quanto previsto dal punto 2.1.2 del medesimo decreto, eventualmente da attuare anche con specifica variante urbanistica *(in questo caso la candidatura sarà inserita in graduatoria, fermo restando i restanti requisiti, con riserva fino alla comunicazione dell'intervenuta adozione)*;

m) relativi a edifici ad uso promiscuo con un volume destinato ad attività diverse da quelle scolastiche maggiore del 25% del volume totale dell'edificio; nel caso di intervento di demolizione e ricostruzione o di nuova costruzione non è ammesso l'uso promiscuo;

n) che risultano già finanziati con fondi strutturali, nazionali e regionali, ossia in violazione del cd. divieto del "*doppio finanziamento*", ai sensi dell'art. 9 del regolamento (UE) 2021/241;

o) che si pongono in violazione del principio di stabilità delle operazioni di cui all'art. 65 del Reg. UE 2021/1060 del 24/06/2021 relativamente a precedenti finanziamenti riguardanti lo stesso edificio scolastico;

fonte: http://burc.regione.campania.it

p) per i quali non è indicato il codice ARES dell'edificio esistente, oppure per i quali in luogo del codice ARES è indicato il codice PES (Punto di erogazione del Servizio), o altro codice meccanografico;

q) non riconducibili a quelli di cui al comma 2 del presente articolo;

r) per i quali non è indicato il CUP oppure non inseriti nella programmazione triennale adottata o vigente.

ART. 5 – CAUSE DI ESCLUSIONE E DI NON FINANZIABILITA'

1. Sono escluse automaticamente le candidature per le quali ricorra anche una delle seguenti circostanze:

a) una fattispecie di cui all'art. 4, comma 5 del presente Avviso;

b) presentate con modalità difformi da quelle previste dall'art. 8 del presente Avviso;

c) presentate da Soggetti diversi da quelli di cui all'art. 3 del presente Avviso;

d) Non rispetto dei requisiti di ammissibilità di cui all'art. 4, comma 2, del presente Avviso;

e) Non rispetto di tutte le altre cause di esclusione previste dal presente Avviso.

ART. 6 – MASSIMALI DI COSTO

1. Il **finanziamento massimo concedibile** è calcolato moltiplicando la superficie convenzionale dell'edificio per il **costo unitario massimo** di cui alle successive lettere *a), b), c),* a cui sommare, nel caso di sostituzione edilizia in sito, il contributo per la demolizione, ottenuto moltiplicando il volume dell'edificio da demolire per il costo unitario di cui alla successiva lett. *d)*:

a) per scuole e poli dell'infanzia (zero-sei anni):

a1. adeguamento sismico, efficientamento energetico, altri interventi: **1.300 ÷ 1.700 €/mq**;

a2. efficientamento energetico, altri interventi: **600 ÷ 1.000 €/mq**;

a3. solo altri interventi: **300 ÷ 500 €/mq**;

a4. nuova costruzione, demolizione e ricostruzione, ampliamenti anche in sopraelevazione: **1.500 ÷ 2.400 €/mq;**

b) per palestre:

b1. interventi di riqualificazione: **500 ÷ 1.200 €/mq**;

b2. nuova costruzione, demolizione e ricostruzione: **1.500 ÷ 2.400 €/mq**

c) per mense:

c1. interventi di riqualificazione: **500 ÷ 1.200 €/mq**;

c2. nuova costruzione, demolizione e ricostruzione, ampliamenti: **1.500 ÷ 2.000 €/mq**

fonte: http://burc.regione.campania.it

d) per gli interventi che prevedono la sostituzione edilizia in sito: **50 €/mc** per demolizione dell'edificio esistente, il cui volume è calcolato con riferimento all'intera struttura portante, al lordo degli elementi verticali e al netto degli sbalzi, partendo dallo spiccato di fondazione fino all'estradosso dell'ultimo impalcato strutturale.

2. Per gli interventi da eseguirsi sulle isole, i suddetti costi unitari sono incrementati del 15%.
3. Ai fini del presente Avviso, la superficie convenzionale dell'edificio è ottenuta sommando:
   a) la superficie degli impalcati strutturali, misurata al lordo di eventuali aggetti, che delimitano (inferiormente) volumi destinati allo svolgimento di attività scolastiche;
   b) il 25% della superficie degli impalcati strutturali che delimitano (inferiormente) volumi non destinati ad attività scolastiche, che siano accessibili e con altezza interna non minore di 1,80m (ad. esempio garage, sottotetti, locali tecnici, cantine, vespai). Con riferimento agli impalcati che delimitano i sottotetti, le superfici delle falde sono misurate in proiezione orizzontale e con riferimento alla sola porzione di sottotetto con una altezza interna non minore di 1,80 m; la restante porzione di falda non concorre al computo della superficie convenzionale.
4. Per tutti gli interventi la superficie convenzionale deve risultare coerente con la superficie di dimensionamento, di cui all'art. 8, comma 2, lett. ***j)*** del presente Avviso, calcolata in funzione dell'utenza.
5. Nel caso in cui il costo totale dell'intervento desumibile dal quadro economico risulti maggiore del finanziamento massimo concedibile di cui al comma 1, l'Ente dovrà cofinanziare il maggior costo dell'intervento, anche mediante ricorso ad agevolazioni disponibili dal GSE. **In caso di cofinanziamento, la candidatura è corredata dall'atto deliberativo dell'Ente di impegno a cofinanziare** e, per le agevolazioni GSE, anche dalla ricevuta della richiesta di prenotazione dell'agevolazione stessa rilasciata dal portale del gestore;
6. Per le candidature con livello progettuale, la stima dei lavori deve essere ottenuta con computo metrico estimativo con utilizzo del prezzario regionale dei lavori pubblici anno 2026; **sarà ammissibile**, se esplicitamente giustificato nella scheda di progetto, un **costo unitario** minore del limite inferiore del range stabilito al comma 1 del presente articolo. Il costo unitario è calcolato come rapporto tra il costo totale dell'intervento e la superficie convenzionale; nel caso di sostituzione edilizia in sito il calcolo del costo unitario non deve tenere conto del costo di demolizione.
7. Per le candidature senza livello progettuale, la stima dei lavori deve essere ottenuta con la redazione del computo metrico estimativo di massima con utilizzo del prezzario regionale anno 2026; si precisa che il computo non può prevedere importi cd. "*a corpo*" che inglobano intere categorie di lavorazione, ma deve essere sviluppato per singole voci, ancorché con livello di massima; se necessario ed

opportunamente motivato, limitatamente a specifiche parti d'opera, è possibile procedere alla computazione parametrica utilizzando prezzi unitari allineati al prezzario vigente e desunti da fonti attendibili, da indicare e dettagliare al punto 11 della scheda tecnica di progetto. **Non sarà ammissibile** un costo unitario minore del limite inferiore del range stabilito al comma 1 del presente articolo. Il costo unitario è calcolato come indicato al comma precedente.

ART. 7 – SPESE AMMISSIBILI

1. Sono ammissibili le seguenti spese esposte nel quadro economico dell'intervento secondo il formato riportato al punto 8 della scheda progetto, per:

a) lavori;

b) spese generali, a cui concorrono le voci come indicate nel quadro economico, nel limite complessivo del 12% dell'importo dei lavori;

c) imprevisti nella misura minima del 5% dell'importo lavori;

d) iva ed altre voci di costo pertinenti come dal suindicato quadro economico.

2. Non sono ammissibili le seguenti spese per:

a) costi di esproprio o di acquisto dell'area di intervento;

b) forniture di arredi;

c) spese per traslochi, pulizie, trasferimenti, affitto di spazi ed edifici, noleggio e/o acquisto di strutture temporanee.

ART. 8 – TERMINI E MODALITÀ DI PRESENTAZIONE DELLA DOMANDA

1. Gli Enti locali interessati, fermo quanto previsto al comma 4, tramite il legale rappresentante o loro delegato, devono far pervenire la propria candidatura a partire **dalle ore 12.00 del 15.07.2026 e fino** alle ore **12.00 del 15.09.2026**, alla Giunta regionale della Campania – Ufficio Speciale Opere Pubbliche e Interventi Strategici (303.00.00) – Unità Operativa Semplice "Edilizia Scolastica" (303.00.01), esclusivamente *on line* utilizzando il servizio digitale dedicato denominato "**Domanda di finanziamento per Scuola Viva in cantiere II fase**", disponibile sul Catalogo dei servizi digitali di Regione Campania al link diretto: https://servizi-digitali.regione.campania.it/Svic, previa autenticazione attraverso SPID – Sistema Pubblico di Identità Digitale, CIE – Carta di identità elettronica o CNS – Carta Nazionale dei Servizi. Al di fuori del periodo temporale indicato il servizio non è accessibile e non è possibile presentare la domanda.

2. La candidatura è formalizzata, nell'ambito delle descritte modalità con l'espletamento, pena l'esclusione, delle seguenti attività:

a) compilazione telematica della domanda di finanziamento con l'inserimento dei dati obbligatori

fonte: http://burc.regione.campania.it

richiesti, contrassegnati dall'asterisco rosso. "*In caso di compilazione della domanda da parte di un delegato, è richiesto di allegare l'atto di delega firmato digitalmente dal legale rappresentante dell'ente*"; compilando la domanda saranno popolati tutti i campi indicati nella scheda tecnica di intervento; conclusa la compilazione, la domanda/scheda progetto dovrà essere scaricata, firmata digitalmente dal RUP e caricata, come allegato obbligatorio;

b) caricamento, come allegato obbligatorio, della **valutazione della sicurezza** dell'edificio esistente (fatta salva le eccezioni ***(i)*** e ***(ii)*** di cui all'art. 4, comma 5, lett. c)). Tale valutazione deve essere resa compilando il modello di cui all'allegato 1 denominato "Format valutazione della sicurezza" a firma del RUP. Si chiarisce che il "Format valutazione della sicurezza" parzialmente e/o erroneamente compilato ed ogni altro documento inviato, difforme dal citato "Format", saranno considerati non ricevibili ed equivalgono a mancata presentazione; nel caso delle eccezioni ***(i)*** e ***(ii)*** allegare al format il certificato di collaudo, con la precisazione che se dallo stesso certificato di collaudo non emerge con chiarezza il ricorrere delle menzionate eccezioni, occorre altresì allegare la documentazione regolarmente depositata ai fini della denuncia sismica, ritenuta dimostrativa del requisito (ad esempio, modello di denuncia e/o relazione di calcolo e/o la relazione a struttura ultimata);

Nel caso di intervento di demolizione e ricostruzione di edificio con grado di adeguatezza maggiore o uguale al 60% di cui all'art. 4, comma 5, lett. *i),* del presente Avviso, allegare la relazione tecnica con firma digitale del verificatore, dimostrativa della non convenienza ad adeguare;

c) caricamento, come allegati obbligatori, degli **elaborati grafici** dell'edificio nello stato di fatto, della planimetria generale dell'area di intervento su base aerofotogrammetrica e su base catastale, degli elaborati grafici dell'edificio nello stato di ipotesi progettuale, che consentano l'individuazione di massima **di tutte** le caratteristiche spaziali, tipologiche, funzionali e tecnologiche dell'intervento candidato, integrati da tabelle relative ai parametri significativi; gli elaborati grafici sono costituiti almeno dalle piante quotate di tutti i livelli, dalle sezioni quotate ritenute significative (minimo 2) e dai prospetti; nel caso di candidatura senza livello progettuale, è necessario inoltre allegare il computo metrico estimativo di massima di cui all'art. 6, comma 7, del presente Avviso; gli elaborati sono firmati digitalmente dal RUP nel caso di candidatura senza livello progettuale, oppure dal progettista nel caso di candidatura con livello progettuale;

d) caricamento, come allegato obbligatorio, del **certificato di destinazione urbanistica** dell'area di sedime dell'edificio oggetto di intervento, con dettagliata e rigorosa indicazione della situazione vincolistica dell'area di intervento e dell'edificio, firmato digitalmente dal dirigente competente

fonte: http://burc.regione.campania.it

dell'Ente, nonché della dichiarazione a firma digitale del RUP di conformità urbanistica/edilizia dell'intervento;

e) caricamento del **titolo di disponibilità** dell'area nel caso di nuova costruzione e/o delocalizzazione;

f) (*nel caso di candidatura con livello progettuale*), caricamento, come allegato obbligatorio, dell'**atto di approvazione del progetto** candidato, con allegati: *(i)* atti di assenso comunque denominati acquisiti, *(ii)* dichiarazione del RUP di non necessità di ulteriori atti di assenso, *(iii)* rapporto conclusivo della verifica; *(iv)* atto di validazione se necessario. **Si chiarisce, pena l'inammissibilità, che l'atto di approvazione dell'intervento deve includere l'elenco degli elaborati costituenti il livello progettuale candidato;**

g) caricamento, come allegato obbligatorio, della **dichiarazione del RUP** attestante l'inserimento dell'intervento candidato nella **programmazione triennale** dei lavori pubblici vigente o adottata, con l'indicazione degli estremi del relativo atto deliberativo dell'organo competente;

h) caricamento, come allegato obbligatorio, della **dichiarazione firmata digitalmente dal Dirigente scolastico** che riporti:

- l'indicazione, per ciascun livello di istruzione interessato dall'intervento, del numero di sezioni, di classi, di alunni, di personale docente e non docente; l'utenza così dettagliata sarà riferita all'anno scolastico in corso alla data di pubblicazione del presente Avviso e ai precedenti due anni scolastici;
- indicazione dei PES allocati nell'edificio scolastico oggetto dell'intervento di cui occorre riportare il relativo codice ARES;
- **nel caso di trasferimento parziale** dell'utenza di un edificio scolastico non candidato, come indicato all'art. 4, comma 3, ultimo periodo del presente Avviso, allegare la dichiarazione del relativo Dirigente scolastico circa il livello di istruzione interessato, l'utenza totale allocata nell'edificio, la quota parte che si intende trasferire, ed il codice ARES dell'edificio stesso;
- nel **caso di nuova costruzione**, indicazione anche della provenienza della popolazione scolastica (es.: accorpamento di più plessi, eliminazione doppi turni, sovradimensionamento popolazione scolastica, etc.);

Si precisa che in caso di **interferenza della popolazione scolastica con l'esecuzione dei lavori**, il Dirigente scolastico dovrà sottoscrivere in segno di accettazione la **soluzione dell'interferenza** individuata dal RUP (spostamento della popolazione presso altro edificio, contemporaneità delle lavorazioni con le attività scolastiche, etc.) di cui alla successiva lett. *r)*; si precisa che la mancata presentazione di detta dichiarazione non è causa di esclusione ma non consente l'attribuzione del

punteggio di cui alla lett. *k)* dell'art. 10;

i) caricamento, come allegato obbligatorio, della **relazione di calcolo del finanziamento** massimo concedibile, firmata digitalmente dal RUP, corredata dai disegni schematici dimostrativi del calcolo della superficie convenzionale dell'edificio in progetto (piante quotate dei vari impalcati, con evidenza grafica e distinta analitica delle superfici e delle destinazioni considerate); nel caso di sostituzione edilizia in sito, la relazione è corredata anche da disegni schematici dimostrativi del volume dell'edificio da demolire (piante quotate di ogni piano e sezioni verticali significative, con evidenza dello spiccato di fondazione);

j) caricamento, come allegato obbligatorio, della relazione, anche per interventi su edifici esistenti, di **dimensionamento dell'edificio rispetto agli standard di superficie previsti dal DM 18/12/1975** per i livelli di istruzione allocati e per il numero di alunni di progetto, scelto in coerenza con l'utenza dichiarata dal Dirigente scolastico, firmata digitalmente dal RUP; si chiarisce che la verifica dei richiamati standard di superficie deve essere eseguita con l'utilizzo delle tabelle 5 e seguenti del DM 18/12/1975 e pertanto non possono essere utilizzate le tabelle 3 dello stesso decreto, utili solo ai fini di programmazione; nel caso di interventi di cui alle lettere ***b), c), d)***, ***e)*** dell'art. 4, comma 2, del presente Avviso, la relazione di dimensionamento deve dare conto anche del rispetto del DM 18/12/1975 circa l'area di intervento, la superficie coperta ed i parcheggi; nel caso di asilo nido facenti parte di poli dell'infanzia la relazione è redatta nel rispetto della L.R. n. 48/1974 e del "*Catalogo dei servizi di cui al regolamento di esecuzione della legge regionale 23.10. 2007, n. 11*" approvato con la DGR n. 107/2014;

k) caricamento, come allegato obbligatorio, dell'**attestazione di prestazione energetica** dell'edificio esistente, firmata digitalmente dal tecnico redattore;

l) (*eventuale*) caricamento, come allegato, dell'**atto deliberativo dell'Ente con impegno a cofinanziare**, corredato, nel caso di fondi GSE, dal modello di prenotazione rilasciato dal gestore con evidenza degli estremi della richiesta/concessione;

m) (*eventuale*) caricamento, come allegato, dell'**atto deliberativo dell'Ente** di cui all'art. 4, comma 5, lett. *j)* del presente Avviso inerente interventi relativi a **edifici ricadenti in zone R3/R4**;

n) (*eventuale*) caricamento, come allegato, del **verbale di verifica di interesse culturale con esito negativo** di edificio adibito ad uso scolastico avente più di settanta anni da demolire e ricostruire;

o) (*eventuale*) caricamento, come allegato, dell'**ordinanza di chiusura** dell'intero edificio, adottata in data antecedente a quella di pubblicazione del presente Avviso;

p) (*eventuale*) caricamento, come allegato, dell'**atto deliberativo dell'Ente di adozione/approvazione/avvio iter della variante** cui all'art. 4, comma 5, lett. *k)* e/o *l)* del

fonte: http://burc.regione.campania.it

presente Avviso;

q) (*eventuale*) caricamento, come allegato, del **contratto** non scaduto relativo alla **locazione passiva** in dismissione;

r) caricamento, come allegato obbligatorio, del **cronoprogramma delle attività** necessarie fino al collaudo finale, firmato digitalmente dal RUP; si precisa che al fine dell'attribuzione del punteggio di cui alla lett. *k)* dell'art. 10 del presente avviso, in caso di interferenza della popolazione scolastica con l'esecuzione dei lavori, il cronoprogramma dovrà riportare in **specifica relazione** allegata, la soluzione individuata sottoscritta dal RUP e dal Dirigente scolastico;

s) (*eventuale*) caricamento, come allegati, del **provvedimento di decadenza del finanziamento** e della **relazione sullo stato della procedura e di spesa**, nel caso degli interventi di cui all'art. 4 comma 4 del presente Avviso;

t) validazione delle informazioni e degli allegati inseriti nei campi della domanda telematica (azione equivalente alla firma) e rilascio del consenso al trattamento dei dati selezionando i relativi segni di spunta. Al termine di queste azioni è possibile procedere all'invio telematico della domanda.

3. Si chiarisce che:

a. per gli interventi di accorpamento di più edifici scolastici di cui all'art. 4, comma 2, lett. ***e),*** del presente Avviso, relativamente alla documentazione di cui al comma 2 del presente articolo:
   - il format valutazione della sicurezza di cui alla lett. ***b)*** deve essere reso per ognuno degli edifici esistenti interessati dall'intervento;
   - la documentazione grafica di cui alla ***d)*** deve essere integrata con la corografia (o con vista zenitale in ambiente google earth) del territorio comunale con la localizzazione di ogni edificio esistente oggetto di accorpamento e l'indicazione del relativo codice ARES, nonché con la localizzazione dell'area di intervento del nuovo edificio scolastico;
   - la dichiarazione di cui alla lett. ***h)*** deve essere resa per ognuno degli edifici esistenti interessati dall'intervento;

b. per l'intervento di nuova costruzione di cui all'art. 4, comma 2, lett. ***c)***, la documentazione da trasmettere è quella indicata al comma 2 del presente articolo, ad eccezione dei documenti di cui alle lettere ***b), k), m), n), o)*** del medesimo comma 2; per il solo fine di caricamento in piattaforma digitale, per ciascuno dei documenti indicati sarà allegata la dichiarazione di non necessità resa dal RUP;

fonte: http://burc.regione.campania.it

c. i documenti non di competenza del RUP possono essere firmati digitalmente dal medesimo RUP solo nel caso in cui riportino la sottoscrizione olografa del soggetto redattore competente, con allegato il documento di riconoscimento in corso di validità.

4. A seguito dell'inserimento di tutti i dati obbligatori, richiesti durante la compilazione telematica, le domande di partecipazione sono automaticamente generate ed acquisite dal sistema informatico della Regione Campania che attribuisce, a ciascuna di esse, un univoco codice identificativo oltre alla data ed ora di invio, dati sempre visibili nella pagina personale del compilante. Solo con il rilascio del numero di acquisizione a sistema, la domanda, non più modificabile, si intende correttamente presentata e non è necessario firmarla in quanto valida ai sensi dell'art. 65, comma 1, lettera b) del Codice dell'Amministrazione Digitale – CAD (D. Lgs. 7 marzo 2005, n. 82 e ss.mm.ii.) in virtù della modalità telematica di presentazione che prevede l'identificazione del dichiarante attraverso il Sistema Pubblico di Identità Digitale (SPID), la Carta di Identità Elettronica (CIE) o la Carta Nazionale dei Servizi (CNS). Il sistema, in automatico, comunica l'avvenuta ricezione telematica della domanda a mezzo posta elettronica all'indirizzo indicato dal richiedente nella sezione anagrafica. Allo stesso viene trasmessa la ricevuta telematica della domanda presentata che ne riporta il numero identificativo. Le domande possono essere annullate dal dichiarante secondo quanto riportato nell'area personale e ripresentate entro il termine di scadenza previsto dal bando.
5. Si chiarisce che, essendo superati e non più vigenti il precedente elenco delle "**proposte ammissibili**" e la precedente graduatoria delle "**proposte finanziabili**" nei termini stabiliti dalla Deliberazione di Giunta Regionale n. 198 del 10/05/2026, gli Enti proponenti, ai fini della finanziabilità della candidatura, devono presentare **l'intera documentazione** di cui all'art. 8.
6. Il presente Avviso, la relativa modulistica e comunicazioni rivolte agli enti destinatari, saranno disponibili sulla pagina descrittiva del servizio digitale al link https://servizi-digitali.regione.campania.it/Svic, con valore di notifica agli interessati.
   Il soggetto richiedente potrà inoltre richiedere supporto ed inoltrare quesiti utilizzando l'apposito modulo FAQ (Frequently Asked Questions o quesiti ricorrenti), disponibile sulla pagina descrittiva del servizio digitale al seguente link: https://servizi-digitali.regione.campania.it/Home/ListaFaq?NomeServizio=Svic.

ART. 9 – ISTRUTTORIA DELLE CANDIDATURE E GRADUATORIE

1. L'istruttoria tecnico-amministrativa delle candidature verrà espletata dal nucleo di valutazione la cui costituzione è demandata al Direttore dell'Ufficio Speciale Opere Pubbliche e Interventi Strategici. Il nucleo sarò costituito da 5 componenti compreso il Presidente individuati tra il personale

fonte: http://burc.regione.campania.it

dell'Ufficio Speciale con adeguate competenze per le materie di cui trattasi. L'istruttoria, sulla scorta dei criteri aggiornati, consentirà, per tutti gli interventi non oggetto di esclusione e secondo quanto disciplinato nell'Avviso, l'inserimento della candidatura nell'elenco delle **"proposte finanziabili"**.

2. Il nucleo di valutazione provvederà dunque a formare:

a) le graduatorie delle candidature **finanziabili,** attribuendo i punteggi secondo i criteri di valutazione di cui all'art. 10, distinte per tipologia di edificio scolastico: **(1) Scuole**; **(2) Poli infanzia**; **(3) Palestre**; **(4) Mense**; a parità di punteggio è rispettato l'ordine cronologico di presentazione della istanza;

b) l'elenco delle candidature da **escludere** ai sensi dell'art. 5 del presente Avviso.

3. L'inserimento di un intervento nell'elenco delle proposte finanziabili di "Scuola Viva in cantiere II fase", non vincola l'Amministrazione Regionale al suo effettivo finanziamento, la cui opportunità sarà valutata qualora si rendano disponibili risorse derivanti da fonti di finanziamento coerenti con le finalità, le condizioni di attuazione e le caratteristiche dei progetti, e previa deliberazione giuntale.

4. In fase di valutazione delle istanze potranno essere richiesti al Soggetto proponente chiarimenti e/o regolarizzazione di omissioni o inesattezze relative ai documenti di candidatura ad eccezione del documento "Format valutazione della sicurezza" di cui all'art. 8, comma 2, lett. *b),* del presente Avviso.
I chiarimenti e/o le regolarizzazioni non possono modificare il contenuto della proposta candidata.
I tempi di espletamento del soccorso istruttorio saranno stabiliti nella relativa comunicazione.

ART. 10 – CRITERI DI VALUTAZIONE

1. La valutazione delle candidature ai fini dell'attribuzione del punteggio e la successiva inclusione nella graduatoria delle proposte finanziabili avvengono sulla base dei seguenti criteri:

a) Tipologia di intervento, **max 8 punti**, così attribuiti:

i. Riqualificazione degli edifici scolastici esistenti (anche parziale di cui alla lett. f) art. 4) mediante:

1. adeguamento sismico, efficientamento energetico, altri interventi - **8 punti;**
2. efficientamento energetico ed altri interventi - **4 punti;**
3. altri interventi: adeguamento antincendio, messa a norma degli impianti tecnologici, eliminazione delle barriere architettoniche, interventi di rimozione degli elementi in amianto e qualunque altro intervento necessario per la messa a norma dell'edificio scolastico - **2 punti;**

ii. Demolizione e ricostruzione (anche parziale di cui alla lett. f) art. 4):

in sito - **8 punti;**

fuori sito - **6 punti;**

iii. Nuova costruzione - **6 punti;**

iv. Ampliamento anche mediante sopraelevazione di edifici scolastici, palestre e mense - **4 punti.**

fonte: http://burc.regione.campania.it

b) Numero alunni interessati dall'intervento relativi all'anno scolastico in corso alla data di pubblicazione del presente Avviso, come da dichiarazione del Dirigente scolastico, **max 24 punti**, così attribuiti:

Numero di alunni	P
fino a 100 alunni	2
da 101 alunni fino a 200 alunni	4
da 201 alunni fino a 300 alunni	6
da 301 alunni fino a 400 alunni	8
da 401 alunni fino a 500 alunni	10
da 501 alunni fino a 600 alunni	12
da 601 alunni fino a 700 alunni	14
da 701 alunni fino a 800 alunni	16
da 801 alunni fino a 900 alunni	18
oltre 900 alunni	24

c) Livello progettuale posseduto, **max 12 punti**, così attribuiti:

- ✓ **Scheda progetto, DOCFAP e DIP** (requisito minimo per la candidabilità) - **0 punti;**
- ✓ **Progetto di Fattibilità Tecnica ed Economica - 6 punti;**
- ✓ **Progetto Esecutivo - 12 punti;**

d) cofinanziamento Ente (con fondi propri e/o fondi GSE), **max 5 punti**, così attribuiti:

$$P = (\mathbf{C-0,01}) * \mathbf{(5/0,09)}$$

con le seguenti precisazioni:

- ✓ C=cofinanziamento Ente/costo totale intervento
- ✓ se C≤0,01 il punteggio è zero;
- ✓ se C≥0,10 il punteggio è 5.
- ✓ nel caso di esproprio, la relativa indennità è a carico dell'Ente e non contribuisce al punteggio;

e) rischio sismico, **max 22 punti**, così attribuiti:

$$P = (0,80-\zeta_E)*(22/0,80)$$

con le seguenti precisazioni:

- ζ_E=indice di adeguatezza sismica, calcolato come rapporto tra capacità e domanda in termini di accelerazione al suolo $\mathbf{a_g * S}$, come desunto dalla valutazione della sicurezza; nel caso di edificio costituito da più unità strutturali, il punteggio è calcolato con riferimento all'indice di rischio più

fonte: http://burc.regione.campania.it

basso;

- per ζ_E maggiore di 0,80 il punteggio attribuito è pari a zero.

f) classe energetica edificio esistente, **max 6 punti**, così attribuiti:

Classe edifico esistente	P
G, F	6
E	5
D	4
C	3
B	2
A1, A2, A3	1
A4	0

Verrà attribuito punteggio zero alle candidature che non prevedono un salto di classe energetica, come dichiarato nella sezione "*Indicatori post operam*" della scheda progetto;

g) chiusura dell'intero edificio per inagibilità totale, **8 punti**;

h) delocalizzazione da aree a rischio idrogeologico, **max 7 punti**, così attribuiti:

- ✓ da area a rischio molto elevato R4 - **7 punti**;
- ✓ da area a rischio elevato R3 - **4 punti**;

Verrà attribuito punteggio zero alle candidature che, nel rispetto delle condizioni di cui al presente Avviso, non prevedono la delocalizzazione da zone R3/R4.

i) Dismissione di edifici scolastici in locazione passiva - **6 punti**;

j) Provenienza popolazione scolastica (accorpamento di edifici scolastici, utenza gestita in doppi turni e/o sovrannumero) - **2 punti**;

k) Risoluzione dell'interferenza con l'attuazione dell'intervento candidato dovuta alla presenza della popolazione scolastica nell'edificio oggetto di intervento - **2 punti**:

sono contemplate le seguenti casistiche:

- non presenza della popolazione scolastica;

fonte: http://burc.regione.campania.it

- lavori in contemporanea allo svolgimento dell'attività didattica (dimostrata mediante la relazione di cui all'allegato dell'art. 8 comma 2 lett. r);
- spostamento della popolazione scolastico in altro edificio già individuato (dimostrata mediante la relazione di cui all'allegato dell'art. 8 comma 2, lett. *r*);

La scheda di progetto dovrà riportare, per ogni elemento di valutazione, il valore dell'indicatore.

2. Si specifica che a parità di punteggio prevale l'ordine cronologico di presentazione della candidatura.

ART.11 – OBBLIGHI DEL SOGGETTO ATTUATORE

1. Gli Enti si impegnano a:

a) *(nel caso di candidatura con livello progettuale)* a trasmettere il progetto candidato, completo di tutti gli elaborati e della documentazione amministrativa a corredo, entro 15 gg a decorrere dalla notifica della specifica richiesta da parte della Regione; detto progetto verrà sottoposto al parere di coerenza di cui al comma successivo;

b) *(nel caso di candidatura con scheda progetto)* a trasmettere il progetto da porre a base dell'appalto dei lavori, completo di tutti gli elaborati e della documentazione amministrativa a corredo, sul quale verrà espresso il parere di coerenza di cui al comma successivo.

2. Il progetto di cui al comma 1, munito di pareri e/o atti di assenso comunque denominati, regolarmente verificato, validato (se del caso) ed approvato, verrà sottoposto alla verifica di coerenza con gli atti di candidatura e con il Codice dei contratti. In caso di mancata coerenza espressa dopo la stipula della convenzione tra l'Ente beneficiario e la Regione, la stessa convenzione prevederà la revoca del finanziamento.

3. Gli Enti beneficiari si impegnano a mantenere la destinazione d'uso scolastico per gli edifici interessati dagli interventi e a garantire la funzionalità degli stessi per un periodo minimo di 5 anni dalla liquidazione del saldo finale del finanziamento concesso.

ART. 13 – CONTROLLI E RESPONSABILITA'

1. L'Ente beneficiario deve garantire alle strutture competenti della Regione, nonché a tutti gli organismi deputati allo svolgimento di controlli sull'utilizzo dei fondi nazionali e comunitari, l'accesso a tutta la documentazione, amministrativa, tecnica e contabile, connessa all'operazione.

2. L'Ente beneficiario è tenuto a prestare la massima collaborazione nelle attività svolte dai soggetti incaricati dei controlli, mettendo a disposizione proprio personale, fornendo le informazioni richieste e gli estratti o copia della documentazione probatoria afferente all'operazione.

3. Le verifiche non sollevano, in ogni caso, l'Ente beneficiario dalla piena ed esclusiva responsabilità della

fonte: http://burc.regione.campania.it

regolare e perfetta esecuzione dell'intervento.

4. La Regione Campania rimane estranea ad ogni rapporto comunque nascente con terzi in dipendenza della realizzazione dell'intervento. Le verifiche effettuate riguardano esclusivamente i rapporti che intercorrono con l'Ente beneficiario.
5. La preventiva approvazione degli interventi ammessi a contributo e la successiva erogazione a seguito della verifica dell'avvenuta esecuzione non coinvolgono la Regione nelle responsabilità specifiche di rispondenza degli stessi alle prescrizioni normative vigenti in materia di edilizia scolastica, approvazione dei progetti, affidamento ed esecuzione, direzione e collaudo di appalti di lavori, servizi e forniture, e dei relativi adeguamenti normativi, il cui rispetto deve essere attestato formalmente dai beneficiari dei contributi e rimane di esclusiva competenza degli stessi.
6. Le dichiarazioni sostitutive rese ai sensi del D.P.R. n. 445/2000 sono sottoposte da parte della Regione ai controlli e verifiche e, qualora dai controlli effettuati emerga la non veridicità delle dichiarazioni rese, è disposta la decadenza dal beneficio e la conseguente esclusione dalla graduatoria.

ART. 14 – REVOCA

1. Le cause di revoca saranno indicate nella convenzione che disciplinerà il rapporto tra l'Ente beneficiario e la Regione Campania, e saranno individuate nel rispetto degli atti normativi e procedurali che regolano la fonte del finanziamento stesso.
2. La revoca è disposta con atto dirigenziale.
3. In sede di controllo, nel caso di accertamento del mancato pieno rispetto delle disposizioni normative di livello comunitario, nazionale e regionale, anche se non penalmente rilevanti, la Regione può procedere, a seconda dell'impatto finanziario dell'irregolarità accertata, alla revoca parziale o totale del finanziamento concesso.
4. Nei casi di revoca del contributo si provvede al recupero delle quote eventualmente erogate, maggiorandole degli interessi legali.
5. Gli Enti beneficiari, qualora intendano rinunciare al finanziamento ovvero alla realizzazione dell'intervento finanziato, devono darne tempestiva comunicazione mediante pec. Le spese eventualmente sostenute restano a carico dell'Ente beneficiario e, qualora sia stata già erogata parte del contributo, l'Ente beneficiario è tenuto alla restituzione di tale somma.

ART. 15 – TRATTAMENTO DEI DATI PERSONALI

Il trattamento dei dati dei Soggetti partecipanti sarà effettuato nel rispetto delle disposizioni del

fonte: http://burc.regione.campania.it

Regolamento 2016/679/UE (General Data Protection Regulation – GDPR) e D. Lgs n.101/2018. I dati acquisiti saranno trattati, anche con strumenti e apparecchiature informatiche esclusivamente per le finalità connesse allo svolgimento della procedura del presente Avviso e per la quale sono comunicati, secondo le modalità previste dalle leggi e dai regolamenti vigenti, secondo quanto specificato nell'Informativa pubblicata nella pagina descrittiva del servizio digitale.

ART. 16 – RESPONSABILE DELL'AVVISO E AZIONI DI SUPPORTO

1. Ai sensi della legge n. 241/1990 e ss.mm.ii., l'unità organizzativa cui è attribuito il procedimento è: Regione Campania - Unità Operativa Semplice "Edilizia Scolastica" dell'Ufficio Speciale Opere Pubbliche e Interventi Strategici - Centro Direzionale di Napoli - Isola A6 - V piano - Dirigente pro tempore.
2. Gli Enti locali in fase di candidatura possono chiedere assistenza alla UOS Edilizia scolastica utilizzando l'apposito modulo FAQ per inoltrare quesiti, disponibile al seguente link: *https://servizi-digitali.regione.campania.it/Home/ListaFaq?NomeServizio=Svic*

ART. 17 – CONTROVERSIE E FORO COMPETENTE

1. Le controversie derivanti dal presente Avviso sono definite mediante ricorso giurisdizionale dinanzi al Tribunale amministrativo regionale della Campania o mediante ricorso straordinario al Presidente della Repubblica.

ART. 18 – RINVIO E ALLEGATI

1. Per quanto non espressamente previsto dall'Avviso si rinvia alle norme comunitarie, nazionali, regionali vigenti.
2. Al presente Avviso sono allegati i seguenti documenti:
   - Allegato 1 – format "Valutazione delle sicurezza";
   - Allegato 2 - nota informativa sul contenuto progettuale.

Il progetto trasmesso dal beneficiario sarà successivamente oggetto di istruttoria finalizzata al riscontro della sua coerenza con il quadro normativo che disciplina il finanziamento concesso; a titolo indicativo e non esaustivo si segnalano i seguenti aspetti di istruttoria:

1) *coerenza con la candidatura*: ***(i)*** il progetto deve sviluppare la proposta candidata non variando la tipologia di intervento ed assicurare l'agibilità dell'edificio di cui all'art. 24 del DPR 380/2001; ***(ii)*** gli indicatori post operam devono risultare non inferiori a quelli dichiarati in sede di candidatura;
2) *dimensionamento*: presenza della specifica relazione di verifica di tutti gli indici di superficie inerenti l'edificio e, per le nuove costruzioni/sostituzioni, anche di quelli inerenti l'area di intervento ed il parcheggio, come da DM 18.12.1975, con chiara corrispondenza tra i dati di relazione e i grafici di progetto;
3) *barriere architettoniche:* presenza di elaborati dimostrativi dell'eliminazione di tutte le barriere architettoniche, motorie, visive ed uditive, e dalla dichiarazione di conformità del progettista;
4) *antincendio:* nel caso di progetto esecutivo, presenza di elaborati che ingegnerizzano le misure di sicurezza antincendio necessarie per la conformità alle pertinenti regole tecniche;
5) *CAM:* presenza della relazione CAM con evidenzia del rispetto di tutti i pertinenti criteri del DM 23.06.2022, con richiami alle relative relazioni specialistiche e di calcolo;
6) *DNSH:* presenza della relazione DNSH redatta secondo i criteri di vaglio di cui al pertinente allegato alla convenzione sottoscritta con la Regione, e agli altri documenti di cui al Manuale di attuazione del PR Campania FESR 2021-2027, versione 3, gennaio 2025;
7) *verifica climatica*: presenza dello studio di valutazione climatica comprovante l'immunizzazione dell'investimento dagli effetti del clima (*climate proofing*), redatto nel rispetto del paragrafo 3.3.2 del Manuale di attuazione del PR Campania FESR 2021-2027, versione 3, gennaio 2025, applicando gli strumenti tecnici e gli indirizzi operativi approvati con il D.D. 187/2024, pubblicati sul sito dell'Autorità di Gestione all'indirizzo: https://prfesr2127.regione.campania.it/index.php/dnsh-e-climate-proofing
8) *quadro economico*: nel caso di intervento cofinanziato dall'Ente beneficiario, il quadro economico del progetto, ai fini della corretta allocazione delle voci di spesa, dovrà essere organizzato in tre distinte colonne: la prima con i costi attribuibili al finanziamento regionale, la seconda con i costi attribuibili al cofinanziamento dell'Ente e la terza ottenuta come somma delle prime due;
9) *cronoprogramma dell'intervento*: presenza del cronoprogramma di cui all'art. 30, allegato I.7, del d. lgs 36/2023 che, nel rispetto dei termini (36 mesi) di cui alla convenzione sottoscritta con la Regione, include tutte le fasi fino alla certificazione di agibilità dell'edificio e dà conto delle modalità di risoluzione dell'eventuale interferenza dei lavori con le attività didattiche.

Oggetto:

Legge Regionale del 16 aprile 2012 n. 7. Avviso pubblico per la concessione di contributi per il supporto alla gestione dei beni confiscati annualità 2024. Modifica graduatoria

IL DIRIGENTE

PREMESSO che

a) la legge regionale 16 aprile 2012 n. 7 “Nuovi interventi per la valorizzazione dei beni sequestrati e confiscati alla criminalità organizzata” detta disposizioni per favorire la realizzazione di progetti di riutilizzo sociale dei beni confiscati presenti sul territorio regionale, qualificati e diversificati, sostenibili nel tempo e capaci di favorire positive ricadute sociali, economiche e occupazionali, attraverso la definizione e la strutturazione di reti e distretti di economia sociale e solidale;
b) la Giunta Regionale con deliberazione n. 439 del 06/08/2024 recante “Adozione, ai sensi dell’art. 3 Bis, comma 1 della L.R. del 16/04/2012 n.7, del Programma annuale per la valorizzazione dei beni confiscati 2024” ha adottato il “Programma annuale degli interventi per la valorizzazione dei beni confiscati 2024”, con i relativi allegati, demandando all’Ufficio per il Federalismo dei Sistemi Territoriali e della Sicurezza Integrata (oggi Ufficio Legalità e Sicurezza integrata, Sistemi Territoriali e Immigrazione) l’adozione degli atti gestionali connessi all’attuazione delle attività di cui al Programma suddetto, secondo le modalità operative ivi descritte;
c) in coerenza alle suddette indicazioni è stato predisposto ed approvato con D.D. n. 7 del 07.03.2025, l’Avviso pubblico denominato “Legge Regionale del 16 aprile 2012, n. 7. Avviso pubblico per la concessione di contributi per il supporto alla gestione dei beni confiscati –annualità 2024” con i relativi allegati;
d) con il medesimo Decreto Dirigenziale n. 7 del 07.03.2025, l’Ufficio per il Federalismo e dei Sistemi Territoriali e della Sicurezza Integrata (oggi Ufficio Legalità e Sicurezza integrata, Sistemi Territoriali e Immigrazione) ha approvato l’avviso pubblico di cui al punto c,) e si è proceduto alla prenotazione dell’impegno, sul capitolo di spesa U07821 “Fondo per la valorizzazione dei beni confiscati. Istituzioni sociali private”, dei fondi necessari che ammontano complessivamente ad € 300.000.000;
e) con Decreto Dirigenziale n. 25 del 27.05.2025 è stata istituita, ai sensi dell’art. 10 dell’avviso citato, la commissione di valutazione delle proposte progettuali pervenute, composta da un Presidente e da n. 3 componenti, di cui n. 1 avente le sole funzioni di segretario;
f) al termine dell’istruttoria procedimentale, con nota acquisita al Protocollo n. 0380046 del 30/07/2025 il Presidente della Commissione di valutazione nominata con D.D. n. 25 del 27.05.2025 ha comunicato la conclusione definitiva dei lavori e il percorso informatico dell’Ufficio in cui è rinvenibile la seguente documentazione:
   - n. 07 verbali con relativi allegati;
   - graduatoria degli ammissibili a finanziamento in ordine decrescente di punteggio;
   - graduatoria dei non ammissibili a finanziamento per esaurimento delle risorse finanziarie;
   - elenco degli esclusi dalla valutazione con l’indicazione della relativa motivazione;
g) sulla base delle risultanze contenute nei suddetti atti sono stati predisposti ed approvati con Decreto Dirigenziale n. 32 del 01.08.2025 (pubblicato, con valore di notifica a tutti gli interessati, sul BURC n. 56 del 11.08.2025):
   - graduatoria degli ammissibili a finanziamento in ordine decrescente di punteggio (All. A);
   - graduatoria dei non ammissibili a finanziamento per esaurimento delle risorse finanziarie in ordine decrescente di punteggio (All. B);
   - elenco degli esclusi dalla valutazione con l’indicazione della relativa motivazione (All. C);
h) che con D.D. n. 3 del 07.11.2025 venivano modificate le graduatorie degli ammissibili a finanziamento in ordine decrescente di punteggio nonché la graduatoria dei non ammissibili a finanziamento per esaurimento delle risorse finanziarie in ordine decrescente di punteggio, precedentemente approvate con D.D. n. 32 del 01.08.2025 ed è stato impegnato per l’esercizio finanziario 2025 l’importo di euro 299.200,00;
i) che è stata reimputata all’esercizio finanziario 2026 la somma di € 299.200,00 a valere sul capitolo di spesa U07821 relativamente all’Avviso pubblico per la concessione di contributi per il supporto alla gestione dei beni confiscati – annualità 2024;

PRESO ATTO che

a) in data 28.04.2026 a mezzo pec acquisita al Protocollo n. 0400463/2026 del 29/04/2026, la APEIRON COOPERATIVA SOCIALE, posizionata al n. 12 nella graduatoria degli ammissibili a finanziamento in ordine decrescente di punteggio, così come modificata dal D.D. n. 3 del 07.11.2025, comunicava la rinuncia al contributo previsto dall'Avviso pubblico denominato "Legge Regionale del 16 aprile 2012, n. 7. Avviso pubblico per la concessione di contributi per il supporto alla gestione dei beni confiscati –annualità 2024";

CONSIDERATO che:

a) con nota acquisita agli atti della Regione Campania al prot. n. 241115 del 15/05/2024 la Società Mazzafarro S.r.l., con sede legale in Via F. Giordani ,42 - 80122 Napoli - Tel.+39 081 0607743 PEC: mazzafarro@pec.cloud P.IVA 10286651210, ha trasmesso istanza per il rilascio del provvedimento di VIA, integrato con la VIncA – valutazione appropriata, nell'ambito del Provvedimento autorizzatorio unico regionale ex art. 27-bis D.lgs. n. 152/2006 e ss.mm.ii. relativamente all'intervento *"progetto di un impianto di produzione di energia elettrica da fonte solare denominato "MAZZAFARRO" della potenza di 7,49 MWp ubicato nel Comune di Mondragone e Castel Volturno (CE), ricadente in AREA IDONEA ai sensi del D. Lgs. 199/2021 (art. 20, c.8, lettera c-quater, in presenza delle condizioni di cui alle Linee Guida ex D.M. 52/2015, come meglio specificato di seguito, con opere di connessione e Stazione SE "Cancello 36" nei Comuni di Mondragone, Castel Volturno e Cancello ed Arnone (CE), con batterie di accumulo di 20,00 MW B.E.S.S"*, contrassegnata con CUP 9919;

b) nella istanza acquisita al prot. reg. n. 241115 del 15/05/2024, la società Mazzafarro s.r.l. evidenzia come "*Nonostante l'impianto ricada nelle aree classificate idonee e pertanto nella condizione prevista dall'art. 47 comma 11 bis lett. a) del DL n. 13 del 24/02/2023 convertito con modificazione dalla L. n. 41 del 21 aprile 2023, si precisa che ad una distanza di circa 500 metri dal perimetro dell'impianto in oggetto è presente un altro impianto fotovoltaico autorizzato dalla società Sinergia GP7 S.r.l. della potenza di circa 19,38 MW. Pertanto, valutando il cumulo tra i progetti così come definito ai sensi del D.M n. 52 del 30 marzo 2015 «Linee guida per la verifica di assoggettabilità a valutazione di impatto ambientale dei progetti di competenza delle regioni e province autonome (allegato IV alla parte seconda del decreto legislativo n. 152/2006)» al punto 4.1 Cumulo con altri progetti, il progetto in oggetto è soggetto al Procedimento Autorizzatorio Unico Regionale*".

c) pubblicata la documentazione progettuale ed espletate le fasi di verifica della completezza documentale secondo le disposizioni di cui ai commi 2 e 3 dell'art. 27-bis del D.lgs. n. 152/2006, con nota prot. reg. n. 592590 del 11/12/2024 l'Ufficio Speciale Valutazioni Ambientali ha comunicato l'avvio del procedimento in oggetto e l'avvenuta pubblicazione, in data 11/12/2024, del relativo avviso di cui all'art. 23, comma 1, lettera e) del D.lgs. n. 152/2006, fissando in giorni 30 il termine per la presentazione da parte del pubblico di eventuali osservazioni concernenti la valutazione di impatto ambientale;

d) entro i termini indicati nella nota prot. reg. n. 592590 del 11/12/2024 non è pervenuta nessuna osservazione;

e) con nota prot. reg. n. 65012 del 07/02/2025, l'Ufficio Speciale Valutazioni Ambientali ha trasmesso al proponente le richieste di integrazioni formulate ai sensi dell'art. 27-bis comma 5 del D.lgs. n. 152/2006 necessarie, tra l'altro, per l'espressione del parere di VIA di propria competenza;

f) con nota prot. reg. n. 111060 del 04/03/2025 l'Ufficio Speciale Valutazioni Ambientali ha accordato la richiesta di sospensione di 180 giorni dei termini trasmessa dal proponente con pec del 13/02/2025;

g) con nota prot. reg. n. 293701 del 12/06/2025 l'Ufficio Speciale Valutazioni Ambientali ha comunicato il riavvio del procedimento in oggetto (per le motivazioni indicate agli atti del procedimento) e l'avvenuta pubblicazione, in data 30/07/2025, del relativo avviso di cui all'art. 23, comma 1, lettera e) del D.lgs. n. 152/2006, fissando in giorni 30 il termine per la presentazione da parte del pubblico di eventuali osservazioni concernenti la valutazione di impatto ambientale;

h) entro i termini indicati nella nota prot. reg. n. 293701 del 12/06/2025 non è pervenuta nessuna osservazione;

i) con nota acquisita al prot. reg. n. 640998 del 20/11/2025, la Società Mazzafarro S.p.a. ha trasmesso la documentazione predisposta in riscontro alla richiesta di integrazioni formulata dall'Ufficio Speciale Valutazioni Ambientali con nota prot. reg. n. 65012 del 07/02/2025;

j) in data 10/12/2025 si è provveduto, ai sensi dell'art. 27-bis comma 5 del D.lgs. n. 152/2006, alla pubblicazione del secondo avviso sulle pagine web del portale informatico della Regione Campania dedicato alle valutazioni ambientali (V.I.A.-V.I.-V.A.S.), fissando in 15 giorni il termine per la presentazione di eventuali osservazioni da parte del pubblico interessato come riportato nella nota prot. reg. n. 698466/2025 del 10/12/2025;

k) durante il periodo della seconda consultazione non sono pervenute osservazioni.

ATTESO che:
ai sensi dell'art. 27-bis del D.lgs. n. 152/2006 e dell'art. 14-ter della L. 241/1990, con nota prot. reg. n. 698466/2025 del 10/12/2025 è stata indetta la Conferenza di Servizi, le cui sedute si sono tenute in data 25/02/2026, 17/04/2026, 22/05/2026, 10/06/2026 e i cui resoconti sono pubblicati sulle pagine web del portale informatico della Regione Campania dedicato alle valutazioni ambientali (V.I.A.-V.I.-V.A.S.).
L'ultima seduta è programmata per il 03/07/2026.

RILEVATO che:
a. la scheda istruttoria e la relativa proposta di parere VIA integrata con la Valutazione di Incidenza Appropriata - predisposta dalla dott.ssa Gemma D'Aniello e dall'ing. Doriana D'Alise, funzionarie dell'Ufficio Speciale 306.00.00 Valutazioni Ambientali e istruttrici VIA, e allegata al presente provvedimento quale parte integrante e sostanziale dello stesso - è stata posta agli atti della seduta di Conferenza del 10/06/2026;

b. l'Autorità competente, per le motivazioni e le considerazioni di cui alla richiamata scheda istruttoria, nel corso della seduta del 10/06/2026 ha espresso parere favorevole di VIA integrata con la Valutazione di Incidenza Appropriata;

c. con nota prot. reg. n. 557784 del 22/06/2026 l'Ufficio Speciale 306.00.00 Valutazioni Ambientali ha comunicato l'avvenuta pubblicazione del resoconto della riunione del 10/06/2026 in uno con la bozza del Rapporto Finale contenente, tra gli altri, il parere di VIA integrata con la Valutazione d'Incidenza Appropriata;

d. la Società Mazzafarro S.p.a. ha regolarmente provveduto alla corresponsione degli oneri per la procedura di valutazione di impatto ambientale, come determinati con D.G.R.C. n. 686/2016, mediante pagamento tramite il sistema telematico PagoPA la cui ricevuta è agli atti dell'Ufficio Speciale 306.00.00 Valutazioni Ambientali.

RITENUTO:
a. di dover provvedere all'emanazione del provvedimento di Valutazione di Impatto Ambientale integrata con la Valutazione d'Incidenza Appropriata ai fini della conclusione della Conferenza di Servizi convocata con nota prot. reg. n. 698466/2025 del 10/12/2025;

b. di dover fissare, ai sensi dell'art. 25 comma 5 D.lgs. n.152/2006 e ss.mm.ii. in anni 5 la durata dell'efficacia temporale del provvedimento di Valutazione di Impatto Ambientale.

c. Ai sensi delle Linee Guida Nazionali per la Valutazione di Incidenza (G.U. n. 303 del 28/12/2019) la validità temporale del parere di Valutazione di Incidenza è di 5 anni;

VISTI:

Alla stregua dell'istruttoria tecnica svolta dalla dott.ssa Gemma D'Aniello e dall'ing. Doriana D'Alise ed amministrativa compiuta dall'Ufficio Speciale 306.00.00 Valutazioni Ambientali,

D E C R E T A

per i motivi espressi in narrativa e che qui si intendono integralmente riportati e trascritti:

1. Di esprimere, nei limiti delle proprie competenze e sulla scorta dell'istruttoria tecnica, delle motivazioni e della proposta di parere favorevole rese in Conferenza di Servizi dalle istruttrici VIA - VIncA dott.ssa Gemma D'Aniello e ing. Doriana D'Alise, di cui alla scheda istruttoria del 10/06/2026 allegata in copia al presente provvedimento (allegato A), parere favorevole di Valutazione di Impatto Ambientale integrata con la Valutazione d'Incidenza Appropriata per l'intervento *"Progetto di un impianto di produzione di energia elettrica da fonte solare denominato "MAZZAFARRO" della potenza di 7,49 MWp ubicato nel Comune di Mondragone e Castel Volturno (CE), ricadente in AREA IDONEA ai sensi del D. Lgs. 199/2021 (art. 20, c.8, lettera c-quater, in presenza delle condizioni di cui alle Linee Guida ex D.M. 52/2015, come meglio specificato di seguito, con opere di connessione e Stazione SE "Cancello 36" nei Comuni di Mondragone, Castel Volturno e Cancello ed Arnone (CE), con batterie di accumulo di 20,00 MW B.E.S.S"* contrassegnato con CUP 9919;

2. Di fissare, ai sensi dell'art. 25 comma 5 del D.lgs. n. 152/2006 e ss.mm.ii., in anni 5 la durata dell'efficacia temporale del presente provvedimento, decorrenti dalla data di comunicazione della determinazione motivata di conclusione della conferenza ovvero del PAUR;

3. Di stabilire che, terminata l'efficacia temporale del presente provvedimento di VIA integrata con la Valutazione d'Incidenza Appropriata senza che il progetto sia stato realizzato, il procedimento di VIA deve essere reiterato, fatto salvo il rilascio di specifica proroga da parte dell'Ufficio Speciale 306.00.00 Valutazioni Ambientali, su istanza del proponente, da presentarsi, esclusivamente, entro e non oltre la data di scadenza del provvedimento stesso;

4. Di stabilire che ai sensi dell'art. 28, comma 7 bis del D.Lgs. n. 152/2006 e ss.mm.ii. "*il proponente, entro i termini di validità disposti dal provvedimento di verifica di assoggettabilità a VIA o di VIA, trasmette all'autorità competente la documentazione riguardante il collaudo delle opere o la certificazione di regolare esecuzione delle stesse, comprensiva di specifiche indicazioni circa la conformità delle opere rispetto al progetto depositato e alle condizioni ambientali prescritte*";

5. Di rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC;

6. Di porre il presente provvedimento agli atti della Conferenza di Servizi ai fini della sua integrale conoscenza da parte del proponente e di tutti i partecipanti al procedimento CUP 9919;

7. Di trasmettere il seguente atto alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC e anche ai fini degli adempimenti ex D.Lgs 14 marzo 2013, n. 33;

8. Di pubblicare il presente provvedimento al link: http://viavas.regione.campania.it/opencms/opencms/VIAVAS/Consultazione_fascicoli_VIA/consultazione_fascicoli_VIA nella sezione PAUR cartella 9919.

0.1. Informazione e Partecipazione

L'istanza in oggetto è inerente al rilascio del Provvedimento Autorizzatorio Unico Regionale (PAUR) ex art. 27 bis del D. Lgs 152/2006 e ss.mm.ii., nell'ambito dell'istruttoria dello Studio di Impatto Ambientale (SIA) e dei documenti allegati. Si riporta una sintesi dell'iter procedimentale e della documentazione ricevuta:

fonte: http://burc.regione.campania.it

- con nota acquisita al prot. reg. n. 241115 del 15/05/2024 la Società Mazzafarro s.r.l. ha trasmesso all'U.S. 60.12.00 Valutazioni Ambientali della Regione Campania (oggi US 306.00.00 istanza di PAUR);
- con nota protocollo n. 59259 del 11/12/2024, l'U.S. 60.12.00 Valutazioni Ambientali ha dato comunicazione dell'avvio del procedimento in oggetto. A seguito dei 30 giorni previsti per la consultazione pubblica non sono pervenute osservazioni.
- con nota prot. n. 65012 del 07/02/2025 l'U.S. 60.12.00 Valutazioni Ambientali della Regione Campania trasmette richiesta di integrazione nel merito tecnico ex. art 27 bis comma 5 Dlgs 152/2006.
- Con nota prot. n. 546209 del 21/10/2025 viene trasmessa nuovamente richiesta di integrazioni per effetto del riavvio della procedura a beneficio del Comune di Castel Volturno;
- Successivamente si è proceduto ad una seconda fase di consultazione pubblica a seguito della quale non sono pervenute osservazioni.
- con nota prot. n. 640998 del 20/11/2025 la società Mazzafarro s.r.l. ha trasmesso la documentazione predisposta in riscontro alla richiesta di integrazioni formulata dall'U.S. Valutazioni Ambientali della Regione Campania.
- in sede di prima e seconda conferenza di servizi sono stati richiesti alcuni chiarimenti, riscontrati dal proponente rispettivamente in data 25/03/2026 (prot. reg. n. 302802) e 08/05/2026 (prot. reg. n. 430245)

Il procedimento nel dettaglio è descritto nei verbali delle Conferenze di Servizi, cui si rimanda per approfondimenti.

Tipologia d'opera

Il progetto rientra nella tipologia elencata nell'Allegato IV alla Parte Seconda del D. Lgs.152/2006, al punto 2 lettera lettera b) impianti industriali non termici per la produzione di energia, vapore ed acqua calda con potenza complessiva superiore a 1 MW e non ricade neppure parzialmente in aree naturali protette come definite dalla L.394/1991 (nazionali e/o regionali comprensive delle Aree contigue) e/o nei siti della Rete Natura 2000.

Il proponente ha presentato istanza per il rilascio del provvedimento di VIA, integrata con la VIncA, e del Provvedimento Autorizzatorio Unico Regionale ai sensi dell'art.27bis del D. Lgs.152/2006.

0.2. Adeguatezza degli elaborati presentati

Lo Studio di Impatto Ambientale (SIA) è stato presentato a corredo dell'istanza e rivisto a seguito della richiesta di integrazioni (nota PG/2025/0065012 del 07/02/2025). La presente istruttoria è stata quindi svolta sullo Studio di Impatto Ambientale rivisto e trasmesso in data 20/11/2025 e su tutti i documenti trasmessi allegati all'istanza, al riscontro alle integrazioni e ai riscontri ai chiarimenti richiesti in sede di cds.

1. DESCRIZIONE DEL PROGETTO E CONTENUTI DELLO STUDIO DI IMPATTO AMBIENTALE

Di seguito si fornisce la descrizione del progetto, con informazioni relative alla sua ubicazione, dimensioni ed altre caratteristiche, così come desumibili dallo Studio di Impatto Ambientale, di seguito anche SIA (allegato all'istanza in questione e successivamente rivisto) e i suoi allegati nonché con gli ulteriori chiarimenti acquisiti a seguito delle sedute di Conferenza di Servizi.

1.1 Introduzione al progetto

Il progetto presentato riguarda la realizzazione di un impianto fotovoltaico della potenza di 7,49 MWp + 20,00 MW di B.E.E.S. e del cavidotto interrato di collegamento in antenna a 36 kV su una futura Stazione Elettrica (SE) della RTN da collegare in entra – esce alla linea RTN a 380 kV "Garigliano ST – Patria", denominata S.E. "Cancello 380/150/36". Le due Stazioni Elettriche, "Cancello 380/150 kV" e "Cancello 36 kV", sono presenti in due tavoli tecnici di TERNA. A tal proposito, nel riscontrare le richieste di chiarimenti di questo Ufficio, evidenziate nel corso della I seduta di CdS in data 25/03/2026, è stato dichiarato che "*la stazione elettrica denominata "Cancello380", pur essendo richiamata negli elaborati progettuali in quanto infrastruttura ricompresa tra le opere connesse all'iniziativa, secondo quanto previsto dalla STMG rilasciata da Terna S.p.A., […] non rientra nel presente procedimento autorizzativo*" e che "*la suddetta infrastruttura risulta già assentita nell'ambito di un distinto iter amministrativo afferente alla società Bonito Storage S.r.l., conclusosi con il rilascio del Decreto Dirigenziale n. 55/18/2024 del 17/10/2024*". Pertanto, "*la stessa deve intendersi esclusa dal presente procedimento, in quanto già oggetto di autonomo titolo autorizzativo efficace*".

Le aree interessate dai moduli fotovoltaici interessano il Foglio 1 particelle n. 121/183/184 e Foglio 1 particelle n. 3/170 del Comune di Castel Volturno (Ce) e il Foglio 55 particelle n. 225-5034 del Comune di Mondragone

fonte: http://burc.regione.campania.it

(Ce). Tali particelle sono esenti da beni tutelati ai sensi dell'art. 142 del D. lgs. 42/2004 compreso i vincoli da usi civici (art. 142 co. 1 lett. h).
In sintesi, il progetto prevede la realizzazione di una centrale di produzione di energia elettrica con accumulo, con una superficie complessiva di progetto pari a 12,00 ha circa. L'area totale occupata dall'opera in progetto risulta pari a circa 12 ha, mentre quella occupata dai pannelli fotovoltaici, viabilità, B.E.S.S. e cabine risulta pari a circa 8.2 ha. Dunque, l'area che potrà essere coltivata (considerando un pitch di 9,0 m tra le strutture) sarà pari a circa 3.8 ha, ovvero il 37% del totale e la superficie occupata dall'impianto fotovoltaico è il 63%.
Si prevede l'utilizzo di moduli bifacciali posizionati su tracker mono assiali orientati asse Nord-Sud con sistema intelligente di rotazione con inseguimento al sole, finalizzato alla massimizzazione della produzione ed efficienza ed alla riduzione dell'utilizzo del suolo. Il sistema BESS (accumulo di energia con batterie) avrà una potenza nominale di 20,00 MW / 80 MWh – BESS 20 MW a 4h e sarà costituito da batterie del tipo a ioni di litio, o tecnologia equivalente. Il cavidotto di connessione alla SE di nuova realizzazione avrà una lunghezza di circa 13,6 Km ed interesserà la viabilità esistente, ovvero la SP158, la SP 255, SP 161 per poi immettersi sulla SP 18 verso Via Armando Diaz fino al punto di Connessione.
La producibilità dell'impianto fotovoltaico è stata stimata in 12.550.991,91 kWh/anno. Inoltre, visto che si prevede anche l'installazione del sistema di accumulo, nel SIA si riporta che "*la producibilità generata dall'intero progetto potrà essere valutata come somma delle producibilità ottenibili dai due sistemi FV+B.E.S.S. (ad 1 ciclo) in 35.910.991,91 kWh/annuo*", con una riduzione di 17.811,85 t/anno delle emissioni di CO2. Tale aspetto è stato evidenziato dal proponente in riscontro al **punto 1) e al punto 2) d**ella richiesta di integrazioni.

1.2 Localizzazione dell'intervento

L'impianto fotovoltaico (denominato "*Mazzafarro*") sarà realizzato su terreni situati nei comuni di Castel Volturno e Mondragone (Ce) e delle sue opere di connessione ricadenti nel territorio comunale di Cancello ed Arnone (Ce). Le aree su cui verrà realizzato l'impianto sono costituite da suolo agricolo classificate secondo il piano in "*Zona E1 – agricola*", avente una superficie complessiva di circa 123.534 mq.
Il cavidotto di connessione della lunghezza di circa 13.6 Km interesserà la viabilità esistente, sarà posizionato ad una profondità di 1,2 m dal Piano stradale, intersecherà il corso d'acqua Fiume Volturno e costeggerà lungo il percorso sulla viabilità pubblica SP158 il Canale Agnena ricadendo quindi all'interno di aree tutelate dall'art.142 comma 1 lett.c.
Nel riscontrare il **punto 27)** della richiesta di integrazioni, al fine di fornire un quadro chiaro dello stato di fatto, il proponente ha trasmesso l'elaborato "*RDA-09_Report fotografico*" riportante il rilievo fotografico di dettaglio dell'area destinata al campo fotovoltaico e del percorso del cavidotto. Delle numerose fotografie presentate, se ne riporta una relativa all'area destinata al campo fotovoltaico, mentre per le altre si rimanda all'elaborato citato:

1.3 Coerenza con il quadro di riferimento programmatico

Nel SIA si analizzano i seguenti riferimenti di pianificazione e programmazione; per alcuni si riportano alcune informazioni così come emerse nel corso della presente istruttoria.

- Piano Energetico Nazionale (PEN)

fonte: http://burc.regione.campania.it

- Strategia Energetica Nazionale (SEN)
- Piano Energetico Ambientale Regionale (P.E.A.R.) della Regione Campania
- Linee Guida Autorizzazione degli impianti alimentati da fonti rinnovabili
- Piano Stralcio per l'Assetto Idrogeologico (P.A.I.) – AdB Distrettuale Appennino Meridionale

Con riferimento al Piano Stralcio "*Rischio Frana*", l'area di intervento del progetto non rientra in nessuna zona cartografata a pericolosità da frana: la zona è pianeggiante e quindi non ci sono le condizioni di innesco di una particolare fenomenologia franosa.

In merito al Piano Stralcio Difesa Alluvioni, nella sua variante denominata PSDA-bav, l'area oggetto dell'intervento ricade nella perimetrazione delle aree retro-arginali "R" di cui al P.S.D.A.:

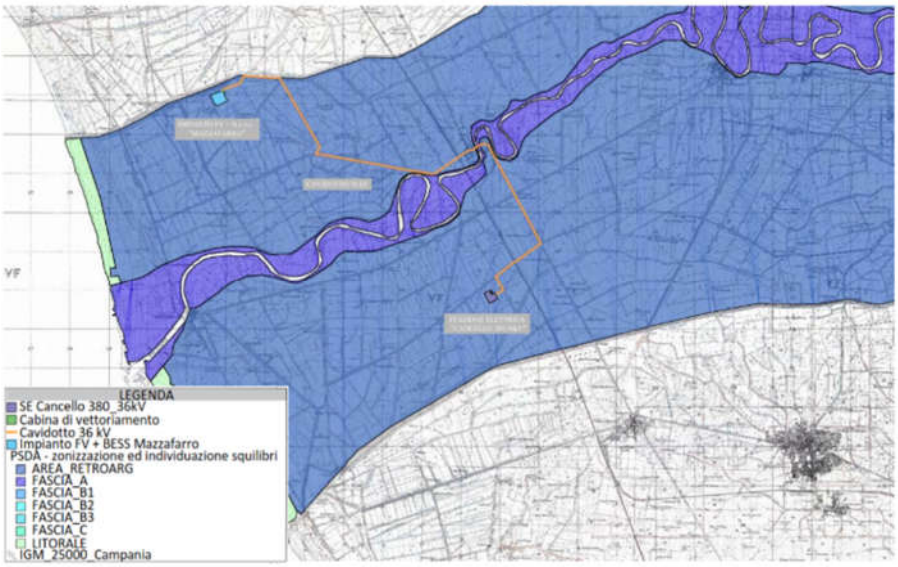

Figura 2 – Piano Stralcio Difesa Alluvioni

A tal proposito, nel SIA si riporta l'art. 19 delle NT per le costruzioni ricadenti in Fascia A ed in aree R ("*Tipologie edilizie Per le nuove costruzioni ammesse ai sensi delle presenti norme nella fascia A e nelle aree R è fatto obbligo di osservare le seguenti prescrizioni tipologico-dimensionali e d'uso: la quota minima del primo livello utile a fini residenziali e/o produttivi non deve essere inferiore a mt. 1,50 rispetto alla quota massima del piano di campagna a sistemazione di progetto eseguita; al di sotto di detto primo livello utile non possono essere previsti neppure ambienti di servizio o pertinenze tecniche di alcun tipo…*"). Con riscontro al **punto 15)** della richiesta di integrazioni, il proponente ha chiarito che tale prescrizione è rispettata in quanto i piani di calpestio delle strutture ed i vani tecnici (cabine ed inverter) dell'impianto fotovoltaico saranno posizionate a quota +1,50 dal piano campagna mediante la realizzazione di strutture a palo ancorate nel terreno lasciando pressoché imperturbato il normale deflusso sul terreno delle acque zenitali e senza determinare alcun aumento di superficie coperta o ostacolo al deflusso.

Vincolo idrogeologico

Le intere aree comunali interessate dal progetto e aree di intervento non sono interessate da vincolo idrogeologico ai sensi del RD 30 dicembre 1923, n. 3267.

- Tutela del paesaggio. Decreto Legislativo 42/2004

Il cavidotto verrà ancorato sul fianco del ponte esistente che attraversa il Fiume Volturno. Tale opera richiede l'acquisizione dell'autorizzazione paesaggistica.

- Linee Guida di cui al Decreto Ministeriale 10 settembre 2010
- Aree naturali protette, Rete natura 2000

L'area oggetto dell'intervento non ricade all'interno di siti Unesco, Parchi Nazionali, Regionali e riserve naturali; non interessa Zone di Protezione Speciale (ZPS). Solo il cavidotto Interrato di connessione alla futura stazione elettrica "Cancello 380/150/36" interesserà l'area ZSC IT8010027 "*Fiume Volturno e Calore Beneventano*". La superficie destinata ai pannelli fotovoltaici e la Stazione Elettrica distano, rispettivamente, 4,1 km e 2,1 km dal sito Natura 2000 individuato.

- Piano Territoriale di Coordinamento Provinciale di Caserta (PTCP)

L'area del generatore fotovoltaico e della futura stazione elettrica non ricadono all'interno delle aree tutelate ai sensi del D.lgs. 42/2004 e s.m.i; il cavidotto interrato, insistente sulla viabilità pubblica preesistente, interesserà l'attraversamento di una area tutelata (Fiume Volturno).
L'impianto dista oltre 9 Km dall'aeroporto di Grazzanise, distanza superiore ai 6 Km previsti dalla assoggettabilità al rilascio del nulla osta da parte dell'ENAC. Si sottolinea che i moduli fotovoltaici sono protetti da rivestimenti antiriflettenti.

- Piano Urbanistico Comunale del Comune di Castel Volturno

Le aree interessate dal progetto appartengono alla zona E "*area agricola e dell'edilizia diffusa esistente*".

- Piano Urbanistico Comunale del Comune di Mondragone

Le aree interessate dal progetto appartengono alla zona "*aree agricole*".

- Piano Urbanistico Comunale del Comune di Cancello ed Arnone

Le aree interessate dal progetto appartengono alla zona E "*agricola*".

- Pianificazione di Zonizzazione Acustica comunale

Il comune di Castel Volturno ha redatto il piano di zonizzazione acustica classificando l'area oggetto di interventi come di *Tipo Aree prevalentemente residenziali – II Area*. Anche per il Comune di Mondragone (CE) è stato redatto il piano di zonizzazione; l'area d'impianto viene classificata come *Aree di tipo misto – Zona di classe III*.

In riscontro al **punto 12)** della richiesta di integrazioni, ovvero di chiarire se, in un intorno significativo dell'area dell'impianto (campo FV e cavidotto) sono presenti attività a vocazione turistica e/o correlate ad attività turistiche e, se presenti, valutarne i potenziali impatti e/o interferenze, è stato chiarito che "*nell'intorno dell'area di impianto, il territorio risulta prevalentemente caratterizzato da un sistema agricolo a colture estensive*" e che "*non si rilevano, nell'immediata vicinanza, centri abitati o attività di tipo turistico o similari*". È stato inoltre trasmesso uno stralcio dell'elaborato "*TDE-12_Indicazione ricettori*", da cui emerge che "*le unità presenti nell'area circostante sono per lo più classificate catastalmente come abitazioni civili, unità collabenti o immobili a destinazione produttiva connessi ad attività agricole*" e che "*tali unità risultano distribuite a distanze variabili dalla recinzione dell'impianto, comprese tra un minimo di circa 30 metri e un massimo di circa 227 metri*". Stessa analisi è stata svolta analizzando il tracciato del cavidotto (posato lungo la viabilità preesistente): sono state riscontrate in prevalenza unità abitative, non si riscontrano unità dedite ad attività turistiche o affini e non si riscontra la presenza di ricettori sensibili:

1.4 Descrizione del progetto

Il progetto presentato riguarda la realizzazione di un impianto fotovoltaico della potenza di 7,49 MWp + 20,00 MW di B.E.E.S. e del cavidotto interrato di collegamento in antenna a 36 kV su una futura Stazione Elettrica (SE) della RTN da collegare in entra – esce alla linea RTN a 380 kV "Garigliano ST – Patria", denominata S.E. "Cancello 380/150/36".

Il progetto prevede la realizzazione di una centrale di produzione di energia elettrica con accumulo, con una superficie complessiva di progetto pari a 12,00 ha circa. L'area totale occupata dall'opera in progetto risulta pari a circa 12 ha, mentre quella occupata dai pannelli fotovoltaici, viabilità, B.E.S.S. e cabine risulta pari a circa 8.2 ha, pertanto, l'area che potrà essere coltivata (considerando un pitch di 9,0 m tra le strutture) sarà pari a circa 3.8 ha, pari a ben il 37% del totale; quindi, la superficie occupata dall'impianto fotovoltaico è solamente il 63%.

Si prevede l'utilizzo di moduli bifacciali posizionati su tracker mono assiali orientati asse Nord-Sud con sistema intelligente di rotazione con inseguimento al sole, finalizzato alla massimizzazione della produzione ed efficienza ed alla riduzione dell'utilizzo del suolo. Il sistema BESS (accumulo di energia con batterie) avrà una potenza nominale di 20,00 MW / 80 MWh – BESS 20 MW a 4h e sarà costituito da batterie del tipo a ioni di litio, o tecnologia equivalente. Il cavidotto di connessione alla SE di nuova realizzazione avrà una lunghezza di circa 13,6 Km ed interesserà la viabilità esistente, ovvero la SP158, la SP 255, SP 161 per poi immettersi sulla SP 18 verso Via Armando Diaz fino al punto di Connessione.

Si riporta il layout dell'impianto:

Figura 5 – layout di impianto

Caratteristiche del progetto

La produzione fotovoltaica sarà garantita dalla presenza di 10.780 moduli fotovoltaici, della potenza di 695 Wp cadauno, installati su n. 31 trackers da 28 moduli e n. 177 trackers da 56 moduli.

L'impianto occuperà complessivamente circa 12 ettari, che all'attualità risultano essere dedicati alle coltivazioni di seminativi, per la quasi totalità foraggere legate alla filiera zootecnico-bufalina. I trackers e la viabilità occuperanno, rispettivamente, una superficie di 36.951,17 mq e di 6.008,45 mq; mentre la superficie libera dell'impianto è di 81.977 mq. La vita utile dell'impianto è stata ipotizzata "*superiore ai 25 anni*".

Moduli fotovoltaici

Il progetto prevede l'utilizzo di moduli fotovoltaici da 695 Wp, policristallini e bifacciali.

Sistema di accumulo

Il sistema di accumulo è costituito dalla presenza di 20 Containers contenenti le batterie a ioni di litio con n. 5 Storage Power Stations. Le batterie saranno sigillate e posizionate all'interno dei container dotati di impianti di condizionamento e realizzati con fondazioni a platea con profondità di posa che si aggirano tra i 30 ed il 50 cm dal piano campagna.

Strutture di supporto

Le strutture a supporto dei moduli (trackers) saranno in acciaio zincato a caldo ed ancorata al terreno tramite infissione diretta nel terreno ad una profondità idonea a sostenere l'azione del vento / neve. I tracker avranno una distanza minima da terra pari a 50 cm ed un'altezza massima di 4,75 m (altezza massima dello spigolo più

alto del modulo fotovoltaico nelle ore mattutine e/o serali). L'asse di rotazione è situato a circa 2,60 m dal suolo.
Le configurazioni previste sono di due tipi, una con 1 stringa per ogni struttura Tracker (inseguitore) che è composta da 2P (2 Portrait) x 28 moduli con disposizione asse rotazione Nord/Sud e l'altra una con 1 stringa per ogni struttura Tracker (inseguitore) che è composta da 2P (2 Portrait) x 56 moduli con disposizione asse rotazione Nord/Sud. Ogni tracker, che porta 28 o 56 moduli fotovoltaici, è sostenuto da 3 piedritti; pertanto, ne deriva un'incidenza media di circa 1 piedritto ogni 100 m² di superficie del parco fotovoltaico.

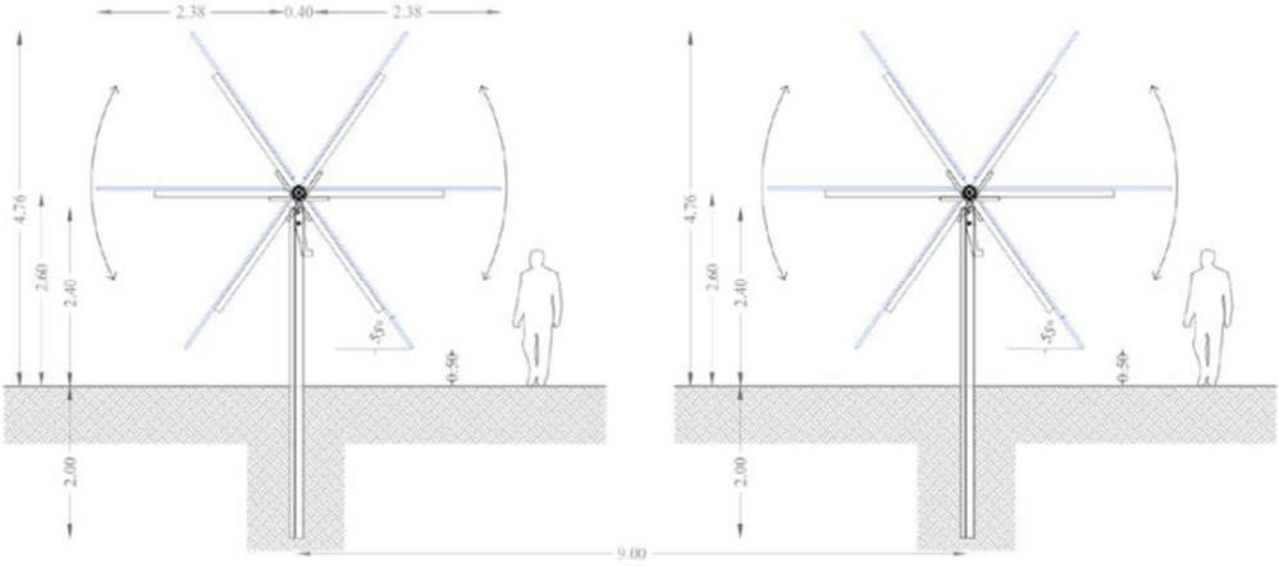

Figura 6 – strutture di supporto ai moduli fotovoltaici

Nel SIA si evidenzia che tale soluzione riduce al minimo le perdite di ombreggiamento e garantisce un rapporto di copertura del suolo ottimale dell'area favorendo una minima incidenza possibile in ragione della massima producibilità ottenibile. Inoltre, la scelta di utilizzare trackers ad inseguitori monoassiali consente di stimare una produzione di energia maggiore tra il 10 e il 25%.
Le strutture a supporto dei moduli (trackers) saranno in acciaio zincato a caldo ed ancorata al terreno tramite infissione diretta nel terreno (senza l'ausilio di opere di fondazione) ad una profondità idonea a sostenere l'azione del vento / neve, ovvero 2,00 metri dal piano campagna:

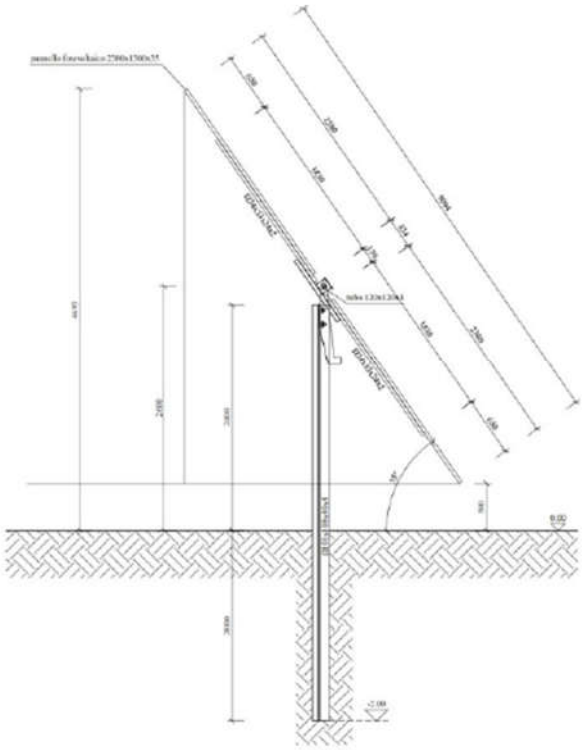

Figura 7 – dettaglio strutture di supporto

fonte: http://burc.regione.campania.it

Le stesse saranno del tipo inseguitori mono assiali con distanza minima da terra pari a circa 50 cm e raggiungono altezza massima di 475 cm circa (altezza massima dello spigolo più alto del modulo fotovoltaico nelle ore mattutine e/o serali). L'asse di rotazione è situato a circa 2,6 m dal suolo. Le configurazioni fornite sono due, una con 1 stringa per ogni struttura Tracker (inseguitore) che è composta da 2P (2 Portrait) x 28 moduli con disposizione asse rotazione Nord/Sud e l'altra una con 1 stringa per ogni struttura Tracker (inseguitore) che è composta da 2P (2 Portrait) x 56 moduli con disposizione asse rotazione Nord/Sud.

Inverter
Il sistema fotovoltaico si avvale di inverter di stringa trifase, con indicazione dei parametri elettrici e meccanici.

Cavidotti interni all'impianto
Gli scavi, per alloggiare le linee elettriche in corrente continua, saranno realizzati principalmente lungo la viabilità interna del campo ed avranno dimensioni di circa 0,40 x 1,20 m. All'interno degli scavi saranno alloggiati tubi in polietilene a doppia parete corrugati e di colore esterno rosso, con pareti interne lisce, le tubazioni saranno corredate di filo di guida resistente ed avranno un diametro esterno variabile, o superiore.
Nel fondo dello scavo e per tutta la sua estensione sarà collocato uno strato di sabbia di uno spessore pari a 5-10 cm sulla quale saranno appoggiati i tubi. Le tubazioni saranno ricoperte da un ulteriore strato di sabbia di spessore 10 cm. Lo scavo sarà quindi riempito dalla terra di risulta dello scavo stesso.
La parte superiore dei tubi sarà ad una distanza variabile tra i 50 ed 80 cm dal livello del terreno.
In ciascuna derivazione e/o cambio di direzione ed ogni 30-40 m di percorso, si installeranno dei pozzetti prefabbricati, di dimensioni 80 x 80 cm ad una profondità di circa 80 cm.
Saranno installati direttamente lungo gli scavi ed il fondo dei pozzetti sarà direttamente il terreno, perfettamente pulito, in modo da facilitare l'evacuazione delle acque. La parte superiore sarà rifinita e compattata.
All'interno dei pozzetti si identificheranno i cavi transitanti con appositi morsetti numerati. L'entrata e l'uscita dei conduttori dalle tubazioni all'interno dei pozzetti sarà sigillata con schiuma di poliuretano espanso o similare in modo da evitare l'ingresso di animali roditori.

Punto di connessione
Il cavidotto di connessione della lunghezza di circa 13,6 Km interesserà la viabilità esistente e sarà posizionato ad una profondità di 1 m dal Piano stradale.
L'impianto di connessione sarà realizzato mediante cavidotto interrato sulla viabilità pubblica esistente e interesserà le strade: Strada Provinciale 158 - II, Strada Provinciale 255 - via Chiappari, Strada Provinciale 161- via P. Pagliuca / via G. Mazzini, la Strada Provinciale 18 – Via Consolare, Strada Provinciale 18-via Armando Diaz, per poi immettersi nella Stazione Elettrica di nuova realizzazione, Cancello 380/150/36 kV.
I cavi 36 kV di connessione tra l'impianto e la rete saranno in alluminio con formazione ad elica visibile del tipo ARE4H5EX, conformi alla specifica tecnica ENEL DC4385 e con una sezione minima calcolata tenendo conto di una caduta di tensione massima ammissibile <0,5%.
Tutte le operazioni per loro messa in opera saranno eseguite secondo le norme CEI 20-13, 20-14, 20-24.
Il percorso dai generatori AC fino alla sua consegna al trasformatore a 36 kV sarà realizzato attraverso diverse sezioni di conduttori con diverse geometrie e caratteristiche.
In riscontro al **punto 3)** della richiesta di integrazione (la cui richiesta era "*in relazione al cavidotto, nel SIA si legge che "Lungo il percorso lo stesso sarà interessato dall'attraversamento di un corso d'acqua vincolato ai sensi del D. lgs 42/04 per una fascia di 150 metri denominati: - Fiume Volturno - Canale Agnena"; si chiede di valutare le modalità di superamento delle interferenze con zone alluvionali e corsi d'acqua vincolati ai sensi del D. lgs 42/04 per una fascia di 150 metri*"), il proponente ha chiarito quanto segue. L'attraversamento con il canale Agnena è da considerare come *"parallelismo con il corso d'acqua",* ovvero "*il cavidotto esce dai terreni oggetti di installazione dell'impianto fotovoltaico per poi immettersi sulla viabilità preesistente e percorrere il tratto della SP158 in parallelismo con il canale Agnena, per poi immettersi su via Pietro Pagliuca*", pertanto "*la realizzazione del cavidotto interrato, sarà posato al di sotto della viabilità esistente e non interferirà direttamente né con il canale vincolato né con le vedute paesaggistiche ad esso legate*":

fonte: http://burc.regione.campania.it

Figura 8 – posa del cavidotto – risoluzione interferenza con il canale Agnena

In merito agli attraversamenti delle interferenze, il proponente chiarisce che "s*aranno realizzate mediante tecnica dello spingi-tubo o mediante T.O.C. in modo da non pregiudicare i sottoservizi ed i canali presenti sul territorio circostante*".
Per quanto riguarda l'attraversamento del Fiume Volturno, nel riscontro al medesimo **punto 3)** della richiesta di integrazioni, si evidenzia che *"sarà realizzato mediante staffaggio sulla spalletta del ponte preesistente, attraverso la realizzazione di una canaletta per il passaggio cavi*" e che "*tale tipologia di attraversamento, oltre a non arrecare nessun danno al normale deflusso delle acque, essendo lo stesso posizionato su un'infrastruttura preesistente sopraelevata rispetto al corso del fiume, potrà essere utilizzata anche al fine di canalizzare la moltitudine di cavi presenti in modo disordinato al fine di garantire condizioni minime di sicurezza e di manutenzione della struttura viaria e dei sottoservizi*".

SE di Utenza
Le apparecchiature elettriche di manovra sono di tipo prefabbricato con involucro metallico collegato a terra. Le distanze e la tenuta di isolamento sono dimensionati in riferimento alla tensione nominale di esercizio. Le apparecchiature possono essere costituite da scomparti predisposti per essere accoppiati tra loro in modo da costituire un'unica apparecchiatura o da quadro isolato come da specifiche elettriche.

Stazione di RTN
Il cavidotto interrato raggiungerà la futura Stazione di RTN "Cancello380/150/36", che sarà realizzata nel comune di Cancello Arnone in provincia di Caserta. L'area della stazione in progetto ha una superficie di circa 62.667 mq comprensiva dell'area necessaria ai rilevati e all'area di rispetto e si prevede anche l'installazione di un edificio di comando e controllo, di edifici servizi ausiliari e servizi generali, di un edificio quadri 36 kV, di un edificio magazzino e di un chiosco per apparecchiature elettriche.
In merito alle opere idrauliche previste per l'area della futura S.E. "Cancello 380/150/36 kV", nel SIA si riporta che "*è prevista una rete di raccolta delle acque meteoriche che ricadono sulle superfici pavimentate in modo impermeabile, quali strade e piazzali asfaltati, e sulle coperture degli edifici*", che "*la rete sarà costituita da pozzetti di raccolta in calcestruzzo con caditoie in ghisa e da tubazioni in PVC o Pead*" e che "*i piazzali in corrispondenza delle apparecchiature elettriche AT saranno realizzati con superfici drenanti ricoperte con pietrisco riducendo così le quantità d'acqua da smaltire*". Nel dettaglio, "*le acque di prima pioggia saranno convogliate in una vasca di trattamento costituita da una vasca di sedimentazione e da un disoleatore. Le acque di prima pioggia opportunamente trattate e le acque di seconda pioggia saranno vettoriate, attraverso una tubazione in PVC o Pead di D=500mm, verso un canale di scolo esistente*".
Nel SIA era evidenziato che "*la società capofila per la realizzazione della nuova stazione elettrica "Cancello 380/150 kV" sarà la società Campania Solare s.r.l.*". Con il riscontro alle richieste di chiarimenti di questo Ufficio, evidenziate nel corso della prima CdS in data 25/03/2026, è stato chiarito che "*la stazione elettrica denominata "Cancello380", pur essendo richiamata negli elaborati progettuali in quanto infrastruttura ricompresa tra le opere connesse all'iniziativa, secondo quanto previsto dalla STMG rilasciata da Terna*

fonte: http://burc.regione.campania.it

S.p.A., […] non rientra nel presente procedimento autorizzativo" e che "*la suddetta infrastruttura risulta già assentita nell'ambito di un distinto iter amministrativo afferente alla società Bonito Storage S.r.l., conclusosi con il rilascio del Decreto Dirigenziale n. 55 del 17/10/2024*". Pertanto, "*la stessa deve intendersi esclusa dal presente procedimento, in quanto già oggetto di autonomo titolo autorizzativo efficace*".

Recinzioni e cancelli

Il parco fotovoltaico, al fine di evitare danni vandalici, è delimitato da una recinzione realizzata lungo il confine del lotto, lungo la strada e in corrispondenza dei canali, dove saranno rispettate le opportune fasce di rispetto.
Si prevede di realizzare una recinzione, costituita da elementi modulari rigidi (pannelli) in tondini di acciaio elettrosaldati di diverso diametro, con un'altezza totale da terra di circa 2,50 ml, lasciando uno spazio libero tra il piano campagna e la recinzione di almeno 20 cm per facilitare la migrazione della fauna selvatica di piccolo taglio originaria della zona casertana con i pali che saranno fissati ad intervalli di 2,00 m circa l'uno dall'altro. Per la realizzazione della recinzione è stata rispettata la distanza dal confine stradale, ovvero non inferiore ai 3 metri come indicato dal D.P.R. 16/12/1992 n. 495 e succ. mod..
Per mitigare l'impatto visivo, lungo tutto il perimetro è prevista la realizzazione di una siepe di Leccio e/o Lauroceraso, con una piantumazione fitta per creare l'effetto di coprenza continua. Tale aspetto è stato approfondito anche in riscontro al **punto 28)** della richiesta di integrazioni. Nel SIA si riporta che "*Il Leccio presenta una buona resistenza alle raffiche di vento ideale per resistere ai venti soprattutto quelli derivanti di natura marina, fiorisce nei mesi di maggio con la successiva produzione di bacche (del tutto assimilabili per caratteristiche nutritive/tipologiche alle castagne)*", e che "*La potatura viene realizzata in autunno al fine di sfoltire e contenere la folta chioma*". Analogamente nel medesimo documento sono descritte le caratteristiche del Lauroceraso che "*garantisce una protezione fonoassorbente ed ha una caratteristica di fogliame denso per questo sono ideali per la formazione di siepi, produce fiori piccole e frutti a bacca dell'ordine del centimetro, ha una crescita lenta dell'ordine di 50 cm l'anno circa e la potatura, pertanto, si effettua due volte l'anno a giugno e settembre*". Inoltre, nel SIA stesso, si legge che "*il leccio o lauroceraso genera un albero a buona crescita e buona coprenza*", che "*il leccio o lauroceraso permette di realizzare una corretta manutenzione della siepe, lasciandone spazio di lavoro*" e che "*il leccio o lauroceraso permette alla fauna presente nell'intorno di sviluppare la propria specie, offrendo riparo, posto di annidamento ed impallinatura*".
In sintesi, tali essenze saranno installate all'esterno della recinzione, garantendo le distanze dai confini, con una altezza delle siepi "*di 3 metri*".
Sarà inoltre previsto un cancello in metallo ad apertura manuale e/o automatica per l'accesso carrabile ed uno di dimensioni ridotte per l'accesso pedonale, collocato in posizione arretrata dal ciglio stradale ad una distanza sufficiente a consentire condizioni di sicurezza e buona visibilità ai veicoli in entrata/uscita nell'area. Di seguito si riporta un esempio di recinzione con Leccio o Lauroceraso:

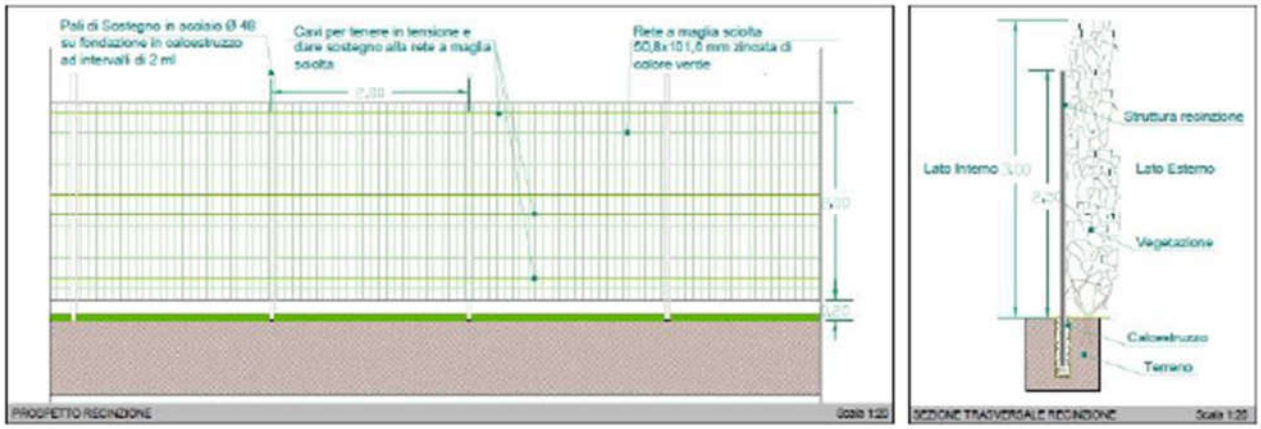

Figura 9 – schema recinzione

fonte: http://burc.regione.campania.it

Figura 10 – fotoinserimenti recinzione

Nel riscontrare il **punto 28)** della richiesta di integrazioni, è stato ribadito che "*la scelta delle essenze per la mitigazione delle strutture dell'impianto sarà condotta verso piante autoctone che abbiano la caratteristica di integrarsi all'interno del contesto in cui inserite, abbiano una buona coprenza utile a mitigare la centrale fotovoltaica e che sia di facile gestione dal punto di vista manutentivo*" e che "*si è prescelto preliminarmente il Lauro come essenza autoctona da posare lungo tutto il perimetro della recinzione ad eccezione degli accessi e dei punti dove sono presenti le condotte consortili (angolo SUD-EST dell'area di progetto), tale scelta è stata effettuata al fine di consentire ampi spazi di manovra e gestione per le relative attività di manutenzione che potrebbero essere necessari all'ente consortile*", rimandando all'elaborato *TDAR-02* in cui sono indicati le opere di mitigazione e la tipologia della stessa con il relativo posizionamento previsto.
Anche nel riscontro alle richieste fatte in sede di I CdS, è stato ribadito che "*la definizione puntuale delle essenze vegetali da impiegare per la mitigazione delle strutture dell'impianto sarà orientata verso specie autoctone idonee a integrarsi nel contesto paesaggistico di riferimento, caratterizzate da adeguata capacità schermante nei confronti della centrale fotovoltaica e da una gestione manutentiva agevole*".

Illuminazione e videosorveglianza
L'impianto di illuminazione prevede l'utilizzo di n. 36 corpi illuminati da esterno, alti circa 4,5 mt. L'impianto sarà tale da gestire l'accensione delle luci solo nel caso in cui vi saranno intrusioni ad altezze superiori al metro al fine di evitare l'attivazione nel caso di intrusioni accidentali per animali di piccola taglia attraverso le aperture lasciate libere nella recinzione per il passaggio indisturbato della fauna locale. Saranno utilizzate lampade ad avanzata tecnologia ed elevata efficienza luminosa.
Con il riscontro ai **punti 11)** e **14)** della richiesta di integrazioni, è stato chiarito che si prevede l'utilizzo di corpi illuminati da esterno, con infissione a mezzo palo infisso oppure, nel caso in cui il terreno non consenta questa soluzione, si prevede la realizzazione di blocchetti in c.l.s. per una profondità di circa 80 cm dal piano campagna in modo da permettere l'ancoraggio del palo.
Si prevede che l'installazione dell'impianto di videosorveglianza avvenga sfruttando l'infrastruttura dei pali dell'illuminazione, sui quali saranno posizionate le telecamere, al fine di ottimizzare l'impiego delle risorse e minimizzare la necessità di nuove opere civili.

Strade di accesso e viabilità di servizio
La vicinanza con strade rende il sito facilmente accessibile da tale via di comunicazione: in riscontro al **punto 4)** della richiesta di integrazioni, il proponente ha trasmesso l'elaborato "*TDU-11 Percorso mezzi di cantiere*" con l'indicazione della viabilità esterna perseguibile dai mezzi. In sintesi, l'intero tracciato si sviluppa su viabilità pubblica, costituita principalmente da strade statali e provinciali, mentre nei tratti prossimi all'area di progetto si innesta su strade comunali. Le strade statali e provinciali coinvolte sono già dimensionate per

fonte: http://burc.regione.campania.it

sostenere flussi veicolari significativi, inclusi quelli generati dal transito di mezzi pesanti, risultando pertanto idonee a supportare anche la logistica legata alla realizzazione e manutenzione dell'impianto.
Per facilitare l'accesso ai mezzi di lavoro e manutenzione, è stata prevista una viabilità interna realizzata battendo i terreni; si prevedono strade bianche non asfaltate o cementate per minimizzare l'impatto ambientale.
Stante l'orografia del terreno pressoché pianeggiante con pendenze massime di circa l'1%, per la realizzazione della viabilità interna e di accesso non si prevedono grossi interventi di scavo e rinterro ma saranno previsti la rimozione dello strato vegetale superficiale e piccoli livellamenti delle zone evitando la formazione di avvallamenti ed il ristagno di acque al fine di mantenere inalterato il normale deflusso delle acque superficiali esistente, il tutto stimabile con profondità massime di 30-35 cm. Per la sovrastruttura tipo è prevista la messa in opera di due strati previa stesura di geo tessuto, ove necessario, come elemento di separazione avente grammatura pari a 200 g/mq:
- fondazione, realizzata con misto frantumato di cava con pezzature comprese tra i 0,2 e 20 cm ed uno spessore minimo di 30 cm. Tale spessore sarà funzione delle caratteristiche geotecniche del terreno sottostante e realizzato soprattutto in funzione dei carichi transitabili lungo la viabilità;
- Superficiale di "usura", costituita da misto granulare stabilizzato con legante naturale dello spessore di 20 cm.
I volumi e/o gli spazi residui, a opera eseguita, saranno rinterrati con i materiali provenienti dagli scavi e profilati in modo tale da favorire il naturale deflusso superficiale delle acque. Le fasi esecutive saranno le seguenti:
• scavo di sbancamento per ampliamento stradina esistente, e apertura di nuovi tratti, per la formazione del cassonetto previa l'eventuale rimozione di ceppaie e la regolarizzazione del fondo;
• compattazione del fondo degli scavi ai fini della realizzazione della sovrastruttura stradale;
• posa in opera di geo tessuto con funzione di separazione;
• costituzione del cassonetto con idonee materie appartenenti alle classi A1 ed A3 (sarà redatto apposito piano di riutilizzo delle terre e rocce da scavo), per strati di spessore di 30 cm circa, rullati e compattati.

Manutenzione e pulizia
Durante l'esercizio dell'impianto fotovoltaico, si prevedono dei controlli, dei rapporti giornalieri mensili e trimestrali e le diagnosi dei malfunzionamenti, che saranno rilevati a livello di stringa. Il sistema si basa su sensori ed un computer supervisore che raccoglie i dati, li elabora, li memorizza su disco e in caso di anomalie fa scattare un allarme.
Sono previsti delle pulizie dei moduli con una soluzione detergente autonoma e priva di acqua.
Tale aspetto è stato oggetto del **punto 17)** della richiesta di integrazioni di cui se ne riporta in sintesi il riscontro.
Per le operazioni di pulizia dell'impianto fotovoltaico, si prevede di utilizzare un sistema automatico basato su un detergente autonomo, che prevede l'impiego dei Robot T4 che effettuano la pulizia dei moduli mediante un sistema a secco, senza l'utilizzo di acqua, ma attraverso l'uso di panni in microfibra e la generazione di un flusso d'aria controllato, in grado di rimuovere le particelle di polvere depositate sui pannelli solari. Questa modalità di pulizia è stata prevista al fine di mantenere l'efficienza dei moduli fotovoltaici, garantendo la rimozione del particolato che potrebbe accumularsi sulla superficie captante.
I "*robot T4*" sono assegnati ai tracker e rimuovono in sicurezza oltre il 99% della polvere dai pannelli in una pulizia automatizzata notturna con funzionamento fino a 400 mq (200 moduli). La pulizia viene eseguita quando i tracker sono con angolo molto basso (fino a 5°). Il robot, leggero, utilizza una pulizia senza acqua metodo che combina una rotazione di elementi in morbida microfibra e generazione di flusso d'aria controllato a spingere le particelle di polvere dai pannelli solari. Tale azione è completamente automatizzata e non richiede operatori / manodopera. Il robot, inoltre, non necessita di alcuna fonte di energia esterna ed è completamente indipendente dal punto di vista energetico, in quanto equipaggiato con pannelli solari dedicati in base all'attracco stazione, consentendo la ricarica completa delle batterie durante il giorno:

fonte: http://burc.regione.campania.it

Figura 11 –robot per pulizia moduli fotovoltaici

È stata, inoltre, valutata la possibilità di effettuare, in via eccezionale, lavaggi ad acqua dei moduli fotovoltaici in caso di particolari eventi meteorologici (ad esempio precipitazioni sabbiose o periodi prolungati di siccità con conseguente accumulo di polveri). Tali operazioni sono state stimate con una frequenza massima di due volte l'anno. L'approvvigionamento idrico per tali lavaggi sarà garantito mediante autobotti dotate di botti irroratrici, in grado di fornire la pressione necessaria alla rimozione delle impurità. Non è previsto l'utilizzo di additivi o solventi: verrà, infatti, impiegata esclusivamente acqua, con lo scopo di rimuovere sabbia o polveri in eccesso. Il progetto prevede l'installazione di un totale complessivo di 10.780 moduli fotovoltaici. Assumendo un consumo medio di 2,5 litri d'acqua per modulo per ciascun lavaggio, il fabbisogno totale risulterà pari a circa 26,95 m³ di acqua per singolo intervento. Considerando due lavaggi annui per l'intera vita utile dell'impianto, stimata in 25 anni, il consumo complessivo sarà di circa 1.348 m³ di acqua.
Le acque di lavaggio non presenteranno caratteristiche inquinanti, poiché conterranno unicamente polveri e residui organici (come deiezioni aviarie) rimossi dalla superficie dei moduli.

Gestione delle aree verdi e integrazione con l'agricoltura
Il 63% dell'area di suolo non è occupata dalle strutture; pertanto, la società prevede la realizzazione di attività agricole interfilare affidate ad aziende del settore.
Il progetto prevede, quindi, operazioni di manutenzione agricola, quali interventi di potatura delle siepi e mantenimento delle essenze arboree autoctone impiantate lungo i confini (345 metri lineari di siepi).
Si prevede, inoltre, una attività agricola interfilare, relativa ad attività di cura e di semina, per produzioni che producano sufficiente economicità per l'operatore agricolo.

Figura 12 – dettaglio dell'impianto fotovoltaico

fonte: http://burc.regione.campania.it

Considerate le dimensioni dell'interfilare tra le strutture, tutte le lavorazioni del suolo, nella parte centrale dell'interfilare, possono essere compiute tramite macchine operatrici convenzionali senza particolari problemi. Poiché che nel SIA allegato alla istanza l'integrazione con l'agricoltura non sembrava ben definita, con il **punto 6)** della richiesta di integrazione sono stati chiesti chiarimenti. La società proponente ha quindi chiarito che "*In merito alla possibilità di coltivare in futuro le strisce di terreno comprese tra i pannelli, tale ipotesi nasce dall'esigenza di implementare le pratiche di gestione e manutenzione delle aree libere di impianto al fine di consentire una resa efficiente dell'impianto. In tal modo sarà possibile mantenere il suolo inerbito e lavorandolo in modo appropriato si preserveranno le proprietà fisiche, chimiche e biologiche dello stesso. Ovviamente il tutto in considerazione della qualità dei suoli. A tal proposito si è provveduto a sottoscrivere un accordo agricolo con un'azienda locale per la realizzazione di tali attività*".

Opere idrauliche

Relativamente al deflusso delle acque piovane, nel SIA si riporta che il progetto non modifica in modo rilevante l'impermeabilità del suolo, in quanto le superfici rese impermeabili (che corrispondono alle fondazioni in cemento delle cabine elettriche dell'impianto fotovoltaico) hanno un'estensione trascurabile rispetto all'intera area di progetto. I pannelli fotovoltaici, infatti, formano delle stringhe, ognuna posizionata su un tracker, che distano tra loro di 9 m e che quindi non hanno effetto coprente ed impermeabilizzante della superficie. A tal proposito, nel SIA si riporta che le strutture con i moduli "*intercettano le acque di pioggia qualche metro prima del suolo e le accompagnano su di esse, per cui non solo non determinano alcun aumento di superficie coperta, hanno anzi un effetto di mitigazione degli eventi meteorici più intensi nell'impatto verso il terreno*".
Inoltre, le pendenze dei terreni non saranno alterate rispetto all'esistente (l'area è pressoché pianeggiante) e saranno realizzate alcune stradine per l'accesso alle cabine interne all'impianto e per la manutenzione dello stesso, la cui struttura è realizzata in misto granulare e quindi non impermeabilizza il suolo.
In conclusione, nell'esercizio dell'impianto, "*in condizioni di normale piovosità non sono da temere fenomeni di erosione superficiale incontrollata sia per il fatto che tutte le aree rese permanentemente transitabili (strade e piazzole di servizio in corrispondenza delle cabine) non sono asfaltate sia perché l'area interessata dall'impianto è relativamente pianeggiante*".

Cronoprogramma delle opere

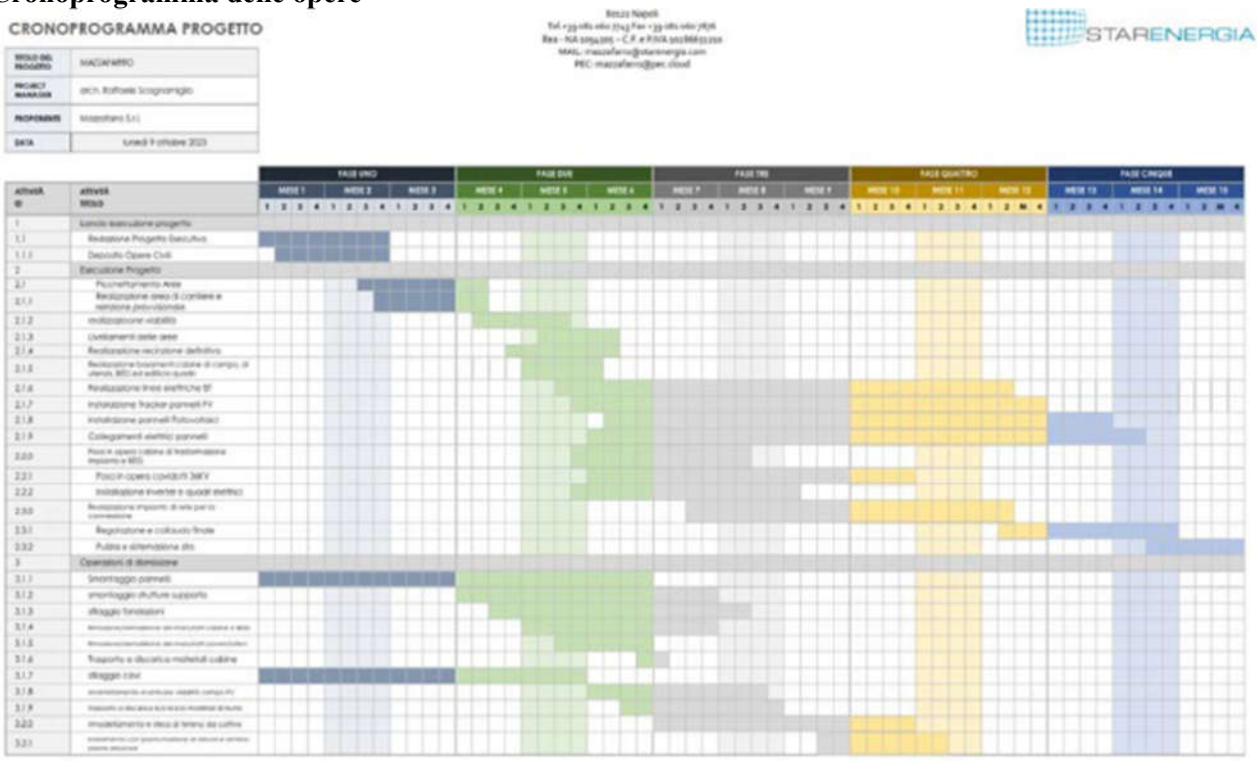

Figura 13 – cronoprogramma delle opere

Dismissione dell'impianto

L'opera a fine esercizio verrà smantellata e sarà ripristinato lo stato dei luoghi attraverso l'eliminazione di recinzioni, strutture di supporto dei pannelli fotovoltaici, cabine elettriche ed impianti tecnologici, secondo le seguenti operazioni:

a. Rimozione dei pannelli fotovoltaici e sue strutture portanti;

fonte: http://burc.regione.campania.it

b. Rimozioni vie cavi;
c. Rimozioni strada di servizio;
d. Rimozione di recinzione e relativi punti di fondazione;
e. Rimozione cabine elettriche relativa platea di fondazione;
f. Sistemazione delle aree interessate e relativo ripristino vegetazionale.

Per quanto riguardi i **moduli fotovoltaici**, questi sono costituiti da silicio (celle), quantità trascurabili di elementi chimici non tossici inseriti nel silicio stesso, vetro (protezione frontale), fogli di materiale plastico (protezione posteriore) e alluminio (per la cornice). I pannelli fotovoltaici rientrano nell'ambito di applicazione dei RAEE (Rifiuti da Apparecchiature Elettriche ed Elettroniche). Nel dettaglio, la rimozione dei pannelli fotovoltaici verrà eseguita da ditte specializzate, con recupero dei materiali: le strutture in acciaio e quelle in vetro verranno smontate e saranno smaltite presso specifiche aziende di riciclaggio, analogamente la cornice dei moduli fotovoltaici verrà inviata presso un centro di raccolta per l'alluminio.

Le **celle fotovoltaiche** saranno trattate in modo chimico per pulirle dai metalli e dai trattamenti (ad esempio antiriflesso), ottenendo delle strutture denominate "wafer" che possono costituire nuovamente la materia prima per nuovi moduli previo debito trattamento. Le celle che accidentalmente dovessero rompersi invece vengono riciclate nei processi di produzione dei lingotti di silicio.

Le **strutture di sostegno**, costituite da una struttura in profilati in materiali ferrosi (acciaio zincato – galvanizzato) ancorati a terra mediante infissione diretta nel suolo, saranno smontate ed inviate ad un centro di raccolta e riutilizzo di materiali ferrosi.

Le **linee elettriche** verranno sfilate; inoltre, si procederà alla rimozione e alla demolizione dei pozzetti di sezionamento/raccordo. Successivamente, si prevede la chiusura degli scavi e il ripristino dei luoghi. Allo stesso modo i quadri elettrici verranno smontati e separati fra i vari elementi costituenti carcasse metalliche ed apparecchi di misura e controllo ed avviati per quanto possibile a riutilizzo, le parti relative agli interruttori verranno invece inviate a smaltimento in discarica per rifiuti speciali.

Le **batterie** saranno gestite secondo le indicazioni del COBAT (consorzio obbligatorio per lo smaltimento delle batterie esauste) che si occupa della raccolta e dell'avvio al trattamento di pile, batterie e accumulatori recuperando nuove materie prime ed evitando la dispersione nell'ambiente di sostanze inquinanti.

Le **cabine elettriche** e la Power Station interna all'impianto, realizzate in elementi monoblocchi prefabbricati, consentono la recuperabilità integrale del manufatto con possibilità di poterla spostare e riutilizzare in altro luogo.

Nei **pozzetti elettrici** verrà demolita la copertina (consegnata a ditte specializzate per il recupero dei materiali), e, dopo aver sfilato i cavi, i pozzetti stessi verranno riempiti con materiale inerte (nella parte profonda) e con uno strato di cotica vegetale (per la parte superficiale) in modo da eliminare eventuali ostacoli alla coltivazione del fondo.

La **viabilità interna** è prevista in materiali inerti permeabili e non necessita di alcuna opera di rimozione; il progetto prevede che verrà conservata in esercizio anche dopo la dismissione dell'impianto per migliorare la viabilità connessa con lo sfruttamento agricolo.

Una volta rimossi i pannelli e le strutture di sostegno, le **aree di sedime** verranno restituite alla loro destinazione originaria, mediante la realizzazione di opere di regolarizzazione del terreno: infatti durante l'esercizio dell'impianto fotovoltaico si continuerà a mantenere inalterate le condizioni agricole dei suoli.

Al termine della vita utile dell'impianto fotovoltaico, la **recinzione** sarà smantellata in modo da consentire il ripristino geomorfologico dei luoghi con terreno agrario e recuperare il profilo originario del terreno. Il materiale proveniente dalle demolizioni, cls e acciaio, verrà consegnato da ditte specializzate per il recupero dei materiali.

Nelle aree interessate dagli interventi, quindi, al termine della vita utile dell'impianto, sarà possibile restituire le stesse all'uso originario per le attività di tipo agricolo; l'intervento proposto è, infatti, totalmente reversibile.

Rischio incidenti

Vista la natura delle opere previste nel progetto, si considerano trascurabili i rischi di incidenti causati da eventuali esplosioni, incendi o rotture che comportino rilasci nell'ambiente di sostanze tossiche, sversamenti accidentali o sostanze pericolose.

Piano di cantiere

Si prevede un cantiere, con accesso per i mezzi dal lato Sud dell'area in corrispondenza della SP158.

È stata prevista una zona dedicata per lo stazionamento e movimentazione mezzi per le attività di carico e scarico in modo da evitare eccessivi spostamenti nelle aree di cantiere. Sono stati previsti anche locali ad uso ufficio (in verde), infermerie, locali dei servizi di tipo chimico prefabbricati e dotati di vaschetta di raccolta acque la cui gestione sarà a carico dell'impresa.

fonte: http://burc.regione.campania.it

La zona di stoccaggio dei materiali, posta nei pressi dell'accesso dei mezzi di cantiere, circa nella mezzeria, dovrà prevedere nelle immediate vicinanze una zona di deposito materiali (ferro) e di lavorazione dello stesso, comprensiva di baraccamenti per un eventuale protezione dagli agenti atmosferici. Nelle vicinanze dell'uscita dei mezzi è stata inoltre prevista una zona di lavaggio ruote prima di lasciare il cantiere al fine di non compromettere la pulizia del manto stradale. La pulizia del lavaggio ruote avverrà con sistemi appositi fuori terra comprensivi di una vasca per il trattamento ed il riciclo delle acque.

Figura 14 – layout di cantiere

Nel riscontrare il **punto 5)** della richiesta di integrazioni, il proponente ha fornito chiarimenti in merito all'affermazione riportata nel SIA, ovvero che "*La zona di stoccaggio dei materiali, posta nei pressi dell'accesso dei mezzi di cantiere, circa nella mezzeria, dovrà prevedere nelle immediate vicinanze una zona di deposito materiali (ferro) e di lavorazione dello stesso, comprensiva di baraccamenti per un eventuale protezione dagli agenti atmosferici*". È stato infatti chiarito che la *"lavorazione del ferro"* cui ci si riferisce nel SIA è relativa ad "*operazioni di piegatura e sagomatura dei ferri, con la possibilità di eseguire anche tagli e saldature qualora necessari*" in quanto "*le strutture dei tracker, elementi di supporto dei moduli fotovoltaici, saranno realizzate utilizzando profilati a omega, che saranno assemblati direttamente in cantiere per garantire la corretta installazione e posizionamento dei moduli*".

Le informazioni sul cantiere sono state approfondite in riscontro al **punto 10)** della richiesta di integrazioni in cui veniva chiesto di "*Fornire la descrizione delle attività di cantiere, intese come tipologie di lavorazioni da svolgere, macchine e mezzi d'opera da impiegare, flussi di traffico indotti, indicazione e caratteristiche anche dimensionali delle aree temporaneamente impegnate, durata delle singole lavorazioni e ogni altra informazione utile alla comprensione delle attività di cantiere e alla sua configurazione/organizzazione*". Tra le attività di cantiere da realizzare sono state previste le seguenti fasi principali di lavoro:

- Fase 1: allestimento e organizzazione del cantiere con la realizzazione della recinzione, degli impianti di cantiere e l'apposizione della cartellonistica di cantiere. Per tale fase sono stati indicati i possibili disagi arrecati generati prevalentemente dagli afflussi al cantiere e dalla interferenza con la viabilità esterna. Per la viabilità limitrofa all'area di impianto, essendo caratterizzata da un modesto traffico sarà prevista un'eventuale limitazione della velocità al fine di ridurre maggiormente il possibile disagio;
- Fase 2: realizzazione di uno scotico superficiale al fine di regolarizzare il fondo ove occorre (si tratta di suoli pressoché pianeggianti, pertanto, tale intervento sarà minimo e limitato alla viabilità di cantiere;
- Fase 3: completamento della viabilità di progetto e realizzazione scavi per passaggio cavidotti e impianti interni. Posizionamento mediante infissione diretta nel terreno delle strutture fotovoltaiche. Realizzazione

fonte: http://burc.regione.campania.it

fondazione strutture (PSC, Cabine, BESS) e posa in opera strutture rialzate. Posizionamento strutture prefabbricate e apparati elettrici e collegamenti;
- Fase 4: Pulizia dell'area messa a dimora essenze di mitigazione previste, sistemazione del fondo.

Durante il cantiere, saranno introdotte le misure di mitigazione così come riportate nella documentazione allegata all'istanza e riassunte nel seguito della presente scheda.
All'interno delle aree destinate al cantiere, sono state previste per le varie attività:
- un'area di sosta e manovra per i mezzi, al fine di consentire lo scarico/carico dei materiali, individuata nei pressi dell'accesso in modo da evitare percorsi eccessivi e ridurre le emissioni favorendo anche soste temporanee dei mezzi non utilizzati;
- un'area di stoccaggio provvisorio delle dimensioni indicative di 20 m x 15 metri con l'indicazione del posizionamento di eventuali cassoni di contenimento i quali possono permettere la diversificazione dei materiali e la loro classificazione prima dell'eventuale conferimento in discarica o riutilizzo dello stesso;
- un'area di deposito materiali e attrezzi delle dimensioni di circa 20 metri x 35 metri al fine di consentire il deposito temporaneo dei materiali necessari per la realizzazione dell'impianto e le eventuali lavorazioni a farsi.

Rifiuti prodotti
Nel SIA, al par. 12.6, sono riportati in sintesi i dati relativi alla produzione dei rifiuti.
In fase di realizzazione / costruzione dell'opera si prevede la produzione di rifiuti "*rientranti nella categoria CER 17.00.00 (imballaggi) di rifiuti non pericolosi*" e "*movimentazione terra di scavo (trincee per passaggio cavi, realizzazione viabilità, ecc.)*"; in fase di esercizio, invece, si prevede una "*modestissima produzione di rifiuti da smaltire*".
In fase di dismissione non si opererà una "*demolizione distruttiva*", ma un "*semplice smontaggio/rimozione di tutti i componenti (moduli, strutture, cabina)*", con particolare attenzione ai moduli fotovoltaici che saranno smaltiti nel rispetto della normativa vigente, senza dispersione nell'ambiente dei materiali e delle sostanze che compongono le celle fotovoltaiche.
I principali rifiuti prodotti possono essere riassunti nelle categorie CER di seguito riportati:
- 20 01 36 - Apparecchiature elettriche ed elettroniche fuori uso (inverter, quadri elettrici, cavidotti, moduli fotovoltaici – Classici RAEE);
- 17 02 03 - Plastica (derivante dalla demolizione delle tubazioni per il passaggio dei cavi elettrici);
- 17 04 05 - Ferro, Acciaio (derivante dalla demolizione delle strutture di sostegno dei moduli;
- 17 04 11 - Cavi;
- 17 05 08 - Pietrisco (derivante dalla rimozione della eventuale ghiaia gettata per realizzare la viabilità e le piazzole).

Una volta separati i diversi componenti del progetto in base alla loro natura ed in modo da poter riciclare il maggior quantitativo possibile dei singoli elementi, i rifiuti saranno consegnati ad apposite ditte per il riciclo e il riutilizzo degli stessi; la rimanente parte, costituita da rifiuti non riutilizzabili, sarà conferita a discarica autorizzata.
In riscontro al **punto 18)** della richiesta di integrazioni, il proponente ha predisposto uno schema dell'area di cantiere da attuare per le attività di costruzione dell'impianto, all'interno del quale sono state indicate le varie zone per le diverse attività. Sono, inoltre, state previste due possibili aree (circa 20 m x 70 m) per l'accantonamento dei materiali di risulta dalle attività di scavo e regolarizzazione.
Tali aree sono dislocate all'interno dell'area di progetto al fine di consentire le attività preliminare relative al rimodello morfologico eventuale del suolo e per la messa a dimora di eventuali essenze arboree/arbustive (mitigazione perimetrale).

1.5 Analisi delle alternative
Nel SIA, trasmesso con il riscontro alle richieste di integrazioni, si riportano informazioni in merito alla analisi delle alternative (par. 10 dello stesso documento).

1.5.1 Analisi dell'opzione 0
L'alternativa in esame comporterebbe il mantenimento dello stato attuale del sito, escludendo qualsiasi trasformazione territoriale. Tuttavia, essa implicherebbe la rinuncia a una serie di benefici ambientali, energetici e socioeconomici che la realizzazione dell'intervento permetterebbe di conseguire.
Optare per l'alternativa zero significherebbe rinuncerebbe alla produzione di energia elettrica pari a 35,91 GWh/anno che contribuirebbero a risparmiare in termini di emissioni in atmosfera di composti inquinanti e di gas serra, a raggiungere gli obiettivi previsti dal Pacchetto Clima-Energia e a risolvere le congestioni della rete grazie alla presenza dei sistemi di accumulo.

fonte: http://burc.regione.campania.it

1.5.2 Analisi di ipotesi alternative

Si evidenzia che "*non sono state individuate alternative possibili per la produzione di energia rinnovabile di pari capacità che possano essere collocate utilmente nella stessa area*".
Al fine di valutare un eventuale ipotesi di realizzazione del progetto delocalizzato dal sito oggetto di studio, gli aspetti principali da valutare nella scelta sono:
- Soluzione di connessione: In funzione della scelta di connessione bisogna individuare terreni che siano facilmente accessibili e che incida nel minor impatto possibile. Inoltre, la tipologia ed il punto di connessione non è scelto univocamente dalla società proponente, ma è scelta sulla base di determinate considerazioni svolte dall'ente gestore, in questo caso Terna S.p.A., il quale ha previsto la realizzazione di un'opera di rete in linea con i propri programmi di sviluppo a servizio delle fonti energetiche rinnovabili ed inoltre utile al decongestionamento della RTN;
- Valutazione della qualità produttiva dei suoli: Si procede in questa fase ad una valutazione delle capacità produttive dei suoli in via preliminare al fine di escludere dalla realizzazione terreni di pregio vocati alla produzione agricola. Come da pianificazione comunale, i terreni appartengono alla "Zona E1 – agricola", non di classe produttiva di pregio e quindi del tutto coerenti con le disposizioni normative vigenti in merito di aree idonee per impianti FER;
- Analisi vincolistica dell'area: in questo aspetto si procede alla valutazione delle aree limitrofe al punto di connessione al fine di individuare quelle idonee possibili e raggiungibili che incidano lievemente sul territorio. Nel caso in esame sono state valutate le alternative possibili nell'intorno dell'area di progetto e a tal riguardo si specifica che l'area di studio, per la vicinanza al Fiume Volturno, ricade in fascia R – area di retro-argine ai sensi dell'art. 16 delle NTA del PSDA-bav dell'autorità di Bacino per le nuove costruzioni ricadenti in tale fascia bisogna osservare la prescrizione di "porre la quota minima del primo livello utile ad una quota minima di 1,50 mt dal piano di campagna";
- Frammentarietà della proprietà terriera: molti appezzamenti di terreno risultano suddivisi in molteplici proprietà che ne rendono difficile una trattativa per la realizzazione di qualsiasi progetto. Inoltre, la zona di interesse risulta condizionata dalla presenza dell'aeroporto militare di Grazzanise e delle strutture militari afferenti che ne condiziona una parte dell'area vasta di interesse.

Sono state analizzate **due alternative progettuali** (impianto eolico e centrale di biogas). Per il primo caso, non si ritiene "*fattibile l'installazione di un impianto Eolico in queste zone, in primis perché non vi sono le condizioni anemometriche ideali per la realizzazione di un impianto del genere*", inoltre "*l'imponenza delle pale eoliche rispetto ad un fotovoltaico sarebbe molto più impattante dal punto di vista visivo, oltre alle interferenze con il sistema aeroportuale militare presente*".
In alternativa sarebbe possibile ipotizzare la realizzazione di una centrale Biogas, sfruttando le attività bufaline locali o attraverso trattamenti di rifiuto, ma "*in questo caso le strutture sarebbero condizionate dall'esigenza di realizzazione di grossi digestori che impatterebbero notevolmente rispetto ad un impianto fotovoltaico sul territorio circostante sia come visibilità che come movimentazione e traffico indotto dovuto all'approvvigionamento delle materie prime oltre, anche in questo caso, alle interferenze con le azioni di volo dell'aeroporto di Grazzanise*".

1.5.3 Alternativa progettuale cavidotto di connessione

Nel riscontrare il **punto 30)** della richiesta di integrazioni, il proponente ha analizzato una alternativa progettuale al cavidotto di connessione.
Viene analizzare la modifica del tracciato del cavidotto, riducendo la lunghezza dello stesso e quindi l'incidenza fisica sul territorio. Tale soluzione da un lato implicherebbe uno scavo di dimensioni ridotte rispetto a quello di progetto, dall'altro comporterebbe il passaggio del cavidotto non più completamente su strada pubblica ma anche su particelle di terreno private. Tale scelta determinerebbe una soluzione molto più impattante rispetto a quella di prediligere la viabilità esistente in quanto bisognerebbe coinvolgere nell'attività una moltitudine di privati data la elevata frammentarietà della proprietà terriera del territorio comunale. Inoltre, il passaggio su strada pubblica impatterà su un'infrastruttura esistente già condizionata dal normale flusso veicolare preesistente e che, già di per sé costituisce una perturbazione, seppur locale del territorio. Di contro, un'alternativa come quella di interessare suoli privati, comporterebbe l'utilizzo di porzioni di territorio principalmente dedite alla vocazione agricola e limitatamente interessate da stravolgimenti antropici o infrastrutturali. Tale soluzione "*comporterebbe un aggravio in termini di disagio ed impatto sul territorio agricolo per i proprietari terrieri ed un ulteriore aggravio dal punto di vista economico necessario all'ottenimento dei permessi e autorizzazioni necessari al passaggio del cavidotto su terreni di natura privata*".

2. DESCRIZIONE DEI PROBABILI EFFETTI SIGNIFICATIVI DEL PROGETTO SULL'AMBIENTE, SIA IN FASE DI REALIZZAZIONE CHE IN FASE DI ESERCIZIO E DI DISMISSIONE

2.1 Analisi dello scenario di base

Di seguito si fornisce l'analisi dello scenario di base per ciascuna componente ambientale, così come desumibili dal SIA e dall'ulteriore documentazione allegata all'Istanza in questione.

2.1.1 Popolazione e salute umana

La realizzazione dell'impianto potrà comportare un impatto positivo all'economia locale dovuto principalmente a un impatto economico derivante dalle spese dei lavoratori e dall'approvvigionamento di beni e servizi nell'area locale, all'opportunità lavorativa per la fase di cantiere del tipo diretto e indiretto e alla valorizzazione abilità e capacità professionali delle figure, imprese e servizi coinvolte direttamente o indirettamente.

Tutto ciò comporterà un beneficio, in termini economici, con un conseguente aumento di reddito e di conseguenze delle spese del personale impiegato nel progetto e degli individui che possiedono servizi e strutture nell'area circostante il progetto. Tali aumenti della spesa e del reddito che avranno luogo durante la fase di cantiere saranno verosimilmente circoscritti e di breve durata. L'impatto sull'economia avrà pertanto durata a breve termine, estensione locale ed entità riconoscibile. Sarà pertanto la fase di cantiere quella dove si avranno i maggiori benefici ed il conseguente impatto positivo. In questo periodo, infatti, verranno assunti i lavoratori e acquistati beni e servizi, con potenziali impatti positivi sulla comunità locale.

2.1.2 Atmosfera

Il sito individuato per la realizzazione dell'impianto fotovoltaico si colloca nella regione del territorio italiano caratterizzato da livelli di radiazione solare pari a circa 1.539 kWh/mq.

In merito al Piano regionale di risanamento e mantenimento della qualità dell'aria, l'area in esame appartiene alla Zona IT0508 (agglomerato Napoli - Caserta) per il comune di Castel Volturno e Cancello ed Arnone, mentre per il comune di Mondragone la zona di appartenenza è IT0509 (zona montuosa).

Per l'analisi dello stato di qualità dell'aria, con riferimento alle centraline ARPAC, si farà riferimento alla Stazione Pignataro Suburbana di Fondo/Industriale ed alla Stazione Sparanise Suburbana industriale, entrambe localizzate nella Zona IT1508. Si riportano, nel SIA, i valori di riferimento del bollettino della qualità dell'area dal Sito dell'ARPAC di maggio 2023 per la qualità dell'aria ambiente e il bollettino della qualità dell'aria rilevati in prossimità degli impianti di trattamento dei rifiuti urbani di marzo 2022 calcolati ai sensi del D.Lgs. 155/2010.

Riguardo alla qualità dell'aria ante - operam non si registrano, allo stato attuale, particolari criticità, come emerso dall'analisi dello stato attuale della componente.

2.1.3 Ambiente idrico

I comuni di Castel Volturno, Mondragone (Ce) e Cancello ed Arnone (Ce) ricadono nell'ambito di competenza dell'ex Autorità Nazionale Liri – Garigliano e Volturno.

Il cavidotto di connessione alla RTN segue un percorso di circa 13,6 Km attraverso le strade: Strada Provinciale 158 - II, Strada Provinciale 255 - via Chiappari, Strada Provinciale 161- via P. Pagliuca / via G. Mazzini, la Strada Provinciale 18 – Via Consolare, Strada Provinciale 18-via Armando Diaz fino a collegarsi a 36 kV, come definito dalla STMG 202300555 alla futura Stazione Elettrica (SE) denominata "Cancello 380/150/36 kV" della RTN.

Alcuni tratti del Cavidotto 36 kV attraverseranno alcuni Canali, l'attraversamento degli stessi sarà realizzato mediante tecniche non invasive al fine di non interessare l'alveo del canale e non apportare modifiche al normale deflusso delle acque. Nel dettaglio, il cavidotto interseca il corso d'acqua denominato: *Fiume Volturno, e costeggia lungo il percorso sulla viabilità pubblica SP158 il Canale Agnena* ricadendo quindi all'interno di aree tutelate dall'art.142 comma 1 lett.c.. Il collegamento in cavo entro le fasce di tutela è interrato su viabilità esistente e che in corrispondenza degli attraversamenti dei corsi d'acqua, gli stessi saranno posati mediante TOC o Spingi-tubo, al fine di non interferire con l'alveo del canale ed evitando qualsiasi alterazione del normale deflusso delle acque.

L'attraversamento del corso d'acqua "*Fiume Volturno*" verrà effettuato con posa del cavidotto 36 kV mediante ancoraggio del/dei cavi sul fianco dell'opera esistente (spalletta del ponte), garantendo l'assenza di interferenze con la sezione libera di deflusso dell'opera medesima. Oltre a non comportare alcuna interferenza con la sezione di deflusso del corpo idrico, e quindi anche con il materiale inerte presente nell'alveo, nell'area di

fonte: http://burc.regione.campania.it

golena esterna e nella fascia di rispetto fluviale, tale tecnica, consente di proteggere il collegamento elettrico dagli effetti delle eventuali azioni di trascinamento della corrente idraulica.
Per quanto riguarda la caratterizzazione della componente ambiente idrico, dallo stralcio della Tav. 3_A "Individuazione dei Corpi idrici sotterranei" del Piano di Tutela Acque 2020 -2026 (PTA), si evince che l'area in esame ricade all'interno delle perimetrazioni della 73 "Piana DEL Volturno – Regi Lagni".

2.1.4 Suolo e sottosuolo

Dall'analisi della cartografia di uso del suolo emerge che l'area di intervento dell'impianto Fotovoltaico, lo stesso cavidotto di connessione e la Stazione elettrica Cancello 380/150/36 kV è classificata come "2.1.2. Seminativi in aree irrigue".
Dall'analisi della carta dell'uso agricolo e forestale del suolo (B4.1.1) del P.T.C.P., emerge che l'area di intervento dell'impianto FV è classificata come "C.1 – Colture erbacee e a tratti l'area D1 indicata come "aree urbane". L'utilizzo agricolo produttivo è a seminativo con colture cerealicole e foraggere in prevalenza.
Nello specifico secondo le indicazioni del PUC di Mondragone (Ce) le aree di interesse ricadono tutte in **ZONA "E"** Agricola e sono così definite:

- Foglio n° 55- Particelle n° 5034, n° 225,
- Foglio n° 55- Particella n° 5034, per la parte di superficie pari a mq 30.471 circa;
- Foglio n° 55- Particella n° 225, per la parte di superficie pari a mq 9.338 circa.

Analogamente, secondo le indicazioni del PUC di Castel Volturno (Ce) le aree di interesse ricadono tutte in **ZONA "E"** Agricola e sono così definite:

- Foglio n° 1 - Particelle n° 121, n° 183; n° 184; n° 170; n° 3;
- Foglio n°1- Particella n° 121, per la parte di superficie pari a mq 24.288 circa;
- Foglio n° 1- Particella n° 183, per la parte di superficie pari a mq 24.288 circa;
- Foglio n° 1- Particella n° 184, per la parte di superficie pari a mq 399 circa;
- Foglio n° 1- Particella n° 170, per la parte di superficie pari a mq 3.722 circa;
- Foglio n° 1- Particella n° 3, per la parte di superficie pari a mq 27.633 circa.

Per quanto riguarda l'area interessata dalla futura stazione S.E. nello specifico secondo le indicazioni del PUC di Cancello ed Arnone (Ce) le aree di interesse ricadono tutte in **ZONA "E1"** Agricola Produttiva e sono così definite: Foglio 39 particelle 5024, 5146, 5081, 5148, 5150, 5144, 5135, 5141, 5137, 5139.
Nel SIA si riporta che "*sull'intera superficie individuata per l'installazione non esistono impianti arborei e che l'attuale ordinamento colturale praticato è di tipo estensivo, in massima parte cerealicolo/foraggiero*" e che "*nelle aree circostanti vi è presenza di altri seminativi similari*".
Il territorio comunale di Mondragone, Castel Volturno e di Cancello ed Arnone non rientra tra le perimetrazioni delle zone di produzione dei vini a Denominazione di Origine Controllata. Anche dal sopralluogo effettuato e dal rilievo fotografico si evidenzia che allo stato attuale l'area non è interessata da colture agrarie contraddistinte da qualità e tipicità.

2.1.5 Geologia

L'area di studio rientra nella porzione distale della piana alluvionale del Fiume Volturno. Nella carta geomorfologica viene cartografata l'ampia area pianeggiante del fiume Volturno, distinguendo l'area distale (in verde chiaro) a pendenza trascurabile dove si colloca la zona oggetto di studio, priva di forme morfologiche degne di note, dall'area prossimale del corso d'acqua del Fiume Volturno, che ha subito già solo negli ultimi 65 anni notevoli modifiche al suo corso verso il mare. In dettaglio, nel SIA è stato cartografato l'attuale andamento fluviale, tramite fotointerpretazione di ortofoto satellitari ed in aggiunta il paleoalveo nel recente passato.
L'area di studio rientra nel settore centrale della Piana Campana, in cui affiorano terreni umiferi scuri e di colmata del basso Volturno ascrivibili a terreni limosi ed argillo-limosi grigio e verdognoli con sottostanti lapilli pomicei ed intercalazioni di torba, lenti arenitiche, terre nere ed alluvioni recenti.
Per la caratterizzazione tecnica dei terreni di fondazione sono state realizzate in data 20/09/2023 n°6 trincee fino a 2 m di profondità dal piano campagna e in data 04/11/2023 opportune indagini geognostiche sito-specifiche, commisurate al volume significativo dell'opera (n° 1 prova penetrometrica statica CPT, spinta fino a 5m di profondità dal piano campagna, n° 1 prova sismica MASW).
Sull'intera superficie individuata per l'installazione del Progetto non esistono impianti arborei, l'attuale ordinamento colturale è di tipo estensivo, in massima parte cerealicolo/foraggiero e allo stato attuale l'area non è interessata da colture agrarie contraddistinte da qualità e tipicità.
Mediante studio pedologico è stata realizzata una valutazione della capacità d'uso dei suoli predisponendo, in un lotto di terreno di circa 10 ha, trincee a circa 2 m di profondità dal piano campagna, trivellate a circa 1,5m di profondità dal p.c. ed analisi di laboratorio per la definizione dei primi 1,5 m di profondità della

fonte: http://burc.regione.campania.it

granulometria, tessitura, capacità di scambio cattolico, pH, carbonio organico. Dai parametri analizzati è possibile classificare i suoli in CLASSE III: suoli con notevoli limitazioni, che riducono la scelta colturale o che richiedono un'accurata e continua manutenzione delle sistemazioni idrauliche agrarie e forestali, fattore limitate è la profondità utile delle radici, la disponibilità di ossigeno per le piante e per alcuni punti dell'area di studio la frequenza di fenomeni alluvionali.
L'area interessata attualmente si presenta stabile e considerando la situazione geologica e geomorfologica, l'assetto degli strati rocciosi e le pendenze degli stessi, è da escludersi allo stato attuale qualsiasi tipo di attività franose, dissesti in atto o potenziali che possono interessare l'equilibrio geostatico generale.

2.1.6 Vegetazione, flora e fauna

Nel SIA, in relazione alla componente, è riportata la descrizione dell'area di intervento.
È riportato che dal punto di vista ecologico, il paesaggio si presenta piuttosto omogeno, con una matrice a colture estensive ininterrotta se non in corrispondenza di aree urbanizzate e produttive.
I siti di intervento e di influenza sono stati oggetto di rilievi vegetazionali eseguiti tra agosto e settembre 2025.
La vegetazione potenziale dell'area in cui è inserita l'area di progetto è rappresentata dalle Serie preappenninica costiera centro- tirrenica subacidofila del farnetto (Mespilo germanicae-Querco frainetto sigmetum), dal Geosigmeto peninsulare igrofilo della vegetazione ripariale (Salicion albae, Populion albae, Alno-Ulmion), dal Geosigmeto peninsulare centro- meridionale igrofilo della vegetazione planiziale e ripariale (Alno-Quercionro, boris, Populion albae) e dal Geosigmeto peninsulare psammofilo e alofilo della vegetazione dei sistemi dunali (Salsolo kali-Cakiletum maritimae, Echinophoro-Elytrigietum junceae, Crucianellion maritimae, Malcolmietalia, Asparago-Juniperetum macrocarpae, Quercetalia ilicis).
Il territorio entro cui si inserisce l'intervento è inserito in una matrice per la quasi totalità a sistemi agricoli e colture estensive eccezion fatta per una piccola porzione di territorio costituita da praterie mesofile pascolate e canneti. Il resto è rappresentato da centri abitati, canali artificiali e siti produttivi e artificiali. Si tratta pertanto di un ambito altamente antropizzato.

Impianto fotovoltaico

L'impianto fotovoltaico sarà realizzato in un'area di colture a foraggio. Le diverse particelle agricole sono delimitate da filari di *Arundo donax, Ulmus minor, Rubus* sp*., Sambucus* sp*., Phragmites australis, Ficus carica, Phytolacca americana*, quest'ultima specie esotica. L'area a nord dell'impianto è dominata da *Cynodon dactylon.* Lungo la strada poderale a nord dell'area dell'impianto sono presenti filari di *Fraxinus excelsior* e piante erbacee avventizie come *Cephalaria transylvanica* e *Dipsacus* sp.

Cavidotto tra l'impianto e la stazione elettrica

Il tracciato del cavidotto segue strade asfaltate che attraversano aree coltivate prevalentemente a foraggi, nonché l'abitato di Cancello Arnone. Ai margini della strada si rilevano filari di alberi e arbusti, dominati secondo i tratti stradali da *Ulmus minor, Eucaliptus sp., Rubus* sp*., Ficus carica, Cephalaria transylvanica, Dipsacus* sp *e Phytolacca americana*, molte delle quali specie esotiche. In alcuni tratti la strada attraversa piccoli canali, con vegetazione fortemente condizionata dalle attività antropiche, ma anche con presenza di *Phragmites australis*; in prossimità del centro urbano viene attraversato il fiume Volturno, in corrispondenza del ponte della strada statale. In questo tratto il fiume è circondato da una fascia di foresta ripariale a *Populus nigra* e *Salix alba*, con strati arbustivi dominati da *Rubus* sp. All'interno dell'area vasta è presente solo l'habitat 92A0 lungo il corso del fiume Volturno.
Per migliorare le conoscenze a livello locale nell'area di influenza del progetto, la Società dichiara che sono stati eseguiti rilievi faunistici in campo tra agosto e settembre 2025 in particolare sulle specie migratrici di uccelli, sui lepidotteri e sui chirotteri in alimentazione. Le indagini sono state eseguite tenendo conto delle metodologie indicate nelle Linee Guida regionali (DD n. 50/2021). I rilievi su lepidotteri e chirotteri sono stati svolti nell'area di installazione dell'impianto e della Stazione elettrica, mentre quelli per gli uccelli migratori anche lungo il tracciato del cavidotto. Da queste indagini risulta che: "*Le zoocenosi dell'area vasta sono in buona parte quelle tipiche degli agroecosistemi. Questo tipo di zoocenosi sono dominate da specie legate alle praterie, in quanto considerano le colture agricole come equivalente ecologico dei loro habitat di origine.*
Un ruolo importante è dato dalle specie di uccelli migratrici e svernanti, in particolare per la presenza di campi che si allagano nel periodo invernale e dei canali irrigui che attraversano i campi. La zoocenosi, nel complesso, ha comunque struttura piuttosto semplice, con diversità inferiore rispetto a quella che si osserva in habitat forestali o arbustivi, dove la maggiore complessità è tipica di comunità di stati serali più avanzati."
Per quanto riguarda gli anfibi nel SIA si legge che i rilievi eseguiti hanno evidenziato la presenza della sola *Pelophylax esculentus*, specie ampiamente diffusa nell'area di inserimento del progetto.
Per i rettili nell'area di influenza è stata rilevata la presenza solo di *Podarcis siculus*. Tuttavia, si ritiene possibile che *Hierophis viridiflavus e Natrix natrix* siano presenti sebbene non rilevate perché elusive

fonte: http://burc.regione.campania.it

Le indagini sui chirotteri hanno rilevato la presenza delle specie più comuni sia nel sito interessato dall'impatto fotovoltaico, che in quello relativo alla stazione elettrica. Accanto a queste, però, sono state rilevate anche specie di importanza conservazionistica, come i Myotis e i Rhinolophus. Sono specie generalmente legate anche alle abitazioni umane, la cui presenza può quindi essere dovuta alle abitazioni rurali circostanti.
Nel SIA, in relazione alle caratteristiche agronomiche dell'area si legge che come è possibile evincere dall'elaborato di progetto *"TDA-14_verifica aree DOC e DOCG",* i terreni oggetto di impianto non rientrano nelle perimetrazioni di zone adibite a colture di pregio. In merito alla natura dei suoli ed alla capacità produttiva degli stessi mediante lo studio pedologico predisposto, prendendo a riferimento il DM 13/09/1999 per la scelta del tipo di campionamento le Linee Guida Regionali per il numero di indagini da realizzare, per un'area complessiva di circa 10ha sono stati realizzati n.6 profili pedologici.
Per il prelievo dei campioni si è cercato di coprire tutta l'area di intervento, Dalle analisi e dallo studio condotto si è potuto classificare i suoli in CLASSE III e cioè suoli che presentano severe limitazioni d'uso, le quali riducono la scelta delle colture e richiedono pratiche speciali di conservazione e quindi del tutto idonei ad ospitare un impianto FER. In merito alla possibilità di coltivare in futuro le strisce di terreno comprese tra i pannelli, tale ipotesi nasce dall'esigenza di implementare le pratiche di gestione e manutenzione delle aree libere di impianto al fine di consentire una resa efficiente dell'impianto. In tal modo sarà possibile mantenere il suolo inerbito e lavorandolo in modo appropriato si preserveranno le proprietà fisiche, chimiche e biologiche dello stesso. A tal proposito si è provveduto a sottoscrivere un accordo agricolo con un'azienda locale per la realizzazione di tali attività. Viene inoltre precisato che il progetto non rispecchia le definizioni previste dal DM 436/2023 pertanto non può essere inteso come progetto agrivoltaico in quanto la pratica agricola che si intende attuare rientra nelle normali pratiche di gestione e manutenzione delle aree libere di progetto.

2.1.7 Paesaggio

Il paesaggio, secondo l'art. 1 dalla Convenzione Europea del Paesaggio, adottata dal Comitato dei Ministri del Consiglio d'Europa il 19 luglio 2000, è definito come "una determinata parte di territorio, così come è percepita dalle popolazioni, il cui carattere deriva dall'azione di fattori naturali e/o umani e dalla loro interrelazioni".
Il Paesaggio può essere descritto attraverso l'analisi delle sue componenti fondamentali:
- la componente naturale (componente idrologica; componente geomorfologica; componente vegetale; componente faunistica);
- la componente antropico – culturale (componente socioculturale – testimoniale; componente storico architettonica);
- la componente percettiva (componente visuale; componente estetica).

L'analisi dello stato di fatto della componente ambientale è stata svolta dal proponente, evidenziando che "*l'area di progetto, non ricade all'interno dei beni vincolati alla parte II e Parte III del D. lgs n. 42 del 22 gennaio 2004, che non è interessato dai Beni sottoposti a tutela ai sensi dell'art- 136 del medesimo codice e che in una fascia di 500 metri dall'impianto non sono presenti beni architettonici vincolati ai sensi dell'art. 136 anzi detto e della Parte II del D. lgs. 42/2004 e pertanto l'area è classificata come idonea così come definita si sensi del DECRETO LEGISLATIVO 8 novembre 2021, n. 199 e ss.mm.ii. art. 20 co. 8 lett. c-quater)*".

2.1.8 Rumore

Le aree su cui verrà realizzato l'impianto sono situate nel comune di Castel Volturno (Ce) ed in parte nel comune di Mondragone (Ce), mentre il Cavidotto (36 kV) ricade in parte nei comuni di Mondragone, in parte nel Comune di Castel Volturno ed in parte nel comune di Cancello ed Arnone.
Il Comune di Castel Volturno ha redatto il Piano di Zonizzazione Acustica, classificando l'area oggetto di interventi come di Tipo "II Aree prevalentemente residenziali". Anche per il Comune di Mondragone (CE) è stato redatto il piano di zonizzazione, nel quale l'area d'impianto viene classificata come "Aree di tipo misto – Zona di classe III".
La zona presa in esame è priva di recettori sensibili di classe, I quali scuole, ospedali, case di riposo, etc....
Sono stati considerati, come possibili recettori, alcuni gruppi di abitazioni, così come riportati in tabella:

Le emissioni sonore per un impianto fotovoltaico in esercizio sono dovute agli apparati di condizionamento utilizzati nelle cabine e negli apparati elettrici di progetto (Power Station). Nel SIA si riporta che "*i livelli sonori massi emessi non superano i 45 dB e scemano con il crescere della distanza in modo considerevole*" e che "*la realizzazione dell'impianto non produrrà livelli di rumore ambientale superiori ai limiti prescritti dalla legislazione vigente presso manufatti più prossimi*". I risultati di tale analisi sono sintetizzati nella tabella che segue:

Figura 16 – risultati della analisi acustica

Nell'immediato intorno dell'area della Stazione Elettrica non vi sono ricettori di particolare sensibilità e le uniche strutture rilevate sono quelle relative a impianti produttivi. Nel SIA è stata valutata la potenza immissiva di un generico trasformatore/inverter, con livelli acustici dell'ordine dei 60 dB ad 1 metro di distanza, e considerata la legge di propagazione del suono in ambiente aperti che si riduce con scala logaritmica in funzione della distanza dal ricettore di riferimento. Si notano decadimenti della pressione sonora già a 10 metri dalla sorgente di circa il 30% che arriva al 40% circa per distanze di 20 metri. Considerando la natura degli apparati elettrici delle componenti sonore in gioco e dei ricettori presenti nelle aree di progetto, i limiti di zona risultano ampiamente rispettati sia in fasi diurna ma anche in un eventuale fase notturna. Per eventuali approfondimenti, si rimanda alla relazione specialistica allegata alla istanza.

2.1.9 Campi elettromagnetici

Nel campo fotovoltaico di produzione energia elettrica + accumulo energia elettrica tramite batterie (B.E.S.S.: Battery Energy Storage System) sono presenti correnti in Bassa Tensione (continua ed alternata), trasformatore 36 kV/BT ed a tensione di 36 kV (al limite della Media Tensione), con soluzione di cavi con tipologia interrata proprio al fine di abbattere gli effetti elettromagnetici. Vi è una cabina di utenza nel punto di ingresso del campo, con opera di rete collegata in Antenna a 36 kV, alla futura Stazione Elettrica di RTN (Rete Trasmissione

Nazionale) progettanda, “Cancello380/150/36 kV”, nel punto richiesto a circa 13,6 km come nelle tavole di progetto grafiche. Le caratteristiche costruttive della centrale fotovoltaica fanno sì che i livelli di elettromagnetismo risultanti si posizionano ben al di sotto di quelli che sono i limiti di legge.

2.2 Probabili impatti sulle componenti ambientali

Di seguito si fornisce la descrizione dei probabili effetti significativi attesi dall’attuazione del progetto proposto sull’ambiente nelle sue diverse Fasi, così come desumibili dal SIA e dall’ulteriore documentazione allegata all’Istanza in questione.

2.2.1 Popolazione e salute umana

Nel SIA si riportano le seguenti tabelle, una per la fase di cantiere, una per la fase di esercizio e si rappresenta che “*Data la natura positiva dell’impatto non sono previste misure di mitigazione sulla componente socioeconomica*.”

2.2.2 Impatti sull'atmosfera

Fase di Costruzione e Dismissione

Gli impatti sulla qualità dell'aria connessi alla fase di realizzazione/dismissione del Progetto sono relativi principalmente alle seguenti attività:

- utilizzo di veicoli/macchinari a motore nelle fasi di cantiere con relativa emissione di gas di scarico. Le sostanze inquinanti emesse saranno essenzialmente biossido di zolfo, ossidi di azoto, monossido di carbonio e particelle sospese totali (impatto diretto);
- sollevamento polveri durante le attività di cantiere, quali scavi, movimentazioni di terra e trascinamento delle particelle di polvere dovuto all'azione del vento sui cumuli di materiale da costruzione stoccati nel cantiere (impatto diretto).

L'impatto potenziale sulla qualità dell'aria, riconducibile alle suddette emissioni di inquinanti e particolato, consiste in un eventuale peggioramento della qualità dell'aria rispetto allo stato attuale, limitatamente agli inquinanti emessi durante la fase di cantiere. La durata della fase di costruzione/dismissione l'emissione di inquinanti in atmosfera sarà discontinua e limitata nel tempo.

Le polveri aerodisperse durante la fase di cantiere e di dismissione delle opere in progetto, visti gli accorgimenti di buona pratica che saranno adottati, sono paragonabili, come ordine di grandezza, a quelle normalmente provocate dai macchinari agricoli utilizzati per la lavorazione dei campi. Anche il numero di mezzi di trasporto e di macchinari funzionali all'installazione di tutte le opere in progetto così come quelli necessari allo smantellamento delle componenti delle opere in progetto determinano emissioni di entità trascurabile e non rilevanti per la qualità dell'aria.

Fase di Esercizio

Durante la fase di esercizio non sono attesi potenziali impatti negativi sulla qualità dell'aria, vista l'assenza di significative emissioni di inquinanti in atmosfera da parte dell'impianto FV. In fase di esercizio l'impianto fotovoltaico non rilascia sostanze inquinanti in atmosfera ed al contrario, dato lo sfruttamento della risorsa rinnovabile del sole, consente di produrre energia elettrica migliorando il bilancio delle emissioni climalteranti.

Nel SIA si riporta che "*ogni kWh prodotto dal sistema fotovoltaico evita l'emissione nell'atmosfera di 0,484 kg di anidride carbonica e di 0,0015 kg di ossidi di azoto, rappresentando quindi un esempio lampante di compensazione delle emissioni di CO2*".

fonte: http://burc.regione.campania.it

2.2.3 Impatti sull'ambiente idrico

Fase di Costruzione e Dismissione

Si ritiene che i potenziali impatti legati alle attività di costruzione/dismissione siano i seguenti:
- utilizzo di acqua per le necessità di cantiere (impatto diretto);
- contaminazione in caso di sversamento accidentale degli idrocarburi contenuti nei serbatoi di alimentazione dei mezzi di campo e/o perdite di liquidi (es. oli lubrificanti) in seguito ad incidenti (impatto diretto).
- contaminazione acque superficiali dovute ad attività di scavo (impatto diretto).

L'unico consumo d'acqua è legato alle operazioni di bagnatura delle superfici, al fine di limitare il sollevamento delle polveri prodotte dal passaggio degli automezzi sulle strade sterrate (limitate per il progetto in oggetto). L'approvvigionamento idrico verrà effettuato mediante autobotte e non sono dunque previsti prelievi diretti da acque superficiali o da pozzi.

Si fa presente che le strutture metalliche sopra le quali sono ubicati i pannelli fotovoltaici, sono fissate al terreno mediante viti in acciaio della lunghezza massima di circa 2 m che verranno conficcate nel terreno e che questa scelta progettuale elimina la necessità di effettuare scavi per eventuali fondazioni e consente di non interferire con le falde idriche presenti.

Durante la fase di costruzione una potenziale sorgente di impatto per gli acquiferi potrebbe essere lo sversamento accidentale degli idrocarburi contenuti nei serbatoi di alimentazione dei mezzi di campo e/o perdite di liquidi in seguito ad incidenti (es. oli lubrificanti dai mezzi di cantiere). Tuttavia, essendo le quantità di idrocarburi e/o liquidi lubrificanti trasportati contenute, essendo gli acquiferi protetti da uno strato di terreno superficiale ed essendo la parte di terreno incidentato prontamente rimosso in caso di contaminazione ai sensi della legislazione vigente, è corretto ritenere che non vi siano rischi specifici né per l'ambiente idrico superficiale né per l'ambiente idrico sotterraneo. Le operazioni che prevedono l'utilizzo di questo tipo di mezzi meccanici avranno una durata limitata e pertanto questo tipo d'impatto per questa fase è da ritenersi **temporaneo**. Qualora dovesse verificarsi un incidente, i quantitativi di idrocarburi riversati produrrebbero un impatto limitato al punto di contatto (impatto **locale**) di entità **non riconoscibile**.

Il cavidotto durante il suo percorso di connessione alla "Stazione Elettrica Cancello380/150/36" interseca il corso d'acqua Fiume Volturno e costeggia, lungo il percorso sulla viabilità pubblica SP158, il Canale Agnena. Il collegamento in cavo entro le fasce di tutela è interrato su viabilità esistente e in corrispondenza degli attraversamenti dei corsi d'acqua, gli stessi saranno posati mediante TOC o Spingi-tubo, al fine di non interferire con l'alveo del canale ed evitando qualsiasi alterazione del normale deflusso delle acque.

Si precisa, inoltre, che l'attraversamento del corso d'acqua "Fiume Volturno" verrà effettuato con posa del cavidotto 36 kV mediante ancoraggio del/dei cavi sul fianco dell'opera esistente (spalletta del ponte), garantendo l'assenza di interferenze con la sezione libera di deflusso dell'opera medesima. Tale tecnica, consente di proteggere il collegamento elettrico dagli effetti delle eventuali azioni di trascinamento della corrente idraulica. Si prevede, quindi, un intervento meno invasivo possibile e compatibile con il regime idrografico delle aree:

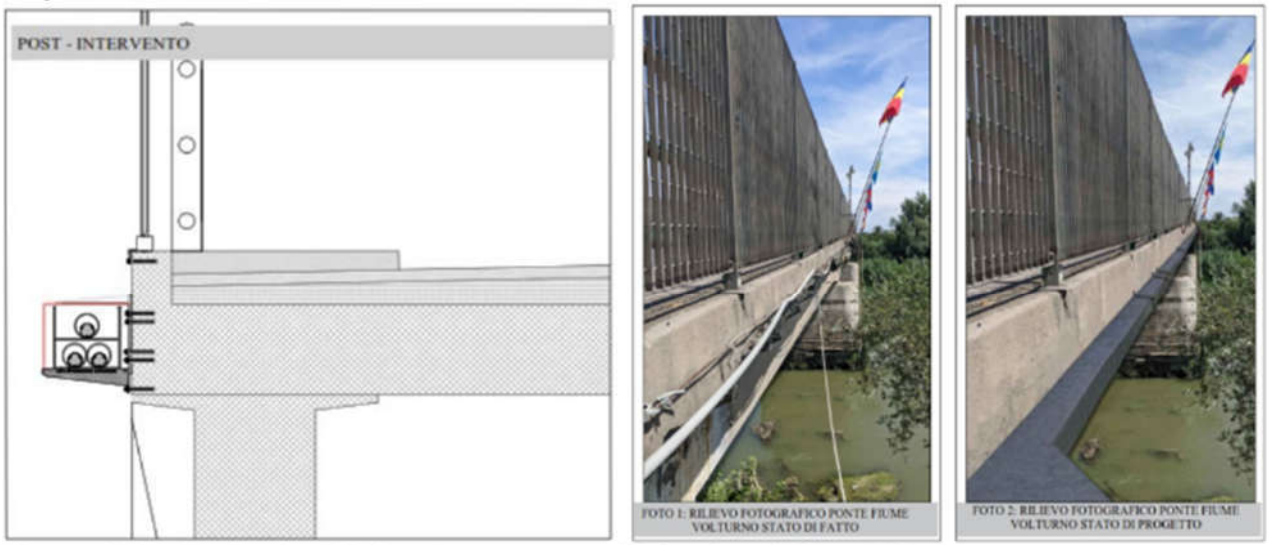

Figura 41: Stralcio Tavola TDE-05c - Attraversamento del Cavidotto del fiume Volturno

Figura 17 – Attraversamento del cavidotto del fiume Volturno

Tra le misure di mitigazione, il proponente approfondisce quella relativa al lavaggio delle ruote, stimando il consumo di acqua legato alle operazioni di bagnatura delle superfici necessarie per limitare il sollevamento delle polveri prodotte dal passaggio degli automezzi sulle strade sterrate. Considerando che la superficie

fonte: http://burc.regione.campania.it

relativa alle strade di cantiere ipotizzate è di circa 9.300 mq e che per tale attività si stima l'utilizzo di circa 0,3 l/m2, si avrà un consumo totale di circa 2,8 mc di acqua. L'approvvigionamento idrico verrà effettuato mediante autobotte, pertanto, non sono previsti prelievi diretti da acque superficiali o da pozzi.
Oltre all'approvvigionamento idrico per la bagnatura delle superfici nei casi sopra indicati, è necessaria acqua potabile per usi sanitari del personale in fase di cantiere, con consumi di entità limitata.
Fase di Esercizio

Per la fase di esercizio i possibili impatti sono i seguenti:
- eventuale utilizzo di acqua per la pulizia dei pannelli e conseguente irrigazione del manto erboso sottostante (impatto diretto);
- impermeabilizzazione di aree (impatto diretto);
- contaminazione in caso di sversamento accidentale degli idrocarburi contenuti nei serbatoi di alimentazione dei mezzi di campo in seguito ad incidenti, dal serbatoio di alimentazione del generatore diesel di emergenza e/o perdite di liquidi (es. oli lubrificanti) (impatto diretto).

Il consumo idrico dell'impianto fotovoltaico durante la fase di esercizio è limitato alla sola quantità di acqua necessaria per il lavaggio dei pannelli, tale consumo di acqua è ridotto solo agli eventi di necessità in quanto la pulizia delle superfici fotovoltaiche è assicurata mediante l'utilizzo di un sistema meccanico, automatico e tele-gestito che non comporta l'approvvigionamento di acqua. Da impianti e in condizioni di piovosità geografiche similari, è possibile stimare questo consumo di acqua per il lavaggio di necessità in circa 140 mc/anno.
La pulizia dei pannelli solari è fondamentale per assicurarne una buona efficienza di conversione dell'energia solare catturata. In particolare, essa ha lo scopo di eliminare il deposito di sporcizia, derivante da polveri, pollini, escrementi di volatili e sporco generico che inibisce parte delle performance potenziali dell'impianto. Le piogge, che puliscono naturalmente i pannelli, non sono infatti sufficienti a garantire uno status ottimale.
A fronte di quanto espresso il lavaggio dei pannelli solari sarà effettuato solo in eventi occasionali e stimabili in due volte all'anno, per non incorrere in una perdita, in termini di resa.
In particolare, i pannelli fotovoltaici verranno puliti in modo automatico rimuovendo in sicurezza oltre il 99% della polvere dai pannelli in una pulizia "*automatizzata notturna*" con funzionamento fino a 400 mq (200 moduli). La pulizia viene eseguita quando i tracker sono in una posizione di stivaggio o un post, con angolo molto basso (fino a 5°), ore di produzione di energia.
Il robot, leggero, utilizza una pulizia senza metodo ad acqua che combina una rotazione di elementi in morbida microfibra e generazione di flusso d'aria controllato a spingere le particelle di polvere dai pannelli solari. Tale azione è completamente automatizzata e non richiede operatori/manodopera.
Utilizzando più sensori e tecnologie integrate, il robot rileva i bordi della struttura e naviga sul tracker utilizzando l'ottimale percorso predefinito più efficiente e preciso.
L'impatto sull'ambiente idrico è dunque riconducibile principalmente all'uso della risorsa per la pulizia dei pannelli limitata ai soli eventi di estrema necessità prevedendo la pulizia automatica e che andrà a dispersione direttamente nel terreno.
Tuttavia, si sottolinea che l'approvvigionamento idrico verrà effettuato mediante la rete, o qualora non disponibile, tramite autobotte, indi per cui sarà garantita la qualità delle acque di origine in linea con la legislazione vigente. Non sono previsti prelievi diretti da acque superficiali o da pozzi per le attività di realizzazione delle opere. Inoltre, l'acqua utilizzata per la pulizia, poiché priva di detergenti, non comporterà alterazioni alla componente suolo e sottosuolo.
In merito all'acqua necessaria per l'irrigazione del manto erboso e le specie previste per la realizzazione della fascia di mitigazione, nel riscontrare il **punto 19)** della richiesta di integrazione, è stato chiarito che "*è previsto un accordo agricolo che si occuperà della gestione delle aree libere di impianto e della manutenzione della fascia perimetrale*". Nel dettaglio, si evidenzia che "*il mantenimento delle essenze arboree, come detto, riguarda principalmente la prima fase di crescita*" ed "*ipotizzando un consumo di 10 litri/m per uno sviluppo di circa 1100 metri ogni 2 giorni si ottiene un consumo di circa 2.000 mc/anno per i primi due anni*".
Relativamente al deflusso delle acque piovane, si fa presente che non si modifica in modo rilevante l'impermeabilità del suolo: le superfici rese impermeabili hanno un'estensione trascurabile (corrispondono alle fondazioni in cemento delle cabine elettriche dell'impianto fotovoltaico) rispetto all'intera area di progetto. Per quanto detto, il deflusso delle acque piovane rimarrà praticamente invariato rispetto alla situazione attuale.
Non sono stati valutati dal proponente come significativi gli impatti sulla componente ambiente idrico sotterraneo in quanto "*le tipologie di opere di fondazioni previste, una volta realizzate, non comportano alcuna variazione dello scorrimento e del percorso della falda stimata ad una profondità di circa 2 m dal piano campagna*". Tale aspetto è stato oggetto della richiesta di integrazione (**punto n. 7**) in quanto nella Valutazione della Capacità d'Uso dei Suoli mediante Indagine Pedologica (Elab. RDS-08) si legge che "*Durante le lavorazioni per l'esecuzione dei n° 6 profili pedologici è stata rivenuta una falda superficiale a circa 1,8 m di*

fonte: http://burc.regione.campania.it

profondità dal piano campagna"; la richiesta è stata quella di chiarire gli aspetti legati alle possibili incidenze sulla falda acquifera atteso che nelle tavole TDE-05 (b, c, d ed e) Risoluzione interferenze, in quanto lo scavo per la posa del cavidotto raggiunge una profondità superiore a quella della stessa falda.
Nel riscontrare il proponente ha ripetuto quanto già affermato, ovvero che "*la profondità della falda si attesta intorno ai 1,80 metri di profondità del piano campagna*" e che "*non si rilevano interferenze delle opere di impianto con le acque sotterranee*", senza fornire ulteriori dettagli se non che "*la distribuzione dei trackers è omogenea sulla stessa* [superficie dell'impianto] *con "un'incidenza media di: 978/100.000 = 0,0098 piedritti ogni metro quadro, ossia poco meno di 1 piedritto ogni 100 m² di superficie del parco fotovoltaico*".
Pertanto, in sede di I CdS è stato chiesto al proponente di fornire motivazioni a supporto di quanto dichiarato, di descrivere gli impatti in fase di cantiere e di esercizio generati dall'interferenza tra falda e pali di fondazione (dell'impianto e dell'impianto di illuminazione) e di riportare, altresì, le misure progettuali previste per eliminare tali eventuali interferenze.
A tali richieste, il proponente ha riscontrato facendo riferimento ad una "*pubblicazione scientifica di Vito Cotecchia intitolata "Le acque sotterranee e l'intrusione marina in Puglia: dalla ricerca all'emergenza nella salvaguardia della risorsa", contenuta nelle Memorie descrittive della Carta Geologica d'Italia*". A tal proposito, durante la II seduta di CdS, è stato verbalizzato quanto segue.
"In relazione al Punto 2 delle richieste di chiarimenti avanzate in sede di I CdS, si rileva che nel riscontro si richiama ad una "pubblicazione scientifica" che fa riferimento ad altra tipologia progettuale e che non risulta sito specifica (condizioni geologiche diverse ed opera diversa) e si giunge ad una conclusione dedotta "per analogia tecnica e confronto tipologico". Tale approccio non fornisce riscontro alla richiesta di descrivere gli impatti in fase di cantiere (ad esempio, eventuale risalita locale dell'acqua durante lo scavo, possibili fenomeni temporanei di torbidità durante l'infissione dei pali, i disturbi eventuali e temporanei all'equilibrio idraulico), e di esercizio (ad esempio, assenza di modifiche al regime della falda grazie alla natura dei pali, assenza di sbarramenti idraulici, nessun flusso preferenziale verticale, non alterazione della superficie piezometrica) generati dall'interferenza tra falda e pali di fondazione (dell'impianto e dell'impianto di illuminazione) e di riportare le misure progettuali previste per eliminare tali eventuali interferenze. La risposta non soddisfa, pertanto, integralmente quanto richiesto, in quanto non vengono descritti nel dettaglio gli impatti in fase di cantiere ed esercizio, né risultano riportate in modo esplicito e puntuale le misure progettuali e gestionali finalizzate a evitare interferenze con la falda. I chiarimenti richiesti erano finalizzati ad avere informazioni, non tanto sulla interferenza geometrica (scontata in quanto il palo interferisce direttamente con la falda), ma sulla interferenza funzionale (ovvero alterazioni del deflusso della falda, creazione di drenaggi verticali tra strati, inquinamento della falda, modiche della superficie piezometrica, causa di modifiche idrogeologiche). Alla luce di quanto sopra rappresentato si chiede di fornire una valutazione degli impatti e delle misure di mitigazione atte a ridurre le potenziali interferenze".
A tale richiesta, è stato dato riscontro, evidenziando che:
"- la tipologia di impianto è costituita sostanzialmente da "pali" di diametro inferiore a 10 cm infissi nel terreno che sostengono i gruppi di pannelli fotovoltaici;
- le stringhe di pannelli fotovoltaici, ognuna posizionata su un tracker, distano tra loro di 9,00 m, pertanto anche se, viste in pianta, sembrerebbero coprire la superficie in realtà lasciano defluire sul terreno le acque zenitali senza determinare alcun aumento di superficie coperta, hanno anzi un effetto di mitigazione degli eventi meteorici più intensi nell'impatto verso il terreno;
- per la limitatezza delle dimensioni in pianta dei singoli manufatti e il loro posizionamento all'interno dell'area oggetto dell'intervento, rispetto alla superficie complessiva dell'intervento, di 12 ha circa, ma soprattutto per il loro posizionamento rialzato, non possono costituire alcun ostacolo al deflusso, né comportare limitazione alla capacità d'invaso;
- l'intero progetto è stato valutato positivamente dall'Autorità di Bacino Distrettuale dell'Appennino Meridionale che, con nota prot. n. 251070 del 21/05/2024, inviata a mezzo PEC il 17/04/2026, attesa l'ammissibilità delle opere in progetto ed esprime per i soli spetti di competenza parere favorevole alla realizzazione dell'impianto."
Nella medesima documentazione, sono riportati gli impatti sulla falda che si riportano testualmente di seguito:

<u>*Fase di cantiere durante la fase di infissione dei pali*</u>
"- Interferenza puntuale con la falda: considerata la limitata differenza tra profondità dei pali e livello piezometrico, può verificarsi una modesta interferenza locale e temporanea, comunque non configurabile come attività di emungimento o alterazione significativa del corpo idrico sotterraneo [...]. Tale affermazione è avallata dalla questione che si tratta di elementi puntuali costituiti da un diametro significativamente ridotto;
- Assenza di scavi rilevanti: la tecnologia di infissione diretta evita scavi aperti e riduce significativamente il rischio di alterazione del regime idrogeologico, in linea con i principi di prevenzione e riduzione dell'impatto

fonte: http://burc.regione.campania.it

ambientale. Essa comporta una semplice compattazione laterale del terreno circostante il palo, con effetti confinati a un intorno molto ridotto (pochi centimetri). Tale fenomeno non altera la permeabilità su scala significativa e non compromette la continuità del mezzo acquifero.
- Prevenzione della contaminazione: le attività di cantiere saranno gestite nel rispetto delle disposizioni di cui alla Parte Quarta del Decreto Legislativo 152/2006 (gestione dei rifiuti e bonifica dei siti contaminati), evitando qualsiasi rischio di rilascio di sostanze inquinanti nel suolo e sottosuolo. Di conseguenza, l'assenza di fluidi di perforazione, additivi o getti cementizi esclude qualsiasi apporto di sostanze potenzialmente contaminanti nel sottosuolo".
Sono altresì riportate le misure di mitigazione durante la fase di cantiere:
- utilizzo di tecniche di infissione a basso impatto, senza fluidi di perforazione;
- attuazione di procedure di cantiere conformi alle buone pratiche ambientali e ai principi di cui all'art. 301 del Decreto Legislativo 152/2006 (principio di precauzione);
- predisposizione di piani di gestione delle emergenze per eventuali sversamenti accidentali;
- manutenzione periodica dei mezzi d'opera, in conformità alle normative vigenti.

Fase di esercizio:
"*- Invarianza del regime di flusso della falda (assenza di effetti barriera): i pali infissi, distribuiti in modo diffuso e non continuo, non costituiscono elementi di sbarramento né generano anisotropie tali da modificare il campo di moto della falda. La percentuale di volume occupato rispetto al mezzo poroso complessivo risulta trascurabile.*
- Assenza di effetti cumulativi significativi: anche considerando l'insieme dei pali installati, la discontinuità spaziale e il ridotto diametro escludono la formazione di barriere idrauliche o di effetti cumulativi sul deflusso sotterraneo.
- Stabilità geochimica dei materiali: i pali in acciaio zincato (o equivalente) presentano caratteristiche di durabilità e inerzia chimica compatibili con l'ambiente saturo. Eventuali fenomeni di corrosione risultano estremamente lenti e non tali da determinare rilasci significativi ai fini del rispetto degli standard di qualità delle acque sotterranee (Parte Terza, Allegato 1 del Decreto Legislativo 152/2006).
- Assenza di scarichi: l'impianto non prevede scarichi nel suolo o nel sottosuolo, ai sensi dell'art. 103 del Decreto Legislativo 152/2006.
- Compatibilità con gli obiettivi di qualità ambientale: L'opera non introduce pressioni significative sul corpo idrico sotterraneo e risulta coerente con il principio di "non deterioramento" previsto dalla Direttiva 2000/60/CE".
Tale aspetto è stato quindi analizzato, giungendo alla conclusione che "*l'interferenza tra i pali di fondazione e la falda acquifera sia limitata, puntuale e temporanea durante la fase di cantiere; risulti trascurabile in fase di esercizio; e non determini effetti significativi né sullo stato quantitativo né su quello qualitativo della risorsa idrica sotterranea, in conformità agli obiettivi di tutela stabiliti dal Decreto Legislativo 152/2006 e dalla Direttiva 2000/60/CE*".
In relazione, inoltre, alle opere di drenaggio e di regimentazione delle acque meteoriche previste al fine di ridurre l'erosione del suolo causata dall'eventuale ruscellamento concentrato dovuto allo scorrimento dell'acqua piovana sui moduli fotovoltaici, il proponente ha riscontrato quanto richiesto al **punto 20)** della richiesta di integrazioni. Il riscontro si ritiene sufficiente in quanto i moduli fotovoltaici sono installati su trackers e quindi non sono fissi e, pertanto, l'erosione sul suolo non risulta concentrata sempre sulla stessa superficie.

2.2.4 Impatti su suolo e sottosuolo

Fase di Costruzione e Dismissione

Il parco fotovoltaico e le opere di connessione non rientrano in nessuna zona cartografata a pericolosità da frana, la zona è pianeggiante e non ci sono le condizioni di innesco di una particolare fenomenologia franosa. La posa in opera del cavidotto è opera di modesta entità – scavo di circa 1,5 m su strada esistente – che non aggrava in alcun modo il territorio circostante.
Si prevede che gli impatti potenziali sulla componente suolo e sottosuolo, derivanti dalle attività di costruzione, siano attribuibili all'utilizzo dei mezzi d'opera quali gru di cantiere e muletti, gruppo elettrogeno, furgoni e camion per il trasporto. I potenziali impatti riscontrabili legati a questa fase sono di seguito elencati:
- attività di escavazione e di movimentazione terre (impatto diretto);
- occupazione del suolo da parte dei mezzi atti all'approntamento dell'area e dalla progressiva disposizione dei moduli fotovoltaici (impatto diretto)
- contaminazione in caso di sversamento accidentale degli idrocarburi contenuti nei serbatoi di alimentazione dei mezzi di campo e/o perdite di liquidi (es. oli lubrificanti) in seguito ad incidenti (impatto diretto).

fonte: http://burc.regione.campania.it

L'installazione dell'impianto fotovoltaico, denominato "Mazzafarro" sul terreno non interferirà direttamente con la matrice suolo e sottosuolo e lavori di preparazione dell'area non avranno particolare influenza sulla conformazione morfologica dei luoghi.
La movimentazione delle terre di scavo e riporto sarà regolata dalla legislazione vigente nel rispetto del D.P.R. 120/2017 così come meglio descritto nella relazione Terre e rocce di scavo allegata al progetto. Con riferimento, inoltre, alle terre e rocce da scavo, con il **punto 22)** della richiesta di integrazioni, è stato chiesto al proponente di motivare perchè si prevedeva di conferire quale rifiuto un quantitativo di terre e rocce da scavo pari a 4.201,34 mc a fronte di una produzione presunta di 11.229,84 mc e perché tali quantitativi non si fossero riutilizzabili in sito. Nel riscontrare, è stato chiarito che "*conformemente a quanto riportato nelle prescrizioni del parere favorevole rilasciato dall'ARPA Campania con prot. 39369 del 19/06/2025, qualora le analisi lo consentano, il materiale sarà destinato al riutilizzo come sottoprodotto e non come rifiuto*".
È stato predisposto uno studio di invarianza idraulica e idrologica (cui si rimanda per eventuali approfondimenti), finalizzato a garantire la compatibilità degli interventi con la zona di installazione.
Nel SIA viene inoltre evidenziato che anche durante la messa in opera delle fasce vegetali perimetrali non si avranno interferenze con il terreno sottostante, in quanto le buche avranno dimensioni ridotte.
Fase di Esercizio

Gli impatti potenziali sulla componente suolo e sottosuolo derivante dalle attività di esercizio sono riconducibili a:
- occupazione del suolo da parte dei moduli fotovoltaici durante il periodo di vita dell'impianto (impatto diretto);
- contaminazione in caso di sversamento accidentale degli idrocarburi contenuti nei serbatoi di alimentazione dei mezzi di campo in seguito ad incidenti, o dal serbatoio di alimentazione del generatore diesel di emergenza (impatto diretto).

In merito alla produzione agricola dell'area, in fase progettuale, sulle aree di impianto fotovoltaico, è stata prevista la possibilità di coltivare in futuro, da parte di un'azienda agricola del luogo, le strisce di terreno comprese tra le file dei pannelli fotovoltaici. Tenuto conto del ciclo colturale delle diverse specie vegetali, oltre che delle rispettive esigenze lavorative (in termini di dimensioni delle macchine e degli attrezzi), anche in rapporto alla necessità di fare la periodica manutenzione dei pannelli fotovoltaici, è stato predisposto un piano colturale con una relativa analisi costi benefici sulle varie qualità di colture possibili praticabili.
Nella valutazione delle colture praticabili, si è orientati verso colture ad elevato grado di meccanizzazione o del tutto meccanizzate (considerata anche l'estensione dell'area) quali colture da foraggio, cereali e leguminose da granella, ortive.
Nel periodo di esercizio dell'impianto fotovoltaico verrà garantito il mantenimento della qualità del suolo ed evitata l'erosione lasciando crescere, su tutti gli spazi non occupati dai manufatti e dalla viabilità, una vegetazione di tipo erbaceo, da manutenere con tagli periodici, mentre per l'area della stazione elettrica la stessa, nelle aree impermeabili, ha previsto in fase progettuale un sistema di raccolta e trattamento delle acque di prima pioggia ed è stato effettuato uno studio di invarianza idraulica che ha verificato la non incidenza delle opere sul sistema idraulico ed idrologico dell'area.
L'infiltrazione dell'acqua nel suolo e nel sottosuolo (regolazione del regime idrologico) è uno degli elementi base dell'offerta del servizio di regolazione del deflusso superficiale e del servizio di approvvigionamento di acqua dolce: il primo si esplica essenzialmente attraverso la riduzione della frazione di acqua che scorre in superficie e della sua velocità mitigando gli effetti delle piogge sulle piene dei corsi d'acqua; il secondo riguarda la disponibilità di acqua nel suolo e la ricarica delle falde e quindi la costituzione di una riserva di acqua dolce per piante ed esseri umani. La riserva di acqua nello strato superficiale del suolo, considerato come costituito dai primi 100 cm, è funzione di diverse caratteristiche, come ad esempio la tessitura, il contenuto di carbonio organico, la densità apparente, la porosità, la frazione volumetrica di materiale solido, mentre l'infiltrazione profonda dipende anche dalle condizioni di umidità iniziale, dalla durata e dall'intensità della pioggia, oltre che dalle caratteristiche del suolo, essenzialmente, conducibilità idraulica a saturazione, capillarità e condizioni di saturazione del terreno.
Nel caso in esame, il Progetto non modificherà in maniera rilevante la permeabilità del suolo: le superfici rese impermeabili hanno un'estensione trascurabile e corrispondono alle fondazioni in calcestruzzo armato delle cabine elettriche dell'impianto fotovoltaico rispetto all'intera area di progetto (pari a circa 22,88 ha). Pertanto, il deflusso delle acque piovane rimarrà praticamente invariato rispetto alla situazione attuale e la realizzazione della Stazione Elettrica risulta compatibile con le condizioni idrauliche ed idrogeologiche di zona come dagli studi effettuati.
Le operazioni di manutenzione agricola riguarderanno interventi di potatura delle siepi e mantenimento delle essenze arboree autoctone impiantate lungo i confini; mentre l'attività di manutenzione delle aree libere tra le strutture consentirà la realizzazione di un'attività agricola interfilare.

2.2.5 Impatti su vegetazione, flora e fauna

Fase di Esercizio

Per quanto riguarda l'analisi degli impatti nel SIA per la fase di esercizio viene analizzato l'effetto lago dovuto alla presenza dei pannelli fotovoltaici riflettenti, e viene indicato che nei pressi dello stesso vi sono molti altri elementi antropici che hanno lo stesso effetto e che non hanno dimostrato nel tempo impatti significativi (strade, aeroporto di Grazzanise, teli plastici usati in agricoltura, le serre e le lastre di vetro di edifici) ed inoltre vi è un'ampia disponibilità di "vere" superfici acquatiche che impediscono la mortalità degli uccelli che potrebbero confondere l'impianto con corpi idrici.

Riguardo al potenziale effetto "lago", anche considerando l'effetto cumulativo che genererebbero altri impianti in via di autorizzazione, il proponente non ritiene che si riscontrino le condizioni descritte nella letteratura scientifica, ossia la presenza di grandi estensioni di pannelli in estesi territori desertici e aridi.

Un impatto diretto in fase di esercizio è costituito dalle linee elettriche aeree con le quali possono collidere gli uccelli e i chirotteri in volo (Bennun *et al*. 2021). Inoltre, i piloni su cui scorrono i cavi elettrici sono causa di elettrocuzione per gli uccelli di maggiore dimensione fino a provocare significativi danni alle popolazioni, in particolare quelle già minacciate da altri fattori (Angelov *et al.* 2013; Sarasola *et al*. 2020). Nel caso del progetto oggetto di valutazione, i cavi elettrici sono aerei ma sostituiscono una linea già esistente che verrà demolita. La linea demolita è complessivamente 205 m mentre quella di nuova realizzazione è pari a 122 m, per cui la nuova linea avrà lunghezza inferiore di 83 m rispetto alla precedente, ottenendo una riduzione del rischio elettrocuzione e collisione stimabile nel 40%.

Riguardo all'impatto sulla perdita di suolo nello Studio si legge che: "*L'impianto fotovoltaico interessa un'area di circa 10 ha che, tuttavia, non determina sottrazione di habitat per tutte le specie che, invece, potranno continuare a utilizzare gli spazi sotto i pannelli per alimentarsi; infatti, il suolo continuerebbe ad essere coltivato a foraggi. In ogni caso anche considerando lo spazio sotto i pannelli, la superficie realmente interessata sarebbe meno di 4 ettari, poiché il 60% è costituita dagli spazi tra le file di pannelli".*

Fase di Costruzione e Dismissione

In fase di cantiere lo Studio analizza gli effetti connessi al trasporto e stoccaggio dei materiali e alla presenza di operai e mezzi meccanici durante il montaggio di elementi costruttivi, comprese le infrastrutture prefabbricate e realizzazione di strutture edili in calcestruzzo e mattoni e relative fondazioni. Queste azioni, che comportano eliminazione della vegetazione presente con regolarizzazione delle superfici del suolo, perdita di habitat e conseguente frammentarietà di idoneità ambientale per vegetazione e fauna sono messe in relazione all'effettiva presenza di habitat e alla gestione degli spazi di suolo non coperti dai pannelli (come, ad esempio, gli spazi tra le file dei pannelli e al disotto delle strutture di montaggio).

In relazione al rumore e alle polveri nel SIA rimodulato si legge che si può ritenere che l'area di influenza da disturbo per rumore emesso in cantiere durante la costruzione dell'impianto possa essere circoscritta entro i 100 m. In mancanza di una stima previsionale delle polveri sollevate e dell'area interessata si può sovrastimare in via precauzionale un'area di influenza di 100 m intorno all'area di intervento.

Per il cavidotto l'impatto dei lavori sarà temporaneo e limitato al periodo dei cantieri. Buona parte della superficie interessata è relativa dagli scavi di messa in opera del cavidotto; questo tipo di cantiere è mobile, nel senso che lo scavo avanza col perseguire dei lavori e contestualmente si copre lo scavo dopo la posa in opera un tratto alla volta. Pertanto, in ogni tratto interessato il disturbo è minimo perché limitato ai pochi giorni del tratto in questione.

Sulla base di quest'analisi è fornita una tabella di valutazione in fase di cantiere e di esercizio che di seguito si riporta:

2.2.6 Impatti sul paesaggio

Fase di Costruzione e Dismissione

Durante la fase di cantiere, l'impatto diretto sul paesaggio è generato dalla presenza delle strutture di cantiere, dei macchinari e dei mezzi di lavoro. Considerato che l'area verrà occupata solo temporaneamente e per tutta la durata del cantiere e che le attrezzature di cantiere utilizzate durante tale fase, hanno un'altezza modesta e non creeranno alterazioni significative del paesaggio, è possibile affermare che l'impatto sul paesaggio avrà durata a breve termine, estensione locale ed entità non riconoscibile.

Fase di Esercizio

Nel SIA è stata riportata la valutazione del grado di percezione visiva attraverso l'individuazione dei principali punti di vista:
- punti panoramici potenziali: siti posti in posizione orografica dominante, accessibili al pubblico, dai quali si gode di visuali panoramiche, o su paesaggi, luoghi o elementi di pregio, naturali o antropici;
- strade panoramiche e d'interesse paesaggistico: le strade che attraversano paesaggi naturali o antropici di alta rilevanza paesaggistica da cui è possibile cogliere la diversità, peculiarità e complessità dei paesaggi dell'ambito o è possibile percepire panorami e scorci ravvicinati.

Non si notano caratteri/elementi peculiari e distintivi antropici e/o naturali. Nelle immediate vicinanze non vi sono elementi storici, culturali e simbolici per cui l'opera da realizzare possa arrecare danno o diminuirne le caratteristiche intrinseche.
Per quanto riguarda l'analisi dell'impatto sulla componente paesaggio, nel SIA è evidenziato che "*Il quadro visivo è ampio ed aperto data la caratteristica morfologica del terreno, un'area piana racchiusa dalle dorsali che la delimitano a nord-ovest ed est*". Nel dettaglio, il progetto è "*percepito, data l'esigua altezza delle*

fonte: http://burc.regione.campania.it

strutture, da una distanza di circa 15-20 m solo dai terreni confinanti adibiti a coltivo"; nel mentre, una "*leggera percezione del progetto potrebbe essere valutata dalle catene montuose poste nell'immediato intorno dell'area di interesse*". Stante la notevole distanza tra i punti panoramici e l'area oggetto di studio, la vegetazione esistente tra i punti di percezione visiva ne mitiga la vista e la vegetazione arbustiva autoctona, parallela alla recinzione, ne ridurrà l'impatto.
Ancora nel SIA si legge che "la relativa lontananza da strade asfaltate o trafficate fa sì che il campo non venga percepito dalle principali direttrici viarie di collegamento."

2.2.7 Impatti sull'ambiente antropico

Fase di Costruzione e Dismissione

Sono stati valutati gli impatti acustici derivanti dalla fase di cantiere degli impianti fotovoltaici, assimilabili per la fase cantieristica ad attività temporanee di cantiere edile, stradale ed assimilati. Si precisa che per fase cantieristica si intendono tutte le operazioni necessarie relative alla fase realizzativa dell'opera, che per similitudine possono essere considerate anche per la fase di dismissione.
Le attività **rumorose** associate alla realizzazione dell'impianto fotovoltaico possono essere ricondotte a titolo esemplificativo:
• cantieri edili ed assimilabili (lavorazioni relative al montaggio ed alla realizzazione della struttura di progetto);
• traffico indotto dal transito dei mezzi pesanti lungo la viabilità di accesso al cantiere.
I lavori previsti dal cantiere vengono riassunti in sei fasi distinte di seguito riportate (fasi generali che hanno la funzione di descrivere ed inglobare tutte le lavorazioni possibili per un cantiere del genere):
-Fase 1: rimozione vegetazione e rimodellamento dei suoli; risistemazione e livellamento del terreno (attrezzature utilizzate: una motosega, un bobcat e un'autogrù);
-Fase 2: posa recinzione al confine della proprietà, a delimitazione dell'area di intervento (attrezzature manuali utilizzate: avvitatori/trapani, un bobcat e un'autogrù);
-Fase 3: posa cabine prefabbricate e containers; realizzazione degli elementi in calcestruzzo per le fondazioni e realizzazione della cabina di trasformazione (strumentazioni utilizzate: un bobcat, una betoniera, un saldatore ossiacetilenico, ed attrezzature manuali quali trapani/avvitatori);
-Fase 4: tracciamenti (posa in opera del cavidotto); scavo del terreno in preparazione della posa dei cavi e/o cavidotti, con l'utilizzo di un mini bobcat;
-Fase 5: posa dei basamenti in acciaio; inserimento nel terreno dei pali di acciaio che sosterranno il telaio dei pannelli fotovoltaici, con un escavatore idraulico che trivellerà il suolo;
-Fase 6: montaggio pannelli fotovoltaici e cablaggi (strumenti utilizzati: attrezzature manuali quali avvitatori/trapani ed un saldatore).
Le attività di cantiere saranno esclusivamente diurna, con orari del tipo dalle 7:00 alle 18:00, solo nei giorni feriali. Nella documentazione allegata alla istanza, per ciascuna delle fasi sopra riportate, è stata fatta una analisi delle diverse emissioni acustiche, considerando il caso più sfavorevole, ovvero "il momento in cui tutte le attrezzature appartenenti alla stessa fase di lavorazioni vengono utilizzate contemporaneamente". I risultati cui giunge l'elaborato evidenziano come "la fase di cantiere più impattante produca un livello sonoro di 70 dB(A) ad una distanza di 30 metri" e che "Quindi in definitiva i livelli equivalenti, riferiti all'orario di apertura del cantiere, non supereranno i 70 dB(A) al ricettore più esposto, nel periodo diurno."
Nel caso in cui nei rilevamenti fonometrici durante la fase cantieristica, i limiti acustici saranno superati, si provvederanno ad installare, come opere mitigative, teli fonoassorbenti per recinzione da cantiere.
In merito all'impatto acustico del traffico indotto dalle attività di cantiere, nel SIA si riporta che "le varie fasi di lavorazioni inducono un traffico di mezzi pesanti e leggeri all' interno dell'area di intervento e nella via comunale di accesso. Il traffico veicolare previsto per l'approvvigionamento del materiale si calcola in massimo 8 veicoli pesanti al giorno, ovvero circa 16 passaggi A/R (considerando in 10 ore di lavoro al giorno). Tale flusso determina la circolazione al massimo di 2 veicoli A/R all'ora. Considerando invece come passaggio di veicoli leggeri legati al personale e/o professionisti esterni di circa 5 veicoli al giorno, ovvero 10 passaggi A/R, quindi 1 veicolo all'ora". Tale analisi ha tenuto conto della durata del cantiere di "circa 11 mesi".
Nel SIA, sempre con riferimento alla fase di cantiere, sono state valutate anche le **Vibrazioni**, ovvero le vibrazioni indotte dall'aumento del numero di mezzi pesanti in circolazione sulle strade e la realizzazione delle strutture di supporto dei moduli. In conclusione, si riporta che "la distanza di influenza intorno al macchinario di cantiere impiegato entro cui si risentono degli effetti delle vibrazioni indotte dalle lavorazioni stesse risulta essere pari a circa 20 metri".
Fase di Esercizio

fonte: http://burc.regione.campania.it

Sulla base della presente analisi e delle considerazioni esposte si ritiene che l'impatto acustico prodotto dal normale funzionamento dell'impianto fotovoltaico di progetto non sia significativo, in quanto il progetto nella sua interezza non costituisce un elemento di disturbo rispetto alle quotidiane emissioni sonore del luogo.

2.2.8 Impatti sui campi elettromagnetici

Fase di Costruzione e Dismissione

Durante la fase di cantiere sono stati individuati i seguenti potenziali impatti diretti, negativi:
- rischio di esposizione al campo elettromagnetico esistente in sito dovuto alla presenza di fonti esistenti e di sottoservizi.

Come già ricordato, i potenziali recettori individuati sono solo gli operatori impiegati come manodopera per la fase di allestimento delle aree interessate dalla costruzione dell'aerogeneratore, la cui esposizione sarà gestita in accordo con la legislazione sulla sicurezza dei lavoratori, mentre non sono previsti impatti significativi sulla popolazione riconducibili ai campi elettromagnetici.

Fase di Esercizio

Durante la fase di esercizio sono stati individuati i seguenti potenziali impatti diretti, negativi:
- rischio di esposizione al campo elettromagnetico esistente in sito dovuto alla presenza di fonti esistenti e di sottoservizi;
- rischio di esposizione al campo elettromagnetico generato dall'aerogeneratore di progetto.

L'analisi completa delle emissioni elettromagnetiche associate alla realizzazione di un impianto per la produzione di energia elettrica tramite lo sfruttamento del vento, dovute potenzialmente al cavidotto MT e AT, alla stazione elettrica d'utenza, viene effettuata nella specifica Relazione sull'Elettromagnetismo (D.P.C.M. 08/07/03 e D.M 29/05/08) (213402_D_R_0233) a cui si rimanda per i dettagli.

Per quanto riguarda la SE, nel SIA si legge che "*il valore massimo del campo magnetico è pari a 20 μT in asse linea, inferiore al limite di 100 μT previsti dalla normativa; mentre il valore del campo magnetico di 3 a 1 metro dal suolo è a 33 metri dall'asse linea; la Dpa a 3 μT sarà pari a 38 asse della linea*", "*il valore massimo del campo elettrico è pari a 4,8 kV/m, inferiore al limite dei 5 kV previsti dalla normativa*".

La nuova stazione di trasformazione 380/150/36 kV sarà inserita in modalità entra-esci in corrispondenza dei sostegni P77 e P78 della linea; detti sostegni sono della serie a 380 kV a base stretta della serie unificata Terna. Per realizzare l'entra-esci, saranno inseriti due nuovi sostegni in asse linea e precisamente il P77/1 (raccordo lato Garigliano) ed il P78new (raccordo lato Patria); entrambi saranno del tipo EP con mensole a bandiera per realizzare la trasposizione delle fasi di altezza 40,60. Il sostegno P77/1 sarà posizionato alla distanza di circa 220 metri dal P77 in direzione Garigliano Patria; mentre il sostegno P78/new sarà posizionato a circa 24 metri dal P78 in direzione Patria-Garigliano.

2.2.9 Impatti sull'assetto socio-economico

Fase di Costruzione e Dismissione

Si prevede che l'economia ed il mercato del lavoro esistenti potrebbero essere positivamente influenzati dalle attività di cantiere e di dismissione dell'aerogeneratore in progetto, nel seguente modo:
- impatti economici derivanti dalle spese dei lavoratori e dall'approvvigionamento di beni e servizi nell'area locale;
- opportunità di lavoro temporaneo diretto e indiretto;
- valorizzazione abilità e capacità professionali.

Sarà proprio nella fase di cantiere che si avranno i maggiori benefici ed il conseguente impatto positivo. In questo periodo, infatti, verranno assunti i lavoratori e acquistati beni e servizi, con potenziali impatti positivi sulla comunità locale. Per ridurre i costi è coerente prevedere che la manodopera impiegata sarà locale, al più proveniente dai comuni della Provincia.

Fase di Esercizio

La società proponente, una volta installato il parco fotovoltaico e attivata la produzione di energia elettrica, si doterà di risorse umane specializzate al fine di garantire tutte quelle opere manutentive che non richiedono competenze tecniche altamente specializzate, quali, ad esempio, verifiche e regolazioni in condizione di esercizio, pulizie, ecc.

La manutenzione ordinaria comprenderà gli interventi finalizzati a contenere il degrado a seguito del normale funzionamento dell'impianto. Si tratta di servizi effettuati da personale tecnicamente qualificato, formato e da sistemi di monitoraggio collegati in remoto La realizzazione dell'opera in progetto sicuramente potrà comportare un impatto positivo all'economia locale dovuto principalmente a:
- Un impatto economico derivante dalle spese dei lavoratori e dall'approvvigionamento di beni e servizi nell'area locale;
- L'opportunità lavorativa per la fase di cantiere del tipo diretto e indiretto;

fonte: http://burc.regione.campania.it

- valorizzazione abilità e capacità professionali delle figure, imprese e servizi coinvolte direttamente o indirettamente.

Tutto ciò comporterà un beneficio, in termini economici, con un conseguente aumento di reddito e di conseguenze delle spese del personale impiegato nel Progetto e degli individui che possiedono servizi e strutture nell'area circostante il Progetto. Tali aumenti della spesa e del reddito che avranno luogo durante la fase di cantiere saranno verosimilmente circoscritti e di breve durata.

2.2.10 Impatti derivanti dalla realizzazione delle cabine e delle opere di connessione

Con la richiesta di integrazioni, è stato chiesto al proponente di "*descrivere le caratteristiche tecniche e gli impatti su tutte le componenti ambientali (sia in fase di esercizio sia di cantiere) derivanti dalla realizzazione dei raccordi aerei a 380 kV della nuova stazione di trasformazione alla esistente linea 380 kV "Garigliano-Patria" nonché le caratteristiche e gli impatti derivanti dalla realizzazione della nuova stazione di trasformazione 380/150/36kV da collegare in entra- esci sulla linea 380 kV Garigliano-Patria*".

Nel riscontrare il proponente ha chiarito che "*la futura opera RTN denominata "Cancello 380-150-36 kV", condivisa e parte integrante di più progetti di impianti FER che ne prevedono la consistenza nella STMG, risulta già autorizzata all'interno del procedimento PUA ID7436 e AU, sia dal punto di vista ambientale (con Decreto Ministeriale R.310 del 07/10/2024) che dal punto di vista autorizzativo (con Decreto Dirigenziale n. 41 del 30/05/2025)"* e che *"pertanto, si ritiene non soggetta ad ulteriori valutazioni o autorizzazioni*". Nella documentazione trasmessa a seguito della I CdS, il proponente ha chiarito definitivamente che "*la stazione elettrica denominata "Cancello380", pur essendo richiamata negli elaborati progettuali in quanto infrastruttura ricompresa tra le opere connesse all'iniziativa, secondo quanto previsto dalla STMG rilasciata da Terna S.p.A., non rientra nel presente procedimento autorizzativo*", in quanto "*la suddetta infrastruttura risulta già assentita nell'ambito di un distinto iter amministrativo afferente alla società Bonito Storage S.r.l., conclusosi con il rilascio del Decreto Dirigenziale n. 55/18/2024 del 17/10/2024*".

Sono, ad ogni buon fine, sintetizzate le caratteristiche tecniche delle componenti inerenti alla realizzazione dei raccordi aerei e della nuova stazione elettrica, così come riportate negli elaborati progettuali "AS245-ET37a-D" per i raccordi aerei e nella relazione "S296-SE01-R". La nuova Stazione Elettrica di "Cancello 380" sarà composta da una sezione a 380 kV, una sezione a 150 kV, e una sezione 36kV; all'interno della stazione saranno installati n. 3 Autotrasformatori (ATR) 380/150 kV e tre trasformatori 380/36kV da 250MVA, come riportato su planimetria elettromeccanica elaborato "S296-SE06 D_Planimetria elettromeccanica". Al di sopra dello scotico, verrà realizzato un rilevato di terra, spaccato di cava ed inerti al fine di innalzare la quota della stazione RTN a +1,5m di altezza dal p.c al fine di evitare eventuali allagamenti durante eventi meteorici eccezionali e qualora la rete di drenaggio superficiale (rete di bonifica e Regi Lagni) risulti non idonea a regimentare le piene eccezionali. La nuova stazione si localizza infatti in un'area pianeggiante con quote del terreno che variano da 2.3 a 2.5 m.s.l.m con falda sub-pianeggiante. L'area della stazione in progetto ha una superficie di circa 62.667 mq comprensiva dell'area necessaria ai rilevati e all'area di rispetto.

Nel medesimo riscontro, sono stati valutati gli impatti derivanti dalla realizzazione delle opere, considerando anche i recettori vicini alle stesse.

Si ribadisce che la SE, così come descritta nei documenti trasmessi, "*deve intendersi esclusa dal presente procedimento, in quanto già oggetto di autonomo titolo autorizzativo efficace*".

2.3 Impatti cumulativi

In riscontro al **punto 25)** della richiesta di integrazioni, il proponente chiarisce che è stato aggiornato il par. 13.7 del SIA e valutati gli impatti cumulativi. Si riporta la seguente figura, relativa ad un'area di raggio pari a 3 km dall'impianto proposto:

fonte: http://burc.regione.campania.it

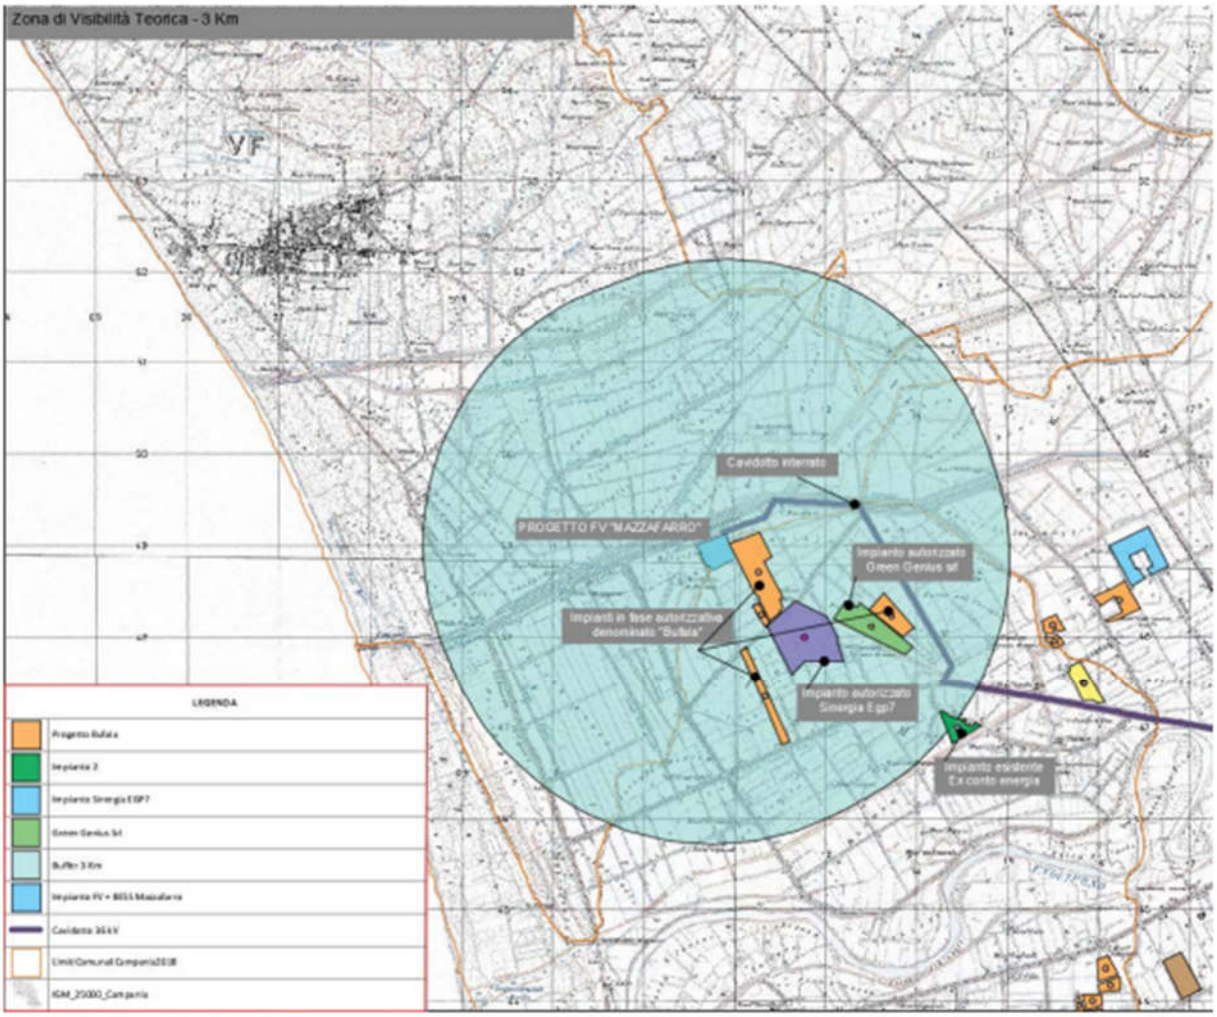

Figura 19 – layout con indicazioni altri impianti FER

2.3.1 Impatto visivo cumulativo

Sono stati valutati i contributi di visibilità generati dai progetti esistenti e da quelli autorizzati ma non ancora realizzati o in fase di realizzazione, da cui emerge che "l'incidenza dell'impianto oggetto di studio risulterebbe interessata solo la parte a Nord in quanto a sud la visibilità è condizionata da quella degli impianti esistenti sul territorio" e che "il contributo di visibilità generato dall'impianto in oggetto risulta del tutto o quasi mitigato dal contributo di visibilità generato dagli impianti esistenti e autorizzati ricadenti nel Buffer della ZVT", dove per ZVT si intende la zona di visibilità teorica.

In riferimento alla fase di cantiere si evidenzia che gli impianti esistenti già sono realizzati e pertanto non vi è accumulo tra le fasi il progetto oggetto di studio, mentre gli impianti in fase autorizzativa sono, fra loro, temporalmente sfalsati ed inseriti in procedimenti autorizzativi distinti per tempistiche; pertanto "la contemporaneità delle attività" è ritenuta "difficile se non impossibile". Dunque, gli impatti in questa fase corrispondono a quelli già trattati e relativo al solo impianto in oggetto, valutate per le singole componenti.

In merito alla fase di esercizio si ribadisce che l'impianto fotovoltaico di progetto, per le sue caratteristiche, risulta "difficilmente visibile da ampie distanze" e "mitigato già dalla vegetazione spontanea presente lungo la viabilità o lungo i corsi d'acqua presenti sul territorio". Il cavidotto di connessione, inoltre, essendo del tutto interrato, non incide sulla componente paesaggistica. Si evidenzia, altresì, che lungo tutto il perimetro di tale parco ci sarà una barriera arborea per mitigare l'impatto visivo sul paesaggio. A supporto di quanto riportato, è stato realizzato un rilievo fotografico nell'intorno dell'area, in modo da "far notare che anche a poche distanze dal lotto di progetto lo stesso risulta mitigato dalla vegetazione presente lungo le sponde dei corsi d'acqua e lungo le viabilità comunali e provinciali presenti nell'intorno". Si riporta uno stralcio di alcune foto di interesse, al fine di evidenziare la non visibilità delle aree di progetto dai vari impianti mitigati dalla vegetazione spontanea esistente:

fonte: http://burc.regione.campania.it

Figura 20 - fotoinserimenti

Dalla documentazione fotografica prodotta (cui si rimanda per avere una visione più completa) emerge come le aree di progetto non risultino visibili a causa della vegetazione fitta e della conformazione morfologica dei suoli. In definitiva le opere di mitigazione progettate hanno la finalità di mitigare gli impatti visivi dell'impianto sulla componente del paesaggio, e migliorare, seppure a scala locale, l'assorbimento di CO2 e la rinaturalizzazione di aree che presentano fenomeni di inaridimento della componente suolo; quindi, l'effetto cumulativo visivo generato dalla realizzazione ed esercizio dell'impianto fotovoltaico è pertanto trascurabile.

fonte: http://burc.regione.campania.it

2.3.2 Impatto cumulativo su patrimonio culturale ed identitario

Il territorio in esame è un ambiente di natura agricola, nel quale non si evidenzia la presenza di beni di notevole interesse culturale.
Nel SIA si legge che "la realizzazione dell'impianto in oggetto non genererà impatti sostanziali sulla componente culturale ed identitaria dei luoghi già fortemente condizionata dalla presenza dell'aeroporto e delle discariche a poche centinaia di metri di distanza" e che "l'installazione dell'impianto, pertanto, nell'inserimento territoriale considerato andrà a salvaguardare le attività agricole del territorio e quindi quelle antropiche caratteristiche dell'area".
Non saranno stravolti gli aspetti morfologici, i reticoli idrografici principali e secondari, e visto che il progetto si ritiene inserito armonicamente con le caratteristiche paesaggistiche e culturali identitarie del territorio conferendo un'impronta energetica al paesaggio, l'effetto cumulativo sul patrimonio culturale e identitario può considerarsi trascurabile.

2.3.3 Impatto cumulativo su suolo e sottosuolo

In riferimento alla componente di consumo di suolo, l'impianto in oggetto si inserisce in un'area in cui non vi è la presenza di altri impianti fotovoltaici esistenti a distanza di almeno 3,0 Km. Inoltre, negli interfilari dell'impianto è stata prevista la continuazione dell'attività agricola, riducendo l'incidenza dell'impianto sul territorio in riferimento all'effettivo suolo occupato dallo stesso.
L'impatto cumulativo, visto come consumo del suolo, dei progetti, in fase autorizzativa ed esistenti, è trascurabile, ovvero corrispondente allo 0,03% della Superficie Agricola Territoriale Campana e, considerando la reale occupazione delle strutture, in funzione delle attività agricole da svolgere tra gli interfilari di impianto l'occupazione scende allo 0,01% della SAT Campana. Pertanto, anche l'incidenza cumulativa dei vari progetti è intesa come trascurabile in termini di occupazione di suolo anche in considerazione di tutti i benefici ottenibili dai progetti citati e considerando i benefici maggiori di un impianto fotovoltaico rispetto ad uno a combustibili fossili.
L'impianto fotovoltaico non interessa fondi agricoli utilizzati per colture di pregio e per tale aspetto non si prevede un aumento dell'impatto cumulativo con altri impianti; pertanto, l'impatto cumulativo, visto nel contesto agricolo sulle colture e produzione agronomiche di pregio, è da considerare trascurabile.

2.3.4 Impatto cumulativo su ambiente idrico

Data la natura dei luoghi e la particolarità dell'impianto fotovoltaico, realizzato mediante l'adozione di strutture lineare semplice e prive di fondazioni e delle opere ad esse connesso l'impatto geomorfologico/idrologico generato risulta essere nullo e considerando anche l'impatto cumulativo con gli altri impianti presenti non si rileva nessuna criticità. Inoltre, gli impianti sono situati su terreni pianeggianti, per i quali il rischio frana è nullo, e sono rispettate le fasce di rispetto dai corsi d'acqua e le prescrizioni di zona per l'AdB in quanto i piani di calpestio delle strutture sono posti tutti ad una quota di 1,50 metri dal piano campagna.

2.3.5 Impatto cumulativo sugli ecosistemi e la biodiversità

Per la fase di cantiere/dismissione, si evidenzia che "la sottrazione di Habitat sarà limitata alle superfici interessate dalla realizzazione del progetto e quelle relative alla posa del cavidotto di connessione".
In merito alla fase di esercizio invece si è valutata l'influenza generata da tutti gli impianti che potrebbero essere approvati e quelli esistenti, con riferimento ad un "eventuale effetto della superficie riflettente sull'avifauna correlata alla capacità di mobilitazioni delle popolazioni migratici". Per quest'ultimo aspetto valutando che la maggior parte delle popolazioni vola ad una quota compresa tra i 300 ed i 1.000 metri e dalla bibliografia di settore è consono stimare un'area di influenza di 3.000 metri.
Le uniche fonti di impatto quali impianti/attività presenti all'interno dell'area di influenza sono i due impianti in fase autorizzativa "società Sinergia EGP7, l'impianto Green Genius" e un impianto esistente. Sono stati valutati i fattori fisici del luogo (la vegetazione e flora esistente) sia in area vasta che nell'area di influenza e la fauna (distinguendola per tipologia e ambiente di interesse).
Le aree produttive presenti, quelle urbanizzate e le infrastrutture lineari costituiscono elementi di frammentazione ecologica che possono rivestire un ruolo importante nell'ostacolare le connessioni ecologiche di specie diverse. Per l'area in esame, sono stati evidenziati i seguenti effetti barriera:
- rete stradale, con impatti dovuti alla mortalità accidentale di anfibi, mammiferi e piccoli uccelli;
- linea ferroviaria, che attraversa in direzione nord-sud l'area vasta e che costituisce elemento di attrito alla dispersione della fauna terrestre;
- aree urbanizzate che fanno da effetto barriera sulla fauna meno mobile.

fonte: http://burc.regione.campania.it

L'impatto considerato dalla realizzazione di un impianto fotovoltaico e valutato come generato dalla sottrazione di habitat per le specie identitarie della zona e dalla fauna (e microfauna) presente sui terreni di realizzazione impattata dalla realizzazione degli scavi, lo scotico della vegetazione superficiale in fase di cantiere per la quale è essa stessa un'attività impattante sulla vegetazione stessa.
L'impatto generato dal disturbo antropico dovuto alla realizzazione dell'impianto ma "nell'area di interesse non si identificano Habitat di notevole pregio e nemmeno dall'analisi del PFV regionale si è evinto la presenza di particolari zone di nidificazione nell'area di interesse".
Per quanto riguarda la microfauna presente sui luoghi, nello specifico di quella fauna che convive con le attività agricole in essere del territorio, è stato ridotto l'impatto dell'impianto come barriera fisica evitando di realizzare la recinzione fino al piano campagna e lasciando un varco di altezza di circa 20 cm, ad intervalli regolari sono stati previsti varchi di dimensioni 30 cm x 60 cm per il passaggio della fauna di media taglia ed utilizzando una rete a maglia larga. Tale aspetto agevola la migrazione e gli spostamenti della microfauna, per le quali lo stesso impianto può essere visto come una zona di rifugio e stazionamento temporaneo.
Nel SIA si sottolinea, inoltre, che "per molte specie legate a questi ambienti, la presenza del progetto non comporta un reale impedimento a compiere il proprio ciclo biologico, che anzi può creare microhabitat favorevoli per alcune specie criptiche e terrestri (es: invertebrati predatori, anfibi, rettili) o aumentare la disponibilità di posatoi e rifugi per attività quali la caccia e il riposo".
In merito alla biodiversità vegetale va evidenziato che il layout dell'impianto non interferisce con le aree agricole localizzate nei terreni adiacenti al sito e consente di mantenerne il disegno e l'articolazione, senza creare interruzioni di continuità od aree di risulta, non accessibili ed utilizzabili a fini agricoli.
Nella fase di Gestione e manutenzione delle aree verdi dell'impianto fotovoltaico è stata prevista la possibilità della continuazione delle attività agricole tra le aree libere dei moduli fotovoltaici, come normale processo di manutenzione dell'impianto, un'attività che oltre ad esercitare una continuità delle identità territoriali pregresse diventa una collaborazione attiva nella gestione e manutenzione delle aree dell'impianto stesso. Inoltre, è da sottolineare che gli impianti non emettono né reflui né emissioni di inquinanti di alcun tipo durante la vita utile, pertanto, il contributo di tali impatti sugli ecosistemi è da ritenersi nullo.
Per quanto riguarda l'impatto indiretto, dovuto all'aumentato disturbo antropico con conseguente allontanamento e/o scomparsa degli individui nella fase di cantiere va sottolineato che in aree di seminativo, tale tipologia di impatto risulta a bassa entità, considerando che l'impianto insiste su terreni di natura agricola utilizzata prevalentemente per la produzione di colture cerealicole e/o foraggiere.
L'impianto insisterà su suoli già fortemente condizionati dall'attività agricola senza andare ad interferire con le aree limitrofe e le zone e senza stravolgere l'orografia dei terreni preesistenti che di per sé risultano al quanto pianeggianti.
In definitiva, l'effetto cumulativo sugli ecosistemi e sulla biodiversità, rapportato agli impatti già esistenti e influenzati da altre attività antropiche presenti sul territorio è da ritenersi trascurabile.

2.3.6 Impatti cumulativi sulla componente Rumore

La zona presa in esame è priva di recettori sensibili di classe I quali scuole, ospedali, case di riposo, etc. e confrontando i valori previsti in fase previsionale di impatto acustico con i valori limiti di zona, si conclude che la realizzazione dell'impianto non produrrà livelli di rumore ambientale superiori ai limiti prescritti dalla legislazione vigente presso manufatti più prossimi.
In riferimento alla fase di costruzione gli impatti derivanti sono quelli valutati nei paragrafi precedenti e generati dalla sola realizzazione dell'impianto in quanto gli altri impianti saranno dismessi in fasi sicuramente diverse ed in tempi diversi e in ogni caso non in concomitanza con l'impianto oggetto del presente studio.
Inoltre, si ritiene che l'impatto acustico prodotto dal normale funzionamento dell'impianto fotovoltaico di progetto e dalla stazione elettrica d'utenza non sia significativo, in quanto il progetto nella sua interezza non costituisce un elemento di disturbo rispetto alle quotidiane emissioni sonore del luogo. Non si può inoltre ipotizzare come significativo un apporto cumulativo dovuto alla contemporanea presenza dell'impianto in progetto e di quelli esistenti, vista la distanza tra essi, e data la natura degli impianti stessi il cui contributo risulta del tutto irrisorio.

2.3.7 Impatto cumulativo sul traffico indotto

Il traffico indotto è imputabile, per ovvie ragioni alla fase di costruzione e dismissione dell'impianto, visto che nella fase di esercizio possono essere previsti gli arrivi dei mezzi di manutenzione in nr.1 o 2 unità circa per 2 volte all'anno, quindi totalmente trascurabile rispetto alla prima fase. Quindi considerando che la fase cantieristica di costruzione/dismissione duri circa 330 giorni (11 mesi), su un turno di lavoro pari a 8 h/giorno, è implicito dire che, se sarà verificata la fase di costruzione sicuramente sarà verificata anche la fase di

fonte: http://burc.regione.campania.it

dismissione, chiaramente i due effetti non possono essere sommati poiché appartengono a due momenti temporali diversi. Il traffico indotto potenziale sarà pari a quindi:

- circa a 16 passaggi andata e ritorno di veicoli pesanti al giorno per 330 giorni durata del cantiere;
- 3 veicoli leggeri al giorno per i lavoratori e professionisti, ovvero circa 6 passaggi andata e ritorno per 330 giorni durata del cantiere.

In totale il traffico indotto dalla fase cantieristica sarà stimato pari a 32 veic.eq./giorno per i mezzi pesanti e 6 veic.eq./giorno per i mezzi leggeri.
Si è proceduto ad una valutazione per comparazione prendendo in considerazione la disponibilità dei dati del traffico medio giornaliero forniti dall'ANAS, da cui si evince che "il potenziale traffico veicolare indotto dalla realizzazione del progetto in esame, in fase di cantiere non graverà in maniera significativamente negativa sullo scenario di traffico locale, poiché risulta del tutto trascurabile".

3. DESCRIZIONE DELLE MISURE PREVISTE PER EVITARE, PREVENIRE O RIDURRE E, POSSIBILMENTE, COMPENSARE I PROBABILI IMPATTI AMBIENTALI SIGNIFICATIVI E NEGATIVI

3.1 Analisi delle misure in questione

Di seguito si fornisce la descrizione delle misure previste per evitare, prevenire o ridurre e, eventualmente, compensare i probabili impatti ambientali significativi e negativi attesi dall'attuazione del progetto proposto sull'ambiente nelle sue diverse Fasi, così come desumibili dallo SIA e dall'ulteriore documentazione allegata all'Istanza in questione.

3.1.1 Atmosfera e ambiente fisico

Durante la fase di cantiere, non sono previste né specifiche misure di mitigazione atte a ridurre la significatività dell'impatto, né azioni permanenti. La società proponente si impegna ad attuare tutte le possibili azioni utili a contenerne gli impatti, sia in fase di realizzazione che nella futura di dismissione come ad esempio:
- definizione di viabilità di cantiere riducendo al massimo gli spostamenti impegnando la superficie minima utile dell'area di cantiere;
- utilizzo ove è possibile di mezzi di trasporto meno inquinanti come Euro 4 o superiore;
- calendarizzazione ed equa distribuzione di mezzi durante l'arco della giornata;
- individuazione delle zone di carico e scarico, limitando l'attività alle singole zone di cantiere;
- bagnatura periodica delle superfici di cantiere in relazione al passaggio dei mezzi e delle operazioni di carico/scarico, con aumento della frequenza delle bagnature durante la stagione estiva, utilizzando per esempio ove è possibile cannoni nebulizzatori per l'abbattimento delle polveri;
- stabilizzazione delle piste di cantiere;
- bagnatura dei materiali risultanti dalle operazioni di scavo;
- copertura dei cassoni dei mezzi con teli in modo da ridurre eventuali dispersioni di polveri durante il trasporto dei materiali;
- lavaggio giornaliero dei mezzi di cantiere e pulizia con acqua degli pneumatici dei veicoli in uscita dai cantieri.

3.1.2 Ambiente idrico

Tra le misure di mitigazione per gli impatti potenziali in fase di cantiere si ritiene opportuno:
- bagnare tutte le superfici prima e durante l'attività di scavo, con sistemi già visti nel paragrafo atmosfera;
-sospendere temporaneamente le attività lavorative di scavo in caso di forte vento;
-assicurare una regolare manutenzione dei mezzi d'opera meccanici in tutte le fasi della vita tecnica dell'impianto, al fine di scongiurare l'eventualità di perdite d'olio, carburanti o elementi meccanici che potrebbero interessare terreno e sottosuolo e quindi ambiente idrico superficiale e sotterraneo;
- assicurare un regolare lavaggio dei mezzi all'uscita dai cantieri;
- la realizzazione dei Cavidotti AT potrà generare impatti relativamente minimi in quanto il consumo della componente sarà generato soltanto dagli eventuali impasti del misto cementato per la chiusura degli scavi di realizzazione del cavidotto.

Tra le eventuali misure di mitigazione ravvisate per la fase di esercizio vi sono:
- l'approvvigionamento di acqua tramite autobotti, qualora la risorsa non sarà disponibile;
- kit antinquinamento e sistema di raccolta sversamenti accidentali visto in precedenza;

fonte: http://burc.regione.campania.it

- manutenzione ordinaria per garantire la buona funzionalità dei mezzi adibiti allo sfalcio di potatura per evitare perdite di liquidi e/o incidenti.

3.1.3 Suolo e sottosuolo

Tra le misure di mitigazione per gli impatti potenziali legati alla fase di cantiere si ravvisano:
- Ottimizzazione del numero dei mezzi di cantiere previsti, spalmandoli in maniera equa su tutti i giorni lavorativi e durante l'arco della giornata
- realizzazione in cantiere di un'area destinata allo stoccaggio e differenziazione del materiale di risulta dagli scotici e dagli scavi;
- impiego di materiale realizzato e confezionato in un contesto esterno all'area di interesse, senza conseguente uso del suolo;
- disposizione di un'equa ridistribuzione e riutilizzazione del terreno oggetto di livellamento e scavo;
- inerbimento dell'area d'impianto, al fine di evitare fenomeni di dilavamento ed erosione;
- gestione ed ottimizzazione degli accessi all'area di cantiere da parte dei mezzi
- Utilizzo di kit antinquinamento in caso di sversamenti accidentali dai mezzi.

In tutti i casi, i previsti interventi di ripristino consentono una buona mitigazione finale delle aree interessate da movimento di terra, in particolare per le azioni di ripristino dello stato dei luoghi ante-operam.
Per la fase di esercizio, nel SIA sono riportate le seguenti misure di mitigazione:
- realizzazione di uno strato erboso perenne nelle porzioni di terreno sottostante i pannelli;
- possibilità di coltivare in futuro, da parte di un'azienda agricola del luogo, le strisce di terreno comprese tra le file dei pannelli fotovoltaici, riducendo la sottrazione di suolo all'agricoltura e dunque l'impatto ambientale;
- utilizzo di kit antinquinamento in caso di sversamenti accidentali dai mezzi.

3.1.4 Vegetazione, flora e fauna

Per la componente sono proposte le seguenti misure di mitigazione:

impatto	misura di mitigazione
disturbo da rumore su una superficie < 300 ha; impatto temporaneo e reversibile	• utilizzo di mezzi meccanici a emissioni entro i limiti di emissione della normativa vigente
disturbo da illuminazione in cantiere e in esercizio	• proiettori sono rivolti verso il basso e accoppiati a sensori di presenza, che emettono luce artificiale solo in caso di rilevamento di persone e/o mezzi • utilizzo di lampade a temperatura di colore non superiore a 2.700K • le lampade dovranno essere direzionali e puntate verso il suolo • dovrà essere illuminata solo l'area che si intende sorvegliare evitando le zone non interessate
occupazione di superficie in corrispondenza dell'impianto fotovoltaico	• utilizzo di colture a foraggi sotto i pannelli

Il parco fotovoltaico è, infine delimitato da recinzioni metalliche integrate da un impianto di allarme antintrusione e di videosorveglianza. La recinzione sarà realizzata lungo il confine del lotto, in adiacenza alla viabilità perimetrale del parco fotovoltaico e, in corrispondenza dei canali consortili, saranno mantenute le opportune fasce di rispetto.
Per mitigare l'impatto visivo, lungo tutto il perimetro è prevista la realizzazione di una siepe di Leccio, e/o di Alloro o lauroceraso. Dopo una valutazione preliminare sull'opera di mitigazione visiva più corretta da porre in opera, si è optato per la realizzazione di una piantumazione fitta che vada a creare l'effetto di coprenza continua. Tale opera genererà un impatto di protezione visiva oltre che una leggera barriera acustica al rumore ed al vento. La piantumazione dovrà essere di tipo sempreverde per i seguenti motivi:
- Migliore mitigazione anche durante i mesi autunnali ed invernali.
- Minori costi di manutenzione del verde.
- Fioritura ridotta con minore sporco a terra.

Si è prescelto preliminarmente il Lauro come essenza autoctona da posare lungo tutto il perimetro della recinzione ad eccezione degli accessi e dei punti dove sono presenti le condotte consortili (angolo SUD-EST dell'area di progetto), tale scelta è stata effettuata al fine di consentire ampi spazi di manovra e gestione per le relative attività di manutenzione che potrebbero essere necessari all'ente consortile. La disposizione delle piante si prevede irregolare, con un sesto di impianto medio di 2m.

3.1.5 Paesaggio

Durante la fase di cantiere, sono previste alcune misure di mitigazione al fine di minimizzare gli impatti sul paesaggio., in particolare:
- le aree di cantiere saranno delimitate e accessibili solo al personale addetto e tenute costantemente pulite e opportunamente segnalate;

fonte: http://burc.regione.campania.it

- al termine dei lavori si provvederà al ripristino dei luoghi e le strutture di cantiere saranno rimosse insieme ai materiali stoccati e di risulta.
In fase di esercizio, per tutta la durata utile di vita dell'impianto, si prevede di mitigare gli impatti sulla componente paesaggio con i seguenti accorgimenti:
- uso di recinzioni perimetrali di colore verde;
- schermatura naturale (siepe realizzata con essenze autoctone) lungo tutto il perimetro dell'impianto;
- scelta di soluzioni cromatiche compatibili con la realtà del manufatto e delle sue relazioni con l'intorno, evitando forti contrasti, privilegiando i colori dominanti nel luogo d'interesse, utilizzando preferibilmente pigmenti naturali;
- scelta di moduli a basso coefficiente di riflessione e dai colori non sgargianti, oltre a strutture di fissaggio opacizzate.

3.1.6 Ambiente Antropico

Di seguito si riportano le misure di mitigazione che verranno adottate durante le attività di cantiere, al fine di ridurre gli impatti potenziali, sia in relazione alla componente rumore sia alle vibrazioni:
- l'impostazione delle lavorazioni più impattanti (tipo utilizzo martello pneumatico o simile) ad alte frequenze in modo da ridurre notevolmente i livelli di accelerazione;
- la manutenzione delle attrezzature;
- l'utilizzo di macchinari conformi alla normativa UE.
Le misure di mitigazione specifiche, sulle sorgenti di rumore/macchinari:
- spegnimento di tutte le macchine quando non sono in uso;
- dirigere, ove possibile, il traffico di mezzi pesanti lungo tragitti lontani dai recettori sensibili;
- simultaneità delle attività rumorose, laddove fattibile (il livello sonoro prodotto da più operazioni svolte contemporaneamente potrebbe infatti non essere significativamente maggiore di quello prodotto dalla singola operazione);
- limitare le attività più rumorose ad orari della giornata più consoni;
- posizionare i macchinari fissi il più lontano possibile dai recettori.

3.1.7 Campi elettromagnetici

Nell'area in esame non sussistono condizioni tali da lasciar presupporre la presenza di radiazioni al di fuori della norma e non sono quindi necessari elementi di mitigazione.

3.1.8 Assetto socio-economico

Non è prevista l'adozione di misure di mitigazione, in quanto non sono previsti impatti negativi sulla componente socioeconomica.

4. PROGETTO DI MONITORAGGIO DEI POTENZIALI IMPATTI AMBIENTALI SIGNIFICATIVI E NEGATIVI DERIVANTI DALLA REALIZZAZIONE E DALL'ESERCIZIO DEL PROGETTO, CHE INCLUDE LE RESPONSABILITÀ E LE RISORSE NECESSARIE PER LA REALIZZAZIONE E LA GESTIONE DEL MONITORAGGIO

Il programma di monitoraggio ambientale è sviluppato nel SIA al par. 13.8. Il programma di monitoraggio ambientale è previsto per le fasi:
- ante operam, con lo scopo di definire lo scenario ambientale di riferimento utilizzato per i SIA, estendendo a tutte le componenti ambientali individuate nello Studio di Impatto Ambientale;
- in corso d'opera, con lo scopo di verificare l'evoluzione dei parametri ambientali in relazione alle attività di cantiere;
- di esercizio dell'impianto fotovoltaico.

In quest'ultima fase, il monitoraggio ambientale ha i seguenti obiettivi:
- Verificare la conformità alle previsioni di impatto individuate nello Studio di Impatto Ambientale per la fase di esercizio dell'impianto in relazione allo scenario ambientale di riferimento mediante il rilevamento e l'analisi di dati e parametri per le diverse componenti ambientali;
- Correlare gli stati ambientali ante operam a quelli della fase di esercizio dell'impianto, al fine di valutare l'evolversi della situazione ambientale;
- Garantire, durante l'esercizio dell'impianto, il pieno controllo della situazione ambientale;
- Individuare eventuali impatti non previsti o di entità superiore rispetto alle previsioni dello Studio di Impatto Ambientale e determinare idonee misure correttive;
- Effettuare, in fase di esercizio, gli opportuni controlli sull'esatto adempimento dei contenuti e delle eventuali prescrizioni e raccomandazioni formulate nel provvedimento di compatibilità ambientale;
- Verificare l'efficacia delle misure di mitigazione individuate nello Studio di Impatto Ambientale.

A seguito della valutazione degli impatti sono state identificate le seguenti componenti da sottoporre a monitoraggio:
- Stato di conservazione del manto erboso;
- Consumi di acqua utilizzata per il lavaggio dei pannelli;
- Stato di conservazione delle opere di mitigazione inerenti inserimento paesaggistico;
- Rifiuti.

L'attività di monitoraggio viene definita attraverso la definizione della durata temporale del monitoraggio e della periodicità dei controlli, in funzione della rilevanza della componente ambientale considerata e dell'impatto atteso, l'individuazione di parametri ed indicatori ambientali rappresentativi, la scelta, laddove opportuno, del numero, della tipologia e della distribuzione territoriale delle stazioni di misura, in funzione delle caratteristiche geografiche dell'impatto atteso o della distribuzione di ricettori ambientali rappresentativi e la definizione delle modalità di rilevamento.

Stato di Conservazione Opere del Manto Erboso

Il monitoraggio sarà più intenso nella prima fase post impianto dello strato erboso, al fine di verificare il buon esito delle operazioni di impianto. Nel corso del primo anno è previsto un controllo visivo stagionale (3 volte l'anno) per verificare lo stato dello strato erboso, taglio erba / sostituzione di eventuali fallanze ed interventi di ripristino ed eliminazione delle specie infestanti.

Nei periodi successivi, col progredire dello sviluppo dello strato erboso a prato naturale, è previsto un monitoraggio più limitato e congiunto all'attività di sfalcio e controllo infestanti. Lo sfalcio è eseguito con trincee o decespugliatori, in funzione delle condizioni logistiche e della superficie oggetto dell'intervento. Inoltre, la stessa acqua utilizzata per la pulizia, poiché priva di detergenti, potrà essere usata per irrigare lo strato erboso previsto nel Progetto.

Consumi di acqua utilizzata per il lavaggio dei pannelli

I consumi di acqua utilizzata nell'ambito della pulizia dei pannelli, saranno monitorati e riportati in un apposito registro nell'ambito delle attività O&M.

Stato di Conservazione delle Opere di Mitigazione

A mitigazione dell'impatto paesaggistico dell'opera, è prevista una siepe realizzata con essenze autoctone lungo tutto il perimetro dell'impianto.

fonte: http://burc.regione.campania.it

Durante la fase di cantiere, la corretta implementazione delle misure di mitigazione non renderà necessaria alcuna attività di monitoraggio. Durante la fase di esercizio dell'opera, invece, sarà svolta una regolare attività di manutenzione del verde nell'ambito delle attività di manutenzione. Infatti, sebbene le composizioni previste rispecchieranno la vegetazione attualmente presente all'interno del perimetro ed avranno caratteristiche di spiccata tolleranza alle caratteristiche della zona, un elemento essenziale per la riuscita degli interventi di piantumazione sarà la manutenzione. Le operazioni connesse a questa fase particolare non dovranno unicamente essere rivolte all'affermazione delle essenze, ma anche al contenimento delle specie esotiche e, più in generale, a ridurre la possibilità di inquinamento floristico. A garanzia di un efficace intervento si prevedono, laddove necessario, opportune sostituzioni di fallanze, cure colturali, irrigazioni di soccorso per le successive 3 stagioni vegetative successive all'impianto, accompagnate da relativo monitoraggio di buon esito delle operazioni di impianto.

Monitoraggio Rifiuti

Nell'ambito delle operazioni di manutenzioni, sarà sviluppato un Piano di Gestione Rifiuti che definirà principalmente le procedure e misure di gestione dei rifiuti, ma anche di monitoraggio e ispezione.

Presentazione dei risultati

I risultati delle attività di monitoraggio saranno raccolti mediante apposti rapporti tecnici di monitoraggio, in cui si riporteranno informazioni in merito a:

- le finalità specifiche dell'attività di monitoraggio condotta;
- la descrizione e la localizzazione delle aree di indagine e delle stazioni/punti di monitoraggio, oltre che l'articolazione temporale del monitoraggio in termini di frequenza e durata;
- i parametri monitorati, i risultati del monitoraggio e le relative elaborazioni e valutazioni, comprensive delle eventuali criticità riscontrate.

Tali rapporti tecnici includeranno per ogni stazione/punto di monitoraggio una scheda di sintesi anagrafica che riporti le informazioni utili per poterla identificare in maniera univoca (es. codice identificativo, coordinate geografiche, componente/fattore ambientale monitorata, fase di monitoraggio, informazioni geografiche, destinazioni d'uso previste, parametri monitorati). Tali schede, redatte sulla base del modello riportato nelle linee guida ministeriali, saranno accompagnate da un estratto cartografico di supporto che ne consenta una chiara e rapida identificazione nell'area di progetto, oltre che da un'adeguata documentazione fotografica.

Si precisa, altresì, che gli esiti derivanti dalle suddette attività di monitoraggio saranno oggetto di sistematica raccolta, validazione e archiviazione, e saranno resi disponibili mediante pubblicazione su apposita sezione web dedicata, accessibile al pubblico. Il relativo link di accesso sarà trasmesso alla Regione nell'ambito della fase procedimentale di Verifica di Ottemperanza, al fine di garantire la piena consultabilità e trasparenza dei dati, in coerenza con i principi di pubblicità e accesso alle informazioni ambientali.

5. INTEGRAZIONE CON LA VALUTAZIONE DI INCIDENZA

Lo Studio di Incidenza è stato redatto inizialmente con l'istanza solo in relazione ai seguenti interventi:
• Realizzazione di una nuova stazione di trasformazione 380/150/36kV da collegare in entra-esci sulla linea 380 kV "Garigliano-Patria" a doppio sistema di sbarre e parallelo 380kV.
• Raccordi aerei a 380 kV della nuova stazione di trasformazione alla esistente linea 380 kV "Garigliano-Patria".
A seguito di richiesta di integrazioni lo Studio di Incidenza è stato integrato con l'analisi delle incidenze sia dell'impianto che del cavidotto.

5.1 Descrizione del progetto

Il progetto prevede la realizzazione di un impianto per la produzione di energia elettrica da fonte rinnovabile, nella fattispecie fotovoltaica con accumulo di energia elettrica.
Tale impianto fotovoltaico è denominato "Mazzafarro" ed è della potenza complessiva di 7,49 MWp + 20 MW B.E.S.S. a 4 h. L'intera centrale FV+BESS sarà realizzata in un'area agricola tra i comuni di Mondragone (CE) e Castel Volturno (CE) e sarà allacciata mediante soluzione tecnica minima generale fornita da Terna S.p.a., la quale prevede che la centrale sia collegata in antenna a 36 kV su una futura Stazione Elettrica (SE) Cancello "380/150/36" 36 kV della RTN, in comune di Cancello Arnone.
Per la descrizione delle caratteristiche tecniche dell'impianto si faccia riferimento alla sezione apposita della presente scheda.

5.2 Ambito di riferimento ed inquadramento territoriale

Il sito Natura 2000 interessato direttamente dall'attraversamento del cavidotto e più prossimo ad impianto e alle altre opere connesse è il Sito IT 8010027 Fiumi Volturno e Calore Beneventano.
Nel punto di attraversamento del fiume in area Natura 2000, il cavidotto non interseca habitat di interesse comunitario come definiti negli allegati alla DGR 617 del 14/11/2024.
Di seguito la descrizione del Sito tratta dal Formulario Standard aggiornato a Dicembre 2024.

L'area interessata dal Fotovoltaico e dalla Stazione Elettrica di trasformazione ricade in ambito "Colture estensive e sistemi agricoli complessi" come definita da carta della Natura redatta da ARPAC ISPRA. Secondo la Carta della Natura il cavidotto ricade in diversi ambiti. Per la maggior parte attraversa campi agricoli. In alcuni punti lambisce le "Praterie mesofile pascolate" (codice Corine Biotopes 38.1) e in corrispondenza dell'attraversamento fluviale "Corsi d'acqua con vegetazione scarsa o assente" (codice Corine Biotopes 24.1).

Nell'Elaborato RDA_04_VINCA vengono descritti gli habitat indicati nel FS della ZSC, riportando i dati caratteristici relativi alla struttura e alle specie tipiche indicate nelle schede descrittive del Manuale italiano all'interpretazione degli habitat (SBI su http://vnr.unipg.it/habitat/) e la distribuzione nell'area di influenza ricavata dalla carta degli habitat di all. I della Regione Campania.

L'habitat 3150 nella ZSC è puntiforme e si trova all'incirca a 6,7 km a est dal comune di Capua e 22 km dall'area di intervento.
L'habitat 3240 è presente in quattro piccole aree lungo il ramo nord della ZSC, due delle quali all'estremo del perimetro. Distano oltre 49 km dall'area di intervento.
L'habitat 3260 è puntiforme nella ZSC e si trova a 7,5 km a est dal comune di Capua e 22 km dall'area di intervento.
L'habitat 3270 è presente in quaranta piccole aree lungo il ramo nord e il ramo est della ZSC a oltre 40 km dall'area di intervento.
L'habitat 3280 è presente in quattro piccole aree distanti non meno di 11 km dall'area di intervento e fuori dell'area di influenza.
L'habitat 6430 è presente in due piccole aree nella ZSC. Una si trova nel ramo nord e l'altra nel ramo ovest a circa 7 km dal comune di Capua e 7,5 dall'area di intervento.
L'habitat 91M0 è presente in tre grandi aree nel ramo nord della ZSC a oltre 25 km dall'area di intervento.
L'habitat 92M0 è presente in diverse piccole aree distribuite a macchia di leopardo lungo il corso del fiume Volturno; ed è prossimo all'area dedicata allo staffaggio sul ponte del cavidotto.
Stessa analisi è stata effettuata per tutte le specie.

I rilievi effettuati nelle aree direttamente interessate dall'intervento hanno evidenziato l'uso agricolo dell'area, coperta da colture estensive a foraggio. Una descrizione completa è disponibile nello Studio di Impatto Ambientale, e nella presente scheda è riassunta nel paragrafo biodiversità.

Nello Studio, in sintesi, si legge che:
La superficie dell'area di intervento risulta essere

- *a basso valore ecologico così come tutto il territorio circostante, fatta eccezione per una piccola porzione di territorio a nord dell'intervento che risulta ad alto valore ecologico.*
- *a sensibilità ecologica molto bassa così come tutta l'area circostante, ad eccezione di piccole porzioni a media/alta sensibilità ecologica.*

fonte: http://burc.regione.campania.it

- *pressione antropica molto alta, così come tutto il territorio circostante, ad eccezione di una piccola porzione a nord che presenta invece pressione antropica alta.*
- *media fragilità ambientale, così come tutto il territorio circostante, fatta eccezione per una piccola porzione a nord che presenta invece fragilità ambientale alta.*

5.3 Valutazione delle incidenze

Rispetto ai potenziali impatti sono individuati e descritti le seguenti interferenze. Nel SIA si legge:

Perdita di superficie e di frammentazione di habitat

L'area di influenza da sottrazione di superficie è individuata nelle aree direttamente interessate dall'intervento, tutte esterne alla ZSC e prive di tipi di habitat di all. I. Lo stesso vale per l'impatto migliorativo, in fase di dismissione dell'impianto, riferito al rispristino dello stato dei luoghi che, anche in questo caso, non interessano superfici della ZSC né di tipi di habitat di all. I.
Anche per gli impatti da sollevamento delle polveri durante i cantieri, l'area di influenza non raggiunge la ZSC né tipi di habitat di all. I; infatti, l'unico punto in cui il cantiere attraversa la ZSC è in prossimità del ponte di Cancello Arnone, dove il cavidotto sarà messo in opera senza scavi e con staffaggio sulla spalletta del ponte.
La realizzazione delle opere, inoltre, non introduce elementi che possano frammentare superfici classificate come tipi di habitat di all. I. Pertanto, l'incidenza è stata classificata come nulla.

Alterazione di habitat

L'area di influenza da sottrazione di superficie è individuata nelle aree direttamente interessate dall'intervento, tutte esterne alla ZSC e prive di tipi di habitat di all. I.
Lo stesso vale per l'impatto migliorativo, in fase di dismissione dell'impianto, riferito al rispristino dello stato dei luoghi che, anche in questo caso, non interessano superfici della ZSC né di tipi di habitat di all. I.
Anche per gli impatti da sollevamento delle polveri durante i cantieri, l'area di influenza non raggiunge la ZSC né tipi di habitat di all. I; infatti, l'unico punto in cui il cantiere attraversa la ZSC è in prossimità del ponte di Cancello Arnone, dove il cavidotto sarà messo in opera senza scavi e con staffaggio sulla spalletta del ponte.
La realizzazione delle opere, inoltre, non introduce elementi che possano frammentare superfici classificate come tipi di habitat di all. I.
Pertanto, l'incidenza è stata classificata come nulla.

Sottrazione di habitat di specie

Il progetto determina perdita di superficie in corrispondenza delle aree che saranno occupate dalle opere, che corrispondono anche a quelle di cantiere. Trovandosi esternamente alla ZSC non si verificherà alcuna incidenza. Nell'unico punto in cui il cantiere interseca la ZSC, il cantiere è sul ponte e non sottrae alcuna superficie. Lo stesso vale per l'impatto migliorativo, in fase di dismissione dell'impianto, riferito al rispristino dello stato dei luoghi che, anche in questo caso, non interessano superfici della ZSC.
Anche per gli impatti da sollevamento delle polveri durante i cantieri, l'area di influenza non raggiunge la ZSC; infatti, nell'unico punto in cui il cantiere interseca la ZSC, il cantiere è sul ponte e il cavidotto è messo in opera senza scavi ma con staffaggio sulla spalletta. Considerando i chirotteri riscontrati in alimentazione nelle aree di intervento, la superficie occupata dagli impianti è poco significativa rispetto a quella utilizzata da queste specie. Infatti, nell'ipotesi che i rifugi degli individui di Myotis sp. siano nella ZSC (foreste ripariali), per raggiungere l'area della stazione elettrica e quella del parco fotovoltaico, l'estensione del loro territorio dovrebbe avere un raggio di almeno 4 km, intorno a ciascuna opera, corrispondente a circa 10.000 ha, mentre la superficie occupata dalla stazione elettrica e dall'impianto fotovoltaico con BESS non supera i pochi ettari ha. Volendo considerare l'effetto cumulativo della presenza delle aree urbanizzate e degli impianti fotovoltaici in autorizzazione, nell'area di 4 km intorno ai potenziali rifugi, la superficie occupata da zone costruite passerebbe dagli attuali 319 ettari a circa 325 ettari (6 del progetto in valutazione + fino a 70 ettari di altri progetti), ossia dal 6,4% al 6,5%, con una riduzione dello 0,1% della superficie disponibile per l'alimentazione dei chirotteri (calcoli basati sulla Carta della Natura della Regione Campania).
In ogni caso, la presenza dei campi fotovoltaici e della stazione elettrica non può essere considerata una perdita di habitat alimentare, perché queste specie frequentano normalmente anche le zone urbanizzate e quelle agricole con infrastrutture antropiche. Quindi, è probabile che anche in presenza della stazione elettrica e del campo fotovoltaico essi continuino a frequentare l'area cacciando insetti in volo nello spazio aereo.

fonte: http://burc.regione.campania.it

La significatività dell'incidenza è stata classificata come nulla.
Il progetto è valutato come coerente e compatibile con le misure di conservazione stabilite per il Sito. Infatti, non ostacola gli interventi attivi, gli incentivi, i programmi didattici previsti né è vietato dalle misure regolamentari vigenti.
In sede di I Conferenza di Servizi sono state richieste le modalità di staffaggio sul ponte in relazione alla porzione di cavidotto che attraversa il Sito Natura 2000. Nel riscontro è riportato che:
L'attività riguardante lo staffaggio sul ponte, relativo al posizionamento della passerella potrà essere, preliminarmente, così strutturata:

- Allestimento di zone di deposito per le bobine portacavi ed apparati di fissaggio
- Allestimento ponteggio che potrà essere mobile o fisso,
- Marcatura dei punti di fissaggio e relativa foratura con installazione ancoraggi montaggio staffe e allestimento passerella.
- Pulizia dell'area e smobilizzo del cantiere.

Tale attività richiede 9 gg lavorativi nel caso più complesso.

5.4 Valutazione di soluzioni alternative

Durante la progettazione sono state considerate diverse soluzioni alternative:
- Alternativa 0: corrispondente alla non realizzazione dell'intervento.
- Alternativa 1: l'utilizzo di pannelli su supporto fisso rispetto a moduli ad orientamento variabile, in funzione dell'inclinazione solare.
- Alternativa 2: configurazione delle stringhe di pannelli in cui i moduli sono bifacciali e posizionati su tracker mono assiali orientati asse Nord-Sud con sistema intelligente di rotazione al sole, finalizzato alla massimizzazione della efficienza ed alla riduzione dell'utilizzo del suolo. Inoltre, in questa alternativa, non si prevede l'utilizzo di fondazioni in cemento armato.

L'alternativa scelta (ovvero la n. 2), inoltre, comprende anche opportuni accorgimenti di posizionamento e di progettazione, mirati ad una corretta integrazione con l'ambiente e all'armonizzazione e al contenimento dell'evidenza degli ostacoli visivi e sonori, quale la piantumazione di alcune specie vegetali autoctone.

5.5 Misure di Monitoraggio

Per garantire l'accuratezza delle previsioni sull'incidenza dell'intervento e l'efficacia delle misure di mitigazione adottate, è stato predisposto il Piano di Monitoraggio Ambientale (PMA) conforme alle Linee Guida per la predisposizione del Progetto di Monitoraggio Ambientale delle opere soggette a Valutazione di Impatto Ambientale (VIA).
Per quanto riguarda la componente biodiversità, nel PMA è riportato questo indicatore: n° di individui osservati /ora di campionamento. L'obiettivo è *Acquisire informazioni sull'utilizzo delle aree interessate dall'impianto fotovoltaico da parte di uccelli migratori o nidificanti, per evidenziare eventuali impatti da abbagliamento o effetti barriere ed applicare eventuali opportune misure correttive in fase di montaggio dell'impianto o in fase di esercizio.*
La stazione di campionamento è stata scelta al centro dell'area per consentire di coprire buona parte del territorio interessato.

5.6 Conclusioni inerenti alla VINCA

Si riporta schematicamente nello Studio di Incidenza che:

- *Nella ZSC non sono presenti tipi di habitat prioritari.*
- *Nell'area di influenza non sono presenti tipi di habitat non prioritari.*
- *L'unica specie prioritaria segnalata per la ZSC è Lutra lutra. L'areale di distribuzione è esterno all'area di influenza.*
- *Nessuna delle specie indicate ha una distribuzione che interessi le aree di cantiere, in quanto l'area di influenza del cantiere non occupa superficie della ZSC; pertanto, nessuna specie potrà avere un'incidenza negativa causata da sottrazione di habitat nella ZSC.*
- *Nessuna delle specie indicate ha una distribuzione che interessi l'area di influenza dal disturbo causato da rumori e da presenza di persone in cantiere, né in esercizio; tale area non comprende superficie di ZSC; quindi, nessuna specie del sito Natura 2000 potrà subire incidenze negative da queste attività.*
- *Nessuna delle specie indicate ha una distribuzione che interessi l'area di influenza dal perturbazione di popolazioni di uccelli o chirotteri causato dalla linea aerea; quindi, nessuna specie del sito Natura 2000 potrà subire incidenze negative da questa pressione.*

L'analisi delle incidenze non ha evidenziato alcun impatto negativo sugli habitat e sulle specie presenti nei siti Natura 2000. Pertanto, non sono necessarie misure di mitigazione.

5.7 Sentito

Con pec dell'11/02/2025 il Parco Regionale del Matese trasmette "Sentito" favorevole (prot. partenza n. 366/2025) ai sensi dell'art. 5 comma 7 del DPR 357/97 sull'Istanza per il rilascio del provvedimento autorizzatorio unico regionale ai sensi dell'art. 27 bis del D.Lgs. n. 152/2006.
Con PEC del 16/04/2026, acquisita al prot. reg. n. 366769 di pari data il Parco Regionale del Matese trasmette nuovo "Sentito" favorevole (prot. partenza n. 757/2025 del 16/04/2026) ai sensi dell'art. 5 comma 7 del DPR 357/97 sull'istanza per il rilascio del provvedimento autorizzatorio unico regionale ai sensi dell'art. 27 bis del D.Lgs. n. 152/2006.

6. CONCLUSIONI E PROPOSTA DI PARERE

Premesso che:

- Il progetto prevede la realizzazione di un impianto per la produzione di energia elettrica da fonte fotovoltaica con accumulo di energia elettrica. L'impianto fotovoltaico è denominato "Mazzafarro" ed è della potenza complessiva di 7,49 MWp + 20 MW B.E.S.S. a 4 h. L'intera centrale FV+BESS sarà realizzata in un'area agricola tra i comuni di Mondragone (CE) e Castel Volturno (CE) e sarà allacciata mediante soluzione tecnica minima generale fornita da Terna S.p.a., la quale prevede che la centrale sia collegata in antenna a 36 kV su una futura Stazione Elettrica (SE) Cancello "380/150/36" 36 kV della RTN, in comune di Cancello Arnone.
- il progetto prevede l'installazione di moduli cristallini bifacciali su inseguitori mono assiali che consentono un maggior irraggiamento sui moduli già alle prime ore del mattino fino alle ore pomeridiane, garantendo una produzione maggiore rispetto ad un impianto a strutture fisse;
- il progetto prevede la realizzazione di un impianto di accumulo B.E.S.S., che garantisce una riserva di energia pronta per la rete, utile per sopperire ad eventuali carenze;
- la linea elettrica di connessione dell'impianto è interamente realizzata in cavo interrato e si sviluppa lungo la viabilità esistente, connettendosi alla nuova Stazione Elettrica Cancello 380/150 kV autorizzata con Decreto Direttoriale n.55/18/2024 del 17/10/2024 del Dipartimento per l'Energia Direzione Generale Fonti Energetiche e Titoli Abilitativi del Ministero dell'Ambiente e della Sicurezza Energetica (*Decreto di autorizzazione alla Società Bonito Storage S.r.l. alla realizzazione di un impianto di accumulo della potenza di 98 MW denominato "Cancello ed Arnone Bonito Storage" nel Comune di Cancello ed Arnone (CE) e delle relative opere connesse*);
- il cavidotto, interrato, si sviluppa quasi prevalentemente su strada esistente; attraversa il fiume Volturno sul ponte di Cancello Arnone mediante staffaggio sulla spalletta del ponte preesistente, attraverso la realizzazione di una canaletta per il passaggio cavi;
- la Valutazione di Impatto Ambientale è stata integrata con la Valutazione di Incidenza in quanto il tratto di cavidotto suddetto attraversa il Sito IT 8010027 Fiumi Volturno e Calore Beneventano e per l'impianto si è ritenuto di dover valutare le potenziali interferenze a distanza.

fonte: http://burc.regione.campania.it

Considerato che:

- È stata effettuata una richiesta di integrazioni in quanto la documentazione presentata con l'istanza non è stata ritenuta adeguata a consentire la valutazione degli effetti ambientali connessi alla realizzazione dell'opera. Analogamente in sede di prima e seconda seduta di Conferenza di Servizi sono stati richiesti ulteriori chiarimenti. Alle richieste è stato fornito un riscontro idoneo a consentire la valutazione;
- lo Studio di Impatto Ambientale e gli ulteriori documenti integrativi prodotti contengono una descrizione puntuale delle opere di progetto, della vincolistica in relazione all'ubicazione, delle alternative (compresa l'alternativa zero), e hanno individuato la natura, l'entità e la tipologia dei potenziali impatti sull'ambiente;
- le analisi contenute nello Studio di Impatto Ambientale e nello Studio di Incidenza, opportunamente integrate, volte a valutare gli effetti della realizzazione degli interventi sulle diverse componenti ambientali, hanno evidenziato limitati impatti principalmente in fase di cantiere in termini di emissioni in atmosfera (polvere e rumore). Gli impatti in relazione al consumo di suolo e alla frammentazione di habitat sono stati considerati trascurabili anche in virtù delle scelte progettuali adottate e delle misure gestionali e mitigative individuate;
- in relazione all'impatto paesaggistico, si evidenzia che l'impianto non ricade in aree sottoposte a vincolo ai sensi del D. Lgs. n. 42/2004. Il cavidotto è soggetto ad autorizzazione paesaggistica in virtù dell'attraversamento del Fiume Volturno (lettera c - art. 142 del D.lgs 42/2004). I principali effetti sul paesaggio sono mitigati dalla presenza di una siepe perimetrale che limita la visibilità dell'impianto.
- dalle analisi prodotte e riportate in istruttoria, ne deriva che il bilancio complessivo dell'opera presenta un impatto sulle componenti ambientali analizzate limitato e, comunque, monitorabile. Il progetto, per le modalità realizzative, la localizzazione ed in virtù delle misure di mitigazione proposte e delle condizioni ambientali impartite, nel computo delle interferenze positive e negative, e tenuto conto del ruolo di riduzione di emissioni climalteranti globali, appare non in grado di determinare impatti negativi significativi sul territorio dal punto di vista della salvaguardia ambientale.
- le aree dove sono localizzate le maggiori trasformazioni ambientali ricadono su aree attualmente ad uso agricolo;
- il progetto è coerente con gli obiettivi e le strategie del Piano Energetico Ambientale Regionale (PEAR) e concorre, attraverso l'uso della fonte solare in sostituzione di quella fossile, al raggiungimento degli obiettivi nazionali di transizione energetica contenuti nel PNIEC e PNRR;
- lo Studio di Impatto Ambientale contiene un Piano di Monitoraggio Ambientale adeguato a verificare gli impatti sulle principali componenti ambientali determinati dall'impianto nelle diverse fasi di realizzazione, esercizio e dismissione; si ritiene che gli esiti di tale monitoraggio debbano essere messi a disposizione del pubblico. Il proponente si mostra disponibile a perseguire tale obiettivo di trasparenza ma non individua sin d'ora le modalità e pertanto si è ritenuto di inserire una apposita condizione ambientale;
- non è prevista eliminazione di vegetazione arborea o arbustiva di pregio in nessuna area interessata dal progetto;
- la siepe perimetrale, così come prevista nella documentazione di progetto, sarà costituita da una piantumazione fitta di specie sempreverdi come *il leccio, l'alloro e il lauroceraso* e ritenuto che quest'ultimo, essendo una specie alloctona naturalizzata, non è considerato adatto ad ampie piantumazioni prossime a Siti della rete Natura 2000, si ritiene di dover imporre l'utilizzo di specie autoctone, escludendo il lauroceraso;
- il progetto è finalizzato alla produzione di energia elettrica da fonte fotovoltaica ed è coerente con le strategie nazionali e sovranazionali per il potenziamento della produzione energetica da fonti rinnovabili, per il miglioramento della sicurezza degli approvvigionamenti energetici (con la riduzione della dipendenza dall'estero) e per la riduzione delle emissioni in atmosfera inquinanti e climalteranti;
- dallo Studio di Impatto Ambientale risulta che l'impianto in progetto potrà contribuire, in fase di esercizio, alla produzione di energia "zero-emissiva" per un totale stimato di circa 35,91 GWh/anno;
- al termine delle fasi di consultazione pubblica previste dall'art. 27 bis del D.lgs. n. 152/06 e ss.mm.ii. non sono pervenute osservazioni da parte del pubblico interessato;
- in sede di richiesta di integrazione e poi successivamente in Conferenza di Servizi sono stati richiesti chiarimenti sulle modalità di realizzazione dei pali di fondazione delle strutture, sul materiale utilizzato e sugli impatti sulla componente ambiente idrico sotterraneo e sottosuolo, sia in fase di cantiere che di esercizio;
- il riscontro, pur non pienamente soddisfacente, ha chiarito che i pali di fondazione che intercettano una falda superficiale a circa 1,80 m di profondità da piano campagna, saranno realizzati in acciaio zincato con caratteristiche di durabilità e inerzia chimica; la modalità di realizzazione sarà per infissione senza

fonte: http://burc.regione.campania.it

scavi;
- si ritiene fondamentale che le modalità di esecuzione descritte e la scelta di materiali per la realizzazione dei suddetti pali di fondazione sia tale da non determinare rischi di inquinamento e contaminazione della falda nell'arco di vita utile dell'impianto;

Fermo restando:
- il rispetto di tutte le misure di mitigazione proposte nello Studio di Impatto Ambientale, nello Studio di Incidenza e nella documentazione integrativa;
- il rispetto delle misure presenti nel Piano di Monitoraggio proposto
- il divieto di utilizzo del lauroceraso nelle piantumazioni della siepe perimetrale in quanto specie non autoctona
- la scelta di una tipologia di materiale certificato (acciaio ad alta durabilità e inerzia chimica, senza vernici) per i pali di fondazione, al fine di ridurre/eliminare i rischi di inquinamento e contaminazione della falda e modalità di infissione tali da non generare infiltrazioni di materiali o fluidi contaminanti nel sottosuolo.

IL DIRIGENTE

PREMESSO che:

a. il titolo II della parte seconda del D. lgs. n. 152/2006 e ss.mm.ii. detta norme in materia di Valutazione Ambientale Strategica di determinati piani e programmi che possono avere impatti significativi sull'ambiente e sul patrimonio culturale;

b. con D.G.R.C. n. 408 del 21/07/2024, avente ad oggetto "Attuazione LR n. 6/2024 – Ordinamento Regionale", è stata approvata la nuova articolazione in Settori e Unità operative delle strutture amministrative regionali con le relative denominazioni e competenze degli Uffici;

c. secondo le disposizioni del nuovo Ordinamento Regionale sopra richiamato le competenze in materia di valutazione ambientale sono attribuite all'Ufficio Speciale 306.00.00 Ufficio Valutazioni Ambientali;

d. con D.P.G.R.C. n. 82 del 09/07/2025 è stato conferito l'incarico di Direttore dell'Ufficio Valutazioni Ambientali, codice 306.00.00, all'avv. Simona Brancaccio;

e. con D.G.R.C. n. 791 del 28/12/2016 si è disposto, al punto 2 del deliberato, che "nelle more dell'adeguamento del Disciplinare, continui ad operare la Commissione VIA – VI – VAS di cui al D.P.G.R. n. 62 del 10/04/2015";

f. con D.P.G.R.C. n. 204 del 15/05/2017 avente ad oggetto "Deliberazione di G.R. n. 406 del 4/8/2011 e s.m.i.: modifiche Decreto Presidente Giunta n. 62 del 10/04/2015 - Disposizioni transitorie" pubblicato sul BURC n. 41 del 22/05/2017, è stata aggiornata la composizione della Commissione per le valutazioni ambientali (VIA/VI/VAS);

g. con D.G.R.C. n. 737 del 28/12/2022, pubblicata sul BURC del 03/01/2023, sono state individuate le Modalità di calcolo degli oneri per le procedure di Valutazione Ambientale Strategica, Valutazione di Impatto Ambientale e Valutazione di Incidenza di competenza della Regione Campania;

CONSIDERATO che:

a. con istanza acquisita acquisita al prot. 16023 del 30/04/2025, il Consorzio ASI della Provincia di Benevento ha presentato ha richiesto la Valutazione Ambientale Strategica (VAS) ai sensi degli artt. 13 e ss. del D. lgs. 152/2006 e s.m.i. per il *"Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli""*;

b. all'istanza è stato assegnato il CUP 10127;

c. con nota prot. 232344 del 09/05/2025, l'Ufficio Speciale Valutazioni Ambientali, in qualità di Autorità Competente in materia di VAS, ha comunicato l'avvio della fase di scoping, invitando gli SCA a presentare i propri contributi ed eventuali osservazioni nel temine di 30 giorni;

d. a conclusione della fase di scoping, con nota dell'Ufficio Speciale Valutazioni Ambientali prot. 292707 del 12/06/2025 è stata data comunicazione dell'avvenuta pubblicazione delle osservazioni e dei contributi pervenuti;

e. con nota acquisita al prot. reg. 416558 del 26/08/2025, integrata con nota acquisita al prot. reg. 421438 del 29/08/2025 il Consorzio ASI della Provincia di Benevento ha trasmesso la documentazione per la consultazione pubblica ex art. 14 del Dlgs 152/2006;

f. con nota prot. 432730 del 04/09/2025 l'Ufficio Speciale Valutazioni Ambientali ha:

- comunicato l'avvenuta pubblicazione in data 02/09/2025 dell'avviso al pubblico di cui all'articolo 13, comma 5, lettera e) del D. lgs. 152/2006 relativo al *Piano* in parola;
- comunicato l'avvenuta pubblicazione della documentazione per la consultazione pubblica sia sul sito dell'Autorità competente che su quello dell'Autorità procedente/proponente;

g. nei 45 giorni previsti per la consultazione sono pervenute le sole osservazioni dell'ARPAC, trasmesse con nota acquisita al prot. n. 0526861 del 14/10/2025;

h. con nota prot. 606224 del 10/11/2025, l'Ufficio Speciale Valutazioni Ambientali ha trasmesso una richiesta di chiarimenti e integrazioni;

i. il Consorzio ASI della Provincia di Benevento, con nota acquisita al prot. reg. 0681916 del 03/12/2025, ha richiesto una proroga di 60 gg per il riscontro alla nota prot. 0606224 del 10/11/2025, proroga accordata in data 04/12/2025 con nota prot. n. 0682853;

j. in data 09/02/2026 il Consorzio ASI della Provincia di Benevento ha richiesto una seconda proroga per ulteriori 60 gg con nota acquisita al prot. reg. n. 0107316/2026, accordata in data 10/02/206 con nota prot. n. 0110703/2026;

k. con nota acquisita al prot. reg. 329477 del 02/04/2026 il Consorzio ASI della Provincia di Benevento ha riscontrato la nota prot. 0606224 del 10/11/2025.

l. tutta la documentazione inerente al CUP 10127 è stata pubblicata sul sito tematico *viavas.regione.campania.it* nella sezione Area VAS – Consultazione fascicoli – VALUTAZIONE AMBIENTALE STRATEGICA, cartella relativa al **CUP 10127;**

RILEVATO che:

a. l'istruttoria dell'istanza de quo è stata assegnata alla dott.ssa Nevia Carotenuto, funzionaria dell'Ufficio Speciale Valutazioni Ambientali;

b. detto *Piano* è stato sottoposto all'esame della Commissione V.I.A. - V.A.S. - V.I. che nella seduta del 18/06/2026, sulla base dell'istruttoria svolta dalla dott.ssa Carotenuto e per i motivi riportati nell'estratto del verbale allegato in copia al presente provvedimento (**Allegato A**) come parte integrante e sostanziale, ha espresso parere favorevole di Valutazione Ambientale Strategica con le seguenti prescrizioni:
   a. Il Piano di Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli", prima della trasmissione all'organo competente all'approvazione dello stesso, deve tenere conto di tutti gli elementi emersi nell'ambito della procedura di VAS sopra richiamati. L'Autorità procedente dovrà modificare/integrare il Piano, prima della sua approvazione finale, secondo i contenuti presenti nei pertinenti documenti di riscontro alla richiesta di integrazioni dell'Autorità competente prot. 0606224 del 10/11/2025 e secondo le prescrizioni di cui al presente parere.
   b. Ai fini della sostenibilità ambientale e territoriale delle previsioni insediative produttive si prescrive:
      a. che l'attuazione del Piano avvenga secondo il modello APEA – Area Produttiva Ecologicamente Attrezzata, con individuazione dei principi di prevenzione dell'inquinamento, di uso efficiente delle risorse, di miglioramento progressivo delle prestazioni ambientali e di integrazione tra assetto urbanistico, qualità ambientale e organizzazione gestionale dell'area, in coerenza con l'articolo 26 del Dlgs. 112/1998 e con le Linee guida regionali APEA introdotte con il Regolamento regionale n. 3/2025. A tal fine nelle Norme Tecniche di Attuazione (NTA), nel Titolo III, dopo l'art, 21, dovranno essere esplicitati gli obiettivi, le norme e le azioni APEA per le infrastrutture e per gli insediamenti (sia per i nuovi, con valore di prescrizioni e

direttive, che per quelli esistenti, con valore di indicazioni da seguire in sede di progettazione di trasformazioni urbanistiche ed edilizie) attraverso le quali perseguire gli obiettivi di sostenibilità ambientale definiti nel Piano, con riferimento alle diverse componenti/tematiche ambientali. Nelle norme APEA dovrà essere dato particolare rilievo alla componente suolo e alla correlata componente acque con riferimento alle azioni per ridurre le portate di deflusso e garantire la laminazione delle acque meteoriche e l'invarianza idraulica;

b. che l'art. 20 delle NTA sia modificato assicurando la prevenzione delle modifiche del regime idraulico locale derivanti dalla redistribuzione della pioggia intercettata dai moduli, dalla concentrazione dei deflussi lungo le linee di gocciolamento, dall'eventuale compattazione del suolo e dalla possibile riduzione della capacità infiltrativa e della rugosità superficiale del terreno subordinando l'ammissibilità degli impianti alla dimostrazione, in sede attuativa, dell'invarianza idraulica e idrologica ante e post operam, mediante specifica relazione idrologico-idraulica coerente con la normativa di bacino e con gli indirizzi tecnici applicabili, comprensiva della valutazione dei coefficienti di deflusso, della permeabilità effettiva delle superfici, dei percorsi di drenaggio, del recapito finale e dell'eventuale necessità di opere di laminazione o regolazione dello scarico e prevedendo che la progettazione privilegi soluzioni a minimo movimento terra, con conservazione o ripristino della copertura vegetale, limitazione della compattazione da cantiere e da manutenzione, adeguata distanza funzionale tra le file, regimazione delle acque meteoriche nei punti di concentrazione dei deflussi e adozione di misure di dissipazione, infiltrazione diffusa e/o laminazione idraulica, in modo da evitare effetti cumulativi sul reticolo superficiale e garantire la compatibilità con le condizioni idrauliche del sito e del contesto di area vasta. Ai fini della verifica degli effetti di tali misure dovrà essere previsto l'obbligo, per il soggetto che gestisce l'impianto, di un programma di monitoraggio almeno in fase post-operam, finalizzato a verificare la funzionalità delle opere di regimazione e laminazione, il mantenimento della permeabilità del suolo, l'efficienza della copertura vegetale e l'assenza di fenomeni di erosione, ristagno o scarichi anomali verso il reticolo recettore.

c. La Dichiarazione di Sintesi di cui all'art. 17 del Dlgs 152/2006 dovrà puntualmente riportare tutti gli elementi emersi nell'ambito della procedura di VAS sopra richiamati e in particolare:
    a. le integrazioni e gli approfondimenti forniti e come essi sono stati considerati nella stesura definitiva del Piano;
    b. i puntuali aggiornamenti e le integrazioni inerenti al Rapporto ambientale;
    c. le misure di mitigazione già comprese nelle Norme Tecniche di Attuazione da attuare per le azioni del Piano con potenziali effetti negativi sull'ambiente;
    d. la descrizione delle modifiche apportate alle Norme Tecniche di Attuazione del Piano a seguito delle prescrizioni di cui al presente parere motivato di VAS;
    e. la previsione della realizzazione degli studi floro-faunistici specifici per i progetti futuri di opere e programmi attuativi da eseguirsi per le zone interessate;
    f. la previsione di completamento del Monitoraggio Floristico – Vegetazionale e della fauna esteso ai periodi primaverile ed estivo, in coerenza con la fenologia delle specie e con le buone pratiche di monitoraggio ambientale;
    g. la previsione di riorganizzazione funzionale e qualitativa delle superfici a verde, coerente con gli obiettivi di compensazione ecologica, con funzione: di mitigazione ambientale e paesaggistica, di connessione ecologica con i territori limitrofi e di compensazione della riduzione delle fasce del corridoio ecologico.

d. È necessario inoltre:
    a. prestare, in fase attuativa, particolare attenzione alle previsioni progettuali che potenzialmente possono produrre impatti sull'ambiente (es. consumo di suolo, impatto sul paesaggio, ecc.);
    b. prestare particolare attenzione al monitoraggio delle azioni per le quali sono stati individuati potenziali impatti negativi, con particolare ma non esclusiva attenzione al

paesaggio, al consumo e variazione di copertura di suolo, alle modifiche del regime idraulico);

c. prestare particolare attenzione al monitoraggio dello stato di attuazione del piano, agli effetti prodotti e al contributo del medesimo al raggiungimento degli obiettivi di sostenibilità ambientale pertinenti definiti dalle strategie di sviluppo sostenibile nazionale e regionale, di cui all'articolo 34 del Dlgs. 152/06. Si ricorda che le strategie di sviluppo sostenibile, ai sensi del citato articolo, rappresentano il quadro di riferimento delle valutazioni ambientali e il monitoraggio ai sensi dell'articolo 18 deve garantire la verifica del raggiungimento degli obiettivi di sostenibilità prefissati, che di conseguenza devono essere esplicitamente e distintamente correlati alle strategie;
d. garantire che gli interventi già previsti dal piano e quelli che saranno successivamente programmati siano sottoposti alle prescritte valutazioni ricomprese nel campo di applicazione della VIA, ove ne ricorrano i termini secondo le disposizioni vigenti, prima della loro autorizzazione e realizzazione; a tal fine è utile prevedere una fase di interlocuzione preventiva tra l'Autorità competente alla VIA e il soggetto proponente l'intervento al fine di verificare se ricorrono i termini per l'applicazione della normativa in materia di VIA;
e. garantire, per tutti gli interventi previsti dal piano (o da programmarsi successivamente) che verranno attuati tramite Fondi europei, nelle successive fasi progettuali e autorizzative, il rispetto: del principio DNSH in coerenza con quanto indicato dall'art. 9 del Reg. (UE) 1060/2021 e dei criteri ambientali previsti dal PR FESR Campania 2021 – 2027 per quelli finanziati a valere su tali risorse finanziarie.

e. È opportuno prestare particolare attenzione alle previsioni progettuali finalizzate al risparmio energetico e idrico e all'autoproduzione di energia.

RITENUTO di dover provvedere all'emanazione del parere motivato ovvero del provvedimento di Valutazione Ambientale Strategica relativamente al *"Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli""* - CUP 10127 proposto dal Consorzio ASI della Provincia di Benevento.

D E C R E T A

Per i motivi espressi in narrativa e che qui si intendono integralmente riportati e trascritti:

1. **DI** esprimere relativamente al **" Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli " - CUP 10127 proposto dal Consorzio ASI della Provincia di Benevento,** parere favorevole di Valutazione Ambientale Strategica, su conforme parere della Commissione V.I.A. - V.A.S. - V.I. espresso nella seduta del

18/06/2026 per i motivi riportati nell'estratto del verbale allegato in copia al presente provvedimento (**Allegato A**), come parte integrante e sostanziale, con le seguenti prescrizioni:

1. Il Piano di Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli", prima della trasmissione all'organo competente all'approvazione dello stesso, deve tenere conto di tutti gli elementi emersi nell'ambito della procedura di VAS sopra richiamati. L'Autorità procedente dovrà modificare/integrare il Piano, prima della sua approvazione finale, secondo i contenuti presenti nei pertinenti documenti di riscontro alla richiesta di integrazioni dell'Autorità competente prot. 0606224 del 10/11/2025 e secondo le prescrizioni di cui al presente parere.
2. Ai fini della sostenibilità ambientale e territoriale delle previsioni insediative produttive si prescrive:
    1. che l'attuazione del Piano avvenga secondo il modello APEA – Area Produttiva Ecologicamente Attrezzata, con individuazione dei principi di prevenzione dell'inquinamento, di uso efficiente delle risorse, di miglioramento progressivo delle prestazioni ambientali e di integrazione tra assetto urbanistico, qualità ambientale e organizzazione gestionale dell'area, in coerenza con l'articolo 26 del Dlgs. 112/1998 e con le Linee guida regionali APEA introdotte con il Regolamento regionale n. 3/2025. A tal fine nelle Norme Tecniche di Attuazione (NTA), nel Titolo III, dopo l'art, 21, dovranno essere esplicitati gli obiettivi, le norme e le azioni APEA per le infrastrutture e per gli insediamenti (sia per i nuovi, con valore di prescrizioni e direttive, che per quelli esistenti, con valore di indicazioni da seguire in sede di progettazione di trasformazioni urbanistiche ed edilizie) attraverso le quali perseguire gli obiettivi di sostenibilità ambientale definiti nel Piano, con riferimento alle diverse componenti/tematiche ambientali. Nelle norme APEA dovrà essere dato particolare rilievo alla componente suolo e alla correlata componente acque con riferimento alle azioni per ridurre le portate di deflusso e garantire la laminazione delle acque meteoriche e l'invarianza idraulica;
    2. che l'art. 20 delle NTA sia modificato assicurando la prevenzione delle modifiche del regime idraulico locale derivanti dalla redistribuzione della pioggia intercettata dai moduli, dalla concentrazione dei deflussi lungo le linee di gocciolamento, dall'eventuale compattazione del suolo e dalla possibile riduzione della capacità infiltrativa e della rugosità superficiale del terreno subordinando l'ammissibilità degli impianti alla dimostrazione, in sede attuativa, dell'invarianza idraulica e idrologica ante e post operam, mediante specifica relazione idrologico-idraulica coerente con la normativa di bacino e con gli indirizzi tecnici applicabili, comprensiva della valutazione dei coefficienti di deflusso, della permeabilità effettiva delle superfici, dei percorsi di drenaggio, del recapito finale e dell'eventuale necessità di opere di laminazione o regolazione dello scarico e prevedendo che la progettazione privilegi soluzioni a minimo movimento terra, con conservazione o ripristino della copertura vegetale, limitazione della compattazione da cantiere e da manutenzione, adeguata distanza funzionale tra le file, regimazione delle acque meteoriche nei punti di concentrazione dei deflussi e adozione di misure di dissipazione, infiltrazione diffusa e/o laminazione idraulica, in modo da evitare effetti cumulativi sul reticolo superficiale e garantire la compatibilità con le condizioni idrauliche del sito e del contesto di area vasta. Ai fini della verifica degli effetti di tali misure dovrà essere previsto l'obbligo, per il soggetto che gestisce l'impianto, di un programma di monitoraggio almeno in fase post-operam, finalizzato a verificare la funzionalità delle opere di regimazione e laminazione, il mantenimento della permeabilità del suolo, l'efficienza della copertura vegetale e l'assenza di fenomeni di erosione, ristagno o scarichi anomali verso il reticolo recettore.
3. La Dichiarazione di Sintesi di cui all'art. 17 del Dlgs 152/2006 dovrà puntualmente riportare tutti gli elementi emersi nell'ambito della procedura di VAS sopra richiamati e in particolare:
    1. le integrazioni e gli approfondimenti forniti e come essi sono stati considerati nella stesura definitiva del Piano;

2. i puntuali aggiornamenti e le integrazioni inerenti al Rapporto ambientale;
3. le misure di mitigazione già comprese nelle Norme Tecniche di Attuazione da attuare per le azioni del Piano con potenziali effetti negativi sull'ambiente;
4. la descrizione delle modifiche apportate alle Norme Tecniche di Attuazione del Piano a seguito delle prescrizioni di cui al presente parere motivato di VAS;
5. la previsione della realizzazione degli studi floro-faunistici specifici per i progetti futuri di opere e programmi attuativi da eseguirsi per le zone interessate;
6. la previsione di completamento del Monitoraggio Floristico – Vegetazionale e della fauna esteso ai periodi primaverile ed estivo, in coerenza con la fenologia delle specie e con le buone pratiche di monitoraggio ambientale;
7. la previsione di riorganizzazione funzionale e qualitativa delle superfici a verde, coerente con gli obiettivi di compensazione ecologica, con funzione: di mitigazione ambientale e paesaggistica, di connessione ecologica con i territori limitrofi e di compensazione della riduzione delle fasce del corridoio ecologico.

4. È necessario inoltre:
    1. prestare, in fase attuativa, particolare attenzione alle previsioni progettuali che potenzialmente possono produrre impatti sull'ambiente (es. consumo di suolo, impatto sul paesaggio, ecc.);
    2. prestare particolare attenzione al monitoraggio delle azioni per le quali sono stati individuati potenziali impatti negativi, con particolare ma non esclusiva attenzione al paesaggio, al consumo e variazione di copertura di suolo, alle modifiche del regime idraulico);
    3. prestare particolare attenzione al monitoraggio dello stato di attuazione del piano, agli effetti prodotti e al contributo del medesimo al raggiungimento degli obiettivi di sostenibilità ambientale pertinenti definiti dalle strategie di sviluppo sostenibile nazionale e regionale, di cui all'articolo 34 del Dlgs. 152/06. Si ricorda che le strategie di sviluppo sostenibile, ai sensi del citato articolo, rappresentano il quadro di riferimento delle valutazioni ambientali e il monitoraggio ai sensi dell'articolo 18 deve garantire la verifica del raggiungimento degli obiettivi di sostenibilità prefissati, che di conseguenza devono essere esplicitamente e distintamente correlati alle strategie;
    4. garantire che gli interventi già previsti dal piano e quelli che saranno successivamente programmati siano sottoposti alle prescritte valutazioni ricomprese nel campo di applicazione della VIA, ove ne ricorrano i termini secondo le disposizioni vigenti, prima della loro autorizzazione e realizzazione; a tal fine è utile prevedere una fase di interlocuzione preventiva tra l'Autorità competente alla VIA e il soggetto proponente l'intervento al fine di verificare se ricorrono i termini per l'applicazione della normativa in materia di VIA;
    5. garantire, per tutti gli interventi previsti dal piano (o da programmarsi successivamente) che verranno attuati tramite Fondi europei, nelle successive fasi progettuali e autorizzative, il rispetto: del principio DNSH in coerenza con quanto indicato dall'art. 9 del Reg. (UE) 1060/2021 e dei criteri ambientali previsti dal PR FESR Campania 2021 – 2027 per quelli finanziati a valere su tali risorse finanziarie.
5. È opportuno prestare particolare attenzione alle previsioni progettuali finalizzate al risparmio energetico e idrico e all'autoproduzione di energia.

2. **CHE** il Consorzio ASI di Benevento è tenuta al rispetto delle disposizioni di cui all'art. 16 e ss. Del D.lgs. 152/2006 in materia di VAS.

3. **CHE** l'Amministrazione tenuta al rilascio del provvedimento finale dovrà acquisire tutti gli altri pareri e/o valutazioni previsti per legge e verificare l'ottemperanza delle prescrizioni riportate nonché la congruità del piano approvato con il piano esaminato dalla Commissione VIA ed assunto a base del presente parere.

4. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Presidente del Consiglio di Stato entro 120 giorni dalla data di pubblicazione sul BURC.

5. **DI** pubblicare il presente provvedimento sul sito tematico *viavas.regione.campania.it* nella sezione Area VAS – Consultazione fascicoli – VALUTAZIONE AMBIENTALE STRATEGICA, cartella relativa al **CUP 10127.**

6. **DI** comunicare al proponente **Consorzio ASI della Provincia di Benevento** l'avvenuta pubblicazione del presente provvedimento al precitato indirizzo web ai fini dell'integrale conoscenza dello stesso.

7. **DI** trasmettere il presente atto alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n. 33.

ESTRATTO DELLA SEDUTA DELLA SEZ. ORDINARIA DELLA COMMISSIONE VIA-VAS-VI DEL 18.06.2026

Il giorno 18.06.2026 alle ore 13,35, si è riunita modalità video la Commissione V.I.A. - V.A.S. - V.I. di cui alla D.G.R. n. 406 del 04.08.2011 nominata con D.P.G.R. n. 439 del 15.11.2013, D.P.G.R. n. 62 del 10.04.2015, D.P.G.R. n. 215 del 29.10.2015, D.P.G.R. n. 204 del 15.05.2017, D.G.R. n. 27 del 26.01.2016, D.G.R. n. 81 del 08.03.2016 e D.G.R. n. 48 del 29.01.2018, giusta convocazione prot. n. 0532011 del 12/06/2026;

[OMISSIS]

Si passa alla trattazione del 2° punto dell'O.d.G**. "Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli"" – CUP 10127 – Proponente: Consorzio ASI della Provincia di Benevento.** L'istruttore Carotenuto ha predisposto la relazione istruttoria che, allegata al presente verbale, ne forma parte integrante e sostanziale. Relaziona sull'intervento la dott.ssa Nevia Carotenuto, la quale evidenzia quanto segue:

1. ASPETTI PROCEDURALI

Le fasi e le attività svolte rispondono ai dettami normativi per quanto sinteticamente rappresentato di seguito:

- istanza di VAS Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli". acquisita al prot. 16023 del 30/04/2025;
- individuazione dei soggetti competenti in materia ambientale di concerto con l'Autorità competente alla VAS;
- la Fase di Scoping è stata avviata in data 09/05/2025 e si è conclusa in data 09/06/2025;
- il Consorzio ASI della Provincia di Benevento ha trasmesso la documentazione per la consultazione pubblica ex art. 14 del Dlgs 152/2006 acquisita al prot. reg. 0416558/2025 del 26/08/2025, poi integrata con documentazione acquisita al prot. 0421438/2025 del 29/08/2025;
- la fase di consultazione pubblica è stata avviata con la pubblicazione dell'avviso di cui all'articolo 13, comma 5, lettera e) del Dlgs 152/2006, in data 02/09/2025;
- con nota prot. n. 0432730 del 04/09/2025 l'Ufficio Speciale Valutazioni Ambientali ha comunicato l'avvio della fase di consultazione del pubblico e dei soggetti interessati, richiedendo l'invio di eventuali contributi entro 45 giorni dalla data di pubblicazione dell'avviso;
- la fase di consultazione pubblica si è conclusa formalmente in data 19/10/2025;
- con nota prot. n. 0606224 del 10/11/2025, l'Autorità Competente ha trasmesso all'Autorità Procedente una richiesta di chiarimenti e integrazioni;
- con nota prot. n. 0681916 del 03/12/2025, il Consorzio ha richiesto una proroga di 60 giorni, accordata in data 04/12/2025 con nota prot. n. 0682853;
- con nota prot. n. 0107316 del 09/02/2026, il Consorzio ha richiesto una seconda proroga di ulteriori 60 giorni, accordata in data 10/02/2026 con nota prot. n. 0110703;
- con nota prot. n. 0329477 del 02/04/2026, l'Autorità Procedente ha trasmesso le integrazioni richieste.

2. RAPPORTO AMBIENTALE

I documenti presentati rispondono alle pertinenti disposizioni normative come sinteticamente rappresentato di seguito:

a) illustrazione dei contenuti e degli obiettivi principali del piano o piano e del rapporto con altri pertinenti piani o programmi

b) aspetti pertinenti dello stato attuale dell'ambiente e sua evoluzione senza l'attuazione del piano

c) caratteristiche ambientali, culturali e paesaggistiche delle aree che potrebbero essere significativamente interessate

d) qualsiasi problema ambientale esistente, pertinente al piano o piano, ivi compresi in particolare quelli relativi ad aree di particolare rilevanza ambientale, culturale e paesaggistica, quali le zone designate come zone di protezione speciale per la conservazione degli uccelli selvatici e quelli classificati come siti di importanza comunitaria per la protezione degli habitat naturali e della flora e della fauna selvatica, nonché i territori con

fonte: http://burc.regione.campania.it

produzioni agricole di particolare qualità e tipicità, di cui all'articolo 21 del decreto legislativo 18 maggio 2001, n.228.
e) obiettivi di protezione ambientale stabiliti a livello internazionale, comunitario o degli stati membri, pertinenti al piano o piano, e il modo in cui, durante la sua preparazione, si è tenuto conto di detti obiettivi e di ogni considerazione ambientale
f) possibili impatti significativi sull'ambiente, compresi aspetti quali la biodiversità, la popolazione, la salute umana, la flora e la fauna, il suolo, l'acqua, l'aria, i fattori climatici, i beni materiali, il patrimonio culturale, anche architettonico e archeologico, il paesaggio e l'interrelazione tra i suddetti fattori. Devono essere considerati tutti gli impatti significativi, compresi quelli secondari, cumulativi, sinergici, a breve, medio e lungo termine, permanenti e temporanei, positivi e negativi
g) misure previste per impedire, ridurre e compensare nel modo più completo possibile gli eventuali impatti negativi significativi sull'ambiente dell'attuazione del piano o piano
h) sintesi delle ragioni della scelta delle alternative individuate e una descrizione di come è stata effettuata la valutazione, nonché le eventuali difficoltà incontrate (ad esempio carenze tecniche o difficoltà derivanti dalla novità del problema e delle tecniche per risolverli) nella raccolta delle informazioni richieste
i) descrizione delle misure previste in merito al monitoraggio e controllo degli impatti ambientali significativi derivanti dall'attuazione del piano o del piano proposto definendo, in particolare, le modalità' di raccolta dei dati e di e elaborazione degli indicatori necessari alla valutazione degli impatti, la periodicità della produzione di un rapporto illustrante i risultati della valutazione degli impatti e le misure correttive da adottare
j) sintesi non tecnica delle informazioni di cui alle lettere precedenti

3. OSSERVAZIONI

Nei 45 giorni previsti dalla consultazione pubblica sono pervenute le sole osservazioni formulate da ARPAC con nota prot. n. 34781 del 30/05/2025.

PRESO ATTO CHE:

- il Piano di Assetto delle aree e dei nuclei industriali della Provincia di Benevento e specificatamente dell'"Agglomerato di Benevento Ponte Valentino – Paduli":
  - persegue un modello di sviluppo non espansivo ma di completamento e riqualificazione, limitando il consumo di suolo e privilegiando la saturazione delle aree già infrastrutturate;
  - promuove la sostenibilità ambientale del sistema produttivo, mediante l'adozione delle migliori tecnologie disponibili (BAT), sistemi EMAS ed Ecolabel, nonché pratiche orientate alla prevenzione, riduzione e recupero dei rifiuti;
  - prevede il miglioramento delle prestazioni energetico-ambientali degli insediamenti e la diffusione di impianti da fonti rinnovabili, contribuendo agli obiettivi di transizione energetica;
  - introduce misure finalizzate alla riduzione dell'impermeabilizzazione dei suoli, all'incremento della permeabilità e alla realizzazione di superfici a verde con funzione ecologica e di mitigazione;
  - disciplina la Rete Ecologica di Agglomerato, prevedendo interventi di rinaturalizzazione, tutela della biodiversità e continuità dei corridoi ecologici, in coerenza con il PTCP;
  - tiene conto delle condizioni di sensibilità ambientale e rischio idraulico, con particolare riferimento alla presenza dei fiumi Calore e Tammaro, prevedendo interventi di adeguamento e il rispetto delle prescrizioni dei piani di bacino;
  - considera e tutela gli elementi di valore paesaggistico e archeologico, tra cui il corridoio ecologico fluviale, la Via Traiana e il Ponte Valentino, subordinando gli interventi alle verifiche di compatibilità;
  - esclude l'insediamento di attività a elevato impatto ambientale connesse al trattamento dei rifiuti, rafforzando il profilo di compatibilità ambientale dell'agglomerato;
- il Consorzio per l'Area Industriale della Provincia di Benevento:
  - garantisce la gestione unitaria e sostenibile delle aree industriali, assicurando dotazioni infrastrutturali e servizi coerenti con gli obiettivi ambientali;
  - orienta le scelte pianificatorie verso il consolidamento e la qualificazione del sistema produttivo esistente, in un contesto già ampiamente infrastrutturato e prossimo alla saturazione;
  - promuove l'attrazione di investimenti anche attraverso strumenti incentivanti, quali la ZES Campania, integrando sviluppo economico e semplificazione amministrativa;
  - assicura il coordinamento tra sviluppo produttivo e tutela ambientale, favorendo l'uso efficiente delle risorse e il miglioramento delle prestazioni ambientali degli insediamenti.

CONSIDERATO CHE

- la VAS è uno strumento di supporto al processo decisionale che, anche dopo la verifica preventiva degli effetti che il Piano può avere a seguito della sua attuazione e del contributo dei soggetti competenti in materia ambientale

e del pubblico che partecipano alla consultazione, valuta e verifica l'efficacia della strategia posta in atto nel tempo, al fine di concorrere al raggiungimento degli obiettivi di sostenibilità ambientale generali di settore e di Piano;
- il processo di VAS, non si esaurisce con il parere motivato ma continua anche dopo l'approvazione del Piano attraverso le attività di monitoraggio che devono garantire l'individuazione degli eventuali correttivi della strategia di intervento per il raggiungimento degli obiettivi di sostenibilità, la verifica delle ricadute degli effetti del Piano, migliorando così l'efficacia del piano stesso;
- il monitoraggio ai sensi dell'art. 18 del Dlgs 152/2006, è lo strumento attraverso il quale assicurare non solo il controllo sugli impatti significativi sull'ambiente derivanti dall'attuazione dei piani approvati ma anche la verifica del raggiungimento degli obiettivi di sostenibilità prefissati, così da individuare tempestivamente gli impatti negativi imprevisti e gli eventuali scostamenti dagli scenari ipotizzati e da adottare le opportune misure correttive, il tutto coerentemente alla scala della pianificazione.

CONSIDERATO, CON RIFERIMENTO AL PIANO, CHE

- il Piano persegue i seguenti obiettivi:
  - riorganizzare e razionalizzare il perimetro dell'agglomerato industriale, in coerenza con le effettive dinamiche insediative e con le esigenze funzionali del sistema produttivo, privilegiando il completamento delle aree già infrastrutturate;
  - limitare il consumo di suolo attraverso un modello insediativo non espansivo, orientato alla saturazione dei lotti disponibili e alla riqualificazione dell'esistente;
  - migliorare la qualità ambientale e territoriale degli insediamenti produttivi, mediante l'incremento della permeabilità dei suoli, la realizzazione di fasce verdi di mitigazione e il rafforzamento della rete ecologica;
  - favorire l'insediamento e il consolidamento delle attività produttive compatibili, attraverso l'adeguamento e l'ottimizzazione delle infrastrutture esistenti e dei servizi consortili;
  - promuovere l'innovazione tecnologica e la sostenibilità dei processi produttivi, anche mediante l'adozione delle migliori tecnologie disponibili (BAT), sistemi di gestione ambientale e l'utilizzo di fonti energetiche rinnovabili;
  - valorizzare l'inclusione dell'agglomerato nell'ambito della ZES Campania, quale strumento di attrazione degli investimenti e di semplificazione amministrativa, in coerenza con le politiche nazionali e regionali di sviluppo;
  - garantire l'integrazione tra sviluppo produttivo e tutela ambientale, con particolare attenzione alle condizioni di rischio idraulico e alla presenza di vincoli paesaggistici e ambientali;
  - favorire forme di cooperazione tra soggetti pubblici e privati per l'attuazione degli interventi previsti e per il miglioramento della competitività del sistema produttivo locale
  - promuovere un modello insediativo non espansivo, orientato al completamento e alla riqualificazione delle aree già infrastrutturate, contribuendo alla riduzione del consumo di suolo e al contenimento dei processi di impermeabilizzazione;
- l'Autorità Procedente nei documenti inviati in data 02.04.2026 (acquisiti al prot. 0329477) in riscontro alle richieste di integrazioni con riferimento al Piano:
  - ha rappresentato che nel Rapporto ambientale si precisa [v. § 2] che "Il Piano Regolatore Territoriale delle Aree di Sviluppo Industriale (ASI) della Provincia di Benevento articola il proprio contenuto secondo il dettato della legge regionale della Campania n.19 del 6 dicembre 2013 (pubblicata sul BURC n.70 del 9 dicembre 2013);
  - ha fatto riferimento ai nuovi elaborati che rappresentano il confronto sinottico tra il Piano Regolatore Territoriale del 2004 e il Piano aggiornato, dove si evidenziano le variazioni di perimetrazione, di superficie e di zonizzazione, nonché le modifiche intervenute nelle destinazioni funzionali e negli standard urbanistici, distinguendo tra aree effettivamente occupate, quelle assegnate e non ancora edificate, e quelle ancora libere o non insediate":
    - ✓ Allegato 1: Differenze geometriche tra il PRT ASI vigente (anno 2004) e il progetto (anno 2025) – Base cartografica: mappa catastale;
    - ✓ Allegato 2: Differenze geometriche tra il PRT ASI vigente (anno 2004) e il progetto (anno 2025) – Base cartografica: ortofoto; Allegato 3 Zonizzazione PRT ASI vigente (2004);
    - ✓ Allegato 4 Zonizzazione PRT ASI di progetto (anno 2025);
    - ✓ Allegato 5 Mappatura e ubicazione imprese localizzate con percentuali di copertura sulla superficie totale dell'agglomerato;
  - ha precisato che lo scenario adottato è uno scenario di completamento dell'agglomerato e non di espansione indefinita. lo sviluppo atteso nel prossimo decennio è di natura residuale e di completamento, in coerenza con la limitata disponibilità di lotti residui e con il fatto che la crescita territoriale del sistema ASI

provinciale dovrà essere assorbita anche dagli altri agglomerati esistenti e di programmazione provinciale. Si riportano le stima dei fabbisogni futuri di acqua potabile, energia elettrica e gas metano, fabbisogno depurativo aggiuntivo;
  - ha precisato che allo stato non è disponibile un censimento univoco e aggiornato del numero esatto degli addetti complessivamente operanti nell'agglomerato;
  - ha riportato la descrizione dello stato di fatto delle infrastrutture esistenti e di quelle previste, con particolare riferimento alla capacità e al grado di efficienza.

CONSIDERATO, CON RIFERIMENTO AL RAPPORTO AMBIENTALE, CHE

- il Rapporto Ambientale è stato elaborato in coerenza con l'articolazione dei contenuti prevista dall'Allegato VI alla Parte Seconda del D.Lgs. n.152/2006;
- sono stati analizzati i contenuti e gli obiettivi principali della proposta di Piano e valutati i possibili effetti della sua attuazione;
- sono stati analizzati i principali piani e programmi di riferimento e i rapporti di coerenza con gli stessi;
- è stato analizzato lo stato attuale dell'ambiente e la sua probabile evoluzione senza l'attuazione del Piano;
- è stata esplicitata la coerenza tra gli obiettivi della proposta di piano e gli obiettivi della Strategia regionale di sviluppo sostenibile;
- sono identificati e valutati i potenziali impatti legati alla realizzazione del Piano;
- è stato predisposto il programma di monitoraggio.
- l'Autorità Procedente nei documenti inviati in data 02.04.2026 (acquisiti al prot. 0329477) in riscontro alle richieste di integrazioni con riferimento al Rapporto ambientale:
  - ha precisato alcuni elementi utilizzati nella progettazione del nuovo PRT ASI per gli obiettivi climatici, quale per esempio l'indice di permeabilità alto, previsto nelle NTA, mediamente alto per tutte le aree edificabili e la l'installazione di pannelli fotovoltaici in gran parte dei lotti;
  - ha precisato che il Consorzio ASI ha avviato, in data 15/11/2025, i monitoraggi su Fauna, Flora, Vegetazione e Habitat nell'ambito dell'Agglomerato di Benevento – Ponte Valentino – Paduli [Allegato 9]. Inoltre, l'Allegato 4 descrive la Zonizzazione di progetto (anno 2025), da cui si rilevano le aree ricomprese nella "Zona produttiva ZP2", di cui all'articolo 17 delle Norme Tecniche d'Attuazione, riguardanti le "attività produttive in aree di particolare sensibilità";
  - ha rappresentato che il Piano ASI ha già individuato, nell'ambito degli elaborati allegati, un quadro conoscitivo e previsionale degli standard urbanistici, con particolare riferimento alle superfici destinate a verde e spazi comuni attrezzati, funzionali anche alla compensazione ecologica e al rafforzamento della connettività ambientale.
  - ha specificato gli articoli delle NTA dove sono disciplinate le misure di mitigazione e compensazione;
  - ha indicato gli obiettivi di sviluppo sostenibile ai quali il piano contribuisce in modo diretto e i relativi indicatori.

VALUTATO CHE:

- la stima dei possibili effetti del Piano evidenzia impatti negativi significativi solo parzialmente mitigati e compensati dalle misure previste nei diversi articoli delle Norme di Attuazione. Particolare rilevanza assumono gli impatti sul suolo (consumo di suolo e variazione della copertura del suolo), strettamente correlati alla modifica del regime idraulico, considerato che l'Agglomerato di Ponte Valentino - Paduli, essendo ubicato alla confluenza del Tammaro con il fiume Calore, risulta molto sensibile e vulnerabile al rischio alluvioni. A ciò aggiungasi che il 37% dei nuovi lotti assegnati/opzionati sono destinati alla realizzazione di impianti fotovoltaici a terra, i quali, secondo il Consorzio ASI, incidono marginalmente sull'impermeabilizzazione dei suoli. Tuttavia questi impianti, anche se realizzati secondo modalità che favoriscono la permeabilità del suolo come quelle previste nell'art. 20 delle Norme Tecniche di Attuazione (NTA), possono modificare il regime idraulico locale attraverso la redistribuzione della pioggia intercettata dai moduli, la concentrazione dei deflussi lungo le linee di gronda, l'eventuale compattazione del suolo e la riduzione della capacità infiltrativa e della rugosità superficiale. Tali effetti possono tradursi in incremento del ruscellamento, erosione localizzata, alterazione dei tempi di corrivazione e aggravio del reticolo di recapito. A quanto esposto aggiungasi che il Piano prevede l'incremento non trascurabile dei consumi energetici, idrici e di gas metano e che il Regolamento regionale n. 3/2025 "*Regolamento di attuazione dell'articolo 43-bis della legge regionale 22 dicembre 2004, n. 16*" ha previsto all'Allegato C le Linee guida in materia di Aree Produttive Ecologicamente Attrezzate (APEA). Considerato che la L.R. Campania n. 19/2013 sui Consorzi ASI attribuisce ai consorzi funzioni che coincidono sostanzialmente con la logica APEA, è necessario assicurare che il Piano sia attuato secondo un modello insediativo e gestionale coerente con i più recenti indirizzi della Regione Campania in materia di sostenibilità delle aree produttive, tenuto conto che il Regolamento regionale n. 3/2025 ha incluso

fonte: http://burc.regione.campania.it

tra i propri strumenti attuativi le Linee guida APEA, le quali qualificano le aree produttive ecologicamente attrezzate come sistemi orientati alla prevenzione dell'inquinamento, all'economia circolare, all'efficienza energetica, alla gestione sostenibile delle acque e alla competitività delle imprese. Pertanto, ai fini della sostenibilità ambientale e territoriale delle previsioni insediative produttive si ritiene necessario prescrivere:

- ✓ che l'attuazione del Piano avvenga secondo il modello APEA – Area Produttiva Ecologicamente Attrezzata, con individuazione–dei principi di prevenzione dell'inquinamento, di uso efficiente delle risorse, di miglioramento progressivo delle prestazioni ambientali e di integrazione tra assetto urbanistico, qualità ambientale e organizzazione gestionale dell'area, in coerenza con l'articolo 26 del Dlgs. 112/1998 e con le Linee guida regionali APEA introdotte con il Regolamento regionale n. 3/2025. A tal fine nelle Norme Tecniche di Attuazione, nel Titolo III, dopo l'art, 21, dovranno essere esplicitati gli obiettivi, le norme e le azioni APEA per le infrastrutture e per gli insediamenti (sia per i nuovi, con valore di prescrizioni e direttive, che per quelli esistenti, con valore di indicazioni da seguire in sede di progettazione di trasformazioni urbanistiche ed edilizie) attraverso le quali perseguire gli obiettivi di sostenibilità ambientale definiti nel Piano, con riferimento alle diverse componenti/tematiche ambientali. Nelle norme APEA dovrà essere dato particolare rilievo alla componente suolo e alla correlata componente acque con riferimento alle azioni per ridurre le portate di deflusso e garantire la laminazione delle acque meteoriche e l'invarianza idraulica;
- ✓ che l'art. 20 delle NTA assicuri la prevenzione delle modifiche del regime idraulico locale derivanti dalla redistribuzione della pioggia intercettata dai moduli, dalla concentrazione dei deflussi lungo le linee di gocciolamento, dall'eventuale compattazione del suolo e dalla possibile riduzione della capacità infiltrativa e della rugosità superficiale del terreno subordinando l'ammissibilità degli impianti alla dimostrazione, in sede attuativa, dell'invarianza idraulica e idrologica ante e post operam, mediante specifica relazione idrologico-idraulica coerente con la normativa di bacino e con gli indirizzi tecnici applicabili, comprensiva della valutazione dei coefficienti di deflusso, della permeabilità effettiva delle superfici, dei percorsi di drenaggio, del recapito finale e dell'eventuale necessità di opere di laminazione o regolazione dello scarico e prevedendo che la progettazione privilegi soluzioni a minimo movimento terra, con conservazione o ripristino della copertura vegetale, limitazione della compattazione da cantiere e da manutenzione, adeguata distanza funzionale tra le file, regimazione delle acque meteoriche nei punti di concentrazione dei deflussi e adozione di misure di dissipazione, infiltrazione diffusa e/o laminazione idraulica, in modo da evitare effetti cumulativi sul reticolo superficiale e garantire la compatibilità con le condizioni idrauliche del sito e del contesto di area vasta. Ai fini della verifica degli effetti di tali misure dovrà essere previsto l'obbligo, per il soggetto che gestisce l'impianto, di un programma di monitoraggio almeno in fase post-operam, finalizzato a verificare la funzionalità delle opere di regimazione e laminazione, il mantenimento della permeabilità del suolo, l'efficienza della copertura vegetale e l'assenza di fenomeni di erosione, ristagno o scarichi anomali verso il reticolo recettore;

- l'Autorità Procedente dovrà riportare puntualmente nella Dichiarazione di sintesi di cui all'art. 17 del Dlgs 152/2006:
  - ✓ le integrazioni e gli approfondimenti forniti a seguito della richiesta di integrazioni prot. 0606224 del 10/11/2025 ed in particolare:
    - o i puntuali aggiornamenti del Piano a seguito del percorso di VAS;
    - o i puntuali aggiornamenti e integrazioni inerenti al Rapporto ambientale;
  - ✓ la descrizione delle modifiche apportate alle Norme Tecniche di Attuazione del Piano a seguito delle prescrizioni di cui al parere motivato di VAS.

RILEVATO E VALUTATO, CON RIFERIMENTO ALLE OSSERVAZIONI CHE:

- l'Autorità Procedente con nota prot. n. 0329477 del 02.04.2026 ha trasmesso i riscontri in merito alle osservazioni pervenute dai soggetti elencati al punto 3 durante il periodo di consultazione pubblica,
- sono prevenute complessivamente due osservazioni, tutte formulate da ARPAC,
- nessuna delle osservazioni riguarda proposte di modifica e/o integrazione del Piano e dei suoi Allegati;
- l'Autorità Procedente dovrà riportare puntualmente nella Dichiarazione di sintesi i riscontri alle osservazioni pervenute.

Tutto ciò considerato,

SI PROPONE DI ESPRIMERE PARERE FAVOREVOLE DI VAS CON LE SEGUENTI PRESCRIZIONI:

1. Il Piano di Piano di Assetto delle aree di sviluppo industriali "Agglomerato industriale di Benevento Ponte Valentino - Paduli", prima della trasmissione all'organo competente all'approvazione dello stesso, deve tenere conto di tutti gli elementi emersi nell'ambito della procedura di VAS sopra richiamati. L'Autorità procedente dovrà modificare/integrare il Piano, prima della sua approvazione finale, secondo i contenuti

presenti nei pertinenti documenti di riscontro alla richiesta di integrazioni dell'Autorità competente prot. 0606224 del 10/11/2025 e secondo le prescrizioni di cui al presente parere.

2. Ai fini della sostenibilità ambientale e territoriale delle previsioni insediative produttive si prescrive:

- ✓ **che l'attuazione del Piano avvenga secondo il modello APEA – Area Produttiva Ecologicamente Attrezzata, con individuazione dei principi di prevenzione dell'inquinamento, di uso efficiente delle risorse, di miglioramento progressivo delle prestazioni ambientali e di integrazione tra assetto urbanistico, qualità ambientale e organizzazione gestionale dell'area, in coerenza con l'articolo 26 del Dlgs. 112/1998 e con le Linee guida regionali APEA introdotte con il Regolamento regionale n. 3/2025. Nelle norme APEA dovrà essere dato particolare rilievo alla componente suolo e alla correlata componente acque con riferimento alle azioni per ridurre le portate di deflusso e garantire la laminazione delle acque meteoriche e l'invarianza idraulica;**
- ✓ **che l'art. 20 delle NTA sia modificato assicurando la prevenzione delle modifiche del regime idraulico locale derivanti dalla redistribuzione della pioggia intercettata dai moduli, dalla concentrazione dei deflussi lungo le linee di gocciolamento, dall'eventuale compattazione del suolo e dalla possibile riduzione della capacità infiltrativa e della rugosità superficiale del terreno subordinando l'ammissibilità degli impianti alla dimostrazione, in sede attuativa, dell'invarianza idraulica e idrologica ante e post operam, mediante specifica relazione idrologico-idraulica coerente con la normativa di bacino e con gli indirizzi tecnici applicabili, comprensiva della valutazione dei coefficienti di deflusso, della permeabilità effettiva delle superfici, dei percorsi di drenaggio, del recapito finale e dell'eventuale necessità di opere di laminazione o regolazione dello scarico e prevedendo che la progettazione privilegi soluzioni a minimo movimento terra, con conservazione o ripristino della copertura vegetale, limitazione della compattazione da cantiere e da manutenzione, adeguata distanza funzionale tra le file, regimazione delle acque meteoriche nei punti di concentrazione dei deflussi e adozione di misure di dissipazione, infiltrazione diffusa e/o laminazione idraulica, in modo da evitare effetti cumulativi sul reticolo superficiale e garantire la compatibilità con le condizioni idrauliche del sito e del contesto di area vasta. Ai fini della verifica degli effetti di tali misure dovrà essere previsto l'obbligo, per il soggetto che gestisce l'impianto, di un programma di monitoraggio almeno in fase post-operam, finalizzato a verificare la funzionalità delle opere di regimazione e laminazione, il mantenimento della permeabilità del suolo, l'efficienza della copertura vegetale e l'assenza di fenomeni di erosione, ristagno o scarichi anomali verso il reticolo recettore;**

3. La Dichiarazione di Sintesi di cui all'art. 17 del Dlgs 152/2006 dovrà puntualmente riportare tutti gli elementi emersi nell'ambito della procedura di VAS sopra richiamati e in particolare:

- **le integrazioni e gli approfondimenti forniti e come essi sono stati considerati nella stesura definitiva del Piano;**
- **i puntuali aggiornamenti e le integrazioni inerenti al Rapporto ambientale;**
- **le misure di mitigazione già comprese nelle Norme Tecniche di Attuazione da attuare per le azioni del Piano con potenziali effetti negativi sull'ambiente;**
- **la descrizione delle modifiche apportate alle Norme Tecniche di Attuazione del Piano a seguito delle prescrizioni di cui al presente parere motivato di VAS;**
- **la previsione della realizzazione degli studi floro-faunistici specifici per i progetti futuri di opere e programmi attuativi da eseguirsi per le zone interessate;**
- **la previsione di completamento del Monitoraggio Floristico – Vegetazionale e della fauna esteso ai periodi primaverile ed estivo, in coerenza con la fenologia delle specie e con le buone pratiche di monitoraggio ambientale;**
- **la previsione di riorganizzazione funzionale e qualitativa delle superfici a verde, coerente con gli obiettivi di compensazione ecologica, con funzione: di mitigazione ambientale e paesaggistica, di connessione ecologica con i territori limitrofi e di compensazione della riduzione delle fasce del corridoio ecologico;**

4. È necessario inoltre:

- **prestare, in fase attuativa, particolare attenzione alle previsioni progettuali che potenzialmente possono produrre impatti sull'ambiente (es. consumo di suolo, impatto sul paesaggio, ecc.);**

fonte: http://burc.regione.campania.it

- **prestare particolare attenzione al monitoraggio delle azioni per le quali sono stati individuati potenziali impatti negativi, con particolare ma non esclusiva attenzione al paesaggio, al consumo e variazione di copertura di suolo, alle modifiche del regime idraulico);**
- **prestare particolare attenzione al monitoraggio dello stato di attuazione del piano, agli effetti prodotti e al contributo del medesimo al raggiungimento degli obiettivi di sostenibilità ambientale pertinenti definiti dalle strategie di sviluppo sostenibile nazionale e regionale, di cui all'articolo 34 del Dlgs. 152/06. Si ricorda che le strategie di sviluppo sostenibile, ai sensi del citato articolo, rappresentano il quadro di riferimento delle valutazioni ambientali e il monitoraggio ai sensi dell'articolo 18 deve garantire la verifica del raggiungimento degli obiettivi di sostenibilità prefissati, che di conseguenza devono essere esplicitamente e distintamente correlati alle strategie.**
- **garantire che gli interventi già previsti dal piano e quelli che saranno successivamente programmati siano sottoposti alle prescritte valutazioni ricomprese nel campo di applicazione della VIA, ove ne ricorrano i termini secondo le disposizioni vigenti, prima della loro autorizzazione e realizzazione; a tal fine è utile prevedere una fase di interlocuzione preventiva tra l'Autorità competente alla VIA e il soggetto proponente l'intervento al fine di verificare se ricorrono i termini per l'applicazione della normativa in materia di VIA;**
- **garantire, per tutti gli interventi previsti dal piano (o da programmarsi successivamente) che verranno attuati tramite Fondi europei, nelle successive fasi progettuali e autorizzative, il rispetto: del principio DNSH in coerenza con quanto indicato dall'art. 9 del Reg. (UE) 1060/2021 e dei criteri ambientali previsti dal PR FESR Campania 2021 – 2027 per quelli finanziati a valere su tali risorse finanziarie;**

5. È opportuno prestare particolare attenzione alle previsioni progettuali finalizzate al risparmio energetico e idrico e all'autoproduzione di energia.

La Commissione, sulla scorta dell'istruttoria condotta dalla dott.ssa Nevia Carotenuto e in particolare dei contenuti valutativi che qui si intendono riportati integralmente nonchè della proposta di parere formulata dalla stessa, decide di esprimere parere favorevole di Valutazione Ambientale Strategica con le prescrizioni sopra riportate dall'istruttore.

Oggetto:

Provvedimento di Verifica di assoggettabilità alla Valutazione di Impatto Ambientale ai sensi dell'art. 19 del D.lgs. n. 152/2006 relativo al progetto di " Risanamento idrogeologico del torrente Savana" CUP: – Proponente Comune di Serino (AV) – ID 1525

IL DIRIGENTE

PREMESSO che:

a. il titolo III della parte seconda del D.lgs. n. 152/2006 e ss.mm.ii., in recepimento della Direttiva 2011/92/UE, detta norme in materia di Impatto Ambientale di determinati progetti, pubblici e privati, di interventi, impianti e opere, nonché detta disposizioni in materia di Valutazione di Impatto Ambientale per le Regioni e Province Autonome;

b. con D.G.R.C. n. 408 del 21/07/2024, avente ad oggetto "Attuazione LR n. 6/2024 – Ordinamento Regionale", è stata approvata la nuova articolazione in Settori e Unità operative delle strutture amministrative regionali con le relative denominazioni e competenze degli Uffici;

c. secondo le disposizioni del nuovo Ordinamento Regionale sopra richiamato le competenze in materia di valutazione ambientale sono attribuite all'Ufficio Speciale 306.00.00 Ufficio Valutazioni Ambientali;

d. con D.P.G.R.C. n. 82 del 09/07/2025 è stato conferito l'incarico di Direttore dell'Ufficio Valutazioni Ambientali, codice 306.00.00, alla dott.ssa Simona Brancaccio;

e. con D.G.R.C. n. 791 del 28/12/2016 si è disposto, al punto 2 del deliberato, che "nelle more dell'adeguamento del Disciplinare, continui ad operare la Commissione VIA – VI – VAS di cui al D.P.G.R. n. 62 del 10/04/2015";

f. con D.P.G.R.C. n. 204 del 15/05/2017 avente ad oggetto "Deliberazione di G.R. n. 406 del 4/8/2011 e s.m.i.: modifiche Decreto Presidente Giunta n. 62 del 10/04/2015 - Disposizioni transitorie" pubblicato sul BURC n. 41 del 22/05/2017, è stata aggiornata la composizione della Commissione per le valutazioni ambientali (VIA/VI/VAS);

g. con D.G.R.C. n. 613 del 28/12/2021, pubblicata sul BURC n. 1 del 03/01/2022, è stato adottato l'"Adeguamento degli indirizzi regionali in materia di valutazione di impatto ambientale di cui alla parte seconda del D.lgs. n. 152/2006 alle recenti disposizioni in materia di semplificazione e accelerazione delle procedure amministrative";

h. con D.G.R.C. n. 737 del 28/12/2022, pubblicata sul BURC del 03/01/2023, sono state individuate le Modalità di calcolo degli oneri per le procedure di Valutazione Ambientale Strategica, Valutazione di Impatto Ambientale e Valutazione di Incidenza di competenza della Regione Campania;

i. ai sensi dell'art. 23, comma 3 del D.lgs. n. 104 del 16/06/2017 alle attività di monitoraggio, ai provvedimenti di verifica di assoggettabilità a VIA e ai provvedimenti di VIA adottati secondo la normativa previgente, nonché alle attività conseguenti si applicano comunque le disposizioni di cui all'articolo 17 dello stesso D.lgs. n. 104 del 16/06/2017 che sostituisce il disposto dell'art. 28 del D.lgs. 152/2006 e ss.mm.ii.;

j. ai sensi dell'art. 28, comma 7 bis del D.lgs. n. 152/2006 e ss.mm.ii. "il proponente, entro i termini di validità disposti dal provvedimento di verifica di assoggettabilità a VIA o di VIA, trasmette all'autorità competente la documentazione riguardante il collaudo delle opere o la certificazione di regolare esecuzione delle stesse, comprensiva di specifiche indicazioni circa la conformità delle opere rispetto al progetto depositato e alle condizioni ambientali prescritte. La documentazione è pubblicata tempestivamente nel sito internet dell'autorità competente;

CONSIDERATO che:

a. con richiesta acquisita al prot. reg. n. 008548 del 08/01/2026 contrassegnata con ID 1525, il Comune di Serino (AV), con sede in Piazza Cicarelli, ha trasmesso istanza di verifica di assoggettabilità alla

Valutazione di Impatto Ambientale, ai sensi dell'art. 19 del D.lgs. 152/2006 e ss. mm. ii., relativa al progetto di "Risanamento idrogeologico del torrente Savana" CUP: E44H20000720008"

b. l'istruttoria del progetto de quo è stata affidata all' Ing. Fabrizio Taglianetti, funzionario dell'Ufficio Valutazioni Ambientali;

c. a seguito di preavviso di rigetto per improcedibilità dell'istanza prot. reg. n.0021925 del 13/01/2026, il Comune di Serino ha provveduto a sanare i difetti riscontrati in sede di verifica documentale trasmettendo integrazioni acquisite al prot. reg. n.0030143 del 15/01/2026;

d. con nota Prot. Reg. n. 0033339 del 16/01/2026, trasmessa a tutte le Amministrazioni e agli Enti Territoriali potenzialmente interessati a mezzo PEC del 16/01/2026, è stata data comunicazione - ai sensi dell'art. 19 comma 3 del D.lgs. n. 152/2006 e ss. mm. ii. - dell'avvenuta pubblicazione dello Studio Preliminare Ambientale e dei relativi allegati, stabilendo in giorni 30 dal ricevimento di detta comunicazione il termine per la presentazione di eventuali osservazioni;

g. su specifica richiesta prot. reg. n. 0178825del 03 /03/2026, il Comune di Serino ha trasmesso integrazioni tecniche acquisite al prot. reg. n.0325988 del 01/04/2026;

h. su specifica richiesta dell'Ufficio Speciale Valutazioni Ambientali della Regione Campania del 03/03/26, il Comune di Serino ha trasmesso ulteriori chiarimenti alla documentazione trasmessa;

i. In data 08/06/2026 con prot. reg. n 0515008 sono pervenute integrazioni volontarie all'Ufficio Speciale Valutazioni Ambientali della Regione Campania da parte del proponente Comune di Serino;

RILEVATO che:
detto progetto è stato sottoposto all'esame della Commissione V.I.A. - V.A.S. - V.I. che, nella seduta del 11/06/2026, sulla base dell'istruttoria svolta dal funzionario sopra citato, si è espressa come di seguito testualmente riportato: Relaziona sull'intervento l'ing. Fabrizio Taglianetti, il quale evidenzia quanto segue:
Premesso che:

- L'obiettivo principale del progetto *de quo* è il risanamento idrogeologico del torrente Savana;
- Lo scopo della valutazione ambientale (nel caso di specie assoggettabilità a VIA) è la verifica dei possibili impatti negativi e significativi sulle componenti ambientali connessi alla realizzazione ed esercizio di un progetto; restano in capo:
  - al Proponente ed al Progettista le responsabilità inerenti l'adeguatezza e la funzionalità delle scelte progettuali rispetto agli obiettivi e finalità dell'intervento.
  - ai soggetti competenti le verifiche e le attività connesse alla fase autorizzativa.

Considerato che:

- Le opere a farsi sono prevalentemente opere di ingegneria naturalistica, auspicabili da un punto di vista ambientale rispetto a soluzioni alternative in c.a., in quanto risultano meno invasive in fase realizzativa e, nella configurazione post-operam, per loro natura, favoriscono l'inserimento dell'intervento nel contesto naturale ed una più rapida ricomposizione della componente idrica e biotica;
- La realizzazione delle opere in progetto non prevede l'occupazione di aree o aumento di cementificazione, atteso che i guadi esistenti risultano già cementificati e saranno resi funzionali mediante gli attraversamenti di progetto;

- Il proponente ha riscontrato la richiesta di integrazioni e chiarimenti formulata e la documentazione agli atti è risultata esaustiva ai fini della valutazione;
- Le analisi sui possibili impatti derivanti dalla realizzazione ed esercizio dell'intervento, come riportate nello Studio Preliminare Ambientale e successive integrazioni, tenuto conto delle misure di mitigazione adottate e delle misure progettuali e gestionali previste sono risultate condivisibili;
- Gli impatti sulle componenti ambientali derivanti dalla realizzazione del progetto sono prevalentemente da ritenersi limitati alla durata dei lavori non assumendo un carattere di permanenza;
- Le valutazioni sugli impatti effettuate nello SPA e successive integrazioni sono state supportate dalle conclusioni degli studi specialistici condotti;
- L'intervento non prevede la movimentazione e produzione di sostanze inquinanti; i principali impatti sono connessi alle attività di cantiere e pertanto rivestono carattere di temporaneità e reversibilità;
- La produzione di rifiuti è legata alla sola fase di cantiere e realizzazione dell'opera in esame;
- Le misure di mitigazione progettuali e gestionali previste risultano funzionali a contenere gli effetti connessi all'attuazione del progetto che per le caratteristiche delle opere a farsi, non risultano tali da generare criticità rilevanti sulle componenti ambientali; gli effetti attesi sulle componenti ambientali possono ritenersi non significativi con carattere di temporaneità e reversibilità.

Fermo restando:

- la competenza del soggetto che autorizza e/o del soggetto preposto alla tutela dei corpi idrici di cui al D.lgs. 152/2006;
- in riferimento al clima acustico, il rispetto dei valori limite di emissione, immissione e differenziale previsti dalla normativa di settore per i recettori sensibili e non;
- in riferimento alla normativa vigente, la riconduzione dei valori di PM10 in fase di cantiere, ai valori consentiti per i recettori sensibili e non in funzione della distanza dagli stessi e della durata delle lavorazioni e le conseguenti misure di mitigazione per i recettori esposti;
- che i rifiuti derivanti dalle attività di cantiere debbano essere gestiti in idonei impianti di trattamento in conformità con quanto previsto dalla Parte IV del D.lgs. 152/2006;
- che sarà cura dell'Autorità procedente garantire l'acquisizione, sul progetto esecutivo, dei pareri previsti ai fini dell'autorizzazione ed il rispetto delle indicazioni negli stessi riportate;
- l'onere da parte dell'Amministrazione Comunale di svolgere attività di vigilanza tesa a scongiurare sversamenti di rifiuti ed a garantire l'assenza di scarichi non autorizzati nel vallone oggetto di intervento;
- che sarà cura del proponente ottemperare a quanto previsto dalla vigente normativa in materia di "*riutilizzo delle terre e rocce da scavo*" (DPR 120/2017) sia in sito che fuori dal sito e per la tipologia di cantiere di che trattasi, attivandosi presso le autorità competenti;
- che eventuali modifiche da apportare all'intervento *de quo* dovranno essere sottoposte alla valutazione dell'Ufficio Speciale 306.00.00.

Tenuto conto delle finalità del progetto, della tipologia delle opere a farsi, delle misure progettuali e gestionali previste, della tipologia degli impatti, si propone alla Commissione VIA VAS VI di escludere il progetto denominato *"Risanamento idrogeologico del torrente Savana - CUP: E44H20000720008"* proposto dal Comune di Serino (AV) **dalla Valutazione di Impatto Ambientale con le seguenti condizioni ambientali.**

Oggetto:

Provvedimento di Verifica di assoggettabilità alla Valutazione di Impatto Ambientale ai sensi dell'art. 19 del D.lgs. n. 152/2006 relativo al progetto di "Sistemazione idrogeologica del Versante in località Cesine - Proponente Comune di Frigento (AV) – ID 1540

IL DIRIGENTE

PREMESSO che:

a. il titolo III della parte seconda del D.lgs. n. 152/2006 e ss.mm.ii., in recepimento della Direttiva 2011/92/UE, detta norme in materia di Impatto Ambientale di determinati progetti, pubblici e privati, di interventi, impianti e opere, nonché detta disposizioni in materia di Valutazione di Impatto Ambientale per le Regioni e Province Autonome;

b. con D.G.R.C. n. 408 del 21/07/2024, avente ad oggetto "Attuazione LR n. 6/2024 – Ordinamento Regionale", è stata approvata la nuova articolazione in Settori e Unità operative delle strutture amministrative regionali con le relative denominazioni e competenze degli Uffici;

c. secondo le disposizioni del nuovo Ordinamento Regionale sopra richiamato le competenze in materia di valutazione ambientale sono attribuite all'Ufficio Speciale 306.00.00 Ufficio Valutazioni Ambientali;

d. con D.P.G.R.C. n. 82 del 09/07/2025 è stato conferito l'incarico di Direttore dell'Ufficio Valutazioni Ambientali, codice 306.00.00, alla dott.ssa Simona Brancaccio;

e. con D.G.R.C. n. 791 del 28/12/2016 si è disposto, al punto 2 del deliberato, che "nelle more dell'adeguamento del Disciplinare, continui ad operare la Commissione VIA – VI – VAS di cui al D.P.G.R. n. 62 del 10/04/2015";

f. con D.P.G.R.C. n. 204 del 15/05/2017 avente ad oggetto "Deliberazione di G.R. n. 406 del 4/8/2011 e s.m.i.: modifiche Decreto Presidente Giunta n. 62 del 10/04/2015 - Disposizioni transitorie" pubblicato sul BURC n. 41 del 22/05/2017, è stata aggiornata la composizione della Commissione per le valutazioni ambientali (VIA/VI/VAS);

g. con D.G.R.C. n. 613 del 28/12/2021, pubblicata sul BURC n. 1 del 03/01/2022, è stato adottato l'"Adeguamento degli indirizzi regionali in materia di valutazione di impatto ambientale di cui alla parte seconda del D.lgs. n. 152/2006 alle recenti disposizioni in materia di semplificazione e accelerazione delle procedure amministrative";

h. con D.G.R.C. n. 737 del 28/12/2022, pubblicata sul BURC del 03/01/2023, sono state individuate le Modalità di calcolo degli oneri per le procedure di Valutazione Ambientale Strategica, Valutazione di Impatto Ambientale e Valutazione di Incidenza di competenza della Regione Campania;

i. ai sensi dell'art. 23, comma 3 del D.lgs. n. 104 del 16/06/2017 alle attività di monitoraggio, ai provvedimenti di verifica di assoggettabilità a VIA e ai provvedimenti di VIA adottati secondo la normativa previgente, nonché alle attività conseguenti si applicano comunque le disposizioni di cui all'articolo 17 dello stesso D.lgs. n. 104 del 16/06/2017 che sostituisce il disposto dell'art. 28 del D.lgs. 152/2006 e ss.mm.ii.;

j. ai sensi dell'art. 28, comma 7 bis del D.lgs. n. 152/2006 e ss.mm.ii. "il proponente, entro i termini di validità disposti dal provvedimento di verifica di assoggettabilità a VIA o di VIA, trasmette all'autorità competente la documentazione riguardante il collaudo delle opere o la certificazione di regolare esecuzione delle stesse, comprensiva di specifiche indicazioni circa la conformità delle opere rispetto al progetto depositato e alle condizioni ambientali prescritte. La documentazione è pubblicata tempestivamente nel sito internet dell'autorità competente;

CONSIDERATO che:

a. con richiesta acquisita al prot. reg. n. 0016841 del 12/01/2026 contrassegnata con ID 1540, il Comune di Frigento, con sede in Piazza Umberto I, ha trasmesso istanza di verifica di assoggettabilità

alla Valutazione di Impatto Ambientale, ai sensi dell'art. 19 del D.lgs. 152/2006 e ss. mm. ii., relativa al progetto di "Sistemazione idrogeologica del Versante in località Cesine"

b. l'istruttoria del progetto de quo è stata affidata all' ing. Doriana D'Alise, funzionario dell'Ufficio Valutazioni Ambientali;

c. a seguito di preavviso di rigetto per improcedibilità dell'istanza Prot. Reg. n 0022919 del 13/01/2026, il Comune di Frigento ha provveduto a sanare i difetti riscontrati in sede di verifica documentale trasmettendo integrazioni acquisite al Prot. Reg. n. 0055164 del 23/01/2026 ed integrazione di pagamento acquisita con Prot. Reg. n. 0073829 del 29/01/2026;

d. con nota Prot. Reg. n. 0084606 del 02/02/2026, trasmessa a tutte le Amministrazioni e agli Enti Territoriali potenzialmente interessati a mezzo PEC del 02/02/2026, è stata data comunicazione - ai sensi dell'art. 19 comma 3 del D.lgs. n. 152/2006 e ss. mm. ii. - dell'avvenuta pubblicazione dello Studio Preliminare Ambientale e dei relativi allegati, stabilendo in giorni 30 dal ricevimento di detta comunicazione il termine per la presentazione di eventuali osservazioni;

e. nei termini indicati nella detta nota Prot. Reg. n. 0084606 del 02/02/2026 non sono pervenute osservazioni da parte delle Amministrazioni e degli Enti Territoriali potenzialmente interessati dal progetto, né da parte del pubblico e né da parte del privato;

f. su specifica richiesta di integrazioni tecniche con nota prot. reg. n. 0285781 del 19 /03/2026, il Comune di Frigento ha richiesto la proroga dei termini per la trasmissione delle integrazioni;

g. con nota prot. reg. n 0336728 del 07/04/2026 in riscontro alla richiesta di proroga dei termini per la trasmissione delle integrazioni formulata dal Comune di Frigento, l'Ufficio Speciale Valutazioni Ambientali della Regione Campania ha ribadito la non possibilità di accogliere la richiesta di proroga alla luce della normativa vigente, riconfermando che i chiarimenti e le integrazioni richieste devono pervenire entro e non oltre i termini assegnati con la nota di richiesta integrazioni prot. reg 028578 del 19/03/2026.

h. in data 29/04/2026 il Comune di Frigento ha trasmesso integrazioni tecniche acquisite con prot. reg. n .0403267;

RILEVATO che:
detto progetto è stato sottoposto all'esame della Commissione V.I.A. - V.A.S. - V.I. che, nella seduta del 11/06/2026, sulla base dell'istruttoria svolta dal funzionario sopra citato, si è espressa come di seguito testualmente riportato: "Relaziona sull'intervento l'ing. Doriana D' Alise, il quale evidenzia quanto segue:
L'intervento oggetto della presente istruttoria tecnica, acquisita al prot. reg. n. 16841 del 12/01/2026, è denominato "*Sistemazione idrogeologica del Versante in località Cesine*" con proponente il Comune di Frigento e identificato con ID_1540.
Premesso che:
- l'istruttoria esula da eventuali precedenti fasi autorizzative ed è finalizzata alla valutazione dei possibili impatti negativi e significativi sulle componenti ambientali derivanti dal progetto; restano in capo al Proponente e al Progettista le responsabilità inerenti all'adeguatezza e la funzionalità delle scelte progettuali rispetto agli obiettivi e finalità dell'intervento;
- la presente istruttoria prende in considerazione le opere riportate nello Studio Preliminare Ambientale e nelle successive integrazioni ed eventuali modifiche da apportare all'intervento de quo dovranno essere sottoposte a nuove valutazioni di impatto ambientale;
- ai dati e alle affermazioni forniti dal Proponente e dal Progettista occorre riconoscere la veridicità dovuta, in applicazione dei principi della collaborazione e della buona fede che devono improntare i rapporti tra il cittadino e la pubblica amministrazione, ai sensi dell'art. 1, comma 2 bis della L. 241/90, fatte salve in ogni caso le conseguenze di legge in caso di dichiarazioni mendaci, qualunque difformità o dichiarazione

mendace dei progettisti su tutto quanto esposto e dichiarato negli elaborati tecnici agli atti, inficia la validità della presente istruttoria;

Considerato che:

- l'area di intervento ricade nel territorio comunale di Frigento, in provincia di Avellino;
- l'intervento nasce dall'esigenza di "mitigare il rischio idrogeologico incombente sulle aree oggetto d'intervento, ponendo in essere interventi di ingegneria geotecnica", in quanto "l'instabilità del territorio costituisce, infatti, un fattore di rischio grave per la comunità e crea condizionamenti per la crescita socio-economica della collettività interessata";
- L'intervento di progetto consiste nelle seguenti macro-tipologie:
    - Interventi di regimazione degli afflussi meteorici e razionalizzazione, mediante
        - adeguamento del profilo dell'alveo con salti di fondo
        - costruzione di sezioni idrauliche adeguate alle portate di progetto
        - nuove sezioni spondali mediante scogliere rinverdite e interventi antierosivi
        - adeguamento delle sezioni delle tubazioni necessarie agli attraversamenti stradali
    - Interventi di protezione dei versanti, mediante
        - tecniche antierosive (geocomposito ed idrosemina) sui versanti in dissesto;
        - opere di drenaggio superficiale (viminate vive) sui versanti interessati non da dissesti ma da erosione
    - Opere di completamento e/o ripristino:
        - Rifacimento della strada poderale coinvolta nel movimento franoso
        - Rifacimento dei tratti di strade poderali interessate dagli adeguamenti delle sezioni delle tubazioni di attraversamento
        - Barriere stradali di sicurezza
        - Piantumazioni di specie arbustive e arboree

Tenuto conto che:

- l'obiettivo del progetto è la riduzione del rischio idrogeologico e la messa in sicurezza della viabilità mediante opere compatibili con il contesto ambientale e paesaggistico;
- le opere sono progettate secondo criteri di ingegneria naturalistica, al fine di ridurre gli impatti ambientali e favorire l'inserimento paesaggistico;
- la proposta progettuale risulta coerente con il contesto programmatico e vincolistico;
- nei 30 giorni di consultazione non sono pervenute osservazioni;
- sono stati riportati i recettori e che questi sono tutti a destinazione di uso residenziale;
- sono stati valutati gli impatti sul suolo e sul sottosuolo, sulla flora e sulla fauna, sull'ambiente idrico, sul paesaggio e sulla popolazione e salute umana;
- in fase di cantiere, è stato valutato, sui recettori individuati, l'impatto acustico evidenziando che "il livello di rumore del cantiere, valutato in corrispondenza dei ricettori, è inferiore al limite di 60 dB(A) previsto dalla normativa per l'area d'interesse", l'impatto sulla componente aria i cui risultati consentono di affermare che "le emissioni generate dalle attività di cantiere si mantengono entro i limiti di legge, sia rispetto alla distanza media che rispetto al ricettore più vicino e non risultano necessarie misure di monitoraggio presso il recettore" e l'impatto derivante dal traffico indotto (impatto temporaneo, localizzato e reversibile);
- con l'adozione delle misure di mitigazione descritte ed una corretta gestione delle lavorazioni e del cantiere, gli impatti in fase di realizzazione degli interventi previsti si presentano come trascurabili e temporanei/transitori;
- in fase di esercizio, l'intervento non comporta impatti ambientali significativi negativi;
- l'analisi dello stato di qualità ambientale in relazione alla flora, alla fauna, alla biodiversità e agli habitat protetti è stata effettuata analizzando le aree di intervento dal punto di vista ecologico. In particolare, il comune di Frigento non rientra nell'ambito di parchi o riserve regionali e nazionali e le aree di intervento non sono localizzate all'interno di siti Rete Natura 2000;
- la condizione ambientale trasmessa con l'istanza e la successiva modifica trasmessa con la documentazione in riscontro alla richiesta di integrazioni, non sono pertinenti in quanto

da ritenersi obblighi già previsti dalla normativa / buone pratiche di gestione del cantiere; quindi, per questo non sono state inserite nella proposta di esclusione dalla VIA;

Ritenuto che:

- le valutazioni condotte ai sensi dell'Allegato IV bis del D. Lgs. n.152/2006 e ss.mm.ii., hanno consentito di poter escludere la possibilità di produzione di impatti ambientali negativi significativi sulle principali componenti ambientali;
- l'intervento si configura come un'opera sostanzialmente compatibile con il contesto territoriale e ambientale locale;
- con lo Studio Preliminare Ambientale presentato il proponente ha fornito informazioni e dati ed ha sviluppato analisi in relazione alle caratteristiche del progetto, tale da risultare ambientalmente sostenibile e conforme agli obiettivi di tutela e valorizzazione del territorio;
- le misure di mitigazione descritte nella documentazione sono necessarie per poter evitare / ridurre gli impatti significativi negativi sulle componenti ambientali;

Visto:

- la documentazione presentata in fase di istanza;
- la nota di richiesta di integrazioni prot. reg. n. 285781 del 19/03/2026;
- le integrazioni acquisite in data 17/04/2026 e 30/04/2026;

SI PROPONE

alla Commissione VIA VAS VI, tenuto conto delle finalità del progetto, delle misure progettuali e gestionali previste, della tipologia degli impatti, di escludere dalla procedura di Valutazione di Impatto Ambientale il progetto denominato "*Sistemazione idrogeologica del Versante in località Cesine*" – identificato con **ID1540_VERVIA -** proponente il Comune di Frigento, poiché non si individuano impatti ambientali significativi negativi, **demandando alla fase autorizzativa la verifica di tutti i pareri e le autorizzazioni necessarie e evidenziando la necessità che siano messe in atto tutte le misure di mitigazione descritte nella documentazione presentata.**

La Commissione, sulla scorta dell'istruttoria condotta dall' ing. Doriana D'Alise in particolare dei contenuti valutativi che qui si intendono riportati integralmente, nonché della proposta di parere formulata dalla stessa, decide di escludere il progetto dalla procedura di Valutazione di Impatto Ambientale.

Provvedimento di Valutazione di Incidenza Appropriata relativo al "Piano di Gestione Forestale intercomunale comuni di Serre e Controne" proposto dal Comune di Controne. – ID 1534_VINCAAPPR.

IL DIRIGENTE

PREMESSO che

a. con D.P.R. n. 357 del 08/09/1997, art. 5, e ss.mm.ii. sono state dettate disposizioni in merito alla procedura di svolgimento della Valutazione di Incidenza;

b. con Delibera di Giunta Regionale (D.G.R.C) n. 1216 del 23/03/2001, pubblicata sul BURC n. 21 del 17/04/2001, e successiva D.G.R.C. n. 5249 del 31/10/2002, pubblicato sul BURC n. 58 del 25/11/2002, è stato recepito il succitato D.P.R. n. 357/97;

c. con D.G.R.C. n. 408 del 21/07/2024, avente ad oggetto "Attuazione LR n. 6/2024 – Ordinamento Regionale", è stata approvata la nuova articolazione in Settori e Unità operative delle strutture amministrative regionali con le relative denominazioni e competenze degli Uffici;

d. secondo le disposizioni del nuovo Ordinamento Regionale sopra richiamato le competenze in materia di valutazione di incidenza sono attribuite all'Ufficio Speciale 306.00.00 Ufficio Valutazioni Ambientali – UOS 306.01.01 Valutazione di Incidenza e Affari generali;

e. con D.G.R.C. n. 27 del 26/01/2016, pubblicata sul BURC n. 6 del 01/02/2016, e successiva D.G.R.C. n. 81 del 08/03/2016, pubblicata sul BURC n. 16 del 09/03/2016, è stata confermata l'istituzione della *Commissione* preposta alla Valutazione di Impatto Ambientale (VIA), alla Valutazione di Incidenza (VI) e alla Valutazione Ambientale Strategica (VAS) di cui alla D.G.R.C. n. 406/2011 e al D.P.G.R. n. 62/2015;

f. con D.G.R.C. n. 791 del 28/12/2016 si è disposto, al punto 2 del deliberato, che "*nelle more dell'adeguamento del Disciplinare, continui ad operare la Commissione VIA – VI – VAS di cui al D.P.G.R. n. 62 del 10/04/2015*";

g. con D.P.G.R.C. n. 204 del 15/05/2017 avente ad oggetto "*Deliberazione di G.R. n. 406 del 4/8/2011 e s.m.i.: modifiche Decreto Presidente Giunta n. 62 del 10/04/2015 - Disposizioni transitorie*" pubblicato sul BURC n. 41 del 22/05/2017, è stata aggiornata la composizione della *Commissione* per le valutazioni ambientali (VIA/VI/VAS);

h. con D.G.R.C. n. 795 del 19/12/2017, pubblicata sul BURC n. 5 del 18/01/2018, sono state approvate le misure di conservazione dei SIC (Siti di Interesse Comunitario) per la designazione delle ZSC (Zone Speciali di Conservazione) della rete Natura 2000 della Regione Campania;

i. con D.G.R. n. 684 del 30/12/2019 sono stati individuati, ai sensi del DM 17 ottobre 2007 del Ministro dell'Ambiente e della Tutela del Territorio e del Mare, i soggetti affidatari della gestione di Zone Speciali di Conservazione (ZSC) e delle Zone di Protezione Speciale (ZPS) designate ai sensi della Direttiva 92/43/CEE "Habitat", del relativo regolamento di attuazione di cui al DPR 357/97 e della Direttiva 2009/147/CE "Uccelli";

j. con Intesa, ai sensi dell'articolo 8, comma 6, della legge 5 giugno 2003, n. 131, tra il Governo, le regioni e le Province autonome di Trento e Bolzano sulle *Linee guida nazionali per la valutazione di incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4* (G.U. n. 303 del 28/12/2019), sono state emanate le *Linee Guida Nazionali per la Valutazione di Incidenza*;

k. le succitate Linee Guida Nazionali prevedono che "*Il parere di screening ha validità di 5 anni, fatti salvi i casi nei quali è espressamente prevista una durata più breve, valutata in considerazione della dinamicità ambientale degli ecosistemi o degli habitat interessati, o più ampia nei casi nei quali il parere sia riferito a Piani pluriennali" e che "La validità temporale del parere di Valutazione di Incidenza è 5 anni, termine oltre il quale l'autorizzazione è da considerarsi nulla, fatti salvi i casi nei quali è*

espressamente prevista una durata più breve, valutata in considerazione della dinamicità ambientale degli ecosistemi o degli habitat interessati, o più ampia nei casi nei quali il parere sia riferito a piani, programmi o autorizzazioni ambientali pluriennali (es. AIA, AUA, etc.).";

l. con D.G.R.C. n. 280 del 30/06/2021, pubblicata sul BURC n. 66 del 05/07/2021, è stato approvato il "*Recepimento delle "Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) -DIRETTIVA 92/43/CEE "HABITAT" ART. 6, paragrafi 3 e 4". Aggiornamento delle "Linee guida e criteri di indirizzo per l'effettuazione della valutazione di incidenza in Regione Campania*", che sostituisce la D.G.R.C. n. 814 del 04/12/2018 "*Linee Guida e Criteri di indirizzo per l'effettuazione della valutazione di incidenza in Regione Campania*";

m. con D.G.R.C. n. 737 del 28/12/2022, pubblicata sul BURC n. 1 del 02/01/2023 sono state individuate le nuove *Modalità di calcolo degli oneri per le procedure di Valutazione Ambientale Strategica, Valutazione di Impatto Ambientale e Valutazione di Incidenza di competenza della Regione Campania*;

n. con D.P.G.R.C. n. 82 del 09/07/2025 è stato conferito l'incarico di Direttore dell'Ufficio Valutazioni Ambientali, codice 306.00.00, alla dott.ssa Simona Brancaccio;

CONSIDERATO che:

a. con richiesta acquisita al prot. reg. n. 0004851 del 07/01/2026 contrassegnata con ID 1534_VINCAAPPR, il Comune di Controne - ha presentato per il tramite del tecnico incaricato Dott. For. Giovanni Gammarano - istanza di avvio della procedura di Valutazione d'Incidenza Appropriata relativa al "Piano di Gestione Forestale intercomunale comuni di Serre e Controne";

b. l'istruttoria del progetto *de quo* è stata affidata alla dott.ssa Matilde Mazzaccara, funzionaria dell'Ufficio Valutazioni Ambientali;

c. con nota prot. reg. n. 0006298 del 07/01/2026, trasmessa a mezzo pec in pari data al proponente, al Comune di Serre, al Parco Nazionale del Cilento – Vallo di Diano – Alburni ed alla Riserva Naturale Regionale – Foce Sele – fiume Tanagro, è stata comunicata - ai sensi del parag. 3.5 delle Linee Guida e Criteri di Indirizzo per l'effettuazione della Valutazione di Incidenza in Regione Campania approvate con D.G.R. n. 280/2021 - l'avvenuta pubblicazione dello Studio di Incidenza e l'avvio del procedimento, stabilendo in giorni 30 dal ricevimento di detta comunicazione il termine per la presentazione di eventuali osservazioni;

d. entro tale termine non sono pervenute osservazioni;

e. il Parco Nazionale del Cilento – Vallo di Diano – Alburni, con nota prot. n. 213 del 08/01/2026 con cui si allega nota prot. n. 5246 del 08/04/2025 e acquisita al prot. reg. n. 11559 del 08/01/2026, ha trasmesso il sentito di propria competenza;

f. l'Ente Riserve Foce Sele Tanagro e Monti Eremita Marzano, con nota prot. n. 31/2026 del 10/06/2026 ed acquisita al prot. reg. n. 523814 del 10/06/2026, ha trasmesso il sentito di propria competenza;

RILEVATO che:

a. detto piano è stato sottoposto all'esame della Commissione V.I.A. - V.A.S. - V.I. che, nella seduta del 18/06/2026, sulla base dell'istruttoria svolta dalla sopra citata funzionaria, si è espressa come di seguito testualmente riportato:

"L'istruttore Mazzaccara ha predisposto la relazione istruttoria che, allegata al presente verbale, ne forma parte integrante e sostanziale. Relaziona sull'intervento la dott.ssa Matilde Mazzaccara, la quale evidenzia quanto segue:
Nella documentazione presentata per la Valutazione d'Incidenza appropriata, il proponente ha descritto il progetto ed ha fornito informazioni sufficienti sul contesto in cui si opera per valutare quanto proposto. In considerazione della tipologia del procedimento, sono state fornite informazioni qualitative utili per la comprensione di quanto si dovrà realizzare.
Considerato che:
- la richiesta di Valutazione d'Incidenza appropriata è stata avanzata per il progetto dal titolo: "Piano di Gestione Forestale intercomunale comuni di Serre e Controne", proponente: Comune di Controne, istanza acquisita con prot. reg. n. 4851 del 07/01/2026;
- la documentazione allegata all'istanza è stata prodotta in maniera conforme alla normativa vigente, oltre alla quale sono stati valutati anche i documenti inviati dal tecnico incaricato il 13/04/2026 ad integrazione di quanto richiesto con apposita richiesta di integrazioni trasmessa al proponente con prot. reg. n. 309457 del 26/03/2026;
- l'intervento ricade in parte nei seguenti Siti Natura 2000: ZSC IT8050033 - Monti Alburni, ZSC IT8050002 - Alta Valle del Fiume Calore Lucano (Salernitano), ZPS IT8050055 - Alburni, ZPS IT8050021 - Medio corso del Fiume Sele -Persano, ZSC IT8050049 - Fiumi Tanagro e Sele;
- dalla Carta della Natura (Ispra – Arpac 2018) sono presenti le classi: Colture estensive e sistemi agricoli complessi, Boschi ripariali a pioppi, Leccete termomediterranee, Praterie subnitrofile, Querceti a cerro dell'Italia centro-meridionale, Leccete supramediterranee, Piantagioni di conifere, Oliveti;
- dalla cartografia allegata al Piano di Gestione dei Siti Natura 2000", approvati con la D.G.R. 617/2024 sono presenti gli habitat: 9340 Foreste di Quercus ilex e Quercus rotundifolia, 91M0 Foreste pannonico-balcaniche di quercia cerro-quercia sessile, 8310 Grotte non ancora sfruttate a livello turistico, 6220 Percorsi substeppici di graminacee e piante annue dei Thero-Brachypodietea, 9340 Foreste di Quercus ilex e Quercus rotundifolia, 92A0 Foreste a galleria di Salix alba e Populus alba, 6210 Formazioni erbose secche seminaturali e facies coperte da cespugli su substrato calcareo (Festuco -Brometalia).
- il Piano di Gestione Forestale non ha previsto interventi di taglio nei siti della Rete Natura 2000;
- l'esecuzione degli interventi non comportano alterazione o distruzione degli habitat che hanno determinato la designazione del Sito;
- l'intervento non è suscettibile di pregiudicare il mantenimento dell'integrità del Sito con riferimento agli specifici obiettivi di conservazione fissati per gli habitat e le specie per i quali i siti Natura 2000 sono stati designati;
- l'intervento risulta coerente con le disposizioni di cui al D.M 17/10/2007 e alla D.G.R. n. 2295/2007 per quanto attiene e con le misure regolamentari previste dai Piani di Gestione della ZPS IT8050021 - Medio corso del Fiume Sele-Persano e della ZSC IT8050049 "Fiumi Tanagro e Sele", approvati con la
D.G.R. 617/2024 e con quanto previsto dal Regolamento forestale regionale n. 3 /2017 e s.m.i.;
- le valutazioni relative a ogni altro profilo, in particolare paesaggistico e idrogeologico, nonché ogni altra valutazione relativa all'applicazione di specifiche normative di settore e ad altre tematiche esulano tutte la competenza dello Scrivente Ufficio; la presente valutazione viene infatti resa esclusivamente sotto il profilo della tutela ambientale del patrimonio naturale protetto dalla Rete Natura 2000 per l'ambito normativo definito.
Vista la nota di approvazione della versione in "minuta" del P.G.F. della Regione Campania, U.O.D. 50.07.18, attuale U.O.S. (207.03.02) "Ambiente e foreste", trasmessa con prot. reg. n. 11334 del 10/01/2025.
Visto il "Sentito" favorevole del Parco Nazionale del Cilento, Vallo di Diano e Alburni, trasmesso con la nota prot. n. 213 dello 08/01/2026 con cui si allega nota prot. n. 5246 del 08/04/2025, ricevuto con prot. reg. n. 11559 del 08/01/2026, con le seguenti prescrizioni:
A) PRESCRIZIONI VALIDE PER I RIMBOSCHIMENTI
1. è fatto obbligo al proponente di attenersi scrupolosamente a quanto previsto negli elaborati progettuali del PGF ed in particolare dovranno effettuarsi interventi selvicolturali sulle sole superfici forestali così come individuate e pianificate dal Tecnico incaricato;

2. È fatto obbligo al proponente trasmettere a questo Ente i singoli progetti di taglio esecutivi relativi alle singole particelle assestamentali destinate al taglio, per l'acquisizione del relativo Nulla Osta;
3. È fatto obbligo al proponente nel trasmettere i singoli progetti di taglio, indicare in appositi allegati cartografici le vie di esbosco, con particolare riferimento alla viabilità principale e secondaria ed agli imposti di carico;
4. al fine di ridurre al minimo il disturbo alla fauna dovrà osservarsi un periodo di sospensione dei lavori compreso tra il 01 aprile ed il 31 maggio di ogni stagione silvana;
5. per ciascuna stagione silvana, dove necessario, l'Ente Parco potrà far osservare un ulteriore periodo di sospensione dei lavori di taglio per tener conto del ciclo riproduttivo delle specie animali presenti nelle aree della Rete Natura 2000;
6. è fatto obbligo tramettere nei progetti di taglio esecutivi relativi alle singole particelle assestamentali destinate al taglio, il piedilista di martellata delle piante da abbattere, opportunamente numerate, distinte per specie e diametro;
7. preservare dal taglio tutte le specie arboree considerate sporadiche o rare quale misura di salvaguardia della biodiversità;
8. preservare dal taglio, per una distanza di circa 10 metri, i tratti di bosco radicati sulle linee displuviali e lungo i margini dei fossi costituenti l'idrografia interna, al fine di garantire la massima difesa dal dissesto idrogeologico;
9. preservare dal taglio gli alberi di ogni specie presente che hanno assunto un aspetto monumentale, nonché gli alberi fenotipicamente appariscenti ai fini della tutela del paesaggio forestale;
10. preservare dal taglio tutti gli alberi di qualsiasi specie e dimensione costituenti il margine che assume la facies di pascolo e/o radura;
11. il materiale legnoso tagliato dovrà essere prontamente esboscato ed eventualmente accatastato in appositi imposti di carico al di fuori del bosco;
12. è vietata l'apertura di nuove piste forestali; utilizzare la viabilità forestale esistente per le operazioni di allestimento ed esbosco, prestando particolare attenzione a non arrecare danno alle piante da rilasciare a dote del bosco;
13. ferma l'osservanza delle leggi relative al trasporto dei legnami per via funicolare aerea, l'esbosco dei prodotti deve farsi, di regola, per strade, per condotti e canali di avvallamento già esistenti, evitando il transito ed il ruzzolamento nelle parti di bosco tagliate di recente o in rinnovazione. In particolare, per quanto riguarda il trasporto con teleferica o filo a sbalzo, si richiamano le disposizioni di cui agli art. 30 e seguenti del DPR 28 giugno 1955, n. 771; il rotolamento e lo strascico è permesso soltanto dal luogo dove la pianta viene atterrata, alla strada, condotta o canale o spazio vuoto più vicino; è' consentito l'impiego di trattrici gommate o cingolate e di gru a cavo, per l'avvicinamento del legname dal luogo dove la pianta è stata abbattuta al piazzale di carico;
14. la presenza dei mezzi meccanici dovrà essere concentrata solo nel periodo strettamente necessario alla realizzazione dei lavori di taglio ed esbosco;
15. eseguire i lavori di utilizzazioni forestali mediante l'uso di mezzi meccanici idonei ad evitare danni alle aree contigue e disturbi alla fauna;
16. di interessare zone naturali limitrofe a quelle di intervento con aree di cantiere e porre in essere ogni misura di mitigazione possibile atta a contenere le emissioni di polveri e rumore;
17. nel corso delle operazioni di taglio, allestimento ed esbosco dovranno adottarsi tutte le misure necessarie affinché non siano danneggiate in alcun modo le piante da rilasciare a dote del bosco;
18. è vietato l'abbruciamento dei residui delle utilizzazioni forestali, in applicazione del D.lgs 152/06 (T. U. Ambientale) che considera la combustione sul campo degli stessi come smaltimento dei rifiuti, sanzionabile penalmente ai sensi dell'art. 256 del citato T.U.; tali residui, costituiti da ramaglie, cimali, sottobosco e da ogni altro avanzo della lavorazione, fino ad un diametro di 3 - 4 cm, non utilizzabili commercialmente, possono essere lasciati sul posto, adeguatamente ed uniformemente sparsi sulla superficie della tagliata, oppure in piccole andane lungo le curve di livello, larghe massimo 1,5 metri ed alte al culmine massimo 30 centimetri, in modo che non siano di ostacolo alla rinnovazione, purché le pezzature non siano superiori ai 1,5 metri di lunghezza; in alternativa potranno essere ridotti di dimensioni e rilasciati al suolo, sparsi in modo uniforme sulla superficie della tagliata; altresì, potranno essere sminuzzati anche mediante trinciatrice o cippatrice e rilasciati al suolo, sparsi in modo uniforme sulla superficie della tagliata, lasciando libere le ceppaie e l'eventuale rinnovazione di specie forestali

evitando la formazione di cumuli ed il rilascio lungo i margini delle strade e delle piste di servizio, per una distanza non inferiore a circa 20 metri;
19. vietato il pascolo del bestiame ovino per un periodo di anni quattro dopo il taglio e quello del bestiame bovino ed equino per il periodo di sei anni dopo il taglio; nei boschi chiusi al pascolo è vietato far transitare o comunque immettere animali; è sempre vietato il pascolo delle capre;
20. è fatto obbligo segnalare i lavori di utilizzazioni forestali mediante l'apposizione di un cartello di cantiere di dimensioni minime di 70x100 centimetri collocato in posizione visibile all'entrata dello stesso cantiere di utilizzazioni forestali, per tutto il tempo di durata dei lavori: tale cartello dovrà riportare il nominativo del proprietario, il nominativo della eventuale Ditta boschiva utilizzatrice, il tipo di intervento selvicolturale effettuato e gli estremi delle autorizzazioni rilasciate dalle autorità competenti;
21. è fatto obbligo al proponente interdire il passaggio a mezzi e persone non addetti ai lavori nei luoghi di cantiere per tutto il tempo di durata dei lavori, salvo diverse disposizioni rilasciate dalle Autorità competenti;
22. è fatto obbligo al proponente comunicare all'Ente Parco ed ai Carabinieri Forestali, la data di inizio e di chiusura dei lavori nonché il nominativo della eventuale Ditta boschiva esecutrice dei lavori.
B) PRESCRIZIONI VALIDE PER I BOSCHI CEDUI INVECCHIATI
1. È fatto obbligo rilasciare non meno di n. 600 pollino per ettaro, reclutate tra le piante nate da seme ed in buono stato vegetativo; vanno riservati i polloni di maggior diametro, con fusto diritto e chioma in alto, ben conformati, robusti ed inseriti in basso sulla ceppaia che si prestano a diventare buone piante portasemi, da distribuire in modo uniforme sulla superficie della tagliata o a gruppi;
2. è fatto obbligo osservare un periodo di sospensione dei lavori così come previsto dalla normativa vigente tra il 01 aprile ed il 31 maggio di ogni stagione silvana;
3. per ciascuna stagione silvana, dove necessario, l'Ente Parco potrà far osservare un ulteriore periodo di sospensione dei lavori di taglio per tener conto del ciclo riproduttivo delle specie animali presenti nelle aree della Rete Natura 2000;
4. il taglio dei polloni deve essere eseguito al colletto e in modo che la corteccia non risulti slabbrata; la superficie di taglio deve essere inclinata o convessa e tale da evitare ristagni di acqua.
Visto il Sentito favorevole dell'Ente Riserve Foce Sele Tanagro e Monti Eremita Marzano, prot. n. 31 del 10/06/2026, acquisito al prot. reg. n. 523814 del 10/06/2026, con le seguenti prescrizioni:
- siano integralmente rispettate le Misure di Conservazione vigenti e le disposizioni contenute nei Piani di Gestione dei siti Natura 2000 interessati approvati con D.G.R. n. 617/2024;
- siano preservati alberi vetusti, cavitati, senescenti e gli altri elementi forestali di particolare valore ecologico, nonché adeguate quantità di necromassa in piedi e a terra;
- gli interventi siano programmati evitando, ove possibile, i periodi riproduttivi dell'avifauna e delle altre specie faunistiche di interesse comunitario presenti nelle aree interessate;
- prima dell'esecuzione degli interventi sia verificata l'eventuale presenza di siti di nidificazione, rifugi di chirotteri o altre emergenze faunistiche, adottando le necessarie misure di tutela;
- non siano realizzate nuove piste forestali o ulteriori opere non previste dal Piano senza le prescritte valutazioni ambientali;
- qualora durante l'attuazione del Piano emergano elementi naturalistici di particolare interesse o criticità non rilevate in fase progettuale, gli interventi nelle aree interessate siano sospesi e preventivamente concordati con gli enti competenti.
Con ragionevole certezza si ritiene di poter escludere possibili effetti negativi significativi indotti dal progetto dal titolo: "Piano di Gestione Forestale intercomunale comuni di Serre e Controne", proponente: Comune di Controne, istanza acquisita con prot. reg. n. 4851 del 07/01/2026;
pertanto, si propone alla Commissione VIA VI VAS di esprimere parere favorevole alla Valutazione di Incidenza Appropriata con il rispetto delle prescrizioni:
- attuare le misure di mitigazione indicate nello Studio di Incidenza Ambientale;
- che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti;

- di sottoporre tutti gli interventi del piano dei miglioramenti previsti dal Piano di Gestione Forestale a specifica procedura di Valutazione di incidenza oppure a procedura di Verifica di assoggettabilità a VIA oppure a VIA, entrambe integrate con la Vinca;
- che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti.
Si evidenzia, infine, che la durata di validità della presente valutazione è pari alla durata di validità del Piano a meno di modifiche e/o varianti al Piano da sottoporre alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.
La Commissione, sulla scorta dell'istruttoria condotta dalla dott.ssa Matilde Mazzaccara in particolare dei contenuti valutativi che qui si intendono riportati integralmente nonchè della proposta di parere formulata dalla stessa, decide di esprimere parere favorevole di Valutazione di Incidenza Appropriata con le prescrizioni sopra riportate dall'istruttore."

b. l'esito della Commissione del 18/06/2026, così come sopra riportato, è stato comunicato al Comune di Controne con nota prot. reg. n. 0557228 del 22/06/2026;

c. il Comune di Controne ha regolarmente provveduto alla corresponsione degli oneri per le procedure di valutazione ambientale, determinate con D.G.R.C. n° 737/2022, mediante versamento agli atti dell'Ufficio Valutazioni Ambientali;

D E C R E T A

Per i motivi espressi in narrativa e che qui si intendono integralmente riportati e trascritti:

1. **DI** esprimere parere favorevole di Valutazione di Incidenza Appropriata, su conforme parere della Commissione V.I.A. - V.A.S. - V.I. espresso nella seduta del 18/06/2026, relativamente al "Piano di Gestione Forestale intercomunale comuni di Serre e Controne" proposto dal Comune di Controne con le mitigazioni previste dallo Studio di Incidenza e con le seguenti prescrizioni:
    1.1. attuare le misure di mitigazione indicate nello Studio di Incidenza Ambientale;

1.2. che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti;
1.3. di sottoporre tutti gli interventi del piano dei miglioramenti previsti dal Piano di Gestione Forestale a specifica procedura di Valutazione di incidenza oppure a procedura di Verifica di assoggettabilità a VIA oppure a VIA, entrambe integrate con la Vinca;
1.4. che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti.

Si evidenzia, infine, che la durata di validità della presente valutazione è pari alla durata di validità del Piano a meno di modifiche e/o varianti al Piano da sottoporre alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.

2. **CHE** l'Amministrazione tenuta al rilascio del provvedimento finale dovrà acquisire tutti gli altri pareri e/o valutazioni previsti per legge e verificare l'ottemperanza delle prescrizioni riportate nonché la congruità del piano con il piano esaminato dalla Commissione VIA ed assunto a base del presente parere. È fatto altresì obbligo, in caso di varianti sostanziali del piano esaminato, che lo stesso completo delle varianti sia sottoposto a nuova procedura.

3. **CHE** il presente provvedimento ha validità pari alla durata di validità del Piano a meno di modifiche e varianti allo stesso.

4. **CHE** il proponente, con congruo anticipo, dia formale comunicazione della data dell'inizio dei lavori al competente Gruppo Carabinieri Forestali, con modalità atte a dimostrare l'avvenuta trasmissione della comunicazione.

5. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC.

6. **DI** trasmettere il presente atto:
   6.1. Al proponente Comune di Controne;
   6.2. Al Comune di Serre;
   6.3. Al Parco Nazionale del Cilento – Vallo di Diano - Alburni;
   6.4. Alla Riserva Naturale Regionale – Foce Sele – fiume Tanagro;
   6.5. Al Gruppo Carabinieri Forestali territorialmente competente;
   6.6. Alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n. 33.

Oggetto:

Provvedimento di Valutazione di Incidenza Appropriata relativo al piano di "REDAZIONE EX NOVO - REVISIONE DEL PIANO DI GESTIONE FORESTALE DEI BENI SILVO-PASTORALI dei comuni associati: Futani (Sa) capofila, Laurito (Sa), Alfano (Sa)" proposto dal Comune di Futani. – ID 1537_VINCAAPPR.

IL DIRIGENTE

PREMESSO che

a. con D.P.R. n. 357 del 08/09/1997, art. 5, e ss.mm.ii. sono state dettate disposizioni in merito alla procedura di svolgimento della Valutazione di Incidenza;

b. con Delibera di Giunta Regionale (D.G.R.C) n. 1216 del 23/03/2001, pubblicata sul BURC n. 21 del 17/04/2001, e successiva D.G.R.C. n. 5249 del 31/10/2002, pubblicato sul BURC n. 58 del 25/11/2002, è stato recepito il succitato D.P.R. n. 357/97;

c. con D.G.R.C. n. 408 del 21/07/2024, avente ad oggetto "Attuazione LR n. 6/2024 – Ordinamento Regionale", è stata approvata la nuova articolazione in Settori e Unità operative delle strutture amministrative regionali con le relative denominazioni e competenze degli Uffici;

d. secondo le disposizioni del nuovo Ordinamento Regionale sopra richiamato le competenze in materia di valutazione di incidenza sono attribuite all'Ufficio Speciale 306.00.00 Ufficio Valutazioni Ambientali – UOS 306.01.01 Valutazione di Incidenza e Affari generali;

e. con D.G.R.C. n. 27 del 26/01/2016, pubblicata sul BURC n. 6 del 01/02/2016, e successiva D.G.R.C. n. 81 del 08/03/2016, pubblicata sul BURC n. 16 del 09/03/2016, è stata confermata l'istituzione della *Commissione* preposta alla Valutazione di Impatto Ambientale (VIA), alla Valutazione di Incidenza (VI) e alla Valutazione Ambientale Strategica (VAS) di cui alla D.G.R.C. n. 406/2011 e al D.P.G.R. n. 62/2015;

f. con D.G.R.C. n. 791 del 28/12/2016 si è disposto, al punto 2 del deliberato, che "*nelle more dell'adeguamento del Disciplinare, continui ad operare la Commissione VIA – VI – VAS di cui al D.P.G.R. n. 62 del 10/04/2015*";

g. con D.P.G.R.C. n. 204 del 15/05/2017 avente ad oggetto "*Deliberazione di G.R. n. 406 del 4/8/2011 e s.m.i.: modifiche Decreto Presidente Giunta n. 62 del 10/04/2015 - Disposizioni transitorie*" pubblicato sul BURC n. 41 del 22/05/2017, è stata aggiornata la composizione della *Commissione* per le valutazioni ambientali (VIA/VI/VAS);

h. con D.G.R.C. n. 795 del 19/12/2017, pubblicata sul BURC n. 5 del 18/01/2018, sono state approvate le misure di conservazione dei SIC (Siti di Interesse Comunitario) per la designazione delle ZSC (Zone Speciali di Conservazione) della rete Natura 2000 della Regione Campania;

i. con D.G.R. n. 684 del 30/12/2019 sono stati individuati, ai sensi del DM 17 ottobre 2007 del Ministro dell'Ambiente e della Tutela del Territorio e del Mare, i soggetti affidatari della gestione di Zone Speciali di Conservazione (ZSC) e delle Zone di Protezione Speciale (ZPS) designate ai sensi della Direttiva 92/43/CEE "Habitat", del relativo regolamento di attuazione di cui al DPR 357/97 e della Direttiva 2009/147/CE "Uccelli";

j. con Intesa, ai sensi dell'articolo 8, comma 6, della legge 5 giugno 2003, n. 131, tra il Governo, le regioni e le Province autonome di Trento e Bolzano sulle *Linee guida nazionali per la valutazione di incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4* (G.U. n. 303 del 28/12/2019), sono state emanate le *Linee Guida Nazionali per la Valutazione di Incidenza*;

k. le succitate Linee Guida Nazionali prevedono che "*Il parere di screening ha validità di 5 anni, fatti salvi i casi nei quali è espressamente prevista una durata più breve, valutata in considerazione della dinamicità ambientale degli ecosistemi o degli habitat interessati, o più ampia nei casi nei quali il parere sia riferito a Piani pluriennali" e che "La validità temporale del parere di Valutazione di Incidenza è 5 anni, termine oltre il quale l'autorizzazione è da considerarsi nulla, fatti salvi i casi nei quali è*

espressamente prevista una durata più breve, valutata in considerazione della dinamicità ambientale degli ecosistemi o degli habitat interessati, o più ampia nei casi nei quali il parere sia riferito a piani, programmi o autorizzazioni ambientali pluriennali (es. AIA, AUA, etc.).";

l. con D.G.R.C. n. 280 del 30/06/2021, pubblicata sul BURC n. 66 del 05/07/2021, è stato approvato il "*Recepimento delle "Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) -DIRETTIVA 92/43/CEE "HABITAT" ART. 6, paragrafi 3 e 4". Aggiornamento delle "Linee guida e criteri di indirizzo per l'effettuazione della valutazione di incidenza in Regione Campania*", che sostituisce la D.G.R.C. n. 814 del 04/12/2018 "*Linee Guida e Criteri di indirizzo per l'effettuazione della valutazione di incidenza in Regione Campania*";

m. con D.G.R.C. n. 737 del 28/12/2022, pubblicata sul BURC n. 1 del 02/01/2023 sono state individuate le nuove *Modalità di calcolo degli oneri per le procedure di Valutazione Ambientale Strategica, Valutazione di Impatto Ambientale e Valutazione di Incidenza di competenza della Regione Campania*;

n. con D.P.G.R.C. n. 82 del 09/07/2025 è stato conferito l'incarico di Direttore dell'Ufficio Valutazioni Ambientali, codice 306.00.00, alla dott.ssa Simona Brancaccio;

CONSIDERATO che:

a. con richiesta acquisita al prot. reg. n. 0007584 del 07/01/2026 contrassegnata con ID 1537_VINCAAPPR, il Comune di Futani - ha presentato per il tramite del tecnico incaricato Dott. Agr. Raffaele Grosso - istanza di avvio della procedura di Valutazione d'Incidenza Appropriata relativa al progetto di "REDAZIONE EX NOVO - REVISIONE DEL PIANO DI GESTIONE FORESTALE DEI BENI SILVO-PASTORALI dei comuni associati: Futani (Sa) capofila, Laurito (Sa), Alfano (Sa)";

b. l'istruttoria del progetto *de quo* è stata affidata al dott. Antonio Manna, funzionario dell'Ufficio Valutazioni Ambientali;

c. con nota prot. reg. n. 0012039 del 09/01/2026, trasmessa a mezzo pec in pari data al proponente ed al Parco Nazionale del Cilento – Vallo di Diano - Alburni, è stata comunicata - ai sensi del parag. 3.5 delle Linee Guida e Criteri di Indirizzo per l'effettuazione della Valutazione di Incidenza in Regione Campania approvate con D.G.R. n. 280/2021 - l'avvenuta pubblicazione dello Studio di Incidenza e l'avvio del procedimento, stabilendo in giorni 30 dal ricevimento di detta comunicazione il termine per la presentazione di eventuali osservazioni;

d. entro tale termine non sono pervenute osservazioni;

e. il Parco Nazionale del Cilento – Vallo di Diano – Alburni, con nota prot. n. 4527 del 26/03/2026 ed acquisita al prot. reg. n. 309101 del 26/03/2026, ha trasmesso il sentito di propria competenza;

RILEVATO che:

a. detto piano è stato sottoposto all'esame della Commissione V.I.A. - V.A.S. - V.I. che, nella seduta del 18/06/2026, sulla base dell'istruttoria svolta dal sopra citato funzionario, si è espressa come di seguito testualmente riportato:
"L'istruttore Manna ha predisposto la relazione istruttoria che, allegata al presente verbale, ne forma parte integrante e sostanziale. Relaziona sull'intervento il dott. Antonio Manna, il quale evidenzia quanto segue:
Nella documentazione presentata per la Valutazione d'Incidenza appropriata, il proponente ha descritto il progetto ed ha fornito informazioni sufficienti sul contesto in cui si opera per valutare quanto proposto. In considerazione della tipologia del procedimento, sono state fornite informazioni

qualitative utili per la comprensione di quanto si dovrà realizzare. La documentazione trasmessa è risultata essere adeguata ai fini di una coerente valutazione, pertanto:
Considerato che:
– la richiesta di Valutazione d'Incidenza appropriata è stata avanzata per il progetto dal titolo: "REDAZIONE EX NOVO - REVISIONE DEL PIANO DI GESTIONE FORESTALE DEI BENI SILVO-PASTORALI dei comuni associati: Futani (Sa) capofila, Laurito (Sa), Alfano (Sa)" - proponente: Comune di Futani, istanza acquisita con prot. reg. n. 7584 del 7/1/2026;
– la documentazione allegata all'istanza è stata prodotta in maniera conforme alla normativa vigente;
– sono stati valutati anche i documenti, acquisiti con prot. reg. n. 519397 del 09/06/2026, inviati dal tecnico via pec il 30/04/2026 ad integrazione di quanto richiesto con apposita richiesta di integrazioni trasmessa al proponente con prot. reg. n. 0343568/2026 del 09/04/2026;
– l'intervento ricade nella ZSC IT8050030 - Monte Sacro e Dintorni, ZSC IT8050013 - Fiume Mingardo, ZSC IT8050024 - Monte Cervati, Centaurino e Montagne di Laurino;
– l'attuazione del P.G.F. non comporta distruzione o frammentazione degli habitat che hanno determinato la designazione del Sito;
– per quanto attiene agli interventi di taglio pianificati, il P.G.F. non è suscettibile di pregiudicare il mantenimento dell'integrità dei Siti sopra indicati con riferimento agli specifici obiettivi di conservazione fissati per gli habitat e le specie per il quale i siti Natura 2000 sono stati designati;
− il P.G.F. risulta coerente con le misure di conservazione di cui alla D.G.R. n. 795 del 19/12/2017 e con le disposizioni di cui al D.M 17/10/2007 e della D.G.R. n. 2295 del 29/12/2007;
– le valutazioni relative a ogni altro profilo, in particolare paesaggistico e idrogeologico, nonché ogni altra valutazione relativa all'applicazione di specifiche normative di settore e ad altre tematiche esulano tutte la competenza dello Scrivente Ufficio; la presente valutazione viene infatti resa esclusivamente sotto il profilo della tutela ambientale del patrimonio naturale protetto dalla Rete Natura 2000 per l'ambito normativo definito.
Vista l'approvazione della versione in "minuta" del P.G.F. da parte della Regione Campania UOD 50.07.18 "AMBIENTE, FORESTE E CLIMA" - nota prot. reg. 303506 del 18/06/2025.
Visto il "Sentito" favorevole del Parco Nazionale del Cilento, Vallo di Diano, Alburni prot. n. 4527 del 26/3/2026 acquisito al prot. reg. n. 309101 del 26/3/2026, con le seguenti prescrizioni:
A) PRESCRIZIONI VALIDE PER ALTO FUSTO e RIMBOSCHIMENTI
1. è fatto obbligo al proponente di attenersi scrupolosamente a quanto previsto negli elaborati progettuali del PGF ed in particolare dovranno effettuarsi interventi selvicolturali sulle sole superfici forestali così come individuate e pianificate dal Tecnico incaricato;
2. È fatto obbligo al proponente trasmettere a questo Ente i singoli progetti di taglio esecutivi relativi alle singole particelle assestamentali destinate al taglio, per l'acquisizione del relativo Nulla Osta;
3. È fatto obbligo al proponente nel trasmettere i singoli progetti di taglio, indicare in appositi allegati cartografici le vie di esbosco, con particolare riferimento alla viabilità principale e secondaria ed agli imposti di carico;
4. al fine di ridurre al minimo il disturbo alla fauna dovrà osservarsi un periodo di sospensione dei lavori compreso tra il 01 aprile ed il 31 maggio di ogni stagione silvana;
5. per ciascuna stagione silvana, dove necessario, l'Ente Parco potrà far osservare un ulteriore periodo di sospensione dei lavori di taglio per tener conto del ciclo riproduttivo delle specie animali presenti nelle aree della Rete Natura 2000;
6. è fatto obbligo tramettere nei progetti di taglio esecutivi relativi alle singole particelle assestamentali destinate al taglio, il piedilista di martellata delle piante da abbattere, opportunamente numerate, distinte per specie e diametro;
7. preservare dal taglio tutte le specie arboree considerate sporadiche o rare quale misura di salvaguardia della biodiversità;
8. preservare dal taglio, per una distanza di circa 10 metri, i tratti di bosco radicati sulle linee displuviali e lungo i margini dei fossi costituenti l'idrografia interna, al fine di garantire la massima difesa dal dissesto idrogeologico;
9. preservare dal taglio gli alberi di ogni specie presente che hanno assunto un aspetto monumentale, nonché gli alberi fenotipicamente appariscenti ai fini della tutela del paesaggio forestale;

10. preservare dal taglio tutti gli alberi di qualsiasi specie e dimensione costituenti il margine che assume la facies di pascolo e/o radura;"
11. il materiale legnoso tagliato dovrà essere prontamente esboscato ed eventualmente accatastato in appositi imposti di carico al di fuori del bosco;
12. è vietata l'apertura di nuove piste forestali; utilizzare la viabilità forestale esistente per le operazioni di allestimento ed esbosco, prestando particolare attenzione a non arrecare danno alle piante da rilasciare a dote del bosco;
13. ferma l'osservanza delle leggi relative al trasporto dei legnami per via funicolare aerea, l'esbosco dei prodotti deve farsi, di regola, per strade, per condotti e canali di avvallamento già esistenti, evitando il transito ed il ruzzolamento nelle parti di bosco tagliate di recente o in rinnovazione. In particolare, per quanto riguarda il trasporto con teleferica o filo a sbalzo, si richiamano le disposizioni di cui agli art. 30 e seguenti del DPR 28 giugno 1955, n. 771; il rotolamento e lo strascico è permesso soltanto dal luogo dove la pianta viene atterrata, alla strada, condotta o canale o spazio vuoto più vicino; è consentito l'impiego di trattrici gommate o cingolate e di gru a cavo, per l'avvicinamento del legname dal luogo dove la pianta è stata abbattuta al piazzale di carico;
14. la presenza dei mezzi meccanici dovrà essere concentrata solo nel periodo strettamente necessario alla realizzazione dei lavori di taglio ed esbosco;
15. eseguire i lavori di utilizzazioni forestali mediante l'uso di mezzi meccanici idonei ad evitare danni alle aree contigue e disturbi alla fauna;
16. evitare di interessare zone naturali limitrofe a quelle di intervento con aree di cantiere e porre in essere ogni misura di mitigazione possibile atta a contenere le emissioni di polveri e rumore;
17. nel corso delle operazioni di taglio, allestimento ed esbosco dovranno adottarsi tutte le misure necessarie affinché non siano danneggiate in alcun modo le piante da rilasciare a dote del bosco;
18. è vietato l'abbruciamento dei residui delle utilizzazioni forestali, in applicazione del D.lgs 152/06 (T. U. Ambientale) che considera la combustione sul campo degli stessi come smaltimento dei rifiuti, sanzionabile penalmente ai sensi dell'art. 256 del citato T.U.; tali residui, costituiti da ramaglie, cimali, sottobosco e da ogni altro avanzo della lavorazione, fino ad un diametro di 3 - 4 cm, non utilizzabili commercialmente, possono essere lasciati sul posto, adeguatamente ed uniformemente sparsi sulla superficie della tagliata, oppure in piccole andane lungo le curve di livello, larghe massimo 1,5 metri ed alte al culmine massimo 30 centimetri, in modo che non siano di ostacolo alla rinnovazione, purché le pezzature non siano superiori ai 1,5 metri di lunghezza; in alternativa potranno essere ridotti di dimensioni e rilasciati al suolo, sparsi in modo uniforme sulla superficie della tagliata; altresì, potranno essere sminuzzati anche mediante trinciatrice o cippatrice e rilasciati al suolo, sparsi in modo uniforme sulla superficie della tagliata, lasciando libere le ceppaie e l'eventuale rinnovazione di specie forestali evitando la formazione di cumuli ed il rilascio lungo i margini delle strade e delle piste di servizio, per una distanza non inferiore a circa 20 metri;
19. è vietato il pascolo del bestiame ovino per un periodo di anni quattro dopo il taglio e quello del bestiame bovino ed equino per il periodo di sei anni dopo il taglio; nei boschi chiusi al pascolo è vietato far transitare o comunque immettere animali; è sempre vietato il pascolo delle capre;
20. è fatto obbligo segnalare i lavori di utilizzazioni forestali mediante l'apposizione di un cartello di cantiere di dimensioni minime di 70x100 centimetri collocato in posizione visibile all'entrata dello stesso cantiere di utilizzazioni forestali, per tutto il tempo di durata dei lavori: tale cartello dovrà riportare il nominativo del proprietario, il nominativo della eventuale Ditta boschiva utilizzatrice, il tipo di intervento selvicolturale effettuato e gli estremi delle autorizzazioni rilasciate dalle autorità competenti;
21. è fatto obbligo al proponente interdire il passaggio a mezzi e persone non addetti ai lavori nei luoghi di cantiere per tutto il tempo di durata dei lavori, salvo diverse disposizioni rilasciate dalle Autorità competenti;
22. è fatto obbligo al proponente comunicare all'Ente Parco ed ai Carabinieri Forestali, la data di inizio e di chiusura dei lavori nonché il nominativo della eventuale Ditta boschiva esecutrice dei lavori.
B. PRESCRIZIONI VALIDE PER I BOSCHI CEDUI
1. È fatto obbligo rilasciare non meno di n. 70 matricine per ettaro, che dovranno avere per 2/3 la stessa età del ceduo e per 1/3 età pari al doppio del turno del ceduo medesimo, reclutate tra le piante nate da seme ed in buono stato vegetativo; in caso di insufficienza di matricine vanno riservati i polloni

di maggior diametro, con fusto diritto e chioma in alto, ben conformati, robusti ed inseriti in basso sulla ceppaia che si prestano a diventare buone piante portasemi, da distribuire in modo uniforme sulla superficie della tagliata o a gruppi;
2. è fatto obbligo osservare un periodo di sospensione dei lavori così come previsto dalla normativa vigente dal 15 aprile al 1° ottobre;
3. per ciascuna stagione silvana, dove necessario, l'Ente Parco potrà far osservare un ulteriore periodo di sospensione dei lavori di taglio per tener conto del ciclo riproduttivo delle specie animali presenti nelle aree della Rete Natura 2000;
4. il taglio dei polloni deve essere eseguito al colletto e in modo che la corteccia non risulti slabbrata; la superficie di taglio deve essere inclinata o convessa e tale da evitare ristagni di acqua.
con ragionevole certezza si ritiene di poter escludere possibili effetti negativi significativi indotti dall'intervento dal titolo: "REDAZIONE EX NOVO - REVISIONE DEL PIANO DI GESTIONE FORESTALE
DEI BENI SILVO-PASTORALI dei comuni associati: Futani (Sa) capofila, Laurito (Sa), Alfano (Sa)", - proponente: Comune di Futani, istanza acquisita con prot. reg. n. 7584 del 7/1/2026;
pertanto, si propone alla Commissione VIA VI VAS di esprimere parere favorevole alla Valutazione di Incidenza Appropriata con il rispetto delle misure di mitigazione indicate dal tecnico nello Studio di incidenza, di quelle sopra descritte di cui al "Sentito" favorevole del PNCVDA, di quelle di Enti terzi, e delle prescrizioni che seguono:
– negli habitat 9210 e 9260 è fatto divieto di abbattimento ed asportazione di alberi vetusti e senescenti, parzialmente o totalmente morti. Laddove non sia possibile adottare misure di carattere alternativo all'abbattimento è comunque fatto obbligo di rilasciare parte del tronco in piedi per un'altezza di circa m 1,6 e di rilasciare il resto del fusto e della massa legnosa risultante in loco per un volume pari almeno al 50%, mentre il restante volume potrà essere destinato al diritto di legnatico disciplinato dal soggetto gestore dei diritti collettivi locali; tale obbligo potrà essere derogato solo se l'abbattimento si impone per esigenze connesse con la realizzazione di interventi di sistemazione idrogeologica autorizzati dal soggetto gestore;
– negli habitat 9210, 9260, è fatto obbligo di conversione ad alto fusto dei cedui invecchiati (età media pari almeno al doppio del turno di taglio) di proprietà pubblica, fatte salve esigenze di difesa idrogeologica e le condizioni stazionarie (9210, 9260, Cerambyx cerdo, Elaphe quatuorlineata, Chirotteri);
– nell'habitat 9210, in caso di abbattimento di individui arborei nei pressi di esemplari di Taxus baccata o individui con diametro ad altezza di petto d'uomo superiore a 30 cm appartenenti a specie autoctone diverse dal faggio, è fatto obbligo di utilizzare tutti gli accorgimenti tesi a ridurre o eliminare del tutto il rischio di danneggiamento dovuto alla caduta (9210);
– nell'habitat 9210, è fatto divieto di taglio, danneggiamento ed estirpazione degli esemplari di Taxus baccata, Ilex aquifolium (9210);
– negli habitat 6210, 6210pf, 9210, é fatto divieto di pascolo di equini (6210, 6210pf, 9210) (IT 8050030);
– è fatto divieto di pascolo per ridurre la predazione delle plantule delle specie arboree ed arbustive negli habitat 9210, 9220; nelle more dell'adeguamento della carta degli habitat di cui al punto 5.3, la misura si applica secondo quanto previsto dalla tabella allegato n. 6 delle presenti misure di conservazione (9210, 9220);
– nell'habitat 9210 e 9220, in caso di abbattimento di individui arborei nei pressi di esemplari di Taxus baccata, Abies alba o individui con diametro ad altezza di petto d'uomo superiore a 30 cm appartenenti a specie autoctone diverse dal faggio, è fatto obbligo di utilizzare tutti gli accorgimenti tesi a ridurre o eliminare del tutto il rischio di danneggiamento dovuto alla caduta (9210, 9220, Rosalia alpina, Osmoderma eremitica);
– negli habitat 92A0, è fatto divieto di taglio degli individui arborei adulti e vetusti e della vegetazione legnosa ed erbacea del sottobosco ad eccezione di quelli appartenenti a specie alloctone invasive (92A0);
– negli habitat, 92A0, è fatto divieto di taglio della vegetazione arbustiva ed erbacea per una fascia di 15 metri a monte della linea degli alberi (92A0);

– negli habitat 9210, 9220, negli interventi di taglio boschivo, qualora sia necessario l'impiego di mezzi meccanici (forwarder, trattori, ecc.), è fatto obbligo dell'uso di mezzi a basso impatto dotati di pneumatici a sezione larga, bassa pressione e profilo inciso (9210, 9220);
– gli interventi di taglio pianificati dovranno eseguirsi interamente (sia taglio che sgombero del materiale legnoso) in tempi e modalità che tendono a minimizzare qualsiasi tipo di disturbo alle specie presenti e comunque lontano dai periodi riproduttivi (accoppiamento, nidificazione), e quindi, tassativamente, sospesi tra il 1° aprile e il 31 luglio di ciascuna stagione silvana; come disposto degli art. 79 e 101 del Regolamento Forestale n. 3/2017 e s.m.i.:
– salvaguardare dagli interventi di taglio le seguenti specie: abete bianco, tasso, betulla, olmo montano, farnia, aceri, frassino maggiore, frassino meridionale, rovere, farnetto, sughera, ibrido cerro-sughera, tigli, sorbi, ciliegio, melo e pero selvatico, agrifoglio, albero di giuda, corbezzolo, fillirea, alloro, ginepri, nonché le particolarità botaniche, gli esemplari di pregio, gli endemismi ed i relitti vegetazionali quando sono presenti in modo sporadico in bosco (allo stato isolato o in piccolissimi gruppi e non superano complessivamente il 10% del numero di piante);
– tutelare i biotopi forestali caratteristici, sia che si tratti di fitocenosi particolari che di aree con la presenza di specie rare, stagni e zone umide;
– rilasciare ad invecchiamento indefinito almeno 1 albero per ettaro, ovvero quello di maggior diametro o sviluppo, che, dovrà essere segnato con vernice indelebile di colore rosso indelebile;
– rilasciare gli alberi che presentino cavità, sia in quota che alla base del tronco, utilizzati dalla fauna presente come sito di nidificazione, ricoveri e tane;
– non distruggere o danneggiare i nidi di formiche del gruppo Formica rufa;
– attuare le mitigazioni indicate nello Studio di Incidenza Ambientale;
– che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti;
– di sottoporre tutti gli interventi del piano dei miglioramenti previsti dal Piano di Gestione Forestale dei Miglioramenti a specifica procedura di Valutazione di incidenza oppure a procedura di Verifica di assoggettabilità a VIA oppure a VIA, entrambe integrate con la Vinca;
– comunicare l'inizio delle operazioni di taglio all'Ente delegato, alla U.O.S. e al Comando stazione Carabinieri-Forestale territorialmente competenti;
– che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti.
Si evidenzia, infine, che la durata di validità della presente valutazione è pari alla durata di validità del Piano a meno di modifiche e/o varianti al Piano da sottoporre alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.
A margine, si evidenzia che in fase di autorizzazione al taglio, dovrà essere applicato quanto disposto al comma 2 dell'art.37 del Regolamento Forestale n. 3/2017 dalla Comunità Montana Bussento, Lambro e Mingardo e dalla U.O.S. 207.02.02 Servizi provinciali di Salerno. Gestione del rischio, ex U.O.D.
50.07.26 – Catena del valore in agricoltura e trasformazione nelle aree pianeggianti, a cui il presente parere verrà trasmesso, in relazione alla contiguità delle tagliate e al calcolo delle superfici massime da tagliare per anno.
La Commissione, sulla scorta dell'istruttoria condotta dal dott. Antonio Manna in particolare dei contenuti valutativi che qui si intendono riportati integralmente nonchè della proposta di parere formulata dallo stesso, decide di esprimere parere favorevole di Valutazione di Incidenza Appropriata con le prescrizioni sopra riportate dall'istruttore."

b. l'esito della Commissione del 18/06/2026, così come sopra riportato, è stato comunicato al Comune di Futani con nota prot. reg. n. 0557678 del 22/06/2026;

c. il Comune di Futani ha regolarmente provveduto alla corresponsione degli oneri per le procedure di valutazione ambientale, determinate con D.G.R.C. n° 737/2022, mediante versamento agli atti dell'Ufficio Valutazioni Ambientali;

Per i motivi espressi in narrativa e che qui si intendono integralmente riportati e trascritti:

1. **DI** esprimere parere favorevole di Valutazione di Incidenza Appropriata, su conforme parere della Commissione V.I.A. - V.A.S. - V.I. espresso nella seduta del 18/06/2026, relativamente al piano di "REDAZIONE EX NOVO - REVISIONE DEL PIANO DI GESTIONE FORESTALE DEI BENI SILVO-PASTORALI dei comuni associati: Futani (Sa) capofila, Laurito (Sa), Alfano (Sa)" proposto dal Comune di Futani con le mitigazioni previste dallo Studio di Incidenza e con le seguenti prescrizioni:
   - 1.1. negli habitat 9210 e 9260 è fatto divieto di abbattimento ed asportazione di alberi vetusti e senescenti, parzialmente o totalmente morti. Laddove non sia possibile adottare misure di carattere alternativo all'abbattimento è comunque fatto obbligo di rilasciare parte del tronco in piedi per un'altezza di circa m 1,6 e di rilasciare il resto del fusto e della massa legnosa risultante in loco per un volume pari almeno al 50%, mentre il restante volume potrà essere destinato al diritto di legnatico disciplinato dal soggetto gestore dei diritti collettivi locali; tale obbligo potrà essere derogato solo se l'abbattimento si impone per esigenze connesse con la realizzazione di interventi di sistemazione idrogeologica autorizzati dal soggetto gestore;
   - 1.2. negli habitat 9210, 9260, è fatto obbligo di conversione ad alto fusto dei cedui invecchiati (età media pari almeno al doppio del turno di taglio) di proprietà pubblica, fatte salve esigenze di difesa idrogeologica e le condizioni stazionarie (9210, 9260, Cerambyx cerdo, Elaphe quatuorlineata, Chirotteri);
   - 1.3. nell'habitat 9210, in caso di abbattimento di individui arborei nei pressi di esemplari di Taxus baccata o individui con diametro ad altezza di petto d'uomo superiore a 30 cm appartenenti a specie autoctone diverse dal faggio, è fatto obbligo di utilizzare tutti gli accorgimenti tesi a ridurre o eliminare del tutto il rischio di danneggiamento dovuto alla caduta (9210);
   - 1.4. nell'habitat 9210, è fatto divieto di taglio, danneggiamento ed estirpazione degli esemplari di Taxus baccata, Ilex aquifolium (9210);
   - 1.5. negli habitat 6210, 6210pf, 9210, é fatto divieto di pascolo di equini (6210, 6210pf, 9210) (IT 8050030);
   - 1.6. è fatto divieto di pascolo per ridurre la predazione delle plantule delle specie arboree ed arbustive negli habitat 9210, 9220; nelle more dell'adeguamento della carta degli habitat di

cui al punto 5.3, la misura si applica secondo quanto previsto dalla tabella allegato n. 6 delle presenti misure di conservazione (9210, 9220);

1.7. nell'habitat 9210 e 9220, in caso di abbattimento di individui arborei nei pressi di esemplari di Taxus baccata, Abies alba o individui con diametro ad altezza di petto d'uomo superiore a 30 cm appartenenti a specie autoctone diverse dal faggio, è fatto obbligo di utilizzare tutti gli accorgimenti tesi a ridurre o eliminare del tutto il rischio di danneggiamento dovuto alla caduta (9210, 9220, Rosalia alpina, Osmoderma eremitica);

1.8. negli habitat 92A0, è fatto divieto di taglio degli individui arborei adulti e vetusti e della vegetazione legnosa ed erbacea del sottobosco ad eccezione di quelli appartenenti a specie alloctone invasive (92A0);

1.9. negli habitat, 92A0, è fatto divieto di taglio della vegetazione arbustiva ed erbacea per una fascia di 15 metri a monte della linea degli alberi (92A0);

1.10. negli habitat 9210, 9220, negli interventi di taglio boschivo, qualora sia necessario l'impiego di mezzi meccanici (forwarder, trattori, ecc.), è fatto obbligo dell'uso di mezzi a basso impatto dotati di pneumatici a sezione larga, bassa pressione e profilo inciso (9210, 9220);

1.11. gli interventi di taglio pianificati dovranno eseguirsi interamente (sia taglio che sgombero del materiale legnoso) in tempi e modalità che tendono a minimizzare qualsiasi tipo di disturbo alle specie presenti e comunque lontano dai periodi riproduttivi (accoppiamento, nidificazione), e quindi, tassativamente, sospesi tra il 1° aprile e il 31 luglio di ciascuna stagione silvana; come disposto degli art. 79 e 101 del Regolamento Forestale n. 3/2017 e s.m.i.:

1.12. salvaguardare dagli interventi di taglio le seguenti specie: abete bianco, tasso, betulla, olmo montano, farnia, aceri, frassino maggiore, frassino meridionale, rovere, farnetto, sughera, ibrido cerro-sughera, tigli, sorbi, ciliegio, melo e pero selvatico, agrifoglio, albero di giuda, corbezzolo, fillirea, alloro, ginepri, nonché le particolarità botaniche, gli esemplari di pregio, gli endemismi ed i relitti vegetazionali quando sono presenti in modo sporadico in bosco (allo stato isolato o in piccolissimi gruppi e non superano complessivamente il 10% del numero di piante);

1.13. tutelare i biotopi forestali caratteristici, sia che si tratti di fitocenosi particolari che di aree con la presenza di specie rare, stagni e zone umide;

1.14. rilasciare ad invecchiamento indefinito almeno 1 albero per ettaro, ovvero quello di maggior diametro o sviluppo, che, dovrà essere segnato con vernice indelebile di colore rosso indelebile;

1.15. rilasciare gli alberi che presentino cavità, sia in quota che alla base del tronco, utilizzati dalla fauna presente come sito di nidificazione, ricoveri e tane;

1.16. non distruggere o danneggiare i nidi di formiche del gruppo Formica rufa;

1.17. attuare le mitigazioni indicate nello Studio di Incidenza Ambientale;

1.18. che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti;

1.19. di sottoporre tutti gli interventi del piano dei miglioramenti previsti dal Piano di Gestione Forestale dei Miglioramenti a specifica procedura di Valutazione di incidenza oppure a procedura di Verifica di assoggettabilità a VIA oppure a VIA, entrambe integrate con la Vinca;

1.20. comunicare l'inizio delle operazioni di taglio all'Ente delegato, alla U.O.S. e al Comando stazione Carabinieri-Forestale territorialmente competenti;

1.21. che gli interventi previsti dal Piano di Gestione Forestale dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti.

Si evidenzia, infine, che la durata di validità della presente valutazione è pari alla durata di validità del Piano a meno di modifiche e/o varianti al Piano da sottoporre alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.

A margine, si evidenzia che in fase di autorizzazione al taglio, dovrà essere applicato quanto disposto al comma 2 dell'art.37 del Regolamento Forestale n. 3/2017 dalla Comunità Montana Bussento,

Lambro e Mingardo e dalla U.O.S. 207.02.02 Servizi provinciali di Salerno. Gestione del rischio, ex U.O.D.
50.07.26 – Catena del valore in agricoltura e trasformazione nelle aree pianeggianti, a cui il presente parere verrà trasmesso, in relazione alla contiguità delle tagliate e al calcolo delle superfici massime da tagliare per anno.

2. **CHE** l'Amministrazione tenuta al rilascio del provvedimento finale dovrà acquisire tutti gli altri pareri e/o valutazioni previsti per legge e verificare l'ottemperanza delle prescrizioni riportate nonché la congruità del piano con il piano esaminato dalla Commissione VIA ed assunto a base del presente parere. È fatto altresì obbligo, in caso di varianti sostanziali del piano esaminato, che lo stesso completo delle varianti sia sottoposto a nuova procedura.

3. **CHE** il presente provvedimento ha validità pari alla durata di validità del Piano a meno di modifiche e varianti allo stesso.

4. **CHE** il proponente, con congruo anticipo, dia formale comunicazione della data dell'inizio dei lavori al competente Gruppo Carabinieri Forestali, con modalità atte a dimostrare l'avvenuta trasmissione della comunicazione.

5. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC.

6. **DI** trasmettere il presente atto:
   - 6.1. Al proponente Comune di Futani;
   - 6.2. Al Comune di Laurito;
   - 6.3. Al Comune di Alfano;
   - 6.4. Al Parco Nazionale del Cilento – Vallo di Diano - Alburni;
   - 6.5. al Gruppo Carabinieri Forestali territorialmente competente;
   - 6.6. alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n. 33.

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Parolise

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Parolise la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini mediante Decreto Dirigenziale n. 95 del 23/05/2022;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;

- gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);
- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Parolise ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. N.0515024/2026 del 08/06/2026, non avendo fornito in maniera esaustiva il report delle attività svolte negli anni 2022/2023 e non avendo affatto fornito informazioni sulle attività svolte negli anni 2024/2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - i REPORT anni 2022/2023 trasmessi dal Comune di Parolise risultano insufficienti in quanto sulle pagine web indicate non sono pubblicati i fascicoli;
   - il REPORT anno 2022 trasmesso con propria nota prot. n. 436 del 02/03/2023 dal Parco Regionale dei Monti Picentini per conto degli associati in quanto ente capofila, risulta insufficiente in quanto:
     - riguarda solo l'anno 2022;
     - non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;

- in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
  - NON saranno accolte richieste di proroga dei termini di cui sopra;
  - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
  - NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
  - NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di Parolise ha trasmesso il report delle attività svolte nel 2022 con nota prot. n. 2757 del 11/06/2026 acquisita al prot. reg. n. 0529063/2026 del 11/06/2026, attestando altresì di non aver svolto alcuna attività nel corso del 2023, 2024 e 2025;

EVIDENZIATO che

a. dalla disamina del report trasmesso dal Comune di Parolise è emerso, come da documenti conservati agli atti del competente Ufficio regionale, che alla pagina web indicata - https://www.comune.olivetocitra.sa.it/vinca-valutazione-di-incidenza-ambientale/ - alla data del 11/06/2026 risulta pubblicata per l'unica procedura di Vinca Appropriata conclusa dall'ente solo ed esclusivamente la determina conclusiva adottata dal Comune delegato e l'istanza presentata dal soggetto proponente;

b. non è rinvenibile il fascicolo comprensivo della documentazione minima prevista dalle linee guida regionali e nazionali (comunicazione di avvio del procedimento riportante il link al quale è possibile consultare la documentazione relativa all'istanza e, per le VINCA appropriate, la tempistica per le osservazioni, documentazione tecnica-amministrativa, sentito, determina, etc.);

c. la pagina dedicata alla VINCA non è raggiungibile dalla homepage del sito istituzionale dell'ente, non ottemperando alle specifiche indicazioni fornite nelle Linee guida regionali in merito alla modalità di pubblicazione delle procedure in corso (*Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web dell'Autorità competente appositamente dedicata e accessibile dalla home page*);

RITENUTO

a. **Che,** all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Parolise dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione;

b. **Di** dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini attribuita al Comune di Parolise con Decreto Dirigenziale n. 95 del 23/05/2022;

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di San Mango Piemonte

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di San Mango Piemonte la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini mediante Decreto Dirigenziale n. 189 del 27/06/2016 e n. 198 del 25/10/2022;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;

- gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);
- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di San Mango Piemonte ha trasmesso i report relativi alle attività svolte nel 2022 e 2023 con propria nota prot. n. 0005680 del 26/09/2024;
b. il Comune di San Mango Piemonte ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. N.0515024/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2024/2025, che andavano trasmessi al competente Ufficio regionale rispettivamente entro il mese di febbraio 2025 e febbraio 2026.;
c. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - il REPORT anno 2022 trasmesso con propria nota prot. n. 436 del 02/03/2023 dal Parco Regionale dei Monti Picentini per conto degli associati in quanto ente capofila, risulta insufficiente in quanto:
     - riguarda solo l'anno 2022;
     - non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;

- NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
- NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
- NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

d. il Comune di San Mango Piemonte ha riscontrato il preavviso di revoca con proprie note prot. 0002746 del 12/06/2026, acquisita al prot. reg. n. 0530674/2026 del 12/06/2026, e successiva integrazione prot. n. 0002747 del 12/06/2026, acquisita al prot. reg. n. 0530734/2026 del 12/06/2026;

EVIDENZIATO che

a. dalla disamina dei report trasmessi dal Comune di San Mango Piemonte è emerso, come da documenti conservati agli atti del competente Ufficio regionale, che i fascicoli relativi alle procedure concluse nel periodo 2022/2025 – tutte relative a valutazioni di incidenza di livello screening - sono stati tutti pubblicati solo a seguito dei preavvisi di revoca della delega da parte del competente ufficio regionale, ad intervenuta conclusione delle procedure stesse benché i comuni delegati siano tenuti al rispetto delle Linee Guida regionali e abbiano l'obbligo di ottemperare alle prescrizioni in esse contenute provvedendo, nello specifico, alla pubblicazione – contestuale rispetto all'avvio del procedimento – del format per lo screening e della documentazione tecnico progettuale;

b. in alcun fascicolo è pubblicata la comunicazione di avvio del procedimento riportante il link al quale è possibile consultare la documentazione relativa all'istanza, come disposto dalle linee guida regionali;

c. la pagina dedicata alla VINCA non è raggiungibile dalla homepage del sito istituzionale dell'ente, non ottemperando alle specifiche indicazioni fornite nelle Linee guida regionali in merito alla modalità di pubblicazione delle procedure in corso (*Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web dell'Autorità competente appositamente dedicata e accessibile dalla home page*);

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di San Mango Piemonte dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità e trasparenza imposti dalle linee guida regionali;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini attribuita al Comune di San Mango Piemonte con Decreto Dirigenziale n. 189 del 27/06/2016 e n. 198 del 25/10/2022;

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Oliveto Citra la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini mediante i Decreti Dirigenziali 160 del 28/11/2017 e 153 del 15/06/2021;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;

- gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);
- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Oliveto Citra ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. N.0515024/2026 del 08/06/2026, non avendo fornito il report delle attività svolte negli anni dal 2022 al 2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - il REPORT anno 2022 trasmesso con propria nota prot. n. 436 del 02/03/2023 dal **Parco Regionale dei Monti Picentini** per conto degli associati in quanto ente capofila, risulta insufficiente in quanto:
     - riguarda solo l'anno 2022;
     - non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;
   - In considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;

- NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
- NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
- NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di Oliveto Citra ha trasmesso il report delle attività svolte negli anni 2022, 2024 e 2025 con pec acquisita al prot. reg. n. 0536535 del 15/06/2026, attestando altresì di non aver svolto alcuna attività nel corso del 2023;

EVIDENZIATO che

a. dalla disamina dei report trasmessi dal Comune di Oliveto Citra è emerso, come da documenti conservati agli atti del competente Ufficio regionale, che alla pagina web indicata - https://www.comune.olivetocitra.sa.it/vinca-valutazione-di-incidenza-ambientale/ - alla data del 15/06/2026 risultano pubblicate solo ed esclusivamente le determine conclusive dei procedimenti di VINCA adottate dal Comune delegato;

b. per nessuna procedura è rinvenibile un fascicolo che comprenda la documentazione minima prevista dalle linee guida regionali e nazionali (comunicazione di avvio del procedimento riportante il link al quale è possibile consultare la documentazione relativa all'istanza e, per le VINCA appropriate, la tempistica per le osservazioni, documentazione tecnica-amministrativa, sentito, determina, etc.);

c. la pagina dedicata alla VINCA non è raggiungibile dalla homepage del sito istituzionale dell'ente, non ottemperando alle specifiche indicazioni fornite nelle Linee guida regionali in merito alla modalità di pubblicazione delle procedure in corso (*Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web dell'Autorità competente appositamente dedicata e accessibile dalla home page*);

RITENUTO

a. **Che,** all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Oliveto Citra dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione;

b. **Di** dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini attribuita al Comune di Oliveto Citra con Decreti Dirigenziali 160 del 28/11/2017 e 153 del 15/06/2021;

d. entro tale termine non sono pervenute osservazioni;

e. la Regione Campania U.O.S. 213.02.02 con nota prot. n.0522895 del 13/10/2025 ha trasmesso il sentito di propria competenza con le seguenti raccomandazioni:
   - Aggiornare la Valutazione di Incidenza conformemente al Regolamento di Gestione approvato con D.G.R. 617/2024;
   - Eseguire i lavori al di fuori del periodo 15 marzo – 31 luglio, per evitare disturbo alla fauna, in particolare ai chirotteri;
   - Evitare qualsiasi bruciatura o deposito di residui vegetali o materiali di risulta sul posto;
   - Utilizzare esclusivamente malte a base di calce naturale e materiali locali compatibili;
   - Non modificare né demolire le parracine e i terrazzamenti esistenti;
   - Limitare gli interventi di illuminazione alle esigenze di sicurezza, con apparecchi schermati e luce calda ≤2700 K;

- Assicurare il mantenimento di interstizi o cavità idonei al rifugio dei chirotteri nelle strutture di copertura;
- Rimuovere tempestivamente rifiuti o materiali da cantiere, evitando l'alterazione delle superfici naturali.

RILEVATO che:

a. detto progetto è stato sottoposto all'esame della Commissione V.I.A. - V.A.S. - V.I. che, nella seduta del 11/06/2026, sulla base dell'istruttoria svolta dal sopra citato funzionario, si è espressa come di seguito testualmente riportato:

"L'istruttore Campagna ha predisposto la relazione istruttoria che, allegata al presente verbale, ne forma parte integrante e sostanziale. Relaziona sull'intervento la dott.ssa Maria Teresa Campagna, la quale evidenzia quanto segue:

Considerato che:

- ✓ la presente valutazione appropriata di incidenza riferita al progetto *"Le Cantine di Monte"* – proponente Sig.ra Monte Paola, Azienda Agricola "Quercia Verde di Monte Paola", ha valutato le incidenze degli interventi di risanamento conservativo e recupero funzionale di un antico fabbricato rurale adibito a cantina, consistenti nel consolidamento e protezione delle superfici in tufo, nel recupero della cisterna, in interventi locali sulle murature del primo piano, nel rifacimento dei solai di copertura, nell'impermeabilizzazione, nella sostituzione degli infissi esterni e nell'installazione degli impianti elettrico e idrico;
- ✓ l'intervento ricade all'interno del sito ZSC IT8030005 "Corpo centrale dell'Isola di Ischia", che tutela habitat forestali;
- ✓ la documentazione allegata all'istanza e le integrazioni trasmesse sono state prodotte in maniera conforme alla normativa vigente;
- ✓ l'intervento è coerente con le Misure regolamentari di cui al Piano di Gestione della ZSC adottato con DGR 617/2024;
- ✓ le aree oggetto di intervento, così come risulta dalla Carta degli Habitat approvata con DGR n. 617/2024, risultano perimetrate come habitat di interesse conservazionistico 9260 – Boschi di Castanea Sativa, ma gli interventi sono principalmente interni all'edificio e non interessano i muri a secco;
- ✓ il tecnico ha dichiarato, a seguito di sopralluoghi in situ, l'assenza totale di specie faunistiche di interesse conservazionistico, in particolare i chirotteri, nell'area del progetto;
- ✓ il tecnico indica come misure di mitigazione: l'utilizzo di attrezzature elettriche per limitare i rumori, l'esecuzione dei lavori in orario diurno, il trasporto dei materiali con mezzi piccoli lungo le vie esistenti; il cantiere è interno all'edificio e quindi non incidente sull'habitat; i vetri degli infissi saranno antiriflesso;
- ✓ come valutato dal tecnico, l'incidenza sulle componenti biotiche è non significativa e non interessa direttamente alcun habitat del Sito Natura 2000 interessato;
- ✓ come valutato dal tecnico, le azioni di progetto non rappresentano uno non costituiscono sbarramento lineare alla libera circolazione delle specie animali e non determinano frammentazione di habitat;
- ✓ alla luce delle valutazioni svolte, è evidente che l'incidenza degli interventi sul sito Natura 2000 interessato è irrilevante, trascurabile e temporanea, che l'opera non è suscettibile di pregiudicare il mantenimento dell'integrità del Sito con riferimento agli specifici obiettivi di conservazione fissati per gli habitat e le specie per i quali il sito Natura 2000 è stato designato;
- ✓ le valutazioni relative a ogni altro profilo, e in particolar modo profili edilizi e urbanistici, compresa la legittimità delle preesistenze e i diritti di terzi, esulano la competenza dello Scrivente e, pertanto, la presente valutazione viene resa esclusivamente sotto il profilo della tutela ambientale del patrimonio naturale protetto dalla Rete Natura 2000, per l'ambito normativo definito dalla procedura di VIncA;
- ✓ resta in capo al Proponente la responsabilità di verificare e acquisire tutti i pareri e autorizzazioni necessari alla realizzazione degli interventi in oggetto;

Visto

- ✓ il sentito favorevole della Regione Campania U.O.S. 213.02.02, trasmesso con nota prot. n. 0522895 del 13/10/2025 con le seguenti raccomandazioni:
  - *Aggiornare la Valutazione di Incidenza conformemente al Regolamento di Gestione approvato con D.G.R. 617/2024;*
  - *Eseguire i lavori al di fuori del periodo 15 marzo – 31 luglio, per evitare disturbo alla fauna, in particolare ai chirotteri;*
  - *Evitare qualsiasi bruciatura o deposito di residui vegetali o materiali di risulta sul posto;*
  - *Utilizzare esclusivamente malte a base di calce naturale e materiali locali compatibili;*
  - *Non modificare né demolire le parracine e i terrazzamenti esistenti;*
  - *Limitare gli interventi di illuminazione alle esigenze di sicurezza, con apparecchi schermati e luce calda ≤2700 K;*
  - *Assicurare il mantenimento di interstizi o cavità idonei al rifugio dei chirotteri nelle strutture di copertura;*
  - *Rimuovere tempestivamente rifiuti o materiali da cantiere, evitando l'alterazione delle superfici naturali.*

si propone alla Commissione VIA VI VAS di esprimere **PARERE FAVOREVOLE** di Valutazione di Incidenza Appropriata del progetto *"Le Cantine di Monte"* – proponente Sig.ra Monte Paola, Azienda Agricola "Quercia Verde di Monte Paola", con le prescrizioni seguenti, oltre al rispetto delle raccomandazioni di cui al sentito prot. n. 0522895 del 13/10/2025 della Regione Campania U.O.S. 213.02.02:

- trattandosi di un edificio rurale abbandonato con caratteristiche idonee al rifugio di chirotteri, a tutela degli stessi, prima dell'inizio dei lavori, è fatto obbligo di far eseguire un'ispezione faunistica preventiva da parte di un tecnico esperto in materia e, in caso di presenza accertata di colonie attive (svernamento o riproduzione), i lavori nelle aree interessate dovranno essere sospesi per il periodo di permanenza delle specie, in attuazione del principio cautelativo e per evitare il disturbo;
- è fatto obbligo, conformemente a quanto indicato nella documentazione prodotta, di non occupare aree esterne per l'installazione delle aree di cantiere, il quale è stato individuato solo nei limiti dell'edificio; qualsiasi variazione comporta una modifica dell'intervento per come è stato valutato, per cui dovrà essere sottoposto alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA;
- considerato che né gli elaborati progettuali né lo studio di incidenza contengono indicazioni circa le modalità di realizzazione degli allacci alle utenze previsti dal progetto (impianto elettrico, idrico e fognario) e dell'istallazione di illuminazione esterna; qualora tali allacci richiedano lavorazioni esterne all'edificio o si intenda procedere alla realizzazione di un impianto di illuminazione esterna, gli stessi dovranno essere sottoposti a procedura di VInCA prima della loro realizzazione;
- all'esterno dell'edificio, così come ribadito dal tecnico, è vietata qualsiasi altra lavorazione ulteriore rispetto a quanto indicato in progetto; in particolare sono vietati tagli o eradicazione di essenze arboree e la piantumazione di essenze di alcun genere;
- è vietato realizzare nuove piste carrabili, neppure temporanee; è fatto obbligo di utilizzare la viabilità esistente;
- è vietata l'effettuazione di ulteriori scavi o movimentazioni di terra;
- le lavorazioni esterne dovranno essere sospese nel periodo 15 marzo – 31 luglio;
- è fatto obbligo di rispettare le misure di mitigazione indicate nello studio di incidenza;
- i nuovi infissi esterni dovranno essere dotati di vetri antiriflesso e l'illuminazione esterna definitiva dovrà essere rivolta verso il basso con lampade a temperatura di colore non superiore a 2700 K, in conformità a quanto indicato nella documentazione prodotta e alle condizioni d'obbligo del Piano di Gestione;
- è fatto obbligo di comunicare l'inizio dei lavori all'Ente Gestore della ZSC e al Comando stazione Carabinieri Forestali e di trasmettere ai medesimi l'atto di collaudo o di regolare esecuzione dai quali emerga il rispetto delle prescrizioni riportate nei pareri acquisiti, oltre agli esiti dell'ispezione faunistica preventiva;
- è necessario che durante le lavorazioni vengano attuati tutti gli accorgimenti per evitare la dispersione dei rifiuti nelle aree limitrofe;

- si evidenzia che l'intervento dovrà essere in ogni caso subordinato all'osservanza di tutte le leggi e regolamenti in vigore;
- qualsiasi altro intervento e/o attività venga realizzato sull'intera area e nelle strutture dovrà essere sottoposto alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.

La Commissione, sulla scorta dell'istruttoria condotta dalla dott.ssa Maria Teresa Campagna in particolare dei contenuti valutativi che qui si intendono riportati integralmente nonchè della proposta di parere formulata dalla stessa, decide di esprimere parere favorevole di Valutazione di Incidenza Appropriata con le prescrizioni sopra riportate dall'istruttore.

b. 'esito della Commissione del 11/06/2026, così come sopra riportato, è stato comunicato all' Azienda Agricola "Quercia Verde di Paola Monte" con nota prot. reg. n.0557243/2026 del 22/06/2026;

c. l'Azienda Agricola "Quercia Verde di Paola Monte" ha regolarmente provveduto alla corresponsione degli oneri per le procedure di valutazione ambientale, determinate con D.G.R.C. n° 737/2022, mediante versamento agli atti dell'Ufficio Valutazioni Ambientali;

D E C R E T A

Per i motivi espressi in narrativa e che qui si intendono integralmente riportati e trascritti:

1. **DI** esprimere parere favorevole di Valutazione di Incidenza Appropriata, su conforme parere della Commissione V.I.A. - V.A.S. - V.I. espresso nella seduta del 11/06/2026, relativamente al progetto "Le Cantine di Monte" da realizzarsi nel Comune di Forio (NA) proposto dall'Azienda Agricola "Quercia Verde di Paola Monte". con le prescrizioni seguenti, oltre al rispetto delle raccomandazioni di cui al sentito prot. n. 0522895 del 13/10/2025 della Regione Campania U.O.S. 213.02.02:
    - trattandosi di un edificio rurale abbandonato con caratteristiche idonee al rifugio di chirotteri, a tutela degli stessi, prima dell'inizio dei lavori, è fatto obbligo di far eseguire un'ispezione faunistica preventiva da parte di un tecnico esperto in materia e, in caso di presenza accertata di colonie attive (svernamento o riproduzione), i lavori nelle aree interessate

dovranno essere sospesi per il periodo di permanenza delle specie, in attuazione del principio cautelativo e per evitare il disturbo;
- è fatto obbligo, conformemente a quanto indicato nella documentazione prodotta, di non occupare aree esterne per l'installazione delle aree di cantiere, il quale è stato individuato solo nei limiti dell'edificio; qualsiasi variazione comporta una modifica dell'intervento per come è stato valutato, per cui dovrà essere sottoposto alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA;
- considerato che né gli elaborati progettuali né lo studio di incidenza contengono indicazioni circa le modalità di realizzazione degli allacci alle utenze previsti dal progetto (impianto elettrico, idrico e fognario) e dell'istallazione di illuminazione esterna; qualora tali allacci richiedano lavorazioni esterne all'edificio o si intenda procedere alla realizzazione di un impianto di illuminazione esterna, gli stessi dovranno essere sottoposti a procedura di VInCA prima della loro realizzazione;
- all'esterno dell'edificio, così come ribadito dal tecnico, è vietata qualsiasi altra lavorazione ulteriore rispetto a quanto indicato in progetto; in particolare sono vietati tagli o eradicazione di essenze arboree e la piantumazione di essenze di alcun genere;
- è vietato realizzare nuove piste carrabili, neppure temporanee; è fatto obbligo di utilizzare la viabilità esistente;

- le lavorazioni esterne dovranno essere sospese nel periodo 15 marzo – 31 luglio;
- è fatto obbligo di rispettare le misure di mitigazione indicate nello studio di incidenza;
- i nuovi infissi esterni dovranno essere dotati di vetri antiriflesso e l'illuminazione esterna definitiva dovrà essere rivolta verso il basso con lampade a temperatura di colore non superiore a 2700 K, in conformità a quanto indicato nella documentazione prodotta e alle condizioni d'obbligo del Piano di Gestione;
- è fatto obbligo di comunicare l'inizio dei lavori all'Ente Gestore della ZSC e al Comando stazione Carabinieri Forestali e di trasmettere ai medesimi l'atto di collaudo o di regolare esecuzione dai quali emerga il rispetto delle prescrizioni riportate nei pareri acquisiti, oltre agli esiti dell'ispezione faunistica preventiva;
- è necessario che durante le lavorazioni vengano attuati tutti gli accorgimenti per evitare la dispersione dei rifiuti nelle aree limitrofe;
- si evidenzia che l'intervento dovrà essere in ogni caso subordinato all'osservanza di tutte le leggi e regolamenti in vigore;
- qualsiasi altro intervento e/o attività venga realizzato sull'intera area e nelle strutture dovrà essere sottoposto alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.

2. **CHE** l'Amministrazione tenuta al rilascio del provvedimento finale dovrà acquisire tutti gli altri pareri e/o valutazioni previsti per legge e verificare l'ottemperanza delle prescrizioni riportate nonché la congruità del progetto esecutivo con il progetto esaminato dalla Commissione VIA ed assunto a base del presente parere. È fatto altresì obbligo, in caso di varianti sostanziali del progetto definitivo esaminato, che lo stesso completo delle varianti sia sottoposto a nuova procedura.

3. **CHE** il presente provvedimento ha validità 5 anni, nel rispetto delle disposizioni delle Linee guida nazionali per la valutazione di incidenza (VIncA) di cui all' Intesa, ai sensi dell'articolo 8, comma 6, della legge 5 giugno 2003, n. 131, tra il Governo, le regioni e le Province autonome di Trento e Bolzano pubblicate su G.U. n. 303 del 28/12/2019.

4. **CHE** il proponente, con congruo anticipo, dia formale comunicazione della data dell'inizio dei lavori al competente Gruppo Carabinieri Forestale, con modalità atte a dimostrare l'avvenuta trasmissione della comunicazione.

5. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale

Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC.

6. **DI** trasmettere il presente atto:
   6.1. Al proponente Azienda Agricola “Quercia Verde di Paola Monte”;
   6.2. Al Comune di Forio (NA);
   6.3. Alla Regione Campania UOS 213.02.02;
   6.4. al Gruppo Carabinieri Forestale territorialmente competente;
   6.5. alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n.

i. con D.G.R. n. 684 del 30/12/2019 sono stati individuati, ai sensi del DM 17 ottobre 2007 del Ministro dell'Ambiente e della Tutela del Territorio e del Mare, i soggetti affidatari della gestione di Zone Speciali di Conservazione (ZSC) e delle Zone di Protezione Speciale (ZPS) designate ai sensi della Direttiva 92/43/CEE "Habitat", del relativo regolamento di attuazione di cui al DPR 357/97 e della Direttiva 2009/147/CE "Uccelli";

j. con Intesa, ai sensi dell'articolo 8, comma 6, della legge 5 giugno 2003, n. 131, tra il Governo, le regioni e le Province autonome di Trento e Bolzano sulle *Linee guida nazionali per la valutazione di incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4* (G.U. n. 303 del 28/12/2019), sono state emanate le *Linee Guida Nazionali per la Valutazione di Incidenza*;

k. le succitate Linee Guida Nazionali prevedono che "*Il parere di screening ha validità di 5 anni, fatti salvi i casi nei quali è espressamente prevista una durata più breve, valutata in considerazione della dinamicità ambientale degli ecosistemi o degli habitat interessati, o più ampia nei casi nei quali il parere sia riferito a Piani pluriennali" e che "La validità temporale del parere di Valutazione di Incidenza è 5 anni, termine oltre il quale l'autorizzazione è da considerarsi nulla, fatti salvi i casi nei quali è espressamente prevista una durata più breve, valutata in considerazione della*

dinamicità ambientale degli ecosistemi o degli habitat interessati, o più ampia nei casi nei quali il parere sia riferito a piani, programmi o autorizzazioni ambientali pluriennali (es. AIA, AUA, etc.).";

l. con D.G.R.C. n. 280 del 30/06/2021, pubblicata sul BURC n. 66 del 05/07/2021, è stato approvato il "*Recepimento delle "Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) -DIRETTIVA 92/43/CEE "HABITAT" ART. 6, paragrafi 3 e 4". Aggiornamento delle "Linee guida e criteri di indirizzo per l'effettuazione della valutazione di incidenza in Regione Campania*", che sostituisce la D.G.R.C. n. 814 del 04/12/2018 "*Linee Guida e Criteri di indirizzo per l'effettuazione della valutazione di incidenza in Regione Campania*";

m. con D.G.R.C. n. 737 del 28/12/2022, pubblicata sul BURC n. 1 del 02/01/2023 sono state individuate le nuove *Modalità di calcolo degli oneri per le procedure di Valutazione Ambientale Strategica, Valutazione di Impatto Ambientale e Valutazione di Incidenza di competenza della Regione Campania*;

n. con D.P.G.R.C. n. 82 del 09/07/2025 è stato conferito l'incarico di Direttore dell'Ufficio Valutazioni Ambientali, codice 306.00.00, alla dott.ssa Simona Brancaccio;

CONSIDERATO che:

a. con richiesta acquisita al prot. reg. n.0169161/2026 del 02/03/2026 contrassegnata con ID 1673_VINCAAPPR, il sig. Guido Bartoli - ha presentato per il tramite del tecnico incaricato Dott. For. Franco Mainolfi istanza di avvio della procedura di Valutazione d'Incidenza Appropriata relativa al "Piano di Gestione Forestale - Bartoli Guido" da realizzarsi nel Comune di Sessa Aurunca (CE);

b. l'istruttoria del progetto *de quo* è stata affidata alla dott.ssa Matilde Mazzaccara, funzionaria dell'Ufficio Valutazioni Ambientali;

c. con nota prot. reg. n.0260002/2026 del 16/03/2026, trasmessa a mezzo pec in pari data al proponente sig. Guido Bartoli, al Comune di Sessa Aurunca (CE) e al Parco Regionale di Roccamonfina - Foce Garigliano, è stata comunicata - ai sensi del parag. 3.5 delle Linee Guida e Criteri di Indirizzo per l'effettuazione della Valutazione di Incidenza in Regione Campania approvate con D.G.R. n. 280/2021 - l'avvenuta pubblicazione dello Studio di Incidenza e l'avvio del procedimento, stabilendo in giorni 30 dal ricevimento di detta comunicazione il termine per la presentazione di eventuali osservazioni;

d. entro tale termine non sono pervenute osservazioni;

e. il Parco Regionale di Roccamonfina - Foce Garigliano con nota prot. n. 475 del 26/05/2026 ha trasmesso il sentito di propria competenza;

RILEVATO che:

a. detto piano è stato sottoposto all'esame della Commissione V.I.A. - V.A.S. - V.I. che, nella seduta del 11/06/2026, sulla base dell'istruttoria svolta dal sopra citato funzionario, si è espressa come di seguito testualmente riportato:

"L'istruttore Mazzaccara ha predisposto la relazione istruttoria che, allegata al presente verbale, ne forma parte integrante e sostanziale. Relaziona sull'intervento la dott.ssa Matilde Mazzaccara, la quale evidenzia quanto segue:

Nella documentazione presentata per la **Valutazione d'Incidenza appropriata**, il proponente ha descritto il progetto ed ha fornito informazioni sufficienti sul contesto in cui si opera per valutare quanto proposto. In considerazione della tipologia del procedimento, sono state fornite informazioni qualitative utili per la comprensione di quanto si dovrà realizzare.

Considerato che:

- la richiesta di **Valutazione d'Incidenza appropriata** è stata avanzata per il progetto dal titolo: *"Piano di gestione forestale" proponente:* Sig. Guido Bartoli, istanza acquisita con prot. reg. n. 169161 del 02/03/2026;
- la documentazione allegata all'istanza è stata prodotta in maniera conforme alla normativa vigente;
- l'intervento ricade in parte nella ZSC -IT8010022 - Vulcano di Roccamonfina;
- dalla Carta della Natura (Ispra – Arpac 2018) sono presenti le classi: "Boschi a Castanea sativa, "Castagneti da frutto", pertanto il primo riconducibile all'habitat 9260 Boschi di Castanea sativa;
- dalla carta degli habitat del Piano di gestione della ZSC IT8010022 "Vulcano di Roccamonfina", approvato con D.G.R. n.617 del 14/11/2024, non sono presenti habitat di interesse comunitario.
- l'esecuzione degli interventi sarà eseguita nel periodo lontano da quello di riproduzione della fauna localmente presente;
- l'intervento non comporta alterazione o distruzione degli habitat che hanno determinato la designazione del Sito;
- l'intervento non è suscettibile di pregiudicare il mantenimento dell'integrità del Sito con riferimento agli specifici obiettivi di conservazione fissati per gli habitat e le specie per i quali i siti Natura 2000 sono stati designati;
- l'intervento risulta coerente con le misure di Regolamentari di cui al Piano di gestione della ZSC -IT8010022 - Vulcano di Roccamonfina, approvato con D.G.R. n. 617 del14/11/2024 e con le disposizioni di cui al D.M 17/10/2007 e con il Regolamento forestale regionale n. 3 / 207 e ss.mm.ii.;
- le valutazioni relative a ogni altro profilo, in particolare paesaggistico e idrogeologico, nonché ogni altra valutazione relativa all'applicazione di specifiche normative di settore e ad altre tematiche esulano tutte la competenza dello Scrivente Ufficio; la presente valutazione viene infatti resa esclusivamente sotto il profilo della tutela ambientale del patrimonio naturale protetto dalla Rete Natura 2000 per l'ambito normativo definito. Visto il "Sentito" favorevole trasmesso dal Parco regionale Area Vulcanica Roccamonfina e Foce Garigliano con prot. n. 475 del 26/05/2026, acquisito con prot. reg. n. 482741 del 26/05/2026.

  Con ragionevole certezza si ritiene di poter escludere possibili effetti negativi significativi indotti dall'intervento dal titolo: *"Piano di gestione forestale" proponente:* Sig. Guido Bartoli, istanza acquisita con prot. reg. n. 169161 del 02/03/2026; pertanto, si propone alla Commissione VIA VI VAS di esprimere parere favorevole alla Valutazione di Incidenza Appropriata con il rispetto delle prescrizioni degli Enti terzi e di quelle che seguono:

- gli interventi dovranno eseguirsi interamente in tempi e modalità che tendono a minimizzare qualsiasi tipo di disturbo alle specie presenti e comunque lontano dai periodi riproduttivi (accoppiamento, nidificazione), e quindi, i lavori andranno sospesi dal 15 marzo al 31 ottobre;
- rispettare le seguenti misure regolamentari previste dal Regolamento del Piano di gestione della ZSC -IT8010022 - Vulcano di Roccamonfina:

1. Qualunque intervento all'interno del Sito, compresi i progetti di gestione forestale, di difesa da incendi, fito-sanitari e di difesa idrogeologica, deve assicurare il mantenimento dei target dei parametri necessari per il conseguimento degli obiettivi di conservazione degli habitat e delle specie di interesse comunitario che caratterizzano il Sito, come individuati e quantificati nell'Allegato 1 al presente documento.

2. Sia nelle fustaie sia nei cedui, individuare e rilasciare per l'invecchiamento indefinito almeno 10 alberi ogni ettaro o sua frazione di bosco soggetto a utilizzazione. Gli alberi possono essere rilasciati a gruppi. L'obbligo del rilascio sussiste anche nel caso di taglio a raso delle fustaie o dei cedui. Nella scelta sono da privilegiare quelli che presentano fessure profonde (con parete interna non direttamente visibile) causate da agenti atmosferici o altri eventi traumatici, lembi di corteccia sollevata, fori di uscita di grossi insetti xilofagi o cavità di altra origine naturale; fra gli esemplari che soddisfano tali criteri scegliere quelli di maggior diametro (> 25 cm).

3. Nell'ambito delle attività selvicolturali di ceduazione, mantenere una copertura di legno morto in piedi 2 m3/ha (pari ad almeno 5 piante/ha secche o deperienti o morte in piedi).
4. Divieto di accesso con veicoli motorizzati al di fuori dei tracciati carrabili, fatta eccezione per i mezzi di soccorso, di emergenza, di gestione, vigilanza e ricerca delle forze di polizia, dei vigili del fuoco e delle squadre antincendio, dei proprietari dei fondi privati per l'accesso agli stessi, degli aventi diritto in quanto titolari di attività autorizzate e/o impiegati in attività dei fondi privati e pubblici
5.Divieto di transito sui greti e di guado con mezzi a motore, ad eccezione di aree di attraversamento fluviale a guado pre-esistenti e fatti salvi i motivi di soccorso, pubblica sicurezza e antincendio e specifico assenso disposto dal soggetto gestore.
6. Divieto di immettere, trasferire e/o diffondere in natura qualsiasi specie animale alloctona, ovvero non presente naturalmente nel territorio del sito, né impiantare specie, ecotipi e varietà estranee alla flora spontanea dell'area

- rispettare le seguenti disposizioni previste all'art. 79 del Regolamento Forestale n. 3/2017 e s.m.i.:
- salvaguardare dagli interventi di taglio le seguenti specie: abete bianco, tasso, betulla, olmo montano, farnia, aceri, frassino maggiore, frassino meridionale, rovere, farnetto, sughera, ibrido cerro-sughera, tigli, sorbi, ciliegio, melo e pero selvatico, agrifoglio, albero di giuda, corbezzolo, fillirea, alloro, ginepri, nonché le particolarità botaniche, gli esemplari di pregio, gli endemismi ed i relitti vegetazionali quando sono presenti in modo sporadico in bosco (allo stato isolato o in piccolissimi gruppi e non superano complessivamente il 10% del numero di piante);
- tutelare i biotopi forestali caratteristici, sia che si tratti di fitocenosi particolari che di aree con la presenza di specie rare, stagni e zone umide;
- rilasciare ad invecchiamento indefinito almeno 1 albero per ettaro, ovvero quello di maggior diametro o sviluppo, che, dovrà essere segnato con vernice indelebile di colore rosso indelebile;
- rilasciare gli alberi che presentino cavità, sia in quota che alla base del tronco, utilizzati dalla fauna presente come sito di nidificazione, ricoveri e tane;
- non distruggere o danneggiare i nidi di formiche del gruppo Formica rufa;
- attuare le mitigazioni indicate nello Studio di Incidenza Ambientale;
- di sottoporre tutti gli interventi del piano dei miglioramenti previsti dal Piano di Gestione Forestale a specifica procedura di Valutazione di incidenza oppure a procedura di Verifica di assoggettabilità a VIA oppure a VIA, entrambe integrate con la Vinca;
- di comunicare l'inizio dei lavori alla Comunità Montana Monte S. Croce, alla U.O.S. 207.02.04 '*Servizi territoriali provincia di Caserta. Promozione e valorizzazione dei prodotti agroalimentari, forestali, della pesca e acquacultura*' (ex S.T.P. di Caserta) e al Comando stazione Carabinieri-Forestale territorialmente competente;
- gli interventi previsti dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti.
  Si evidenzia, infine, che la durata di validità della presente valutazione è pari alla durata di validità del Piano a meno di modifiche e/o varianti al Piano da sottoporre alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.

A margine si evidenzia che in fase di autorizzazione al taglio dovrà essere applicato quanto disposto al c. 2 dell'art. 37 del Regolamento Forestale n. 3/2017 dalla Comunità Montana Monte S. Croce, dalla U.O.S. 207.02.*04 Servizi territoriali provincia di Caserta. Promozione e valorizzazione dei prodotti agroalimentari, forestali, della pesca e acquacultura*, (ex S.T.P. di Caserta) a cui il presente parere verrà trasmesso, in relazione alla contiguità delle tagliate e al calcolo delle superfici massime da tagliare per anno.
La Commissione, sulla scorta dell'istruttoria condotta dalla dott.ssa Matilde Mazzaccara in particolare dei contenuti valutativi che qui si intendono riportati integralmente nonchè della proposta di parere formulata dalla stessa, decide di esprimere parere favorevole di Valutazione di Incidenza Appropriata con le prescrizioni sopra riportate dall'istruttore.".

b. l'esito della Commissione del 11/06/2026, così come sopra riportato, è stato comunicato al sig. Guido Bartoli con nota prot. reg. n.0556783/2026 del 22/06/2026;

c. il sig. Guido Bartoli ha regolarmente provveduto alla corresponsione degli oneri per le procedure di valutazione ambientale, determinate con D.G.R.C. n° 737/2022, mediante versamento agli atti dell'Ufficio Valutazioni Ambientali;

Per i motivi espressi in narrativa e che qui si intendono integralmente riportati e trascritti:

1. **DI** esprimere parere favorevole di Valutazione di Incidenza Appropriata, su conforme parere della Commissione V.I.A. - V.A.S. - V.I. espresso nella seduta del 11/06/2026, relativamente al "Piano di Gestione Forestale - Bartoli Guido" da realizzarsi nel Comune di Sessa Aurunca (CE) proposto dal sig. Guido Bartoli con il rispetto delle prescrizioni degli Enti terzi e di quelle che seguono:
   - gli interventi dovranno eseguirsi interamente in tempi e modalità che tendono a minimizzare qualsiasi tipo di disturbo alle specie presenti e comunque lontano dai periodi riproduttivi (accoppiamento, nidificazione), e quindi, i lavori andranno sospesi dal 15 marzo al 31 ottobre;
   - rispettare le seguenti misure regolamentari previste dal Regolamento del Piano di gestione della ZSC -IT8010022 - Vulcano di Roccamonfina:
     1. Qualunque intervento all'interno del Sito, compresi i progetti di gestione forestale, di difesa da incendi, fito-sanitari e di difesa idrogeologica, deve assicurare il mantenimento dei target dei parametri necessari per il conseguimento degli obiettivi di conservazione degli habitat e delle specie di interesse comunitario che caratterizzano il Sito, come individuati e quantificati nell'Allegato 1 al presente documento.
     2. Sia nelle fustaie sia nei cedui, individuare e rilasciare per l'invecchiamento indefinito almeno 10 alberi ogni ettaro o sua frazione di bosco soggetto a utilizzazione. 5.Divieto di transito sui greti e di guado con mezzi a motore, ad eccezione di aree di attraversamento fluviale a guado pre-esistenti e fatti salvi i motivi di soccorso, pubblica sicurezza e antincendio e specifico assenso disposto dal soggetto gestore.

6. Divieto di immettere, trasferire e/o diffondere in natura qualsiasi specie animale alloctona, ovvero non presente naturalmente nel territorio del sito, né impiantare specie, ecotipi e varietà estranee alla flora spontanea dell'area

- rispettare le seguenti disposizioni previste all'art. 79 del Regolamento Forestale n. 3/2017 e s.m.i.:
  - salvaguardare dagli interventi di taglio le seguenti specie: abete bianco, tasso, betulla, olmo montano, farnia, aceri, frassino maggiore, frassino meridionale, rovere, farnetto, sughera, ibrido cerro-sughera, tigli, sorbi, ciliegio, melo e pero selvatico, agrifoglio, albero di giuda, corbezzolo, fillirea, alloro, ginepri, nonché le particolarità botaniche, gli esemplari di pregio, gli endemismi ed i relitti vegetazionali quando sono presenti in modo sporadico in bosco (allo stato isolato o in piccolissimi gruppi e non superano complessivamente il 10% del numero di piante);
  - tutelare i biotopi forestali caratteristici, sia che si tratti di fitocenosi particolari che di aree con la presenza di specie rare, stagni e zone umide;

- gli interventi previsti dovranno essere, in ogni caso, subordinati all'osservanza di tutte le leggi e dei regolamenti in vigore e che ci si dovrà attenere ad ogni altra eventuale prescrizione dettata dagli organi competenti.

Si evidenzia, infine, che la durata di validità della presente valutazione è pari alla durata di validità del Piano a meno di modifiche e/o varianti al Piano da sottoporre alla valutazione dell'Autorità competente, al fine di verificare se ricorrano i termini di applicazione della VInCA.

A margine si evidenzia che in fase di autorizzazione al taglio dovrà essere applicato quanto disposto al c. 2 dell'art. 37 del Regolamento Forestale n. 3/2017 dalla Comunità Montana Monte S. Croce, dalla U.O.S. 207.02.*04 Servizi territoriali provincia di Caserta. Promozione e valorizzazione dei prodotti agroalimentari, forestali, della pesca e acquacultura*, (ex S.T.P. di Caserta) a cui il presente parere verrà trasmesso, in relazione alla contiguità delle tagliate e al calcolo delle superfici massime da tagliare per anno.

2. **CHE** l'Amministrazione tenuta al rilascio del provvedimento finale dovrà acquisire tutti gli altri pareri e/o valutazioni previsti per legge e verificare l'ottemperanza delle prescrizioni riportate nonché la congruità del piano con il piano esaminato dalla Commissione VIA ed assunto a base del presente parere. È fatto altresì obbligo, in caso di varianti sostanziali del piano esaminato, che lo stesso completo delle varianti sia sottoposto a nuova procedura.

3. **CHE** il presente provvedimento ha validità pari alla durata di validità del Piano a meno di modifiche e varianti allo stesso.

4. **CHE** il proponente, con congruo anticipo, dia formale comunicazione della data dell'inizio dei lavori al competente Gruppo Carabinieri Forestale, con modalità atte a dimostrare l'avvenuta trasmissione della comunicazione.

5. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC.

6. **DI** trasmettere il presente atto:
   6.1. Al proponente sig. Guido Bartoli
   6.2. Al Comune di Sessa Aurunca (CE);
   6.3. Al Parco Regionale di Roccamonfina – Foce Garigliano;
   6.4. Al Gruppo Carabinieri Forestale territorialmente competente;
   6.5. Alla Comunità Montana Monte S. Croce;
   6.6. Alla Regione Campania U.O.S. 207.02.04;
   6.7. Alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n. 33.

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di San Nicola Baronia

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di San Nicola Baronia la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda mediante Decreto Dirigenziale n. 91 del 18/02/2016;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n.

5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
    - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
    - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di San Nicola Baronia ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 0515178/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2022/2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
    - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
        - NON saranno accolte richieste di proroga dei termini di cui sopra;
        - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
        - NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
        - NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di San Nicola Baronia ha riscontrato il preavviso di revoca con pec acquisita al prot. reg. n. 0520568/2026 del 09/06/2026;

EVIDENZIATO che

a. il Comune di San Nicola Baronia non ha trasmesso i REPORT richiesti ma le sole determine conclusive dei procedimenti Vinca di propria competenza;

b. il Comune capofila di Vallesaccarda ha trasmesso, tra gli altri, anche dei REPORT riferiti alle attività svolte per conto del Comune associato di San Nicola Baronia, come da nota prot. n. 2959 del 11-06-2026 acquisita al prot. reg. n.0529327/2026 del 12/06/2026;

c. nei REPORT trasmessi dal Comune capofila, tuttavia, nemmeno risultano correttamente indicati i link per la consultazione dei fascicoli poiché sono stati riportati collegamenti a spazi di archiviazione dropbox e non al sito istituzionale del Comune capofila e/o del Comune associato;

d. nei REPORT trasmessi dal Comune capofila, inoltre, non risultano indicate tutte le procedure concluse per le quali, invece, il Comune di San Nicola Baronia ha trasmesso in data 09/06/2026 le determine conclusive;

e. il riscontro fornito dal Comune di San Nicola Baronia non ottempera a quanto richiesto sia con il preavviso di revoca del 08/06/2026 sia con quelli già precedentemente trasmessi al medesimo Comune (vedi nota prot. reg. n. 429367 del 13/09/2024), né dimostra in alcun modo il rispetto delle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e consultazione delle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di San Nicola Baronia dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda attribuita al Comune di San Nicola Baronia con Decreto Dirigenziale n. 91 del 18/02/2016;

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Trevico

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Trevico la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda mediante Decreto Dirigenziale n. 91 del 18/02/2016;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n.

5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Trevico ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 0515178/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2022/2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;
     - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
     - NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
     - NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di Trevico ha riscontrato il preavviso di revoca con propria nota prot. n. 2155 del 15/06/2026 acquisita al prot. reg. n. 0539778/2026 del 16/06/2026;

EVIDENZIATO che

a. il Comune di Trevico ha trasmesso il REPORT richiesto dal quale si evince la chiusura di una sola procedura di valutazione di incidenza appropriata nel 2024, tuttavia il link riportato è quello all'albo pretorio dell'ente su quale è stata pubblicata la sola determina conclusiva assunta dal comune;

b. il riscontro fornito dal Comune di Trevico non ottempera a quanto richiesto sia con il preavviso di revoca del 08/06/2026 sia con quelli già precedentemente trasmessi al medesimo Comune (vedi nota prot. reg. n. 429367 del 13/09/2024), né dimostra in alcun modo il rispetto delle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e consultazione delle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Trevico dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda attribuita al Comune di Trevico con Decreto Dirigenziale n. 91 del 18/02/2016;

VISTI

- il D.P.R. n. 357/1997 e ss.mm.ii.;
- la Legge n. 241/1990 e ss.mm.ii.;

- la L.R. n. 26/2018;
- la D.G.R. n. 229/2024;
- il D.D. n. 91/2016;

Alla stregua dell'istruttoria compiuta dalla funzionaria dott.ssa Adele Del Piano individuata quale Responsabile del procedimento dall'Ufficio Speciale 306 00 00 Valutazioni Ambientali e delle risultanze degli atti richiamati nelle premesse,

D E C R E T A

Per le motivazioni espresse in narrativa che si intendono qui integralmente riportate

1. **DI** revocare la delega in materia di Valutazione di Incidenza attribuita ai sensi dell'art. 1, commi 4 e 5 della L.R. n. 16/2014 al Comune di Trevico con Decreto Dirigenziale n. 91 del 18/02/2016.

2. **DI** stabilire che le istanze di valutazione di incidenza ricadenti nel territorio del Comune di Trevico sono di competenza della Regione Campania – Ufficio Speciale 306 00 00 Valutazioni Ambientali e detto Comune è tenuto a trasmettere entro e non oltre 10 giorni dal ricevimento del presente decreto all'US 306.00.00 mediante il servizio digitale Trasferimento File accessibile mediante identità digitale (SPID/CIE) dalla pagina web https://servizi-digitali.regione.campania.it/TrasferimentoFile l'elenco puntuale delle procedure in corso, con il relativo stato dell'istruttoria in corso e la relativa documentazione agli atti. Entro il medesimo termine è tenuto a comunicare anche l'eventuale assenza di procedure in corso.

3. **DI** disporre la pubblicazione del presente atto sul BURC e sulle pagine web della Regione Campania dedicate alle Valutazioni Ambientali all'indirizzo http://viavas.regione.campania.it/opencms/VIAVAS e ai servizi digitali dedicati all'Ambiente.

4. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC.

5. **DI** trasmettere il presente atto:
   5.1 al Comune di Trevico;
   5.2 al Comune capofila di Vallesaccarda;
   5.3 al Comando Regione Carabinieri Forestale Campania (fna43972@pec.carabinieri.it);
   5.4 al Responsabile della Prevenzione, della Corruzione e della Trasparenza della Giunta Regionale ai fini dell'ottemperanza della L.R. n. 23 del 28.07.2017 (c.d. Casa di Vetro);
   5.5 alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n. 33.

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Vallesaccarda

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:

a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*

a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Vallesaccarda la delega, in qualità di capofila, all'esercizio delle funzioni in materia di valutazione di incidenza mediante Decreto Dirigenziale n. 91 del 18/02/2016;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
    - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
    - i documenti del P/P/P/I/A;

- lo Studio o Relazione di Incidenza;
- gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);
- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Vallesaccarda ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 0515178/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2022/2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;
     - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente

delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
- NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
- NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di Vallesaccarda ha riscontrato il preavviso di revoca con propria nota prot. n 2959 del 11-06-2026, acquisita al prot. reg. n. 0529327/2026 del 12/06/2026, e propria nota prot. n 2960 del 11-06-2026, acquisita al prot. reg. n. 0529340/2026 del 12/06/2026;

EVIDENZIATO che

a. nel REPORT trasmesso dal Comune di Vallesaccarda non risultano correttamente indicati i link per la consultazione dei fascicoli poiché sono stati riportati collegamenti a spazi di archiviazione dropbox e non al sito istituzionale del Comune;

b. il riscontro fornito dal Comune di Vallesaccarda non ottempera a quanto richiesto sia con il preavviso di revoca del 08/06/2026 sia con quelli già precedentemente trasmessi al medesimo Comune (vedi nota prot. reg. n. 429367 del 13/09/2024), né dimostra in alcun modo il rispetto delle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e consultazione delle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Vallesaccarda dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda attribuita al Comune di Vallesaccarda con Decreto Dirigenziale n. 91 del 18/02/2016;

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:

a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*

a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Castel Baronia la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda mediante Decreto Dirigenziale n. 91 del 18/02/2016;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;

- lo Studio o Relazione di Incidenza;
- gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);
- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Castel Baronia ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 0515178/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2022/2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;
     - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente

delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
- NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
- NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di Castel Baronia ha riscontrato il preavviso di revoca con propria nota prot. n.3367 del 16/06/2026, acquisita al prot. reg. n. 0546301/2026 del 17/06/2026;

EVIDENZIATO che

a. nei REPORT trasmessi dal Comune di Castel Baronia è riportato il link ad una pagina web in cui sono state inserite in data 12/06/2026 le sole determine conclusive dei procedimenti Vinca di propria competenza;

b. il riscontro fornito dal Comune di Castel Baronia non ottempera a quanto richiesto sia con il preavviso di revoca del 08/06/2026 sia con quelli già precedentemente trasmessi al medesimo Comune (vedi nota prot. reg. n. 429367 del 13/09/2024), né dimostra in alcun modo il rispetto delle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e consultazione delle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Castel Baronia dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali e regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda attribuita al Comune di Castel Baronia con Decreto Dirigenziale n. 91 del 18/02/2016;

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Tocco Caudio

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Tocco Caudio la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Paupisi mediante Decreto Dirigenziale n. 75 del 01/12/2017 e n. 142 del 03/09/2020;

k. è stata attribuita al Comune di Tocco Caudio, su espressa richiesta dello stesso, nuova delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vitulano mediante Decreto Dirigenziale n. 101 del 24/05/2023;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:

- la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
- i documenti del P/P/P/I/A;
- lo Studio o Relazione di Incidenza;
- gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);
- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. con nota prot. reg. n. 0515229/2026 del 08/06/2026 il Comune di Tocco Caudio ha ricevuto l'avvio del procedimento di revoca della delega, non avendo fornito i report relativi alle attività svolte negli anni 2022/2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;
     - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente

delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
- NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
- NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di Tocco Caudio ha riscontrato il preavviso di revoca con propria nota prot. 3024/2026, acquisita al prot. reg. n. 0520556/2026 del 09/06/2026, e successiva nota prot. 3117/2026 acquisita al prot. reg. n. N.0531808/2026 del 12/06/2026;

EVIDENZIATO che

a. la pagina web indicata dall'ente è stata aggiornata solo successivamente al preavviso di revoca e in diverse riprese, come da documenti agli atti del competente ufficio regionale;

b. dalla disamina della documentazione pubblicata alla pagina web indicata dall'ente sono emerse numerose criticità:
   - mancano i link alla pagina web in cui il comune delegato avrebbe dovuto pubblicare le procedure che dichiara concluse nel 2022 (i link presenti nel primo report trasmesso in data 09/06/2026 puntano all'albo pretorio del comune e richiedono delle credenziali di accesso);
   - non tutti i procedimenti riportati nel REPORT prodotto dal Comune di Tocco Caudio sono presenti sul sito web indicato in data 12/06/2026, benché quelli presenti – si ribadisce – siano stati comunque tutti tardivamente pubblicati;
   - mancano le note di avvio dei procedimenti complete dei link per la consultazione;
   - mancano le determine conclusive;

c. la documentazione resa disponibile dal Comune di Tocco Caudio, a procedure concluse, non è coerente rispetto alle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e consultazione nell'ambito delle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Tocco Caudio dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali e regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vitulano attribuita al Comune di Tocco Caudio con Decreto Dirigenziale n. 101 del 24/05/2023;

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Flumeri

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Flumeri la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda mediante Decreto Dirigenziale n. 91 del 18/02/2016;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n.

5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
    - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
    - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Flumeri ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 0515178/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2022/2025;

b. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
    - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
        - NON saranno accolte richieste di proroga dei termini di cui sopra;
        - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
        - NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
        - NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

c. il Comune di Flumeri ha riscontrato il preavviso di revoca con propria nota prot. 4031 del 11/06/2026, acquisita al prot. reg. n. 0529059/2026 del 11/06/2026;

EVIDENZIATO che

a. il Comune di Flumeri non ha trasmesso il REPORT nel formato richiesto ma solo in PDF;

b. alla pagina web indicata dall'ente – in data 11/06/2026, come da documenti agli atti del competente ufficio regionale – non risulta pubblicato alcun documento relativo alla VINCA;

c. alla medesima pagina web successivamente il Comune ha pubblicato le sole determine conclusive dei procedimenti Vinca di propria competenza;

d. il Comune di Flumeri, inoltre, dichiara la chiusura di 3 procedimenti di Vinca nel 2022 che, tuttavia, non risultano dalla comunicazione pervenuta dal Comune capofila di Vallesaccarda;

e. la documentazione resa disponibile dal Comune di Flumeri, a procedura concluse, non è coerente rispetto alle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e consultazione delle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Flumeri dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Comune capofila di Vallesaccarda attribuita al Comune di Flumeri con Decreto Dirigenziale n. 91 del 18/02/2016;

VISTI

- la L.R. n. 26/2018;
- la D.G.R. n. 229/2024;
- il D.D. n. 91/2016;

Alla stregua dell'istruttoria compiuta dalla funzionaria dott.ssa Adele Del Piano individuata quale Responsabile del procedimento dall'Ufficio Speciale 306 00 00 Valutazioni Ambientali e delle risultanze degli atti richiamati nelle premesse,

D E C R E T A

Per le motivazioni espresse in narrativa che si intendono qui integralmente riportate

1. **DI** revocare la delega in materia di Valutazione di Incidenza attribuita ai sensi dell'art. 1, commi 4 e 5 della L.R. n. 16/2014 al Comune di Flumeri con Decreto Dirigenziale n. 91 del 18/02/2016.

2. **DI** stabilire che le istanze di valutazione di incidenza ricadenti nel territorio del Comune di Flumeri sono di competenza della Regione Campania – Ufficio Speciale 306 00 00 Valutazioni Ambientali

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Cautano la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale del Taburno Camposauro mediante Decreto Dirigenziale n. 105 del 14/06/2022;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n.

5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Cautano ha comunicato le attività svolte nel 2022/2023 a mezzo pec del 02/01/2024;

b. alla pagina web indicata dal Comune di Cautano risultavano pubblicate solo le determine conclusive, come rappresentato dal competente Ufficio regionale con propria nota di preavviso di revoca della delega prot. n. 429367 del13/09/2024;

c. a mezzo pec del 30/09/2024 il Comune di Cautano ha trasmesso nuovamente i link dichiarando di *aver aggiornato quanto già pubblicato sulla pagina del sito istituzionale*;

d. con successiva propria nota prot. reg. n. 0515107/2026 del 08/06/2026 il Comune di Cautano ha ricevuto l'avvio del procedimento di revoca della delega, non avendo fornito i report relativi attività svolte negli anni 2024/2025, che andavano trasmessi al competente Ufficio regionale rispettivamente entro il mese di febbraio 2025 e febbraio 2026;

e. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - Il REPORT anno 2022 trasmesso per conto degli associati dal Parco del Taburno Camposauro in quanto capofila con nota prot. n. 139 del 17/01/2023 non è sufficiente in quanto:
     - riguarda solo l'anno 2022;
     - non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;

- in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
  - NON saranno accolte richieste di proroga dei termini di cui sopra;
  - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
  - NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
  - NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

f. il Comune di Cautano ha riscontrato il preavviso di revoca con propria nota prot. 2767 del 10/06/2026, acquisita al prot. reg. n. 527558 del 11/06/2026;

EVIDENZIATO che

a. il Comune di Cautano non ha trasmesso i REPORT nel formato richiesto ma solo in PDF;

b. la pagina web indicata dall'ente non è raggiungibile dalla homepage del sito istituzionale;

c. dalla disamina della documentazione pubblicata alla pagina web indicata dall'ente – aggiornata in data 10/06/2026 - è emerso – come da documenti agli atti del competente ufficio regionale - che la stessa - pubblicata solo successivamente alla chiusura dei procedimenti – non soddisfa le indicazioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e consultazione nell'ambito delle procedure di valutazione di incidenza (per pubblicazione successiva alla chiusura, innanzitutto, e per mancanza dei documenti minimi tra cui le note di avvio dei procedimenti complete dei link per la consultazione, documentazione tecnico-progettuale e sentito dei soggetti gestori);

d. la documentazione resa disponibile dal Comune di Cautano, a procedure concluse, non è coerente rispetto alle disposizioni di cui alle linee guida regionali in materia di pubblicità e trasparenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Cautano dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità e trasparenza imposti dalle linee guida regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale del Taburno Camposauro attribuita al Comune di Cautano con Decreto Dirigenziale n. 105 del 14/06/2022;

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Bonea

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Bonea la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale del Taburno Camposauro mediante Decreto Dirigenziale n. 104 del 14/06/2022;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n.

5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

ì

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Bonea ha comunicato di non aver svolto attività nel 2022/2023 con propria nota 0004158/2024 del 16/09/2024;

b. il Comune di Bonea ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 0515107/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2024/2025, che andavano trasmessi al competente Ufficio regionale rispettivamente entro il mese di febbraio 2025 e febbraio 2026;

c. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - Il REPORT anno 2022 trasmesso per conto degli associati dal Parco del Taburno Camposauro in quanto capofila con nota prot. n. 139 del 17/01/2023 non è sufficiente in quanto:
     - riguarda solo l'anno 2022;
     - non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;
     - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente

delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
- NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
- NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

d. il Comune di Bonea ha riscontrato il preavviso di revoca con propria nota prot. 2926 del 09/06/2026, acquisita al prot. reg. n. 0520592 del 09/06/2026;

EVIDENZIATO che

a. il Comune di Bonea non ha trasmesso il REPORT nel formato richiesto ma solo in PDF, inoltre il link fornito non rimanda ad apposita pagina pubblica dedicata alla VINCA disponibile sul sito istituzionale dell'ente bensì ad una risorsa documentale diretta (un endpoint API per il download di file);

b. dalla disamina della risorsa di cui sopra è emerso che la stessa consiste nella determina di chiusura dell'unico procedimento di valutazione di incidenza dichiarato dal Comune di Bonea, pubblicata sull'Albo Pretorio dell'ente insieme ad alcuni documenti del fascicolo (come il modulo di screening);

c. la documentazione resa disponibile dal Comune di Bonea sul proprio Albo Pretorio, a procedura conclusa, non è coerente rispetto alle disposizioni di cui alle linee guida regionali in materia di pubblicità e trasparenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Bonea dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità e trasparenza imposti dalle linee guida regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale del Taburno Camposauro attribuita al Comune di Bonea con Decreto Dirigenziale n. 104 del 14/06/2022;

Alla stregua dell'istruttoria compiuta dalla funzionaria dott.ssa Adele Del Piano individuata quale Responsabile del procedimento dall'Ufficio Speciale 306 00 00 Valutazioni Ambientali e delle risultanze degli atti richiamati nelle premesse,

D E C R E T A

Per le motivazioni espresse in narrativa che si intendono qui integralmente riportate

1. **DI** revocare la delega in materia di Valutazione di Incidenza attribuita ai sensi dell'art. 1, commi 4 e 5 della L.R. n. 16/2014 al Comune di Bonea con Decreto Dirigenziale n. 104 del 14/06/2022.

2. **DI** stabilire che le istanze di valutazione di incidenza ricadenti nel territorio del Comune di Bonea sono di competenza della Regione Campania – Ufficio Speciale 306 00 00 Valutazioni Ambientali e detto Comune è tenuto a trasmettere entro e non oltre 10 giorni dal ricevimento del presente decreto all'US 306.00.00 mediante il servizio digitale Trasferimento File accessibile mediante identità digitale (SPID/CIE) dalla pagina web https://servizi-digitali.regione.campania.it/TrasferimentoFile l'elenco puntuale delle procedure in corso, con il relativo stato dell'istruttoria in corso e la relativa documentazione agli atti. Entro il medesimo termine è tenuto a comunicare anche l'eventuale assenza di procedure in corso.

3. **DI** disporre la pubblicazione del presente atto sul BURC e sulle pagine web della Regione Campania dedicate alle Valutazioni Ambientali all'indirizzo http://viavas.regione.campania.it/opencms/VIAVAS e ai servizi digitali dedicati all'Ambiente.

4. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC.

5. **DI** trasmettere il presente atto:
   5.1 al Comune di Bonea;
   5.2 al Parco Regionale del Taburno Camposauro in quanto capofila;
   5.3 al Comando Regione Carabinieri Forestale Campania (fna43972@pec.carabinieri.it);
   5.4 al Responsabile della Prevenzione, della Corruzione e della Trasparenza della Giunta Regionale ai fini dell'ottemperanza della L.R. n. 23 del 28.07.2017 (c.d. Casa di Vetro);
   5.5 alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n. 33.

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Roccadaspide

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Roccadaspide la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso la Comunità Montana Calore Salernitano mediante Decreto Dirigenziale n. 160 del 28/11/2017 e n. 22 del 28/01/2020;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle

Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Roccadaspide ha comunicato le attività svolte nel 2022/2023 con propria nota 0000265 del 04/01/2024;

b. il competente ufficio regionale con propria nota prot. n. 0429367 del 13/09/2024 ha trasmesso preavviso di revoca della delega, tra gli altri, al Comune di Roccadaspide in quanto al link comunicato dal medesimo comune in data 04/01/2024 risultavano pubblicate le sole determine conclusive e non i fascicoli per la dovuta consultazione;

c. il Comune di Roccadaspide ha riscontrato il preavviso di revoca del 13/09/2024 dichiarando con propria nota prot. n. 0020023 del 20/09/2024 di aver provveduto, solo a seguito del preavviso di revoca stesso, a pubblicare *i relativi fascicoli tecnico/amministrativo delle determine già inserite*;

d. il Comune di Roccadaspide ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 0514513/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2024/2025, che andavano trasmessi al competente Ufficio regionale rispettivamente entro il mese di febbraio 2025 e febbraio 2026;

e. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - È pervenuto per il tramite della Comunità Montana Calore Salernitano, in qualità di soggetto capofila, il solo il REPORT relativo all'anno 2022 trasmesso dalla stessa con propria nota prot. n. 001 - 1865/2023 del 14/03/2023; detto REPORT risulta tuttavia insufficiente in quanto:
     - riguarda solo l'anno 2022;

- non è stato trasmesso in formato excel;
- non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;

- in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
  - NON saranno accolte richieste di proroga dei termini di cui sopra;
  - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
  - NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
  - NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

f. il Comune di Roccadaspide ha riscontrato il preavviso di revoca con propria nota prot. 0014047 del 12/06/2026, acquisita al prot. reg. n. 0535818/2026 del 15/06/2026;

EVIDENZIATO che

a. con propria nota prot. reg. n. 0540018/2026 del 16/06/2026 il competente ufficio regionale, presa visione del report anno 2023 e della documentazione pubblicata alla pagina web ivi indicata – aggiornata in data 12/06/2026 - ha richiesto al Comune di Roccadaspide - stante l'assenza nei fascicoli pubblicati delle relative note di avvio del procedimento - di trasmetterne copia al fine di verificare l'indicazione del link per la pubblicazione dei fascicoli fin dalla fase di avvio dei procedimenti stessi;

b. il Comune di Roccadaspide ha riscontrato la suddetta richiesta con propria nota prot. n. 0014511 del 18/06/2026 acquisita al prot. reg. n. 0550714/2026 del 19/06/2026, dichiarando l'assenza delle note di avvio del procedimento per i procedimenti chiusi nel 2023;

c. dalla disamina dei documenti pubblicati dal Comune di Roccadaspide – aggiornati dal Comune in data 17/06/2026 - e delle dichiarazioni dallo stesso fornite è emerso, come da documenti conservati agli atti del competente Ufficio regionale, che la documentazione tecnico-amministrativa è stata pubblicata solo successivamente all'adozione delle determine conclusive dei singoli procedimenti;

d. manca la documentazione minima prevista dalle linee guida regionali (nello specifico, le note di avvio del procedimento complete di link per la consultazione della documentazione relativa alle istanze);

e. la documentazione resa disponibile dal Comune di Roccadaspide a seguito del preavviso di revoca del 08/06/2026 non è coerente rispetto alle disposizioni di cui alle linee guida regionali in materia di pubblicità e trasparenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Roccadaspide dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità e trasparenza imposti dalle linee guida regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso la Comunità Montana Calore Salernitano attribuita al Comune di Roccadaspide con Decreto Dirigenziale n. 160 del 28/11/2017 e n. 22 del 28/01/2020;

Oggetto:

Attuazione Art. 1 commi 4 e 5 della Legge Regionale n. 16/2014 e ss.mm.ii. - Integrazione e aggiornamento elenco comuni delegati in materia di Valutazione di Incidenza di cui al D.D. n. 134/2015 – Revoca decreto dirigenziale di delega al Comune di Santa Lucia di Serino

IL DIRIGENTE

PREMESSO CHE

a. l'art. 5 comma 5 del D.P.R. 8 settembre 1997, n. 357 dispone che "*Ai fini della valutazione di incidenza dei piani e degli interventi di cui ai commi da 1 a 4, le regioni e le province autonome, per quanto di propria competenza, definiscono le modalità di presentazione dei relativi studi, individuano le autorità competenti alla verifica degli stessi, da effettuarsi secondo gli indirizzi di cui all'allegato G, i tempi per l'effettuazione della medesima verifica, nonché le modalità di partecipazione alle procedure nel caso di piani interregionali";*

b. l'art. 1 della legge regionale n. 16 del 07/08/2014 – come modificato dall'art. 4, comma 1 della L.R. n. 26/2018 recante *Semplificazione in materia di Valutazioni di Incidenza* e dall'art. 28, comma 1 della L.R. 31/2021 recante *Modifiche normative in materia di urbanistica* - ai commi 4 e 5 dispone quanto segue:
   a1. comma 4. *"Fatte salve le previsioni della normativa nazionale in materia, le determinazioni sulle valutazioni di incidenza, previste dall'articolo 5 del decreto del Presidente della Repubblica 8 settembre 1997, n. 357 (Regolamento recante attuazione della direttiva 92/43/CEE relativa alla conservazione degli habitat naturali e seminaturali, nonché della flora e ella fauna selvatiche), così come modificato dal D.P.R. 120/2003 sono attribuite ai comuni nel cui territorio insistono i proposti Siti di Importanza Comunitaria (pSIC), i Siti di Importanza Comunitaria (SIC), le Zone Speciali di Conservazione (ZSC) e le Zone di Protezione Speciale (ZPS) che, in possesso della corrispondente qualificazione, fanno specifica richiesta al competente ufficio regionale, che si pronuncia sulla base dei criteri definiti dalla Giunta regionale. Le valutazioni di incidenza che interessano siti pSIC, SIC, ZSC e ZPS ricadenti all'interno dei parchi naturali sono di competenza dei comuni sentito il parere dell'Ente parco. Sono di competenza regionale le valutazioni di incidenza che riguardano i piani agricoli e faunistico venatori";*
   a2. comma 5. *"L'ufficio preposto alla valutazione di incidenza è individuato all'interno dell'ente territoriale tramite una commissione di tre esperti in materia nominati con decreto sindacale. Tale ufficio è obbligatoriamente diverso da quello avente funzioni in materia urbanistica ed edilizia. Le funzioni in materia di valutazione di incidenza comprese quelle dell'autorità competente, possono essere svolte in forma associata se i comuni non sono in condizione di garantire l'articolazione funzionale come previsto dal presente comma";*

c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Santa Lucia di Serino la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini mediante Decreto Dirigenziale n. 134 del 17/07/2015 e n. 48 del 02/02/2022;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;
b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;
c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle

Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
   - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
   - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Santa Lucia di Serino ha trasmesso i report relativi alle attività svolte nel 2022 e 2023 con propria nota prot. n. 3417 del 23/09/2024, fornendo un link ad una pagina web non raggiungibile come evidenziato con nota del competente Ufficio regionale prot. n. 447836 del 25/09/2024 cui il Comune non ha fornito riscontro;

b. il Comune di Santa Lucia di Serino ha ricevuto, altresì, l'avvio del procedimento di revoca della delega con nota prot. n. 515024/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2024/2025, che andavano trasmessi al competente Ufficio regionale rispettivamente entro il mese di febbraio 2025 e febbraio 2026;

c. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - il REPORT anno 2022 trasmesso con propria nota prot. n. 436 del 02/03/2023 dal Parco Regionale dei Monti Picentini per conto degli associati in quanto ente capofila, risulta insufficiente in quanto:
     - riguarda solo l'anno 2022;
     - non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;
     - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto

della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
- NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
- NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

d. il Comune di Santa Lucia di Serino ha riscontrato il preavviso di revoca con propria nota prot. 0002327/2026 del 15/06/2026, acquisita al prot. reg. n. 0537170/2026 del 15/06/2026;

EVIDENZIATO che

a. dalla disamina dei report trasmessi dal Comune di Santa Lucia di Serino è emerso, come da documenti conservati agli atti del competente Ufficio regionale, che nella pagina web indicata dall'ente aggiornata in data 12/06/2026:
   - non sono presenti i fascicoli relativi a tutte le procedure concluse come riportate nei report;
   - i fascicoli relativi alle procedure concluse nel periodo 2022/2025 o sono prive delle note di avvio del procedimento o riportano una nota di avvio del procedimento priva del link per la consultazione della documentazione relativa all'istanza, come invece espressamente disposto dalle linee guida regionali;
   - non tutti i fascicoli contengono tutta la documentazione minima prevista dalle linee guida nazionali e regionali, in alcuni casi è presente esclusivamente il provvedimento conclusivo o verbale di conferenza di servizi;

b. la documentazione resa disponibile dal Comune di Santa Lucia di Serino a seguito del preavviso di revoca del 08/06/2026 non è coerente rispetto alle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e partecipazione del pubblico alle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Santa Lucia di Serino dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali e regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini attribuita al Comune di Santa Lucia di Serino con Decreto Dirigenziale n. 134 del 17/07/2015 e n. 48 del 02/02/2022;

D E C R E T A

Per le motivazioni espresse in narrativa che si intendono qui integralmente riportate

1. **DI** revocare la delega in materia di Valutazione di Incidenza attribuita ai sensi dell'art. 1, commi 4 e 5 della L.R. n. 16/2014 al Comune di Santa Lucia di Serino con Decreto Dirigenziale n. 134 del 17/07/2015 e n. 48 del 02/02/2022.

2. **DI** stabilire che le istanze di valutazione di incidenza ricadenti nel territorio del Comune di Santa Lucia di Serino sono di competenza della Regione Campania – Ufficio Speciale 306 00 00 Valutazioni Ambientali e detto Comune è tenuto a trasmettere entro e non oltre 10 giorni dal ricevimento del presente decreto all'US 306.00.00 mediante il servizio digitale Trasferimento File accessibile mediante identità digitale (SPID/CIE) dalla pagina web https://servizi-digitali.regione.campania.it/TrasferimentoFile l'elenco puntuale delle procedure in corso, con il relativo stato dell'istruttoria in corso e la relativa documentazione agli atti. c. il richiamato art. 4 della L.R. n. 26/2018, recante *Semplificazione in materia di Valutazioni di Incidenza*, nel disporre che al comma 4 dell'articolo 1 della L.R. n. 16/2014 *"nel secondo periodo le parole "SIC e ZPS" sono sostituite dalle seguenti "**pSIC**, SIC, **ZSC** e ZPS"",* ha disposto altresì, al comma 2, che "*A decorrere dalla data di entrata in vigore della presente legge, la struttura amministrativa regionale competente in materia di valutazione ambientale può estendere le deleghe in materia di valutazione di incidenza, già attribuite ai Comuni ai sensi dell'articolo 1, comma 4 della legge regionale 16/2014, anche a **pSIC** e **ZSC** su richiesta dei Comuni stessi*";

d. l'art. 1 della legge regionale n. 16 del 07/08/2014, commi 4 e 5, non configura un trasferimento definitivo di competenze ma attribuisce espressamente alla Giunta Regionale il compito di definire i criteri per l'attribuzione e la verifica della sussistenza dei requisiti;

e. la Giunta Regionale ha definito tali criteri, da ultimo mediante apposito "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato con D.G.R. n. 229 del 15/05/2024;

f. il Paragrafo 1.9 delle Linee Guida Nazionali per la VIncA ha disposto che "*In ogni caso, in attuazione al D.P.R. 357/97, le Regioni e le Provincie Autonome esercitano un ruolo di coordinamento e verifica sulle attività delle Autorità da esse delegate per la VIncA*";

g. l'Ufficio Speciale Valutazioni Ambientali, quale Autorità regionale competente in materia di VIncA, opera, dunque, con funzioni di indirizzo e controllo sui Comuni delegati ai sensi della L.R. 16/2014, vigilando sulla corretta applicazione delle Linee Guida Nazionali del 2019, delle Linee Guida Regionali per la VIncA in Regione Campania (Linee Guida regionali) approvate da ultimo con D.G.R. n. 280/2021 e del "Disciplinare per la delega ai Comuni all'esercizio delle funzioni in materia di Valutazione di Incidenza" (Disciplinare) approvato da ultimo con D.G.R. n. 229 del 15/05/2024;

h. i comuni delegati esercitano le funzioni in materia di VIncA nel pieno rispetto della normativa e delle disposizioni comunitarie, nazionali e regionali;

i. l'accertamento del venir meno dei requisiti e il mancato rispetto degli obblighi fissati nel Disciplinare legittima l'amministrazione regionale alla revoca dell'atto di delega;

j. è stata attribuita al Comune di Solofra la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini mediante Decreto Dirigenziale n. 189 del 27/06/2016 e n. 84 del 09/06/2020;

ATTESO che

a. per le procedure di valutazione di incidenza screening le Linee Guida Nazionali dispongono al parag. 1.12 che "*la pubblicazione sul sito web dell'avvio del procedimento e della relativa documentazione è affidata alla discrezionalità dell'Autorità competente per la VIncA, in considerazione della consistenza della proposta e della necessità di approfondimenti con i portatori di interesse*";

b. per le procedure di valutazione di incidenza screening l'Autorità regionale competente, nell'esercizio della propria specifica discrezionalità, intendendo garantire il massimo livello di partecipazione, trasparenza e pubblicità anche nell'ambito di tali procedure, al parag. 3.1.2 delle Linee Guida regionali ha stabilito espressamente che "*Il format per lo screening e la documentazione tecnico progettuale saranno pubblicate dall'Autorità competente sulle pagine web istituzionali e nella nota di avvio del procedimento dovrà essere indicato il link dal quale scaricare la documentazione ai fini della espressione del sentito del soggetto gestore; per le procedure di competenza regionale la documentazione sarà pubblicata sulle pagine web regionali dedicate alla VIA- VI- VAS*" e che "*Il parere di screening sarà tempestivamente pubblicato nelle pagine web regionali dedicate alle valutazioni ambientali (http://viavas.regione.campania.it/opencms/opencms/VIAVAS) per le procedure di competenza regionale. Per le procedure di competenza dei Comuni la pubblicazione dovrà essere effettuata in una sezione del sito web istituzionale appositamente dedicata*";

c. per le procedure di valutazione di incidenza appropriata le Linee Guida Nazionali dispongono al parag. 1.12 che "*Le Autorità competenti per la valutazione di incidenza si impegnano alla pubblicazione sui propri siti web, nella fase iniziale del procedimento, di tutte le informazioni rilevanti ai fini del processo decisionale concernenti la proposta da valutare, garantendo la possibilità di presentare eventuali osservazioni alla stessa. Il termine di presentazione delle osservazioni è di 30 gg. a decorrere dal momento di pubblicazione online*";

d. per le procedure di valutazione di incidenza appropriata l'Autorità regionale competente ha stabilito al parag. 3.2.2 delle Linee Guida regionali, recependo le disposizioni delle richiamate Linee Guida nazionali, la specifica procedura da osservare per la pubblicazione e la consultazione del pubblico indicando la modalità di pubblicazione della documentazione minima, ovvero:
   - la comunicazione di avvio del procedimento (all'interno della quale deve essere riportato anche il link al quale è possibile consultare la documentazione relativa all'istanza e la tempistica per le osservazioni di 30 giorni dalla pubblicazione dell'avvio del procedimento);
   - i documenti del P/P/P/I/A;
   - lo Studio o Relazione di Incidenza;
   - gli atti successivi del procedimento (richiesta di integrazioni, integrazioni del proponente, ecc.);

- provvedimento di valutazione appropriata;

e. i comuni delegati, secondo le disposizioni riportate sia nelle Linee Guida regionali sia nel Disciplinare, hanno l'obbligo – al fine di consentire l'espletamento delle attività di controllo – di trasmettere all'Autorità regionale competente entro il mese di febbraio di ogni anno le informazioni sintetiche relative alle procedure concluse nell'anno precedente, predisposte secondo l'apposito modello (REPORT) disponibile sul sito tematico regionale dedicato alle valutazioni ambientali, con espressa indicazione del link al sito internet dove è pubblicata e consultabile la documentazione tecnico/amministrativa relativa all'istanza cui ogni singolo provvedimento di valutazione di incidenza emesso si riferisce;

f. il parag. 5 e il parag. 6 del Disciplinare disciplinano rispettivamente gli obblighi posti in capo ai comuni delegati e i motivi di revoca della delega stessa;

CONSIDERATO che

a. al fine di garantire la consultazione pubblica, ove prevista, al fine di garantire i livelli minimi di pubblicità e partecipazione fissati dalla Giunta Campana e allo scopo, infine, di consentire le dovute attività di controllo da parte dell'Autorità regionale, i Comuni delegati devono rispettare gli obblighi di pubblicità di cui al parag. 1.12 delle Linee Guida Nazionali del 2019 e ai parag. 3.1.2 e 3.2.2 delle Linee Guida Regionali per la VIncA;

b. di tali obblighi è data evidenza sia nelle Linee Guida regionali sia nel Disciplinare sia, infine nei provvedimenti di attribuzione delle deleghe;

c. il mancato rispetto dei suddetti obblighi di comunicazione dei REPORT, di trasparenza, di pubblicità, di partecipazione e consultazione costituisce motivo di revoca della delega ai sensi del parag. 6 del Disciplinare;

CONSIDERATO, altresì, che

a. nell'ambito delle attività di controllo previste dal richiamato Disciplinare e dalle Linee Guida regionali in materia di VINCA, l'Ufficio Valutazioni Ambientali con proprie note prot. n. 0614364 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Salerno), prot. n. n. 614320 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Benevento), prot. n. 614295 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Avellino), prot. n. n. 0604561 del 14/12/2023 (per i Comuni delegati ricadenti nella Provincia di Caserta), prot. n. 0614338 del 20/12/2023 (per i Comuni delegati ricadenti nella Provincia di Napoli) ha sollecitato i Comuni inadempienti a trasmettere i REPORT relativi alle attività svolte negli anni 2022/2023, richiedendo espressamente l'indicazione del LINK alla pagina web ufficiale del comune delegato competente per territorio ove risultassero pubblicati - in ottemperanza agli obblighi di consultazione e pubblicità imposti dalle norme di settore e dalle linee guida regionali - i fascicoli digitali contenenti la documentazione relativa alle istruttorie VINCA svolte;

b. le richiamate note specificavano, altresì, la necessità anche nell'ipotesi in cui non fosse stata svolta nel corso dell'anno 2022 e/o dell'anno 2023 alcuna attività relativa alle valutazioni di incidenza, di darne comunque evidenza mediante apposita comunicazione a mezzo pec;

c. con nota prot. reg. n. 429367 del 13/09/2024 è stato trasmesso un ulteriore sollecito a fornire riscontro alle richieste di cui sopra a tutti i Comuni ancora inadempienti o che avessero fornito un riscontro incompleto, con preavviso di revoca della delega in caso di mancato riscontro;

PRESO ATTO che

a. è pervenuta all'Ufficio Speciale Valutazioni Ambientali - in qualità di autorità regionale competente in materia di VINCA - la nota del MASE – Direzione Generale Tutela della biodiversità e del mare prot. n. 5979 del 15/01/2025 con cui sono state richieste informazioni circa il livello di effettiva attuazione delle

Linee Guida nazionali per la valutazione di incidenza al fine di fornire esaustivo riscontro alle istanze formulate dalla Commissione Europea con riferimento al Pilot denominato "**EUP (2014)6730**".

b. alla luce delle informazioni prodotte dallo scrivente Ufficio Speciale, il MASE con successiva nota prot. n. 38294 del 28/02/2025 ha posto all'attenzione di tutti gli Uffici preposti alla VINCA sul territorio nazionale alcune *considerazioni finalizzate ad una omogenea applicazione delle Linee Guida Nazionali per la Valutazione di Incidenza (VIncA) - Direttiva 92/43/CEE "HABITAT" articolo 6, paragrafi 3 e 4 (GU Serie Generale n.303 del 28-12-2019) recepite ormai su tutto il territorio nazionale* e in particolare, per quanto di interesse nella presente, ha fornito indicazioni concernenti il *monitoraggio costante delle attività svolte dalle autorità eventualmente delegate per la valutazione di incidenza*.

c. con nota prot. n. 45550 dell'11/03/2025, infine, lo stesso MASE a valle della riunione "pacchetto ambiente" tenutasi in data 06 marzo ha informato Regioni e Province autonome competenti in materia di VINCA che in detta sede la Commissione europea:
    - ha *sottolineato nuovamente di ritenere non adeguata la competenza tecnica di alcuni enti delegati da codeste Regioni per lo svolgimento della valutazione di incidenza, in particolare i piccoli Comuni*;
    - ha *comunicato di aver riscontrato carenze nella trasparenza, in particolare nella tempestiva pubblicazione dei procedimenti sui siti web al fine di assicurare al pubblico la possibilità di partecipare presentando osservazioni*, evidenziando *la rilevanza della questione* e rappresentando che il *mancato adempimento costituisce, a parere della scrivente, un fondamentale elemento di valutazione nell'ambito di un eventuale processo di revisione delle deleghe conferite*.

d. con note del 08/06/2026, tenendo conto delle criticità rilevate e delle indicazioni fornite dal MASE, è stato avviato apposito procedimento di revoca della delega per i comuni ancora inadempienti rispetto alla trasmissione dei report relativi agli anni 2022/2023 e, contestualmente, per tutti i comuni che non avessero affatto adempiuto o non avessero correttamente adempiuto a tale obbligo rispetto alle successive annualità 2024 e 2025;

DATO ATTO che

a. il Comune di Solofra ha trasmesso il report relativo alle attività svolte nel 2022 con propria nota prot. n. 3192 del 06/03/2023 senza indicazione del link per la consultazione della documentazione pubblicata;

b. il Comune di Solofra ha trasmesso il report relativo alle attività svolte nel 2023 con propria nota prot. n. 2798 del 28/02/2024 senza indicazione del link per la consultazione della documentazione pubblicata;

c. a seguito di richiesta trasmessa a mezzo pec del 07/03/2024, il Comune di Solofra con propria nota prot. n. 4174 del 27/03/2024 ha trasmesso nuovamente i report delle attività svolte negli anni 2022 e 2023, dichiarando una procedura di Vinca Appropriata conclusa nel 2022 ed una procedura di Vinca screening conclusa nel 2023;

d. con successiva ulteriore comunicazione il Comune di Solofra, con propria nota prot. n. 10504 del 08/08/2024, ha trasmesso il link ad apposita sezione del sito istituzionale dedicata alla Vinca

e. il comune di Solofra con propria nota prot. n. 0003184 del 27-02-2025 ha trasmesso il report delle attività svolte nel 2024;

f. il comune di Solofra con propria nota prot. n. 0001202 del 27-01-2026 ha trasmesso il report delle attività svolte nel 2025;

g. il Comune di Solofra ha ricevuto l'avvio del procedimento di revoca della delega con nota prot. n. 515024/2026 del 08/06/2026, non avendo fornito i report relativi attività svolte negli anni 2024/2025,

che andavano trasmessi al competente Ufficio regionale rispettivamente entro il mese di febbraio 2025 e febbraio 2026;

h. con la nota di avvio del procedimento di revoca del 08/06/2026 veniva data evidenza dei seguenti punti:
   - nei REPORT anni 2024/2025 trasmessi da Montella, Solofra e Volturara Irpina per il 2024/2025 non ci sono i LINK e/o non rispondono al modello richiesto dallo scrivente e/o non dimostrano l'adempimento degli obblighi di pubblicità e consultazione. Nello specifico, il Comune di Solofra ha pubblicato i fascicoli come allegati alle determine di conclusione del procedimento, circostanza che ovviamente NON soddisfa gli obblighi di pubblicità finalizzati alla consultazione preventiva rispetto alla chiusura del procedimento stesso;
   - il REPORT anno 2022 trasmesso con propria nota prot. n. 436 del 02/03/2023 dal Parco Regionale dei Monti Picentini per conto degli associati in quanto ente capofila, risulta insufficiente in quanto:
     - riguarda solo l'anno 2022;
     - non riporta il link alla pagina web in cui sono stati pubblicati i fascicoli ai fini della consultazione;
   - in considerazione delle richieste e dei solleciti già trasmessi dallo scrivente, delle criticità rilevate dal MASE e dell'obbligo di pubblicità recepito fin dal 2021, si evidenzia che nell'ambito del procedimento di revoca in oggetto:
     - NON saranno accolte richieste di proroga dei termini di cui sopra;
     - NON saranno presi in alcuna considerazione riscontri incompleti e/o parziali (ad esempio la mancata indicazione del LINK, l'indicazione dei LINK solo per alcuni degli anni oggetto della richiesta, l'indicazione di un LINK non associato alla pagina web istituzionale dell'ente delegato ma piuttosto ad archivi locali o, ancora, l'indicazione di una pagina web in cui NON risultino pubblicati gli interi fascicoli tecnico-amministrativi ma le sole determine conclusive);
     - NON saranno presi in alcuna considerazione LINK non funzionanti, la cui trasmissione equivarrà dunque ad un mancato riscontro;
     - NON saranno accolte richieste di sospensione del procedimento di revoca nelle more della realizzazione delle pagine web dedicate alla VINCA che, si rammenta, Codesto Ente deve dimostrare di aver già realizzato in maniera corretta fin dal 2021.

i. il Comune di Solofra ha riscontrato il preavviso di revoca con propria nota prot. 0002327/2026 del 15/06/2026, acquisita al prot. reg. n. 0537170/2026 del 15/06/2026;

EVIDENZIATO che

a. il Comune di Solofra non ha trasmesso i report come espressamente richiesto dal competente ufficio regionale;

b. si è provveduto ad esaminare comunque la documentazione pubblicata ai link indicati nella nota prot. n. 0002327/2026 e dalla disamina è emerso, come da documenti conservati agli atti del competente Ufficio regionale, che nella pagina web indicata dall'ente aggiornata in data 10/06/2026:
   - la documentazione è stata pubblicata successivamente all'adozione della determina conclusiva dei singoli procedimenti, come allegato alla determina medesima;
   - manca la documentazione minima prevista dalle linee guida nazionali e regionali (il modulo di screening, ad esempio, non risulta sempre presente, le note di avvio del procedimento complete di link per la consultazione della documentazione relativa alle istanze non sono mai presenti, non sono sempre presenti i sentito resi dai soggetti gestori né la documentazione tecnico-progettuale);
   - dal confronto con le precedenti comunicazioni del medesimo Comune si evince che alcuni documenti dei fascicoli relativi alle pratiche concluse nel 2022/2023/2024 sono stati aggiunti in pubblicazione successivamente alla comunicazione del 08/08/2024;

c. la documentazione resa disponibile dal Comune di Solofra a seguito del preavviso di revoca del 08/06/2026 non è coerente rispetto alle disposizioni di cui alle linee guida nazionali e regionali in materia di pubblicità, trasparenza e partecipazione del pubblico alle procedure di valutazione di incidenza;

RITENUTO

a. che, all'esito dell'istruttoria compiuta, il riscontro fornito dal Comune di Solofra dimostra che lo stesso non ha di fatto correttamente ottemperato agli obblighi di pubblicità, trasparenza e consultazione imposti dalle linee guida nazionali e regionali in materia di valutazione di incidenza;

b. di dover revocare, per le inadempienze e le criticità sopra riportate, la delega all'esercizio delle funzioni in materia di valutazione di incidenza mediante la commissione di esperti istituita presso il Parco Regionale dei Monti Picentini attribuita al Comune di Solofra con Decreto Dirigenziale n. 189 del 27/06/2016 e n. 84 del 09/06/2020;

VISTI

- il D.P.R. n. 357/1997 e ss.mm.ii.;
- la Legge n. 241/1990 e ss.mm.ii.;
- la L.R. 16/2014;
- la L.R. n. 26/2018;
- la D.G.R. n. 229/2024;
- i DD.DD. n. 189/2016 e 84/2020;

Alla stregua dell'istruttoria compiuta dalla funzionaria dott.ssa Adele Del Piano individuata quale Responsabile del procedimento dall'Ufficio Speciale 306 00 00 Valutazioni Ambientali e delle risultanze degli atti richiamati nelle premesse,

D E C R E T A

Per le motivazioni espresse in narrativa che si intendono qui integralmente riportate

1. **DI** revocare la delega in materia di Valutazione di Incidenza attribuita ai sensi dell'art. 1, commi 4 e 5 della L.R. n. 16/2014 al Comune di Solofra con Decreto Dirigenziale n. 189 del 27/06/2016 e n. 84 del 09/06/2020.

2. **DI** stabilire che le istanze di valutazione di incidenza ricadenti nel territorio del Comune di Solofra sono di competenza della Regione Campania – Ufficio Speciale 306 00 00 Valutazioni Ambientali e detto Comune è tenuto a trasmettere entro e non oltre 10 giorni dal ricevimento del presente decreto all'US 306.00.00 mediante il servizio digitale Trasferimento File accessibile mediante identità digitale (SPID/CIE) dalla pagina web https://servizi-digitali.regione.campania.it/TrasferimentoFile l'elenco puntuale delle procedure in corso, con il relativo stato dell'istruttoria in corso e la relativa documentazione agli atti. Entro il medesimo termine è tenuto a comunicare anche l'eventuale assenza di procedure in corso.

3. **DI** disporre la pubblicazione del presente atto sul BURC e sulle pagine web della Regione Campania dedicate alle Valutazioni Ambientali all'indirizzo http://viavas.regione.campania.it/opencms/VIAVAS e ai servizi digitali dedicati all'Ambiente.

4. **DI** rendere noto che ai sensi dell'art. 3, comma 4 della L. n. 241/90 e s.m.i., contro il presente provvedimento è ammessa proposizione di ricorso giurisdizionale avanti il Tribunale Amministrativo Regionale competente per territorio, entro 60 giorni dalla data di avvenuta notifica e/o pubblicazione sul BURC, ovvero ricorso straordinario al Capo dello Stato entro 120 giorni dalla data di pubblicazione sul BURC.

5. **DI** trasmettere il presente atto:
   5.1 al Comune di Solofra;
   5.2 al Parco Regionale dei Monti Picentini in quanto capofila;
   5.3 al Comando Regione Carabinieri Forestale Campania (fna43972@pec.carabinieri.it);
   5.4 al Responsabile della Prevenzione, della Corruzione e della Trasparenza della Giunta Regionale ai fini dell'ottemperanza della L.R. n. 23 del 28.07.2017 (c.d. Casa di Vetro);
   5.5 alla Segreteria della Giunta Regionale della Campania per la pubblicazione sul BURC della Regione Campania anche ai fini degli adempimenti ex D.lgs. 14 marzo 2013, n. 33.

CONSIDERATO che le competenze in materia di energia ai sensi del Decreto-legge 1° marzo 2021, n. 22 sono state trasferite dal Ministero dello sviluppo economico al Ministero della transizione ecologica;

VISTO il decreto-legge 11 novembre 2022, n. 173, recante "Disposizioni urgenti in materia di riordino delle attribuzioni dei Ministeri" e, nello specifico, l'articolo 4 che prevede che il Ministero della transizione ecologica assuma la nuova denominazione di Ministero dell'ambiente e della sicurezza energetica;

VISTA la procura, per atto del Notaio Marco De Luca in Roma, Rep. n. 46497/26980 del 20 Settembre 2021, registrato a Roma in data 1° Ottobre 2021 al n. 23103, Serie 1T, conferita dalla società Terna - Rete Elettrica Nazionale S.p.A. a Terna Rete Italia S.p.A. affinché la rappresenti nei confronti della pubblica amministrazione nei procedimenti autorizzativi;

VISTA l'istanza prot. n. GRUPPO TERNA/P20230124438 del 1° dicembre 2023, corredata della documentazione tecnica delle opere, successivamente integrata con nota prot. P20240039647 del 12 aprile 2024, con la quale Terna Rete Italia S.p.A., società interamente controllata da Terna S.p.A., ha chiesto a questo Ministero il rilascio dell'autorizzazione alla costruzione ed all'esercizio delle varianti delle linee a 380 kV in semplice terna "Montecorvino – Laino 1" e "Montecorvino – Laino 2" in ingresso all'esistente Stazione Elettrica di Montecorvino, nel comune di Montecorvino Rovella, in provincia di Salerno, regione Campania, con dichiarazione di pubblica utilità, urgenza, indifferibilità e inamovibilità delle opere;

CONSIDERATO che, nell'ambito della suddetta istanza, Terna Rete Italia S.p.A. ha chiesto che l'autorizzazione preveda anche:

- ai sensi dell'art. 52 *quater* del T.U. sugli espropri D.P.R. 327/01 e s.m.i., l'apposizione del vincolo preordinato all'imposizione in via coattiva della servitù di elettrodotto sulle aree potenzialmente impegnate dalle linee elettriche;

- ai sensi dell'articolo 6, comma 8, del citato D.P.R. n. 327/2001, la delega alla Società Terna S.p.A. ad esercitare tutti i poteri espropriativi previsti dal D.P.R. 327/2001 e dal D.Lgs. 330/2004, ad emettere e sottoscrivere tutti i relativi atti e provvedimenti e ad espletare tutte le connesse attività necessarie ai fini della realizzazione delle opere;

- ai sensi dell'art. 1-*sexies*, comma 3, del D.L. 239/2003 e s.m.i., l'applicazione delle misure di salvagardia sulle aree potenzialmente impegnate;

CONSIDERATO che l'opera da realizzare, necessaria per aumentare l'affidabilità della RTN e incrementare la sicurezza del trasporto di energia fra Sud e Centro Sud, è prevista nel Piano di Sviluppo della Rete edizione 2020, approvato dal Ministero dell'Ambiente e della Sicurezza Energetica in data 29 dicembre 2022 e confermata nei piani successivi ("Rimozione elementi limitanti el. 380 kV Laino Montecorvino");

CONSIDERATO che il progetto, nello specifico, è costituito dalla realizzazione delle varianti in ingresso all'esistente S.E. di Montecorvino delle linee esistenti a 380 kV denominate "Montecorvino – Laino 1" e "Montecorvino – Laino 2" attraverso la realizzazione di 3 nuovi sostegni e relativi tratti aerei per ciascuna linea:

fonte: http://burc.regione.campania.it

• realizzazione sostegni 252a, 251a e 250a per la linea “Montecorvino – Laino 1” (0,92 km);

• realizzazione sostegni 420a, 419a e 418a per la linea “Montecorvino – Laino 2” (0,87 km);

- A seguito della realizzazione delle opere sopra descritte, sarà possibile demolire degli esistenti tratti aerei e relativi sostegni:

▪ demolizione sostegni 251 e 250 per la linea “Montecorvino – Laino 1”;

▪ demolizione sostegni 419 e 418 per la linea “Montecorvino – Laino 2;

VISTA la summenzionata nota prot. n. GRUPPO TERNA/P20230124438 del 1° dicembre 2023, con la quale la Società proponente ha dichiarato, ai sensi dell’articolo 2, comma 1 del citato D.I. 18 settembre 2006, che il valore stimato delle opere in questione è inferiore a € 5.000.000;

CONSIDERATO che l’intervento in progetto, avendo uno sviluppo totale di circa 2 km, non è soggetto a procedura di "valutazione di impatto ambientale" né a "verifica di assoggettabilità a VIA", ai sensi del D. Lgs. 152/2006 art. 6, commi 6 e 7 ed è stato sottoposto, ai sensi dell'articolo 6, comma 9 del D. Lgs. 152/2006 e s.m.i., a valutazione preliminare, in esito alla quale il Ministero dell’Ambiente e della sicurezza energetica, con nota prot. n. 0107172 del 3 luglio 2023, ha escluso la necessità di ulteriori valutazioni ambientali di cui all'articolo 6, commi 6 e 7 del D. Lgs 152/2006 e s.m.i.;

VISTA la nota prot. n. 79351 del 30 aprile 2024, con la quale questa Amministrazione, a seguito dell’esito positivo della verifica della presenza dei requisiti tecnici ed amministrativi minimi necessari per l’ammissibilità dell’istanza, ha comunicato il formale avvio del procedimento autorizzativo delle opere di cui trattasi, con contestuale indizione della Conferenza di Servizi decisoria in forma semplificata ai sensi dell’articolo 14-bis della legge n. 241/90 e s.m.i;

CONSIDERATO che, ai fini del rilascio dei consensi e dei nulla osta alla realizzazione delle opere in questione, a tutti gli Enti ed Amministrazioni individuati ai sensi dell'art. 120 del citato regio decreto 11 dicembre 1933, n. 1775 è stato comunicato nella predetta nota l’indirizzo *web*, reso disponibile da questo Ministero, cui accedere per acquisire copia del progetto;

PRESO ATTO che la Società ha provveduto, ai sensi della legge n. 241/90 e s.m.i. e del D.P.R. n. 327/2001 e s.m.i., a dare avviso di avvio del procedimento ai soggetti interessati:

- mediante raccomandata A/R online a tutti i proprietari delle particelle interferite dalle opere in autorizzazione fornendone copia, acquista al prot. Mase n. 87174 del 13 maggio 2025;
- successivamente, a seguito dell’impossibilità di reperire dati relativi ad un proprietario, mediante pubblicazione di apposito Avviso per irreperibili per almeno 20 giorni consecutivi a partire dal 13/09/2024 sull’Albo Pretorio del Comune di Montecorvino Rovella, nonché, in data 12/09/2024, sui quotidiani a diffusione nazionale e locale “Il Mattino”, “La Città di Salerno”, “Libero” e “Milano Finanza”;
- mediante comunicazione, altresì, al Comune di Montecorvino Rovella e alla Regione Campania D.G. Sviluppo Economico e Attività Produttive UOD Energia, efficientamento e risparmio energetico, Green Economy e Bioeconomia, con note prot. n. GRUPPO TERNA/P20240053168 del 20/05/2024 e prot. n. GRUPPO

TERNA/P20240052606 del 17/05/2024, del link in ordine all'accesso telematico alle informazioni riguardanti gli elaborati progettuali da mettere a disposizione per eventuale consultazione da parte dei cittadini, ai sensi degli articoli 8, comma 2 lett. d) della legge 241/90, per consentire a tutti i proprietari dei fondi interessati dalla richiesta di apposizione dell'imposizione coattiva delle servitù di elettrodotto, la partecipazione al procedimento amministrativo e la formulazione di osservazioni;

ATTESO CHE, a seguito delle predette comunicazioni, in data 19 giugno 2024, sono pervenute osservazioni da parte alcuni soggetti interessati, cui il Proponente ha fornito il dovuto riscontro, con nota prot. n. GRUPPO TERNA/P20240071499 del 2/07/2024 e nota prot. n. GRUPPO TERNA/P20260060728 del 4/05/2026;

PRESO ATTO della nota prot. n. 7010 del 2 maggio 2024, con la quale il Ministero delle infrastrutture e dei trasporti - D.G. per lo sviluppo del territorio ed i progetti internazionali ha chiesto al comune di Montecorvino Rovella di pronunciarsi in merito all'accertamento della conformità delle opere in oggetto alle prescrizioni dei piani urbanistici ed edilizi vigenti nel territorio dello stesso, non ricevendo tuttavia riscontro dal predetto ente;

PRESO ATTO della nota prot. n. 0013380/2024 del 23 luglio 2024, con la quale l'ufficio Area Tecnica del Comune di Montecorvino Rovella ha comunicato che, per quanto riguarda l'aspetto relativo alla Tutela Paesaggistica, le opere in progetto non interessano aree soggette a vincolo o tutela paesaggistica ai sensi D. Lgs. n. 42/2004 (art. 136, 142), per cui, non risulta che per l'intervento in oggetto debba essere rilasciata Autorizzazione Paesaggistica;

PRESO ATTO della nota prot. n. 0029935-P del 11 dicembre 2024, con la quale la Soprintendenza Archeologica belle arti e paesaggio per le province di Salerno e Avellino ha comunicato, in riferimento alla tutela paesaggistica, la non sussistenza dei presupposti per il rilascio del parere paesaggistico obbligatorio e, in merito alle competenze in materia di tutela archeologica, ha prescritto che la realizzazione dei nuovi sostegni sia subordinata agli esiti di saggi archeologici stratigrafici volti a escludere interferenze archeologiche anche oltre le quote di progetto;

VISTA la nota prot. n. 63272 del 23 marzo 2026, con la quale la Divisione IV "Infrastrutture e impianti di produzione energetici" della Direzione Generale Fonti energetiche e titoli abilitativi del Ministero dell'ambiente e della sicurezza energetica ha comunicato la conclusione positiva della Conferenza sopra citata (***Allegato 1***);

VISTA altresì la successiva nota prot. n. 101846 del 13 maggio 2026, con la quale la Divisione IV "Infrastrutture e impianti di produzione energetici" della Direzione Generale Fonti energetiche e titoli abilitativi del Ministero dell'ambiente e della sicurezza energetica, ad integrazione della summenzionata nota prot. n. 63272 del 23 marzo 2026, ha comunicato, tra l'altro, la trasmissione da parte del Proponente del sopra citato riscontro prot. n. GRUPPO TERNA/P20260060728 del 4/05/2026 all'osservazione del 19 giugno 2024, nonché dello studio di compatibilità geologica, non asseverato, con nota prot. n. GRUPPO TERNA/P20260042888 del 27/03/2026;

RICHIAMATI gli ulteriori pareri, gli assensi e i nulla osta, alcuni con prescrizioni, degli enti e delle amministrazioni competenti ai sensi della vigente normativa, acquisti nell'ambito della

Conferenza di servizi, che formano parte integrante del presente decreto (***Allegato 2***);

VISTA la Deliberazione n. 127 del 10 aprile 2026, con la quale la Giunta della Regione Campania ha adottato l'intesa di cui all'articolo 1-sexies del suddetto decreto-legge n. 239/03;

VISTO l'"Atto di accettazione" prot. n. P20260068475 del 18 maggio 2026, con il quale la società Terna Rete Italia S.p.A. si impegna ad ottemperare alle prescrizioni rilasciate dalle amministrazioni competenti;

CONSIDERATO che la mancata pronuncia da parte delle amministrazioni e dei soggetti convocati a partecipare alla suddetta Conferenza di Servizi è intesa, ai sensi della legge n. 241/1990 e s.m.i., quale parere favorevole o nulla osta;

CONSIDERATO che, ai sensi del combinato disposto degli articoli 14-*quater*, comma 1, L. n. 241/90 e s.m.i. e 1-*sexies*, comma 1, D.L. n. 239/2003, la presente autorizzazione unica sostituisce tutte le autorizzazioni, concessioni, nulla osta o atti di assenso comunque denominati previsti dalle leggi vigenti;

CONSIDERATO che il decreto di autorizzazione alla costruzione ed all'esercizio delle opere ha effetto di variante urbanistica ai sensi dell'art. art. 1- sexies, comma 2, b) del Decreto-legge n. 239/2003;

CONSIDERATO che la pubblica utilità dell'intervento in questione discende dalla funzione pubblica cui gli elettrodotti sono stabilmente deputati, in quanto facenti parte della rete elettrica di trasmissione nazionale;

CONSIDERATO che l'opera da realizzare, necessaria per aumentare l'affidabilità della RTN e incrementare la sicurezza del trasporto di energia fra Sud e Centro Sud, è prevista nel Piano di Sviluppo della Rete edizione 2020, approvato dal Ministero dell'Ambiente e della Sicurezza Energetica in data 29 dicembre 2022 e confermata nei piani successivi ("Rimozione elementi limitanti el. 380 kV Laino Montecorvino");

CONSIDERATA la necessità di accogliere quanto richiesto da Terna Rete Italia S.p.A. in riferimento all'inamovibilità delle opere, atteso che ogni intervento sulle linee elettriche ne comporta necessariamente la disalimentazione e che il sovrapporsi nel tempo di una molteplicità di impreviste modifiche al tracciato è suscettibile di alterare la qualità del trasporto di energia elettrica;

RITENUTO pertanto di dover adottare il provvedimento di autorizzazione, essendosi favorevolmente conclusa l'istruttoria del procedimento;

VISTO l'articolo 6, comma 8, del citato D.P.R. n. 327/2001 che prevede la possibilità, per l'Amministrazione titolare del potere espropriativo, di delegare, in tutto o in parte, l'esercizio del potere medesimo;

VISTA la nota n. TE/P2005004638 del 14 dicembre 2005, con la quale la Società Terna S.p.A. si dichiara disponibile ad accettare la delega per l'esercizio del suddetto potere espropriativo;

VISTI gli atti di ufficio;

DECRETA

Articolo 1

1. È approvato il progetto definitivo relativo alla costruzione ed all'esercizio delle varianti delle linee a 380 kV in semplice terna "Montecorvino – Laino 1" e "Montecorvino – Laino 2" in ingresso all'esistente Stazione Elettrica di Montecorvino, nel comune di Montecorvino Rovella, in provincia di Salerno, regione Campania, con le prescrizioni di cui in premessa.

2. Il predetto progetto sarà realizzato secondo la localizzazione riportata nella planimetria catastale n. DEFR22110B2763677 rev 00 del 4/09/2023, allegata alla documentazione tecnica prodotta dal soggetto richiedente.

Articolo 2

1. La Società Terna S.p.A., con sede in Roma - Viale Egidio Galbani, 70 (C.F. e P.I. 05779661007), è autorizzata a costruire ed esercire le opere di cui all'articolo 1, in conformità al progetto approvato.

2. La presente autorizzazione, ai sensi della norma di cui al comma 1, sostituisce, anche ai fini urbanistici ed edilizi, fatti salvi gli adempimenti previsti dalle norme di sicurezza vigenti, autorizzazioni, concessioni, nulla osta e atti di assenso comunque denominati previsti dalle norme vigenti e acquisiti nel corso della conferenza di servizi indetta ai sensi dell'articolo 14-bis della legge n. 241/1990, anche nella forma del silenzio assenso, sulla base della documentazione oggetto dei lavori della stessa.

3. È fatto obbligo al proponente di acquisire e comunicare alle Amministrazioni autorizzanti, dopo il rilascio del presente provvedimento autorizzativo ed in fase di progettazione esecutiva, ogni ulteriore autorizzazione, concessione, nulla osta e atto di assenso comunque denominato previsto dalle norme vigenti, non acquisito sul progetto definitivo oggetto della succitata conferenza di servizi e non sostituito dalla presente autorizzazione.

4. La presente autorizzazione costituisce titolo a costruire ed esercire le citate opere in conformità al progetto approvato, ha effetto di variante urbanistica e ha inoltre efficacia di dichiarazione di pubblica utilità, urgenza ed indifferibilità ai sensi del D.P.R. n. 327/2001 e successive modifiche e integrazioni.

5. Le opere autorizzate sono inamovibili.

6. La presente autorizzazione costituisce vincolo preordinato all'esproprio dei beni interessati ai fini della realizzazione delle suddette opere ed indicati negli allegati al progetto approvato.

7. Nelle more della realizzazione delle opere, il Comune confermerà, sulla base degli elaborati grafici progettuali, le necessarie misure di salvaguardia sulle aree potenzialmente impegnate ai sensi dell'articolo 1-*sexies* del decreto-legge n. 239/2003 e s.m.i. e dell'articolo 52-*quater*, comma 2 del D.P.R. n. 327/2001, e adeguerà gli strumenti urbanistici comunali.

Articolo 3

La presente autorizzazione è subordinata al rispetto delle prescrizioni contenute negli assensi, pareri e nulla osta allegati al presente decreto (***Allegato 2***).

Articolo 4

1. Tutte le opere devono essere realizzate secondo le modalità costruttive previste nel progetto approvato e in osservanza delle disposizioni delle norme vigenti in materia di elettrodotti.
2. Nel caso in cui, in sede di redazione del progetto esecutivo o in fase di realizzazione delle opere, sia necessario apportare varianti al progetto approvato, si applica quanto previsto dal comma 4-*quaterdecies* dell'articolo 1-*sexies* del D.L. n. 239/2003 e s.m.i.
3. Copia integrale del progetto esecutivo deve essere inviata, a cura di Terna S.p.A., prima dell'inizio dei lavori, alle Direzioni autorizzanti, alle due Direzioni Generali competenti del Ministero delle Infrastrutture e dei trasporti, alla Regione e al Comune interessato, mentre alle società proprietarie delle opere interferite devono essere inviati gli elaborati esecutivi relativi alle sole opere interferenti.
4. Per quanto riguarda la gestione delle terre e rocce da scavo, la società titolare della presente autorizzazione deve attenersi alle disposizioni di cui al decreto del Presidente della Repubblica 13 giugno 2017, n. 120, intitolato "Regolamento recante la disciplina semplificata della gestione delle terre e rocce da scavo, ai sensi dell'articolo 8 del decreto legge 12 settembre 2014, n. 133, convertito, con modificazioni, dalla legge 11 novembre 2014, n. 164."

In attuazione del predetto DPR, se le terre e rocce da scavo risultano escluse dal regime dei rifiuti in quanto conformi ai requisiti di cui all'articolo 185, comma 1, lettera c), del D. Lgs 152/06 e s.m.i., per il riutilizzo delle stesse la società titolare della presente autorizzazione deve attenersi alle disposizioni dell'art. 24 del DPR n. 120/17.

Le terre e rocce da scavo giuridicamente qualificate come rifiuto sono soggette agli obblighi di cui alla Parte IV del D.Lgs. 152/06 e s.m.i.

5. Le opere dovranno essere realizzate nel termine di cinque anni a decorrere dalla data del presente decreto.
6. Al termine della realizzazione delle opere e prima della messa in esercizio, Terna S.p.A. deve fornire alle Direzioni autorizzanti apposita certificazione attestante il rispetto dei limiti di esposizione, dei valori di attenzione e degli obiettivi di qualità stabiliti dal D.P.C.M. 8 luglio 2003. Terna S.p.A. deve comunicare alle Direzioni autorizzanti la data dell'entrata in esercizio delle opere. Per tutta la durata dell'esercizio dei nuovi tratti di elettrodotto, Terna S.p.A. deve fornire i valori delle correnti agli organi di controllo previsti dal D.P.C.M. 8 luglio 2003, secondo le modalità e la frequenza ivi stabilite.
7. Dei suddetti adempimenti, nonché del rispetto degli obblighi di cui all'articolo 3, Terna S.p.A. deve fornire, alle Direzioni autorizzanti, apposita dettagliata relazione.
8. Il Ministero dell'ambiente e della sicurezza energetica provvede alla verifica della conformità delle opere al progetto autorizzato, sulla base delle vigenti normative di settore.
9. Tutte le spese inerenti alla presente autorizzazione sono a carico di Terna S.p.A.

Articolo 5

L'autorizzazione s'intende accordata con salvezza dei diritti dei terzi e sotto l'osservanza di tutte le disposizioni vigenti in materia di linee di trasmissione e distribuzione di energia elettrica. In conseguenza, la Società Terna S.p.A. assume la piena responsabilità per quanto riguarda i diritti dei terzi e gli eventuali danni comunque causati dalla costruzione delle opere di cui trattasi, sollevando l'Amministrazione da qualsiasi pretesa da parte di terzi che si ritenessero danneggiati.

Articolo 6

Ai sensi dell'articolo 6, comma 8, del D.P.R. n. 327/2001 e successive modifiche e integrazioni, è conferita delega alla Società Terna S.p.A., in persona del suo Amministratore Delegato pro tempore, con facoltà di subdelega ad uno o più dirigenti della società e con obbligo di indicare gli estremi della delega in ogni atto e provvedimento che verrà emesso e parimenti dell'atto di subdelega in ogni atto e provvedimento ove la subdelega medesima verrà utilizzata, di esercitare tutti i poteri espropriativi previsti dal D.P.R. n. 327/2001 e dal D.Lgs. n. 330/2004, anche avvalendosi di società controllata, e di emettere e sottoscrivere tutti i relativi atti e provvedimenti ivi inclusi, a titolo esemplificativo e non esaustivo, i decreti di asservimento coattivo, di espropriazione e retrocessione, i decreti di occupazione ex articoli 22, 22-*bis* e 49 del citato D.P.R. n. 327/2001, le autorizzazioni al pagamento delle indennità provvisorie e definitive, e di espletare tutte le connesse attività necessarie ai fini della realizzazione dell'elettrodotto.

Articolo 7

Ai sensi del combinato disposto dell'art. 135 del D.lgs. 2 luglio 2010, n. 104 e dell'art. 32, comma 1, della Legge 18 giugno 2009, n. 69, avverso il presente provvedimento è ammesso ricorso giurisdizionale al TAR Lazio entro e non oltre 60 giorni, decorrenti dalla data di pubblicazione del presente decreto sul sito web del Ministero dell'Ambiente e della Sicurezza energetica.

DIPARTIMENTO PER LA TUTELA DEL PATRIMONIO CULTURALE – DIT
Direzione generale Archeologia, belle arti e paesaggio
Servizio II

in base alla relazione tecnico estimativa, allegata alla suddetta nota prot. 8523/2025, il Parco Archeologico di Pompei ha definito un'indennità provvisoria per la porzione di immobile oggetto della presente procedura di € 51.046,11, comprensiva delle spese di frazionamento necessarie all'acquisizione e dell'eventuale indennità aggiuntiva ex. art. 42 DPR 327/2001 qualora sul fondo in questione sia appurata la sussistenza di un'attività agricola rientrante nelle fattispecie previste da tale articolo;

con nota prot. n. 27597 del 28.07.2025 è stato comunicato alla società Palomba Corporation S.R.L. l'avvio del procedimento di dichiarazione di pubblica utilità ai fini dell'espropriazione della porzione di immobile in questione, notificato dalla scrivente Direzione generale in data 28.07.2025 alla suddetta società tramite PEC;

non sono pervenute osservazioni e controdeduzioni da parte della proprietà nei tempi stabiliti ai sensi dell'art. 5 comma 2 del D.M. 495 del 13.06.1994 rispetto alle tempistiche del D.P.C.M. 18.11.2010, n. 231;

con DDG rep. n. 2254 del 23.12.2025 è stata dichiarata la pubblica utilità finalizzata all'espropriazione della suddetta porzione di immobile, ai sensi dell'articolo 98, comma 1, del D.lgs. n. 42/2004, notificata con prot. n. 47501 del 29.12.2025 alla Palomba Corporation S.R.L. tramite PEC in pari data, comunicazione integrata con PEC del 07.01.2026 con indicazione relativa alla comunicazione dell'indennità provvisoria di competenza del Parco Archeologico di Pompei;

con nota prot. n. 97 del 08.01.2026 il Parco Archeologico di Pompei ha comunicato l'offerta dell'indennità di espropriazione ai sensi dell'art. 20, comma 1, del DPR 327/2001, notificata dal suddetto Istituto alla Palomba Corporation S.R.L. tramite PEC in pari data;

con PEC del 02.02.2026 (prot. n. 1242 del 03.02.2026 del Parco Archeologico di Pompei) la Società Palomba Corporation S.R.L. ha comunicato la propria accettazione della suddetta indennità, comunicando altresì l'esistenza di un contratto di affitto in essere sul fondo in questione, stipulato in data 15.05.2024 con la ditta individuale Azienda Agricola Bosco de Medici di Palomba Giuseppe, P.IVA 07495641214 e richiedendo pertanto al suddetto istituto che i diritti della suddetta ditta siano oggetto di indennità aggiuntiva così come disposto dall'art. 42 del DPR 327/2001;

in merito alla richiesta di frazionamento della particella in oggetto avanzata dalla proprietà, trasmessa con PEC del 01.04.2026 acquisita al prot. n. 3702 del 02.04.2026 del Parco Archeologico di Pompei, con nota prot. n. 3889 del 09.04.2026 il suddetto istituto ha espresso il proprio assenso al frazionamento;

con nota prot. n. 4685 del 27.04.2026, il Parco Archeologico di Pompei ha comunicato l'avvenuto frazionamento, indicando che l'immobile oggetto di esproprio è ora identificato al N.C.T. del Comune di Pompei al foglio 9, p.lla 880 (ex 191/p, 1088 mq). Il suddetto istituto ha altresì confermato l'esistenza del già citato contratto di affitto in essere sul fondo in questione, confermando che tali diritti saranno estinti una volta emanato il decreto di esproprio e saranno oggetto di indennità aggiuntiva così come disposto dall'art. 42 del DPR 327/2021;

con la suddetta nota prot. 4685/2026 il Parco Archeologico di Pompei ha infine richiesto l'emanazione del decreto di esproprio dell'immobile in questione, che si identifica oggi con la particella 880 (corrispondente

all'originaria consistenza della porzione della ex particella 191/p di 1088 mq, oggetto della già citata dichiarazione di pubblica utilità DDG rep. 2254/2025) con la relativa documentazione istruttoria aggiornata;

CONSIDERATO che

la particella in questione (mq 1.088), di forma triangolare, inedificabile, è classificata come seminativo irriguo ed ha accesso dalla Traversa Privata di Via Nolana. Si trova in prossimità del confine orientale del Parco Archeologico di Pompei al di là della linea ferroviaria della Circumvesuviana, a breve distanza dall'anfiteatro e da Porta Sarno, ed è sottoposta a vincolo ai sensi del D.lgs. n. 490 del 29.10.1999 con D.M. n. 26 del 23.04.2002, in quanto in essa "*si trovano i resti archeologici relativi ad una estesa area sepolcrale con due ampi tratti di strada basolata di età romana*";

in base alla relazione archeologica, allegata alla nota prot. n. 8523/2025, nell'area in oggetto alla fine degli anni '90 le attività condotte per il raddoppio del binario della ex-Circumvesuviana sulla linea Napoli-Poggiomarino avevano portato all'individuazione di due estese aree di necropoli. La più antica fase di utilizzo dell'area è antecedente all'età romana, come attestato da alcune sepolture di età sannitica, tra cui tre tombe a cassa in lastroni di travertino collocabili dopo la metà del IV sec. a.C. L'area di sepolture è delimitata ad est da un muro di recinzione e ad ovest dalla presenza di una profonda scarpata. Tutta l'area sembra essere stata gravemente danneggiata dai terremoti occorsi dal 62 d.C. in poi che hanno compromesso la staticità di numerose sepolture e dunque era forse in abbandono nel 79 d.C.;

durante la campagna di scavo del 2024, nella particella in questione è stato messo in luce un monumento funerario con una decorazione ad alto rilievo costituita da una coppia di statue in tufo grigio, una figura maschile e una femminile, quasi a tutto tondo, lavorate in due blocchi separati e inserite in un'edicola con pilastrini laterali. Si tratta di un *unicum* nel contesto pompeiano, databile alla metà del I sec. a.C.;

il rilievo era inserito all'interno di una delle nicchie di una struttura funeraria di cui resta un ampio muro in *opus incertum* rivestito di stucco dipinto. Davanti alla facciata della tomba è stato individuato un livello pavimentale con numerosi resti ceramici che indicano una frequentazione continua dell'area. Davanti alla nicchia corrispondente al rilievo della moglie, una stele femminile scolpita nel tufo segnava il sepolcro. All'interno della stessa nicchia, dietro la stele, è stato rinvenuto un unguentario in vetro, che testimonia il gesto finale di versare olio profumato sulle ossa prima di chiudere l'urna, e un grande frammento di specchio in bronzo. La collocazione critica del monumento funerario, esposto agli agenti atmosferici e ad una forte umidità, ha reso necessario il momentaneo stacco della parte decorativa per interventi di restauro;

l'acquisizione della particella in oggetto risponde al fine di migliorare le condizioni di tutela e conservazione delle succitate evidenze archeologiche e allo scopo di proseguirne lo studio e la ricerca. Inoltre per una futura fruizione e valorizzazione dell'area è previsto il ricollocamento *in situ* del rilievo funerario attualmente oggetto di restauro;

la spesa dell'intera somma di € 51.046,11, di cui € 41.500,00 per l'indennità di esproprio, comprensiva di spese di frazionamento, in favore della proprietà, Palomba Corporation S.R.L., e € 9.546,11 per indennità aggiuntiva ex. art. 42 DPR 327/2001 in favore del fittavolo, Azienda Agricola Bosco de Medici di Palomba

Giuseppe, sarà sostenuta dal Parco Archeologico di Pompei a valere sul Capitolo 2.1.1.050 Impegno n. 175 Bilancio 2025;

Tanto premesso e considerato

DECRETA

1. Le premesse sono parte integrante e sostanziale del presente provvedimento.
2. Per quanto in premesse indicato e considerato, è disposta, ai sensi dell'articolo 95 e seguenti del D.lgs. n. 42/2004, l'espropriazione dell'immobile sito nel Comune di Pompei (NA), con accesso dalla Traversa Privata di via Nolana, identificato al N.C.T. Foglio 9 Particella 880 (ex p.lla 191/p, 1.088 mq), vincolata ai sensi del D.lgs. n. 490 del 29.10.1999 con D.M. n. 26 del 23.04.2002, catastalmente risultante di proprietà della società Palomba Corporation S.R.L., C.F. 03077881211, per la somma complessiva di euro 51.046,11.
3. Ai sensi dell'articolo 23 del DPR n. 327/2001 il presente provvedimento dispone il passaggio del diritto di proprietà del suddetto immobile al Demanio Pubblico dello Stato – ramo archeologico, artistico e storico, verrà notificato alla proprietà ed eseguito con l'immissione in possesso, con la redazione del verbale di cui all'art. 24 del DPR n. 327/2001, a cura del Parco Archeologico di Pompei.
4. Il presente provvedimento è trasmesso agli organi di controllo per il controllo preventivo di legittimità, ai sensi dell'art. 3, comma 1, L. n. 20/1994.
5. La trascrizione e volturazione catastale sono effettuate all'efficacia del presente atto presso il competente ufficio territoriale dell'Agenzia delle Entrate, a cura del Parco Archeologico di Pompei.
6. Un estratto del presente provvedimento è trasmesso entro cinque giorni dal ricevimento, a cura del Parco Archeologico di Pompei, per la pubblicazione nella Gazzetta Ufficiale della Repubblica o nel Bollettino Ufficiale della Regione Campania ai sensi e per gli effetti dell'art. 23, comma 5, DPR n. 327/2001, e notificato ai proprietari ai sensi dell'art. 23, comma 1, lett. g.) del DPR n. 327/2001.
7. La notifica del presente provvedimento può avere luogo contestualmente alla sua esecuzione, ai sensi dell'art. 23, comma 3, DPR n. 327/2001.

Il Responsabile del procedimento ai sensi della L. n. 241/1990 è la dott.ssa Teresa Elena Cinquantaquattro, in qualità di Dirigente del Servizio II Scavi e tutela del patrimonio archeologico della DG-ABAP.

Avverso il presente provvedimento è esperibile il ricorso al Tribunale Amministrativo Regionale competente per territorio nel termine di 60 giorni e con le modalità di cui agli articoli 29 ss. del D.lgs. 2 luglio 2010, n. 104, ovvero ricorso straordinario al Presidente della Repubblica nel termine di 120 giorni e con le modalità di cui al D.P.R. 24 novembre 1971, n. 1199, entrambi decorrenti dalla data di notifica o comunicazione dell'atto o dalla piena conoscenza di esso.

TITOLO I
ELEMENTI COSTITUTIVI
Capo I - Disposizioni generali

Art. 1. IL COMUNE

1. Il Comune di Castelfranci è ente autonomo locale nell'ambito dei principi fondamentali fissati dalla Costituzione e dalle leggi generali della Repubblica italiana e in riferimento ai principi sanciti dalla Carta Europea dell'Autonomia Locale.
2. Si riconosce nei principi democratici e universali della pace e della solidarietà e in un sistema statuale unitario di tipo federativo e solidale, basato sul principio dell'autonomia degli enti locali.
3. Esercita autonomia statutaria, normativa, organizzativa, amministrativa e finanziaria nell'ambito delle leggi e del coordinamento di finanza pubblica.
4. L'autonomia dell'ente si attua in forme adattabili alle sue peculiarità territoriali, demografiche, alle sue caratteristiche e alle esigenze della comunità, ai connotati della sua identità sociale, culturale ed economica, alla specificità e particolarità della sua storia, delle sue tradizioni, dagli usi e costumi.

Art. 2. TERRITORIO

1. Il Comune di Castelfranci, sorto nella Valle del Calore, prevalentemente montano, si estende per 11,69 chilometri quadrati, confinando con i Comuni di: Montemarano, Nusco, Paternopoli e Torella dei Lombardi.
2. Il Palazzo Civico, sede comunale, è ubicato in Piazza Municipio.
3. In via eccezionale e per particolari motivi il Consiglio comunale può riunirsi presso altra sede e differente luogo, previa tempestiva comunicazione alla cittadinanza.
4. La modifica della sede comunale può essere disposta dal Consiglio comunale, previo parere, in seguito a consultazione popolare "per come ***disciplinata dall'Art. 46 e dall'Art. 47 del presente Statuto*.**
5. Il Comune, come sancito dalla Costituzione, è anche ripartizione territoriale della Repubblica e può essere sede del decentramento dei servizi e degli uffici dello Stato centrale, regionali e provinciali.

Art. 3. GONFALONE E STEMMA

1. Il Comune negli atti e nel sigillo si identifica con il nome di Castelfranci.
2. Nelle cerimonie e nelle altre pubbliche ricorrenze, ed ogni qual volta, sia necessario rendere ufficiale la partecipazione dell'Ente, il Sindaco può disporre che venga esibito il Gonfalone con lo stemma del Comune.
3. La Giunta può autorizzare l'uso e la riproduzione dello stemma del Comune per fini non istituzionali soltanto dove sussista un pubblico interesse.
4. Lo stemma del Comune di Castelfranci presenta le forme classiche dell'araldica civica italiana. Lo stemma è

fonte: http://burc.regione.campania.it

identificabile in alto con la tipica corona turrita dei Comuni. Al centro dello stemma è riprodotto un castello merlato alla guelfa, aperto e finestrato, sormontato da elementi decorativi inseriti per richiamare l'origine difensiva del toponimo "Castrum Francum", etimologicamente proveniente da "Castrum de Francis".

Art. 4. FINALITÀ

1. Il Comune promuove lo sviluppo ed il progresso civile, sociale ed economico della comunità di Castelfranci ispirandosi ai valori ed agli obiettivi della Costituzione.
2. Prioritariamente, ispirando la propria azione agli enunciati dell'art. 3 della Carta costituzionale, il Comune, si adopera per rimuovere gli ostacoli di ordine economico e sociale garantendo la massima partecipazione delle cittadine e dei cittadini alla vita sociale, economica e politica della comunità.
3. Il Comune opera, nel suo ambito di iniziativa, per il pieno sviluppo della persona umana e per il superamento degli squilibri esistenti nel proprio ambito e territorio, realizzando una equa distribuzione di interventi, strutture e servizi sull'intero territorio comunale.
4. Incentiva l'applicazione della "valutazione d'impatto generazionale" per ogni atto amministrativo.
5. L'iniziativa privata viene sostenuta e agevolata, come la collaborazione tra pubblico-privato, ai fini esclusivi del bene comune pubblico.
6. L'azione del Comune è ispirata al perseguimento dei seguenti obiettivi:

- rimozione di tutti gli ostacoli che impediscono l'effettivo sviluppo della persona umana e l'eguaglianza degli individui;
- promozione di una cultura di pace e cooperazione internazionale e di integrazione razziale;
- al recupero, tutela e valorizzazione delle risorse naturali, ambientali, storiche, culturali e delle tradizioni locali;
- tutela attiva della persona improntata alla solidarietà sociale, in collaborazione con le associazioni di volontariato e nel quadro di un sistema integrato di sicurezza sociale;
- superamento di ogni discriminazione tra i sessi, anche tramite la promozione di iniziative che assicurino condizioni di pari opportunità;
- promozione delle attività culturali, sportive e del tempo libero della popolazione, con particolare riguardo alle attività di socializzazione giovanile, ed anziana;
- promozione della funzione sociale della iniziativa economica, in particolare nei settori agricolo e artigianale, anche attraverso il sostegno a forme di associazionismo e cooperazione che garantiscano il superamento degli squilibri economici, sociali e territoriali;
- riconoscimento di pari opportunità professionali, culturali, politiche e sociali fra i sessi;
- rispetto e tutela delle diversità etniche, linguistiche, culturali, religiose e politiche, anche attraverso la promozione dei valori e della cultura della tolleranza, nonché mediante l'adozione degli strumenti utili al perseguimento di una totale integrazione fra i popoli;

- promuove forme di partecipazione alla vita pubblica locale dei cittadini dell'Unione Europea e degli stranieri regolarmente soggiornanti.

Art. 5. FUNZIONI PROPRIE

1. Le funzioni proprie del Comune sono individuate dall'impianto legislativo e normativo regionale, nazionale e internazionale per settori organici definititi.
2. L'amministrazione ha il potere e la responsabilità di operare in tutti i campi che riguardano gli interessi della comunità locale svolgendo funzioni politiche, normative, di governo e di amministrazione in collaborazione con gli altri Comuni e con tutti gli enti sovracomunali di vario ordine e grado.
3. Esercitale proprie funzioni amministrative, comprese prestazioni, servizi ed opere, precipuamente nei settori organici dei servizi sociali, dell'assetto ed utilizzazione del territorio e dello sviluppo economico.

Art. 6. FUNZIONI DELEGATE

1. Alla titolarità attribuita al Comune, le leggi nazionali o regionali possono demandare in via provvisoria o definitiva l'esercizio di nuove e altre funzioni riservate ad altri enti.
2. Queste funzioni possono essere esercitate nella misura in cui, non limitino i diritti o gli interessi delle cittadine e dei cittadini, e in generale l'interesse diffuso dell'intera collettività.

Art. 7. DIGNITÀ SOCIALE

1. Il Comune organizzando ed erogando servizi sociali concorre alla definizione di un sistema complessivo di sicurezza e di tutela attiva della persona umana, al fine di assicurare a tutte e tutti una esistenza libera e dignitosa. Esso opera, in tal modo, per la realizzazione di un efficiente servizio di protezione sociale a favore della persona e di supporto alla famiglia, programmando gli interventi ed articolando l'assistenza sociale con particolare riferimento ai bisogni degli anziani, alla tutela della maternità, dei minori, degli invalidi, degli inabili, dei diversamente abili e di tutte le marginalità presenti nel territorio comunale.
2. Nella predisposizione dei servizi di assistenza sociale, valorizza e promuove il volontariato, l'associazionismo e le cooperative di solidarietà.
3. Il Comune provvede ad organizzare ed erogare i servizi, concernenti l'assistenza scolastica con l'obiettivo di garantire in ogni forma e modalità il diritto allo studio, alla formazione professionale e sociale della persona.

Art. 8. CULTURA

1. Il Comune promuove lo sviluppo della cultura in tutte le sue espressioni e la salvaguardia delle tradizioni locali.
2. Tutela il patrimonio storico, librario, artistico, archivistico, architettonico, monumentale ed archeologico.

fonte: http://burc.regione.campania.it

1. Il Consiglio Comunale è dotato di autonomia organizzativa e funzionale e, rappresentando l'intera comunità, delibera l'indirizzo politico-amministrativo ed esercita il controllo sulla sua applicazione.
2. L'elezione, la durata in carica, la composizione e lo scioglimento del Consiglio Comunale sono regolati dalla legge.
3. Il Consiglio Comunale esercita le potestà e le competenze stabilite dalla legge e dallo Statuto e svolge le proprie attribuzioni conformandosi ai principi, alle modalità e alle procedure stabiliti nel presente Statuto e nelle norme regolamentari.
4. Il Consiglio Comunale definisce gli indirizzi per la nomina e la designazione dei rappresentanti del Comune presso enti, aziende e istituzioni e provvede alla nomina degli stessi nei casi previsti dalla legge. Detti indirizzi sono valevoli limitatamente all'arco temporale del mandato politico-amministrativo dell'organo consiliare.
5. Il Consiglio Comunale conforma l'azione complessiva dell'ente ai principi di pubblicità, trasparenza e legalità ai fini di assicurare imparzialità e corretta gestione amministrativa.
6. Gli atti fondamentali del Consiglio devono contenere l'individuazione degli obiettivi da raggiungere nonché le modalità di reperimento e di destinazione delle risorse e degli strumenti necessari.
7. Il Consiglio Comunale ispira la propria azione al principio di solidarietà.
8. Il Consiglio comunale si riunisce in via ordinaria, straordinaria e di urgenza come stabilito dalla legge, dallo Statuto e dal Regolamento.
9. In caso di richiesta di convocazione da parte di un quinto dei Consiglieri assegnati, il Presidente del Consiglio è tenuto a riunire il Consiglio comunale nei termini stabiliti dal Regolamento comunale, inserendo all'ordine del giorno le questioni richieste, sempre che trattasi di materie di competenza del Consiglio.

Art. 18. POTERI, DOVERI E DIRITTI DEL CONSIGLIERE

1. Il Consigliere ha diritto di iniziativa su ogni questione sottoposta alla competenza deliberativa del Consiglio comunale. Ha il diritto di presentare interrogazioni,interpellanze e mozioni su argomenti che interessano la vita del Comune. L'esercizio di tali diritti è disciplinato dal Regolamento.
2. Per l'espletamento del proprio mandato il Consigliere ha diritto di ottenere dagli uffici del Comune tutte le informazioni e notizie in loro possesso. In particolare, devono essere depositati e messi a disposizione del Consigliere tutti gli atti e documenti relativi agli argomenti all'ordine del giorno delle sedute del Consiglio comunale, ai fini dell'effettivo esercizio delle sue funzioni.
3. Le forme e i modi per l'esercizio di tale diritto sono disciplinati da apposito Regolamento interno del Consiglio comunale.
4. Le aspettative, i permessi, le indennità ed i rimborsi delle spese sono stabiliti dalla legge.
5. I Consiglieri sono organizzati in gruppi consiliari. Il gruppo consiliare può essere costituito anche da un

3. La seduta è pubblica e la votazione è palese e ad essa possono partecipare i Consiglieri delle cui cause ostative si discute.
4. Per la validità dell'adunanza e delle deliberazioni si applicano le norme previste dall'art. 21 del presente Statuto.

Art. 21. CONVOCAZIONE DEL CONSIGLIO COMUNALE

1. Le adunanze del Consiglio comunale sono convocate dal Sindaco o, se previsto, dal Presidente del Consiglio o da chi ne fa le veci mediante avvisi scritti con l'indicazione del giorno della seduta e degli argomenti da trattare.
2. Gli avvisi di convocazione per le riunioni ordinarie devono essere consegnati ai Consiglieri almeno cinque giorni prima della seduta e per le riunioni straordinarie, almeno tre giorni prima dello stesso termine.
3. Nei casi di urgenza gli avvisi devono essere consegnati almeno ventiquattrore prima della riunione del Consiglio, ma in questo caso, se la maggioranza dei Consiglieri presenti lo richieda, ogni deliberazione, può essere differita al giorno seguente.
4. La consegna degli avvisi di convocazione, deve effettuarsi mediante modalità che ne attestino l'effettiva consegna da parte del Comune.
5. Il Consiglio può riunirsi in seconda convocazione quando la prima seduta sia stata dichiarata deserta o non abbia raggiunto il numero legale.
6. Le sedute del Consiglio comunale, di prima convocazione, sono valide quando risultano presenti in aula la metà dei Consiglieri assegnati, salvo che sia richiesta una maggioranza qualificata. Al momento della votazione, nelle sedute di prima convocazione, deve essere presente la metà dei Consiglieri assegnati. Ove tale numero non sia raggiunto, la seduta è dichiarata deserta per tutti gli argomenti di prima convocazione. La seduta può proseguire se nell'ordine del giorno sono inseriti argomenti di seconda convocazione.
7. Norme specifiche per la verifica del numero legale, che è sempre presunto, e per il calcolo della maggioranza negli scrutini delle votazioni, sono contenute nel Regolamento interno del Consiglio comunale.
8. Il Consiglio non può deliberare, in seduta di seconda convocazione, su proposte non comprese nell'ordine del giorno della seduta di prima convocazione, ove non vi sia stato dato avviso nei modi e termini stabiliti dai commi precedenti.
9. Non concorrono a determinare la validità dell'adunanza: i Consiglieri tenuti obbligatoriamente ad astenersi; coloro che escono dalla sala prima della votazione; gli assessori comunali non facenti parte del Consiglio comunale.

Art. 22. COMMISSIONI

fonte: http://burc.regione.campania.it

1. Il Consiglio Comunale può istituire, con apposita deliberazione, commissioni permanenti, temporanee o speciali, per fini di controllo, di indagine, di inchiesta, di studio. Dette commissioni sono composte da Consiglieri Comunali, con criterio proporzionale tra i gruppi di maggioranza ed opposizione. Per quanto riguarda le commissioni aventi funzione di controllo e di garanzia, la presidenza è attribuita ai Consiglieri appartenenti a gruppi di opposizione.
2. Il funzionamento, la composizione, i poteri, l'oggetto e la durata delle commissioni verranno disciplinate con apposito regolamento.
3. La delibera di istituzione dovrà essere adottata a maggioranza assoluta dei componenti del Consiglio.

Art. 23. COMMISSIONI CONSULTIVE DI PARTECIPAZIONE

1. Al fine di incentivare la partecipazione della cittadinanza alla cosa pubblica, il Consiglio Comunale può istituire, con apposita deliberazione, Commissioni consultive di partecipazione, su temi di interesse pubblico e collettivo.
2. Queste commissioni sono composte da Consiglieri Comunali, con criterio proporzionale tra i gruppi di maggioranza ed opposizione.
3. Dette Commissioni hanno la funzione di consultazione e di proposta.
4. Il funzionamento, la composizione, i poteri, l'oggetto e la durata delle commissioni verranno disciplinate con apposito regolamento.
5. La delibera di istituzione dovrà essere adottata a maggioranza assoluta dei componenti del Consiglio.

Art. 24. VALIDITÀ DELLE DELIBERAZIONI

1. Le deliberazioni sono valide se ottengono la maggioranza assoluta dei votanti,salvo i casi per i quali la legge o Statuto o Regolamento prevedano una maggioranza diversa.
2. In caso di parità di voti, la proposta si intende non approvata.
3. Gli astenuti e i Consiglieri comunali che non partecipano alla votazione, pur non allontanandosi dall'aula, non vengono computati nel numero dei votanti.
4. Le schede bianche e nulle vengono computate per determinare la maggioranza dei votanti.

Art. 25. PUBBLICITÀ DELLE SEDUTE

1. Le sedute del Consiglio comunale sono pubbliche.
2. Il Regolamento del Consiglio prevede i casi in cui le sedute devono essere tenute in forma segreta.

Art. 26. PRESIDENZA DEL CONSIGLIO COMUNALE

3. Il Presidente è garante del Regolamento comunale.

Art. 27. DELIBERAZIONI DEGLI ORGANI COLLEGIALI

1. Le deliberazioni degli organi collegiali sono assunte, di regola, con votazione palese. Sono da assumere a scrutinio segreto le deliberazioni concernenti persone, quando venga esercitata una facoltà discrezionale fondata sull'apprezzamento delle qualità soggettive di una persona o sulla valutazione dell'azione da questi svolta.
2. L'istruttoria e la documentazione delle proposte di deliberazione avvengono attraverso i responsabili degli uffici. La verbalizzazione degli atti e delle sedute del Consiglio e della Giunta è curata dal Segretario Comunale, secondo le modalità ei termini stabiliti dal regolamento per il funzionamento del Consiglio.
4. Il Segretario Comunale non partecipa alle sedute quando si trova in stato di incompatibilità. In tal caso è sostituito in via temporanea da uno dei Responsabili degli uffici e dei servizi.
5. I verbali delle sedute sono firmati dal Presidente e dal Segretario.
6. Su ogni proposta di deliberazione sottoposta alla Giunta o al Consiglio, che non sia mero atto di indirizzo, deve essere richiesto il parere in ordine alla sola regolarità tecnica del responsabile del servizio interessato e, qualora comporti impegno di spesa o diminuzione di entrata, del responsabile di ragioneria in ordine alla regolarità contabile. I pareri sono inseriti nella deliberazione.
7. Nel caso in cui il Comune non abbia funzionari responsabili dei servizi, il parere è espresso dal Segretario Comunale, in relazione alle sue competenze.
8. I soggetti di cui al comma 5 rispondono in via amministrativa e contabile dei pareri espressi.
9. Il processo verbale è approvato dal Consiglio comunale nella successiva seduta. Il Consigliere può chiedere la rettifica delle parti che direttamente riguardano i suoi interventi e delle singole posizioni assunte su ogni argomento iscritto all'ordine del giorno in relazione all'atto deliberativo assunto.

Art. 28. REGOLAMENTO INTERNO

1. Le norme relative all'organizzazione ed al funzionamento del Consiglio comunale sono contenute in un Regolamento approvato a maggioranza assoluta dei Consiglieri assegnati al Comune.
2. La stessa maggioranza è richiesta per le modificazioni parziali (articolo, comma, più articoli) del Regolamento.

Capo II – La Giunta Comunale

Art. 41. VALORIZZAZIONE DELLE LIBERE FORME ASSOCIATIVE

1. Il Comune valorizza le libere forme associative operanti nel Comune, con o senza personalità giuridica.
2. La valorizzazione delle libere forme associative, da parte del Comune, può avvenire mediante concessione di contributi finalizzati, concessione in uso di locali o terreni, di strutture o immobili di proprietà del Comune volte a favorire lo sviluppo economico, sociale e culturale della comunità, secondo i criteri e le modalità stabilite dal regolamento.
3. Al fine di rendere operativa ed effettiva la partecipazione delle libere forme associative, all'attività dell'Amministrazione, il Comune assicura il diritto di accesso alle strutture ed ai servizi comunali.
4. Gli ausili di carattere finanziario, organizzativo e strutturale possono essere prestati in riferimento alla complessiva attività svolta da ciascuna associazione ed in considerazione del suo concorrere al soddisfacimento di interessi collettivi, oppure in relazione a singole iniziative d'interesse generale poste in essere dalle formazioni sociali, o, ancora, a mezzo di convenzioni disciplinanti i rapporti tra l'ente e le associazioni che si impegnassero a prestare servizi di utilità sociale.

Art. 42. PARTECIPAZIONE ALLA GESTIONE DEL SOCIALE

1. Il Comune, ai fini della gestione di servizi sociali senza scopi di lucro, può costituire un ente di terzo settore quale organismo strumentale dotato di autonomia gestionale.
2. La gestione di tale ente può essere affidata anche ad associazioni, aventi statutariamente fini analoghi a quelli del Comune, privilegiando le organizzazioni di volontariato e le associazioni che perseguono, senza scopo di lucro, finalità umanitarie e sociali.
3. Lo Statuto ed il regolamento dell'ente determinano funzioni e competenze degli organi nonché i criteri e i requisiti di funzionamento, nel rispetto delle disposizioni legislative.

Art. 43. ORGANISMI DI PARTECIPAZIONE

1. Il Comune può adottare iniziative autonome al fine di promuovere organismi di partecipazione dei cittadini rappresentative delle forze produttive, economiche, sociali e culturali.
2. Promuove la costituzione di Consulte in vario ambito valorizzando l'eterogeneità della comunità, delle sensibilità sociali, economiche, culturali, sportive e associative.
3. Gli organismi di partecipazione sono, secondo le specifiche competenze, chiamati ad esprimere parere consultivi scritti, entro i termini fissati dal regolamento o da apposte deliberazioni, su tutte le questioni di rilevante interesse che l'amministrazione vorrà loro sottoporre.

Art. 44. PARTECIPAZIONE ATTIVA ALLE ATTIVITÀ AMMINISTRATIVE

1. Il Comune, nel procedimento relativo all'adozione di atti che incidono su situazioni giuridiche soggettive, informa gli interessati (che possono essere singoli individui, persone giuridiche pubbliche e private,

nonché le altre forme associative, che possono essere incisi nelle loro situazioni soggettive dal provvedimento conclusivo del procedimento), comunicando ad essi il contenuto delle decisioni adottate.

2. L'informazione è d'obbligo in materia di uso e gestione del suolo e del sottosuolo, di piani commerciali, in materia di ambiente e di ogni altra opera di pubblico interesse.
3. Il Comune, anche al fine di garantire la massima trasparenza ed imparzialità degli atti amministrativi nell'interesse comune e degli stessi destinatari, prevede l'intervento degli interessati, qualora possa loro derivare un pregiudizio dal provvedimento.
4. Gli interessati possono intervenire in corso del procedimento, al solo fine di verificare il determinarsi o meno dell'interesse pubblico, che nel caso concreto deve essere perseguito, e che può essere individuato in virtù della ponderazione di tutti gli interessi pubblici e privati compresenti nella fattispecie concreta, sulla quale l'atto amministrativo andrà ad incidere.
5. Il Comune darà motivazione del contenuto degli interventi degli interessati negli atti formali idonei per le decisioni dell'Amministrazione.
6. Fatti salvi i casi in cui la partecipazione al procedimento è disciplinato dalla legge, il Comune è obbligato a dare notizia dell'avvio del procedimento amministrativo agli interessati di cui al primo comma del presente articolo mediante comunicazione nella quale devono essere indicati l'ufficio, l'oggetto dello stesso e le modalità per prendere visione degli atti.
7. Qualora, per il numero dei destinatari, la comunicazione personale non sia possibile o risulti particolarmente gravosa, l'amministrazione provvede a rendere noti gli elementi di cui al precedente comma, mediante idonee forme di pubblicità, di volta in volta stabilite dall'amministrazione stessa.

Art. 45. CONCERTAZIONE IN ATTI E CONTRATTI

1. Al fine di evitare controversie, e senza recare pregiudizio a diritti di terzi e mai in contrasto con il pubblico interesse, il procedimento potrà concludersi con appositi accordi tra l'amministrazione e gli interessati, stipulati per atto scritto a pena di nullità, onde determinare discrezionalmente il contenuto del provvedimento finale.
2. Tali accordi sostitutivi di provvedimenti sono soggetti ai medesimi controlli previsti per questi ultimi e devono osservare, ove non diversamente previsto, la disciplina del codice in materia di obbligazioni e contratti, in quanto compatibile, anche se le eventuali controversie, in materia di formazione, conclusione ed esecuzione, restano riservate alla giurisdizione esclusiva del giudice amministrativo.
3. Per sopravvenuti motivi di pubblico interesse, l'amministrazione può recedere unilateralmente dall'accordo, salvo l'obbligo di provvedere alla liquidazione di un indennizzo in relazione agli eventuali pregiudizi verificatisi in danno del privato.

Art. 46. ISTANZE, PROPOSTE, PETIZIONI POPOLARI

4. I responsabili degli uffici e dei servizi rispondono direttamente dell'attuazione dei fini e dei programmi fissati dall'amministrazione e del raggiungimento degli obiettivi in termini di qualità, quantità e tempestività, del buon andamento degli uffici e dei servizi cui sono preposti, del rendimento e della disciplina del personale assegnato alle loro dipendenze, della buona conservazione del materiale in dotazione.
5. Spettano, inoltre, ai responsabili degli uffici e dei servizi, tutti i compiti, compresa l'adozione di atti che impegnano l'amministrazione verso l'esterno e che le leggi ed il presente Statuto non riservino agli organi di governo dell'ente.

Art. 65. PARERI PREVENTIVI

1. I pareri di regolarità tecnica e contabile resi ai sensi dell'art.49 del T.U.E.L., devono essere inseriti nella deliberazione e regolarmente sottoscritti.
2. I pareri di regolarità tecnica sono resi dal responsabile dell'ufficio per quanto attiene delibere ed atti riguardanti l'ufficio stesso.
3. I pareri di regolarità contabile sono resi dal responsabile dell'ufficio di ragioneria inquadrato nella categoria D1 o D3.
4. Nel caso in cui il Comune non abbia i responsabili dei servizi, il parere è espresso dal Segretario comunale, in relazione alle sue competenze.
5. I pareri di cui ai commi precedenti possono essere favorevoli e sfavorevoli. Quando sono favorevoli non necessitano di nessuna particolare motivazione; quando non sono favorevoli, invece, devono indicare le disposizioni legislative violate.
6. L'attestazione dell'esistenza della relativa copertura finanziaria è rilasciata dal responsabile del servizio finanziario.

Art. 66. GLI UFFICI COMUNALI

1. L'organizzazione strutturale del Comune è di tipo funzionale, modulata sull'attività per obiettivi che concretamente deve essere svolta.
2. Gli uffici sono organizzati in modo che sia assicurata la flessibilità e l'elasticità delle strutture, con un lavoro non per singoli atti ma in relazione ai progetti che devono essere realizzati ed agli obiettivi che devono essere conseguiti, superando la separazione rigida delle competenze nella divisione del lavoro.
3. L'organizzazione strutturale deve essere aperta, per consentire apporti specialistici esterni ed integrata,

fonte: http://burc.regione.campania.it

per evitare la frattura tra i vari settori operativi, secondo la logica unitaria del programma di attività.

4. L'amministrazione per atti è residuale ed impronta solo quei servizi che non possono essere organizzati per progetti, programmi e per obiettivi.
5. L'organizzazione del lavoro si articola sull'analisi e sull'individuazione delle produttività, dei carichi di lavoro ottimali e del grado di efficacia dell'attività svolta da ciascun dipendente dell'ufficio e del servizio.

Art. 67. INCARICHI ESTERNI, COLLABORAZIONI ESTERNE

1. La copertura dei posti di responsabile degli uffici e dei servizi o dei settori di categoria D1 o D3 può avvenire mediante a tempo determinato, nel rispetto dell"articolo 110, comma 1, del T.U.E.L.
2. Fermi restando i requisiti richiesti per la categoria e il profilo professionale da ricoprire, gli incarichi a contratto di cui al precedente comma sono conferiti previa selezione pubblica volta ad accertare, in capo ai soggetti interessati in possesso di comprovata esperienza pluriennale e specifica professionalità nelle materie oggetto dell'incarico.
3. I contratti previsti e disciplinati dal presente articolo non possono avere una durata superiore al mandato elettivo del sindaco in carica e sono risolti d diritto nel caso in cui il Comune dichiari il dissesto o venga a trovarsi nelle situazioni strutturalmente deficitarie.

TITOLO VII
RAPPORTI CON ENTI E STRUTTURE SOVRACOMUNALI

Capo I – Principi dei rapporti con Enti e strutture sovracomunali

Art. 68. RAPPORTI CON LE AUTONOMIE LOCALI

1. Per il migliore raggiungimento degli obiettivi di sviluppo il Comune di Castelfranci nell'esercizio dei propri compiti istituzionali e nell'espletamento ottimale dei servizi conforma la propria attività amministrativa al principio della cooperazione e della collaborazione, oltre che al principio associativo, con le altre autonomie locali, sia di pari livello, sia di livello superiore.
2. In particolare, attua le disposizioni della legge regionale che disciplina la cooperazione dei Comuni e delle Province, al fine di realizzare un efficiente sistema delle autonomie locali al servizio dello sviluppo economico sociale e civile.
3. Il Comune, congiuntamente alla Provincia di Avellino, concorre alla determinazione degli obiettivi contenuti nei piani e programmi dello Stato e della Regione nella fase ascendente della programmazione e provvede, per quanto di propria competenza, alla loro specificazione ed attuazione.
4. Il Comune collabora con la Provincia, sulla base dei programmi della Provincia stessa, per attuare attività e realizzare opere di rilevante interesse sovracomunale, sia nel settore economico, produttivo,

commerciale e turistico, sia in quello sociale, culturale e sportivo.

5. Il Comune si avvale del servizio, di competenza della Provincia, di raccolta ed elaborazione dati e di assistenza tecnico-amministrativa agli enti locali.
6. Il Comune si avvale di tutti gli strumenti e forme di collaborazione dell'Anci.

Art. 69. FORME DI COOPERAZIONE

1. Nell'espletamento di funzioni e servizi di interesse comune, il Comune si avvale di forme di cooperazione. A tal fine il Consiglio comunale adotta apposito atto amministrativo generale che disciplina il contenuto essenziale del rapporto.
2. Rientrano in questa fattispecie le seguenti forme: accordo amministrativo, conferenze di servizi e le convenzioni volontarie.
3. Previa deliberazione del Consiglio, il Comune può promuovere e determinare forme di cooperazione sottoforma di: consorzio di servizi, l'associazione consortile, la partecipazione e promozione di fondazioni, la fusione di servizi sovracomunali, fino alla realizzazione dell'Unione con altre realtà comunali.

Art. 70. GEMELLAGGI

1. Il Comune di Castelfranci, consapevole della sua collocazione di ente territoriale inserito in un più ampio contesto europeo e nella prospettiva di una Europa politicamente ed economicamente unita, è aperto a forme di gemellaggio, di cooperazione e di scambio, politico, culturale e sociale con enti locali di altri paesi d'Europa.
2. Il Comune promuove iniziative di gemellaggio e di scambio al fine di sviluppare le sensibilità dei cittadini per un comune impegno europeo e di intensificare i rapporti di solidarietà tra le comunità locali d'Europa, sottolineando così il ruolo delle autonomie territoriali nell'ambito del processo d'integrazione.
3. Il Comune, vista la sua diaspora plurisecolare, incentiva e promuove gemellaggi e collaborazioni con comunità territoriali, Comuni e realtà associative di castellesi nel mondo.

TITOLO VIII
DISPOSIZINI FINALI E TRANSITORIE

Capo I – Potestà statutaria e regolamentare

Art. 71. OGGETTO DELLO STATUTO

1. Lo Statuto del Comune di Castelfranci, nell'ambito dei principi fissati dalla legge, è costituito da: il preambolo; ledisposizionigenerali,iprincipigeneralieprogrammaticiperl'organizzazionedell'ente, la

determinazione delle finalità e degli obiettivi preminenti;organismi istituzionali del Comune, le attribuzioni degli organi e la predeterminazione dei rapporti tra essi;ordinamento finanziario e contabile; l'ordinamento amministrativo del Comune; principi dei rapporti intersoggettivi tra il Comune ed altri enti; le forme e i modi della partecipazione popolare.

2. La disciplina statutaria si ispira al principio della completezza del quadro normativo e della certezza del diritto locale.
3. Allo Statuto devono conformarsi tutti gli atti normativi del Comune e tutti gli atti di competenza dei responsabili degli uffici e dei servizi.

Art. 72. PROCEDIMENTO DI APPROVAZIONE DELLO STATUTO

1. Lo Statuto è deliberato dal Consiglio comunale in seduta pubblica e con voto palese. La deliberazione deve ottenere il voto favorevole dei due terzi dei consiglieri assegnati all'ente.
2. Qualora tale maggioranza qualificata non venga raggiunta, la votazione viene ripetuta in successive sedute da tenersi entro trenta giorni e lo Statuto è approvato se ottiene per due volte il voto favorevole della maggioranza dei consiglieri assegnati.

Art. 73. CONTROLLO, PUBBLICAZIONE, ESECUTIVITÀ DELLO STATUTO

1. Lo Statuto, una volta approvato dal Consiglio comunale, deve essere pubblicato sull'Albo pretorio del Comune per trenta giorni consecutivi ed entrerà in vigore decorsi trenta giorni dalla sua pubblicazione.
2. Lo Statuto va trasmesso al Ministero dell'Interno e alla Regione Campania.

Art. 74. REVISIONE DELLO STATUTO

1. Le deliberazioni di modifica ed integrazione dello Statuto anche riguardanti singoli articoli sono approvate con le stesse modalità e procedure previste per la sua adozione, purché siano trascorsi almeno sei mesi dall'entrata in vigore dello Statuto o dall'ultima revisione.
2. OgniiniziativainmateriadirevisionestatutariarespintadalConsigliocomunalenonpuò essere riproposta, se non sia decorso un anno dalla sua reiezione.

Art. 75. FUNZIONE NORMATIVA DEL COMUNE

1. Il Comune, nelle materie nelle quali ha competenza, dispone di potestà normativa regolamentare da esercitare nel rispetto delle norme di legge generale e delle disposizioni statutarie.
2. I piani ed i programmi, generali e settoriali, i regolamenti e le ordinanze generali sono predisposte dalla Giunta di sua iniziativa o su mandato del Consiglio, che, in tal caso, ne definisce l'oggetto, ne delinea i principi ed i criteri direttivi.

fonte: http://burc.regione.campania.it

3. I regolamenti di organizzazione e di funzionamento del Consiglio e della Giunta sono predisposti e deliberati dall'organo al quale si riferiscono.
4. Tutti gli atti programmatici e normativi del Comune sono integralmente pubblicati nelle piattaforme e nei Bollettini ufficiali, come previsto per legge.

Art. 76. POTESTÀ REGOLAMENTARE NORMA TRANSITORIA

1. Il Comune, nel rispetto della legge e del presente Statuto, adotta, ai sensi di legge, il regolamento generale di contabilità ed il regolamento per la disciplina generale dei contratti dell'ente.
2. Il Comune adotta, entro il termine di un anno, specifici regolamenti per: l'organizzazione ed il funzionamento delle istituzioni e degli organismi di partecipazione; il funzionamento degli organi degli uffici; l'esercizio delle funzioni e dei servizi; la disciplina di ogni altra materia prevista dalla legge e dal presente Statuto.
3. I regolamenti comunali attualmente in vigore, continuano ad applicarsi se compatibili con il presente Statuto.
4. Entro un anno dall'entrata in vigore del presente Statuto, il Comune procederà alla revisione dei regolamenti già vigenti per adeguarli alle nuove disposizioni statutarie ed all'elaborazione di quelli previsti dallo Statuto stesso.

Art. 77. AMBITO DI APPLICAZIONE DEI REGOLAMENTI COMUNALI

1. L'esercizio della potestà regolamentare è espressione dell'autonomia politica e normativa del Comune.
2. I regolamenti, ai sensi dei principi generali dell'ordinamento giuridico incontrano i seguenti limiti:

a. non possono contenere disposizioni in contrasto con le norme ed i principi costituzionali, con le leggi ed i regolamenti statali e regionali e con il presente Statuto;
b. la loro efficacia è limitata all'ambito comunale;
c. non possono disporre che per l'avvenire, non potendo avere efficacia retroattiva, salvi i casi di deroga espressa, motivata da esigenze di pubblico interesse;
d. non sono abrogati che da regolamenti posteriori per dichiarazione espressa dal Consiglio comunale o per incompatibilità tra le nuove disposizioni e le precedenti perché il nuovo regolamento regola l'intera materia già disciplinata dal regolamento anteriore.

Art. 78. PROCEDIMENTO DI FORMAZIONE ED APPROVAZIONI DEI REGOLAMENTI

1. L'iniziativa dei regolamenti spetta alla Giunta, ma anche a ciascun consigliere ed ai cittadini, nelle forme previste per l'esercizio del diritto di iniziativa popolare.
2. Nella formazione dei regolamenti possono essere consultati i soggetti interessati onde consentire agli stessi la presentazione di osservazioni o memorie in merito ed al fine di favorire la partecipazione.

fonte: http://burc.regione.campania.it

3. I regolamenti sono approvati dal Consiglio comunale, con voto palese ed a maggioranza assoluta dai suoi componenti. Per l'approvazione dei singoli articoli è sufficiente la maggioranza dei presenti.
4. I regolamenti entrano in vigore, previa pubblicazione nell'Albo pretorio del Comune, come disposto dalla legge vigente.

Art. 79. RINVIO

1. Per quanto non previsto dal presente Statuto, si rinvia alle disposizioni del TEUL e alla legislazione vigente.

il Direttore Generale della Direzione Generale del Ministero dell'Ambiente e della Tutela del Territorio e del Mare (oggi MASE) ha fornito indirizzi operativi per la procedura di applicazione dei commi 4-bis e 4-ter dell'art.68 del D.Lgs. n.152 del 2006 per tutti i casi in cui si verifichino le fattispecie indicate nel medesimo art. 68;

Considerato che, sulla base degli elementi a scala di dettaglio acquisiti a seguito degli approfondimenti del quadro conoscitivo sull'assetto geologico-geomorfologico scaturiti dal sopralluogo urgente effettuato in data 04/12/2025 (cfr. prott. AdB nn. 42617/25 42803/25) a seguito dell'innesco di una frana a cinematica rapida, occorsa nella serata del 25/11/2025, in agro dei comuni di Ospedaletto D'Alpinolo (AV) e Mercogliano (AV), la Segreteria Tecnica Operativa ha ritenuto di riesaminare i livelli di attenzione/rischio di frana per l'area di interesse;

Vista la proposta di modifica della perimetrazione e/o classificazione delle aree di pericolosità /rischio di frana elaborate dalla Segreteria Tecnica Operativa dell'Autorità di Bacino Distrettuale dell'Appennino Meridionale sulla base degli esiti delle attività istruttorie condotte;

Rilevato che la suddetta proposta di modifica alla perimetrazione e/o classificazione delle aree a rischio/attenzione da frana, derivante da approfondimenti del quadro conoscitivo, rientra nella fattispecie prevista dal comma 4 bis dell'articolo 68 del D.Lgs. n. 152 del 2006 e s.m.i., così come integrato dalla L. n. 120 dell'11.09.2020;

Considerato che la Conferenza Operativa nella seduta del 14 aprile 2026, in ragione dei risultati delle attività istruttorie tecniche ed amministrative poste in essere dalla Segreteria Tecnica Operativa, con Delibera n. 3.1, e tenuto conto dell'intesa espressa dal rappresentante della Regione competente in sede di seduta della Conferenza Operativa, ha espresso parere favorevole, ai sensi dell'art. 7 dello Statuto dell'Autorità di Bacino Distrettuale dell'Appennino Meridionale - Approvato con Decreto interministeriale n. 52 del 26 febbraio 2018, integrato e modificato con Decreto interministeriale MASE-MEF n. 403 del 13/11/2024 - alla proposta di modifica della perimetrazione e/o classificazione delle aree a rischio/attenzione del vigente Piano Stralcio per l'Assetto Idrogeologico – Rischio da frana [P.S.A.I.-RF] dell'ex Autorità di Bacino Nazionale dei fiumi Liri-Garigliano e Volturno, relativamente ai Comuni di Ospedaletto D'Alpinolo (AV) e Mercogliano (AV) - loc. Montevergine-S.P. 374–, così come riportata nei seguenti elaborati allegati alla stessa delibera:

- *Stralcio della "Carta degli scenari di rischio" del PSAI-Rf approvato con D.P.C.M. del 12/12/2006 relativo al settore di territorio oggetto di modifica;*
- *Stralcio della "Carta degli scenari di rischio" contenente la modifica alla perimetrazione delle aree a rischio/attenzione per il settore di territorio oggetto di modifica;*

Considerato che la Delibera n. 3.1 della Conferenza Operativa in argomento, nelle more della conclusione dei procedimenti di cui all'art.68 comma 4-ter del D.lgs 152/2006, nelle aree interessate dalla modifica alla perimetrazione in parola non perimetrate o con livello di attenzione/rischio di frana inferiore nell'ambito del Piano Stralcio vigente, ha espresso parere favorevole per l'adozione, a titolo di Misure di salvaguardia, ai sensi dell'art. 68 c. 4-ter del D.lgs 152/2006, dele Norme di Attuazione del vigente Piano Stralcio per l'Assetto Idrogeologico – Rischio di frana, nelle aree sopra indicate;

Visto il Decreto n. 363 del 28/04/2026, con il quale il Segretario Generale dell'Autorità di Bacino Distrettuale dell'Appennino Meridionale, tenuto conto del parere favorevole espresso dalla Conferenza Operativa nella seduta del 14 aprile 2026, ha adottato:

- *la proposta di modifica alla perimetrazione del PsAI-rf dell'ex Autorità di Bacino dei fiumi Liri-Garigliano e Volturno relativamente ai Comuni di Ospedaletto D'Alpinolo (AV) e Mercogliano (AV) - loc. Montevergine-S.P. 374 –*
- *a titolo di Misure di salvaguardia, ai sensi dell'art.68 comma 4 ter del D.lgs. n. 152/2006, le Norme di Attuazione del vigente "Piano Stralcio per l'assetto idrogeologico-Rischio di frana, nelle aree di cui al punto 1 non perimetrate o con livello di rischio/attenzione da frana inferiore nell'ambito del Piano Stralcio vigente in argomento. Considerato che con pec del 17/06/2026, acquisita agli atti dell'Autorità di Bacino distrettuale al prot. n. 23245 del 17/06/2026, il Comune di Mercogliano, la Provincia di Avellino e il Comune di Ospedaletto d' Alpinolo hanno chiesto "una *proroga dei termini previsti per la presentazione delle osservazioni nell'ambito del procedimento di cui all'art.68, comma 4-ter, del Dlg.s n.152/2006, al fine di consentire agli enti interessati di completare le necessarie attività istruttorie e di predisporre gli opportuni approfondimenti specialistici utili alla formulazione di osservazioni adeguatamente motivate.*

Considerata la complessità della problematica

Ritenuto di dover accogliere l'istanza di proroga, in quanto le motivazioni addotte dagli enti istanti – connesse alla necessità di completare le attività istruttorie e di predisporre gli approfondimenti specialistici utili alla formulazione di osservazioni adeguatamente motivate – risultano meritevoli di accoglimento e coerenti con la garanzia di adeguate forme di consultazione e osservazione di cui all'art. 68, comma 4-ter, del D.Lgs. n. 152/2006;

Considerato che il settore di territorio in argomento è interessato da fenomeni franosi a cinematica rapida del tipo flusso – riconducibili alle colate rapide di fango che interessano le coperture piroclastiche dell'area – caratterizzati da elevate velocità di propagazione, tali da determinare un'elevata intensità del fenomeno;

Considerato che, in ragione di tale intensità, le possibili conseguenze comprendono la perdita di vite umane e lesioni gravi alle persone, danni gravi agli edifici, alle infrastrutture e al patrimonio ambientale, nonché la compromissione delle attività socio-economiche, configurando una condizione di elevato rischio, inteso quale combinazione di pericolosità, esposizione e vulnerabilità;

Considerato che, in coerenza con gli orientamenti metodologici consolidati nella letteratura scientifica di settore, la valutazione della pericolosità e del rischio da frana richiede approcci differenziati in funzione della scala di analisi e che, alla scala di dettaglio, essa non può prescindere dalla corretta caratterizzazione dei processi di innesco e di propagazione del fenomeno;

Autorità di Bacino Distrettuale dell'Appennino Meridionale

Considerato che, pertanto, lo studio alla scala di dettaglio deve fondarsi su un adeguato programma di indagini geognostiche, sulla caratterizzazione geotecnica dei terreni coinvolti e su modellazioni numeriche avanzate dei meccanismi di innesco e delle dinamiche di propagazione;
Ritenuto, sulla base delle suesposte considerazioni, di poter concedere la proroga richiesta per un periodo di 120 (centoventi) giorni, ritenuto congruo rispetto alla complessità degli approfondimenti specialistici necessari e idoneo a garantire adeguate forme di consultazione e osservazione;

Tutto quanto visto e considerato,

DECRETA

Le premesse costituiscono parte integrante del presente atto.

1. Per le motivazioni esposte in premessa, è prorogato di ulteriori 120 (centoventi) giorni – e dunque con nuova scadenza fissata al 15/10/2026 – in favore di tutti i soggetti interessati, il percorso di partecipazione previsto dall'art. 68, comma 4-ter, del D.Lgs. n. 152/2006 e s.m.i., avviato con Decreto Segretariale n. 363 del 28/04/2026, pubblicato sul Bollettino Ufficiale della Regione Campania n. 25 del 18/05/2026, atto che parimenti costituisce parte integrante del presente provvedimento.
2. Il presente decreto è pubblicato sul Bollettino Ufficiale della Regione Campania; lo stesso, unitamente agli allegati, è inoltre pubblicato sul sito istituzionale dell'Autorità di Bacino Distrettuale dell'Appennino Meridionale (www.distrettoappenninomeridionale.it), nella home page, sezione Pianificazione, Gestione e Programmazione/PAI-Piano Assetto Idrogeologico/Piano Stralcio Assetto Idrogeologico - Rischio da frana/Modifiche e Varianti/Modifiche al PAI/Adozione modifiche al PAI (decreti di adozione commi 4 bis e 4 ter, art. 68, D.Lgs. 152/2006), e nella sezione Amministrazione Trasparente/Atti dal 03/06/2024/Provvedimenti/Provvedimenti dirigenti amministrativi, depositato e consultabile presso l'Autorità di Bacino Distrettuale dell'Appennino Meridionale – Sede Caserta.
3. Il presente decreto è altresì trasmesso, alla Regione Campania, all'Amministrazione Provinciale di Avellino ed alle Amministrazioni comunali di Ospedaletto D'Alpinolo (AV) e Mercogliano (AV), per la *pubblicazione all'albo pretorio per 30 giorni a decorrere dalla data di pubblicazione sul Bollettino* Ufficiale della Regione Campania.

CONSORZIO DI BONIFICA DELL'UFITA (CF: 81001310648) - Grottaminarda provincia di Avellino - Ordinanza di deposito dell'indennità di espropriazione per occupazione definitiva e di servitù coattiva (art. 26 D.P.R. n° 327/2001 e s. m. e i.) – Interventi di ristrutturazione, ammodernamento, adeguamento strutturale e tecnologico e di interconnessione idraulica degli impianti irrigui, di accumulo, di adduzione e distribuzione esistenti nel comprensorio consortile, finalizzati all'ottimizzazione e risparmio della risorsa idrica in agricoltura ed all'efficientamento energetico degli impianti" - CUP E15I17000030007

Prot. atti n 1597 del 18-06-2026

IL RESPONSABILE DELLE ESPROPRIAZIONI

VISTO l'art. 6, comma 1 del D.P.R. n. 327/2001 e s.m. e i., che testualmente recita: "L'autorità competente alla realizzazione di un'opera pubblica o di pubblica utilità è anche competente all'emanazione degli atti del procedimento espropriativo che si renda necessario";
VISTA la Delibera della Deputazione Amministrativa del Consorzio n. 172/2003 del 29.07.2003 con la quale è stato costituito ai sensi e per gli effetti dell'art. 6 del D.P.R. n. 327/2001 e s.m. e i. l'Ufficio per le Espropriazioni, conferendo i poteri in materia di esproprio al Responsabile delle Espropriazioni, Dottore Agronomo Giuseppe Lo Conte che dirige, coordina e cura tutte le operazioni e gli atti del procedimento anche avvalendosi dell'ausilio di tecnici interni e/o esterni, ivi compresa l'emanazione dei provvedimenti conclusivi;
Vista la Delibera della Deputazione Amministrativa del Consorzio n° 80/2022 del 22.11.2022 con la quale è stato approvato il progetto esecutivo in oggetto specificato per l'importo complessivo di €. 13.183.586,05 unitamente alla documentazione amministrativa posta a corredo dello stesso, che equivale ai sensi dell'art. 12, comma 1, del D.P.R. n. 327/2001 e s.m. e i., a dichiarazione di pubblica utilità;
Visto il Decreto MIPAAF-DISR 01-Prot. Interno N.0579034 del 05.11.2021 che ha assentito al Consorzio di Bonifica dell'Ufita il finanziamento di €. 13.183.586,05 per l'attuazione dell'investimento di cui al progetto in argomento, e successivo D.M. n.0645116 del 16.12.2022 del Ministero dell'Agricoltura, della Sovranità Alimentare e delle Foreste, rettificato nell'art. 1 con D.M. n. 0038678 del 26.01.2023, registrato alla Corte dei Conti al n. 61 in data 14.02.2023 che vede Concessionario il Consorzio di Bonifica dell'Ufita con sede in Grottaminarda (AV) - Ente proprietario e/o gestore degli impianti irrigui;
Visto il proprio decreto n° 1512 emesso in data 28.06.2023, con il quale il Consorzio di Bonifica dell'Ufita è stato autorizzato, ai sensi dell'art. 22 bis - comma 2 - lett. b) del D.P.R. n. 327/2001 all'occupazione d'urgenza preordinata all'esproprio degli immobili, per i lavori in oggetto, per fini irrigui;
Visto l'atto che determina in via provvisoria la misura dell'indennità di espropriazione ed asservimento (decreto n° 1512 del 28.06.2023), notificato ai proprietari nelle forme degli atti processuali civili, ai sensi dell'art. 20 - comma 4 del D.P.R. n° 327/2001, nonché pubblicati ai sensi dell'art. 143 C.P.C. presso i Comuni di ultima residenza relativamente alle persone di residenza, dimora e domicilio sconosciuti;
Visti i verbali di immissione nel possesso e stato di consistenza, redatti in luglio ed ottobre 2023;
Considerato che gli immobili oggetto di espropriazione ed asservimento, sono utilizzati a scopi agricoli, e che le opere eseguite non sono da considerarsi ex-novo, in quanto finalizzate a ricostituire lo schema irriguo preesistente, che i lavori di costruzione e/o realizzazione delle Derivazioni, o di spostamento delle condotte irrigue, non sono in contrasto con gli attuali Piani Urbanistici Comunali, e che pertanto ai sensi dell'art. 11 della Legge n. 413/1991 e dell'art. 35 del D.P.R. n. 327/2001, non si applica la ritenuta d'acconto del 20% sull'indennità di esproprio appresso determinata;
Decorsi inutilmente i trenta giorni dalla immissione in possesso ai sensi dell'art. 22-bis del D.P.R. n° 327/2001, senza che sia intervenuta accettazione dell'indennità da parte delle ditte espropriate, nonché comunicazione di adesione alla procedura prevista dall'art. 21 del D.P.R. n. 327/2001 ovvero di nomina del tecnico di fiducia per la costituzione del collegio tecnico giudicante, si intende non concordata l'indennità di espropriazione, asservimento, e l'Autorità espropriante dispone il deposito presso la Ragioneria Territoriale dello Stato – Sezione di Napoli delle somme;
Viste le Ordinanze di pagamento diretto dell'indennità, relativamente alle Ditte espropriate concordatarie, e precisamente: nn. 1591 e 1592 del 14.05.2026 pubblicate sul B.U.R. Campania **n. 27 del 01.06.2026;**

GRUPPO FS ITALIANE

- Con Delibera n. 117 del 20.11.2017 il Consiglio di Amministrazione dell'Anas approvò in linea tecnica il Progetto Definitivo per i lavori in epigrafe e con disposizione Presidenziale prot. CDG-0612102-I del 01.12.2017 venne autorizzata l'occupazione;
- Che l'importanza dell'intervento venne illustrato nella relazione Programmatica del Ministero dei Lavori Pubblici, infatti la SS. 372 "Telesina" garantisce l'accesso all'autostrada del Sole (lato Est) e la Città di Benevento, nonché tramite il raccordo autostradale Benevento-Castel del Lago all'autostrada A16, nonché il collegamento interregionale con la Puglia ed il Lazio;
- La necessità di realizzare il raddoppio della Statale "Telesina" è data dalla sua importanza strategica, in quanto, quella attuale per le sue caratteristiche geometriche risulta essere insufficiente a recepire gli attuali flussi di traffico in regime degli standard di sicurezza, dato che la statale costituisce una valida alternativa al percorso autostradale, tant'è che la stessa è interessata da notevoli flussi di traffico pesante;
- Che l'opera è stata inserita nelle previsioni programmatiche di realizzazione delle infrastrutture strategiche come individuate nella Delibera del C.I.P.E. n. 121 del 12.12.2001 "Legge Obbiettivo", l'opera è inserita nel contrato di programma 2016-2020 tra il Ministero delle Infrastrutture e dei Trasporti ed Anas S.p.A.;
- Che con Delibera del Comitato Interministeriale per la Programmazione Economica (C.I.P.E.) n. 41 del 24 Luglio 2019 è stato approvato il Progetto Definitivo ITINERARIO CAIANELLO (A1) – BENEVENTO, ADEGUAMENTO A 4 CORSIE DELLA SS 372 "TELESINA" dal km 0+000 al km 60+900. Lotto 1: dal km 37+000 (Svincolo di S. Salvatore Telesino) al km 60+900 (Svincolo di Benevento), anche ai fini della compatibilità ambientale della localizzazione urbanistica, dell'apposizione del vincolo preordinato all'esproprio e della pubblica utilità;
- il relativo Piano di Esproprio, dal quale risultano interessate le aree ubicate nei Comuni di San Salvatore Telesino, Castelvenere, Telese Terme, Solopaca, Vitulano, Paupisi, Ponte, Torrecuso e Benevento di proprietà delle Ditte indicate nelle seguenti schede;
- il Decreto Motivato del Responsabile della Struttura Territoriale prot. CDG-0368806-Int del 31/05/2022 e prot. CDG-0751637-Int del 28/10/2022, con il quale è stata disposta l'occupazione anticipata dei beni necessari per l'esecuzione dei citati lavori e contestualmente è stata determinata in via d'urgenza la relativa indennità provvisoria di espropriazione e di occupazione temporanea, ai sensi dell'art. 22 Bis comma 1, notificato alle Ditte interessate;
- i Decreti Motivati del Commissario Straordinario prot. COMM_SS372-0000007-I del 05/04/2023, prot. COMM_SS372-0000020-I del 02/10/2023 e prot. COMM_SS372-0000116-I del 09/08/2024, con i quali sono state disposte l'occupazione anticipata dei beni necessari per l'esecuzione dei citati lavori e contestualmente è stata determinata in via d'urgenza la relativa indennità provvisoria di espropriazione e di occupazione temporanea, ai sensi dell'art. 22 Bis comma 1, notificato alle Ditte interessate;

- Il Dispositivo di Rideterminazione delle indennità di esproprio del Commissario Straordinario per gli Interventi Infrastrutturali lungo la Strada Statale 372 "Itinerario Caianello–Benevento" (DPCM del 05/08/2021), prot. CDG-0000183-I del 16/07/2025 con il quale è stata disposta la rideterminazione delle indennità provvisorie degli immobili da espropriare per l'esecuzione dei suindicati lavori e che lo stesso è stato notificato alle Ditte interessate;
- le comunicazioni pervenute a questo Ufficio, con le quali le Ditte Proprietarie hanno dichiarato di accettare l'indennità di espropriazione così come determinata da questo Ufficio;
- la documentazione presentata dalle stesse attestante i requisiti richiesti ai fini della corresponsione dell'indennità;
- i Frazionamenti approvati dall'Agenzia delle Entrate - Territorio di Benevento;
- l'art. 26 del Testo Unico DPR 327/2001 e ss.mm.ii.;

Il decreto di esproprio e asservimento risulta già eseguito a mezzo di immissione nel possesso ai sensi dell'art. 22 bis del DPR 327/01 come indicato in premessa; pertanto, non è soggetto ad alcuna condizione sospensiva.

Le superfici asservite sono meglio indicate e riportate, in tinta viola, negli allegati stralci grafici, che costituiscono parte integrante e sostanziale del presente provvedimento.

Sulle aree oggetto di *servitù per galleria naturale* e/o sue dirette pertinenze vengono imposti, a garanzia dell'integrità delle sottostanti infrastrutture ferroviarie, i seguenti vincoli, a meno di deroghe concesse dalla beneficiaria RFI S.p.A.:

- divieto di far vegetare piante di alto fusto;
- divieto di eseguire scavi, perforazioni, costruzioni, ampliamenti o ricostruzioni di qualsiasi tipo che possano causare danni alle strutture di rivestimento della galleria;
- divieto di utilizzare le aree per deposito e lavorazione di materiale infiammabile e per quant'altro possa essere potenzialmente pregiudizievole per la sottostante galleria;

La RFI S.p.A. si riserva il diritto di accedere sugli immobili asserviti per manutenzione straordinaria della sottostante galleria; salvo i casi di particolare urgenza la stessa RFI S.p.A. interverrà con un preavviso di almeno trenta giorni e provvederà a propria cura e spese agli eventuali interventi di ripristino delle aree asservite.

Sulle aree oggetto di *servitù di passaggio* dovrà essere consentito il transito pedonale e carrabile a favore dei fondi dominanti, evitando di porre in essere ogni azione, ivi compresa la manomissione del suolo, che possa costituire impedimento all'esercizio di tale diritto.

La svalutazione determinata dall'apposizione dei sopracitati vincoli è stata quantificata nella misura percentuale rispetto al valore venale dell'immobile.

FS Engineering S.p.A., in nome e per conto di Rete Ferroviaria Italiana S.p.A., provvederà ad eseguire tutte le formalità necessarie per la notifica, registrazione, trascrizione e voltura del presente Decreto, nonché alla sua pubblicazione sulla Gazzetta Ufficiale della Repubblica Italiana o nel Bollettino Ufficiale della Regione Campania, nei modi e nei termini disciplinati dall'art. 23 del D.P.R. 327/2001 e s.m.i..

Avverso il Decreto è ammesso ricorso giurisdizionale presso il Tribunale Amministrativo Regionale competente nel termine di 60 giorni dalla notifica o dell'avvenuta conoscenza, o presentare ricorso straordinario al Presidente della Repubblica entro 120 giorni dalla medesima notifica o avvenuta conoscenza.

- **VISTA** la Delibera R.F.I. n. 12 del 20 gennaio 2023 con la quale **è stato approvato il progetto esecutivo dell' "Itinerario Napoli-Bari. Raddoppio tratta Frasso Telesino – Vitulano. 3° lotto funzionale San Lorenzo Maggiore - Vitulano"** con conseguente dichiarazione di Pubblica Utilità;
- **VISTO** che sono state regolarmente eseguite le comunicazioni ex art. 17 comma 2 del DPR 327/01 con cui gli intestatari catastali sono stati informati dell'intervenuta Pubblica Utilità, unitamente alla facoltà di prendere visione della relativa documentazione con contestuale invito a fornire ogni elemento utile per determinare il valore da attribuire agli immobili interessati dalla procedura espropriativa ai fini della determinazione della relativa indennità provvisoria;
- **VISTO** il Decreto di Occupazione d'Urgenza preordinata all'espropriazione n. 121 del 30/07/2020 emesso ai sensi dell'art. 22-bis del D.P.R. 327/2001 e s.m.i. dal Dirigente dell'Ufficio Territoriale per le Espropriazioni di R.F.I. S.p.A., con il quale è stata disposta l'occupazione di urgenza, tra le altre, delle aree, interessate dalla realizzazione dei lavori sopra indicati, site in Comune di Ponte (BN) facenti parte degli immobili distinti in Catasto al foglio 14 con mappali 1327 (rif. N.P. 104) e 1326 (N.P. 106), intestati catastalmente alla Ditta DE ANGELIS GIANCARLO nato a VERCELLI (VC) il 12/04/1967 C.F. DNGGCR67D12L750C Proprietà 1000/1000, per una superficie complessiva in esproprio di mq. 1363;
- **VISTO** che in esecuzione di detto Decreti, previa notifica alla Ditta, in data 02/10/2020 è stato redatto il Verbale di Consistenza ed immissione in possesso;
- **VISTO** che con citato Decreto è stata altresì notificata l'offerta dell'indennità provvisoria di espropriazione complessiva di € 14.885,00, determinata ai sensi del citato art. 22 bis, senza particolari indagini e formalità, e che nei successivi 30 giorni la stessa indennità non è stata accettata dalla Ditta;
- **VISTO** che a seguito della citata redazione del verbale di consistenza e di immissione nel possesso, nonché dei nuovi elementi acquisiti, si è provveduto alla rideterminazione dell'indennità provvisoria di espropriazione in complessivi € 319.563,13, comprensiva degli eventuali soprassuoli rilevati, di tutti i danni diretti ed indiretti alle proprietà e dell'indennità di occupazione d'urgenza maturata;
- **VISTO** che in data 01/09/2021 è stato sottoscritto con la Ditta apposito Verbale di Accordi con l'accettazione definitiva dell'indennità come sopra rideterminata;
- **VISTO** che in esito a detto accordo è stato regolarmente corrisposto l'acconto delle indennità concordata di € 256.093,30 ai sensi del comma 3 dell'art. 22-bis del DPR 327/2001 previa esibizione di idonea documentazione ex comma 8 art. 20 ed ex comma 3 dell'Art. 26 del D.P.R. 327/2001 e s.m.i.;
- **VISTO** che le aree oggetto di espropriazione sono state catastalmente individuate, mediante la redazione del tipo di frazionamento approvato dall'Ufficio del Territorio di Benevento, al foglio 14 del Comune di Ponte (BN) con mappali 1590 (ex 1326) e 1591-1592-1593 (ex 1327) per una superficie complessiva in esproprio di mq. 1404;
- **VISTO** che la Ditta proprietaria, ai fini della corresponsione del saldo dell'indennità pari ad € 88.582,43, che è stato oggetto di conguaglio sulla base della definitiva superficie espropriata e sulla base dell'ulteriore indennità di occupazione d'urgenza maturata sul saldo stesso, non ha ancora fornito idonea documentazione ex comma 3 dell'Art. 26 del D.P.R. 327/2001 e s.m.i.;
- **VISTO** l'art. 22, comma 2 punto b, del D.P.R. 327/2001 e s.m.i., ai sensi del quale, allorché il numero dei destinatari della procedura espropriativa sia superiore a 50 (cinquanta), il decreto di esproprio può essere

Il presente Decreto dispone l'espropriazione di detti immobili a favore di RFI S.p.A. secondo le consistenze e le modalità in esso indicato e non è soggetto a condizione sospensiva ex art. 23 comma 1 punto f del DPR 327/01 in quanto gli immobili espropriati sono già nel possesso del beneficiario dell'espropriazione o chi per esso.

FS Engineering S.p.A., in nome e per conto di Rete Ferroviaria Italiana S.p.A., provvederà ad eseguire tutte le formalità necessarie per la notifica, registrazione, trascrizione e voltura del presente Decreto, che avverrà in esenzione dell'imposta di bollo ai sensi del terzo comma dell'art. 10 del D.Lgs 23/2011, con effetto dal primo gennaio 2014, nonché alla sua pubblicazione sulla Gazzetta Ufficiale della Repubblica Italiana o nel Bollettino Ufficiale della Regione Campania, nei modi e nei termini disciplinati dall'art. 23 del D.P.R. 327/2001 e s.m.i. Il decreto in questione risulta già eseguito a mezzo di immissione nel possesso ai sensi dell'art. 22 bis del DPR 327/01, pertanto la relativa notifica alla ditta espropriata avrà valore ai soli fini dell'eventuale attivazione dell'opposizione ex art. 54 DPR 327/01.

Avverso il presente decreto è ammesso ricorso giurisdizionale presso il Tribunale Amministrativo Regionale competente nel termine di 60 giorni dalla notifica o dell'avvenuta conoscenza, o presentare ricorso straordinario al Presidente della Repubblica entro 120 giorni dalla medesima notifica o avvenuta conoscenza.

Il decreto di esproprio e asservimento risulta già eseguito a mezzo di immissione nel possesso ai sensi dell'art. 22 bis del DPR 327/01 come indicato in premessa; pertanto, non è soggetto ad alcuna condizione sospensiva.

Le superfici asservite sono meglio indicate e riportate, in tinta viola, negli allegati stralci grafici, che costituiscono parte integrante e sostanziale del presente provvedimento.

Sulle aree oggetto di *servitù per galleria naturale* e/o sue dirette pertinenze vengono imposti, a garanzia dell'integrità delle sottostanti infrastrutture ferroviarie, i seguenti vincoli, a meno di deroghe concesse dalla beneficiaria RFI S.p.A.:

- divieto di far vegetare piante di alto fusto;
- divieto di eseguire scavi, perforazioni, costruzioni, ampliamenti o ricostruzioni di qualsiasi tipo che possano causare danni alle strutture di rivestimento della galleria;

divieto di utilizzare le aree per deposito e lavorazione di materiale infiammabile e per quant'altro possa essere potenzialmente pregiudizievole per la sottostante galleria;

La RFI S.p.A. si riserva il diritto di accedere sugli immobili asserviti per manutenzione straordinaria della sottostante galleria; salvo i casi di particolare urgenza la stessa RFI S.p.A. interverrà con un preavviso di almeno trenta giorni e provvederà a propria cura e spese agli eventuali interventi di ripristino delle aree asservite.

Sulle aree oggetto di servitù di passaggio dovrà essere consentito il transito pedonale e carrabile a favore dei fondi dominanti, evitando di porre in essere ogni azione, ivi compresa la manomissione del suolo, che possa costituire impedimento all'esercizio di tale diritto.

La svalutazione determinata dall'apposizione dei sopracitati vincoli è stata quantificata nella misura percentuale rispetto al valore venale dell'immobile.

FS Engineering S.p.A., in nome e per conto di Rete Ferroviaria Italiana S.p.A., provvederà ad eseguire tutte le formalità necessarie per la notifica, registrazione, trascrizione e voltura del presente Decreto, nonché alla sua pubblicazione sulla Gazzetta Ufficiale della Repubblica Italiana o nel Bollettino Ufficiale della Regione Campania, nei modi e nei termini disciplinati dall'art. 23 del D.P.R. 327/2001 e s.m.i..

Avverso il Decreto è ammesso ricorso giurisdizionale presso il Tribunale Amministrativo Regionale competente nel termine di 60 giorni dalla notifica o dell'avvenuta conoscenza, o presentare ricorso straordinario al Presidente della Repubblica entro 120 giorni dalla medesima notifica o avvenuta conoscenza.

(Artt. 22-23 del D.P.R. 327/2001 e s.m.i.)

Il Dirigente dell'Ufficio Territoriale per le Espropriazioni

- **VISTO** il D.M. 138 – T del 31 Ottobre 2000, con il quale il Ministro dei Trasporti e della Navigazione ha rilasciato a Ferrovie dello Stato - Società Trasporti e Servizi per azioni, oggi Rete Ferroviaria Italiana – R.F.I. S.p.A., a far data dal 1° luglio 2001, **la concessione ai fini della gestione dell'infrastruttura ferroviaria nazionale**;
- **VISTO** l'art. 6 del sopra citato D.M. 138 – T, sostituito dall'art. 1 del Decreto del Ministro delle Infrastrutture e dei Trasporti 60 –T del 28 novembre 2002, ed in particolare il comma 3, con il quale il concessionario R.F.I. S.p.A. è stato delegato, in conformità a quanto previsto dall'art. 6 comma 9 del D.P.R. 327/2001 e s.m.i. ad **emanare tutti gli atti del procedimento espropriativo** nonché ad espletare tutte le attività al riguardo previste dal D.P.R. 327/2001;
- **VISTA** la Disposizione Organizzativa di Rete Ferroviaria Italiana n. 684/AD del 29 ottobre 2024, con la quale è stata, tra l'altro, aggiornata l'area di responsabilità e ridefinita l'articolazione organizzativa delle **Direzioni Operative Infrastrutture Territoriali**, incaricate di **espletare le attività e le funzioni proprie dell'Ufficio Territoriale per le Espropriazioni**, ai sensi e per gli effetti dell'art. 6, comma 2 del D.P.R. 327/2001;
- **VISTA** la nota n. RFI-AD/A0011/P/2003/0001193 in data 11 agosto 2003 con cui R.F.I. S.p.A. ha incaricato la Italferr S.p.A. **dell'espletamento delle attività di cui all'art. 6, comma 6, del D.P.R. 327/2001**;
- **VISTA** la Disposizione Organizzativa n. 127 del 15 giugno 2023, con cui l'Amministratore Delegato di Italferr S.p.A. **ha confermato l'Ing. Rosaria Ferro nella titolarità della S.O. Permessualistica, Espropri e Subappalti** con contestuale attribuzione delle funzioni;
- **VISTO** il contratto del 28/2/2019 con cui R.F.I. S.p.A. ha affidato alla Italferr S.p.A. **l'espletamento di un complesso di servizi ed adempimenti tecnico-ingegneristici, amministrativi, procedurali e gestionali** occorrenti per la realizzazione degli interventi infrastrutturali e/o tecnologici della rete ferroviaria di cui è titolare R.F.I. S.p.A.;
- **VISTO** che con nota RFI-DPR-DAMCG-AI/A0011/P2020/0001950 del 21/9/2020 la RFI - Direzione Produzione – Asset management e controllo di gestione ha previsto che **tutti i provvedimenti da emettere a cura delle Autorità espropriantI di RFI vengano firmati digitalmente**;
- **VISTO** che con effetto dal primo marzo 2026, la società Italferr S.p.A, giusta delibera assembleare del 29 gennaio 2026 (atto a ministero Notaio Fabio Orlandi in Roma, Rep. 31890/ Racc. 19625, registrato in pari data presso l'ufficio territoriale di Roma 1 al n. 2281/1T) ha cambiato esclusivamente la denominazione sociale in **FS Engineering S.p.A.** rimanendo invariati i dati anagrafici relativi a codice fiscale, partita IVA, sede legale e sedi operative;

- **VISTA** l'Ordinanza n. 44 del 11/07/2019 con la quale il Commissario per la realizzazione delle opere relative agli assi ferroviari Napoli-Bari e Palermo-Catania-Messina di cui al Programma Infrastrutture Strategiche previsto dalla legge 21 dicembre 2001 n. 443, **ha approvato il progetto definitivo dell'"Itinerario Napoli-Bari. Raddoppio tratta Frasso Telesino - Vitulano. 3° lotto funzionale San Lorenzo Maggiore - Vitulano"**, con conseguente dichiarazione di Pubblica Utilità;
- **VISTA** la Delibera R.F.I. n. 12 del 20 gennaio 2023 con la quale **è stato approvato il progetto esecutivo dell' "Itinerario Napoli-Bari. Raddoppio tratta Frasso Telesino – Vitulano. 3° lotto funzionale San Lorenzo Maggiore - Vitulano"** con conseguente dichiarazione di Pubblica Utilità;
- **VISTO** che sono state regolarmente eseguite le comunicazioni ex art. 17 comma 2 del DPR 327/01 con cui gli intestatari catastali sono stati informati dell'intervenuta Pubblica Utilità, unitamente alla facoltà di prendere visione della relativa documentazione con contestuale invito a fornire ogni elemento utile per determinare il valore da attribuire agli immobili interessati dalla procedura espropriativa ai fini della determinazione della relativa indennità provvisoria;
- **VISTI** i Decreti emessi dalla competente Autorità Espropriante di RFI con cui, ai sensi dell'art. 22-bis del D.P.R. 327/2001, è stata disposta l'occupazione d'urgenza degli immobili, necessari alla realizzazione dei lavori sopra indicati, censiti al catasto del Comune di Torrecuso (BN), meglio riportati nelle tabelle in calce al presente Provvedimento;
- **VISTO** che in esecuzione di detti Decreti, previa loro notifica alle Ditte, sono stati redatti i Verbali di Consistenza ed immissione in possesso;
- **VISTO** che con citati Decreti sono state altresì notificate le indennità provvisorie di espropriazione e/o asservimento, determinate ai sensi del citato art. 22 bis, senza particolari indagini e formalità, e che nei successivi 30 giorni le stesse indennità non sono state accettate dalle Ditte;
- **VISTO** che a seguito delle citate redazioni dei verbali di consistenza e di immissione nel possesso, nonché dei nuovi elementi acquisiti, si è provveduto alla rideterminazione delle indennità provvisorie di espropriazione e/o asservimento, comprensive degli eventuali soprassuoli rilevati, di tutti i danni diretti ed indiretti alle proprietà e delle indennità di occupazione d'urgenza maturate;
- **VISTO** che successivamente sono stati sottoscritti, con le Ditte interessate, appositi Verbali di Accordi con le accettazioni definitive delle indennità come sopra rideterminate;
- **VISTO** che in esito a detti accordi sono stati regolarmente corrisposti gli acconti delle indennità concordate ai sensi del comma 3 dell'art. 22-bis del DPR 327/2001 secondo le modalità di cui al comma 6 dell'art. 20 del medesimo DPR;
- **VISTO** che gli immobili oggetto di espropriazione sono stati catastalmente individuati mediante la redazione dei tipi di frazionamento approvati dall'Ufficio del Territorio di Benevento;
- **VISTO** che le Ditte proprietarie, ai fini della corresponsione dei saldi delle indennità, non hanno ancora fornito idonea documentazione ex comma 8 dell'Art. 20 del D.P.R. 327/2001 e s.m.i. attestante la piena e libera proprietà dei beni e l'assenza di diritti di terzi;
- **VISTO** l'art. 22, comma 2 punto b, del D.P.R. 327/2001 e s.m.i., ai sensi del quale, allorché il numero dei destinatari della procedura espropriativa sia superiore a 50 (cinquanta), il decreto di esproprio può essere emanato ed eseguito in base alla determinazione urgente dell'indennità di espropriazione, senza particolari indagini o formalità;
- **VISTA** l'istanza n. DEO.DIC.PES.0199593.26.U del 17/06/2026, presentata da FS Engineering S.p.A. con la quale è stata richiesta l'emissione, ai sensi degli artt. 22 e 23 del D.P.R. 327/2001, del decreto di espropriazione a favore di RFI S.p.A. delle aree di cui trattasi;
- **VISTI** gli artt. 22 e 23 del D.P.R. 327/01 e s.m.i.;

Le superfici asservite sono meglio indicate e riportate, in tinta viola, negli allegati stralci grafici, che costituiscono parte integrante e sostanziale del presente provvedimento.

Sulle aree oggetto di *servitù di passaggio* dovrà essere consentito il transito pedonale e carrabile a favore dei fondi dominanti, evitando di porre in essere ogni azione, ivi compresa la manomissione del suolo, che possa costituire impedimento all'esercizio di tale diritto.

La svalutazione determinata dall'apposizione dei sopracitati vincoli è stata quantificata nella misura percentuale rispetto al valore venale dell'immobile.

FS Engineering S.p.A., in nome e per conto di Rete Ferroviaria Italiana S.p.A., provvederà ad eseguire tutte le formalità necessarie per la notifica, registrazione, trascrizione e voltura del presente Decreto, che avverrà in esenzione dell'imposta di bollo ai sensi del terzo comma dell'art. 10 del D.Lgs 23/2011, con effetto dal primo gennaio 2014, nonché alla sua pubblicazione sulla Gazzetta Ufficiale della Repubblica Italiana o nel Bollettino Ufficiale della Regione Campania, nei modi e nei termini disciplinati dall'art. 23 del D.P.R. 327/2001 e s.m.i. Il decreto in questione risulta già eseguito a mezzo di immissione nel possesso ai sensi dell'art. 22 bis del DPR 327/01, pertanto la relativa notifica alla ditta espropriata avrà valore ai soli fini dell'eventuale attivazione dell'opposizione ex art. 54 DPR 327/01.

Avverso il presente decreto è ammesso ricorso giurisdizionale presso il Tribunale Amministrativo Regionale competente nel termine di 60 giorni dalla notifica o dell'avvenuta conoscenza, o presentare ricorso straordinario al Presidente della Repubblica entro 120 giorni dalla medesima notifica o avvenuta conoscenza.

ORDINANZA DI SVINCOLO N. 43/2026

OGGETTO:

ORDINANZA DI SVINCOLO DELLE INDENNITA' DI ASSERVIMENTO E OCCUPAZIONE TEMPORANEA IN FAVORE DI BASSANO PIETRO, BASSANO CARMELA, BASSANO EMILIA E BASSANO ANTONIO - TERRENI SITUATI NEL COMUNE DI NOCERA INFERIORE (SA) PER LA REALIZZAZIONE DEL METANODOTTO "POTENZIAMENTO DIRAMAZIONE NOCERA – CAVA DEI TIRRENI DN 250 (10") DP 24 BAR E OPERE CONNESSE". TERRENI IDENTIFICATI IN CATASTO AL FOGLIO 11, MAPPALI 1966 (ex 317), 1967 (ex 317), 1968 (ex 317), 1969 (ex 317).

IL DIRIGENTE DELEGATO da SNAM RETE GAS S.p.A.

VISTO il decreto del Presidente della Repubblica 8 giugno 2001, n. 327 (di seguito Testo Unico Espropri) recante le disposizioni legislative e regolamentari in materia di espropriazioni per pubblica utilità, e successive modifiche ed integrazioni.

VISTO il Decreto Dirigenziale n. 63 del 14.05.2021, emesso dalla Regione Campania, di approvazione del progetto definitivo, autorizzazione alla costruzione ed esercizio, dichiarazione di pubblica utilità, urgenza ed indifferibilità, conformità agli strumenti urbanistici vigenti con apposizione del vincolo preordinato all'esproprio delle aree interessate alla realizzazione dell'opera denominata "Potenziamento Diramazione Nocera – Cava dei Tirreni DN 250 (10") DP 24 bar e opere connesse".

VISTO il decreto n. 197 del 16.03.2022 emesso dalla Regione Campania con il quale sono stati disposti a favore di SNAM RETE GAS S.P.A., codice fiscale e partita IVA n. 10238291008, l'asservimento e l'occupazione temporanea di aree di terreni in comune di Nocera Inferiore (SA) interessate dal tracciato del metanodotto "*Potenziamento Diramazione Nocera – Cava dei Tirreni DN 250 (10") DP 24 bar e opere connesse*" tra cui anche dei terreni di proprietà dei Sigg. Bassano Pietro, Bassano Carmela, Bassano Emilia e Bassano Antonio, identificati in catasto al foglio 11, mappali 1966 (ex 317), 1967 (ex 317), 1968 (ex 317), 1969 (ex 317).

VISTA la nota della Regione Campania del 12.06.2024 PG 2024/0291836 con la quale Snam Rete Gas è stata delegata nella qualità di Società beneficiaria allo svincolo su richiesta delle parti interessate dei depositi definitivi aperti presso il Ministero dell'Economia e delle Finanze – Dipartimento della Ragioneria Generale dello Stato – RTS di Napoli.

VISTO che SNAM Rete Gas S.p.A., in persona del suo Legale Rappresentante pro tempore ha delegato, con procura Rep. n. 92450 Racc. n. 29518 del 06.02.2025 per notaio Ezio Ricci di Milano, registrata a Milano il 10.02.2025 al n. 11851/Serie 1T, l'ing. Giuliana Agata Garigali, dirigente, ad esercitare tutti i poteri espropriativi previsti dal D.P.R. 327/01 e ss.mm.ii., nonché ad emettere e sottoscrivere tutti i relativi atti e provvedimenti ivi inclusi, a titolo esemplificativo e non esaustivo, i decreti di asservimento coattivo, di espropriazione e retrocessione, i decreti di occupazione ex artt. 20, 22, 22 bis e 49 del citato D.P.R. 327/01, le autorizzazioni al pagamento delle indennità provvisorie e definitive, e di espletare tutte le connesse attività necessarie ai fini della realizzazione del metanodotto, nonché a provvedere alla nomina del responsabile del procedimento ai sensi dell'art. 6, comma 6, del D.P.R. 8 giugno 2001, n. 327 e ss. mm. ii, nonché dell'art. 5 della Legge n. 241/1990;

VISTA la determina di attribuzione della responsabilità della istruttoria e di ogni altro adempimento inerente al procedimento relativo alle richieste di svincolo delle indennità depositate presso il MEF – RTS Napoli de quo all'avv. Annalisa Zabaione, Manager Espropri dell'Unità PES&SINF.

VISTO che i Sigg. Bassano Pietro, Bassano Carmela, Bassano Emilia e Bassano Antonio, comproprietari pro quota dei terreni sopra identificati, non hanno accettato nei termini di legge le indennità provvisorie offerte con il decreto nr. 197 del 16.03.2022 notificato ed eseguito con l'immissione nel possesso il 25/05/2022, ne è stato disposto il deposito presso la Ragioneria Territoriale dello Stato di Napoli;

VISTA la pubblicazione in Gazzetta Ufficiale della Repubblica Italiana n. 84 del 21.07.2022 dell'elenco delle ditte che non hanno accettato le indennità provvisorie di cui al decreto nr. 197 del 16.03.2022;

VISTA la comunicazione di avvenuta costituzione, da parte di Snam Rete Gas S.p.A. quale beneficiaria del provvedimento ablativo, dei seguenti depositi a garanzia delle indennità

provvisorie presso la Ragioneria Territoriale dello Stato di Napoli:
- deposito Nr. Nazionale: 1381876, Nr. provinciale: 336519, costituito in data 24.11.2022, di euro 1.170,00;
- deposito Nr. Nazionale: 1381940, Nr. provinciale: 336533, costituito in data 24.11.2022, di euro 358,00;
- deposito Nr. Nazionale: 1381864, Nr. provinciale: 336516, costituito in data 24.11.2022, di euro 208,00;
- deposito Nr. Nazionale: 1381896, Nr. provinciale: 336527, costituito in data 07.10.2022, di euro 498,00;
- deposito Nr. Nazionale: 1381892, Nr. provinciale: 336525, costituito in data 24.11.2022, di euro 125,00;
- deposito Nr. Nazionale: 1381722, Nr. provinciale: 336506, costituito in data 24.11.2022, di euro 148,00;
- deposito Nr. Nazionale: 1381926, Nr. provinciale: 336529, costituito in data 24.11.2022, di euro 15,00;

VISTA le istanze di svincolo delle indennità depositate presso la Ragioneria Territoriale dello Stato di Napoli e contestuale dichiarazione sostitutiva di atto di notorietà, acquisite in atti il 25.05.2026, protocolli n. 000455 e n. 000456, con cui hanno dichiarato:
- Bassano Pietro di essere comproprietario pro quota (1/2) del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1966 (ex 317) e comproprietario pro quota (1/9) del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1967 (ex 317);
- Bassano Carmela di essere comproprietaria pro quota (1/2) del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1966 (ex 317) e comproprietaria pro quota (1/9) del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1967 (ex 317);
- Bassano Antonio di essere proprietario esclusivo del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1969 (ex 317) e comproprietario pro quota (2/9) del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1967 (ex 317);
- Bassano Emilia di essere proprietaria esclusiva del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1968 (ex 317) e comproprietaria pro quota (1/9) del terreno identificato al catasto del Comune di Nocera Inferiore (SA) al foglio 11, mappale 1967 (ex 317);
- di accettare per le quote di spettanza - definitivamente e senza riserve - le indennità determinate ai sensi del D.P.R. n. 327/2001 per l'asservimento e l'occupazione temporanea dei predetti immobili a favore di Snam Rete Gas S.p.A. di cui al decreto n.197 del 16.03.2022 per gli importi di seguito indicati;
- che non esistono altri diritti di terzi a qualunque titolo sull'area interessata dall'azione ablativa;
- di assumere in ogni caso, ai sensi dell'art. 26, c. 6, del D.P.R. n. 327/2001, ogni responsabilità in relazione a eventuali diritti di terzi, ed in particolare l'obbligo di essere tenuto a cedere a chiunque possa vantare un diritto sull'area la quota di indennità a questi eventualmente dovuta, esonerando da ogni pretesa presente o futura il Responsabile della procedura che disporrà lo svincolo / pagamento a favore della proprietà, nonché la Snam Rete Gas S.p.A., beneficiaria del decreto n. 197 del 16.03.2022;
- di rinunciare alla determinazione delle indennità da parte della Commissione Provinciale Espropri ex art. 41 T.U.E. e che pertanto le indennità sono divenute definitive;

- di richiedere le svincolo delle somme depositate presso la Ragioneria Territoriale dello Stato di Napoli di cui ai depositi sopra elencati;

VISTA la nota al protocollo n. 2025/0907, con cui la Società beneficiaria del provvedimento coattivo ai sensi dell'articolo 28, comma 3, lettera b), del Testo Unico Espropri, ha attestato che non sono state notificate alla stessa opposizioni di terzi riguardo al pagamento delle indennità;

RILEVATO che il pagamento delle somme non è assoggettabile al regime fiscale di cui all'art. 35 del Testo Unico, in quanto attengono ad indennità di asservimento di aree senza trasferimento di proprietà;

RITENUTE comprovate, sulla base della documentazione esibita e delle verifiche effettuate tramite piattaforma SISTER, la libertà e la proprietà dei citati terreni in capo ai Sigg. Bassano Pietro, Bassano Carmela, Bassano Emilia e Bassano Antonio;

RILEVATO che i terreni asserviti non sono compresi in zone di tipo A, B, C, D, di cui al D.M. n. 1444/1968,

CONOSCENZA DATABASE AI FINI DELLA VALUTAZIONE DEI TITOLI

Ai fini della valutazione dei titoli, nel punteggio per il curriculum formativo e professionale sarà tenuta in particolare considerazione, da parte della commissione esaminatrice, la conoscenza di database mutazionali di rilevanza oncologica ed oncoematologica.

L'esperienza nel suddetto ambito deve essere autocertificata dal candidato all'interno del Curriculum vitae (allegato obbligatorio alla domanda, pena la mancata valutazione del titolo) precisandola tipologia di database, i periodi e le modalità di utilizzo nonché la descrizione in breve dell'attività svolta. Diversamente la predetta voce non potrà essere oggetto di valutazione.

Nel curriculum formativo non sono valutate borse di studio né stage/ frequenze volontarie/ tirocini e periodi di formazione all'estero. Non sono valutati corsi di informatica e di lingua straniera.

COLLOQUIO

Il colloquio verterà sulle materie inerenti alla disciplina dell'avviso e sui compiti connessi alla funzione da conferire. Il superamento del colloquio si intende raggiunto con un punteggio di 36/60.La data e la sede in cui si svolgerà il colloquio sarà comunicata ai candidati almeno dieci giorni prima della data fissata per l'espletamento della prova stessa. con Avviso pubblicato sull' Albo Pretorio del sito internet aziendale **www.aornmoscati.it**, nella sezione "Bandi di concorso" che costituisce notifica a tutti gli effetti di legge. I candidati che non si presenteranno a sostenere il colloquio nel giorno, nell'ora e nella sede stabilita, saranno dichiarati esclusi dalla selezione, qualunque sia la causa dell'assenza, anche se non dipendente dalla volontà dei singoli concorrenti.

GRADUATORIA DI MERITO

Al termine del colloquio, la Commissione Esaminatrice formula la graduatoria di merito dei candidati.

E' escluso dalla graduatoria il candidato che non abbia conseguito, nel colloquio, la prevista valutazione di sufficienza. La graduatoria di merito dei candidati è formata secondo l'ordine dei punti della votazione complessiva riportata fra titoli e colloquio da ciascun candidato, con l'osservanza, a parità di punti, delle preferenze previste dall'art. 5 del D.P.R. 09.05.1994, n. 487, e successive modifiche ed integrazioni. In relazione all'art. 2, comma 9, della legge 16 giugno 1998, n. 191, riguardante modifiche ed integrazioni alle leggi 15 marzo 1997 n. 59 e 15 maggio 1997 n. 127, nel caso in cui due o più candidati ottengano, a conclusione delle operazioni concorsuali, pari punteggio, è preferito il candidato più giovane di età.

All'approvazione della graduatoria di merito provvederà il Direttore Generale dell'Azienda Ospedaliera S.G. Moscati, con propria delibera, riconosciuta la regolarità degli atti della selezione.

CONFERIMENTO INCARICO

I vincitori dell'avviso, prima di procedere alla stipula del contratto di lavoro individuale ai fini del conferimento dell'incarico a tempo determinato, saranno invitati a presentare, entro breve termine, la documentazione richiesta dalla S.C. "Gestione Risorse Umane".

L'accertamento di idoneità fisica all'impiego è effettuato a cura dell'Azienda Ospedaliera "S.G. Moscati" prima dell'immissione in servizio.

E' in ogni modo, condizione risolutiva del contratto di lavoro, senza obbligo di preavviso, l'intervenuto annullamento della procedura della selezione che ne costituisce il presupposto, nonché l'aver ottenuto l'assunzione mediante presentazione di documenti falsi o viziati da invalidità non sanabile.

Il contratto individuale di lavoro a tempo determinato avrà la durata di 12 mesi, eventualmente rinnovabili, previa verifica della copertura economica nella linea progettuale.

UTILIZZAZIONE DELLA GRADUATORIA

Nel caso di rinuncia del/i vincitore/i l'Azienda Ospedaliera S.G. Moscati provvederà alla utilizzazione della graduatoria che avrà, a tale effetto, valore per 24 mesi dalla data di pubblicazione della delibera di approvazione della stessa, da parte del Direttore Generale.

Entro tale termine la graduatoria rimane efficace per eventuali altre assunzioni a tempo determinato.

Con la partecipazione alla selezione è implicita da parte dei concorrenti l'accettazione, senza riserve, di tutte le prescrizioni e precisazioni del presente bando, nonché di quelle che disciplinano o disciplineranno lo stato giuridico ed economico del personale delle aziende ospedaliere.

PRIVACY E TRATTAMENTO DEI DATI

La presentazione della domanda da parte del candidato implica il consenso al trattamento dei dati personali, comprese le categorie particolari di dati personali e dati giudiziari.

essere scannerizzata ed allegata alla domanda di partecipazione all'avviso pubblico. Il mancato versamento comporterà l'esclusione dalla procedura.

I titoli di studio conseguiti all'estero saranno considerati utili purché riconosciuti equipollenti ad uno dei titoli di studio italiani dagli organi competenti ai sensi della normativa vigente in materia. A tal fine nella domanda di partecipazione al concorso dovranno essere indicati, a pena di esclusione, gli estremi del provvedimento di riconoscimento dell'equipollenza. Le equipollenze devono sussistere alla data di scadenza del bando.

Tutti i requisiti di ammissione devono essere posseduti, pena esclusione dalla partecipazione alla procedura di mobilità, oltre che alla data di scadenza del presente Avviso bando, anche alla data dell'effettivo trasferimento.

La mancanza, anche, di uno solo dei requisiti sopra indicati comporta l'esclusione dalla procedura di mobilità, ovvero, in caso di carenza riscontrata all'atto del trasferimento, la decadenza dal diritto al trasferimento stesso.

PUBBLICAZIONE

Il presente Avviso sarà pubblicato e disponibile sul Portale Unico del Reclutamento InPA e sul sito internet aziendale www.aosanpio.it sezione concorsi e avvisi per un periodo di 15 giorni.

MODALITÀ E TERMINI PRESENTAZIONE DOMANDA

Per effettuare l'iscrizione "alla procedura selettiva" il candidato deve produrre la domanda di partecipazione esclusivamente in via telematica, utilizzando il format online sul seguente link: https://concorsi.aosanpio.netservizi.it. La procedura informatica per la presentazione delle domande sarà attiva sulla piattaforma https://concorsi.aosanpio.netservizi.it a partire dal primo giorno successivo a quello di pubblicazione sul B.U.R.C. del presente Avviso Pubblico, e verrà automaticamente disattivata dalle ore 24.00 del giorno di scadenza. Il termine ultimo per la presentazione delle domande scade il 15° giorno successivo a quella della data di pubblicazione sul B.U.R.C. Pertanto, dopo tale termine, non sarà più possibile effettuare la compilazione online della domanda di partecipazione e **non sarà ammessa la produzione di altri titoli o documenti** a corredo della domanda. Inoltre non sarà più possibile effettuare **rettifiche o aggiunte.** Attesa la perentorietà del predetto termine, l'eventuale riserva di invio successivo di documenti è priva di effetto. Sarà data comunicazione attraverso il sito istituzionale dell'Ente e in Amministrazione Trasparente della data di pubblicazione sul predetto portale. Tale modalità di iscrizione/partecipazione on-line è l'unica consentita ed è da intendersi tassativa. Non sono ammesse, a pena di esclusione, altre modalità o forme di produzione o invio o presentazione della domanda di partecipazione alla selezione (quali ad esempio in formato cartaceo e/o mezzo PEC o email, ecc..).

DOCUMENTAZIONE DA ALLEGARE ALLA DOMANDA

Sui documenti che necessitano di sottoscrizione, la firma deve essere posta in originale ed in modo esteso e leggibile a pena di esclusione.

Ai sensi dell'art. 15 della Legge n. 183/2011, le certificazioni rilasciate dalle Pubbliche Amministrazioni in ordine a stati, qualità personali e fatti ed attività sono sempre sostituite dalle dichiarazioni di cui agli artt. 46 e 47 del D.P.R. 445/2000. Non potranno, pertanto, essere richieste o accettate certificazioni rilasciate da Pubbliche Amministrazioni e da gestori di pubblici servizi che, ove presentate, devono ritenersi nulle.

Le autocertificazione di cui al DPR n. 445/2000, ossia le dichiarazioni sostitutive di certificazione (art. 46) e le dichiarazioni sostitutive di atto di notorietà (art. 47) devono contenere la clausola specifica che il candidato è consapevole che, in caso di falsità o dichiarazioni mendaci, incorre nelle sanzioni penali di cui all'art. 76 del DPR n. 445/2000, oltre a decadere, ai sensi del precedente art. 75, dai benefici conseguiti per effetto del provvedimento emanato in base alle dichiarazioni non veritiere.

L'Azienda si riserva la facoltà di verificare la veridicità delle dichiarazioni sostitutive rese dal candidato con le modalità e nei termini previsti dalle vigenti disposizioni.

La sottoscrizione delle dichiarazioni sostitutive presentate contestualmente alla domanda o richiamate dalla stessa deve essere accompagnata da fotocopia non autenticata del documento di riconoscimento.

Nelle autocertificazioni di servizio devono essere indicate le posizioni funzionali e le qualifiche rivestite, le discipline nelle quali i servizi sono stati prestati, il tipo di rapporto di lavoro (tempo pieno/tempo parziale con percentuale), nonché le date iniziali e finali dei relativi periodi di attività e deve essere attestato se ricorrono o meno le condizioni di cui all'ultimo comma dell'art. 46 del DPR n. 761/79. Non saranno presi in considerazione dichiarazioni generiche che non consentono una idonea conoscenza degli elementi necessari per l'ammissione.

Nell'autocertificazione relativa al servizio militare deve essere indicato l'esatto periodo di svolgimento, della qualifica rivestita e della struttura presso la quale è stato prestato.

Nell'autocertificazione attestante il servizio prestato presso Istituti di Cura privati deve espressamente essere contenuta l'indicazione della convenzione o accreditamento con il S.S.N.; in assenza di tale indicazione il servizio non sarà considerato nei titoli di carriera ma nel curriculum formativo e professionale.

Le pubblicazioni devono essere edite a stampa o prodotte in originale o fotocopia accompagnate da dichiarazione sostitutiva di atto di notorietà ai sensi del DPR n. 445/00.

Qualora il candidato abbia conseguito titoli di studio e/o svolto servizi professionali all'estero, deve espressamente indicare gli estremi del provvedimento di equipollenza/equiparazione ai titoli italiani, adottato dall'Autorità italiana competente o, in alternativa, allegarne copia cartacea;
Le autocertificazioni e le dichiarazioni sostitutive di atto di notorietà vanno formalizzate esclusivamente secondo i fac-simile allegati debitamente compilati in modo da consentire la verifica di quanto dichiarato, allegando copia di documento in corso di validità.

AMMISSIONE DEI CANDIDATI

La verifica della sussistenza dei requisiti di ammissione dei candidati è effettuata dall'U.O.C. Risorse Umane e disposta con atto formale dell'Azienda, nel rigoroso rispetto della normativa vigente.

COMMISSIONE ESAMINATRICE

Scaduti i termini previsti dall'avviso pubblico per la presentazione delle domande, l'Azienda provvede al sorteggio, alla costituzione ed alla nomina della Commissione di valutazione. Ai sensi dell'art. **20 della L. n.118 del 5 Agosto 2022 "***La selezione e' effettuata da una commissione composta dal direttore sanitario dell'azienda interessata e da tre direttori di struttura complessa nella medesima disciplina dell'incarico da conferire, dei quali almeno due responsabili di strutture complesse in regioni diverse da quella ove ha sede l'azienda interessata alla copertura del posto. I direttori di struttura complessa sono individuati tramite sorteggio da un elenco nazionale nominativo costituito dall'insieme degli elenchi regionali dei direttori di struttura complessa appartenenti ai ruoli regionali del Servizio sanitario nazionale. Qualora fosse sorteggiato più di un direttore di struttura complessa della medesima regione ove ha sede l'azienda interessata alla copertura del posto, e' nominato componente della commissione il primo sorteggiato e si prosegue nel sorteggio fino a individuare almeno due componenti della commissione direttori di struttura complessa in regioni diverse da quella ove ha sede la predetta azienda. Se all'esito del sorteggio di cui al secondo o al terzo periodo la metà dei direttori di struttura complessa non e' di genere*

diverso, si prosegue nel sorteggio fino ad assicurare ove possibile l'effettiva parità di genere nella composizione della commissione, fermo restando il criterio territoriale di cui al terzo periodo. Assume le funzioni di presidente della commissione il componente con maggiore anzianità di servizio tra i tre direttori sorteggiati. In caso di parità nelle deliberazioni della commissione prevale il voto del presidente".
Per ogni componente titolare dovrà essere sorteggiato un componente supplente, fatta eccezione per il Direttore Sanitario.
Il sorteggio dei componenti supplenti seguirà le stesse modalità previste per il sorteggio dei componenti titolari.
Le operazioni di sorteggio dei componenti sono pubbliche e avranno inizio presso l'Azienda Ospedaliera "San Pio" - IV° piano palazzina amministrativa – Area Risorse Umane - Via Pacevecchia 57 – 82100 Benevento, alle ore 12.00 del secondo martedì successivo non festivo alla scadenza del termine utile per la presentazione delle domande di partecipazione.

CRITERI E MODALITA' DI VALUTAZIONE DEI CANDIDATI

Ai sensi del novellato art. 15 – comma 7-bis punto b) del D.Lgs. 502/92, la Commissione effettua la valutazione tramite l'analisi comparativa dei curricula, dei titoli professionali posseduti, avuto riguardo alle necessarie competenze organizzative e gestionali, dei volumi dell'attività svolta, dell'aderenza al profilo ricercato e degli esiti del colloquio.
La Commissione dispone complessivamente di 100 punti ripartiti in due Macro Aree:

- 40 punti per il curriculum; minimo 20 punti;
- 60 punti per il colloquio;minimo 30 punti;

Il punteggio (40 punti) per la valutazione del Curriculum verrà ripartito ed attribuito come segue:

Esperienze Professionali massimo punti 25
In tale ambito, in rapporto alle esigenze Aziendali,verranno prese in considerazione:
a)-la tipologia delle istituzioni in cui sono allocate le strutture presso le quali il candidato ha svolto la sua attività e alla tipologia delle prestazioni erogate dalle strutture medesime;
b)-la posizione funzionale del candidato nelle strutture ed alle sue competenze con indicazione di specifici ambiti di autonomia professionale con funzioni di direzione;
c)-la tipologia quali-quantitativa delle prestazioni effettuate dal candidato (dovrà essere allegata una casistica di specifiche esperienze e attività professionali svolte riferite al decennio precedente alla data di pubblicazione dell'avviso per estratto nella Gazzetta Ufficiale certificata dal Direttore Sanitario sulla base delle attestazioni del Direttore del competente dipartimento o unità operativa di appartenenza);

Attività di formazione, studio, ricerca e produzione scientifica: massimo punti 15
In tale ambito, in rapporto alle esigenze Aziendale,verranno presi in considerazione:
d)i soggiorni di studio e di addestramento professionale per attività attinenti la disciplina in rilevanti strutture italiane o estere di durata non inferiore a tre mesi con esclusione dei tirocini obbligatori;
e)l'attività didattica presso corsi di studio per il conseguimento del diploma universitario, di laurea o di specializzazione ovvero presso scuole per la formazione del personale sanitario;
f) la partecipazione a corsi, congressi, convegni e seminari, anche effettuati all'estero, in qualità di docente o relatore;
g)la produzione scientifica strettamente pertinente alla disciplina, pubblicata su riviste italiane o straniere, caratterizzate da criteri di filtro nell'accettazione dei lavori, nonché il suo impatto sulla comunità scientifica.
h)la continuità e la rilevanza dell'attività pubblicistica e di ricerca svolta nel corso dei precedenti incarichi.
La Commissione di valutazione, ai sensi del Decreto Dirigenziale n. 49 del 15/03/2017 della Direzione Generale per la Tutela della Salute ed il Coordinamento del SSR della Regione Campania, sulla base della valutazione di ciascun curriculum, correlata al grado di attinenza alle esigenze Aziendali, formula un giudizio complessivo adeguatamente motivato, ed attribuisce un punteggio a ciascun curriculum.
Il colloquio sarà diretto alla valutazione delle capacità professionali del candidato nella specifica disciplina, con riferimento anche alle esperienze professionali documentate nonché all'accertamento delle capacità gestionali, organizzative e di direzione del medesimo con riguardo alle caratteristiche dell'incarico da conferire, rispondenti al profilo professionale del dirigente da incaricare determinato dall'Azienda.
La Commissione dovrà tenere conto della chiarezza espositiva, della correttezza delle risposte, dell'uso di linguaggio scientifico appropriato, della capacità di collegamento con altre patologie o discipline o specialità per la miglior risoluzione dei quesiti anche dal punto di vista dell'efficacia e dell'economicità degli interventi.

Il colloquio è altresì diretto a testare la visione e l'originalità delle proposte sull'organizzazione della struttura complessa, nonché l'attitudine all'innovazione ai fini del miglioramento dell'organizzazione e della soddisfazione degli stakeholders della struttura stessa.
Le date del colloquio, il luogo l'orario e le modalità di svolgimento saranno consultabili nel sito web Aziendale https://aosanpio.it nella sezione "Bandi e Concorsi – Bandi di Concorso e Avvisi" almeno 15 giorni prima della prova. Tale pubblicazione ha valore di notifica a tutti gli effetti. I candidati non riceveranno alcuna ulteriore comunicazione.
L'elenco dei candidati ammessi alla colloquio, sarà altresì pubblicata entro gli stessi termini sul sito Aziendale http://aosanpio.it/ nella sezione Bandi e Concorsi – Bandi di Concorso e Avvisi.
Al colloquio i candidati dovranno presentarsi muniti di documento di identità personale in corso di validità.
La mancata presentazione al colloquio, indipendentemente dalla causa, comporta la rinuncia alla selezione.
Al fine della formulazione della graduatoria di idonei, la soglia minima di punteggio deve essere pari al 50% del punteggio massimo attribuibile a ciascun ambito di valutazione

TRASPARENZA

Il profilo professionale del dirigente da incaricare, i curricula dei candidati, il verbale della Commissione sono pubblicati, prima della nomina, sul sito internet dell'Azienda http://aosanpio.it/
Sono, altresì, pubblicate, sul medesimo sito la nomina delle Commissioni Esaminatrici.

CONFERIMENTO INCARICO

La Commissione, tenuto conto del profilo professionale del dirigente da incaricare, presenterà al Direttore Generale, al termine della procedura selettiva, una graduatoria di candidati idonei, formata sulla base dei migliori punteggi attribuiti, a seguito dell'esito di un'analisi comparativa riguardante:
-i curricula;
-i titoli professionali posseduti, avuto anche riguardo alle necessarie competenze organizzative e gestionali;
-i volumi dell'attività svolta;
-l'aderenza al profilo ricercato;
-gli esiti di un colloquio.
Il candidato da nominare sarà individuato, con atto formale, dal Direttore Generale nell'ambito della graduatoria proposta dalla Commissione; l'individuazione deve riguardare, il candidato risultato prima in graduatoria, in caso di parità di punteggio è disposto che debba essere nominato il candidato più giovane di età. Nel caso di dimissioni o decadenza del dirigente a cui è stato conferito l'incarico, nei due anni successivi non si procederà alla sostituzione mediante scorrimento della graduatoria dei candidati. L'incarico di direttore di struttura complessa sarà attivato a seguito di stipula di contratto individuale d'incarico di durata quinquennale, con vincolo di esclusività per tutta la durata dell'incarico, e facoltà di rinnovo per lo stesso periodo o per periodo più breve, previa verifica positiva da parte del Collegio Tecnico, ai sensi delle vigenti disposizioni normative. L'efficacia del provvedimento di conferimento dell'incarico è condizionata all'acquisizione della dichiarazione di insussistenza delle cause ostative che l'interessato è tenuto a rendere ai sensi dell'art. 20 del D. Lgs. 39/2013.
E' fatto obbligo al candidato vincitore dell'avviso di acquisire l'attestato di formazione manageriale, di cui all'art. 5, punto d) del DPR n. 484/97, nel primo corso utile.
Il trattamento economico e' quello previsto dal vigente CCNL per l'area della Dirigenza Medica.
La nomina decorre, agli effetti giuridici ed economici, dalla data di effettiva assunzione in servizio.
I candidati, trascorsi 60 giorni dalla data di conferimento dell'incarico da parte del Direttore Generale, in assenza di contenziosi, potranno ritirare la documentazione a suo tempo presentata per la partecipazione all'avviso.

TUTELA DEI DATI PERSONALI

Tutti i dati personali di cui l'Amministrazione sia venuta in possesso in occasione dell'espletamento dell'Avviso verranno trattati nel rispetto del D.Lgs. 196/2003 e del GDPR (Regolamento UE 2016/679); la presentazione della domanda da parte del candidato implica il consenso al trattamento dei propri dati personali, compresi i dati sensibili, a cura del personale assegnato all'ufficio preposto alla conservazione delle domande ed all'utilizzo delle stesse per lo svolgimento delle procedure concorsuali.

NORME FINALI

Per quanto non espressamente previsto dal presente avviso si fa riferimento alla normativa vigente.
La presente procedura si concluderà, con l'atto formale di attribuzione dell'incarico adottato dal Direttore Generale, entro 6 mesi dalla scadenza del termine per la presentazione delle domande. Tale termine finale

potrà essere derogato qualora ragioni oggettive ne comportino l'esigenza. In tal caso ne sarà data comunicazione agli interessati.
L'Amministrazione si riserva la facoltà di prorogare, sospendere, annullare e/o revocare, modificare in tutto o in parte, a suo insindacabile giudizio, il presente bando qualora ne rilevasse la opportunità o la necessità, per ragioni di pubblico interesse, senza che i concorrenti possano avanzare pretese o diritti. Con la partecipazione all'avviso è implicita da parte dei concorrenti l'accettazione, senza riserve, di tutte le prescrizioni e precisazioni del presente avviso. Per ulteriori informazioni gli interessati potranno rivolgersi all'Area Risorse Umane dell'A.O.R.N "San Pio" – tel. 0824/57556 dalle ore 11,00 alle ore 13,00.

PROCEDURA DI REGISTRAZIONE E COMPILAZIONE ON – LINE DELLA DOMANDA E DEI RELATIVI TITOLI PER LA PARTECIPAZIONE ALL'AVVISO

La compilazione della domanda potrà essere effettuata 24 ore su 24 (salvo momentanee interruzioni per manutenzione del sito) da computer collegato alla rete internet e dotato di un browser di navigazione aggiornato tra quelli di maggiore diffusione (Chrome, Explorer, Firefox, Safari) che supporti ed abbia abilitati JavaScript e Cookie. La compatibilità con i dispositivi mobili (smartphone, tablet) non è garantita. Si consiglia di effettuare la registrazione, procedere alla compilazione della domanda e stampare la conferma dell'iscrizione con largo anticipo.

REGISTRAZIONE NEL SITO AZIENDALE

- Collegarsi al sito internet: https://ospedalecardarelli.iscrizioneconcorsi.it

• Cliccare su “pagina di registrazione” ed inserire i dati richiesti. Fare attenzione al corretto inserimento della e-mail (non PEC, non indirizzi generici o condivisi, ma mail personale) perché a seguito di questa operazione il programma invierà una e-mail al candidato con le credenziali provvisorie (Username e Password) di accesso al sistema di iscrizione ai concorsi on-line (attenzione l’invio non è immediato quindi registrarsi per tempo).
• Collegarsi, una volta ricevuta la mail, al link indicato nella stessa per modificare la Password provvisoria con una password segreta e definitiva a vostra scelta che dovrà essere conservata per gli accessi successivi al primo, attendere poi qualche secondo per essere automaticamente reindirizzati;

ISCRIZIONE ON LINE ALL’AVVISO PUBBLICO

• Dopo aver inserito Username e Password definitiva e compilato e salvato i dati anagrafici richiesti nella scheda “Utente”, selezionare la voce di menù “Selezioni”, per accedere alla schermata dei concorsi ed avvisi disponibili.
• Cliccare l’icona “Iscriviti” corrispondente al concorso/avviso al quale intende partecipare.
• Il candidato accede alla schermata di inserimento della domanda, dove deve dichiarare il POSSESSO DEI REQUISITI GENERALI E SPECIFICI richiesti per l’ammissione all’Avviso.
• Si inizia dalla scheda “Anagrafica”, che deve essere compilata in tutte le sue parti e dove va allegata la scansione del documento di identità, cliccando il bottone “aggiungi documento” (dimensione massima 1 mb).
• Per iniziare cliccare il tasto “Compila” ed al termine dell’inserimento, confermare cliccando il tasto in basso “Salva”; Proseguire con la compilazione delle ulteriori pagine di cui si compone in format, il cui elenco è disposto sul lato sinistro dello schermo, e che via via che vengono compilate, risultano spuntate in verde, con riportato al lato il numero delle dichiarazioni rese. Le stesse possono essere compilate in più momenti, in quanto è possibile accedere a quanto caricato ed aggiungere/correggere/cancellare i dati, fino a quando non si conclude la compilazione cliccando su “Conferma ed invio”. Si sottolinea che tutte le informazioni (requisiti specifici di ammissione, titoli di carriera ed esperienze professionali e formative) di cui sopra, dovranno essere indicate in modo preciso ed esaustivo in quanto si tratta di dati sui quali verrà effettuata la verifica del possesso dei requisiti per la partecipazione al concorso/avviso, degli eventuali titoli di preferenza o di riserva dei posti, nonché la valutazione dei titoli. Si tratta di una dichiarazione resa sotto la propria personale responsabilità ed ai sensi del D.P.R. 28.12.2000, n. 445. I rapporti di lavoro/attività professionali in corso possono essere autocertificati limitatamente alla data in cui viene compilata la domanda (quindi, in caso di servizi ancora in corso, nel campo corrispondente alla data di fine rapporto il candidato deve inserire la data di compilazione della domanda).
• **ATTENZIONE** per alcune tipologie di titoli è possibile ed è necessario, al fine dell’accettazione della domanda e della eventuale valutazione, effettuare la scannerizzazione dei documenti e fare l’upload direttamente nel format on line.
I documenti che devono essere necessariamente allegati a pena di esclusione sono:
a. documento di identità valido;
b. documenti comprovanti i requisiti che consentono ai cittadini non italiani e non comunitari di partecipare al presente avviso (permesso di soggiorno CE per soggiornanti di lungo periodo o la titolarità dello status di rifugiato, ovvero dello status di protezione sussidiaria);
c. il Decreto ministeriale di riconoscimento del titolo di studio valido per l’ammissione, se conseguito all’estero;
I documenti che devono essere allegati pena la mancata valutazione/decadenza dei benefici sono:
a. il Decreto ministeriale di equiparazione dei titoli di servizio svolti all’estero (da inserire nella pagina “Servizio presso ASL/PA come dipendente”);
b. le Pubblicazioni effettuate Nei casi suddetti effettuare la scannerizzazione dei documenti e l’upload (come indicato nella spiegazione di “Anagrafica” ed allegarli seguendo le indicazioni e cliccando il bottone “aggiungi allegato”, ponendo attenzione alla dimensione richiesta nel format
• Terminata la compilazione di tutte le sezioni, cliccare su “Conferma ed invio”. Dopo avere reso le dichiarazioni finali e confermato sarà possibile stampare la domanda definitiva tramite la funzione **“STAMPA DOMANDA”.**
• **ATTENZIONE**: a seguito della conferma, la domanda risulterà bloccata e sarà inibita qualsiasi altra modifica e integrazione, prestare quindi attenzione. Il candidato deve obbligatoriamente procedere allo

scarico della domanda, alla sua firma e successivo upload cliccando il bottone “Allega la domanda firmata”.

- Solo al termine di quest’ultima operazione comparirà il bottone “Invia l’iscrizione” che va cliccato per inviare definitivamente la domanda. Il candidato riceverà una mail di conferma iscrizione con allegata la copia della domanda. Il mancato inoltro informatico della domanda firmata, determina l’automatica esclusione del candidato dall’Avviso di cui trattasi. Ai sensi dell’art. 71 del D.P.R. 28.12.2000, n. 445 e s.m.i., l’Amministrazione procederà ad idonei controlli, anche a campione sulla veridicità delle dichiarazioni rese nel format. Qualora emerga la non veridicità del contenuto delle dichiarazioni, il dichiarante decade dai benefici eventualmente conseguiti in seguito al provvedimento emanato, sulla base della dichiarazione non veritiera.

ASSISTENZA

Le richieste di assistenza possono essere avanzate tramite l'apposita funzione disponibile alla voce di menù “RICHIEDI ASSISTENZA” sempre presente nella sezione a sinistra della pagina web. Le richieste di assistenza verranno evase durante l’orario di lavoro e compatibilmente con gli altri impegni del servizio. Si garantisce una risposta entro 5 giorni lavorativi dalla richiesta e non potranno essere soddisfatte nei 3 giorni antecedenti la data di scadenza del concorso. Si suggerisce di leggere attentamente il MANUALE ISTRUZIONI per l’uso della procedura, di cui sopra, e disponibili nella sezione a sinistra della pagina web
PROCEDURA DI EVENTUALE INTEGRAZIONE DI ULTERIORI TITOLI E DOCUMENTI ALLA DOMANDA DI PARTECIPAZIONE AL CONCORSO: Dopo l’invio on-line della domanda è possibile richiedere la riapertura della domanda inviata per la produzione di ulteriori titoli o documenti ad integrazione della stessa fino a 3 giorni prima della data di scadenza del presente bando, tramite l'apertura di una richiesta di assistenza per mezzo della apposita funzione “Richiedi assistenza”
NOTA BENE: si fa presente che la riapertura della domanda per la produzione di ulteriori titoli e documenti comporta l’annullamento della domanda precedentemente redatta on-line, con conseguente perdita di validità della ricevuta di avvenuta compilazione. Quindi tale procedura prevede la ripresentazione integrale della domanda di iscrizione on-line da parte del candidato utilizzando la stessa modalità prevista al paragrafo ‘ISCRIZIONE ON LINE AL CONCORSO PUBBLICO’.

4. AMMISSIONE ALL’AVVISO:

L’Azienda provvederà a verificare la sussistenza dei requisiti richiesti dall’avviso, nonché la regolarità della domanda di partecipazione.
L’esclusione dalla procedura è deliberata con provvedimento motivato dal Direttore Generale dell’A.O.R.N. “A. CARDARELLI”. L’elenco dei candidati ammessi e dei candidati non ammessi verrà pubblicato sul sito web aziendale **http://www.ospedalecardarelli.it, nell’area Amministrazione Trasparente, sezione Bandi di Concorso,** con valore di notifica a tutti gli effetti.

5. COMMISSIONE ESAMINATRICE

La Commissione ai fini della valutazione disporrà dei seguenti punteggi:
a) punti 20 per la valutazione dei titoli
b) punti 30 per la valutazione del colloquio.
− I punti per la valutazione dei titoli sono così ripartiti:
1) titoli di carriera ..... punti 10;
2) titoli accademici e di studio ..... punti 3;
3) pubblicazioni e titoli scientifici .....…..... punti 3;
4) curriculum formativo e professionale …. punti 4.

COLLOQUIO: massimo punti 30, vertente sulle materie inerenti la disciplina a concorso, sui compiti connessi alla funzione da conferire e sull’approfondimento delle capacità e delle esperienze professionali di ciascun candidato. Il superamento del colloquio è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici di almeno 21/30. I candidati che non raggiungeranno una valutazione di sufficienza non saranno considerati idonei nella relativa graduatoria di merito.
La convocazione per sostenere il colloquio verrà pubblicata sul sito aziendale **http://www.ospedalecardarelli.it, nell’area Amministrazione Trasparente, sezione Bandi di Concorso,** con valore di notifica a tutti gli effetti, non seguirà alcuna convocazione individuale.

La graduatoria finale sarà pubblicata sul sito internet aziendale http://www.ospedalecardarelli.it, nell'area Amministrazione Trasparente, sezione Bandi di Concorso, e varrà quale notifica agli interessati dell'esito dell'avviso.

6. CONFERIMENTO DELL'INCARICO
L'attribuzione dell'incarico è effettuata dal Direttore Generale dell'Azienda sulla base della graduatoria formulata dalla Commissione.
Il vincitore o la vincitrice, ai fini della stipulazione del contratto individuale di lavoro, sarà invitato a presentare i documenti che l'Amministrazione stessa indicherà, con specifica richiesta.
Ai fini giuridici ed economici la nomina decorre dalla data dell'effettiva immissione in servizio.
Al vincitore o alla vincitrice sarà attribuito il trattamento economico fondamentale ed accessorio, previsto dal CCNL dell'area della Dirigenza Medica del Servizio Sanitario Nazionale, all'atto dell'assunzione. **I candidati devono essere disponibili all'assunzione immediata.**

7. TUTELA DEI DATI PERSONALI – INFORMATIVA SULLA PRIVACY:
Tutti i dati personali di cui l'Amministrazione sia venuta in possesso in occasione dell'espletamento delle procedure selettive verranno trattati nel rispetto del D. Lgs. 30/6/2003, n. 196, nonché del Regolamento Europeo n. 679/2016; la presentazione della domanda da parte del candidato implica il consenso al trattamento dei propri dati personali, compreso i dati sensibili, a cura del personale assegnato all'ufficio preposto alla conservazione delle domande ed all'utilizzo delle stesse per lo svolgimento delle procedure selettive. Gli stessi potranno essere messi a disposizione di coloro che, dimostrando un attuale e concreto interesse nei confronti della suddetta procedura, ne facciano espressa richiesta ai sensi dell'art. 22 della Legge 241/90 e successive modificazioni e integrazioni. L'interessato gode dei diritti di cui all'articolo 7 del D.Lgs 196/2003 e s.m.i., cioè di conoscere i dati che lo riguardano, di chiederne l'aggiornamento, la rettifica, il completamento, la cancellazione o il blocco in caso di violazione di legge, nonché il diritto di opporsi al loro trattamento per motivi legittimi, nel rispetto tuttavia dei termini perentori previsti relativamente alla procedura di chi trattasi.

8. MODIFICA, SOSPENSIONE E REVOCA DELL'AVVISO:
L'Azienda si riserva la facoltà, per legittimi motivi, di modificare, sospendere o revocare, in tutto o in parte il presente Avviso o riaprire e/o prorogare i termini di presentazione delle domande, a suo insindacabile giudizio ed in qualsiasi momento, senza che gli aspiranti e/o i graduati possano sollevare eccezioni, diritti o pretese e senza l'obbligo della comunicazione, ai singoli concorrenti, del relativo provvedimento.

9. NORME FINALI:
E' garantita la pari opportunità tra uomini e donne per l'accesso al lavoro, così come previsto dalla L. 125/91 e dall'art. 35 e 57 del D.Lgs. 165/2001.
Le istanze già pervenute o che perverranno prima della pubblicazione del presente avviso sul Bollettino Ufficiale della Regione Campania non saranno prese in considerazione e saranno archiviate senza alcuna comunicazione agli interessati, in quanto il presente avviso costituisce a tutti gli effetti notifica nei confronti degli interessati anche dell'esito di dette domande.
Il presente bando sarà integralmente pubblicato all'Albo pretorio dell'Azienda, nonché sul sito internet aziendale all'indirizzo http://www.ospedalecardarelli.it, **nell'area Amministrazione Trasparente, sezione Bandi di Concorso,** dopo la pubblicazione sul Bollettino Ufficiale della Regione Campania.
Per eventuali informazioni gli aspiranti potranno rivolgersi all'U.O.C. G.R.U., Settore Acquisizione Risorse Umane, dell'A.O.R.N. "A. CARDARELLI", Via Antonio Cardarelli n. 9, C.a.p. 80131 NAPOLI, alla seguente mail: settore.concorsi@aocardarelli.it .
Per quanto non espressamente previsto nel presente bando, si fa riferimento alle disposizioni legislative che disciplinano la materia.

2) REQUISITI SPECIFICI DI AMMISSIONE

Gli interessati, pena esclusione, devono essere in possesso dei seguenti requisiti specifici inderogabili:

- Laurea di I° livello in Tecniche di Neurofisiopatologia, afferente alla classe n. 3 (D.M. 02/04/2001) delle lauree universitarie delle professioni sanitarie tecniche, ovvero Diploma Universitario di Tecnico di Neurofisiopatologia conseguito ai sensi dell'art. 6, comma 3, D. Lgs 502/1992 e s.m.i., ovvero Diploma o Attestato conseguito in base al precedente ordinamento e riconosciuto equipollente, ai sensi delle vigenti disposizioni, al Diploma Universitario ai fini dell'esercizio dell'attività professionale e dell'accesso ai pubblici uffici. Eventuali titoli di studio conseguiti all'estero saranno considerati utili purchè riconosciuti equipollenti, dai competenti organi, ad uno dei titoli di studio italiani.
- Iscrizione all'albo professionale. L'iscrizione al corrispondente albo professionale di uno dei Paesi dell'Unione Europea consente la partecipazione ai concorsi/selezioni, fermo restando l'obbligo dell'iscrizione all'albo in Italia prima dell'assunzione in servizio. Si precisa che in merito alla data di effettiva iscrizione all'ordine professionale, come previsto dalla vigente normativa, i candidati dovranno risultare regolarmente iscritti entro la data di scadenza del presente bando.

Tutti i requisiti, generali e specifici, di cui agli articoli 1 e 2 del presente Bando di Concorso Pubblico devono essere posseduti, a pena di esclusione, alla data di presentazione della domanda di partecipazione alla procedura concorsuale in trattazione.

3) MODALITÀ E TERMINE DI PRESENTAZIONE DELLA DOMANDA DI PARTECIPAZIONE AL CONCORSO.

Le domande di partecipazione al concorso pubblico dovranno essere prodotte, esclusivamente pena la non ammissione al concorso pubblico, tramite procedura telematica, con le modalità di seguito descritte, entro e non oltre le ore 23:59, del trentesimo giorno successivo alla data di pubblicazione del presente bando sulla Gazzetta Ufficiale della Repubblica Italiana, IV Serie Speciale - Concorsi ed Esami-. Qualora detto giorno sia festivo, il termine è prorogato, di diritto, al primo giorno successivo non festivo.

PROCEDURA DI REGISTRAZIONE E COMPILAZIONE ON-LINE DELLA DOMANDA DI PARTECIPAZIONE E DEI RELATIVI TITOLI PER LA PARTECIPAZIONE AL CONCORSO PUBBLICO.

La compilazione della domanda di concorso potrà essere effettuata 24 ore su 24 (salvo momentanee interruzioni per manutenzione del sito) da computer collegato alla rete internet e dotato di un browser di navigazione aggiornato tra quelli di maggiore diffusione (Chrome, Explorer, Firefox, Safari) che supporti ed abbia abilitati JavaScript e Cookie. La compatibilità con i dispositivi mobili (smartphone, tablet) non è garantita. Si consiglia di effettuare la registrazione e la compilazione per tempo**.**

REGISTRAZIONE CON IDENTITA' DIGITALE (SPID)

Per procedere alla compilazione della domanda, il candidato deve accedere alla piattaforma telematica esclusivamente tramite SPID (Sistema Pubblico di Identità digitale) o CIE (Carta di identità elettronica) e registrarsi. A tal fine occorre:

Collegarsi al sito internet: https://aslnapoli2nord.iscrizioneconcorsi.it. ed entrare con le proprie credenziali SPID o CIE; inserire i dati richiesti nella pagina di registrazione (se non già registrati) e seguire le istruzioni.

REGISTRAZIONE NEL SITO AZIENDALE

Collegarsi al sito internet: https://aslnapoli2nord.iscrizioneconcorsi.it.

Cliccare su "pagina di registrazione" ed inserire i dati richiesti.

Fare attenzione al corretto inserimento della e-mail (non PEC, non indirizzi generici o condivisi, ma mail personale) perché a seguito di questa operazione il programma invierà una e-mail al candidato con le credenziali provvisorie (Username e Password) di accesso al sistema di iscrizione ai concorsi on-line (attenzione **l'invio non è immediato quindi registrarsi per tempo**). **Collegarsi**, una volta ricevuta la mail, al link indicato nella stessa per modificare la Password provvisoria con una password segreta e definitiva a vostra scelta che dovrà essere conservata per gli accessi successivi al primo.

ISCRIZIONE ON LINE

Dopo aver inserito Username e Password definitiva selezionare la voce di menù "Selezioni", per accedere alla schermata delle procedure disponibili.

Cliccare l'icona "***Iscriviti***" **corrispondente al concorso pubblico al quale intende partecipare.**

Il candidato accede alla schermata di **inserimento della domanda,** dove deve dichiarare il POSSESSO DEI REQUISITI GENERALI E SPECIFICI richiesti per l'ammissione alla selezione.

Si inizia dalla scheda "***Anagrafica***", che deve essere compilata in tutte le sue parti.

Per iniziare, cliccare il tasto "***Compila***" ed al termine dell'inserimento, confermare cliccando il tasto in basso "***Salva***";

Proseguire con la compilazione delle ulteriori pagine di cui si compone in format, il cui elenco è disposto sul lato sinistro dello schermo, e che via via che vengono compilate, risultano spuntate in verde, con riportato al lato il numero delle dichiarazioni rese. Le stesse possono essere compilate in più momenti, in quanto è possibile accedere a quanto caricato ed aggiungere/correggere/cancellare i dati, fino a quando non si conclude la compilazione cliccando su "***Conferma ed invio***".

Si sottolinea che tutte le informazioni (requisiti di ammissione, titoli di merito) di cui sopra, dovranno essere indicate in modo preciso ed esaustivo in quanto si tratta di dati sui quali verrà effettuata la verifica del possesso dei requisiti per la partecipazione al concorso pubblico, degli eventuali titoli di preferenza e/o di riserva dei posti, nonché la valutazione dei titoli. Si tratta di una dichiarazione resa sotto la propria personale responsabilità ed ai sensi del D.P.R. 28.12.2000, n. 445 e ss. mm. ii..

I rapporti di lavoro/attività professionali in corso possono essere autocertificati limitatamente alla data in cui viene compilata la domanda (quindi, in caso di servizi ancora in corso, nel campo corrispondente alla data di fine rapporto il candidato deve inserire la data di compilazione della domanda).

ATTENZIONE per alcune tipologie di titoli è possibile ed è necessario, al fine dell'accettazione della domanda e della eventuale valutazione, effettuare la scannerizzazione dei documenti e fare l'**upload** direttamente nel format on line.
I documenti che devono essere necessariamente allegati a pena di esclusione dal concorso pubblico sono: documenti comprovanti i requisiti che consentono ai cittadini non italiani e non comunitari di partecipare al presente concorso (permesso di soggiorno CE per soggiornanti di lungo periodo o la titolarità dello status di rifugiato, ovvero dello status di protezione sussidiaria);
il Decreto ministeriale di riconoscimento del titolo di studio valido per l'ammissione, se conseguito all'estero (da inserire nella pagina "Titoli accademici e di studio");
il decreto ministeriale di equiparazione dei titoli di servizio svolti all'estero (da inserire nella pagina "Servizio presso ASL/PA come dipendente");
la certificazione medica attestate lo stato di disabilità comprovante la necessita di ausili e/o tempi aggiuntivi, ai sensi dell'art. 20 della Legge 5.02.1992, n. 104;
Nei casi suddetti effettuare la scannerizzazione dei documenti e l'upload seguendo le indicazioni e cliccando il bottone "aggiungi allegato", ponendo attenzione al tipo file ammesso ed alla dimensione massima richiesta nel format. Consigliamo la lettura degli ultimi capitoli del MANUALE ISTRUZIONI (disponibile nelle sezioni di sinistra delle pagine web del sito) per eventuali indicazioni riguardo la modalità di unione di più file in un unico di più pagine, la conversione in formato pdf e la riduzione in dimensioni.
Attenzione, vanno allegati esclusivamente i documenti richiesti esplicitamente dal format, pertanto non verranno presi in considerazione eventuali documenti allegati diversi da quelli specificatamente richiesti.
Terminata la compilazione di tutte le sezioni, cliccare su "**Conferma ed invio**".
Dopo avere reso le dichiarazioni finali si clicca il bottone "**Conferma ed invia l'iscrizione**".
Il candidato riceverà una mail di conferma iscrizione con allegata la domanda con quanto ha inserito in piattaforma. Si consiglia di verificare tutti i documenti allegati ed in caso di errore procedere alla loro sostituzione con quelli corretti (vedere il MANUALE ISTRUZIONI).
Ogni dichiarazione resa dal candidato sul format on-line è sotto la propria personale responsabilità ed ai sensi del D.P.R. 28.12.2000, n. 445 e ss. mm. ii., in caso di dichiarazioni mendaci, lo stesso incorre nelle sanzioni penali di cui all'art. 76 D.P.R. n. 445/2000 e ss. mm. ii., oltre alla decadenza dei benefici eventualmente conseguiti sulla base delle dichiarazioni non veritiere.
L'Amministrazione è tenuta ad effettuare gli idonei controlli previsti dall'art. 71 D.P.R. 445/2000 e ss.mm.ii., anche a campione ed in tutti i casi in cui sorgano fondati dubbi, sulla veridicità delle dichiarazioni sostitutive ed a trasmetterne le risultanze all'Autorità competente.
In caso di non veridicità delle dichiarazioni, si determineranno l'esclusione dalla procedura concorsuale, la decadenza dagli eventuali benefici conseguiti, nonché la trasmissione degli atti alle competenti Autorità Giudiziarie, ai Collegi/Ordini, alle Amministrazioni di appartenenza.
Non saranno oggetto di valutazione da parte della commissione esaminatrice le dichiarazioni sostitutive rese in modo non corretto e/o incomplete.
Non verranno presi in considerazione eventuali documentazioni/integrazioni inviate con modalità diversa da quelle previste dal presente bando (anche se inviate tramite raccomandata o tramite PEC).
Il mancato rispetto, da parte dei candidati, dei termini e delle modalità sopra indicate per la presentazione delle domande comporterà la non ammissibilità al concorso pubblico.
ASSISTENZA
Le richieste di assistenza possono essere avanzate tramite l'apposita funzione disponibile alla voce di menù **"RICHIEDI ASSISTENZA"** sempre presente nella sezione a sinistra della pagina web. Le richieste di assistenza verranno evase durante l'orario di lavoro e compatibilmente con gli altri impegni del servizio. Si garantisce una **risposta entro 5 giorni** lavorativi dalla richiesta e **non potranno essere soddisfatte nei 3 giorni antecedenti la data di scadenza del bando.**
Si suggerisce di **leggere attentamente il MANUALE ISTRUZIONI** per l'uso della procedura, di cui sopra, e disponibile nel pannello di sinistra delle varie pagine di cui si compone il sito web e nella home page.
CORREZIONE E/O INTEGRAZIONE DELLA DOMANDA
Dopo l'invio on-line della domanda **è possibile riaprire la domanda inviata** per l'eventuale correzione e/o la produzione di ulteriori titoli o documenti ad integrazione della stessa, tramite la funzione Annulla domanda.
NOTA BENE: si fa presente che la riapertura della domanda **comporta l'annullamento della domanda precedentemente redatta on-line**, con conseguente perdita di validità della ricevuta di avvenuta compilazione.

Quindi tale procedura prevede la **ripresentazione integrale della domanda di iscrizione on-line** da parte del candidato utilizzando la stessa modalità prevista al paragrafo 'ISCRIZIONE ON LINE'.
L'annullamento della domanda non comporta la perdita di tutti i dati precedentemente caricati, comporta semplicemente il "ritiro" della domanda inviata che perde di validità.
Per assistenza è possibile contattare il martedì e il giovedì, la U.O.C. GESTIONE RISORSE UMANE - Settore Concorsi - al seguente indirizzo:**settore.concorsi@aslnapoli2nord.it.**

5) NOMINA DELLA COMMISSIONE ESAMINATRICE (ARTICOLI 6 e 28 DEL D.P.R. N. 220 DEL 2001 e DELL'ART. 35 DEL D.LGS. N. 165 DEL 2001 E SS. MM. II.).
La Commissione Esaminatrice sarà nominata, in ottemperanza a quanto disposto dagli artt. 6 e 28 del D.P.R. n. 220 del 27.03.2001, nonché dall'art. 35 del D. Lgs. n. 165/2001 e ss.mm.ii. con successivo provvedimento amministrativo del Direttore Generale della Asl Napoli 2 Nord.
La Commissione Esaminatrice sarà composta dal Presidente e da due componenti. La presidenza è affidata a personale in servizio presso la Asl Napoli 2 Nord nel profilo professionale di Dirigente Medico, mentre un componente sarà scelto dal Direttore Generale ed uno sarà designato dal Collegio di Direzione di cui all'art. 17 del D.Lgs. n. 502/1992 e ss.mm.ii..
Le funzioni di segretario verbalizzante sono svolte da personale della Asl Napoli 2 Nord di area non inferiore a quella degli assistenti.

6) PROVE D'ESAME (ARTT. 12,14, 36 e 37 DEL D.P.R. n. 220 DEL 2001).
Le prove d'esame sono articolate in una prova scritta, una pratica ed in una prova orale:
Prova scritta: elaborato o soluzioni di quesiti a risposta multipla o nella soluzione di quesiti a risposta sintetica e verterà sulle specifiche attività del profilo a concorso;

Prova pratica: esecuzione di tecniche specifiche o predisposizione di atti connessi alla qualificazione professionale richiesta.
Prova orale: saranno approfondite le materie previste per la prova scritta e, inoltre, sarà accertata la conoscenza dell'uso delle apparecchiature e delle applicazioni informatiche e di una lingua straniera.
Prova preselettiva: Ai sensi dell'art. 3- comma 4 del DPR n. 220/2021, in caso di presentazione di domande di partecipazione da parte di un numero di aspiranti superiore a 500, al fine di non rendere eccessivamente lunghi e gravosi i tempi di espletamento del concorso di che trattasi, la prova scritta sarà preceduta da una preselezione. Detta procedura consisterà nella risoluzione, in un tempo determinato, di una serie di quiz a risposta multipla sugli argomenti della prova scritta, pratica ed orale. Saranno ammessi alla prova scritta, previo accertamenti del possesso dei requisiti di ammissibilità i primi 500 classificati oltre gli ex aequo con l'ultimo classificato. La preselezione non è prova d'esame. Della prova preselettiva viene redatto apposito verbale che verrà inserito quale parte integrante del concorso. La votazione della prova selettiva non concorre alla formazione del punteggio finale di merito. La persona riconosciuta formalmente dagli enti deputati portatrice di handicap affetta da invalidità uguale o superiore all'80% non è tenuta a sostenere la prova selettiva ai sensi dell'art. 25 – comma 9 D.L. 90/2014, convertito in legge 114/2014 – ed è direttamente ammessa alla prova scritta in aggiunta ai candidati che hanno superato la prova selettiva.
La documentazione dovrà essere allegata sulla piattaforma CONCORSI nell'apposita casella dedicata al momento della compilazione della domanda di partecipazione al concorso, pena esclusione. Coloro che necessitano di ausili/tempi aggiuntivi/interprete LIS sono tenuti a comunicarlo al momento della compilazione della domanda di partecipazione al concorso.
La mancata partecipazione alla preselezione per qualsiasi motivo comporterà l'esclusione dal concorso.
Nella preselezione non si applicano le riserve e le preferenze previste dalla vigente normativa.

7) CONVOCAZIONE DEI CANDIDATI ALLE PROVE D'ESAME (ART. 7 DEL D.P.R. N. 220 DEL 2001).
Ai candidati ammessi alla prova scritta sarà data comunicazione delle data e del luogo di svolgimento della prova scritta, mediante avviso pubblicato sul sito web aziendale www.aslnapoli2nord.it - Sezione "Avvisi Istituzionali" e "Bandi di Concorso"-., non meno di quindici giorni prima della sua effettuazione, con valore di notificazione a tutti gli effetti di legge.
Ai candidati che conseguono l'ammissione alle prove successive, prova pratica e prova orale, sarà data comunicazione della data, dell'ora e del luogo di svolgimento delle prove medesime, mediante avviso pubblicato sul sito web aziendale www.aslnapoli2nord.it - Sezione "Avvisi Istituzionali" e "Bandi di Concorso"-., con valore di notificazione a tutti gli effetti di legge, non meno di venti giorni dalla data fissata per ciascuna delle predetta prove .L'eventuale convocazione per la prova preselettiva sarà comunicata almeno 15 giorni prima della sua effettuazione, con valore di notificazione a tutti gli effetti di legge sul sito web aziendale.
Il giorno della prova scritta i candidati dovranno presentarsi muniti di:
-Documento di identità o documentazione che consente ai cittadini non italiani, europei o extra-europei, di partecipare al presente concorso (es. permesso di soggiorno).
I candidati che non si presenteranno a sostenere la prova preselettiva e le prove d'esame, nel giorno e nell'ora e nella sede stabilita, saranno dichiarati esclusi dalla presente procedura di concorso pubblico, qualunque sia la causa dell'assenza, anche se non dipendente dalla volontà dei candidati.
Con la partecipazione al presente bando i candidati si impegnano ad accettare, incondizionatamente, quanto disciplinato dallo stesso.
Per quanto non previsto nel presente bando si fa riferimento alle norme vigenti in materia, con particolare riguardo, al D.P.R. n. 220/2001 e successive modificazioni e integrazioni, al D.P.R. n. 487/1994 e successive modifiche e integrazioni e al Decreto Legislativo n. 165/2001 successive modificazioni e integrazioni.

8) PUNTEGGI (ARTICOLO 8 DEL D.P.R. N. 220 DEL 2001).
La Commissione Esaminatrice, secondo quanto previsto dall'art.8 del D.P.R. 27.03.2001, n. 220, dispone, complessivamente, di 100 (cento) punti così ripartiti:
a) 30 punti per i titoli;
b) 70 punti per le prove di esame.
I punti per le prove di esame sano così ripartiti:

a) 30 punti per la prova scritta;
b) 20 punti per la prova pratica;
c) 20 punti per la prova orale.

Il superamento della prova scritta è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici di almeno 21/30.
Il superamento della prova pratica e della prova orale è subordinato al raggiungimento di una valutazione di sufficienza, espressa in termini numerici di almeno 14/20.
La valutazione è effettuata con il rispetto di quanto previsto dall'art. 9, comma 3.
Il mancato raggiungimento della valutazione di sufficienza in una delle suddette prove d'esame comporta l'esclusione dalle prove successive e, quindi, dalla procedura concorsuale.
La votazione complessiva è determinata sommando il voto conseguito nella valutazione dei titoli al voto complessivo riportato nelle prove d'esame, costituito dalla somma dei voti attribuiti nella prova pratica ed orale.
La Commissione Esaminatrice, per quanto attiene la valutazione dei titoli, terrà conto dei criteri di valutazione previsti dal D.P.R. n. 220/2001 e delle disposizioni di cui al presente bando di concorso.
La valutazione dei titoli, così come dichiarati dai partecipanti alla procedura concorsuale *de qua*, è effettuata dalla Commissione Esaminatrice dopo lo svolgimento della prova scritta e per i soli candidati presenti alla prova stessa, sulla base dei criteri di massima, precedentemente, predeterminati della Commissione Esaminatrice. La determinazione dei criteri, per la valutazione dei titoli, deve essere effettuata prima delle prove d'esame. Il risultato della valutazione dei titoli deve essere reso noto ai candidati prima dell'effettuazione della prova orale. Al termine di ogni seduta dedicata alla prova orale, la commissione esaminatrice forma l'elenco dei candidati esaminati, con l'indicazione dei voti da ciascuno candidato riportato che sarà affisso nella sede degli esami.
Di ogni seduta la Commissione Esaminatrice redigerà apposito verbale che sarà sottoscritto da tutti i commissari e dal segretario verbalizzante.
Per tutto quanto non previsto si rinvia al D.P.R. n. 487 del 1994 e ss.mm.ii. e al D.P.R. n. 220/2001 e ss.mm.ii..

9) FORMULAZIONE DELLE GRADUATORIA DI MERITO

La graduatoria di merito dei candidati sarà formulata dalla Commissione Esaminatrice, sulla base del punteggio dei titoli valutati dalla Commissione Esaminatrice, così come dichiarati dai candidati nella domanda di partecipazione, e del punteggio riportato da ciascun candidato alle prove d'esame – prova scritta, prova pratica e prova orale -.
I candidati utilmente classificati e chiamati a ricoprire l'incarico in trattazione riceveranno apposita comunicazione attraverso posta elettronica certificata. Verrà, pertanto, utilizzata la PEC indicata nella domanda di partecipazione al Concorso Pubblico in trattazione. In tale caso, la mancata risposta, entro il termine previsto nella comunicazione dalla data di ricezione della comunicazione mediante posta elettronica certificata, sarà considerata rinuncia all'accettazione dell'incarico *de quo*, comportando la decadenza del candidato dalla graduatoria di merito. Gli assunti in servizio stipuleranno con la Asl Napoli 2 Nord contratto individuale di lavoro di tipo subordinato a tempo indeterminato, disciplinato dal vigente C.C.N.L. relativo al personale del Comparto Sanità – triennio 2022/2024- e delle vigenti disposizioni legislative.
Non saranno inseriti nella graduatoria di merito i candidati che non abbiano conseguito in ciascuna delle prove, pratica/orale, la prevista valutazione di sufficienza.

10) APPROVAZIONE DELLA GRADUATORIA DI MERITO

Il Direttore Generale dell'Asl Napoli 2 Nord, riconosciuta la regolarità degli atti, con proprio provvedimento, immediatamente eseguibile, approverà ai sensi dell'art. 18 del D.P.R. n. 220 del 2001 e dell'art. 15 del D.P.R. n. 487/1994, la graduatoria finale di merito.
La graduatoria dei vincitori sarà pubblicata sul sito web aziendale nella Sezione "Avvisi Istituzionali" e "Bandi di Concorso". La graduatoria di merito resterà in vigore per un periodo di due anni dalla data della sua approvazione – ai sensi dell'art. 35, comma 5-*ter,* del D. Lgs. n. 165/2001, e ss. mm. ii., salvo successivi intervenenti legislativi.

11) ADEMPIMENTI DEI VINCITORI.
I candidati dichiarati vincitori saranno invitati dall'Azienda per la stipula del contratto individuale di lavoro di tipo subordinato a tempo indeterminato nel profilo professionale di Tecnico di Neurofisiopatologia.

ASL NAPOLI 3 SUD

Con Legge regionale n. 16 del 28 novembre 2008, pubblicata sul BURC n. 48 ter del 1 dicembre 2008, il Consiglio Regionale della Campania ha adottato le misure finalizzate a garantire il rispetto degli obblighi di contenimento della spesa e di razionalizzazione e riqualificazione del Sistema Sanitario regionale previsti dal Piano di rientro dal disavanzo di cui alla delibera della Giunta Regionale n. 460 del 20 marzo 2007, adottata a seguito dell'Accordo sottoscritto ai sensi dell'art. 1 comma 180 della legge n. 311 del 30 dicembre 2004 tra il Presidente della Regione Campania ed i Ministri della Salute e dell'Economia e delle Finanze; nell'ambito delle misure adottate, la citata legge regionale 16/08 ha disciplinato, all'art. 2, la modifica della legge regionale n. 32 del 3 novembre 1994, della razionalizzazione degli ambiti territoriali delle Aziende Sanitarie Locali.

La delibera della Giunta Regionale n. 505 del 20 marzo 2009 costituisce la nuova Azienda Sanitaria Locale Napoli 3 Sud. In data 10 agosto 2012 con decreto commissariale n. 98 e ss.mm.ii. il territorio del Comune di Portici è stato aggregato all'ASL Napoli 3 Sud modificandone gli ambiti e la concentrazione di popolazione di riferimento. La Giunta regionale della Campania con la deliberazione n. 751 del 21 dicembre 2012 ha stabilito la sede legale dell'ASL Napoli 3 Sud, nel Comune di Torre del Greco (Na) 80059 - alla Via Marconi n. 66, Partita IVA 06322711216.

Il D.lgs. 30 dicembre 1992 n. 502 e ss.mm.ii. ha attribuito, all'art. 3 comma 1 bis, all'Azienda Sanitaria Locale Napoli 3 Sud personalità giuridica pubblica ed autonomia imprenditoriale.

Nell'impianto complessivo del Servizio Sanitario Regionale, A.S.L. Napoli 3 Sud ha la funzione di promuovere e tutelare il benessere della popolazione di riferimento.

Esercita tale funzione attraverso l'erogazione diretta di servizi e la programmazione, indirizzo, committenza di servizi resi dalle altre Aziende Sanitarie Regionali e dalle Strutture accreditate pubbliche e private ed equiparate.

fonte: http://burc.regione.campania.it

Tutela della salute e promozione del benessere implicano l'integrazione con la dimensione sociale ed una supervisione ed un intervento esteso alla gestione dei bisogni manifesti della popolazione ed alla conseguente domanda diretta di servizi, ma anche un'attenzione specifica ai determinanti di tali bisogni ed alla qualità e quantità dell'offerta, in un contesto generale definibile ad "alta complessità".

DATI GENERALI

L'ASL Napoli 3 Sud, comprende 57 comuni, raggruppati in 13 Distretti Sanitari, n. 4 Presidi Ospedalieri, i Dipartimenti, le Unità Operative Complesse, le Commissioni ed i Comitati;

- con un popolazione di 1.068.000 abitanti
- una estensione territoriale di 620 kmq
- una densità abitativa di 1731,4 abitanti per kmq.

CARATTERISTICHE SPECIFICHE DEL PROFILO PROFESSIONALE: Descrizione del fabbisogno: Profilo oggettivo e soggettivo

CONTESTO AZIENDALE:

L'assistenza sanitaria non ospedaliera viene resa nell'ambito di una macrostruttura denominata Distretto Sanitario. L'evoluzione del concetto di "cure integrate", la ricerca di una relazione forte tra ospedale e territorio, la condivisione concettuale della cospicua componente sociale nella domanda sanitaria, l'introduzione della legge 328/2000, hanno fatto sì che dal d. lgs 502/92 l'enunciato dei contenuti del Distretto Sanitario, inizialmente visto come contrapposto e quasi concorrente all'attività ospedaliera, si amplificasse e contestualmente si rafforzasse nella sua centralità di struttura-chiave di una gran parte del sistema aziendale.
Il modello di Distretto Sanitario che l'Azienda Sanitaria Napoli 3 Sud intende realizzare è un modello organizzativo rivolto alla salute, alla sua promozione in ogni senso, principalmente primaria e secondaria attraverso l'analisi dei bisogni di salute della popolazione di riferimento, all'analisi del contesto socio-economico-ambientale che necessariamente deve essere individualizzato quale risultato di studi integrati, un modello organizzativo chiaro ma flessibile, che tiene conto nei suoi paradigmi strutturali delle continue modifiche sociali, culturali, ambientali, che abbia occhi aperti sul territorio attraverso le sue Unità Operative e nel contempo utilizzando a piene mani le risorse sociali, culturali, istituzionali, di volontariato e terzo settore, da cui emergono segnalazioni, bisogni, aspettative.

Il **Distretto Sanitario dirigerà la sua operatività secondo i seguenti driver:**

- la logica di sistema per la tutela complessiva della salute. Solo una corretta, approfondita e continuamente aggiornata analisi del bisogno potrà condurre alla programmazione e pianificazione di azioni e servizi soddisfacenti, sia sotto il profilo squisitamente sanitario che dell'equità e dell'accessibilità;

fonte: http://burc.regione.campania.it

- la logica della integrazione delle risposte. Spetta il compito di produrre l'analisi del bisogno territoriale, da cui partire per la organizzazione interna dei servizi e delle strutture e per creare ponti d'intesa operativa con i Comuni, anche congiuntamente con l'Unità Operativa Complessa Socio-Sanitaria, collocata in sede centrale. Il Piano delle Attività Territoriali (PAT) dovrà necessariamente trarre origine dal contesto sociale ed economico e dovrà altrettanto necessariamente raccordarsi con l'aspetto delle risorse comunali e territoriali attraverso il Piano di Zona di riferimento, per progettare una mappa delle risorse globali e stabilire aree prioritarie di intervento sanitario e socio-sanitario, a loro volta rimodellabili al cambio delle variabili determinanti;
- La logica aziendale nella gestione delle risorse. Il Direttore di Distretto, nell'ambito della gestione del budget, dovrà commisurare l'entità delle azioni sanitarie programmate alle risorse economiche affidategli, nella garanzia dei L.E.A. e nella necessaria integrazione sia con le altre strutture aziendali sia con i Comuni di riferimento, e con questi ultimi sia per la parte professionale che per la prevista compartecipazione economica alle azioni sociosanitarie integrate per arrivare ad un modello di welfare community. In questo quadro di logica aziendale un ruolo da protagonisti, nella salute del cittadino, è rivestito dai MMG e PLS., ed essi rappresentano per il distretto una telecamera esplorativa sul mondo salute e quali committenti interni manifestano la domanda della loro popolazione, diventando a loro volta produttori di salute per la competenza tecnico-professionale che esprimono.

L'organizzazione dei Distretti prevede:

- la Porta Unitaria di Accesso, costituita ai sensi ai sensi della D.G.R.C. n.790/2012, con funzioni di accoglienza e primo orientamento. Gli attori della P.U.A. dovranno discriminare il bisogno espresso dal cittadino ed avviare un percorso di accesso al sistema dei servizi che, a seconda delle problematiche espresse, semplici o complesse, possa prevedere l'invio ai servizi sanitari o sociali o l'attivazione della valutazione multidimensionale finalizzata ad una presa in carico integrata per i bisogni complessi. Oltre alle funzioni di front-office, con attività di accoglienza dei cittadini e decodifica della domanda, alla PUA sono affidate funzioni di backoffice, con attività di monitoraggio dei casi, di archiviazione e tenuta delle cartelle utenti, di mappatura delle risorse territoriali ma anche ospedaliere e sociali per quanto necessario al percorso clinico;
- l'Unità di Valutazione Distrettuale Multidimensionale e Multidisciplinare (U.V.M.M.), già denominata Unità di Valutazione Integrata (U.V.I.), per i bisogni complessi;
- l'Unità di Valutazione effettua la valutazione multidimensionale impiegando un'equipe multiprofessionale costituita da personale fisso, ovvero sempre presente alle sedute di valutazione indipendentemente dall'utente (è il caso del delegato alla spesa del Distretto, dell'Ambito/Comune, ecc.) e da personale variabile, ovvero personale presente in funzione dell'utente in valutazione (MMG/PLS, AS, utente/care giver, medico specialista ecc.).

fonte: http://burc.regione.campania.it

La UVMM è composta dal Direttore del Distretto o un suo delegato, da medici specialisti per patologia, sia ospedalieri che territoriali, il MMG/PLS del paziente, l'assistente sociale. Essa può declinarsi in percorsi geriatrici, per minori, per dimissioni protette, malattie cronico degenerative, disagio, tossicodipendenza, cure domiciliari non prestazionali. La U.V.M.M. non è solo un attore clinico, ma è anche, e soprattutto, un allocatore di risorse: stabilisce in quale ambito di cura appropriato va posizionato il caso. Fatta eccezione per l'accesso dell'utente ai servizi specialistici tramite prescrizione del Medico di Medicina Generale o Pediatra di Libera Scelta e il caso di urgenza che prevede un proprio specifico percorso di accesso ai servizi. L'Unità di Valutazione Multidisciplinare e Multiprofessionale costituisce l'unico punto di accesso per i bisogni complessi a tutti i servizi in rete di tipo domiciliare, semiresidenziale, residenziale a qualsiasi tipologia essi appartengano;

- incremento nell'utilizzo del Progetto Terapeutico-Riabilitativo sostenuto da budget di salute (PTRI). Questo infatti rappresenta uno strumento fondamentale a disposizione del Distretto per erogare prestazioni sociosanitarie nel macro-livello "Assistenza territoriale, ambulatoriale e domiciliare" per i micro-livelli: Assistenza programmata a domicilio; attività sanitaria e sociosanitaria a favore delle persone con problemi psichiatrici e/o delle famiglie; attività sanitaria e sociosanitaria a favore di tossicodipendenti e/o delle famiglie; attività sanitaria e sociosanitaria nell'ambito di programmi riabilitativi a favore di disabili fisici, psichici e sensoriali così come disciplinati dall'articolo 46 della legge regionale 27 gennaio 2012, n. 1.e dall'articolo 7, comma 5, della legge regionale n. 7 del 16 aprile 2012, nelle modalità operative indicate dalla D.G.R.C. n.483 del 21/09/2012.

Il Direttore è il responsabile dell'attività di programmazione del Distretto, in termini di risposta integrata alle specifiche esigenze di salute della popolazione di riferimento, di disponibilità delle risorse, degli strumenti e delle competenze professionali. È inoltre garante del rispetto del raggiungimento degli obiettivi che gli sono stati assegnati dalla Direzione Strategica in materia di efficacia ed efficienza dei servizi erogati; espressione dell'orientamento alla persona, attraverso una continua attenzione agli aspetti dell'informazione, della tutela e garanzia dell'equità e della trasparenza dell'offerta, del rispetto della dignità della persona. Il Direttore del Distretto è responsabile della gestione dei percorsi assistenziali integrati di propria competenza in stretto raccordo con i servizi, professionisti del territorio e dell'ospedale.

Il Direttore del Distretto è componente del Tavolo permanente per le Funzioni Territoriali, ed in tale veste è partecipe delle scelte aziendali di macroprogrammazione. Egli redige, a cadenza annuale, uno specifico Piano delle Attività Territoriali (P.A.T.) relative al proprio Distretto di competenza, con il quale declina nel proprio ambito territoriale gli elementi della programmazione aziendale. Redige annualmente altresì, la Relazione sull'attività annuale distrettuale riportando azioni realizzate, risultati e criticità.

Il nuovo modello e standard per lo sviluppo dell'assistenza territoriale, ai sensi del DM 23 maggio 2022, n. 77, prevede la realizzazione di:

- Case della Comunità – Aperte fino a 24h su 24 e 7 giorni su 7 quale luogo dove i cittadini possono recarsi per bisogni di assistenza sanitaria e socio-sanitaria, rappresentano un modello organizzativo dell'assistenza di prossimità per la popolazione.
- Centrale Operativa Territoriale (COT) che svolge una funzione di coordinamento della presa in carico della persona e funge da raccordo tra i servizi e i professionisti coinvolti nei diversi setting assistenziali: attività territoriali, sanitarie e sociosanitarie, ospedaliere e dialoga con la rete dell'emergenza-urgenza.
- Infermiere di Famiglia e Comunità quale figura professionale di riferimento che assicura l'assistenza infermieristica, ai diversi livelli di complessità, in collaborazione con tutti i professionisti presenti nella comunità in cui opera.
- Un'equipe mobile distrettuale denominata Unità di continuità assistenziale che assicura la gestione e la presa in carico di individui che versano in condizioni clinico-assistenziali di particolare complessità e che comportano una comprovata difficoltà operativa.
- Il servizio di Assistenza domiciliare per l'erogazione al domicilio di interventi caratterizzati da un livello di intensità e complessità assistenziale variabile nell'ambito di specifici percorsi di cura e di un piano personalizzato di assistenza.
- Ospedale di comunità, una struttura sanitaria di ricovero dell'Assistenza Territoriale che svolge una funzione intermedia tra il domicilio e il ricovero ospedaliero, per evitare ricoveri ospedalieri impropri o di favorire dimissioni protette in luoghi più idonei al prevalere di fabbisogni sociosanitari, di stabilizzazione clinica, di recupero funzionale e dell'autonomia e più prossimi al domicilio.
- Rete delle cure Palliative in grado di garantire la presa in carico globale dell'assistito e del suo nucleo familiare, in ambito ospedaliero, con l'attività di consulenza nelle U.O., ambulatoriale, domiciliare e in hospice. Le cure palliative sono rivolte a malati di qualunque età e non sono prerogativa della fase terminale della malattia.
- Servizi per la salute dei minori, delle donne, delle coppie e delle famiglie attraverso il Consultorio Familiare e l'attività rivolta ai minori, alle coppie e alle famiglie garantiscono prestazioni, anche di tipo domiciliare, mediche specialistiche, diagnostiche, terapeutiche, ostetriche, psicologiche, psicoterapeutiche, infermieristiche, riabilitative e preventive, nell'ambito dell'assistenza territoriale, alle donne, ai minori, alle coppie e alle famiglie.
- L'attività consultoriale può svolgersi all'interno delle Case della Comunità, privilegiando soluzioni che ne tutelino la riservatezza.
- Telemedicina – Viene utilizzata dal professionista sanitario per fornire prestazioni sanitarie agli assistiti o servizi di consulenza e supporto ad altri professionisti sanitari.

Il Distretto dovrà garantire, inoltre, le seguenti attività:

- gestione e verifica dei dati di produzione attraverso il monitoraggio dei flussi informativi;
- gestione e monitoraggio delle attività delle strutture private accreditate per procedere alla proposta di liquidazione;
- acquisita l'asseverazione da parte della U.O.C. Controllo e Monitoraggio delle Strutture Accreditate propone la liquidazione per quanto di competenza;
- rendicontazione alla U.O.C. Controllo e Monitoraggio Strutture Accreditate e alla U.O.C.
- Appropriatezza Ospedalità Pubblica e Privata, ciascuna per la propria parte di competenza, delle liquidazioni effettuate nonché sul monitoraggio svolto dalle stesse sulle Strutture Accreditate.

Presso ciascuna Direzione di Distretto Sanitario è istituita una funzione di supporto amministrativo-contabile a supporto della Direzione nella gestione del personale, nella gestione degli acquisti in conto economale, per il budget assegnato e nella gestione delle procedure di liquidazione dei servizi affidati al Distretto.

Ad ogni Distretto Sanitario sono assegnate n.2 Strutture Semplici:

- **U.O.S. Assistenza Sanitaria di Base**;
- **U.O.S. Assistenza Territoriale e servizi**.

Alla prima vengono affidate le seguenti linee di attività:

La domanda dovrà essere datata e firmata dal candidato

Ai sensi dell'art. 39 del D.P.R. 444/2000, la firma del candidato in calce alla domanda non è più soggetta ad autenticazione.

Ai sensi dell'art. 20, della Legge 05.02.1992, n. 104, i candidati portatori di handicap hanno la facoltà di indicare, nella domanda di partecipazione all'avviso, l'ausilio necessario in relazione al proprio handicap, nonché 'eventuale necessità di tempi aggiuntivi per l'espletamento della prova.

Art. 3 Documentazione da allegare alla domanda

Alla domanda di partecipazione all'avviso gli aspiranti devono allegare i seguenti documenti:

a) iscrizione all'Albo Professionale, attestata da un certificato in data non anteriore a sei mesi rispetto a quella di scadenza del bando;

b) certificati di specializzazione, ove possedute;

c) curriculum formativo e professionale redatto in carta semplice, datato e firmato e debitamente documentato con riferimento alle attività professionali, di studio, direzionali-organizzative elencate **nell'art.8 del DPR 484/97**.

Si precisa che in caso di mancata autocertificazione ai sensi degli artt. 46 e 47 del D.P.R. n. 445/2000 e s.m.i, il curriculum non sarà oggetto di valutazione.

d) certificazione attestante il servizio prestato con rapporto di impiego. Nei certificati di servizio devono essere indicate le posizioni funzionali o le qualifiche attribuite, le discipline nelle quali i servizi sono stati prestati nonché le date iniziali e terminali dei relativi periodi di attività **(dichiarazione sostitutiva);**

e) certificazione attestante la tipologia delle istituzioni in cui sono allocate le strutture presso le quali il candidato ha svolto la sua attività e la tipologia delle prestazioni erogate dalle strutture medesime;

f) certificazione attestante la posizione funzionale del candidato nelle strutture e le sue competenze con indicazione di eventuali specifici ambiti di autonomia professionale con funzioni di direzione;

g) certificazione attestante la tipologia qualitativa e quantitativa delle prestazioni effettuate dal candidato;

h) certificazione attestante eventuale attività didattica presso corsi di studio per il conseguimento di diploma di laurea o di specializzazione ovvero presso scuole per la formazione di personale sanitario con indicazione della materia e delle ore annue di insegnamento;

fonte: http://burc.regione.campania.it

i) certificazione attestante il conseguimento delle pregresse idoneità nazionali ove possedute;

j) certificazione attestante la eventuale partecipazione a corsi, congressi, convegni e seminari, anche effettuati all'estero;

k) per le partecipazioni a corsi di perfezionamento post-universitario, a corsi di aggiornamento, a convegni, congressi e seminari il candidato dovrà allegare, **anche se autocertificati**, copia semplice degli attestati ovvero idonea documentazione probante. **La sola dichiarazione senza la presentazione degli attestati di partecipazione o della documentazione probante non sarà oggetto di valutazione;**

l) certificato di laurea;

m) un elenco in triplice copia ed in carta semplice dei documenti e dei titoli presentati, datato e firmato;

n) una sola copia fotostatica, fronte e retro, di un documento di identità in corso di validità, ai fini della validità dell'istanza di partecipazione.

Ai sensi dell'art. 15, comma 1, della Legge 183/2011 le Pubbliche Amministrazioni non possono più accettare né richiedere certificati in ordine a stati, qualità personali, fatti ed all'attività svolta presso Pubbliche Amministrazioni.

Pertanto le dichiarazioni in ordine a stati, qualità personali, fatti e attività prestate presso strutture pubbliche dovranno essere attestate esclusivamente mediante dichiarazioni sostitutive di certificazione o di atto di notorietà in originale.

I candidati dovranno presentare i certificati in originale o fotocopia dichiarata conforme all'originale, per tutte le attività (lavoro, formazione, ecc.) svolte presso strutture private.

I candidati dovranno, invece, **allegare alla domanda - in originale,** in copia autenticata ovvero in copia dichiarata conforme all'originale ai sensi degli artt. 19 e 47 del D.P.R. 445/2000 - la seguente documentazione che **non può essere oggetto di dichiarazione sostitutiva di certificazione o di atto di notorietà**:

a) la tipologia delle istituzioni in cui sono allocate le strutture presso le quali il candidato ha svolto la sua attività e alla tipologia delle prestazioni erogate dalle strutture medesime;

b) la tipologia e la quantità delle prestazioni effettuate dal candidato;

c) le casistiche che devono essere riferite al decennio precedente rispetto alla data

di pubblicazione dell'avviso per estratto nella Gazzetta Ufficiale e devono essere certificate dal Direttore Sanitario Aziendale sulla base delle attestazioni del Direttore del competente Dipartimento o Unità Operativa di appartenenza;

d) le pubblicazioni edite a stampa, di cui il candidato è autore o coautore, ritenute più significative. Le pubblicazioni dovranno essere prodotte edite a stampa, in originale o copia autenticata e **materialmente presentate**. Ai sensi degli artt. 19, 38 e 47 del DPR 28/12/2000, n. 445, in luogo delle autentiche delle pubblicazione è consentita la produzione di semplici copie unitamente alla dichiarazione sostitutiva di atto di notorietà attestante la conformità all'originale delle copie delle pubblicazioni prodotte.

Non è ammesso alcun riferimento a documentazione esibita per la partecipazione a precedenti concorsi, o comunque, esistente agli atti di questa Amministrazione.

Nella certificazione relativa ai servizi prestati presso le Aziende Sanitarie Locali e Aziende Ospedaliere deve essere attestato se ricorrono o meno le condizioni di cui all'art. 46 del DPR 761/79, in presenza delle quali il punteggio di anzianità deve essere ridotto. In caso positivo l'attestazione deve precisare la misura della riduzione del punteggio.

L'Amministrazione si riserva, comunque, la facoltà di richiedere, in qualsiasi momento la presentazione dei documenti attestanti il possesso dei requisiti dichiarati.

Alla presente procedura si applicano le norme di cui alla legge 15 maggio 1997 n.127, e successive modificazioni ed integrazioni, e al regolamento di esecuzione approvato con DPR n. 403/98 in materia di dichiarazione sostitutiva e di semplificazione delle domande di ammissione agli impieghi.

Qualora l'interessato produca, unitamente alla domanda, dichiarazioni sostitutive di certificazione o atto di notorietà, dovrà allegare alla domanda copia del documento personale di identità in corso di validità.

Verranno presi in considerazione i titoli **redatti in lingua italiana**, con l'esclusione dei titoli redatti in altre lingue, se non accompagnati da traduzione in lingua italiana.

fonte: http://burc.regione.campania.it

Questa Amministrazione è tenuta ad effettuare, ai sensi dell'art. 71 del DPR 445/2000 e dell'art. 15 della Legge 183 del 12 novembre 2011, idonei controlli, anche a campione, e in tutti i casi in cui sorgano fondati dubbi sulla veridicità delle dichiarazioni sostitutive di cui agli artt. 46 e 47 ed a trasmettere le risultanze all'autorità competente, in base a quanto previsto dalla normativa in materia.

Fermo quanto previsto dall'art. 76 del citato DPR 445/2000 circa le sanzioni penali previste per le dichiarazioni false, qualora emerga la non veridicità del contenuto della dichiarazione, il dichiarante decade dai benefici eventualmente conseguiti al provvedimento emanato sulla base della dichiarazione non veritiera.

Si precisa che, tutta la documentazione allegata, non spillata (fogli alla rinfusa) non sarà oggetto di valutazione (valido per la domanda consegnata a mano o per Raccomandata AR. Per l'invio tramite PEC tenere un ordine sequenziale (Numerare i fogli)).

Art. 4 MODALITÀ E TERMINI PER LA PRESENTAZIONE DELLA DOMANDA

La domanda e la documentazione ad essa allegata devono essere inoltrate con le modalità di seguito indicate, specificando gli estremi del titolo del presente avviso**.**

Il termine per la presentazione delle domande di partecipazione all'avviso **scade alle ore 13,00 del trentesimo giorno, decorrente** dal giorno successivo a quello della data di pubblicazione dell'estratto del presente bando **nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami.**

Qualora detto giorno sia festivo il termine è prorogato al primo giorno successivo non festivo.

Il termine fissato per la presentazione delle domande è perentorio. La eventuale riserva di invio successivo di documenti è priva di effetti.

La domanda, sottoscritta in originale dal candidato, e la documentazione ad essa allegata potrà essere prodotta entro il termine di scadenza sopra indicato, con le seguenti modalità:

1. può essere inoltrata a mezzo del servizio pubblico postale, mediante lettera Raccomandata con ricevuta di ritorno**, in plico chiuso,** al seguente indirizzo: Al Direttore Generale dell'ASL Napoli 3 Sud Via Marconi, 66 ex Presidio Bottazzi - 80059 Torre del Greco - entro il termine di scadenza del bando. A tal fine fa fede il timbro postale e la data di spedizione è comprovata dal timbro e data dell'ufficio postale accettante; l'Azienda non risponde di eventuali disguidi dovuti al servizio postale. Sul plico **deve essere indicato il cognome, il nome, il domicilio, l'avviso al quale il candidato partecipa;**

fonte: http://burc.regione.campania.it

2. mediante **Consegn**a a mano**, in plico chiuso,** nel rispetto dei termini di cui sopra, presso l'Ufficio Protocollo Generale dell'ASL Napoli 3 Sud, sito in Torre del Greco - Via Marconi, 66 ex Presidio Bottazzi tutti i giorni feriali, escluso il sabato, con il seguente orario: dalle ore 9,30 alle ore 12,30 il lunedì, martedì, giovedì e venerdì e mentre il mercoledì dalle ore 14,30 alle ore 17,30.
Sul plico **deve essere indicato il cognome, il nome, il domicilio, l'avviso al quale il candidato partecipa;**

3. può essere prodotta **mediante l'Invio telematico** da indirizzo di posta elettronica certificata alla casella di posta elettronica certificata (PEC) dell'ASL Napoli 3 Sud**:** **protocollo@pec.aslnapoli3sud.it. Nella PEC, obbligatoriamente, deve essere indicato il cognome, il nome, il domicilio, l'avviso al quale il candidato partecipa.**

Si precisa che la validità dell'invio della domanda di partecipazione mediante posta elettronica certificata (PEC), così come stabilito dalla normativa vigente, è subordinata all'utilizzo, da parte del candidato, **di propria casella di posta elettronica certificata**.

Non sarà, pertanto, ritenuto valido l'invio da casella di posta elettronica certificata non propria e/o da casella di posta semplice/ordinaria anche se indirizzata all'indirizzo di posta elettronica certificata sopra indicato di questa Azienda.

La domanda di partecipazione trasmessa a mezzo posta elettronica certificata dovrà essere firmata dal candidato in maniera autografa e scannerizzata oppure firmata digitalmente e inviata unitamente alla documentazione alla stessa allegata (ivi compreso il documento d'identità) in un unico file formato **PDF.**

In caso di invio informatico, fatto salvo il rispetto di tutte le altre prescrizioni previste dal presente avviso, l'invio della domanda e dei relativi allegati, deve essere effettuato, in unico file (anche compresso/zippato) di capacità massima di **50 MB**, in formato **PDF nativamente ricercabile (non ottenuti da scansione ottica)**, tramite l'utilizzo della posta elettronica certificata (PEC). I documenti devono essere in bianco e nero escludendo qualsiasi tipo di colore compreso l'utilizzo della scala di grigi.

La Circolare n. 12 del 2010 del Dipartimento della Funzione Pubblica recante disposizioni in merito alla "Validità della trasmissione mediante PEC" di cui all'art. 4 del DPR 11/02/2005 n. 68, prevede che la validità della trasmissione e ricezione del messaggio di PEC è attestata rispettivamente dalla ricevuta di accettazione e dalla ricevuta di avvenuta consegna, di cui all'art. 6. **È pertanto onere del candidato verificare la regolare consegna della PEC all'indirizzo di destinazione e quindi la presenza di entrambe le ricevute.**

L'Amministrazione non si assume la responsabilità in caso di impossibilità di apertura dei file.

fonte: http://burc.regione.campania.it

Nel caso in cui il candidato invii più volte la documentazione si terrà in considerazione solo quella trasmessa per ultima, entro i termini di scadenza.

L'invio della domanda in altro formato comporterà l'irricevibilità della domanda stessa e la conseguente esclusione dalla procedura di selezione.

Non saranno, prese in considerazione le domande spedite a mezzo telegramma, fax nonché le domande inviate prima della pubblicazione dell'estratto nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami.

L'Amministrazione non assume responsabilità per la dispersione di comunicazioni dipendente da inesatta indicazione del recapito da parte del concorrente oppure da mancata o tardiva comunicazione del cambiamento dell'indirizzo indicato nella domanda, né per eventuali disguidi postali o, comunque, imputabili a terzi, a caso fortuito o forza maggiore.

Art. 5 Nomina della Commissione Esaminatrice

La Commissione Esaminatrice sarà nominata con atto formale del Direttore Generale.

La Commissione Esaminatrice di selezione - ai sensi di quanto disposto dall'art. 15 ter comma 2 del D.Lgs. 19 Giugno 1999 n. 229 e ss.mm.ii. art 15 del D.lgs n. 502/1992 come modificato dall'art.20 comma 1 lettera a) della Legge 05 agosto 2022 n. 118 - è composta dal Direttore Sanitario dell'azienda interessata e da tre Direttori di Struttura Complessa nella medesima disciplina dell'incarico da conferire, dei quali almeno due responsabili di strutture complesse in regioni diverse da quella ove ha sede l'azienda interessata alla copertura del posto. I Direttori di Struttura Complessa sono individuati tramite sorteggio da un elenco nazionale nominativo costituito dall'insieme degli elenchi regionali dei Direttori di Struttura Complessa appartenenti ai ruoli regionali del Servizio Sanitario Nazionale.

Qualora fosse sorteggiato più di un Direttore di Struttura Complessa della medesima Regione ove ha sede l'Azienda interessata alla copertura del posto, è nominato componente della Commissione il primo sorteggiato e si prosegue nel sorteggio fino a individuare almeno due componenti della Commissione Direttori di Struttura Complessa in regioni diverse da quella ove ha sede la predetta azienda. Se all'esito del sorteggio di cui al secondo o al terzo periodo la metà dei Direttori di Struttura Complessa non è di genere diverso, si prosegue nel sorteggio fino ad assicurare ove possibile l'effettiva parità di genere nella composizione della Commissione, fermo restando il criterio territoriale di cui al terzo periodo.

fonte: http://burc.regione.campania.it

Assume le funzioni di Presidente della Commissione il componente **con maggiore anzianità di servizio** tra i tre Direttori sorteggiati.

In caso di parità nelle deliberazioni della commissione prevale il voto del presidente.

Le operazioni di sorteggio dei Componenti per la Commissione Esaminatrice di selezione sono svolte dalla Commissione di sorteggio costituita con delibera del Direttore Generale delibera n. 900 del 26/07/2023.

Le operazioni di pubblico sorteggio dei componenti previste avranno **luogo alle ore 9,00** del **quindicesimo giorno** successivo a quello del termine di scadenza di presentazione delle domande di partecipazione al presente concorso, presso la Sede Legale dell'Asl Napoli 3 Sud - Via Marconi, 66 - 80059 Torre del Greco.

Qualora detto giorno sia festivo, le operazioni di sorteggio avranno luogo il primo giorno successivo non festivo, nella stessa sede ed alla stessa ora.

Nel caso che il sorteggio, per motivi di forza maggiore, non possa aver luogo nel giorno sopra indicato ovvero qualora debba essere ripetuto a seguito di rinuncia da parte dei componenti sorteggiati o per qualsiasi legittimo impedimento degli stessi a far parte della Commissione Esaminatrice, lo stesso sarà effettuato, senza ulteriore avviso, che si intende dato fin d'ora, nella stessa sede ed alla stessa ora di **ogni mercoledì successivo** non festivo fino al completamento delle operazioni di sorteggio.

Art. 6 Modalità di Valutazione

I candidati che, a seguito della verifica effettuata dall'Ufficio competente, risultino in possesso dei requisiti generali e specifici di ammissione alla selezione, saranno avvisati del luogo e della data di effettuazione del colloquio **almeno 15 giorni antecedenti** la data individuata, tramite avviso sul sito aziendale **www.aslnapoli3sud.it - Homepage** - **Concorsi**. I candidati che non si presenteranno a sostenere il colloquio nel giorno, nell'ora e nella sede stabilita, saranno considerati rinunciatari all'Avviso, qualunque sia la causa dell'assenza, anche se non dipendente dalla volontà dei singoli concorrenti. La Commissione potrà procedere alla valutazione del curriculum di ciascun candidato, prima della data fissata per il colloquio, oppure nella stessa giornata dell'espletamento del colloquio.

fonte: http://burc.regione.campania.it

La Commissione sulla base dell'analisi comparativa dei curricula, dei titoli professionali posseduti, avuto anche riguardo alle necessarie competenze organizzative e gestionali, dei volumi dell'attività svolta, dell'aderenza al profilo ricercato e degli esiti di un colloquio, attribuisce a ciascun candidato un punteggio complessivo secondo criteri fissati preventivamente e redige la graduatoria dei candidati, che sarà affissa all'esterno della sede di esame. A parità di punteggio prevale il candidato più giovane di età.

Terminate le relative operazioni di valutazione dei candidati la Commissione redigerà apposito verbale e la relazione sintetica da pubblicare sul sito aziendale, trasmettendoli formalmente al Direttore Generale, unitamente alla graduatoria.

Inoltre, in osservanza dell'art. 8 dello stesso D.P.R. 484/97, preliminarmente al colloquio e alla valutazione del curriculum, stabilisce, tenuto conto del fabbisogno che il dirigente da incaricare deve soddisfare, come delineato dall'avviso, i criteri di valutazione.

La Commissione, per la valutazione dei candidati disporrà **di 100 punti** così ripartiti:

per curriculum _____ punti 40
prova colloquio _____ punti 60

L'attribuzione del punteggio del curriculum professionale concernono le attività professionali, di studio, direzionali - organizzative, con riferimento agli ultimi dieci anni ed in particolare:

a) alla tipologia delle istituzioni in cui sono allocate le strutture presso le quali il candidato ha svolto la sua attività e alla tipologia delle prestazioni erogate dalle strutture medesime;

b) alla posizione funzionale del candidato nelle strutture ed alle sue competenze con indicazione di eventuali specifici ambiti di autonomia professionale con funzioni di direzione, ruoli di responsabilità rivestiti anche con riguardo all'attività trattata nei precedenti incarichi misurabili in termini di volume e complessità;

c) alla tipologia qualitativa e quantitativa delle prestazioni effettuate dal candidato. Si precisa che l'attività deve essere riferita al decennio precedente alla data di pubblicazione nella Gazzetta Ufficiale della Repubblica Italiana IV Serie Speciale "Concorsi ed Esami", e deve essere certificata dal Direttore Sanitario sulla base dell'attestazione del Dirigente Responsabile di Dipartimento o Unità Operativa Complessa **Pena la non valutabilità,** in calce alla certificazione deve essere apposto il timbro dell'attestante e la firma dello stesso deve essere per esteso e leggibile;

fonte: http://burc.regione.campania.it

d) ai soggiorni di studio o di addestramento professionale per attività attinenti alla disciplina in rilevanti strutture italiane o estere di durata non inferiore a tre mesi con esclusione dei tirocini obbligatori;
e) all'attività didattica presso corsi di studio per il conseguimento di Diploma di Laurea o di Specializzazione ovvero presso scuole per la formazione di personale sanitario con indicazione delle ore annue di insegnamento;
f) alla partecipazione a corsi, congressi, convegni e seminari, anche effettuati all'estero, sia in qualità di docente o relatore che in qualità di discente;
g) pregresse idoneità nazionali ove possedute;
h) la produzione scientifica, **degli ultimi 5 anni,** sarà valutata in relazione all'attinenza alla disciplina ed in relazione alla pubblicazione su riviste nazionali ed internazionali, caratterizzate da criteri di filtro nell'accettazione dei lavori, nonché al suo impatto sulla comunità scientifica con rilevanza **dell'Impact Factor e/o H-index**;
i) volumi dell'attività svolta;
j) aderenza al profilo ricercato.

Il superamento della prova colloquio è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici **di almeno 42/60.**

Il colloquio è diretto alla valutazione delle capacità professionali del candidato nella specifica disciplina con riferimento anche alle esperienze professionali documentate nonché all'accertamento delle capacità gestionali, organizzative e di direzione con riferimento all'incarico da svolgere.
L'esclusione dall'avviso pubblico di selezione, previa verifica del possesso dei requisiti richiesti nel presente bando da parte dall'Ufficio competente, sarà disposta con provvedimento motivato del Direttore Generale.
Ai candidati non risultati in possesso dei requisiti previsti dal bando verrà comunque notificata la non ammissione all'avviso tramite la pubblicazione sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** – **Concorsi** .

Art. 7 Adempimenti della Commissione

La Commissione, ai sensi dell'art. 15, comma 7 bis, lett.b) del D.Lgs. 502/92, così come modificato dall'art.20 comma 1 lettera b) della Legge 05 agosto 2022 n. 118, " sulla base dell'analisi comparativa dei curricula, dei titoli professionali posseduti, avuto anche riguardo alle necessarie competenze organizzative e gestionali, dei volumi dell'attività svolta, dell'aderenza al profilo ricercato e degli esiti di un colloquio, la commissione attribuisce a ciascun candidato un punteggio complessivo secondo criteri fissati preventivamente e redige la graduatoria dei candidati."

Art. 8 Conferimento Incarico

Il Direttore Generale procede alla nomina del candidato che ha conseguito il miglior punteggio al quale attribuirà l'incarico di Direttore del Distretto Sanitario 49, con atto deliberativo.

A parità di punteggio prevale il candidato più giovane di età.

L'incarico ha durata quinquennale, implica il rapporto di lavoro esclusivo ai sensi dell'art. 13 del D.Lgs. 229/99, dà titolo a specifico trattamento economico previsto dal vigente C.C.N.L. dell'Area Sanità del S.S.N ed è rinnovabile per lo stesso periodo o per periodo più breve.

Il conferimento dell'incarico avverrà mediante la stipula di apposito contratto individuale di lavoro e decorrerà dalla data di effettiva immissione in servizio.

E' fatto obbligo al candidato vincitore della selezione di acquisire, ove non già posseduto, l'attestato di formazione manageriale di cui al D.P.R. 484/97 nel primo corso utile.

La nomina decorre, agli effetti giuridici ed economici, dalla data di effettiva immissione in servizio.

Il Dirigente, al quale viene affidato l'incarico di Direzione di Struttura Complessa, è responsabile dell'efficace ed efficiente gestione delle risorse attribuite. I risultati della gestione sono sottoposti a verifica annuale tramite l'OIV.

Il rinnovo è disposto, con provvedimento motivato, dal Direttore Generale previa verifica al termine dell'incarico delle attività professionali svolte e dei risultati raggiunti.

L'incarico può essere revocato nei casi disciplinati dall'art. 15 ter, comma 3 del D.Lgs. n.229/1999.

L'azienda sanitaria interessata può preventivamente stabilire che, nei due anni successivi alla data del conferimento dell'incarico, nel caso in cui il dirigente a cui è stato conferito l'incarico dovesse dimettersi o decadere, si procede alla sostituzione conferendo l'incarico mediante scorrimento della graduatoria dei candidati.

Art. 9 Accesso agli Atti dell'Avviso Pubblico e Differimento

In conformità a quanto previsto dall'art. 24, comma 6, lett. d) della Legge 241/90 e dall'art. 9 del D.P.R. 184/2006, l'accesso agli atti della Commissione è differito fino alla conclusione della procedura, ovvero fino all'adozione del provvedimento finale di approvazione degli atti e della graduatoria, al fine di salvaguardare il sereno e regolare svolgimento delle operazioni valutative.

Art. 10 Tutela dei Dati Personali-Informativa sulla Privacy

Ai sensi del D.lgs. 196/2003 i dati personali forniti dai candidati saranno tratti per le finalità di gestione dell'avviso e per la gestione del rapporto stesso.

Art. 11 Riserve dell'amministrazione

Il Direttore Generale si riserva la facoltà, per ragioni di pubblico interesse, di prorogare, modificare, sospendere o revocare a sua insindacabile giudizio il presente concorso, senza che gli aspiranti possano sollevare o vantare diritti di sorta.

L'Amministrazione, inoltre, si riserva:

- di effettuare controlli, ex artt. 71 e 75 D.P.R. n. 445/2000, anche a campione, sulla veridicità delle dichiarazioni sostitutive prodotte dai candidati;
- di richiedere agli aspiranti e/o a terzi, anche non strutture pubbliche, integrazioni, rettifiche e/o regolarizzazioni di documenti presentati dagli stessi, ritenute legittimamente attuabili e necessarie;
- di non procedere alle assunzioni in relazione all'intervento di particolari vincoli legislativi, regolamentari, finanziari od organizzativi, per cui il vincitore non potrà vantare alcun diritto soggettivo od interesse legittimo alla nomina.

RESPONSABILITA' PENALE

Qualora una dichiarazione risultasse mendace o venisse formato un atto falso o fatto uso dello stesso, l'autore sarà punito, ex art. 76 D.P.R. n. 445/2000, ai sensi del codice penale e delle leggi speciali in materia nonché stante quanto previsto dall'ultimo comma del qui citato art. 76.

ASL NAPOLI 3 SUD

Con Legge regionale n. 16 del 28 novembre 2008, pubblicata sul BURC n. 48 ter del 1 dicembre 2008, il Consiglio Regionale della Campania ha adottato le misure finalizzate a garantire il rispetto degli obblighi di contenimento della spesa e di razionalizzazione e riqualificazione del Sistema Sanitario regionale previsti dal Piano di rientro dal disavanzo di cui alla delibera della Giunta Regionale n. 460 del 20 marzo 2007, adottata a seguito dell'Accordo sottoscritto ai sensi dell'art. 1 comma 180 della legge n. 311 del 30 dicembre 2004 tra il Presidente della Regione Campania ed i Ministri della Salute e dell'Economia e delle Finanze; nell'ambito delle misure adottate, la citata legge regionale 16/08 ha disciplinato, all'art. 2, la modifica della legge regionale n. 32 del 3 novembre 1994, della razionalizzazione degli ambiti territoriali delle Aziende Sanitarie Locali.
La delibera della Giunta Regionale n. 505 del 20 marzo 2009 costituisce la nuova Azienda Sanitaria Locale Napoli 3 Sud. In data 10 agosto 2012 con decreto commissariale n. 98 e ss.mm.ii. il territorio del Comune di Portici è stato aggregato all'ASL Napoli 3 Sud modificandone gli ambiti e la concentrazione di popolazione di riferimento. La Giunta regionale della Campania con la deliberazione n. 751 del 21 dicembre 2012 ha stabilito la sede legale dell'ASL Napoli 3 Sud, nel Comune di Torre del Greco (Na) 80059 - alla Via Marconi n. 66, Partita IVA 06322711216.
Il D.lgs. 30 dicembre 1992 n. 502 e ss.mm.ii. ha attribuito, all'art. 3 comma 1 bis, all'Azienda Sanitaria Locale Napoli 3 Sud personalità giuridica pubblica ed autonomia imprenditoriale.
Nell'impianto complessivo del Servizio Sanitario Regionale, A.S.L. Napoli 3 Sud ha la funzione di promuovere e tutelare il benessere della popolazione di riferimento.
Esercita tale funzione attraverso l'erogazione diretta di servizi e la programmazione, indirizzo, committenza di servizi resi dalle altre Aziende Sanitarie Regionali e dalle Strutture accreditate pubbliche e private ed equiparate.
Tutela della salute e promozione del benessere implicano l'integrazione con la dimensione sociale ed una supervisione ed un intervento esteso alla gestione dei bisogni manifesti della popolazione ed

- con un popolazione di 1.068.000 abitanti
- una estensione territoriale di 620 kmq
- una densità abitativa di 1731,4 abitanti per kmq.

CARATTERISTICHE SPECIFICHE DEL PROFILO PROFESSIONALE: Descrizione del fabbisogno: Profilo oggettivo e soggettivo

CONTESTO AZIENDALE:

L'assistenza sanitaria non ospedaliera viene resa nell'ambito di una macrostruttura denominata Distretto Sanitario. L'evoluzione del concetto di "cure integrate", la ricerca di una relazione forte tra ospedale e territorio, la condivisione concettuale della cospicua componente sociale nella domanda sanitaria, l'introduzione della legge 328/2000, hanno fatto sì che dal d. lgs 502/92 l'enunciato dei contenuti del Distretto Sanitario, inizialmente visto come contrapposto e quasi concorrente all'attività ospedaliera, si amplificasse e contestualmente si rafforzasse nella sua centralità di struttura-chiave di una gran parte del sistema aziendale.
Il modello di Distretto Sanitario che l'Azienda Sanitaria Napoli 3 Sud intende realizzare è un modello organizzativo rivolto alla salute, alla sua promozione in ogni senso, principalmente primaria e secondaria attraverso l'analisi dei bisogni di salute della popolazione di riferimento, all'analisi del contesto socio-economico-ambientale che necessariamente deve essere individualizzato quale risultato di studi integrati, un modello organizzativo chiaro ma flessibile, che tiene conto nei suoi paradigmi strutturali delle continue modifiche sociali, culturali, ambientali, che abbia occhi aperti sul territorio attraverso le sue Unità Operative e nel contempo utilizzando a piene mani le risorse sociali, culturali, istituzionali, di volontariato e terzo settore, da cui emergono segnalazioni, bisogni, aspettative.

Il **Distretto Sanitario dirigerà la sua operatività secondo i seguenti driver:**

- la logica di sistema per la tutela complessiva della salute. Solo una corretta, approfondita e continuamente aggiornata analisi del bisogno potrà condurre alla programmazione e pianificazione di azioni e servizi soddisfacenti, sia sotto il profilo squisitamente sanitario che dell'equità e dell'accessibilità;

fonte: http://burc.regione.campania.it

- la logica della integrazione delle risposte. Spetta il compito di produrre l'analisi del bisogno territoriale, da cui partire per la organizzazione interna dei servizi e delle strutture e per creare ponti d'intesa operativa con i Comuni, anche congiuntamente con l'Unità Operativa Complessa Socio-Sanitaria, collocata in sede centrale.

  Il Piano delle Attività Territoriali (PAT) dovrà necessariamente trarre origine dal contesto sociale ed economico e dovrà altrettanto necessariamente raccordarsi con l'aspetto delle risorse comunali e territoriali attraverso il Piano di Zona di riferimento, per progettare una mappa delle risorse globali e stabilire aree prioritarie di intervento sanitario e socio-sanitario, a loro volta rimodellabili al cambio delle variabili determinanti;
- La logica aziendale nella gestione delle risorse. Il Direttore di Distretto, nell'ambito della gestione del budget, dovrà commisurare l'entità delle azioni sanitarie programmate alle risorse economiche affidategli, nella garanzia dei L.E.A. e nella necessaria integrazione sia con le altre strutture aziendali sia con i Comuni di riferimento, e con questi ultimi sia per la parte professionale che per la prevista compartecipazione economica alle azioni sociosanitarie integrate per arrivare ad un modello di welfare community. In questo quadro di logica aziendale un ruolo da protagonisti, nella salute del cittadino, è rivestito dai MMG e PLS., ed essi rappresentano per il distretto una telecamera esplorativa sul mondo salute e quali committenti interni manifestano la domanda della loro popolazione, diventando a loro volta produttori di salute per la competenza tecnico-professionale che esprimono.

L'organizzazione dei Distretti prevede:

- la Porta Unitaria di Accesso, costituita ai sensi ai sensi della D.G.R.C. n.790/2012, con funzioni di accoglienza e primo orientamento. Gli attori della P.U.A. dovranno discriminare il bisogno espresso dal cittadino ed avviare un percorso di accesso al sistema dei servizi che, a seconda delle problematiche espresse, semplici o complesse, possa prevedere l'invio ai servizi sanitari o sociali o l'attivazione della valutazione multidimensionale finalizzata ad una presa in carico integrata per i bisogni complessi. Oltre alle funzioni di front-office, con attività di accoglienza dei cittadini e decodifica della domanda, alla PUA sono affidate funzioni di backoffice, con attività di monitoraggio dei casi, di archiviazione e tenuta delle cartelle utenti, di mappatura delle risorse territoriali ma anche ospedaliere e sociali per quanto necessario al percorso clinico;
- l'Unità di Valutazione Distrettuale Multidimensionale e Multidisciplinare (U.V.M.M.), già denominata Unità di Valutazione Integrata (U.V.I.), per i bisogni complessi;
- l'Unità di Valutazione effettua la valutazione multidimensionale impiegando un'equipe multiprofessionale costituita da personale fisso, ovvero sempre presente alle sedute di valutazione indipendentemente dall'utente (è il caso del delegato alla spesa del Distretto, dell'Ambito/Comune, ecc.) e da personale variabile, ovvero personale presente in funzione dell'utente in valutazione (MMG/PLS, AS, utente/care giver, medico specialista ecc.).

fonte: http://burc.regione.campania.it

- La UVMM è composta dal Direttore del Distretto o un suo delegato, da medici specialisti per patologia, sia ospedalieri che territoriali, il MMG/PLS del paziente, l'assistente sociale. Essa può declinarsi in percorsi geriatrici, per minori, per dimissioni protette, malattie cronico degenerative, disagio, tossicodipendenza, cure domiciliari non prestazionali. La U.V.M.M. non è solo un attore clinico, ma è anche, e soprattutto, un allocatore di risorse: stabilisce in quale ambito di cura appropriato va posizionato il caso.

  Fatta eccezione per l'accesso dell'utente ai servizi specialistici tramite prescrizione del Medico di Medicina Generale o Pediatra di Libera Scelta e il caso di urgenza che prevede un proprio specifico percorso di accesso ai servizi. L'Unità di Valutazione Multidisciplinare e Multiprofessionale costituisce l'unico punto di accesso per i bisogni complessi a tutti i servizi in rete di tipo domiciliare, semiresidenziale, residenziale a qualsiasi tipologia essi appartengano;
- incremento nell'utilizzo del Progetto Terapeutico-Riabilitativo sostenuto da budget di salute (PTRI). Questo infatti rappresenta uno strumento fondamentale a disposizione del Distretto per erogare prestazioni sociosanitarie nel macro-livello "Assistenza territoriale, ambulatoriale e domiciliare" per i micro-livelli: Assistenza programmata a domicilio; attività sanitaria e sociosanitaria a favore delle persone con problemi psichiatrici e/o delle famiglie; attività sanitaria e sociosanitaria a favore di tossicodipendenti e/o delle famiglie; attività sanitaria e sociosanitaria nell'ambito di programmi riabilitativi a favore di disabili fisici, psichici e sensoriali così come disciplinati dall'articolo 46 della legge regionale 27 gennaio 2012, n. 1.e dall'articolo 7, comma 5, della legge regionale n. 7 del 16 aprile 2012, nelle modalità operative indicate dalla D.G.R.C. n.483 del 21/09/2012.

Il Direttore è il responsabile dell'attività di programmazione del Distretto, in termini di risposta integrata alle specifiche esigenze di salute della popolazione di riferimento, di disponibilità delle risorse, degli strumenti e delle competenze professionali. È inoltre garante del rispetto del raggiungimento degli obiettivi che gli sono stati assegnati dalla Direzione Strategica in materia di efficacia ed efficienza dei servizi erogati; espressione dell'orientamento alla persona, attraverso una continua attenzione agli aspetti dell'informazione, della tutela e garanzia dell'equità e della trasparenza dell'offerta, del rispetto della dignità della persona. Il Direttore del Distretto è responsabile della gestione dei percorsi assistenziali integrati di propria competenza in stretto raccordo con i servizi, professionisti del territorio e dell'ospedale.

Il Direttore del Distretto è componente del Tavolo permanente per le Funzioni Territoriali, ed in tale veste è partecipe delle scelte aziendali di macroprogrammazione. Egli redige, a cadenza annuale, uno specifico Piano delle Attività Territoriali (P.A.T.) relative al proprio Distretto di competenza, con il quale declina nel proprio ambito territoriale gli elementi della programmazione aziendale. Redige annualmente altresì, la Relazione sull'attività annuale distrettuale riportando azioni realizzate, risultati e criticità.

Il nuovo modello e standard per lo sviluppo dell'assistenza territoriale, ai sensi del DM 23 maggio 2022, n. 77, prevede la realizzazione di:

fonte: http://burc.regione.campania.it

- Case della Comunità – Aperte fino a 24h su 24 e 7 giorni su 7 quale luogo dove i cittadini possono recarsi per bisogni di assistenza sanitaria e socio-sanitaria, rappresentano un modello organizzativo dell'assistenza di prossimità per la popolazione.
- Centrale Operativa Territoriale (COT) che svolge una funzione di coordinamento della presa in carico della persona e funge da raccordo tra i servizi e i professionisti coinvolti nei diversi setting assistenziali: attività territoriali, sanitarie e sociosanitarie, ospedaliere e dialoga con la rete dell'emergenza-urgenza.
- Infermiere di Famiglia e Comunità quale figura professionale di riferimento che assicura l'assistenza infermieristica, ai diversi livelli di complessità, in collaborazione con tutti i professionisti presenti nella comunità in cui opera.
- Un'equipe mobile distrettuale denominata Unità di continuità assistenziale che assicura la gestione e la presa in carico di individui che versano in condizioni clinico-assistenziali di particolare complessità e che comportano una comprovata difficoltà operativa.
- Il servizio di Assistenza domiciliare per l'erogazione al domicilio di interventi caratterizzati da un livello di intensità e complessità assistenziale variabile nell'ambito di specifici percorsi di cura e di un piano personalizzato di assistenza.
- Ospedale di comunità, una struttura sanitaria di ricovero dell'Assistenza Territoriale che svolge una funzione intermedia tra il domicilio e il ricovero ospedaliero, per evitare ricoveri ospedalieri impropri o di favorire dimissioni protette in luoghi più idonei al prevalere di fabbisogni sociosanitari, di stabilizzazione clinica, di recupero funzionale e dell'autonomia e più prossimi al domicilio.
- Rete delle cure Palliative in grado di garantire la presa in carico globale dell'assistito e del suo nucleo familiare, in ambito ospedaliero, con l'attività di consulenza nelle U.O., ambulatoriale, domiciliare e in hospice. Le cure palliative sono rivolte a malati di qualunque età e non sono prerogativa della fase terminale della malattia.
- Servizi per la salute dei minori, delle donne, delle coppie e delle famiglie attraverso il Consultorio Familiare e l'attività rivolta ai minori, alle coppie e alle famiglie garantiscono prestazioni, anche di tipo domiciliare, mediche specialistiche, diagnostiche, terapeutiche, ostetriche, psicologiche, psicoterapeutiche, infermieristiche, riabilitative e preventive, nell'ambito dell'assistenza territoriale, alle donne, ai minori, alle coppie e alle famiglie.
- L'attività consultoriale può svolgersi all'interno delle Case della Comunità, privilegiando soluzioni che ne tutelino la riservatezza.
- Telemedicina – Viene utilizzata dal professionista sanitario per fornire prestazioni sanitarie agli assistiti o servizi di consulenza e supporto ad altri professionisti sanitari.

Il Distretto dovrà garantire, inoltre, le seguenti attività:

- gestione e verifica dei dati di produzione attraverso il monitoraggio dei flussi informativi;
- gestione e monitoraggio delle attività delle strutture private accreditate per procedere alla proposta di liquidazione;

fonte: http://burc.regione.campania.it

- acquisita l'asseverazione da parte della U.O.C. Controllo e Monitoraggio delle Strutture Accreditate propone la liquidazione per quanto di competenza;
- rendicontazione alla U.O.C. Controllo e Monitoraggio Strutture Accreditate e alla U.O.C.
- Appropriatezza Ospedalità Pubblica e Privata, ciascuna per la propria parte di competenza, delle liquidazioni effettuate nonché sul monitoraggio svolto dalle stesse sulle Strutture Accreditate.

Presso ciascuna Direzione di Distretto Sanitario è istituita una funzione di supporto amministrativo-contabile a supporto della Direzione nella gestione del personale, nella gestione degli acquisti in conto economale, per il budget assegnato e nella gestione delle procedure di liquidazione dei servizi affidati al Distretto.

Ad ogni Distretto Sanitario sono assegnate n.2 Strutture Semplici:

- **U.O.S. Assistenza Sanitaria di Base**;
- **U.O.S. Assistenza Territoriale e servizi**.

Alla prima vengono affidate le seguenti linee di attività:

Ai sensi dell'art. 20, della Legge 05.02.1992, n. 104, i candidati portatori di handicap hanno la facoltà di indicare, nella domanda di partecipazione all'avviso, l'ausilio necessario in relazione al proprio handicap, nonché 'eventuale necessità di tempi aggiuntivi per l'espletamento della prova.

Art. 3 Documentazione da allegare alla domanda

Alla domanda di partecipazione all'avviso gli aspiranti devono allegare i seguenti documenti:

a) iscrizione all'Albo Professionale, attestata da un certificato in data non anteriore a sei mesi rispetto a quella di scadenza del bando;

b) certificati di specializzazione, ove possedute;

c) curriculum formativo e professionale redatto in carta semplice, datato e firmato e debitamente documentato con riferimento alle attività professionali, di studio, direzionali-organizzative elencate **nell'art.8 del DPR 484/97**.

Si precisa che in caso di mancata autocertificazione ai sensi degli artt. 46 e 47 del D.P.R. n. 445/2000 e s.m.i, il curriculum non sarà oggetto di valutazione.

d) certificazione attestante il servizio prestato con rapporto di impiego. Nei certificati di servizio devono essere indicate le posizioni funzionali o le qualifiche attribuite, le discipline nelle quali i servizi sono stati prestati nonché le date iniziali e terminali dei relativi periodi di attività **(dichiarazione sostitutiva);**

e) certificazione attestante la tipologia delle istituzioni in cui sono allocate le strutture presso le quali il candidato ha svolto la sua attività e la tipologia delle prestazioni erogate dalle strutture medesime;

f) certificazione attestante la posizione funzionale del candidato nelle strutture e le sue competenze con indicazione di eventuali specifici ambiti di autonomia professionale con funzioni di direzione;

g) certificazione attestante la tipologia qualitativa e quantitativa delle prestazioni effettuate dal candidato;

h) certificazione attestante eventuale attività didattica presso corsi di studio per il conseguimento di diploma di laurea o di specializzazione ovvero presso scuole per la formazione di personale sanitario con indicazione della materia e delle ore annue di insegnamento;

i) certificazione attestante il conseguimento delle pregresse idoneità nazionali ove possedute;

j) certificazione attestante la eventuale partecipazione a corsi, congressi, convegni e seminari, anche effettuati all'estero;

k) per le partecipazioni a corsi di perfezionamento post-universitario, a corsi di aggiornamento, a convegni, congressi e seminari il candidato dovrà allegare, **anche se autocertificati**, copia semplice degli attestati ovvero idonea documentazione probante. **La sola dichiarazione senza la presentazione degli attestati di partecipazione o della documentazione probante non sarà oggetto di valutazione;**

l) certificato di laurea;

m) un elenco in triplice copia ed in carta semplice dei documenti e dei titoli presentati, datato e firmato;

n) una sola copia fotostatica, fronte e retro, di un documento di identità in corso di validità, ai fini della validità dell'istanza di partecipazione.

Ai sensi dell'art. 15, comma 1, della Legge 183/2011 le Pubbliche Amministrazioni non possono più accettare né richiedere certificati in ordine a stati, qualità personali, fatti ed all'attività svolta presso Pubbliche Amministrazioni.

Pertanto le dichiarazioni in ordine a stati, qualità personali, fatti e attività prestate presso strutture pubbliche dovranno essere attestate esclusivamente mediante dichiarazioni sostitutive di certificazione o di atto di notorietà in originale.

I candidati dovranno presentare i certificati in originale o fotocopia dichiarata conforme all'originale, per tutte le attività (lavoro, formazione, ecc.) svolte presso strutture private.

I candidati dovranno, invece, **allegare alla domanda - in originale,** in copia autenticata ovvero in copia dichiarata conforme all'originale ai sensi degli artt. 19 e 47 del D.P.R. 445/2000 - la seguente documentazione che **non può essere oggetto di dichiarazione sostitutiva di certificazione o di atto di notorietà**:

a) la tipologia delle istituzioni in cui sono allocate le strutture presso le quali il candidato ha svolto la sua attività e alla tipologia delle prestazioni erogate dalle strutture medesime;

b) la tipologia e la quantità delle prestazioni effettuate dal candidato;

fonte: http://burc.regione.campania.it

c) le casistiche che devono essere riferite al decennio precedente rispetto alla data di pubblicazione dell'avviso per estratto nella Gazzetta Ufficiale e devono essere certificate dal Direttore Sanitario Aziendale sulla base delle attestazioni del Direttore del competente Dipartimento o Unità Operativa di appartenenza;

d) le pubblicazioni edite a stampa, di cui il candidato è autore o coautore, ritenute più significative. Le pubblicazioni dovranno essere prodotte edite a stampa, in originale o copia autenticata e **materialmente presentate**. Ai sensi degli artt. 19, 38 e 47 del DPR 28/12/2000, n. 445, in luogo delle autentiche delle pubblicazione è consentita la produzione di semplici copie unitamente alla dichiarazione sostitutiva di atto di notorietà attestante la conformità all'originale delle copie delle pubblicazioni prodotte.

Non è ammesso alcun riferimento a documentazione esibita per la partecipazione a precedenti concorsi, o comunque, esistente agli atti di questa Amministrazione.

Nella certificazione relativa ai servizi prestati presso le Aziende Sanitarie Locali e Aziende Ospedaliere deve essere attestato se ricorrono o meno le condizioni di cui all'art. 46 del DPR 761/79, in presenza delle quali il punteggio di anzianità deve essere ridotto. In caso positivo l'attestazione deve precisare la misura della riduzione del punteggio.

L'Amministrazione si riserva, comunque, la facoltà di richiedere, in qualsiasi momento la presentazione dei documenti attestanti il possesso dei requisiti dichiarati.

Alla presente procedura si applicano le norme di cui alla legge 15 maggio 1997 n.127, e successive modificazioni ed integrazioni, e al regolamento di esecuzione approvato con DPR n. 403/98 in materia di dichiarazione sostitutiva e di semplificazione delle domande di ammissione agli impieghi.

Qualora l'interessato produca, unitamente alla domanda, dichiarazioni sostitutive di certificazione o atto di notorietà, dovrà allegare alla domanda copia del documento personale di identità in corso di validità.

Verranno presi in considerazione i titoli **redatti in lingua italiana**, con l'esclusione dei titoli redatti in altre lingue, se non accompagnati da traduzione in lingua italiana.

Questa Amministrazione è tenuta ad effettuare, ai sensi dell'art. 71 del DPR 445/2000 e dell'art. 15 della Legge 183 del 12 novembre 2011, idonei controlli, anche a campione, e in tutti i casi in cui sorgano fondati dubbi sulla veridicità delle dichiarazioni sostitutive di cui agli artt. 46 e 47 ed a trasmettere le risultanze all'autorità competente, in base a quanto previsto dalla normativa in materia.

Fermo quanto previsto dall'art. 76 del citato DPR 445/2000 circa le sanzioni penali previste per le dichiarazioni false, qualora emerga la non veridicità del contenuto della dichiarazione, il dichiarante decade dai benefici eventualmente conseguiti al provvedimento emanato sulla base della dichiarazione non veritiera.

Si precisa che, tutta la documentazione allegata, non spillata (fogli alla rinfusa) non sarà oggetto di valutazione (valido per la domanda consegnata a mano o per Raccomandata AR. Per l'invio tramite PEC tenere un ordine sequenziale (Numerare i fogli)).

Art. 4 MODALITÀ E TERMINI PER LA PRESENTAZIONE DELLA DOMANDA

La domanda e la documentazione ad essa allegata devono essere inoltrate con le modalità di seguito indicate, specificando gli estremi del titolo del presente avviso**.**

Il termine per la presentazione delle domande di partecipazione all'avviso **scade alle ore 13,00 del trentesimo giorno, decorrente** dal giorno successivo a quello della data di pubblicazione dell'estratto del presente bando **nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami.**

Qualora detto giorno sia festivo il termine è prorogato al primo giorno successivo non festivo.

Il termine fissato per la presentazione delle domande è perentorio. La eventuale riserva di invio successivo di documenti è priva di effetti.

La domanda, sottoscritta in originale dal candidato, e la documentazione ad essa allegata potrà essere prodotta entro il termine di scadenza sopra indicato, con le seguenti modalità:

La Circolare n. 12 del 2010 del Dipartimento della Funzione Pubblica recante disposizioni in merito alla "Validità della trasmissione mediante PEC" di cui all'art. 4 del DPR 11/02/2005 n. 68, prevede che la validità della trasmissione e ricezione del messaggio di PEC è attestata rispettivamente dalla ricevuta di accettazione e dalla ricevuta di avvenuta consegna, di cui all'art. 6. **È pertanto onere del candidato verificare la regolare consegna della PEC all'indirizzo di destinazione e quindi la presenza di entrambe le ricevute.**

L'Amministrazione non si assume la responsabilità in caso di impossibilità di apertura dei file.

Nel caso in cui il candidato invii più volte la documentazione si terrà in considerazione solo quella trasmessa per ultima, entro i termini di scadenza.

L'invio della domanda in altro formato comporterà l'irricevibilità della domanda stessa e la conseguente esclusione dalla procedura di selezione.

Non saranno, prese in considerazione le domande spedite a mezzo telegramma, fax nonché le domande inviate prima della pubblicazione dell'estratto nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami.

L'Amministrazione non assume responsabilità per la dispersione di comunicazioni dipendente da inesatta indicazione del recapito da parte del concorrente oppure da mancata o tardiva comunicazione del cambiamento dell'indirizzo indicato nella domanda, né per eventuali disguidi postali o, comunque, imputabili a terzi, a caso fortuito o forza maggiore.

Art. 5 Nomina della Commissione Esaminatrice

La Commissione Esaminatrice sarà nominata con atto formale del Direttore Generale.

La Commissione Esaminatrice di selezione - ai sensi di quanto disposto dall'art. 15 ter comma 2 del D.Lgs. 19 Giugno 1999 n. 229 e ss.mm.ii. art 15 del D.lgs n. 502/1992 come modificato dall'art.20 comma 1 lettera a) della Legge 05 agosto 2022 n. 118 - è composta dal Direttore Sanitario dell'azienda interessata e da tre Direttori di Struttura Complessa nella medesima disciplina dell'incarico da conferire, dei quali almeno due responsabili di strutture complesse in regioni diverse da quella ove ha sede l'azienda interessata alla copertura del posto. I Direttori di Struttura Complessa sono individuati tramite sorteggio da un elenco nazionale nominativo costituito dall'insieme degli elenchi regionali dei Direttori di Struttura Complessa appartenenti ai ruoli regionali del Servizio Sanitario Nazionale.

fonte: http://burc.regione.campania.it

Qualora fosse sorteggiato più di un Direttore di Struttura Complessa della medesima Regione ove ha sede l'Azienda interessata alla copertura del posto, è nominato componente della Commissione il primo sorteggiato e si prosegue nel sorteggio fino a individuare almeno due componenti della Commissione Direttori di Struttura Complessa in regioni diverse da quella ove ha sede la predetta azienda. Se all'esito del sorteggio di cui al secondo o al terzo periodo la metà dei Direttori di Struttura Complessa non è di genere diverso, si prosegue nel sorteggio fino ad assicurare ove possibile l'effettiva parità di genere nella composizione della Commissione, fermo restando il criterio territoriale di cui al terzo periodo.

Assume le funzioni di Presidente della Commissione il componente **con maggiore anzianità di servizio** tra i tre Direttori sorteggiati.

In caso di parità nelle deliberazioni della commissione prevale il voto del presidente.

Le operazioni di sorteggio dei Componenti per la Commissione Esaminatrice di selezione sono svolte dalla Commissione di sorteggio costituita con delibera del Direttore Generale delibera n. 900 del 26/07/2023.

Le operazioni di pubblico sorteggio dei componenti previste avranno **luogo alle ore 9,00** del **quindicesimo giorno** successivo a quello del termine di scadenza di presentazione delle domande di partecipazione al presente concorso, presso la Sede Legale dell'Asl Napoli 3 Sud - Via Marconi, 66 - 80059 Torre del Greco.

Qualora detto giorno sia festivo, le operazioni di sorteggio avranno luogo il primo giorno successivo non festivo, nella stessa sede ed alla stessa ora.

Nel caso che il sorteggio, per motivi di forza maggiore, non possa aver luogo nel giorno sopra indicato ovvero qualora debba essere ripetuto a seguito di rinuncia da parte dei componenti sorteggiati o per qualsiasi legittimo impedimento degli stessi a far parte della Commissione Esaminatrice, lo stesso sarà effettuato, senza ulteriore avviso, che si intende dato fin d'ora, nella stessa sede ed alla stessa ora di **ogni mercoledì successivo** non festivo fino al completamento delle operazioni di sorteggio.

Art. 6 Modalità di Valutazione

I candidati che, a seguito della verifica effettuata dall'Ufficio competente, risultino in possesso dei requisiti generali e specifici di ammissione alla selezione, saranno avvisati del luogo e della data di effettuazione del colloquio **almeno 15 giorni antecedenti** la data individuata, tramite avviso sul sito aziendale **www.aslnapoli3sud.it - Homepage** - **Concorsi**. I candidati che non si presenteranno a sostenere il colloquio nel giorno, nell'ora e nella sede stabilita, saranno considerati rinunciatari all'Avviso, qualunque sia la causa dell'assenza, anche se non dipendente dalla volontà dei singoli concorrenti. La Commissione potrà procedere alla valutazione del curriculum di ciascun candidato, prima della data fissata per il colloquio, oppure nella stessa giornata dell'espletamento del colloquio.

La Commissione sulla base dell'analisi comparativa dei curricula, dei titoli professionali posseduti, avuto anche riguardo alle necessarie competenze organizzative e gestionali, dei volumi dell'attività svolta, dell'aderenza al profilo ricercato e degli esiti di un colloquio, attribuisce a ciascun candidato n punteggio complessivo secondo criteri fissati preventivamente e redige la graduatoria dei candidati, che sarà affissa all'esterno della sede di esame. A parità di punteggio prevale il candidato più giovane di età.

Terminate le relative operazioni di valutazione dei candidati la Commissione redigerà apposito verbale e la relazione sintetica da pubblicare sul sito aziendale, trasmettendoli formalmente al Direttore Generale, unitamente alla graduatoria.

Inoltre, in osservanza dell'art. 8 dello stesso D.P.R. 484/97, preliminarmente al colloquio e alla valutazione del curriculum, stabilisce, tenuto conto del fabbisogno che il dirigente da incaricare deve soddisfare, come delineato dall'avviso, i criteri di valutazione.

La Commissione, per la valutazione dei candidati disporrà **di 100 punti** così ripartiti:

per curriculum _____ **punti 40**
prova colloquio _____ **punti 60**

L'attribuzione del punteggio del curriculum professionale concernono le attività professionali, di studio, direzionali - organizzative, con riferimento agli ultimi dieci anni ed in particolare:

a) alla tipologia delle istituzioni in cui sono allocate le strutture presso le quali il candidato ha svolto la sua attività e alla tipologia delle prestazioni erogate dalle strutture medesime;

fonte: http://burc.regione.campania.it

b) alla posizione funzionale del candidato nelle strutture ed alle sue competenze con indicazione di eventuali specifici ambiti di autonomia professionale con funzioni di direzione, ruoli di responsabilità rivestiti anche con riguardo all'attività trattata nei precedenti incarichi misurabili in termini di volume e complessità;
c) alla tipologia qualitativa e quantitativa delle prestazioni effettuate dal candidato. Si precisa che l'attività deve essere riferita al decennio precedente alla data di pubblicazione nella Gazzetta Ufficiale della Repubblica Italiana IV Serie Speciale "Concorsi ed Esami", e deve essere certificata dal Direttore Sanitario sulla base dell'attestazione del Dirigente Responsabile di Dipartimento o Unità Operativa Complessa **Pena la non valutabilità,** in calce alla certificazione deve essere apposto il timbro dell'attestante e la firma dello stesso deve essere per esteso e leggibile;
d) ai soggiorni di studio o di addestramento professionale per attività attinenti alla disciplina in rilevanti strutture italiane o estere di durata non inferiore a tre mesi con esclusione dei tirocini obbligatori;
e) all'attività didattica presso corsi di studio per il conseguimento di Diploma di Laurea o di Specializzazione ovvero presso scuole per la formazione di personale sanitario con indicazione delle ore annue di insegnamento;
f) alla partecipazione a corsi, congressi, convegni e seminari, anche effettuati all'estero, sia in qualità di docente o relatore che in qualità di discente;
g) pregresse idoneità nazionali ove possedute;
h) la produzione scientifica, **degli ultimi 5 anni,** sarà valutata in relazione all'attinenza alla disciplina ed in relazione alla pubblicazione su riviste nazionali ed internazionali, caratterizzate da criteri di filtro nell'accettazione dei lavori, nonché al suo impatto sulla comunità scientifica con rilevanza **dell'Impact Factor e/o H-index**;
i) volumi dell'attività svolta;
j) aderenza al profilo ricercato.

Il superamento della prova colloquio è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici **di almeno 42/60.**

fonte: http://burc.regione.campania.it

Il colloquio è diretto alla valutazione delle capacità professionali del candidato nella specifica disciplina con riferimento anche alle esperienze professionali documentate nonché all'accertamento delle capacità gestionali, organizzative e di direzione con riferimento all'incarico da svolgere.
L'esclusione dall'avviso pubblico di selezione, previa verifica del possesso dei requisiti richiesti nel presente bando da parte dall'Ufficio competente, sarà disposta con provvedimento motivato del Direttore Generale.
Ai candidati non risultati in possesso dei requisiti previsti dal bando verrà comunque notificata la non ammissione all'avviso tramite la pubblicazione sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** – **Concorsi** .

Art. 7 Adempimenti della Commissione

La Commissione, ai sensi dell'art. 15, comma 7 bis, lett.b) del D.Lgs. 502/92, così come modificato dall'art.20 comma 1 lettera b) della Legge 05 agosto 2022 n. 118, " sulla base dell'analisi comparativa dei curricula, dei titoli professionali posseduti, avuto anche riguardo alle necessarie competenze organizzative e gestionali, dei volumi dell'attività svolta, dell'aderenza al profilo ricercato e degli esiti di un colloquio, la commissione attribuisce a ciascun candidato un punteggio complessivo secondo criteri fissati preventivamente e redige la graduatoria dei candidati."

Art. 8 Conferimento Incarico

Il Direttore Generale procede alla nomina del candidato che ha conseguito il miglior punteggio al quale attribuirà l'incarico di Direttore del Distretto Sanitario 53, con atto deliberativo.
A parità di punteggio prevale il candidato più giovane di età.
L'incarico ha durata quinquennale, implica il rapporto di lavoro esclusivo ai sensi dell'art. 13 del D.Lgs. 229/99, dà titolo a specifico trattamento economico previsto dal vigente C.C.N.L. dell'Area Sanità del S.S.N ed è rinnovabile per lo stesso periodo o per periodo più breve.
Il conferimento dell'incarico avverrà mediante la stipula di apposito contratto individuale di lavoro e decorrerà dalla data di effettiva immissione in servizio.
E' fatto obbligo al candidato vincitore della selezione di acquisire, ove non già posseduto, l'attestato di formazione manageriale di cui al D.P.R. 484/97 nel primo corso utile.
La nomina decorre, agli effetti giuridici ed economici, dalla data di effettiva immissione in servizio.

fonte: http://burc.regione.campania.it

Il Dirigente, al quale viene affidato l'incarico di Direzione di Struttura Complessa, è responsabile dell'efficace ed efficiente gestione delle risorse attribuite. I risultati della gestione sono sottoposti a verifica annuale tramite l'OIV.

Il rinnovo è disposto, con provvedimento motivato, dal Direttore Generale previa verifica al termine dell'incarico delle attività professionali svolte e dei risultati raggiunti.

L'incarico può essere revocato nei casi disciplinati dall'art. 15 ter, comma 3 del D.Lgs. n.229/1999.

L'azienda sanitaria interessata può preventivamente stabilire che, nei due anni successivi alla data del conferimento dell'incarico, nel caso in cui il dirigente a cui è stato conferito l'incarico dovesse dimettersi o decadere, si procede alla sostituzione conferendo l'incarico mediante scorrimento della graduatoria dei candidati.

Art. 9 Accesso agli Atti dell'Avviso Pubblico e Differimento

In conformità a quanto previsto dall'art. 24, comma 6, lett. d) della Legge 241/90 e dall'art. 9 del D.P.R. 184/2006, l'accesso agli atti della Commissione è differito fino alla conclusione della procedura, ovvero fino all'adozione del provvedimento finale di approvazione degli atti e della graduatoria, al fine di salvaguardare il sereno e regolare svolgimento delle operazioni valutative.

Art. 10 Tutela dei Dati Personali-Informativa sulla Privacy

Ai sensi del D.lgs. 196/2003 i dati personali forniti dai candidati saranno tratti per le finalità di gestione dell'avviso e per la gestione del rapporto stesso.

Art. 11 Riserve dell'amministrazione

Il Direttore Generale si riserva la facoltà, per ragioni di pubblico interesse, di prorogare, modificare, sospendere o revocare a sua insindacabile giudizio il presente concorso, senza che gli aspiranti possano sollevare o vantare diritti di sorta.

L'Amministrazione, inoltre, si riserva:

- di effettuare controlli, ex artt. 71 e 75 D.P.R. n. 445/2000, anche a campione, sulla veridicità delle dichiarazioni sostitutive prodotte dai candidati;
- di richiedere agli aspiranti e/o a terzi, anche non strutture pubbliche, integrazioni, rettifiche e/o regolarizzazioni di documenti presentati dagli stessi, ritenute legittimamente attuabili e necessarie;

fonte: http://burc.regione.campania.it

- di non procedere alle assunzioni in relazione all'intervento di particolari vincoli legislativi, regolamentari, finanziari od organizzativi, per cui il vincitore non potrà vantare alcun diritto soggettivo od interesse legittimo alla nomina.

RESPONSABILITA' PENALE

Qualora una dichiarazione risultasse mendace o venisse formato un atto falso o fatto uso dello stesso, l'autore sarà punito, ex art. 76 D.P.R. n. 445/2000, ai sensi del codice penale e delle leggi speciali in materia nonché stante quanto previsto dall'ultimo comma del qui citato art. 76.

Art. 12 Norme finali

Per quanto non espressamente previsto dal presente bando, si fa rinvio alla normativa vigente in materia.
Con la partecipazione all'avviso pubblico implica da parte del concorrente l'accettazione senza riserve di tutte le prescrizioni e precisazioni del presente avviso nonché di tutte le disposizioni di leggi vigenti in materia.

Per tutto quanto ciò non espressamente previsto e menzionato nei precedenti paragrafi, valgono le disposizioni di legge che disciplinano la materia concorsuale.

Il presente bando segue l'iter di pubblicazione sotto riportato:

1) **Pubblicazione integrale:** sul Bollettino Ufficiale della Regione Campania;
2) **Pubblicazione per estratto:** nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami, successivamente alla pubblicazione nel BURC;
3) **Pubblicazione sul sito web:** a seguito dell'uscita del sopra citato estratto in Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami, il testo integrale sarà pubblicato sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** – **Concorsi.**

Per eventuali informazioni e chiarimenti gli interessati potranno rivolgersi all'Ufficio Procedure Concorsuali, Via Marconi n. 66, 80059 Torre del Greco - il martedì mattina dalle ore 09,00 alle ore 13,00 e il mercoledì pomeriggio dalle ore 15,00 alle ore 17,00.
Per quanto non espressamente previsto nel presente bando, si fa riferimento alle disposizioni legislative che disciplinano la materia.

CONCORSO PUBBLICO, PER TITOLI ED ESAMI, A COPERTURA DI N. 8 POSTI A TEMPO PIENO E INDETERMINATO DI DIRIGENTE AMMINISTRATIVO

PARTE GENERALE

In esecuzione della deliberazione **n. 877 del 16 giugno 2026,** esecutiva a norma di legge, in conformità alla vigente normativa concorsuale, al C.C.N.L. della Dirigenza PTA del S.S.N e alle disposizioni regionali, è indetto concorso pubblico, per titoli ed esami, a copertura di n. 8 posti a tempo pieno e indeterminato di Dirigente Amministrativo;

Le modalità per l'espletamento degli avvisi in questione sono disciplinate dal C.C.N.L. vigente per l'area della Dirigenza PTA del S.S.N., dal Decreto del Presidente della Repubblica 10 dicembre 1997 n. 483, recante la disciplina concorsuale per il personale dirigenziale del Servizio Sanitario Nazionale, e dal Decreto del Presidente della Repubblica 9 maggio 1994 n. 487, e successive modificazioni ed integrazioni.

Per quanto non previsto nel presente bando si fa espresso rinvio alla normativa vigente in materia.

Il concorso pubblico verrà espletato nel rispetto delle norme che garantiscono le pari opportunità fra uomini e donne per l'accesso al lavoro, ai sensi della Legge n. 125 del 10.04.1991 e s.m.i..

ART. 1 REQUISITI DI AMMISSIONE

Possono partecipare al concorso coloro che siano in possesso dei seguenti requisiti alla data di scadenza del bando:

REQUISITI GENERALI

a. Età: come previsto dall'art. 3, comma 6, della Legge 15/5/1997, n. 127, la partecipazione al presente concorso non è soggetta a limiti di età; pertanto possono partecipare tutti coloro che abbiamo un'età non inferiore ad anni 18 e non superiore a quella prevista dalle vigenti norme per il collocamento a riposo obbligatorio;

b. Cittadinanza italiana, fatte salve le equiparazioni stabilite dalle leggi vigenti, o cittadinanza di uno dei paesi dell'Unione Europea ovvero il possesso di uno dei requisiti di cui all'art. 38, commi 1 e 3-bis del D.Lgs n. 165/2001 e s.m.i., per i cittadini di Paesi Terzi;

c. Idoneità fisica alla mansione specifica del profilo oggetto del bando. Il relativo accertamento sarà effettuato prima dell'immissione in servizio in sede di visita preventiva ex art. 41 del D.Lgs n. 81/2008. L'assunzione è pertanto subordinata alla sussistenza della predetta idoneità espressa dal Medico Competente;

d. Godimento dei diritti civili e politici; non possono accedere agli impieghi coloro che siano stati esclusi dall'elettorato politico attivo;

e. Non essere stati destituiti, dispensati o dichiarati decaduti da un impiego pubblico;

f. Non aver riportato condanne penali che impediscano la costituzione del rapporto d'impiego con la pubblica amministrazione. Le eventuali condanne penali riportate, delle quali deve essere specificata la natura (dichiarazione da rendersi anche se negativa ovvero se sia stata concessa amnistia, indulto, condono o perdono giudiziale). L'Azienda si riserva di valutare, a proprio insindacabile giudizio, l'ammissibilità alla selezione di coloro che abbiano riportato condanna penale alla luce del tipo di reato, dell'epoca in cui è stato commesso, in relazione alle attività che il vincitore del bando di concorso andrà ad espletare;

fonte: http://burc.regione.campania.it

g. Non aver procedimenti penali in corso - che impediscano la costituzione del rapporto d'impiego con la pubblica amministrazione. Gli eventuali procedimenti penali in corso, dei quali deve essere specificata la natura (dichiarazione da rendersi anche se negativa);

h. Essere in regola con le leggi concernenti gli obblighi militari;

i. assenza di validi ed efficaci atti risolutivi di precedenti rapporti d'impiego, eventualmente costituiti con pubbliche amministrazioni, a causa d'insufficiente rendimento o per produzione di documenti falsi o viziati da invalidità non sanabile;

j. **assenza di cause** ostative all'accesso al pubblico impiego eventualmente prescritte ai sensi di legge per la costituzione del rapporto di lavoro.

I cittadini degli Stati membri dell'Unione Europea o di Paese non comunitario devono godere dei diritti civili e politici negli Stati di appartenenza o di provenienza ed avere adeguata conoscenza della lingua italiana.

Non possono accedere all'impiego coloro che siano esclusi dall'elettorato attivo, nonché coloro che siano stati dispensati dall'impiego presso una pubblica amministrazione per aver conseguito l'impiego stesso mediante la produzione di documenti falsi o viziati da invalidità non sanabile.

REQUISITI SPECIFICI
(art. 70 D.P.R. 10/12/1997, n. 483)

A- TITOLO DI STUDIO:

Possesso di Diploma di Laurea (DL) del vecchio ordinamento, ovvero di Laurea Specialistica (LS) o di Laurea Magistrale (LM) in **Giurisprudenza, Economia e Commercio, Scienze Politiche ed equipollenti;**

B - anzianità di cinque anni di servizio effettivo corrispondente alla medesima professionalità prestato in enti del Servizio Sanitario Nazionale nel profilo di collaboratore amministrativo o collaboratore amministrativo senior nella posizione funzionale di livello settimo, ottavo e ottavo bis,

fonte: http://burc.regione.campania.it

inquadrati nell'area dei professionisti della salute e funzionari (corrispondenti alle precedenti catg. D o DS), ovvero in qualifiche nella posizione funzionale di settimo, ottavo o nono livello di altre pubbliche amministrazioni italiane.

Il titolo di studio, se conseguito all'estero, deve essere riconosciuto equiparato all'analogo titolo di studio acquisito in Italia (Decreto di riconoscimento), secondo la normativa vigente.

A tal fine, nella domanda di ammissione dovrà essere allegato, a pena di esclusione, il provvedimento di riconoscimento al corrispondente titolo di studio italiano in base alla normativa vigente (Decreto di riconoscimento), ovvero, ai sensi dell'art. 38 del D.lgs. n. 165/2001 e s.m.i., l'istanza di riconoscimento del titolo di ammissione al concorso, inviata all'organo competente prima della scadenza del bando.

Tutti i suddetti requisiti **(generali e specifici)** devono essere posseduti alla data di scadenza del termine stabilito per la presentazione della domanda di ammissione e vanno comprovati con idonea documentazione da allegarsi mediante upload del documento o della dichiarazione sostitutiva, **pena esclusione dal concorso.**

Il difetto, anche di uno solo dei requisiti prescritti, comporta la non ammissione alla presente procedura concorsuale.
Con riferimento alla dichiarazione in merito alle condanne e ai procedimenti penali, si informa che l'Amministrazione, in caso di condanne penali (anche nel caso di applicazione della pena su richiesta, sospensione condizionale, non menzione, amnistia, condono, indulto, perdono giudiziale, estinzione) o di procedimenti penali pendenti, fermi restando i casi stabiliti dalla legge per le tipologie di reato che escludono l'ammissibilità all'impiego con la Pubblica Amministrazione, si riserva comunque di valutare la situazione del candidato, sia ai fini dell'ammissione alla procedura che ai fini dell'assunzione, tenuto conto del reato e delle circostanze di fatto con riferimento al profilo professionale da ricoprire.

Art. 2 MODALITÀ E TERMINI PER LA PRESENTAZIONE DELLA DOMANDA

Le domande di partecipazione al concorso pubblico dovranno essere esclusivamente prodotte tramite procedura telematica, con le modalità descritte al punto seguente entro e non oltre le ore **24,00** del **trentesimo giorno, decorrente** dal giorno successivo a quello della data di pubblicazione

fonte: http://burc.regione.campania.it

dell'estratto del presente bando nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami. Qualora detto giorno sia festivo, il termine è prorogato al primo giorno successivo non festivo.

Pertanto, dopo tale termine, non sarà più possibile effettuare la compilazione online della domanda di partecipazione e **non sarà ammessa la produzione di altri titoli o documenti** a corredo della domanda. Inoltre non sarà più possibile effettuare **rettifiche o aggiunte.**

Il termine di cui sopra è perentorio. Saranno esclusi dal concorso i candidati le cui domande non siano state inviate secondo le modalità di seguito indicate.

PROCEDURA DI REGISTRAZIONE E COMPILAZIONE ON-LINE DELLA DOMANDA E DEI RELATIVI TITOLI PER LA PARTECIPAZIONE ALLA SELEZIONE:

NOTA: La procedura di presentazione della domanda potrà essere effettuata 24 ore su 24 tramite qualsiasi personal computer collegato alla rete internet e dotato di un browser di navigazione tra quelli di maggiore diffusione (Chrome, Explorer, Firefox, Safari) e di recente versione, salvo sporadiche momentanee interruzioni per interventi di manutenzione tecnica anche non programmati, **si consiglia di registrarsi , accedere e procedere alla compilazione della domanda e conferma dell'iscrizione con ragionevole anticipo.**

Le richieste di assistenza tecnica, anche relative alla fase di registrazione, verranno soddisfatte compatibilmente con le esigenze operative dell'ufficio concorsi e non saranno comunque evase nei 3 giorni precedenti la scadenza del bando.

1) REGISTRAZIONE NEL SITO AZIENDALE

1. Collegarsi al sito internet: **https://aslnapoli3sud.iscrizioneconcorsi.it**
2. Cliccare su "pagina di registrazione" ed inserire i dati richiesti.

Fare attenzione al corretto inserimento della e-mail (**non PEC**) perché a seguito di questa operazione il programma invierà una e-mail al candidato con le credenziali provvisorie (Username e Password) di accesso al sistema di iscrizione ai concorsi on-line **(attenzione l'invio potrebbe non essere immediato, è importante registrarsi per tempo e verificare che la mail non sia andata in cartelle tipo Posta Indesiderata o Spam)**;
3. Collegarsi, una volta ricevuta la mail, al link indicato nella stessa per modificare la Password provvisoria con una password segreta e definitiva a vostra scelta che dovrà essere conservata per gli accessi successivi al primo, **attendere** poi qualche secondo per essere automaticamente reindirizzati.

2) ISCRIZIONE ON-LINE ALLA SELEZIONE

- Sostituita la password provvisoria, compilati e salvati i dati anagrafici, cliccare sulla voce di menù "Concorsi" per accedere alla schermata dei concorsi disponibili;
- Cliccare sull'icona **"*Iscriviti*"** del concorso al quale si intende partecipare.

fonte: http://burc.regione.campania.it

Si accede così alla schermata di inserimento della domanda, dove si dovrà dichiarare il possesso dei requisiti generali e specifici di ammissione;
3.1 Si inizia dalla scheda **"*Anagrafica*",** che deve essere obbligatoriamente compilata in tutte le sue parti;
3.2 Per iniziare cliccare sul tasto **"*Compila*"** ed al termine dell'inserimento cliccare il tasto in basso **"*Salva*";**
3.3 Al fine della compilazione dei dati anagrafici, si potrà proseguire con la compilazione delle ulteriori pagine di cui si compone il format.
L'elenco delle pagine da compilare è visibile nel pannello di sinistra, le pagine già completate presentano un segno di spunta verde mentre quelle non ancora compilate sono precedute dal simbolo del punto interrogativo **(**le stesse possono essere compilate in più momenti, si può accedere a quanto caricato e aggiungere/correggere/cancellare i dati fino a quando non si conclude la compilazione cliccando su **"*conferma ed invio*");**

Si sottolinea che tutte le informazioni (requisiti specifici di ammissione, titoli di carriera ed esperienze professionali e formative) di cui sopra, dovranno essere indicate in modo preciso ed esaustivo in quanto si tratta di dati sui quali verrà effettuata la verifica del possesso dei requisiti per la partecipazione al concorso degli eventuali titoli di preferenza o di riserva dei posti, nonché la valutazione dei titoli.

Si tratta di una dichiarazione resa sotto la propria personale responsabilità ed ai sensi del D.P.R. 28/12/2000, n. 445. I rapporti di lavoro/attività professionali in corso possono essere autocertificati limitatamente alla data in cui viene compilata la domanda (quindi, in caso di servizi ancora in corso, nel campo corrispondente alla data di fine rapporto il candidato deve inserire la data di compilazione della domanda).

ATTENZIONE: per alcune tipologie di titoli è possibile ed è necessario, al fine dell'accettazione della domanda e della eventuale valutazione, effettuare la scannerizzazione dei documenti e fare l'upload direttamente nel format on line.

I documenti che devono essere **necessariamente allegati a pena di esclusione sono:**
- documento di identità valido;

- documenti comprovanti i requisiti che consentono ai cittadini non italiani e non comunitari di partecipare al presente concorso (permesso di soggiorno CE per soggiornanti di lungo periodo o la titolarità dello status di rifugiato, ovvero dello status di protezione sussidiaria);
- il Decreto ministeriale di riconoscimento del titolo di studio valido per l'ammissione, se conseguito all'estero;
- copia completa (di tutte le sue pagine e non solo l'ultima) **e FIRMATA della domanda** prodotta tramite questo portale.

fonte: http://burc.regione.campania.it

I documenti che devono essere allegati pena la mancata valutazione/decadenza dei benefici sono:
- il decreto ministeriale di equiparazione dei titoli di servizio svolti all'estero (da inserire nella pagina "Servizio presso ASL/PA come dipendente");
- il decreto ministeriale di equiparazione dei titoli di studio, oltre a quello richiesto per l'ammissione, conseguiti all'estero (da inserire nella pagina "Titolo accademici e di studio");
- la certificazione medica attestate lo stato di disabilità comprovante la necessità di ausili e/o tempi aggiuntivi, ai sensi dell'art. 20 della Legge 05.02.1992, n. 104 (da inserire nella pagina "Requisiti generici");
- le pubblicazioni effettuate SOLO SU RIVISTE NAZIONALI ED INTERNAZIONALI CON **DEGLI ULTIMI 5 ANNI**.

Il candidato può allegare alla domanda tutti i documenti/certificati/ dichiarazione sostitutiva che ritiene utili alla fine della valutazione del curriculum, ma poi devono essere riportanti/trascritti cioè scritti nell'apposita sezione della piattaforma – (1) carriera – 2) studio – 3) pubblicazioni – 4) Curriculum.

Nei casi suddetti effettuare la scannerizzazione dei documenti e l'upload, come indicato nella spiegazione di "Anagrafica" ed allegarli seguendo le indicazioni e cliccando il bottone "aggiungi allegato", ponendo attenzione alla dimensione massima richiesta nel format. I file pdf relativi alle pubblicazioni possono essere eventualmente compressi, utilizzando le modalità più in uso (winZip o winRar).

Terminata la compilazione di tutte le sezioni, cliccare su **"Conferma ed invio".**

Dopo avere reso le dichiarazioni finali e confermato, sarà possibile stampare la domanda definitiva (**priva della scritta facsimile**) tramite la funzione **"STAMPA DOMANDA".**

ATTENZIONE: a seguito della conferma, la domanda risulterà bloccata e sarà inibita qualsiasi altra modifica e integrazione, prestare quindi attenzione.

Il candidato deve obbligatoriamente procedere allo scarico della domanda, alla sua firma e successivo **upload** cliccando il bottone **"Allega la domanda firmata".** Solo al termine di quest'ultima operazione comparirà il bottone **"Invia l'iscrizione"** che va cliccato per inviare definitivamente la domanda.

Il candidato riceverà una mail di conferma iscrizione con allegata la copia della domanda.

Il mancato inoltro informatico della domanda firmata, determina l'automatica esclusione del candidato dal concorso di cui trattasi.

fonte: http://burc.regione.campania.it

Ai sensi dell'art. 71 del D.P.R. 28.12.2000, n. 445 e s.m.i., l'Amministrazione procederà ad idonei controlli, anche a campione sulla veridicità delle dichiarazioni rese nella domanda.

Qualora emerga la non veridicità del contenuto delle dichiarazioni, il dichiarante decade dai benefici eventualmente conseguiti in seguito al provvedimento emanato, sulla base della dichiarazione non veritiera.

nella schermata principale si dispone di un manuale

4. Prima di uscire dal programma, ma dopo avere cliccato su ("***Conferma ed invio***"), cliccare la funzione **"*Stampa domanda*"** presente nel pannello di sinistra e in basso.

NON SARANNO PRESE IN CONSIDERAZIONE E QUINDI NON RITENUTE VALIDE AI FINI CONCORSUALI LE DOMANDE PRESENTATE CON MODALITÀ DIVERSE DA QUELLE PREVISTE DAL PRESENTE BANDO, OVVERO CONSEGNATE DIRETTAMENTE ALL' UFFICIO PROTOCOLLO O INVIATE A MEZZO DEL SERVIZIO POSTALE O TRAMITE UTILIZZO DELLA POSTA ELETTRONICA CERTIFICA (PEC) O POSTA ELETTRONICA.

La compilazione della domanda in maniera incompleta o approssimativa e conseguentemente la non chiarezza delle dichiarazioni sostitutive in essa contenute, potrà comportare la non valutabilità dei titoli/servizi da parte della Commissione.

AL FINE DELLA VALUTAZIONE DEI TITOLI SARÀ VALUTATO SOLO ED ESCLUSIVAMENTE QUANTO DICHIARATO/SCRITTO NEL FORMAT ON-LINE, NELLE APPOSITE SEZIONI (1) carriera – 2) studio - 3) pubblicazioni – 4) Curriculum.) PERTANTO EVENTUALE ALTRA DOCUMENTAZIONE PRESENTATA OLTRE A QUELLA RICHIESTA NON SARÀ CONSIDERATA UTILE.

Al termine della procedura on-line si riceverà una mail di conferma che conterrà, in allegato, una copia a video della domanda contenente i dati inseriti.

PROCEDURA DI EVENTUALE INTEGRAZIONE DI ULTERIORI TITOLI E DOCUMENTI ALLA DOMANDA DI PARTECIPAZIONE ALLA SELEZIONE:

fonte: http://burc.regione.campania.it

Dopo l'invio on-line della domanda è possibile la riapertura della domanda inviata per la produzione di ulteriori titoli o documenti ad integrazione della stessa fino al giorno di scadenza del presente bando, tramite la funzione annulla domanda. Tale procedura genera in automatico una mail che verrà inviata all'ufficio concorsi.

NOTA BENE SI FA PRESENTE CHE LA RIAPERTURA DELLA DOMANDA PER LA PRODUZIONE DI ULTERIORI TITOLI E DOCUMENTI **COMPORTA L'ANNULLAMENTO DELLA DOMANDA PRECEDENTEMENTE INVIATA ON-LINE**, CON CONSEGUENTE PERDITA DI VALIDITÀ DELLA RICEVUTA DI AVVENUTA ISCRIZIONE.
QUINDI TALE PROCEDURA PREVEDE LA **RIPRESENTAZIONE INTEGRALE DELLA DOMANDA** DI ISCRIZIONE ON-LINE DA PARTE DEL CANDIDATO.

Ferme restando le sanzioni penali previste dall'art. 76 del citato D.P.R. 445/2000 qualora emerga la non veridicità delle dichiarazioni rese dal candidato lo stesso decade dai benefici eventualmente conseguenti al provvedimento emanato sulla base delle dichiarazioni non veritiere.

3) ASSISTENZA TECNICA

Le richieste di assistenza tecnica possono essere avanzate tramite l'apposita funzione disponibile dalla voce di menù "***Assistenza***" sempre presente nella sezione a sinistra della pagina web.

LE RICHIESTE DI ASSISTENZA TECNICA VERRANNO EVASE DURANTE L'ORARIO DI LAVORO E COMPATIBILMENTE CON GLI ALTI IMPEGNI DEL SERVIZIO.

Si garantisce una risposta **entro 5 giorni** lavorativi dalla richiesta.

NON saranno evase richieste nei 3 giorni precedenti la scadenza del bando.

Si suggerisce di **leggere attentamente il "Manuale Istruzioni"** per l'uso della procedura, di cui sopra, e disponibile nel pannello di sinistra delle varie pagine di cui si compone il sito WEB nella HOME PAGE.

Non saranno prese in considerazione le richieste di assistenza inoltrate con altro canale.

4) PROCEDURA DI EVENTUALE INTEGRAZIONE DI ULTERIORI TITOLI E DOCUMENTI ALLA DOMANDA DI PARTECIPAZIONE ALLA SELEZIONE

fonte: http://burc.regione.campania.it

Dopo l'invio normale della domanda **è possibile richiedere la riapertura della domanda inviata** per la produzione di ulteriori titoli o documenti ad integrazione della stessa **fino a 3 giorni prima della data di scadenza del presente bando**, tramite l'apertura di una richiesta di assistenza tramite l'apposita funzione **"richiedi Assistenza".**

Dopo l'invio on-line della domanda è possibile riaprire la domanda inviata per la produzione di ulteriori titoli o documenti ad integrazione della stessa, tramite la funzione 'Annulla domanda' (disponibile tramite l'icona che si attiverà, a registrazione conclusa, nella colonna 'Annulla' sulla destra dell'oggetto del concorso).

NOTA BENE: si fa presente che la riapertura della domanda per la produzione di ulteriori titoli e documenti, pur non cancellando le informazioni già caricate a sistema, **comporta l'annullamento della domanda precedentemente redatta on-line**, con conseguente **perdita di validità della ricevuta di avvenuta registrazione**.

Quindi tale procedura prevede, a seguito delle modifiche e/o integrazioni apportate a quanto già caricato, la **ripresentazione integrale della domanda di iscrizione on-line** da parte del candidato utilizzando la stessa modalità prevista al paragrafo 'ISCRIZIONE ON LINE AL CONCORSO PUBBLICO'.

Art. 3 AMMISSIONE ED ESCLUSIONE DEI CANDIDATI

L'ammissione e l'esclusione dal concorso, previa verifica del possesso dei requisiti richiesti nel presente bando, sarà disposta con provvedimento motivato del Direttore Generale e l'elenco dei candidati ammessi ed esclusi verrà pubblicato, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** - **Concorsi,** che avrà valore di notifica ad ogni effetto di legge ai candidati interessati.

Art. 4 COMMISSIONE ESAMINATRICE

La Commissione Esaminatrice, composta ai sensi dell'art. 71 del DPR 483/97, sarà nominata con atto formale del Direttore Generale.

Art. 5 PROVE D'ESAME

Le prove d'esame sono quelle previste **dall'art. 72 del DPR 483/97:**

***prova scritta*:** su argomenti di diritto amministrativo o costituzionale o soluzione di una serie di quesiti a risposta sintetica inerenti nelle suddette materie;

fonte: http://burc.regione.campania.it

***prova teorico pratica*:** predisposizione di atti o provvedimenti riguardanti l'attività del servizio;

***prova orale*:** vertente sulle materie oggetto della prova scritta nonché sulle seguenti materie:
diritto civile, contabilità di Stato, leggi e regolamenti concernenti il settore sanitario, elementi di diritto del lavoro e di legislazione sociale, elementi di economia politica e scienze delle finanze, elementi di diritto penale.
Nell'ambito della prova orale, si procederà altresì, all'accertamento della conoscenza dell'uso delle apparecchiature e delle applicazioni informatiche più diffuse e della lingua inglese (art. 37 D.Lgs.165/2001.

La data, la sede e l'ora in cui si svolgerà la prova scritta sarà comunicata ai candidati ammessi attraverso la pubblicazione, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage - Concorsi, avente valore di notifica ad ogni effetto di legge**, di un avviso almeno **quindici giorni prima** della data prevista per l'espletamento della stessa.

La convocazione dei candidati ammessi alla prova pratica con l'indicazione della data, della sede e dell'ora sarà comunicata attraverso la pubblicazione, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage - Concorsi**, **avente valore di notifica ad ogni effetto di legge**, di un avviso almeno **quindici giorni prima** della data prevista per l'espletamento della stessa, con l'indicazione del voto riportato nella prova scritta.

La convocazione dei candidati ammessi alla prova orale con l'indicazione della data, della sede e dell'ora sarà comunicata attraverso la pubblicazione, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage - Concorsi, avente valore di notifica ad ogni effetto di legge**, di un avviso almeno **venti giorni** prima della data prevista, con l'indicazione del voto riportato nella prova pratica.

In relazione al numero dei candidati, la Commissione Esaminatrice si riserva di effettuare tutte le tre prove (scritta, pratica e orale) nel medesimo giorno oppure solo la prova pratica e la prova orale nel medesimo giorno.

La Commissione Esaminatrice si riserva di informare i candidati sulle date di espletamento della prova pratica e della prova orale con un'unica comunicazione.

Prima di sostenere le prove i candidati dovranno esibire un valido documento d'identità.

I candidati che non si presenteranno, per qualsivoglia ragione anche se non dipendente dalla volontà dei singoli concorrenti, a sostenere le prove di concorso nel giorno, nell'ora e nella sede stabilita, saranno dichiarati decaduti dal concorso.

Art. 6 PUNTEGGIO PER TITOLI E PER LE PROVE D'ESAME

Ai sensi degli artt.11 e 27 del DPR 483/97, la Commissione dispone, complessivamente di 100 punti così ripartiti:

- **punti 20 per i titoli**, di cui punti 10 per i titoli di carriera, punti 3 per i titoli accademici e di studio, punti 3 per le pubblicazioni ed i titoli scientifici e punti 4 per il curriculum formativo e professionale;
- **punti 80 per le prove di esame**, di cui punti 30 per la prova scritta, punti 30 per la prova pratica e punti 20 per la prova orale.

Il superamento di ciascuna delle previste prove **scritta e pratica** è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici **di almeno 21/30.**

Il superamento della prova orale è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici **di almeno 14/20.**

Art. 7 GRADUATORIA

La Commissione Esaminatrice procederà alla formazione della graduatoria di merito dei candidati dichiarati idonei, secondo l'ordine dei punteggi ottenuti dai candidati stessi per i titoli e per le singole prove d'esame.

La suddetta graduatoria di merito, previo riconoscimento della sua regolarità, sarà approvata dal Direttore Generale. Sarà escluso dalla graduatoria il candidato che non abbia conseguito in ciascuna delle prove di esame, la prevista valutazione di sufficienza.

Tutte le preferenze e precedenze stabilite dalle vigenti disposizioni di legge saranno osservate purché alla domanda di ammissione al concorso siano uniti i necessari documenti probatori resi nei termini e nei modi di legge. La graduatoria dei vincitori del concorso sarà pubblicata sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** - **Concorsi**. La graduatoria de qua rimane efficace per il periodo di cui alle vigenti disposizioni in materia.

Art. 8 CONFERIMENTO INCARICO –ADEMPIMENTI DEL VINCITORE

L'attribuzione degli incarichi è effettuata dal Direttore Generale dell'Azienda sulla base della graduatoria formulata dalla Commissione esaminatrice.

I vincitori del concorso saranno convocati ai fini della notifica del conferimento e dell'acquisizione dei documenti propedeutici alla stipula del contratto di lavoro individuale, nel quale sarà indicata la data di inizio del servizio, **che avverrà non oltre il termine di quindici giorni** dalla data di notifica del conferimento, **a pena di decadenza.** L'assunzione dei vincitori comporta l'accettazione incondizionata da parte di questo, **di essere assegnato a qualsiasi posto di lavoro individuato dall'Azienda, secondo le esigenze di servizio.**

Qualora il candidato vincitore dopo aver accettato l'incarico rinunci allo stesso prima della data di presa di servizio, l'Azienda si riserva di azionare tutte le misure a tutela dei propri interessi riconducibili a responsabilità precontrattuale in funzione della gravità del danno arrecato all'Amministrazione. Il candidato assunto dovrà **permanere in servizio presso l'Azienda per almeno cinque anni** dalla data di decorrenza del contratto individuale di lavoro.

Ai titolari dei rapporti di lavoro di che trattasi è attribuito il trattamento giuridico ed economico previsto dalle vigenti disposizioni di legge e dal CCNL in vigore per la dirigenza del ruolo amministrativo del SSN.

Entro il termine previsto dall'Azienda il vincitore - ai fini della esclusività del rapporto di lavoro – deve dichiarare, sotto la Sua responsabilità, di non avere altri rapporti di impiego pubblico o privato e di non trovarsi in nessuna delle situazioni di incompatibilità richiamate dall'articolo 53 del D. L.vo

165/2001, dal D.L.vo 502/92 e successive modificazioni ed integrazioni, dalla Legge 662/96, dall'art. 72 della Legge 448/98, anche agli effetti di quanto previsto dal vigente CCNL in materia di corresponsione della indennità di esclusività del rapporto di lavoro.

Il trattamento giuridico e economico è quello previsto dal citato CCNL.

Ai fini giuridici ed economici la nomina decorre dalla data dell'effettiva immissione in servizio.

Art. 9 ACCESSO AGLI ATTI DEL CONCORSO PUBBLICO E DIFFERIMENTO

In conformità a quanto previsto dall'art. 24, comma 6, lett. d) della Legge 241/90 e dall'art. 9 del D.P.R. 184/2006, l'accesso agli atti della Commissione è differito fino alla conclusione della procedura, ovvero fino all'adozione del provvedimento finale di approvazione degli atti e della graduatoria, al fine di salvaguardare il sereno e regolare svolgimento delle operazioni valutative.

Art. 10 TUTELA DEI DATI PERSONALI-INFORMATIVA SULLA PRIVACY

Ai sensi del D.lgs. 196/2003 e ss.mm.ii. i dati personali forniti dai candidati saranno tratti per le finalità di gestione dell'avviso e per la gestione del rapporto stesso.

Art. 11 RISERVE DELL'AMMINISTRAZIONE

Il Direttore Generale si riserva la facoltà, per ragioni di pubblico interesse, di prorogare, modificare, sospendere o revocare a sua insindacabile giudizio il presente avviso, senza che gli aspiranti possano sollevare o vantare diritti di sorta.

L'Amministrazione, inoltre, si riserva:

- di effettuare controlli, ex artt. 71 e 75 D.P.R. n. 445/2000, anche a campione, sulla veridicità delle dichiarazioni sostitutive prodotte dai candidati;
- di richiedere agli aspiranti e/o a terzi, anche non strutture pubbliche, integrazioni, rettifiche e/o regolarizzazioni di documenti presentati dagli stessi, ritenute legittimamente attuabili e necessarie;
- di non procedere alle assunzioni in relazione all'intervento di particolari vincoli legislativi, regolamentari, finanziari od organizzativi, per cui il vincitore non potrà vantare alcun diritto soggettivo od interesse legittimo alla nomina.

RESPONSABILITA' PENALE

Qualora una dichiarazione risultasse mendace o venisse formato un atto falso o fatto uso dello stesso, l'autore sarà punito, ex art. 76 D.P.R. n. 445/2000, ai sensi del codice penale e delle leggi speciali in materia nonché stante quanto previsto dall'ultimo comma del qui citato art. 76.

ART. 1 REQUISITI DI AMMISSIONE

Possono partecipare al concorso coloro che siano in possesso dei seguenti requisiti:

REQUISITI GENERALI

a. Età: come previsto dall'art. 3, comma 6, della Legge 15/5/1997, n. 127, la partecipazione al presente concorso non è soggetta a limiti di età; pertanto possono partecipare tutti coloro che abbiamo un'età non inferiore ad anni 18 e non superiore a quella prevista dalle vigenti norme per il collocamento a riposo obbligatorio;

b. Cittadinanza italiana, fatte salve le equiparazioni stabilite dalle leggi vigenti, o cittadinanza di uno dei paesi dell'Unione Europea ovvero il possesso di uno dei requisiti di cui all'art. 38, commi 1 e 3-bis del D.Lgs n. 165/2001 e s.m.i., per i cittadini di Paesi Terzi;

c. Idoneità fisica alla mansione specifica del profilo oggetto del bando. Il relativo accertamento sarà effettuato prima dell'immissione in servizio in sede di visita preventiva ex art. 41 del D.Lgs n. 81/2008. L'assunzione è pertanto subordinata alla sussistenza della predetta idoneità espressa dal Medico Competente;

d. Godimento dei diritti civili e politici; non possono accedere agli impieghi coloro che siano stati esclusi dall'elettorato politico attivo;

e. Non essere stati destituiti, dispensati o dichiarati decaduti da un impiego pubblico;

f. Non aver riportato condanne penali - o non aver procedimenti penali in corso - che impediscano la costituzione del rapporto d'impiego con la pubblica amministrazione;

g. Essere in regola con le leggi concernenti gli obblighi militari;

h. assenza di validi ed efficaci atti risolutivi di precedenti rapporti d'impiego, eventualmente costituiti con pubbliche amministrazioni, a causa d'insufficiente rendimento o per produzione di documenti falsi o viziati da invalidità non sanabile;

fonte: http://burc.regione.campania.it

i. **assenza di cause** ostative all'accesso al pubblico impiego eventualmente prescritte ai sensi di legge per la costituzione del rapporto di lavoro.

I cittadini degli Stati membri dell'Unione Europea o di Paese non comunitario devono godere dei diritti civili e politici negli Stati di appartenenza o di provenienza ed avere adeguata conoscenza della lingua italiana.

REQUISITI SPECIFICI
(art. 24 D.P.R. 10/12/1997, n. 483)

1)) Diploma di laurea in Medicina e Chirurgia;

2) Specializzazione nella disciplina di MEDICINA DEL LAVORO E SICUREZZA DEGLI AMBIENTI DI LAVORO, o disciplina equipollente o affine**.**

La specializzazione conseguita ai sensi del Decreto Legislativo 257/1991 e ai sensi del Decreto Legislativo 368/99, anche se fatta valere come requisito di ammissione, è valutata con uno specifico punteggio pari a mezzo punto per anno di corso di specializzazione. Il certificato deve indicare se la specializzazione è stata conseguita ai sensi della citata legge.

Ai sensi del 2° comma dell'art. 56 del D.P.R. 483/1997 il personale del ruolo sanitario in servizio a tempo indeterminato **all'1/2/1998** è esentato dal requisito della specializzazione nella disciplina relativa al posto a tempo indeterminato già ricoperto alla predetta data per la partecipazione ai concorsi presso le USL e le Aziende Ospedaliere diverse da quelle di appartenenza.

Ai sensi dei commi n. 547 e 548 dell'art. 1 della L. n. 145 del 30/12/2018 (Legge di Bilancio 2019) come modificati dal D.L. n. 35 del 30/04/2019 convertito con modificazioni dalla L. n. 60 del 25/06/2019, dal D.L. n. 162 del 30/12/2019 convertito in L. n. 8 del 28/02/2020 e dal D.L. 34 del 19/05/2020 c.d. Decreto Rilancio, convertito con modificazioni dalla L. 17/7/2020, n. 77, dal D.L. n. 51 del 10/05/2023 convertito con modificazioni dalla L. n. 87 del 03/07/2023, a partire dal secondo anno del corso di formazione specialistica, i medici, i medici veterinari, gli odontoiatri, i biologi, i chimici, i farmacisti, i fisici e gli psicologi regolarmente iscritti sono

fonte: http://burc.regione.campania.it

ammessi alle procedure concorsuali per l'accesso alla dirigenza del ruolo sanitario nella specifica disciplina bandita – MEDICINA DEL LAVORO E SICUREZZA DEGLI AMBIENTI DI LAVORO - e collocati, all'esito positivo delle medesime procedure, in graduatoria separata. L'eventuale assunzione a tempo indeterminato dei medici, dei medici veterinari, degli odontoiatri, dei biologi, dei chimici, dei farmacisti, dei fisici e degli psicologi di cui al comma 547, risultati idonei e utilmente collocati nelle relative graduatorie, è subordinata al conseguimento del titolo di specializzazione all'esaurimento della graduatoria dei medici veterinari già specialisti alla data di scadenza del bando.

Si specifica, inoltre, che il procedimento di cui alla Legge 145/2018 prevede che gli specializzandi concorrano nelle procedure concernenti la stessa branca specialistica oggetto di specializzazione, cioè MEDICINA DEL LAVORO E SICUREZZA DEGLI AMBIENTI DI LAVORO, restando esclusa la possibilità di partecipazione nelle discipline equipollenti e/o affini. (nota chiarimento Regione Campania n. 0560502/2023.)

Si specifica, altresì, che l'eventuale assunzione con contratto a tempo determinato, ai sensi della Legge 145/2018 e ss.mm.ii., è subordinata all'inserimento della Scuola di Specializzazione nella Rete Formativa ai sensi del D.Lvo 368/99.

3) Iscrizione all'Albo dei Medici Chirurghi. L'iscrizione al corrispondente albo professionale di uno dei Paesi dell'Unione Europea consente la partecipazione ai concorsi, fermo restante l'obbligo dell'iscrizione all'albo in Italia prima dell'assunzione in servizio.
Non possono accedere all'impiego coloro che siano esclusi dall'elettorato attivo, nonché coloro che siano stati dispensati dall'impiego presso una pubblica amministrazione per aver conseguito l'impiego stesso mediante la produzione di documenti falsi o viziati da invalidità non sanabile;

fonte: http://burc.regione.campania.it

4) <u>Abilitazione all'esercizio professionale</u>.

Tutti i suddetti requisiti **(generali e specifici)** devono essere posseduti alla data di scadenza del termine stabilito per la presentazione della domanda di ammissione e vanno comprovati con idonea documentazione da allegarsi mediante upload del documento o della dichiarazione sostitutiva, **<u>pena esclusione dal concorso</u>.**

Il possesso dei requisiti di cui sopra, deve essere documentato nei modi e nei termini stabiliti dalla normativa vigente mediante autocertificazione ai sensi del D.P.R. 445/2000, a pena di esclusione dalla procedura.

L'eventuale riserva di invio successivo di documenti è priva di effetto.
Il difetto, anche di uno solo dei requisiti prescritti, comporta la non ammissione alla presente procedura concorsuale.

Art. 2 MODALITÀ E TERMINI PER LA PRESENTAZIONE DELLA DOMANDA

Le domande di partecipazione al concorso pubblico dovranno essere esclusivamente prodotte tramite procedura telematica, con le modalità descritte al punto seguente entro e non oltre le ore **24,00** del **trentesimo giorno, <u>decorrente</u>** dal giorno successivo a quello della data di pubblicazione dell'estratto del presente bando nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami. Qualora detto giorno sia festivo, il termine è prorogato al primo giorno successivo non festivo.

Pertanto, dopo tale termine, non sarà più possibile effettuare la compilazione online della domanda di partecipazione e **non sarà ammessa la produzione di altri titoli o documenti** a corredo della domanda. Inoltre non sarà più possibile effettuare **rettifiche o aggiunte.**

Il termine di cui sopra è perentorio. Saranno esclusi dal concorso i candidati le cui domande non siano state inviate secondo le modalità di seguito indicate.

PROCEDURA DI REGISTRAZIONE E COMPILAZIONE ON-LINE DELLA DOMANDA E DEI RELATIVI TITOLI PER LA PARTECIPAZIONE ALLA SELEZIONE:

fonte: http://burc.regione.campania.it

NOTA: La procedura di presentazione della domanda potrà essere effettuata 24 ore su 24 tramite qualsiasi personal computer collegato alla rete internet e dotato di un browser di navigazione tra quelli di maggiore diffusione (Chrome, Explorer, Firefox, Safari) e di recente versione, salvo sporadiche momentanee interruzioni per interventi di manutenzione tecnica anche non programmati, **si consiglia di registrarsi , accedere e procedere alla compilazione della domanda e conferma dell'iscrizione con ragionevole anticipo.**

Le richieste di assistenza tecnica, anche relative alla fase di registrazione, verranno soddisfatte compatibilmente con le esigenze operative dell'ufficio concorsi e non saranno comunque evase nei 3 giorni precedenti la scadenza del bando.

1) REGISTRAZIONE NEL SITO AZIENDALE

1. Collegarsi al sito internet: **https://aslnapoli3sud.iscrizioneconcorsi.it**
2. Cliccare su "pagina di registrazione" ed inserire i dati richiesti.

Fare attenzione al corretto inserimento della e-mail (**non PEC**) perché a seguito di questa operazione il programma invierà una e-mail al candidato con le credenziali provvisorie (Username e Password) di accesso al sistema di iscrizione ai concorsi on-line **(attenzione l'invio potrebbe non essere immediato, è importante registrarsi per tempo e verificare che la mail non sia andata in cartelle tipo Posta Indesiderata o Spam)**;
3. Collegarsi, una volta ricevuta la mail, al link indicato nella stessa per modificare la Password provvisoria con una password segreta e definitiva a vostra scelta che dovrà essere conservata per gli accessi successivi al primo, **attendere** poi qualche secondo per essere automaticamente reindirizzati.

2) ISCRIZIONE ON-LINE ALLA SELEZIONE

- Sostituita la password provvisoria, compilati e salvati i dati anagrafici, cliccare sulla voce di menù "Concorsi" per accedere alla schermata dei concorsi disponibili;
- Cliccare sull'icona **"*Iscriviti*"** del concorso al quale si intende partecipare.

Si accede così alla schermata di inserimento della domanda, dove si dovrà dichiarare il possesso dei requisiti generali e specifici di ammissione;
3.1 Si inizia dalla scheda **"*Anagrafica*",** che deve essere obbligatoriamente compilata in tutte le sue parti;
3.2 Per iniziare cliccare sul tasto **"*Compila*"** ed al termine dell'inserimento cliccare il tasto in basso **"*Salva*";**
3.3 Al fine della compilazione dei dati anagrafici, si potrà proseguire con la compilazione delle ulteriori pagine di cui si compone il format.
L'elenco delle pagine da compilare è visibile nel pannello di sinistra, le pagine già completate presentano un segno di spunta verde mentre quelle non ancora compilate sono precedute dal simbolo del punto interrogativo **(**le stesse possono essere compilate in più momenti, si può accedere a quanto caricato e aggiungere/correggere/cancellare i dati fino a quando non si conclude la compilazione cliccando su **"*conferma ed invio*");**

fonte: http://burc.regione.campania.it

Si sottolinea che tutte le informazioni (requisiti specifici di ammissione, titoli di carriera ed esperienze professionali e formative) di cui sopra, dovranno essere indicate in modo preciso ed esaustivo in quanto si tratta di dati sui quali verrà effettuata la verifica del possesso dei requisiti per la partecipazione al concorso degli eventuali titoli di preferenza o di riserva dei posti, nonché la valutazione dei titoli.

Si tratta di una dichiarazione resa sotto la propria personale responsabilità ed ai sensi del D.P.R. 28/12/2000, n. 445. I rapporti di lavoro/attività professionali in corso possono essere autocertificati limitatamente alla data in cui viene compilata la domanda (quindi, in caso di servizi ancora in corso, nel campo corrispondente alla data di fine rapporto il candidato deve inserire la data di compilazione della domanda).

ATTENZIONE: per alcune tipologie di titoli è possibile ed è necessario, al fine dell'accettazione della domanda e della eventuale valutazione, effettuare la scannerizzazione dei documenti e fare l'upload direttamente nel format on line.

I documenti che devono essere **necessariamente allegati a pena di esclusione sono:**

- documento di identità valido;

- documenti comprovanti i requisiti che consentono ai cittadini non italiani e non comunitari di partecipare al presente concorso (permesso di soggiorno CE per soggiornanti di lungo periodo o la titolarità dello status di rifugiato, ovvero dello status di protezione sussidiaria);
- il Decreto ministeriale di riconoscimento del titolo di studio valido per l'ammissione, se conseguito all'estero;
- copia completa (di tutte le sue pagine e non solo l'ultima) **e FIRMATA della domanda** prodotta tramite questo portale.

I documenti che devono essere allegati pena la mancata valutazione/decadenza dei benefici sono:

- il decreto ministeriale di equiparazione dei titoli di servizio svolti all'estero (da inserire nella pagina "Servizio presso ASL/PA come dipendente");
- il decreto ministeriale di equiparazione dei titoli di studio, oltre a quello richiesto per l'ammissione, conseguiti all'estero (da inserire nella pagina "Titolo accademici e di studio");
- la certificazione medica attestate lo stato di disabilità comprovante la necessità di ausili e/o tempi aggiuntivi, ai sensi dell'art. 20 della Legge 05.02.1992, n. 104 (da inserire nella pagina "Requisiti generici");
- le pubblicazioni effettuate SOLO SU RIVISTE NAZIONALI ED INTERNAZIONALI CON INDICAZIONE **DELL'IMPACT FACTOR DEGLI ULTIMI 5 ANNI**, da inserire nella pagina "Articoli e pubblicazioni" (NON SARANNO VALUTATE LE PUBBLICAZIONI CHE NON PRESENTERANNO LA VAUTAZIONE **DELL'IMPACT FACTOR**).

fonte: http://burc.regione.campania.it

Il candidato può allegare alla domanda tutti i documenti/certificati/ dichiarazione sostitutiva che ritiene utili alla fine della valutazione del curriculum, ma poi devono essere riportanti/trascritti cioè scritti nell'apposita sezione della piattaforma – (1) carriera – 2) studio – 3) pubblicazioni – 4) Curriculum.

Nei casi suddetti effettuare la scannerizzazione dei documenti e l'upload, come indicato nella spiegazione di "Anagrafica" ed allegarli seguendo le indicazioni e cliccando il bottone "aggiungi allegato", ponendo attenzione alla dimensione massima richiesta nel format. I file pdf relativi alle pubblicazioni possono essere eventualmente compressi, utilizzando le modalità più in uso (winZip o winRar).

Terminata la compilazione di tutte le sezioni, cliccare su **"Conferma ed invio".**

Dopo avere reso le dichiarazioni finali e confermato, sarà possibile stampare la domanda definitiva **(priva della scritta facsimile**) tramite la funzione **"STAMPA DOMANDA".**

ATTENZIONE: a seguito della conferma, la domanda risulterà bloccata e sarà inibita qualsiasi altra modifica e integrazione, prestare quindi attenzione.

Il candidato deve obbligatoriamente procedere allo scarico della domanda, alla sua firma e successivo **upload** cliccando il bottone **"Allega la domanda firmata".** Solo al termine di quest'ultima operazione comparirà il bottone **"Invia l'iscrizione"** che va cliccato per inviare definitivamente la domanda.

Il candidato riceverà una mail di conferma iscrizione con allegata la copia della domanda.

Il mancato inoltro informatico della domanda firmata, determina l'automatica esclusione del candidato dal concorso di cui trattasi.

Ai sensi dell'art. 71 del D.P.R. 28.12.2000, n. 445 e s.m.i., l'Amministrazione procederà ad idonei controlli, anche a campione sulla veridicità delle dichiarazioni rese nella domanda.
Qualora emerga la non veridicità del contenuto delle dichiarazioni, il dichiarante decade dai benefici eventualmente conseguiti in seguito al provvedimento emanato, sulla base della dichiarazione non veritiera.

nella schermata principale si dispone di un manuale

4. Prima di uscire dal programma, ma dopo avere cliccato su ("***Conferma ed invio***"), cliccare la funzione **"*Stampa domanda*"** presente nel pannello di sinistra e in basso.

fonte: http://burc.regione.campania.it

NON SARANNO PRESE IN CONSIDERAZIONE E QUINDI NON RITENUTE VALIDE AI FINI CONCORSUALI LE DOMANDE PRESENTATE CON MODALITÀ DIVERSE DA QUELLE PREVISTE DAL PRESENTE BANDO, OVVERO CONSEGNATE DIRETTAMENTE ALL' UFFICIO PROTOCOLLO O INVIATE A MEZZO DEL SERVIZIO POSTALE O TRAMITE UTILIZZO DELLA POSTA ELETTRONICA CERTIFICA (PEC) O POSTA ELETTRONICA.

La compilazione della domanda in maniera incompleta o approssimativa e conseguentemente la non chiarezza delle dichiarazioni sostitutive in essa contenute, potrà comportare la non valutabilità dei titoli/servizi da parte della Commissione.

AL FINE DELLA VALUTAZIONE DEI TITOLI SARÀ VALUTATO SOLO ED ESCLUSIVAMENTE QUANTO DICHIARATO/SCRITTO NEL FORMAT ON-LINE, NELLE APPOSITE SEZIONI ((1) carriera – 2) studio - 3) pubblicazioni – 4) Curriculum.) PERTANTO EVENTUALE ALTRA DOCUMENTAZIONE PRESENTATA OLTRE A QUELLA RICHIESTA NON SARÀ CONSIDERATA UTILE.

Al termine della procedura on-line si riceverà una mail di conferma che conterrà, in allegato, una copia a video della domanda contenente i dati inseriti.

PROCEDURA DI EVENTUALE INTEGRAZIONE DI ULTERIORI TITOLI E DOCUMENTI ALLA DOMANDA DI PARTECIPAZIONE ALLA SELEZIONE:

Dopo l'invio on-line della domanda è possibile la riapertura della domanda inviata per la produzione di ulteriori titoli o documenti ad integrazione della stessa fino al giorno di scadenza del presente bando, tramite la funzione annulla domanda. Tale procedura genera in automatico una mail che verrà inviata all'ufficio concorsi.

NOTA BENE SI FA PRESENTE CHE LA RIAPERTURA DELLA DOMANDA PER LA PRODUZIONE DI ULTERIORI TITOLI E DOCUMENTI **COMPORTA L'ANNULLAMENTO DELLA DOMANDA PRECEDENTEMENTE INVIATA ON-LINE**, CON CONSEGUENTE PERDITA DI VALIDITÀ DELLA RICEVUTA DI AVVENUTA ISCRIZIONE.
QUINDI TALE PROCEDURA PREVEDE LA **RIPRESENTAZIONE INTEGRALE DELLA DOMANDA** DI ISCRIZIONE ON-LINE DA PARTE DEL CANDIDATO.

fonte: http://burc.regione.campania.it

Ferme restando le sanzioni penali previste dall'art. 76 del citato D.P.R. 445/2000 qualora emerga la non veridicità delle dichiarazioni rese dal candidato lo stesso decade dai benefici eventualmente conseguenti al provvedimento emanato sulla base delle dichiarazioni non veritiere.

3) ASSISTENZA TECNICA

Le richieste di assistenza tecnica possono essere avanzate tramite l'apposita funzione disponibile dalla voce di menù "***Assistenza***" sempre presente nella sezione a sinistra della pagina web.

LE RICHIESTE DI ASSISTENZA TECNICA VERRANNO EVASE DURANTE L'ORARIO DI LAVORO E COMPATIBILMENTE CON GLI ALTI IMPEGNI DEL SERVIZIO.

Si garantisce una risposta **entro 5 giorni** lavorativi dalla richiesta.

NON saranno evase richieste nei 3 giorni precedenti la scadenza del bando.

Si suggerisce di **leggere attentamente il "Manuale Istruzioni"** per l'uso della procedura, di cui sopra, e disponibile nel pannello di sinistra delle varie pagine di cui si compone il sito WEB nella HOME PAGE.

Non saranno prese in considerazione le richieste di assistenza inoltrate con altro canale.

4) PROCEDURA DI EVENTUALE INTEGRAZIONE DI ULTERIORI TITOLI E DOCUMENTI ALLA DOMANDA DI PARTECIPAZIONE ALLA SELEZIONE

Dopo l'invio normale della domanda **è possibile richiedere la riapertura della domanda inviata** per la produzione di ulteriori titoli o documenti ad integrazione della stessa **fino a 3 giorni prima della data di scadenza del presente bando**, tramite l'apertura di una richiesta di assistenza tramite l'apposita funzione **"richiedi Assistenza".**

Dopo l'invio on-line della domanda è possibile riaprire la domanda inviata per la produzione di ulteriori titoli o documenti ad integrazione della stessa, tramite la funzione 'Annulla domanda' (disponibile tramite l'icona che si attiverà, a registrazione conclusa, nella colonna 'Annulla' sulla destra dell'oggetto del concorso).

NOTA BENE: si fa presente che la riapertura della domanda per la produzione di ulteriori titoli e documenti, pur non cancellando le informazioni già caricate a sistema, **comporta l'annullamento della domanda precedentemente redatta on-line**, con conseguente **perdita di validità della ricevuta di avvenuta registrazione**.

fonte: http://burc.regione.campania.it

Quindi tale procedura prevede, a seguito delle modifiche e/o integrazioni apportate a quanto già caricato, la **ripresentazione integrale della domanda di iscrizione on-line** da parte del candidato utilizzando la stessa modalità prevista al paragrafo 'ISCRIZIONE ON LINE AL CONCORSO PUBBLICO'.

Art. 3 AMMISSIONE ED ESCLUSIONE DEI CANDIDATI

L'ammissione e l'esclusione dal concorso, previa verifica del possesso dei requisiti richiesti nel presente bando, sarà disposta con provvedimento motivato del Direttore Generale e l'elenco dei candidati ammessi ed esclusi verrà pubblicato, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** - **Concorsi,** che avrà valore di notifica ad ogni effetto di legge ai candidati interessati.

Art. 4 COMMISSIONE ESAMINATRICE

La Commissione Esaminatrice, composta ai sensi dell'art. 25 del DPR 483/97, sarà nominata con atto formale del Direttore Generale.

Le operazioni di pubblico sorteggio dei componenti previste dall'art. 6 del già citato D.P.R. n. 483/1997 avranno luogo **alle ore 9,00** del quindicesimo giorno successivo a quello del termine di scadenza di presentazione delle domande di partecipazione al presente concorso, presso la Sede Legale dell'Asl Napoli 3 Sud - Via Marconi, 66 - 80059 Torre del Greco.

Qualora detto giorno sia festivo, le operazioni di sorteggio avranno luogo il primo giorno successivo non festivo, nella stessa sede ed alla stessa ora.

Nel caso che il sorteggio, per motivi di forza maggiore, non possa aver luogo nel giorno sopra indicato ovvero qualora debba essere ripetuto a seguito di rinuncia da parte dei componenti sorteggiati o per qualsiasi legittimo impedimento degli stessi a far parte della Commissione Esaminatrice, lo stesso sarà effettuato, senza ulteriore avviso, che si intende dato fin d'ora, nella stessa sede ed alla stessa ora di ogni mercoledì successivo non festivo fino al completamento delle operazioni di sorteggio.

Art. 5 PROVE D'ESAME

Le prove d'esame sono quelle previste **dall'art. 26 del DPR 483/97:**

***prova scritta*:** relazione su caso clinico simulato o su argomenti inerenti alla disciplina messa a concorso o soluzione di una serie di quesiti a risposta sintetica inerenti alla disciplina stessa;

***prova pratica*:** tecniche e manualità peculiari della disciplina messa a concorso;

La prova pratica deve comunque essere anche illustrata schematicamente per iscritto.

***prova orale*:** materie inerenti alla disciplina a concorso e compiti connessi alla funzione da conferire.

La data, la sede e l'ora in cui si svolgerà la prova scritta sarà comunicata ai candidati ammessi attraverso la pubblicazione, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage - Concorsi, avente valore di notifica ad ogni effetto di legge**, di un avviso almeno **quindici giorni prima** della data prevista per l'espletamento della stessa.

La convocazione dei candidati ammessi alla prova pratica con l'indicazione della data, della sede e dell'ora sarà comunicata attraverso la pubblicazione, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage - Concorsi**, **avente valore di notifica ad ogni effetto di legge**, di un avviso almeno **quindici giorni prima** della data prevista per l'espletamento della stessa, con l'indicazione del voto riportato nella prova scritta.

La convocazione dei candidati ammessi alla prova orale con l'indicazione della data, della sede e dell'ora sarà comunicata attraverso la pubblicazione, sul sito aziendale **www.aslnapoli3sud.it**, **Homepage - Concorsi, avente valore di notifica ad ogni effetto di legge**, di un avviso almeno **venti giorni** prima della data prevista, con l'indicazione del voto riportato nella prova pratica.

In relazione al numero dei candidati, la Commissione Esaminatrice si riserva di effettuare tutte le tre prove (scritta, pratica e orale) nel medesimo giorno oppure solo la prova pratica e la prova orale nel medesimo giorno.

fonte: http://burc.regione.campania.it

La Commissione Esaminatrice si riserva di informare i candidati sulle date di espletamento della prova pratica e della prova orale con un'unica comunicazione.

Prima di sostenere le prove i candidati dovranno esibire un valido documento d'identità.

I candidati che non si presenteranno, per qualsivoglia ragione anche se non dipendente dalla volontà dei singoli concorrenti, a sostenere le prove di concorso nel giorno, nell'ora e nella sede stabilita, saranno dichiarati decaduti dal concorso.

Art. 6 PUNTEGGIO PER TITOLI E PER LE PROVE D'ESAME

Ai sensi degli artt.11 e 27 del DPR 483/97, la Commissione dispone, complessivamente di 100 punti così ripartiti:

- **punti 20 per i titoli**, di cui punti 10 per i titoli di carriera, punti 3 per i titoli accademici e di studio, punti 3 per le pubblicazioni ed i titoli scientifici e punti 4 per il curriculum formativo e professionale;
- **punti 80 per le prove di esame**, di cui punti 30 per la prova scritta, punti 30 per la prova pratica e punti 20 per la prova orale.

Il superamento di ciascuna delle previste prove **scritta e pratica** è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici **di almeno 21/30.**

Il superamento della prova orale è subordinato al raggiungimento di una valutazione di sufficienza espressa in termini numerici **di almeno 14/20.**

Art. 7 GRADUATORIA

La Commissione Esaminatrice procederà alla formazione delle graduatorie di merito dei candidati dichiarati idonei, secondo l'ordine dei punteggi ottenuti dai candidati stessi per i titoli e per le singole prove d'esame.

Le suddette graduatorie di merito, previo riconoscimento della sua regolarità, sarà approvata dal Direttore Generale. Sarà escluso dalla graduatoria il candidato che non abbia conseguito in ciascuna delle prove di esame, la prevista valutazione di sufficienza.

Tutte le preferenze e precedenze stabilite dalle vigenti disposizioni di legge saranno osservate purché alla domanda di ammissione al concorso siano uniti i necessari documenti probatori resi nei termini e nei modi di legge. La graduatoria dei vincitori del concorso sarà pubblicata sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** - **Concorsi**. La graduatoria de qua rimane efficace per il periodo di cui alle vigenti disposizioni in materia.

Art. 8 CONFERIMENTO INCARICO –ADEMPIMENTI DEL VINCITORE

L'attribuzione degli incarichi è effettuata dal Direttore Generale dell'Azienda sulla base della graduatoria formulata dalla Commissione, per le esigenze territoriali e distrettuali dell'Asl Napoli 3 Sud.

I vincitori del concorso saranno convocati ai fini della notifica del conferimento e dell'acquisizione dei documenti propedeutici alla stipula del contratto di lavoro individuale, nel quale sarà indicata la data di inizio del servizio, **che avverrà non oltre il termine di quindici giorni** dalla data di notifica del conferimento, **a pena di decadenza.** L'assunzione dei vincitori comporta l'accettazione incondizionata da parte di questo, **di essere assegnato a qualsiasi posto di lavoro individuato dall'Azienda, secondo le esigenze di servizio.**

Si puntualizza e si ribadisce che l'eventuale assunzione con contratto a tempo determinato, ai sensi della Legge 145/2018 e ss.mm.ii., è subordinata all'inserimento della Scuola di Specializzazione nella Rete Formativa ai sensi del D.Lvo 368/99.

Qualora il candidato vincitore dopo aver accettato l'incarico rinunci allo stesso prima della data di presa di servizio, l'Azienda si riserva di azionare tutte le misure a tutela dei propri interessi riconducibili a responsabilità precontrattuale in funzione della gravità del danno arrecato all'Amministrazione. Il candidato assunto dovrà **permanere in servizio presso l'Azienda per almeno cinque anni** dalla data di decorrenza del contratto individuale di lavoro.

Ai titolari dei rapporti di lavoro di che trattasi è attribuito il trattamento giuridico ed economico previsto dalle vigenti disposizioni di legge e dal CCNL in vigore per la dirigenza del ruolo medico-sanitario del SSN.

Entro il termine previsto dall'Azienda il vincitore - ai fini della esclusività del rapporto di lavoro – deve dichiarare, sotto la Sua responsabilità, di non avere altri rapporti di impiego pubblico o privato e di non trovarsi in nessuna delle situazioni di incompatibilità richiamate dall'articolo 53 del D. L.vo 165/2001, dal D.L.vo 502/92 e successive modificazioni ed integrazioni, dalla Legge 662/96, dall'art. 72 della Legge 448/98, anche agli effetti di quanto previsto dal vigente CCNL in materia di corresponsione della indennità di esclusività del rapporto di lavoro.

Il trattamento giuridico e economico è quello previsto dal citato CCNL.

Ai fini giuridici ed economici la nomina decorre dalla data dell'effettiva immissione in servizio.

Art. 9 ACCESSO AGLI ATTI DEL CONCORSO PUBBLICO E DIFFERIMENTO

In conformità a quanto previsto dall'art. 24, comma 6, lett. d) della Legge 241/90 e dall'art. 9 del D.P.R. 184/2006, l'accesso agli atti della Commissione è differito fino alla conclusione della procedura, ovvero fino all'adozione del provvedimento finale di approvazione degli atti e della graduatoria, al fine di salvaguardare il sereno e regolare svolgimento delle operazioni valutative.

Art. 10 TUTELA DEI DATI PERSONALI-INFORMATIVA SULLA PRIVACY

Ai sensi del D.lgs. 196/2003 e ss.mm.ii. i dati personali forniti dai candidati saranno tratti per le finalità di gestione dell'avviso e per la gestione del rapporto stesso.

Art. 11 RISERVE DELL'AMMINISTRAZIONE

Il Direttore Generale si riserva la facoltà, per ragioni di pubblico interesse, di prorogare, modificare, sospendere o revocare a sua insindacabile giudizio il presente avviso, senza che gli aspiranti possano sollevare o vantare diritti di sorta.

L'Amministrazione, inoltre, si riserva:

- di effettuare controlli, ex artt. 71 e 75 D.P.R. n. 445/2000, anche a campione, sulla veridicità delle dichiarazioni sostitutive prodotte dai candidati;

fonte: http://burc.regione.campania.it

- di richiedere agli aspiranti e/o a terzi, anche non strutture pubbliche, integrazioni, rettifiche e/o regolarizzazioni di documenti presentati dagli stessi, ritenute legittimamente attuabili e necessarie;
- di non procedere alle assunzioni in relazione all'intervento di particolari vincoli legislativi, regolamentari, finanziari od organizzativi, per cui il vincitore non potrà vantare alcun diritto soggettivo od interesse legittimo alla nomina.

RESPONSABILITA' PENALE

Qualora una dichiarazione risultasse mendace o venisse formato un atto falso o fatto uso dello stesso, l'autore sarà punito, ex art. 76 D.P.R. n. 445/2000, ai sensi del codice penale e delle leggi speciali in materia nonché stante quanto previsto dall'ultimo comma del qui citato art. 76.

Art. 12 NORME FINALI

Per quanto non espressamente previsto dal presente bando si fa espresso rinvio alla normativa vigente in materia ed in particolare al DPR 761/79, al DPR 487/94, al DPR 483/97 e al D.Lgs. n.165/2001.

Con la partecipazione all'avviso pubblico implica da parte del concorrente l'accettazione senza riserve di tutte le prescrizioni e precisazioni del presente concorso nonché di tutte le disposizioni di leggi vigenti in materia.

Per tutto quanto ciò non espressamente previsto e menzionato nei precedenti paragrafi, valgono le disposizioni di legge che disciplinano la materia concorsuale.

Il presente bando sarà pubblicato integralmente sul **Bollettino Ufficiale della Regione Campania** e sul sito aziendale **www.aslnapoli3sud.it**, **Homepage** - **Concorsi,,** dopo la pubblicazione dell'estratto del presente bando nella Gazzetta Ufficiale della Repubblica Italiana - IV Serie Speciale - Concorsi ed Esami.

Per quanto non espressamente previsto nel presente bando, si fa riferimento alle disposizioni legislative che disciplinano la materia.
